The year 2018 has been a busy one for St. Andrew’s College. Of the many relevant activities only four have been singled out here.

First, Fr. Bozyk has completed his PhD degree. His thesis deals with 11th century Ukrainian Orthodoxy, and the work of the original Metropolitan Illarion. Fr. Bozyk should now be addressed, at least in formal situations, as Very Reverend Doctor Roman Bozyk.

Second, St. Andrew’s held (on September 16, 2018) its annual Convocation, Inauguration and opening exercises, to an audience of some 140 attendees, during which students received awards, scholarships, and bursaries. The keynote speech on this occasion highlighted the relevance of Dmitro Bortniansky, an 18th century composer whose image is located in the east hallway of St. Andrew’s College. Interestingly, Bortniansky has also been explicitly identified in popular culture from the book and TV series Star Trek as the composer of the processional to which all Starfleet Academy graduates march to their graduation, a piece of music which is meant to represent the unity of all humankind. The ceremony itself at St. Andrew’s ended with a recessional which itself was that Bortniansky piece.

Third, the College continues to hold its popular annual three-week summer Mini-College for children (ages 6-13.), this year to some 90 participants.

Fourth, The library of St. Andrew’s College continues to expand with new noted and notable resources aimed at serving the theological and the university community. In particular two new resources are highlighted here. Arguably most important is the English-language version of the dissertation of V. Rev. Dr. Roman Bozyk. A second new acquisition, also a doctoral dissertation (from 1992), by Marika Kuzma is titled Dmitro Bortniansky: An introduction to the composer through an edition of his choral concertos.

Special mention should go the College Board of Directors. All board members are voluntary and are not paid for their services. The Board meets twice a year and any additional business is conducted via teleconference. Members often take on specific responsibilities, related to the dozen or so committees. An Executive Committee is also in place as needed. Finally, weekly meetings are held between the Board Chairperson and the College administration. A special interest area needs to be added with respect to the growing use of technology as a significant teaching tool. The College is connected with the University of Manitoba technology support services and can access any technologies that the University itself offers. In addition the faculty is actively exploring online techniques to bring the College in line with other academic and theological institutions. In particular

- All classrooms can be accessed remotely.
- Appropriate equipment is available for any course.
- The St. Andrew’s College Library includes not only print materials but a significant number of primary and secondary source documents in visual and motion formats.
- Discussions are continuing to consider the offering of selected online courses.
- A new website format is currently under construction.

The above, of course, requires financial assistance. The College is grateful to its donors. At the moment, the College is especially in need of financial support to air condition major areas of the College. In addition, the College needs to upgrade its accessibility facilities to include elevators to upper level classrooms and residence rooms. The College Board, faculty and staff wish to thank all its supporters and its donors for their faithful and regular support. Education is the lifeblood of any organization. The Board St. Andrew’s College is thankful to its dedicated Board, faculty, and staff. The College always strives to meet its mission in guiding the College through the present, honouring its past and moving into the future.

Dr. Denis Hlynka,
Chair, Board of Directors.

G. Janitorial Services continue to provide efficient janitorial services to St. Andrew’s College. The College engaged St. Andrew’s Catering for the year 2017-2018. We are very happy with their superior service. It is known all over the University of Manitoba that St. Andrew’s College has the best food on campus.

Our annual 3 week *Mini-College* Ukrainian summer day camp for children ages 6-13, was very successful with an enrollment of over 90 students. Thank you to our awesome Program Co-ordinator, Ulyana Statkevych, and the dedicated 2018 staff. Please see the Mini-College Report included.

St. Andrew’s College summer student employees Ivan Zhovnych, Taras Chuprovskyi, and Vasyl Kobrii creatively and energetically worked on grounds and property maintenance, assisted with our Mini-College Program, and provided varied general assistance wherever and whenever the need arose. We wish them all the best in their studies and future endeavors.

This has been a challenging year for the College financially, but good stewardship and fiscal planning, the stable income generated by the students and residence, the continued generosity of our donors and income from the St. Andrew’s College Foundation have enabled the College to continue its good work and have a balanced budget. We will also strive for a balanced budget again next year.

This year we instituted the first of two Religious Education Worker Projects. This 2 year project will serve a graduating Theology student well, as an intensive “hands-on” Practicum, in preparation for service in the Ukrainian Orthodox Church of Canada (UOCC). The structure of this project will be of great assistance, not only to the Theology student, but also to selected local UOCC clergy.
The Religious Education Worker project is a primary step in the immigration process and will assist a Theology student in the immigration process in order for him to become a Canadian citizen and serve in the Ukrainian Orthodox Church of Canada. We express our sincere gratitude to the Ukrainian Orthodox Church of Canada Foundation for their generous grant of $20,000 for our Religious Education Worker Project. The Project began July 24, 2018 and, even in this short period of time, we are seeing very good results and expect the momentum to build and grow through to the culmination of this two-year Project. Thank you for recognizing the potential benefits of this Project and for providing the financial grant which helps to make it viable.

St. Andrew’s College continues to host, support and make the College facilities available to many community, Ukrainian, Orthodox, Centre for Ukrainian Canadian Studies, and University of Manitoba events, speakers and visitors.

**St. Andrew’s College engages many of these various communities:**

- Ukrainian Canadian organizations at the College: Ukrainian Women’s Association of Canada - Союз Українок Канади, Ukrainian Self Reliance League - Союз Українців Самостійників, Manitoba University Ukrainian Canadian Students Society, Child and Youth Programs Mini - College, make concerted efforts to reach out to the 4th Wave Ukrainian Community
- Manitoba Parents for Ukrainian Education Grade 6 Language Camp
- Provide Housing and a venue for Visitors from Ukraine
- Orthodox Bible Study Group
- Coptic Orthodox Parish Sunday School Teachers and Youth Workshops
- Student Council activities
- 6 week Practicum Training Placement for MITT (Manitoba Institute of Trades and Technology)
- IEP - Intensive English Program for students from around the world (Brazil, Japan, China, Ukraine, …)
- ICM -International College of Manitoba
- Annual Group of Slovenian Masters Students
- U of M Information Days, Evening of Excellence and Student Orientation events
- Residence students from all across Canada and from Ukraine and many other countries. The Residence is full year-round
- U of M Head Start (Residences Presentation)
- Manitoba Conservation Training Group
- Stadium Game Day Parking which provides income but is also an opportunity for PR and community outreach (thank you to Mr. Paul Lasko for all his efforts)

Many of these contacts with the broader community help us balance the budget but also bring other benefits and opportunities to expand knowledge about the College, our Church, Ukraine and Ukrainian Canadians.

A great deal of administrative and support staff time is spent on preparing and delivering College reports (among others, to the Full Consistory Board and to the 3 Eparchies of our Church).

Likewise, the staff members prepare a regular page, or pages, in Вісник/The Herald, two Newsletters and a Christmas Card appeal each year (financial campaigns).

A special effort is made to keep up to date with events in Ukraine and in Canada especially in the Ukrainian-Canadian community.

I would like to express my gratitude to the Chair Dr. Denis Hlynka and Members of the Board of Directors for their trust and support and for their unwavering commitment to the mission of St. Andrew’s College, and to the Faculty of Theology, the Library and support staff for their hard work, dedication and professionalism. Thank you to the donors and benefactors who support the College with their gifts and prayers, and to the members of the Order of St. Andrew for their continuing support.

I sincerely thank the leaders of the Ukrainian Orthodox Church of Canada, especially our Chancellor His Eminence Metropolitan YURIJ for his support, wisdom and advice, and V. Rev. Fr. Taras Udod, Chancellor of the Ukrainian Orthodox Church of Canada for his helpful and willing co-operation.

This Summer, St. Andrew’s College conducted a very successful three week ‘Mini-College 2018’ program, from July 16th to August 3rd, for over 90 energetic children between the ages of 6 and 13. The fun and educational Program was prepared and implemented by: Director - Dobr. Genia Bozyk, Program Coordinator – Ulyana Statkevych, Instructors: Roman Demchysyn, Vasyl’ Kobrii, Nataliia Demchysyn, Taras Chuprovskyi, Tetyana Haraschuk, a volunteer Viktorii Shcherbak, and junior volunteers: Sofiya Kiryazova, Julia Bobelyak, and Maryam Niaz. Guest artist Ihor Drahun, and choreographer Less San Miguel helped the children to discover and demonstrate their creative potential through a variety of different art and dance projects.

The main goal of ‘Mini-College 2018’ was to encourage children to learn the Ukrainian language, culture and traditions by providing a fun learning environment.

The theme for this year was ‘Flora and Fauna of Ukraine’ (Plants and Animals of Ukraine). Children had an opportunity to learn about the diverse and unique nature of Ukraine. Programming was focused on Ukrainian language development skills through a wide variety of activities including vocabulary enhancements, arts and crafts, Ukrainian national songs and dances, sports, games and excursions. Our goal was to get children acquainted with plant and animal life, and teach them about the importance of a healthy environment. ‘Mini-College 2018’ participants enjoyed excursions to BeeProject Apiaries, Fort White Alive, Deer Meadow Farms, Fun Mountain and Children’s Museum. At the end of the program, each child received specially prepared booklets and gifts, as well as the art projects they made during their arts and crafts classes.

St. Andrew’s College Administration, staff, and students express our sincere thanks to the SUS Foundation of Canada and to the Franko Foundation for their financial and moral support for the ‘Mini-College’ Programs.
Building maintenance is managed by our Property Supervisor, Mike Kupiak, along with Assistant Property Supervisor, Fr. Bohdan Statkevych.

Our Lord Jesus Christ has blessed the Faculty of Theology of St. Andrew’s College this year with a good pious cohort of students. With your prayers and support, I believe that soon they will be very good candidates for ordination in our Holy Church.

If you know someone who would be a good candidate for service in the Church, please encourage them to study Theology at St. Andrew’s College. Provide me with their name and contact information, and I will be happy to contact them directly.

The students of Theology, during the last academic year, along with local clergy, have monthly visited a senior care home in Winnipeg. The students of Theology endeavor to participate in and support the activities of the St. Andrew’s College Resident student Council and the Ukrainian Student Association of the University of Manitoba.

As Dean of Theology, I had the opportunity to report at each Eparchial Assembly of our Church i.e. in Regina, Edmonton, and in Toronto. Also I had the pleasure of preparing lectures or seminars to be given in Winnipeg, Transcona, Edmonton, and Regina. I sincerely thank all who made these visits possible.

This fall has been a period of great personal accomplishment. On September 24, 2018 I successfully defended my Thesis in the joint Theology Ph.D Program of Université de Sherbrooke and Université Laval. It is with sincere gratitude that I thank you all for your encouragement and support.

Thank you to His Eminence Metropolitan YURIJ, Chancellor of St. Andrew’s College for his advice and support.

Sincere thank you to the Chair of the Board of Directors, Dr. Denis Hlynka, all the Members of the Board of Directors of St. Andrew’s College, the academic and administrative staff and, of course, to the many supporters and donors of St. Andrew’s College.

2018 has proved to be a challenging year for the Centre.

On June 30, Dr. Cap, for personal reasons, relinquished his headship of the CUCS after a period of two years. Dr. Hlynka, as Chair of the Policy Council, stepped in as a temporary and volunteer head. For 6 months the Centre operated primarily under Yuliia Ivaniuk, Assistant to the Director, who kept the Centre together while a new head was sought. In addition, the Centre received invaluable assistance from Ivan Zhovnych, acting in a volunteer capacity, especially in the area of website development and maintenance. The position of Acting Director was offered to Dr. Maureen Flaherty, from the Peace and Conflict Studies Centre at the University of Manitoba. Her position begins January 1, 2019.

Dr. Flaherty has a long interest in Ukrainian studies. First, as per the 1981 agreement between St. Andrew’s College and the University of Manitoba, she fits all technical requirements: she is a tenured UM professor, is a member of UMFA and has a strong interest in things Ukrainian. Her doctoral work was a qualitative study based in Lviv, Ukraine. Her final dissertation defense was held, uniquely, at the University of Manitoba and via teleconference with study participants in Lviv.

In addition, the University budget model has changed, and Dr. Hlynka pitched in, meeting with both the University Provost and the Dean of Arts. Father Bozyk represented St. Andrew’s College at these meeting. The change has necessitated a significant temporary drop in the annual Centre offerings from approximately 30 credit hours (or 10 courses) to 9 (or 3 courses) per year. For 2018-19, the courses to be offered are Ukrainian Economy (ECON 2510) and Ukrainian History (HIST 2610). Both courses will be offered beginning in January 2019. There are no Centre courses offered during the fall of 2018.

The intended Introductory Ukrainian course (UKRN 1310) had to be dropped for 2018-19 due to a variety of factors. It is hoped that the course will be available again for 2019-20.

Further, the course in History of Eastern Christianity (RLGN 1350) should be divided from a six credit course to two 3 credit courses. Almost all University courses are now three credits in length (making them do-able in a single 4 month period and a six credit course is difficult to schedule.) This course is compulsory for the theology students at St. Andrew’s College.

It was discovered that the Economy of Ukraine course had a cut-off at 20 students while another dozen or so were signed up but unable to register, since the course was identified as “full”. For January 2019, the course has therefore been re-opened and there are already 20 more students enrolled, for a total of 40!

In addition to the above issues, the Centre is well on track in other areas. The Centre participated as always in the St. Andrew’s College Inauguration and Awards Ceremony and the University of Manitoba Evening of Excellence annual event. Three special lectures have already taken place since the beginning of the Fall term, and more are in the planning stages.
- Sept. 20, 2018 – “Setting Your Calendar on Indigenous or Ukrainian Standard Time” by Drs. Hlynka, Deer and Bozyk

- Sep 25, 2018 – “Study and Visit to Ukraine: a Canadian’s perspective” by David and Rosemarie Malaher. (David Malaner was a former chair of the University of Manitoba Board of Governors.)

- Nov 21, 2018 – “Ukrainians in Argentina, 1897–1950: The Making of a Community” by Serge Cipko (also to be presented at Human Rights Museum.)

- Yuliia Ivaniuk represented the Centre at a conference in Lutsk, on Ukrainian-Canadian Studies. Ivaniuk’s presentation was titled “The Centre for Ukrainian Canadian Studies at the University of Manitoba: Projects and Challenges for 2018.” It was presented June 22, 2018. A version of this presentation was previously presented to the Board of Directors of St. Andrew’s College.

Regrettably, the Centre’s budget has declined significantly, mostly due to experiments to bring in “visiting” scholars from other institutions. Unfortunately, these experiments have not been cost-effective, and have failed to provide any substantive value for the Centre. Therefore the Centre is placing a moratorium on these well-intentioned initiatives. (It needs to be noted that the financial cuts to the Centre are not to the Centre alone, but other similar University units as well.)

As a result of monetary cutbacks, the CUCS needs additional funding, and this year we are pleased to announce an additional amount has been added to the Centres endowment funds. Nestor Mudry has generously donated funds to be held by the Taras Shevchenko Foundation to be used exclusively by the Centre. The Sowsun foundation continues to support the Centre on an annual basis, for which we are always grateful.

The largest single donation to the Centre is still the Mymka donation at over half a million dollars.

Stay tuned for some exciting developments early in 2019.

THE MISSION OF THE CENTRE IS TO CREATE, PRESERVE AND COMMUNICATE KNOWLEDGE RELATING TO UKRAINIAN CANADIAN CULTURE AND SCHOLARSHIP
