Community Based Work:	Research		

Keywords:	Globalization, ICTs, Knowledge management, Network, Networking
Summary:	This document presents a framework for community-based natural resource management (CBNRM), including intellectual rules, inter disciplinary approaches, historic evolution, and the development context. It also gives an overview of, as well as introduction to, CBNRM Net. The emphasis is on how global emphasis on networking CBNRM knowledge based on sensitive application on Information and Communication Technology (ICT), can yield results.
