

# University of Manitoba Security Services Monthly February 2020

# SAFETY INITIATIVES

University of Manitoba Security Services provides a variety of programs and services that help make our community safer and more enjoyable for students, staff and visitors. We have implemented many safety initiatives in an effort to better improve safety and security on campus. Many of these initiatives have been spearheaded by the department while others have been made in consultation with many student groups and departments on campus, such as Environmental Health and Safety.

Security Services is continuously assessing the current safety initiatives and examining future plans in an effort to provide the highest quality of safety and security on campus.

Welcome Centre  
423 University Crescent

# PROGRAMS / SERVICES

## **BIKE SECURITY**

---

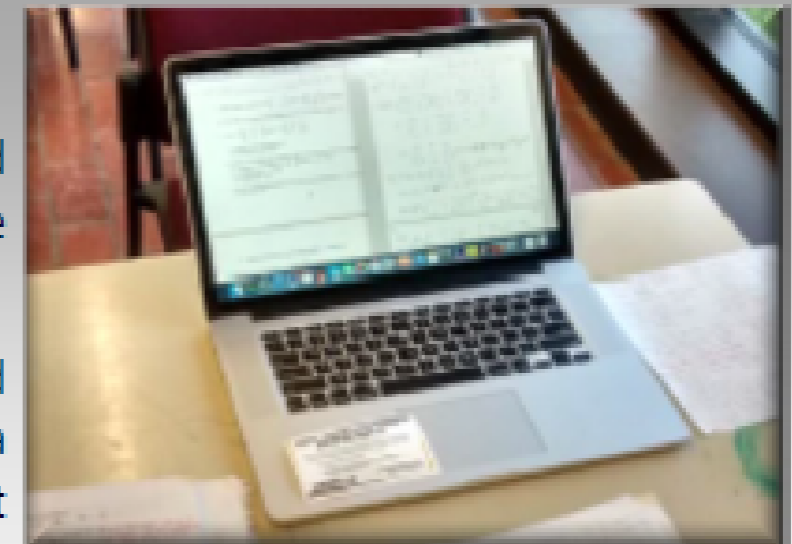

- Park your bike at a designated bike rack on campus
- Place the U-lock around the frame and attach it directly to the bike rack
- For additional security use a cable to secure the front and rear wheels as well as the fork.
- Take anything easily removable like lights, cyclometers and seat bags with you when you leave

## **MOBILE DEVICE THEFT**

---

Security Services has introduced a new theft education program in order to try and educate the university community before they become a victim of a mobile device theft.

All Security Services staff will be leaving Theft Education cards on any unattended belongings that are found during their regular patrols. These cards are intended as a reminder that your expensive mobile devices are not always safe when they are left unattended.

## SILENT OBSERVER

---

Silent Observer is an anonymous reporting system put in place by Security Services. It allows anybody to anonymously notify on duty security professionals about an incident that has happened.

If you see any kind of suspicious activity or would like to report a crime to Security Services, you can submit your information online and remain anonymous.

<http://umanitoba.ca/campus/security/safety/observer.html>

## RED PHONE / CODE BLUE

---

These emergency phones have been placed in key locations around the university. They can easily be identified by their bright red color and can be found indoors. Alternatively, Code Blue poles can be found outdoors in parking lots and along walkways. They can be identified by the blue light that shines at the top of the black pole which is approximately 8 feet tall.

Both of these types of phones provide a direct link to Security Services in the case of an emergency. If at any time you need assistance or do not feel safe, press the button on one of these phones and notify the Security Services dispatcher.

# CAMPUS SECURITY STATISTICS JANUARY 2020

## SUSPICIOUS

It is important to Security Services that the university community is comfortable and feels safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.

**Responses to suspicious calls 69**

## Safe Walk /Safe Ride

Safe Walk and Safe Ride is a free service in which Security Services staff will meet you and walk you or give a ride to/from your car, your class, your residence room, or a bus stop. If you don't feel comfortable walking on campus at night, Security Services would be happy to assist you.

**Safe Walks 145 / Safe Rides 84**

## Medical Emergencies

Security Services responds to all medical emergencies on campus. Sometimes Security Services staff are the first to respond to an emergency, other times they play a key role in guiding the emergency responders to the correct building and room. **15 Medical Emergencies**

## Parking Services

Security Services works closely with Parking Services at the University of Manitoba. Security Services, staff helped Parking Services in the following way:  
**Assisted Parking Services - Incidents 04**

## Access

Every day Security Services helps students and staff that want to gain access into buildings or rooms.

**Unscheduled Access Requests 151**

## Alarms

Security Services response to all safety and security alarms on campus for example: Fire, Code Blue, Elevator, Emergency Phones, Panic Alarms.

**122 Response to Alarms**
