COURSE DETAILS

Course Title & Number:	GEOG 2300 Atmospheric Thermodynamics, Clouds and Precipitation
Number of Credit Hours:	3
Class Times & Days of Week:	T/Th 11:30 am - 12:45 pm
Location for Classes:	315 Wallace
Pre-Requisites:	GEOG 1290 or GEOG 1291 (053.129) (C), or GEOG 1200 or GEOG 1201 (053.120) (C), and (MATH 1500 or MATH 1501 (136.150) (C), or MATH 1510 (136.151) (C), or MATH 1520 (136.152) (C), or MATH 1530 (136.153) (C)).

Instructor Contact Information

Instructor(s) Name:	Dr. John Hanesiak Dr. Ronald Stewart
Office Location:	468 Wallace (Hanesiak); 470 Wallace (Stewart)
Office Hours or Availability:	Make an appointment via in person during class or email during regular daytime hours (8am – 4pm)
Office Phone No.	474-7049 (Hanesiak); 480 1052 (Stewart)
Email:	John.hanesiak@umanitoba.ca Ronald.stewart@umanitoba.ca All emails will be replied to within 48 hrs
Contact:	Feel free to set up an after-class meeting in person in class or via email during regular daytime hours (8am – 4pm)

General Course Information & Goals

Critical thermodynamic processes are discussed that are associated with the Earth's atmosphere including dry and moist processes, phases of water, stability, cloud development and precipitation processes.

The science of meteorology is founded upon the observation, description, and explanation of the physical properties of the Earth's atmosphere. The goal of this science is to explain and predict the weather and various critical atmospheric elements (e.g temperature, precipitation, wind, humidity and clouds). The purpose of the course is to provide students with an understanding of thermodynamic meteorological processes over synoptic and meso scales that contribute to cloud development, instability, precipitation, energy for cyclonic systems, fronts and meso-scale convective storms. This will include Chapters 1-7 in the course text (Stull) as well as powerpoint notes and handouts that will cover all topics in greater detail than the text. Reference to Canadian weather (atmosphere and surface) will be made throughout the course. Students should be prepared for mathematical/physical concepts to be treated in the course.

This course is required for careers in operational meteorology (weather forecasting), atmospheric and climate sciences. It can also serve as a solid foundation for basic atmospheric processes understanding for other physical sciences careers (e.g. environmental services/science).

Using Copyrighted Material

Please respect copyright. We will use some copyrighted content in this course. I have ensured that the content I use is appropriately acknowledged and is copied in accordance with copyright laws and University guidelines. Copyrighted works, including those created by me, are made available for private study and research and must not be distributed in any format without permission. Do not upload copyrighted works to a learning management system (such as UM Learn), or any website, unless an exception to the *Copyright Act* applies or written permission has been confirmed. For more information, see the University's Copyright Office website at <http://umanitoba.ca/copyright/> or contact um_copyright@umanitoba.ca.

Recording Class Lectures

The instructors (Hanesiak and Stewart) and the University of Manitoba hold copyright over the course materials, presentations and lectures which form part of this course. No audio or video recording of lectures or presentations is allowed in any format, openly or surreptitiously, in whole or in part without permission of the instructors. Course materials (both paper and digital) are for the participant's private study and research.

Textbook, Readings, Materials

Required textbook:

Stull, Roland B., *Practical Meteorology: An Algebra-based Survey of Atmospheric Science* (found here for free: http://www.eos.ubc.ca/books/Practical_Meteorology/)

Supplementary Readings (not required) (can be found in UM library system or purchased online):

- Petty, G.W., *A First Course in Atmospheric Thermodynamics*, Sundog Publishing, Madison, WI., 2008.
- Tsonis, A.A., *An introduction to atmospheric thermodynamics*, 2nd ed. Cambridge University Press, 2007.
- Rogers, R.R. and M.K. Yau, *A short course in cloud physics*, 3rd ed., Butterworth-Heinemann, 1996.
- Salby, Murray L., *Fundamentals of atmospheric physics*, Academic Press, 1996.
- Jacobson, Mark Z., *Fundamentals of atmospheric modeling*, University Press, 1999.

Tools:

All students should ensure they have non-programmable scientific calculators.

Course Lectures/Materials:

All lecture powerpoints and other digital content will be provided to students via UM Learn System. Be sure to familiarize yourself with the UM Learn System.

Course Technology

It is the general University of Manitoba policy that all technology resources are to be used in a responsible, efficient, ethical and legal manner. The student can use all technology in classroom setting only for educational purposes approved by instructor and/or the University of Manitoba Disability Services. Student should not participate in personal direct electronic messaging / posting activities (e-mail, texting, video or voice chat, wikis, blogs, social networking (e.g. Facebook) online and offline “gaming” during scheduled class time. If student is on call (emergency) the student should switch his/her cell phone on vibrate mode and leave the classroom before using it. (©[S Kondrashov](#). Used with permission)

Class Communication

The University requires all students to activate an official University email account. For full details of the Electronic Communication with Students please visit:

[http://umanitoba.ca/admin/governance/media/Electronic Communication with Students Policy - 2014 06 05.pdf](http://umanitoba.ca/admin/governance/media/Electronic_Communication_with_Students_Policy_-_2014_06_05.pdf)

Please note that all communication between myself and you as a student must comply with the electronic communication with student policy

(http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html). You are required to obtain and use your U of M email account for all communication between yourself and the university.

Expectations: Instructors Expect You To

The instructors will be in class for 5-10 minutes prior to and after the class time. We will treat you with respect and would appreciate the same courtesy in return. See [Respectful Work and Learning Environment Policy](#).

Academic Integrity:

Please see the PDF file called "Schedule-A-ROASS.pdf" in the UM Learn course folder that contained Schedule "A" (Policies and Resources) that outlines academic integrity policies and student resources. Students should acquaint themselves with the University's policy on cheating and examination impersonation (see Section 7.0 of the University of Manitoba General Calendar). **Plagiarism and cheating in general, is a serious academic offence.**

All work/assignments submitted by each student is to be completed independently unless otherwise specified.

Students Accessibility Services

Student Accessibility Services

If you are a student with a disability, please contact SAS for academic accommodation supports and services such as note-taking, interpreting, assistive technology and exam accommodations. Students who have, or think they may have, a disability (e.g. mental illness, learning, medical, hearing, injury-related, visual) are invited to contact SAS to arrange a confidential consultation.

Student Accessibility Services <http://umanitoba.ca/student/saa/accessibility/>

520 University Centre

204 474 7423

Student_accessibility@umanitoba.ca

Expectations: You Can Expect Instructors To

We value each student's viewpoint and input to each class. Therefore, we encourage students to interact with us in class by asking questions and answering questions posed by instructors and other students in the class. We expect students to respond the best they can, however, we do not expect perfection!

Class Schedule

This schedule is subject to change at the discretion of the instructor and/or based on the learning needs of the students but such changes are subject to Section 2.8 of the – [ROASS-Procedure](#)).

Hanesiak Schedule

Date(s)	Class Content	Required Readings or Pre-class Preparation	Evaluation
Sept. 5	Introduction		
Approx. Sept. 5 – 17	Energy and Temperature	Chapters 1 and 3 (Stull Text)	
Approx. Sept. 19 – Oct. 3	Moisture and Stability	Chapters 4 and 5 (Stull Text)	
Approx. Oct. 8 – 15	Thermodynamic Diagrams	Powerpoints & other materials on UM Learn	
Sept. 26	Assignment #1 Due		10% of final grade
Oct. 3	Quiz (take-home) Due		10% of final grade
Oct. 8	Assignment #2 Due (expect marks back by next class)		10% of final grade
Oct. 17	mid-term test	One side 8.5" x 11" cheat sheet allowed	20% of final grade

Stewart Schedule

Date(s)	Class Content	Required Readings or Pre-class Preparation	Evaluation
Oct. 22	Introduction	Material on UM Learn	
Approx. Oct. 24-29	General features of clouds	Material on UM Learn	

Approx. Oct. 31 - Nov. 5	Nucleation of liquid particles	Material on UM Learn	
Oct 31	Assignment #1 (Part 2 of course) Due (expect marks back prior to the test)		10% of final grade
Nov 7	Quiz (in class) (expect marks back in 1 week)		10% of final grade
Approx. Nov. 19 – 21	Condensation and collision processes in precipitation formation	Material on UM Learn	
Approx. Nov. 26- 28	Ice particle growth	Material on UM Learn	
Nov. 26	Assignment #2 (Part 2 of course) Due (expect marks back in 1 week)		10% of final grade
Approx. Dec. 3	Precipitation characteristics	Material on UM Learn	
Dec. 5	Final test (Part 2 of course)		20% of final grade

Course Evaluation Methods

We will be using a combination of quizzes, assignments and tests for evaluation purposes. **No final exam is used.**

Refer to the Assignment Description on the following page of the syllabus for details of assignment answer formatting.

Due Date:	Assessment Tool	Value of Final Grade
Sept. 26	Assignment #1 due (Part 1 of course)	10%
Oct. 3	Quiz (take-home)	10%
Oct. 8 (submit at the start of the class)	Assignment #2 due (Part 1 of course) (expect marks back prior to mid-term test)	10%
Oct. 17	Mid-term test	20%
Oct. 31	Assignment #1 due (Part 2 of course) (expect marks back prior to the quiz)	10%
Nov 7	Quiz (in class)	10%
Nov. 26	Assignment #2 due (Part 2 of course) (expect marks back prior to the final test)	10%
Dec. 5	Final test	20%

Grading

It will be important to attend the lectures and interact with the instructors and other students. Students will not be permitted to write make-up tests or hand in late assignments except for documented medical or compassionate reasons. A grade of zero will be recorded for missed assignments, tests and quizzes. Late assignments will be penalized 10% per day (including weekends and holidays). Students may have access to their marks prior to the **voluntary withdrawal date (November 18, 2019)** and are encouraged to talk with instructors before a decision to withdraw is made.

Letter Grade	Percentage out of 100	Grade Point Range	Final Grade Point
A+	90-100	4.25-4.5	4.5
A	80-89	3.75-4.24	4.0
B+	75-79	3.25-3.74	3.5
B	70-74	2.75-3.24	3.0
C+	65-69	2.25-2.74	2.5
C	60-64	2.0-2.24	2.0
D	50-59	Less than 2.0	1.0
F	Less than 50		0

Assignment Descriptions

See Page 20 "Format Guidelines for your Homework" in Stull Text to see what is expected for assignments.

Assignment Grading Times

See the Class Schedule Tables.

Assignment Extension and Late Submission Policy

Students will not be permitted to write make-up tests or hand in late assignments except for documented medical or compassionate reasons. A grade of zero will be recorded for missed assignments, tests and quizzes. Late assignments will be penalized 10% per day (including weekends and holidays). Students may have access to their marks prior to the **voluntary withdrawal date (November 18, 2019)** and are encouraged to talk with instructors before a decision to withdraw is made.

Schedule “A”

Section (a): A list of academic supports available to Students, such as the Academic Learning Centre, Libraries, and other supports as may be appropriate:

Writing and Learning Support

The Academic Learning Centre (ALC) offers services that may be helpful to you throughout your academic program. Through the ALC, you can meet with a learning specialist to discuss concerns such as time management, learning strategies, and test-taking strategies. The ALC also offers peer supported study groups called Supplemental Instruction (SI) for certain courses that students have typically found difficult. In these study groups, students have opportunities to ask questions, compare notes, discuss content, solve practice problems, and develop new study strategies in a group-learning format.

You can also meet one-to-one with a writing tutor who can give you feedback at any stage of the writing process, whether you are just beginning to work on a written assignment or already have a draft. If you are interested in meeting with a writing tutor, reserve your appointment two to three days in advance of the time you would like to meet. Also, plan to meet with a writing tutor a few days before your paper is due so that you have time to work with the tutor's feedback.

These Academic Learning Centre services are free for U of M students. For more information, please visit the Academic Learning Centre website at:

<http://umanitoba.ca/student/academiclearning/>

You can also contact the Academic Learning Centre by calling 204-480-1481 or by visiting 201 Tier Building.

University of Manitoba Libraries (UML)

As the primary contact for all research needs, your liaison librarian can play a vital role when completing academic papers and assignments. Liaisons can answer questions about managing citations, or locating appropriate resources, and will address any other concerns you may have, regarding the research process. Liaisons can be contacted by email or phone, and are also available to meet with you in-person. A complete list of liaison librarians can be found by subject: <http://bit.ly/WcEbA1> or name: <http://bit.ly/1tJ0bB4>. In addition, general library assistance is provided in person at 19 University Libraries, located on both the Fort Garry and Bannatyne campuses, as well as in many Winnipeg hospitals. For a listing of all libraries, please consult the following: <http://bit.ly/1sXe6RA>. When working remotely, students can also receive help online, via the Ask-a-Librarian chat found on the Libraries' homepage: www.umanitoba.ca/libraries.

Section (b): A statement regarding mental health that includes referral information:

For 24/7 mental health support, contact the Mobile Crisis Service at 204-940-1781.

Student Counselling Centre

Contact SCC if you are concerned about any aspect of your mental health, including anxiety, stress, or depression, or for help with relationships or other life concerns. SCC offers crisis services as well as individual, couple, and group counselling. *Student Counselling Centre:*

<http://umanitoba.ca/student/counselling/index.html>

474 University Centre or S207 Medical Services

(204) 474-8592

Student Support Case Management

Contact the Student Support Case Management team if you are concerned about yourself or another student and don't know where to turn. SSCM helps connect students with on and off campus resources, provides safety planning,

and offers other supports, including consultation, educational workshops, and referral to the STATIS threat assessment team.

Student Support Intake Assistant <http://umanitoba.ca/student/case-manager/index.html>

520 University Centre

(204) 474-7423

University Health Service

Contact UHS for any medical concerns, including mental health problems. UHS offers a full range of medical services to students, including psychiatric consultation.

University Health Service <http://umanitoba.ca/student/health/>

104 University Centre, Fort Garry Campus

(204) 474-8411 (Business hours or after hours/urgent calls)

Health and Wellness

Contact our Health and Wellness Educator if you are interested in information on a broad range of health topics, including physical and mental health concerns, alcohol and substance use harms, and sexual assault.

Health and Wellness Educator <http://umanitoba.ca/student/health-wellness/welcome.html>

Katie.Kutryk@umanitoba.ca

469 University Centre

(204) 295-9032

Live Well @ UofM

For comprehensive information about the full range of health and wellness resources available on campus, visit the Live Well @ UofM site:

<http://umanitoba.ca/student/livewell/index.html>

Section (c): A notice with respect to copyright:

All students are required to respect copyright as per *Canada's Copyright Act*.

Staff and students play a key role in the University's copyright compliance as we balance user rights for educational purposes with the rights of content creators from around the world. The Copyright Office provides copyright resources and support for all members of the University of Manitoba community.

Visit <http://umanitoba.ca/copyright> for more information.

Section (d): A statement directing the student to University and Unit policies, procedures, and supplemental information available on-line:

Your rights and responsibilities

As a student of the University of Manitoba you have rights and responsibilities. It is important for you to know what you can expect from the University as a student and to understand what the University expects from you. Become familiar with the policies and procedures of the University and the regulations that are specific to your faculty, college or school.

The [Academic Calendar](#)

<http://umanitoba.ca/student/records/academiccalendar.html> is one important source of information. View the sections *University Policies and Procedures* and *General Academic Regulations*.

While all of the information contained in these two sections is important, the following information is highlighted.

- If you have questions about your grades, talk to your instructor. There is a process for term work and final **grade appeals**. Note that you have the right to access your final examination scripts. See the Registrar's Office website for more information including appeal deadline dates and the appeal form <http://umanitoba.ca/registrar/>
- You are expected to view the General Academic Regulation section within the Academic Calendar and specifically read the **Academic Integrity** regulation. Consult the course syllabus or ask your instructor for additional information about demonstrating academic integrity in your academic work. Visit the Academic Integrity Site for tools and support <http://umanitoba.ca/academicintegrity/> View the **Student Academic Misconduct** procedure for more information.

- The University is committed to a respectful work and learning environment. You have the right to be treated with respect and you are expected to conduct yourself in an appropriate respectful manner. Policies governing behavior include the:

Respectful Work and Learning Environment

http://umanitoba.ca/admin/governance/governing_documents/community/230.html

Student Discipline

http://umanitoba.ca/admin/governance/governing_documents/student_discipline.html and,

Violent or Threatening Behaviour

http://umanitoba.ca/admin/governance/governing_documents/community/669.html

- If you experience **Sexual Assault** or know a member of the University community who has, it is important to know there is a policy that provides information about the supports available to those who disclose and outlines a process for reporting. The **Sexual Assault** policy may be found at:
http://umanitoba.ca/admin/governance/governing_documents/community/230.html More information and resources can be found by reviewing the Sexual Assault site <http://umanitoba.ca/student/sexual-assault/>

- For information about rights and responsibilities regarding **Intellectual Property** view the policy http://umanitoba.ca/admin/governance/media/Intellectual_Property_Policy_-_2013_10_01.pdf

For information on regulations that are specific to your academic program, read the section in the Academic Calendar and on the respective faculty/college/school web site <http://umanitoba.ca/faculties/>

Contact an **Academic Advisor** within our faculty/college or school for questions about your academic program and regulations <http://umanitoba.ca/academic-advisors/>

Student Advocacy

Contact Student Advocacy if you want to know more about your rights and responsibilities as a student, have questions about policies and procedures, and/or want support in dealing with academic or discipline concerns.

<http://umanitoba.ca/student/advocacy/>
