

Because TIME IS MUSCLE

An orange ECG line graphic starts on the left, peaks, dips, peaks again, dips, peaks a third time, and then levels off to the right, passing behind the word 'MUSCLE'.

for STEMI patients undergoing primary percutaneous intervention (PCI)

The **CODE STEMI TEAM**: Ensuring Safe Patient Care

- WHY:** To assist EMS/Transport team with care of a STEMI patient until Cath Lab staff arrive
- WHO:** CRN/Charge/delegate nurse A5CM
CRN/Charge/delegate nurse ICCS
- WHEN:** week days 1800-0700, weekends, holidays
- WHERE:** Y2083 Pre and Post

- The STEMI Team is a Cardiac Sciences based team. The STEMI cardiologist on call will activate Code STEMI.
- The STEMI Team will respond only when a patient has been accepted by the Code STEMI Cardiologist for a primary PCI outside of regular Cath Lab hours.
- Time STEMI Team away from clinical area will usually be less than 30 minutes.
