

## Department of Microbiology: policies on viewing final exams

The review period for Fall Term final exams is set as the following:

**Viewing date:** Friday, May 16, 2025

**Time:** 2:00 PM to 3:30 PM

**Location:** 201 Buller Building

**Deadline for application:** Monday, May 12 by 3:30 PM in 213 Buller

### Policies regarding viewing of final exams

1. Requests to view final exams must be made by the deadline above, or no later than two weeks following the date of a deferred exam, whichever is appropriate.
2. Lab and course final exams are considered to be separate exams.
3. A single date and time for viewing exams has been determined by the Department of Microbiology, which will occur prior to the deadline date for applying for an appeal. There will be no “deferred” date.
4. All students that have requested to view their exams will be allowed to view a photocopy of their final exam in the presence of an invigilator. **Student cards must be presented.**
5. Unless indicated specifically by the instructor, photocopies of exams **must be returned** immediately after viewing to the invigilator, who will record the return of the exam.
6. Students are **not permitted** to make copies or take information, in any form, from their exam paper. Writing materials, cameras, cell phones, and any type of digital recording devices are not allowed during the proceedings.
7. The purpose of viewing exams is **not to negotiate** the marking of an exam. The only exception is if an obvious case of incorrect addition is discovered; the student should then contact the instructor with this information.
8. Viewing of Biochemistry (CHEM/MBIO 2370, 2700) exams will be available through the Department of Chemistry and falls under the rules of that department.
9. Exams that are machine-marked and contain no written answers will be treated as follows for viewing: A copy of the final exam, a copy of the student’s bubble sheet and a copy of the answer sheet will be provided to the student in order that they may review their answers.

**Department of Microbiology: request to view a final exam**

Please submit **one form per course**. Forms should be handed in to the Microbiology General Office (213 Buller).
