Textbook

Robertson, M. (2017). Sustainability principles and practice. Routledge.

Course Description

The course approaches local sustainability issues from an interdisciplinary perspective. By looking at the ecological, social, and economic aspects across a variety of discipline perspectives, a better understand of sustainability is achieved. The range of perspectives is achieved through participation of guest speakers across a diversity of sectors such as government, business/industry, environmental organizations, universities, and colleges. Field trips outside of the classroom are also integrated into the course

Course Objectives

- To introduce students to the ideas and concept of sustainability
- To make students approach sustainability from a ecological, social and economic perspective
- To introduce students to an inter-disciplinary perspective on sustainability.
- To be attended to the local issues on sustainability

Method of Evaluation

Students are evaluated based on their participation in the class (class assignments), participation in field trips, submission of assignments and the term paper. Further, students are evaluated based on their oral presentation skills. The following table provides a detailed breakdown of the assessment tool and grade allocation breakdown:

Due Date	Assessment Tool	Value of Final Grade
Ongoing- 4 assignments	Class Assignments (5% each)	20%
TBA	Field Trip Assignment	20%
Feb, 26 th	Presentation on Progress	15%
25th March and 1 st April	Oral Presentations of Term paper	20%
April, 9th	Term Papers	25%

The Grade distribution for this course is as follows:

A+: 90% or above (Exceptional)

A: 80 - 89% (Excellent)

B+: 75 - 79% (Very Good)

B: 70 - 74% (Good)

C+: 65 - 69% (Satisfactory)

C: 60 - 64% (Adequate)

D: 50 - 59% (Marginal)

F: ≤ 49% (Failure)

Note: The course instructor reserves the right to assign an alternate assignment or redistribute the percentage distribution between remaining assignments for those students who have a valid reason for not writing. In cases where there is a valid medical certificate or compassionate reason, the instructor may prorate the value for the test over the balance of the grades available.

Team Term Project

Students will be placed in groups of five to six and will be required to identify and research a sustainable initiative in Manitoba. Team Projects must be organized and approved by the course instructor by January 22, 2020. No two teams will be able to investigate the same sustainability initiative in Manitoba; therefore, students are encouraged to identify their team project focus areas as soon as possible and have it approved by the course instructor. Topic selection will work on a 'first come, first serve' basis.

The objective of the team project is to select a sustainability initiative in Manitoba, research the issue, and to identify the strengths and opportunities of the initiative. Using other jurisdictions as an example, students are asked to identify ways to enhance the initiative and develop recommendations for potential future direction of the initiative. The team projects should be developed using knowledge from internet sources, peer reviewed information from scientific literature, as well as views from local stakeholders.

Each team must prepare:

1) A team project progress report (1-2 pages in length) as well as a 5-minute team project oral presentation to be delivered on Feb. 26, 2020, worth 15% of the student's overall course grade. A copy of the oral presentation as well as the written progress reports are due by 4 pm on Feb 26, 2020 into the drop box provided on U of M Learn.

2) A Final Team Project oral presentation. The Final Team Project oral presentation should be 12 minutes in length (followed by 5 minutes of questions. Student teams will be scheduled to present their Final Team Project oral presentations on either March 25 or April 1, 2020. Should a Student Team prefer one presentation date over another, they must request their date of preference to their instructor by email. The scheduling of the presentations will work on a 'first come, first serve' basis. A copy of each team's Final Team Project oral presentation must be submitted by 4pm on the date of their presentation into the

dropbox provided on U of M Learn. The Final Team Project oral presentation is worth 15% of the student's overall course grade.

Class Assignments

This course consists of 4 in-class assignments (either written or oral presentations) that will be conducted on Jan 29th, Feb 5th, Mar 4th and Mar 18th. These assignments are group based assignments and will be done in class. The Assignments will be required to be submitted immediately after the end of each class. These assignments are based on the topic chosen for the term paper hence the assignments will be catered to each of the groups. Attendance will be taken during these assignments and students who are not present during the assignments will not be receiving any grades for that part of the assignment. Alternative assignments may be given for students with genuine reasons.

Field Trip Assignment

Students are required to participate in a field trip and a field assignment. The Dates and details of the assignment will be announced shortly.

Late Assignment and Presentation Absence Policy

Should a student not attend the in-class oral presentations or fail to submit their assignments/term reports on time, as indicated within this syllabus, they will receive a zero. In accordance with the University of Manitoba Policy for Assignments, Reports, Tests, and Presentations: Without permission of the instructor and supporting documentation (e.g. medical certificate) or reasons provided, acquired PRIOR TO THE DUE DATE, will result in a grade of "F".

Schedule “A”

Schedule “A” is the new requirement passed by the University of Manitoba Senate in 2016 that requires that a mandated list of supports for services plus contact information is provided to students. *While this information is important and useful, should you require advice and support, the instructor is happy to meet with you and discuss issues and concerns*

Student Resources

Writing and Study Skills Support

The Academic Learning Centre (ALC) offers services that may be helpful to you as you fulfill the requirements for this course. Through the ALC, you may meet with a study skills specialist to discuss concerns such as time management, reading and note-taking strategies, and test-taking strategies. You may also meet one-on-one with a writing tutor who can give you feedback at any stage of the writing process, whether you are just beginning to work on a written assignment or already have a draft. Writing tutors can also give you feedback if you submit a draft of your paper online. (Please note that the online tutors require 48 hours, from Monday to Friday, to return your paper with comments.)

All Academic Learning Centre services are free for U of M students. For more information, please visit the Academic Learning Centre website at: <http://umanitoba.ca/student/academiclearning/>

You can also talk to a member of the Academic Learning staff by calling 480-1481 or by dropping in at 201 Tier Building.

University of Manitoba Libraries (UML)

As the primary contact for all research needs, your liaison librarian can play a vital role when completing academic papers and assignments. Liaisons can answer questions about managing citations, or locating appropriate resources, and will address any other concerns you may have, regarding the research process. Liaisons can be contacted by email or phone, and are also available to meet with you in-person. A complete list of liaison librarians can be found by subject: <http://bit.ly/WcEbA1> or name: <http://bit.ly/1tJ0bB4>. In addition, general library assistance is provided in person at 19 University Libraries, located on both the Fort Garry and Bannatyne campuses, as well as in many Winnipeg hospitals. For a listing of all libraries, please consult the following: <http://bit.ly/1sXe6RA>. When working remotely, students can also receive help online, via the Ask-a-Librarian chat found on the Libraries' homepage: www.umanitoba.ca/libraries.

The English Language Centre has workshop and programs in advanced academic and health-sciences English (located at 520, University Centre).

Student Accessibility Services

Student Accessibility Services (SAS) provides support and advocacy for students with disabilities of all kinds: hearing, learning, injury-related, mental health, medical, physical or visual. Students with temporary disabilities such as sprains and breaks are also eligible to use our services. SAS acts as a liaison between students and the faculty and staff of the University of Manitoba as well as support agencies within the province of Manitoba. Please phone: 474-6213 (voice) or 474-9690 (TTY) for service. For more information, please visit the Student Accessibility website at: <http://umanitoba.ca/student/saa/accessibility/>

Mental Health

For 24/7 mental health support, contact the Mobile Crisis Service at 204-940-1781.

Student Counselling Centre (SCC)

Contact SCC if you are concerned about any aspect of your mental health, including anxiety, stress, or depression, or for help with relationships or other life concerns. SCC offers crisis services as well as individual, couple, and group counselling. Student Counselling Centre:

University and Unit Policies, Procedures, and Supplemental Information (Available On-Line)

Your rights and responsibilities

- As a student of the University of Manitoba you have rights and responsibilities. It is important for you to know what you can expect from the University as a student and to understand what the University expects from you. Become familiar with the policies and procedures of the University and the regulations that are specific to your faculty, college or school.

The Academic Calendar

- <http://umanitoba.ca/student/records/academiccalendar.html> is one important source of information.
- View the sections University Policies and Procedures and General Academic Regulations. While all of the information contained in these two sections is important, the following information is highlighted.
- If you have questions about your grades, talk to your instructor. There is a process for term work and final grade appeals. Note that you have the right to access your final examination scripts. See the Registrar's Office website for more information including appeal deadline dates and the appeal form <http://umanitoba.ca/registrar/>
- You are expected to view the General Academic Regulation section within the Academic Calendar and specifically read the Academic Integrity regulation. Consult the course syllabus or ask your instructor for additional information about demonstrating academic integrity in your academic work. Visit the Academic Integrity Site for tools and support <http://umanitoba.ca/academicintegrity/> View the Student Academic Misconduct procedure for more information.

Sexual Assault

- If you experience Sexual Assault or know a member of the University community who has, it is important to know there is a policy that provides information about the supports available to those who disclose and outlines a process for reporting.
 - The Sexual Assault policy may be found at: http://umanitoba.ca/admin/governance/governing_documents/community/230.html
 - More information and resources can be found by reviewing the Sexual Assault site <http://umanitoba.ca/student/sexual-assault/>

Academic Programs and Regulations

- For information on regulations that are specific to your academic program, read the section in the Academic Calendar and on the respective faculty/college/school web site <http://umanitoba.ca/faculties/>
- Contact an Academic Advisor within our faculty/college or school for questions about your academic program and regulations <http://umanitoba.ca/academic-advisors/>

Student Advocacy

- Contact Student Advocacy if you want to know more about your rights and responsibilities as a student, have questions about policies and procedures, and/or want support in dealing with academic or discipline concerns.
