Student feedback is important and will assist in the continued success of the program and planning for the future.

1. Who did you come to work with today? __________________________________________________________

2. What was the **most** interesting part of the day and why? __________________________________________
______________________________________________________________________________________________
______________________________________________________________________________________________

3. What was the **least** interesting part of the day and why? __________________________________________
______________________________________________________________________________________________
______________________________________________________________________________________________

4. Identify one thing you discovered today about the University of Manitoba that you did not know before?
______________________________________________________________________________________________
______________________________________________________________________________________________

5. Any suggestions for how we can improve our program?
______________________________________________________________________________________________
______________________________________________________________________________________________

6. Would you recommend this program to next year’s Grade 9’s and why? Why not? Yes ☐ No ☐
