

ASPER SCHOOL OF BUSINESS

Master of Finance

Support your company's greatest asset.

The Asper School of Business Master of Finance is a CFA Institute University Affiliation Program located at the The Asper School of Business's Stu Clark Graduate School.

Why pay for your employees to enroll in the Master of Finance program?

SKILLS IN HIGH DEMAND

The Asper MFin program is designed to prepare students to take all three CFA exams while also providing them the knowledge required to approach complex financial management with an innovative mindset. Key subjects include ethics, sustainability and international markets.

WORLD-CLASS EDUCATION

As an AACSB accredited school, the Asper School of Business is ranked among the top 5% of business schools in the world, resulting in world-class student learning from leading professors in the industry.

IMMEDIATE RETURNS

While in the program, students can use their school projects and new skills to solve challenges or improve business processes within your organization.

HANDS ON EXPERIENCE

Students benefit from Asper's experiential approach to learning. Learning opportunities include industry projects, complex global market simulations, international case competitions and an optional co-op term.

FLEXIBLE SCHEDULES

As courses are offered evenings and weekends, students have the flexibility to maintain their full-time work schedule.

CFA READINESS

The Asper MFin offers a degree-based curriculum centred on the Chartered Financial Analyst Institute program. Nearly 85% of the CFA Candidate Body of Knowledge is mapped into the curriculum.

ACCELERATED PACE

Students can take the program part-time, or at an accelerated pace of one year, over three terms, making it the shortest program duration in Canada for similar programs.

WORLD-CLASS FACILITIES

Asper is home to the state-of-the-art CIBC Business Intelligence Centre. The core of the Centre consists of 23 Bloomberg terminals, which are equipped with one of the world's leading financial knowledge tools. The Centre gives students access to the latest financial data and the ability to complete projects that focus on real-life business decisions, helping to bridge business theory with practice.

EXPECTED DURATION

One to four years consisting of three 12-week terms, running from August to December, January to April, and May to August.
