D. Required Admission Documentation

All successful applicants to the Dental Hygiene Degree Completion program are required to submit the following:

- A criminal record search certificate, declaration of pending criminal charges, child abuse registry self-check and an adult abuse registry self-check are required at the time of registration and annually thereafter. Applicants will need to comply with any University of Manitoba policy on criminal record and abuse checks that may be in effect as of the time of registration.

NOTES:

a. Students in the Bachelor of Science in Dental Hygiene program must maintain professional licensure during their registration at the School of Dental Hygiene. Students should also note that licensure with the College of Dental Hygienists of Manitoba may be required for registration within certain core courses (example: teaching practicum) of the program. Students are responsible for all fees associated with the maintenance of current licensure as well as application for licensure within Manitoba as may be required.

b. Once in the program, students who do not exhibit ability to communicate in writing may be required to seek remediation in writing skills.

c. Students in the B.Sc. Dental Hygiene program must maintain appropriate clinic attire when participating in clinical activities. Where necessary, students will be required to purchase clinic uniforms as specified.

Section 4: Selection Process

A. Selection Criteria

1. Enrolment in first year of the Bachelor of Science in Dental Hygiene program is limited, and, in the event of a surplus of qualified applicants candidates will be selected based on their GPAs over the 60 credit hours of study most recently completed at an accredited post-secondary level.

2. Preference in admission is given to Canadian citizens and Permanent Residents of Canada. Consideration may be given to international students who are graduates of a Dental Hygiene program accredited by the American Dental Association (ADA) Council on Dental Accreditation (CODA) and who fulfill Canadian Licensing requirements.

NOTE: It is the applicant’s responsibility to inform the Admissions Office in writing of any deferred exams or grade changes. All final grades, including grade changes must be submitted to the Admissions Office by the document deadline in order for them to be included in the final selection process. Grade changes will not be accepted after the documentation deadline date. If a grade is not available by the documentation deadline date, an ‘F’ grade will be used in the final admission determination and calculation.

B. Tie Breaking Procedure for Offers

In the event of a tie, the following procedure will be used:

1. Increase the number of significant figures used in the calculation.

2. Where a tie still exists, the application that was received first will be used to break the tie. All completed applications are time stamped upon submission; in the case of a paper application, these applications will be time stamped after they have been entered into the system by a University of Manitoba Admissions Office staff member.

C. Notification of Decision

Decisions will be posted to the applicant’s portal. Applicants must log into their application portal to view the decision and to accept or decline their offer. If the offer is not accepted and the subsequent deposit paid by the deadline date indicated in the letter, the offer will lapse. Lapsed offers will be considered a declined response. It is imperative that emails and application portals are regularly checked.
In order to accept an offer of admission a non-refundable deposit of $100.00 will be required. The deposit will be applied to tuition fees at the time of registration.

Section 5: Reconsideration and Appeals

Individuals who wish to have their applications reconsidered should submit their request in writing to the Chair of the Selection Committee. Past experience has shown that most inquiries can be satisfied at this level without further reference. Persons wishing reconsideration of the decision of the Selection Committee shall direct their request to the Chair within ten (10) days of the posted decision date.

Should the student wish to pursue the reconsideration decision of the Selection Committee further, such an appeal will be made in accordance with the Senate Committee on Admission Appeals Procedures.

http://umanitoba.ca/admin/governance/governing_documents/students/admission_appeals.html

Applicants are advised that appeals of reconsideration decisions by the Chair of the Selection Committee and the Senate Admissions Appeal Committee focus on questions of correct adherence to published policies and procedures outlined in this document, and NOT on subjective issues or the relative merits of the application.

Section 6: Counselling of Applicants

The School of Dental Hygiene and Admissions Office are able to assist applicants who seek counselling regarding admission to the School of Dental Hygiene. However, it is policy not to instruct applicants as to a specific course of action they should follow, but rather to provide the information needed for applicants to make their own choice with respect to the alternatives available. The following points require special attention:

1. Applicants are encouraged to discuss their plans with all who can usefully advise them, but they should be aware that second and third hand information about admission policies may not be accurate.

2. No official at the university can guarantee the admission of any applicant. Admission is determined by the Committee on the basis of an annual competition.

3. All applicants are advised to supplement any personal enquiries with a written request so that an official written response can be made. It is only these written responses which will be considered as evidence of any advice given (see Section 7: Contact Information).
