### PROGRAM NAME

Colon and Rectal Surgery Fellowship

### DURATION OF TRAINING

1 Year

### NUMBER OF POSITIONS AVAILABLE

1 per year

### DESCRIPTION/OVERVIEW OF PROGRAM *(maximum 250 words)*

The University of Manitoba Colon and Rectal Surgery Fellowship is a one year clinical fellowship. The fellow will be exposed to the entire field of colon and rectal surgery during this time period. The ultimate goal is to provide an atmosphere and environment where the fellow can master the skills to be a competent and effective colon and rectal surgeon. There will be seven metrics with which the fellow will be using to aid him/her in achieving these goals. They include medical expert, communicator, collaborator, manager, health advocate scholar, and professionalism. While all these metrics are important, special emphasis will be on the medical expert, communicator and professional categories. Given that the fact that the fellowship is a surgical specialty; fellows will be expected to master the surgical skills necessary to manage all colon and rectal diseases. These metrics will be evaluated quarterly. It is incumbent that all staff assists the fellow in becoming proficient in all seven metrics as they apply to the specialty of colon and rectal surgery.
