Mind Map

A mind map is a technique in which we write down our ideas in a diagram. We can use our mind map to organize our ideas and plan a paper.

**Topic**: What is your paper about?............................................
................................................................................
................................................................................

**Idea 1**

- Explanation?
- Evidence?

**Idea 2**

- Explanation?
- Evidence?

**Idea 3**

- Explanation?
- Evidence?

You have the tools. We help you use them.
