1. Definition of a Continuing Education Unit (CEU):

CEU is used to convert student contact hours where one (1) CEU is equivalent to ten (10) student contact hours.

Stated another way, one contact hour is equal to 0.1 CEU.

The total number of CEUs for any course is determined by multiplying the number of contact hours x 0.1 x the number of students.

2. The Centre for Higher Education & Development (CHERD) became part of Extended Education in 2013.

3. In 2014, English Language Studies (ELS) and Continuing Education (formerly reported as Extended Education) merged to form Continuing & Professional Studies.

4. Summer Session previously reported as Summer Term.

5. Total amounts are correct; summing each component may result in rounding errors.
