HISTORICAL COMPARISON OF UNDERGRADUATE STUDENT CREDIT HOURS¹ (Continued)

1. Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line web, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources; (c) courses taught "on-load" - taught during the summer session but considered part of the regular session for load unit purposes. This report excludes credit hours declared as "Challenge for Credit".
2. The Department of Agricultural Economics & Farm Management changed its name to the Department of Agribusiness & Agricultural Economics in 2001-2002.
3. Undergraduate program in Architecture was revised in 2000-2001. Admissions to Interior Design ended and students must now enter Environmental Design to do a foundation program. For the stated reason, percent change is not applicable.
4. Catholic Studies and Global Political Economy were new in 2001-2002.
5. Faculty of Environment new in 2003. Prior to 2003, the Department of Geography was reflected under the Faculty of Arts and the Departments of Environmental Science and Geological Sciences were reflected under the Faculty of Science. Decrease in credit hours mainly in first year courses. Faculty of Environment courses no longer satisfy some of the B.A. and B.Sc. degree requirements.
6. The Asper School of Business was formerly reported as the Faculty of Management
7. The Department of Civil & Geological Engineering has changed its name to the Department of Civil Engineering in 2001-2002.
8. The Department of Mechanical and Industrial Engineering has changed its name to the Department of Mechanical and Manufacturing Engineering in 2004.
9. The Departments of Environmental Science and Geography combined to form the Department of Environment and Geography.
10. The Department of Family Studies has changed its name to the Department of Family Social Sciences in 2004.
11. The Department of Foods and Nutrition has changed its name to the Department of Human Nutritional Sciences in 2001-2002.
12. The Departments of Biochemistry, Molecular Biology and Human Genetics were merged into the Department of Biochemistry and Medical Genetics in 2000-2001.
13. Includes credit hours from the accelerated program run during the summer session.
14. The Departments of Applied Mathematics, Mathematics and Introduction to Mathematical Sciences weremerged into the Department of MAtematics in 2000-2001.
