**D. Required Admission Documentation**

All successful applicants to the College of Dentistry are required to submit the following:

**Immunization Requirements**

All candidates who are offered a position in the incoming class must provide an up to date immunization record in order to register and attend classes.

Each applicant offered admission will receive an immunization document which must be completed
and returned to the Dean’s Office prior to registration in the program.

Prospective students should refer to and be familiar with the College’s Infectious Diseases Policy Statement on the College’s website

Any student applicant with an infectious disease should either delay their application to the program or disclose this information upon being accepted into the College of Dentistry. Should a student who has been accepted into the program but has been found to be unable to meet the College’s Infectious Disease policy requirements, every effort will be made to accommodate the student until the guidelines are met. In some cases, it may be necessary to suspend or terminate the student from the program if it is shown that the policy guidelines are unable to be met.

**Adult Criminal Record and Child and Adult Abuse Registry Checks**

An adult criminal record and child abuse and adult abuse registries self-declaration will be required of all applicants. Official adult criminal records and child and adult abuse registries checks are required for all admitted students by the time of registration, and annually thereafter in accordance with existing policies of other health, education and social service programs at the University of Manitoba. Applicants will need to comply with any University policy on criminal record and abuse checks that may be in effect as of the time of registration.

**Section 4: Selection Process**

**A. Citizenship and Residence**

The Admissions Committee gives priority to Manitoba applicants.

In the Special Consideration Category and on the wait list preference will be given to **Manitoban residents**. A Manitoba resident shall be defined as a Canadian Citizen or Permanent Resident of Canada who, at the application deadline, meets any one of the following four descriptions:

- Has graduated from a Manitoba high school; or
- Has a recognized degree from a university in Manitoba; or
- Has completed at least one consecutive year of full-time academic studies in a recognized program at a university in Manitoba, while physically residing in Manitoba; or
- Has resided continuously in Manitoba for any two year period following high school graduation. The two year residence period shall not be considered broken where the program’s admission committee is satisfied that the applicant was temporarily out of the province on vacation, in short-term volunteer work or employment, or as a full-time student.

**B. Calculation of the Adjusted Grade Point Average (AGPA)**

The Adjusted Grade Point Average (AGPA) is calculated using the last 60 credit hours completed.

If a student has completed 30 to 60 credit hours of university degree level work, the AGPA will be calculated on the basis of all work completed.

If a student has completed more than 60 credit hours of university degree level work, an AGPA will be calculated over the most recently completed 60 credit hours.

**NOTES:**

- All graded results, including repeated courses, will be included in the calculation of the AGPA.

- It is the applicant’s responsibility to inform the Admissions office in writing of any **deferred exams or grade changes**. All final grades, including grade changes must be submitted to the Admissions Office by the document deadline in order for them to be included in the final selection process. Grade changes will not be accepted after the documentation deadline date. If a grade is not available by the documentation deadline date, an ‘F’ grade will be used in the final admission determination and calculation.
C. Selection of Applicants

Enrolment in first year Dental Hygiene is limited and there are usually more eligible applicants than available positions, therefore, attaining the minimum eligibility requirements does not ensure an offer of admission.

1. Regular Applicants

Regular applications will be considered and ranked on the basis of their AGPA (see Section 4: Selection Process, B. Calculation of the Adjusted Grade Point Average (AGPA)).

2. Special Consideration

Special Consideration applications will be evaluated on the basis of academic records, an interview, references, and biographical statement with less weight on academic record than for Regular applicants.

Up to a maximum of four positions in the first year class will be allocated to Special Consideration Applicants. Formal education and/or significant experiences in a related field will be considered.

Two of these four positions may be reserved for Indigenous Peoples of Canada.

Preference may be given to Manitoba residents.

D. Wait List

A short waitlist (alternate list) will be created at the selection meeting in the event that spaces become available. Applicants selected to be on the waitlist will be notified by email that they are on the waitlist after the selection meeting. Applicants on the waitlist will also be notified by email when the waitlist is closed (usually in the first week of August).

Preference will be given to Manitobans.

E. Tie Breaking Procedure for Offers

In the event of a tie, the following procedure will be used:

1. Increase the number of significant figures used in the calculation.

2. Where a tie still exists, the application that was received first will be used to break the tie. All completed applications are time stamped upon submission; in the case of a paper application, these applications will be time stamped after they have been entered into the system by a University of Manitoba Admissions Office staff member.

F. Notification of Decision

Decisions will be posted to the applicant’s portal. Applicants must log into their application portal to view the decision and to accept or decline their offer. If the offer is not accepted and the subsequent deposit paid by the deadline date indicated in the letter, the offer will lapse. Lapsed offers will be considered a declined response. It is imperative that emails and application portals are regularly checked.

In order to accept an offer of admission a non-refundable deposit of $100.00 will be required. The deposit will be applied to tuition fees at the time of registration.

Section 5: Reconsideration and Appeals

Individuals who wish to have their applications reconsidered should submit their request in writing to the Chair of the Selection Committee. Past experience has shown that most inquiries can be satisfied at this level without further reference. Persons wishing reconsideration of the decision of the Selection Committee shall direct their request to the Chair within ten (10) days of the posted decision date (see Section 7: Contact Information).

Should the student wish to pursue the reconsideration decision of the Selection Committee further, such an appeal will be made in accordance with the Senate Committee on Admission Appeals Procedures.

http://umanitoba.ca/admin/governance/governing_documents/students/admission_appeals.html

Applicants are advised that appeals of reconsideration decisions by the chair of the selection committee and the Senate Admissions Appeal Committee focus on questions of correct adherence to published policies...
and procedures outlined in this document, and NOT on subjective issues or the relative merits of the application.

Section 6: Counselling of Applicants

The School of Dental Hygiene and Admissions Office are able to assist applicants who seek counselling regarding admission to the School of Dental Hygiene. However, it is policy not to instruct applicants as to a specific course of action they should follow, but rather to provide the information needed for applicants to make their own choice with respect to the alternatives available. The following points require special attention:

1. Applicants are encouraged to discuss their plans with all who can usefully advise them, but they should be aware that second and third hand information about admission policies may not be accurate.

2. No official at the university can guarantee the admission of any applicant. Admission is determined by the Committee on the basis of an annual competition.

3. All applicants are advised to supplement any personal enquiries with a written request so that an official written response can be made. It is only these written responses which will be considered as evidence of any advice given (see Section 7: Contact Information).
