1. An asterisk (*) indicates that enrolment was below 25 in either year. Percent changes in faculties/colleges/schools containing fewer than 25 students can show abnormally large differences, therefore these changes are not reported.
2. Effective July 1, 2015, the Faculty of Human Ecology's programs and departments joined other academic units within the university. For Summer Term 2015, students are reflected in Human Ecology. For Summer Term 2016, students in Textile Sciences are reported under the Faculty of Agricultural & Food Sciences. Students in Family Social Sciences are reported under the Max Rady College of Medicine. Students in Health Sciences/Health Studies are reported under the Rady Faculty of Health Sciences. Year over year comparisons should be made with caution.
3. Enrolment in the integrated program is shown in Music for years 3 and 4 and in Education for year 5.
4. The Faculty of Health Sciences changed its name to the Rady Faculty of Health Sciences in 2016.
5. The College of Medicine changed its name to the Max Rady College of Medicine in 2016.
6. Includes William Norrie Centre, Distance and Northern programs.
7. The University 1 program was introduced in 1998-99. Most "new" students, with limited or no university experience, have registered under this program.
8. Graduate Studies includes pre-master's, master's, doctoral, occasional and diploma students. Graduate totals include only those students taking credit courses in Summer Term.
