DEPARTMENT OF INTERNAL MEDICINE

RESIDENT RESEARCH DAY
Visiting Professor
Grand Rounds Presentation

Topic: Observational Medicine

"Almost everything we know about the pathophysiology, diagnosis, and management of heparin-induced thrombocytopenia comes from Dr. Warkentin's meticulous clinical observations and clinically informed laboratory testing. His career epitomizes the synergy of "bedside" and "bench" in clinical research."

November 20, 2018
0800 - 0900 hours
Theatre B
Basic Medical Sciences Bldg.
University of Manitoba
Bannatyne Campus
730 William Avenue
