Award Type: Scholarship

Arthur Stinner Memorial Fellowship in Science Education

In memory of Arthur Stinner, an endowment fund was established at the University of Manitoba in 2014. Dr. Stinner was a professor of science education in the Faculty of Education and an internationally-known physics education scholar with a specific interest in ways to include history and philosophy of science in school science education. This fellowship was created to reward a graduate student in the Faculty of Education who is pursuing research focused on humanistic approaches to science education. Each year, beginning in 2019-2020, the available annual interest from the fund will be used to offer one scholarship to a graduate student who:

- (1) is enrolled part-time or full-time in any year of study in the Faculty of Graduate Studies in a Master's (thesis based route) or Doctoral program delivered by the Faculty of Education at the University of Manitoba;
- (2) has achieved a minimum degree grade point average of 3.5 in the last 60 credit hours (or equivalent) of study; and
- (3) is conducting, or has proposed to conduct, research focused on humanistic approaches to science education (e.g. history and philosophy of science in science teaching).

Candidates will be required to submit an application that consists of:

- a) a cover letter (maximum 250 words) that describes the status and progress of the applicant's program of studies;
- b) an outline (maximum 500 words) that describes the applicant's proposed research project;
- c) a *curriculum vitae*; and
- d) a current academic transcript.

The Vice-Provost (Graduate Education) and Dean of the Faculty of Graduate Studies (or designate) will ask the Dean of the Faculty of Education (or designate) to name the selection committee for this award.

This agreement may be amended by the mutual consent of the donor (or designate) and the University of Manitoba. All such amendments shall be in writing. In the absence of the donor (or designate), and providing all reasonable efforts have been made to consult, the Board of Governors of the University of Manitoba has the right to modify the terms of this award if, because of changed conditions, it becomes necessary to do so. Such modification shall conform as closely as possible to the expressed intention of the donor in establishing the award.

Established: Senate, June 26, 2019
