Important Notice

The University of Manitoba reserves the right to make changes in the information contained in the Undergraduate Calendar and the Graduate Calendar without prior notice. The University of Manitoba website, umanitoba.ca, is a source for updated information.

Not every course listed in the Undergraduate Calendar or the Graduate Calendar will be offered in this academic year.

It is the responsibility of all students:

- To familiarize themselves each year with the university’s academic regulations and policy in general;
- To familiarize themselves with the regulations and policies applying specifically to their faculty, school, or program;
- To familiarize themselves with the specific graduation requirements of the degree, diploma, or certificate they are seeking; and
- To ensure that the courses they have selected are appropriate to their programs.

In the event of an inconsistency between the general academic regulations and policies published in the Undergraduate Calendar and the Graduate Calendar, and such regulations and policies established by Senate and the councils of the faculties and schools, the version established by Senate and the councils of the faculties and schools shall prevail.

The regulations and policies contained in this year's editions of the Undergraduate Calendar and the Graduate Calendar apply, subject to change, only for the academic year indicated on the cover page of each publication.

The material in the current editions of the Undergraduate Calendar and the Graduate Calendar was submitted by the academic and administrative units concerned. The university neither represents nor warrants that all general information and course references used in these publications is accurate although reasonable efforts have been used to check the accuracy of the information.

Students also agree by the act of registration to be bound by the regulations, policies, and bylaws of the University of Manitoba that are in effect at the time of registration, including any amendments which may be enacted during the period of their registration. Students agree by the act of registration to be bound by the regulations, policies, and bylaws of the faculty or program in which they have registered, including any amendments which may be made during the period of their registration. Students also acknowledge that such amendments may have retroactive application.

No liability shall be incurred by the University of Manitoba for any loss or damage suffered or incurred by any student, or any party claiming through or under any student, as a result of delays in, or termination of, services, courses or classes by acts of God, fires, floods, riots, wars, strikes or lockouts, damage to university property, financial exigency, or any occurrence beyond the reasonable control of the university. Further, the University of Manitoba shall not be liable for any losses or damage suffered by a student who discloses his/her personal identification number (PIN) to anyone other than a university employee in the course of registration.

Freedom of information and protection of privacy act (FIPPA)

This personal information is being collected under the authority of The University of Manitoba Act. It will be used for the purposes of admission, registration, assessment of academic status, and communication with the student. It may be used for administrative research in support of provision of education and general administration of the University. It may be disclosed to other educational institutions, government departments, and co-sponsoring organizations, and, for those students who are members of UMSU, it will be disclosed to the University of Manitoba Students’ Union. Upon graduation, the student’s name and address, together with information on degrees, diplomas, and certificates earned will be given to and maintained by the alumni records department in order to assist the University’s advancement and development efforts. Information regarding graduation and awards may be made public. Personal information will not be used or disclosed for other purposes, unless permitted by The Freedom of Information and Protection of Privacy Act (FIPPA). If you have any questions about the collection of personal information, contact the Access and Privacy Office (tel. 204-474-9844), The University of Manitoba, 233 Elizabeth Dafoe Library, Winnipeg, Manitoba, Canada, R3T 2N2.

Disclosure of personal information to statistics Canada

The Federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used only for statistical purposes, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student. At any time, students who do not wish to have their information used are able to ask Statistics Canada to remove their identifying information from the national database. Further information on the use of this information can be obtained from Statistics Canada’s website (statcan.gc.ca) or by writing to the Post-Secondary Section, Centre for Education Statistics, 17th Floor, R.H. Coats Building, Tunney’s Pasture, Ottawa, Ontario, Canada, K1A 0T6.

Social Work, Bachelor of
Academic Schedule

Dates Applicable to all U of M Students

SECTION 1: Dates for Fall/Winter Session

This section contains information for Fall and Winter Terms, including distances and online courses. See Section 3 for Summer Term information, including information for distance and online courses over Summer Term.

1.1 Dates applicable to all U of M students:

1.1.1 University Closure

When the University is closed no classes/examinations will be held.

- **Canada Day (Holiday Observed)**: July 2, 2018
- **Terry Fox Day (Civic Holiday)**: August 6, 2018
- **Labour Day**: September 3, 2018
- **Thanksgiving Day**: October 8, 2018
- **Remembrance Day**: November 12, 2018
- **Winter Holiday**: December 22, 2018 to January 2, 2019
- **Louis Riel Day**: February 18, 2019
- **Good Friday**: April 19, 2019
- **Victoria Day**: May 20, 2019
- **Canada Day**: July 1, 2019
- **Terry Fox Day (Civic Holiday)**: August 5, 2019

1.2 Dates applicable to most U of M students:

Some additional or differing date information is included in separate sections for: Agriculture Diploma, Art (School of), Business Administration (M.B.A.), Dental Hygiene, Dentistry (includes IDDP), Education (B. Ed. Only), Medicine (excludes Family Social Sciences), Nursing, Occupational Therapy, Pharmacy, Physical Therapy, Respiratory Therapy, and Social Work. Students in these programs should also see their respective section of the Academic Schedule.

1.2.1 Orientation

Additional or differing dates exist for: Agriculture Diploma, Art, MBA, Dental Hygiene, Dentistry, Education, Medicine, Nursing, Occupational Therapy, Pharmacy, Physical Therapy, Respiratory Therapy, and Social Work. Students in these programs should also see their respective section of the Academic Schedule.

1.2.2 Start and End Dates

Additional or differing exist for: Agriculture Diploma, MBA, Dental Hygiene, Dentistry, Education, Medicine, Nursing, Occupational Therapy, Pharmacy, Physical Therapy, Respiratory Therapy, and Social Work. Students in these programs should also see their respective section of the Academic Schedule.

- **Fall Term**: September 5 to December 7, 2018
  - No classes, examinations or tests will be held Dec. 8 to 9, 2018.
- **Winter Term**: January 7 to April 9, 2019
  - No classes, examinations or tests will be held Apr. 19, 2019.
- **Winter Term/Summer Term Spanned Distance and Online Courses**: January 7 to July 4, 2019

1.2.3 Registration and Withdrawal Dates

Additional or differing dates exist for: Agriculture Diploma and other faculties, colleges, and/or schools offering irregularly scheduled courses. Agriculture Diploma students should also see their respective section of the Academic Schedule; all others should also refer to either the ‘Irregular Refund and Voluntary Withdrawal Deadline’ information posted on the Registrar’s Office website [here](http://umanitoba.ca/registrar/fees/irregular_refund_vw_deadlines.html), or the Class Schedule.

- **Regular Registration Period**: Fall Term and Fall/Winter Term classes ends September 4, 2018
- **Winter Term classes and Winter/Summer term spanned distance and online courses**: Ends January 6, 2019

1.2.4 Limited Access Term Expiry Dates

- **Fall Term and Fall/Winter Term classes**: August 9, 2018
- **Winter Term classes and Winter/Summer term spanned distance and online courses**: December 3, 2018

1.2.5 Late Registration/Registration Revision Period
A financial penalty may be assessed for late registrations. Students may use this period of time to make changes to their selected courses or class schedule.

**New** – Last day to drop is 1 day prior to the end of the Registration Revision Period

*New schedule.*

**Last Date to Drop without Penalty**

Last date to drop and have course excluded from transcripts; VW’s will be recorded on transcripts for courses dropped after this date. There will be no refunds for courses dropped after this date. Additional or differing dates exist for Agriculture Diploma; students in this program should also see their respective section of the Academic Schedule.

First Year Field Trip TBA

1.5 Dates applicable to Business Administration (M.B.A.)

1.5.1 Orientation
- Fall Term TBA
- Winter Term TBA

1.5.2 Start and End Dates
- Fall Term August 20 to December 7, 2018
- Winter Term January 3 to April 30, 2019
- Summer Term May 1 to August 30, 2019

1.5.3 Term Breaks
- The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.
  - Fall Term Break N/A
  - Winter Term Break See section 1.2.5

1.6 Dates applicable to Dental Hygiene

1.6.1 Start and End Dates
- Year 2
  - Fall Term classes August 20 to November 30, 2018
  - Winter Term classes January 7 to April 5, 2019
- Year 3
  - Fall Term classes August 13 to November 30, 2018
  - Fall Term Clinics TBA to December 7, 2018
  - Winter Term classes January 7 to April 5, 2019
  - Winter Term Clinics January 7 to April 12, 2019

1.6.2 Term Breaks
- The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.
  - Fall Term Break N/A
  - Winter Term Break February 25 to March 1, 2019

1.6.3 Examination and Test Dates
- Year 2
  - Fall Term (includes tests and midterm exams for Fall/Winter Term classes) December 3 to 14, 2018

Winter Term April 8 to 12, 2019

Year 3
- Fall Term (includes tests and midterm exams for Fall/Winter Term classes) December 10 to 14, 2018
- Winter Term April 15 to 18, 2019

1.6.4 Convocation Ceremony – Bannatyne Campus May 23, 2019

1.7 Dates applicable to Dentistry (including International Dentist Degree Program)

1.7.1 Start and End Dates
- DENT 2440 IDDP Orientation TBA
- Years 1 and 2 Classes and Clinics
  - Fall Term August 13 to November 30, 2018
  - Winter Term January 7 to May 3, 2019
- Year 3/IDDP 1 Classes and Clinics
  - Fall Term August 7 to November 30 (classes) and December 7 (clinics), 2018
  - Winter Term January 7 to May 23, 2019
- Year 4/IDDP 2 Classes and Clinics
  - Fall Term August 7 to December 7, 2018 (classes and clinics)
  - Winter Term January 7 to April 26, 2019

1.7.2 Term Breaks
- The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.
  - Fall Term Break N/A
  - Winter Term Break February 25 to March 1, 2019

1.7.3 Examination Tests Dates
- Year 1, 2, and 3/IDDP 1
  - Fall Term (includes tests and midterm exams for Fall/Winter Term classes) December 3 to 14, 2018
  - Winter Term May 6 to 17, 2019
- Year 4/IDDP 2
  - Fall Term (includes tests and midterm exams for Fall/Winter Term classes) December 10 to 14, 2018
  - Winter Term January 14-18, 2019

1.7.4 Convocation Ceremony – Bannatyne Campus May 23, 2019

1.8 Dates applicable to Education (B. Ed. Only)
Unless registered in a B. Ed. Course, PBDE students follow the dates listed in Section 1.2: Dates applicable to most U of M students.

### 1.8.1 Orientation

September 7, 2018

### 1.8.2 Start and End Dates

Practicum dates may vary by practicum placement.

#### Fall Term

- **Practicum Block**: September 4 to 6, 2018
- **Practicum Monday**: September 10, 17, & 24; October 1, 15, & 29; November 5, 2018
- **Classes**: September 11 to November 9, 2018
- **Practicum**: November 19 to December 14, 2018

#### Winter Term

- **Program Days**: January 7, 2019
- **Classes**: January 8 to March 15, 2019
- **Practicum**: March 18 to 22; April 1 to 25, 2019

### 1.8.3 Term Breaks

The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.

#### Fall Term Break
- N/A

#### Winter Term Break
- March 18 to 22, 2019

### 1.8.4 Examination and Test Dates

- **Fall Term (as required)**: November 10, 2018
- **Winter Term (as required)**: March 16, 2019

### 1.9 Dates applicable to Medicine (excludes Family Social Sciences)

Family Social Sciences students follow the dates listed in Section 1.2: Dates applicable to most U of M students.

#### 1.9.1 Orientation

- **Medicine Inaugural Exercises**: August 22, 2018

#### 1.9.2 Start and End Dates

#### Year 1

- **Fall Term**: August 21 to December 21, 2018

- **Winter Term**: January 7 to May 31, 2019

#### Year 2

- **Fall Term**: August 27 to December 21, 2018
- **Winter Term**: January 7 to May 31, 2019

#### Year 3

- **Fall Term**: August 27 to December 21, 2018
- **Winter Term**: January 7 to May 3, 2019
- **Summer Term**: June 1 to August 2, 2019

#### Year 4

- **Fall Term**: August 20 to December 21, 2018
- **Winter Term**: January 7 to May 3, 2019

#### B.Sc. (Med)

- **June 3 to August 23, 2019 (Subject to change)**

### 1.9.3 Term Breaks

The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.

#### Year 1 and 2

- **Fall Term Break**: N/A
- **Winter Term Break**: March 18 to 22, 2019

#### Year 3

- **Fall Term Break**: N/A
- **Winter Term Break**: N/A
- **Summer Term Break**: August 5 to 16, 2019

#### Year 4

- **Fall Term Break**: N/A
- **Winter Term Break**: N/A

### 1.9.4 Convocation – Bannatyne Campus

May 23, 2019

### 1.10 Dates applicable to Nursing

#### 1.10.1 Orientation

- **Year 2 Students admitted for Fall Term**: September 4 to 5, 2018
- **Year 2 Students admitted for Winter Term**: January 3 to 4, 2019

#### 1.10.2 Start and End Dates

- **Year 2 Fall Term Classes**: September 6 to December 7, 2018
- **Year 3 & 4 Fall Term Classes**: See Section 1.2.2
- **Winter Term Classes**: See Section 1.2.2

### Nursing Practice
**Academic Calendar 2018-2019**

**Fall**
- Nursing Practice 1 to 6
  - Dates vary, see class schedule
- Winter Term Nursing Practice 1 to 6
  - Dates vary, see class schedule

**Year 4 NURS 4580 Senior Practicum**
- Winter Term
  - January 7 to March 29, 2019
- Summer Term
  - May 6 to July 2019

**1.1 Dates applicable to Occupational Therapy**

**1.1.1 Year 1 Orientation**
- August 23 & 24, 2018

**1.1.2 Start and End Dates**

**Year 1**
- Fall Term Classes: August 27 to November 16, 2018
- Basic Fieldwork: November 19 to December 14, 2018
- Winter Term Classes: January 7 to May 3, 2019
- Intermediate Fieldwork 1: May 6 to June 28, 2019

**Year 2**
- Fall Term Classes: August 27 to December 14, 2018
- Intermediate Fieldwork 2: January 7 to March 1, 2019
- Winter Term Classes: March 11 to June 28, 2019
- Advanced Fieldwork: June 24 to September 13, 2019
  (flexible start and end dates)

**1.1.3 Term Breaks**
The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.

**Fall Term Break**
- N/A

**Winter Term Break**
- March 4 to 8, 2019

Note: Some students may need to complete fieldwork during the mid-term break depending on availability of fieldwork sites.

**1.1.4 Convocation – Bannatyne Campus**
- October 26, 2018

**1.12 Dates applicable to Pharmacy**

**1.12.1 Orientation**
- Year 1 Orientation: September 4, 2018

**1.12.2 Start and End Dates**

**Year 1**
- Fall Term Classes: See Section 1.2.2
- Winter Term Classes: See Section 1.2.2

**Year 2**
- Fall Term Classes: September 4 to December 7, 2018
- Winter Term Classes: See Section 1.2.2
- SPEP 2: May 6 to 17, 2019

**Year 3**
- Fall Term Classes: See Section 1.2.2
- Winter Term Classes: January 3 to March 27, 2019
- SPEP 3: April 8 to May 3, 2019

**Year 4**
- Fall Term Classes: September 4 to October 29, 2018
- SPEP 4 – Block 1: November 5 to December 14, 2018
- Electives – Block 1: November 5 to December 21, 2018
- Winter Term Classes: N/A
- SPEP 4 – Block 2: January 7 to February 15, 2019
- Electives – Block 2: January 7 to February 22, 2019
- SPEP 4 – Block 3: February 25 to April 5, 2019
- Electives – Block 3: February 25 to April 12, 2019

**1.12.3 Term Breaks**
The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.

**Fall Term Break**
- N/A

**Winter Term Break**
- March 4 to 8, 2019

Note: Some students may need to complete fieldwork during the mid-term break depending on availability of fieldwork sites.

**1.12.4 Convocation – Bannatyne Campus**
- October 26, 2018

**1.13 Dates applicable to Physical Therapy**

**1.13.1 Orientation**
- N/A
1.13.2 Start and End Dates

**Fall Term**
- MPT1 Classes: August 7 to December 21, 2018
- MPT2 Classes: August 7 to October 12, 2018 (1x5 week placement between)
- MPT2 Fall Term Placement: October 15 to December 21, 2018

**Winter Term**
- MPT1 & MPT2 Classes: January 3 to March 22, 2019 (2x6 week placements between)
- MPT1 & MPT2 Winter Term Placements: April 1 to August 2, 2019

1.13.4 Convocation – Bannatyne Campus: October 26, 2018

### 1.14 Date applicable to Respiratory Therapy

#### 1.14.1 Orientation
- Year 1: August 30 & 31, 2018
- Year 3: August 16 & 17, 2018

#### 1.14.2 Start and End Dates

**Year 1**
- Fall Term: September 4 to December 21, 2018
- Winter Term: January 3 to May 24, 2019

**Year 2**
- Fall Term: September 4 to December 21, 2018
- Winter Term: January 3 to June 21, 2019

**Year 3**
- Fall Term: August 20 to December 14, 2018
- Winter Term: January 2 to April 26, 2019

#### 1.14.3 Term Breaks

The academic and administrative offices will be open during this period, but there will be no classes/examinations held for students.
- Fall Term Break: N/A
- Winter Term Break: February 19 to 22, 2019

1.14.4 Convocation – Bannatyne Campus: October 26, 2018

### 1.15 Dates applicable to Social Work

#### 1.15.1 Orientation
- Fort Garry, Inner City Field Instruction Orientation: September 4, 2018

#### 1.15.2 Start and End Dates

Field Instructions*
- **Fall Term**: September 5 to December 14, 2018
- **Winter Term**: January 7 to April 19, 2019

**Note**: Some students may need to complete fieldwork during the fall and/or winter term breaks.

### SECTION 2: Dates for Summer Term

#### 2.1.1 Start and End Dates

**Distance and online courses:**
- Winter/Summer spanned courses 2019*: Jan. 7 to July 4
- Summer Term courses: May 6 to Aug. 2, 2019
- May Day: May 6 to 29, 2019
- May/June Day: May 6 to June 25, 2019
- May/June Expanded: May 6 to June 25, 2019
- May/June Evening: May 6 to June 20, 2019
- May/August Evening: May 6 to Aug. 8, 2019
- June Day: June 3 to 25, 2019
- June/August Evening: June 24 to Aug. 8, 2019
- July Day: July 2 to 24, 2019
- July/August Day: July 2 to Aug. 21, 2019
- July/August Expanded: July 2 to Aug. 21, 2019
- August Day: July 29 to Aug. 21, 2019

*Previously approved

#### 2.1.2 Registration and Withdrawal Dates

**Regular Registration Period**

Registration start dates are to be determined by the Registrar’s Office.

**Distance and online courses:**
- Winter/Summer spanned courses 2019*: Ends January 6, 2019*
- Summer Term courses: Ends May 5, 2019
- May Day: Ends May 5, 2019
- May/June Day: Ends May 5, 2019
- May/June Expanded: Ends May 5, 2019
- May/June Evening: Ends May 5, 2019
- May/August Evening: Ends May 5, 2019
- June Day: Ends June 2, 2019
- June/August Evening: Ends June 23, 2019

### University Policies and Procedures

#### Responsibilities of Academic Staff with regard to Students Policy

**Part I: Reason for Policy**

1.1 The purpose of this Policy is to identify the responsibilities and the discharge of responsibilities of Academic Staff with regard to Students.

1.2 Some of the responsibilities and discharge of responsibilities with regard to Students will rest with the individual Academic Staff member, while others are collective responsibilities to be exercised at the Unit level.

1.3 This Policy and its related Procedures will identify and differentiate the responsibilities and discharge of responsibilities of Academic Staff at the individual and at the Unit level.

**Part II: Policy Content**

#### Definitions

2.1 The following terms are defined for the purpose of this Policy and related Procedures:

(a) "Academic Administrator(s)" refers to the senior academic administrative positions having direct management authority over a Unit and the primary responsibility for the management functions of planning, directing, controlling and evaluating a large group of the University's resources within that Unit, including people, budgets and facilities. This category includes, without limitation, a dean, director, associate dean, assistant dean, chair or head of department, insofar as they perform managerial duties.

(b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administrative. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.

(c) "Policy" means this Responsibilities of Academic Staff with regard to Students Policy.

(d) "Procedure" means the Responsibilities of Academic Staff with regard to Students Procedure.

(e) "Student" or "Students" refer to any person or group of people registered as a student at the University of Manitoba.

(f) "Unit" refers to a department, centre, institute, college, faculty, school, or other academic division to which Academic Staff is assigned to teach Students.

(g) "University" refers to the University of Manitoba.

Individual Responsibilities of Academic Staff

2.2 The responsibilities of Academic Staff with regard to Students are primarily instructional and scholarly, and secondarily administrative. They may include:

(a) Undergraduate, graduate, and continuing education instruction;

(b) Scholarly attainment through personal study and research, including:

(i) study for purposes of academic self-improvement or course improvement; and

(ii) keeping abreast of new developments, and research that leads to a useful or original contribution toward the advancement of knowledge and understanding;

(c) Administrative work as required for instructional and scholarly activities including committee work at various levels (departmental, faculty, university) as it pertains directly or indirectly to Students.

2.3 In discharging their instructional responsibilities, Academic Staff shall act with academic integrity, scholarly competence and pedagogic effectiveness by providing Students with pertinent materials in a timely manner, by maintaining familiarity with current policies and responsibilities regarding privacy, copyright and human rights, and by adhering to
2.4 Academic Staff are to provide an effective learning environment and to endeavor to ensure fair and consistent treatment of Students by periodically reviewing and updating all course content and outlines.

Collective Responsibilities of Academic Staff
2.5 The collective responsibilities of the Academic Staff shall be exercised through the actions of the Unit’s administrators and councils, including:
(a) Periodically reviewing all courses and programs, including course descriptions, to ensure that the material to be presented is current and appropriate and the academic calendar information is clear and accurate;
(b) Ensuring that the Unit’s policies, regulations and procedures provide for fair and consistent treatment of Students;
(c) Ensuring the academic calendar reflects any Unit-specific policies that may affect the Student’s academic progress;
(d) Making available on the University’s website and providing for convenient student access to information on supplemental Unit-specific regulations, policies and procedures; and
(e) Providing the names of instructors assigned to teach particular courses and sections at the earliest possible opportunity.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.
3.2 The Provost and Vice-President (Academic) is responsible for the implementation, administration and review of this Policy.
3.3 Academic Staff and Academic Administrators are responsible for complying with this Policy.

Part IV
Authority to Approve Procedures

4.1 The Provost and Vice-President (Academic) or the Approving Body may approve Procedures, if applicable, which are secondary to and comply with this Policy.

Part V
Review

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.
5.2 In the interim, this Policy may be revised or repealed if:
(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.
5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Policy; or
(b) are in turn repealed.

Part VI
Effect on Previous Statements

6.1 This Policy supersedes all of the following:
(a) Responsibilities of Academic Staff with Regard to Students Policy, revised June 25, 1998;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII
Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Responsibilities of Academic Staff with Regard to Students Procedure;
(b) Conflict of Interest Policy;
(c) Conflict of Interest between Evaluators and Students due to Close Personal Relationships Policy;
(d) Electronic Communication with Students Policy;
(e) Final Examination and Final Grades Policy;
(f) Grade Point Averages Policy;
(g) Intellectual Property Policy
(h) Multi-Sectioned Courses Policy;
(i) Respectful Work and Learning Environment Policy;
(j) Sexual Assault Policy;
(k) Responsible Conduct of Research Policy;
(l) Student Advocacy Office Policy;
(m) Student Discipline Bylaw;
(n) Student Academic Misconduct Procedure;
(o) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(p) Student Discipline Appeal Procedure;
(q) Teaching Evaluation Policy;
(r) The University of Manitoba Accessibility Policy;
(s) University Health Services Policy;
(t) Voluntary Withdrawal Policy.

Responsibilities of Academic Staff with Regard to Students Procedures

Part I
Reason for Procedure

1.1 To set out Procedures secondary to the Policy entitled "Responsibilities of Academic Staff with Regard to Students".

Part II
Procedural Content
Definitions

2.1 These procedures are to be read in conjunction with the Responsibilities of Academic Staff with regard to Students policy, and all capitalized terms used herein shall have the meaning given to them in the Policy. In addition, the following definitions shall apply:
(a) "Academic Administrator(s)" refers to the senior academic administrative positions having direct management authority over a Unit and the primary responsibility for the management functions of planning, directing, controlling and evaluating a large group of the University’s resources within that Unit, including people, budgets and facilities. This category includes, without limitation, a dean, director, associate dean, assistant dean, chair or head of department, insofar as they perform managerial duties.
(b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, insofar as they perform managerial duties.
(c) "Calendar" means the University of Manitoba’s official Academic Calendar under which the course is taught.
(d) “Policy” means the Responsibilities of Academic Staff with regard to Students policy.
(e) "Procedure" means this Responsibilities of Academic Staff with regard to Students procedure.
(f) “Student” or “Students” refer to any person or group of people registered as a student at the University of Manitoba.
(g) "Unit" refers to a department, centre, institute, college, faculty, school, or other academic division to which Academic Staff is assigned to teach Students.
(h) "Working Days" will mean Monday through Friday excluding days in which the University is closed.

Individual Responsibilities of Academic Staff
2.2 Course Content. Academic Staff shall teach their courses with due
alignment to Calendar descriptions.

2.3 Policies. Academic Staff will maintain familiarity with current University, faculty, school, college and/or department policies regarding plagiarism and cheating, examination impersonations, student access to final examination scripts, student discipline, grade appeals, copyright and intellectual property, and the University policy regarding the respectful work and learning environment, as posted on the University’s “Governing Documents” website;

2.4 Regulations. Academic Staff will adhere to regulations pertaining to the format, content and conduct of courses and laboratories, including regulations pertaining to examinations, term work, grades, and related matters as outlined in University and Unit guidelines.

2.5 Course Outline. Academic Staff shall provide a course outline to every Student registered in their class and review its content within the first week of classes, either through a paper copy and/or via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by the University from time to time). The course outline will contain at minimum the following information:

(a) Name of Academic Staff;
(b) Office number, telephone number and email address;
(c) A list of the learning materials that the Student is required to obtain including the appropriate referencing style guide(s) acceptable to the Academic Staff and/or discipline in courses where it is relevant;
(d) A course description outlining the topics to be covered and goals of the course, which could include the bona fide academic requirements and learning outcomes for the course;
(e) Expectations for class attendance and penalties, if any, for non-compliance;
(f) A description of the evaluation procedure and methods that will be used, including:
   (i) The weighting of the components that will contribute to the final grade;
   (ii) A description of how the numeric grade will be converted to the University’s letter grade system; and
   (iii) An indication of whether specific assignment instructions, grading rules, or rubrics will be provided.

NOTE: It is understood by Senate that the provision of this information is not intended to affect the question of equity in multi-sectioned courses in any way.

(g) An indication of how evaluative feedback will be given to the student, including:
   (i) The form of evaluative feedback [formative (e.g. comments) or summative (e.g. grade)];
   (ii) When summative feedback will be distributed in relation to the voluntary withdrawal deadline, Unit guidelines, and section 2.9(f) of this Procedure; and
   (iii) The method in which evaluative feedback will be delivered (for example, via paper or electronic method);

(h) A schedule of the Academic Staff member’s availability for individual student consultation, in accordance with section 2.9(d);

(i) A schedule of term assignments and tests;

(j) A statement of the practice to be followed regarding late submission of assignments and missed term tests;

(k) A statement outlining parameters for the use of electronic and mechanical devices and course technology that may be required (for example, cellphones, laptops, tablets);

(l) A statement regarding recording of classes, with reference to any University policies that might apply;

(m) A statement referring Students with disabilities to Student Accessibility Services to facilitate the implementation of accommodations, and a statement communicating willingness to meet with Students to discuss the accommodations recommended by Student Accessibility Services; and

(n) A statement regarding academic integrity, including “plagiarism and cheating” and “examination personation” as described in the Calendar and, where appropriate, references to specific course requirements for individual work and group work, such as:
   (i) Group projects are subject to the rules of academic dishonesty;
   (ii) Group members must ensure that a group project adheres to the principles of academic integrity;
   (iii) Students should also be made aware of any specific instructions concerning study groups and individual assignments;

(iv) The limits of collaboration on assignments should be defined as explicitly as possible; and

(v) All work is to be completed independently unless otherwise specified.

2.6 Policy and Resource Document. Academic Staff shall provide to every student the information on University support offices and policies outlined in Schedule “A” to this Procedure, within the first week of classes, either through a paper copy and/or via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by the University from time to time).

2.7 Learning Materials. Academic Staff shall specify learning materials in accordance with announced purchasing deadlines.

2.8 Changes to Course Outline and Timing Requirements. Academic Staff who wish to make changes to the method of evaluation or format of assignments in the course outline after it has been distributed to the class shall proceed as follows:

(a) Academic Staff shall, in a timely fashion:
   (i) Discuss the proposed changes (e.g. in the class and/or through UM Learn) and encourage Students to provide feedback to the Academic Staff if there are any issues with the proposed changes;
   (ii) Provide the revised outline to the Academic Administrator of the Unit; and
   (iii) Confirm the changes in writing by providing the revised course outline to every Student registered in the course within the first week following the change, either through a paper copy and via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by University administration from time to time).

(b) In circumstances where weighting of assignments is changed retroactively, a Student who wishes to be graded according to the original course outline must advise the Academic Staff within at least five (5) Working Days of receiving the revised outline, failing which the Student will be graded according to the revised outline. Academic Staff shall advise Students of the deadline when they provide the revised outline.

2.9 Interactions with Students. In their interactions with Students, Academic Staff shall:

(a) not deny registration for instruction in those courses for which the permission of the Academic Staff is required, except where the Student lacks appropriate qualifications or where an approved policy on limited enrolment is in effect;

(b) comply with existing human rights legislation;

(c) not accept money or other goods or services from Students for assistance with any course offered by the University. This clause, however, shall not prevent student teaching assistants or other Academic Staff from accepting payment for tutoring in courses/sections which do not fall within the scope of their University employment;

(d) be available for a reasonable amount of time, on a known and posted basis, for individual consultation with Students registered in their courses or laboratories;

(e) evaluate student academic performance in a fair and reasonable manner, and by means of appropriate academic criteria;

(f) provide early evaluative feedback as specified in the course outline (see section 2.5(g));

(g) foster an exchange of ideas between themselves and their Students in the classroom and allow Students the freedom to take legitimate exception to the data, views, or methods presented;

(h) respect the confidentiality of information about Students;

(i) keep confidential any information about the academic performance of a Student, unless release is authorized by the Student, required by his/her instructional team, or requested by an administrative officer in accordance with the University policy on the release of information;

(j) explicitly acknowledge in written or oral presentations any contribution of student research or assistance;

(k) not obtain any improper personal advantage from a Student or Student work; and

(l) not retaliate against a Student who has filed a complaint, whether the complaint was substantiated or unsubstantiated.

2.10 Instruction. Academic Staff are responsible for:

(a) the organization, preparation and delivery of course material, the evaluation of student academic progress;

(b) the reporting of such evaluation in accordance with approved policies.
and schedules; and
(c) consultation with Students out of class or laboratory hours, and supervision of student research and thesis preparation.

2.11 Scheduled Classes. Academic Staff shall not cancel, miss, terminate or shorten scheduled instruction except for good reasons. Whenever a scheduled period of instruction is cancelled, the Academic Staff shall:
(a) inform the class at the earliest possible time;
(b) inform the Academic Administrator of his/her Unit at the earliest possible time; and
(c) where possible, ensure that appropriate substitution or make-up instruction is provided.

2.12 Evaluation. Academic Staff shall adhere to the relevant Senate-approved policy regarding professor-course evaluation.

2.13 Reporting Student Grades. Academic Staff who provide instruction shall comply with the schedules and formats for reporting student grades, as established by their Unit and the Registrar's Office. Where such grades are reviewed by Unit committees, Academic Staff should be available for the duration of the committees' work. Academic Staff must also correct any grade errors of which they become aware in a timely manner and notify the Student accordingly.

2.14 Term Work. Academic Staff shall adhere to Unit-specific policies regarding return and/or retention of term work. In the absence of Unit-specific policies, all term work shall be returned to the Student. Any unclaimed term work will be held by the Unit for 4 months from the end of the term in which the work was assigned. At the conclusion of this time, all unclaimed term work will become the property of the Unit and be destroyed according to the University's common records schedule, using confidential measures for disposal.

2.15 Class Size. Where necessitated by large class sizes or other circumstances, the Unit shall ensure that Academic Staff and/or designated substitutes are available for individual consultation with Students for a reasonable amount of time on a known and posted basis.

Collective Responsibilities of Academic Staff

2.16 Course Descriptions. Through their Unit councils, Academic Staff members should review program and course descriptions periodically to ensure that the material to be presented is current and appropriate and that the Calendar information is clear and accurate.

2.17 Materials. The following material must be kept on file in the Unit's general offices and made available to Students:
(a) University and Unit policy and procedures regarding class attendance and penalties, if any, for non-compliance;
(b) the information described in section 2.5 of this Procedure in regards to materials to be provided to Students by the Academic Staff of each course section;
(c) University and Unit policy and procedures regarding the evaluation of professors and courses by Students;
(d) University and Unit policy and procedures regarding student access to final examination scripts;
(e) University policy and procedures on student discipline;
(f) University and Unit policy and procedures regarding grade appeals;
(g) University policy and related procedures on the Responsibilities of Academic Staff with regard to Students;
(h) University policy and protocol regarding responding to sexual assault;
(i) University policy and related procedures on Respectful Work and Learning Environment;
(j) University policy and related procedures on Accessibility for Students with Disabilities; and
(k) University policy and related procedures on Intellectual Property.

2.18 Instruction. The Unit should ensure the provision of names of Academic Staff assigned to teach particular courses and sections at the earliest possible opportunity.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Procedure is required.

3.2 The Vice-Provost (Academic Affairs) is responsible for the implementation, administration and review of this Procedure.

3.3 Academic Staff and Academic Administrators are responsible for complying with this Procedure.

Part IV
Review

4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.

4.2 In the interim, this Procedure may be revised or repealed if:
(a) the Provost and Vice-President (Academic) or Approving Body deems it necessary or desirable to do so;
(b) the Procedure is no longer legislatively or statutorily compliant;
(c) the Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

Part V
Effect on Previous Statements

5.1 This Procedure supersedes all of the following:
(a) Responsibilities of Academic Staff with regard to Students Policy, effective July 4, 1979 and revised June 25, 1998;
(b) Cancellation of Scheduled Classes Policy, effective November 30, 1971 and revised November 29, 1988;
(c) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(d) all previous Administration Governing Documents on the subject matter contained herein.

Part VI
Cross References

6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Responsibilities of Academic Staff with Regard to Students Policy;
(b) Schedule "A": Policy and Resource Document;
(c) Conflict of Interest Policy;
(d) Conflict of Interest between Evaluators and Students due to Close Personal Relationships Policy;
(e) Electronic Communication with Students Policy;
(f) Final Examination and Final Grades Policy;
(g) Grade Point Averages Policy;
(h) Intellectual Property Policy;
(i) Multi-Sectioned Courses Policy;
(j) Respectful Work and Learning Environment Policy;
(k) Responsible Conduct of Research Policy;
(l) Student Advocacy Office Policy;
(m) Student Discipline Bylaw;
(n) Student Academic Misconduct Procedure;
(o) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(q) Student Discipline Appeal Procedure;
(r) Teaching Evaluation Policy;
(s) The University of Manitoba Accessibility Policy;
(t) University Health Services Policy;
(u) Voluntary Withdrawal Policy.

SCHEDULE "A":
POLICIES AND RESOURCES

1. In accordance with section 2.6 of the Responsibilities of Academic Staff with Regard to Students procedure, Academic Staff shall provide the following information to every student within the first week of classes, either through a paper copy and/or via the University's student information system (Aurora, UM Learn, or such other University information system as may be approved by the University from time to time):
(a) A list of academic supports available to Students, such as the Academic Learning Centre, Libraries and other supports as may be appropriate;
(b) A statement regarding mental health that includes referral information to resources and student supports, such as Student Counselling Centre, University Health Services and other supports as may be appropriate;
(c) A notice to respect copyright, with a reference directing Students to the University's Copyright Office;
(d) A statement directing the Student to University and Unit policies, procedures and supplemental regulations available online, with special direction to review the University's policies and procedures regarding:
   (i) Academic Dishonesty: plagiarism, cheating and examination impersonation;
   (ii) Student access to final examination scripts;
   (iii) Student discipline;
   (iv) Grade appeals;
   (v) Student advocacy;
   (vi) Respectful Work and Learning Environment;
   (vii) Sexual Assault; and
   (viii) Intellectual Property.
2. The University's Centre for Advancement Teaching and Learning will compile sample language and templates for Academic Staff to use in fulfilling the above requirements.

This Policy is available online at:
http://umanitoba.ca/admin/governance/governing_documents/students/278.html

Respectful Work and Learning Environment and Sexual Assault Policy

Respectful Work and Learning Environment Policy

Part I
Reason for Policy

1.1 The reason for this Policy is to:
(a) Promote and support a respectful work and learning environment at the University; and
(b) Ensure compliance with relevant legislation, including The Human Rights Code (Manitoba), and The Workplace Health and Safety Regulation (Manitoba).

Part II
Policy Content
Definitions

2.1 The following terms are defined for the purpose of this Policy:
(a) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
(b) "Breach" means any conduct, behaviour, action or omission which is prohibited under this Policy or the Procedure, including but not limited to Discrimination, Harassment, and Reprisals.
(c) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(d) "Committee" means the Human Rights Advisory Committee, established pursuant to section 2.13 of this Policy.
(e) "Complainant" means the individual or individuals bringing forward a complaint of a Breach.
(f) "Designated Officer" means the Vice-President (Administration), or designate.
(g) "Discrimination" has the same meaning as defined in section 2.5 of the Procedure.
(h) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(i) "Formal Complaint" means a complaint to the Human Rights and Conflict Management Officer that is in writing and contains, at minimum, the following information:
   (i) The name of the Complainant and contact information for the Complainant;
   (ii) A description of the alleged Breach;
   (iii) The approximate date of the alleged Breach, being within 1 year from the date of the most recent alleged incident unless, in the discretion of the Human Rights and Conflict Management Officer, extenuating circumstances would warrant an extension of time;
   (iv) The name of the Respondent;
   (v) Contact information for the Respondent, if known;
   (vi) An indication that the Complainant desires the complaint to be the subject of an Investigation; and
   (vii) The Complainant's signature.
(j) "Harassment" refers to Personal Harassment, Human Rights Based Harassment, and/or Sexual Harassment as defined in section 2.10 of the Procedure.
(k) "Human Rights and Conflict Management Officer" or "HRCMO" means an individual appointed by the University of Manitoba as someone possessing the appropriate training and skills to fulfill the role outlined in section 2.17 of this Policy.
(l) "Informal Resolution" means the resolution of an alleged Breach to the satisfaction of the Complainant and the Respondent, without an Investigation being completed.
(m) "Investigation" means a formal investigation of an alleged Breach conducted in accordance with the Procedure.
(n) "Investigator" means one or more persons appointed as the investigator of an alleged Breach, pursuant to section 2.36 of the Procedure.
(o) "Policy" means this Respectful Work and Learning Environment Policy.
(p) "Preliminary Assessment" means the initial review of a Formal Complaint, in accordance with sections 2.23 to 2.28 of the Procedure.
(q) "Procedure" means the RWLE and Sexual Assault Procedure.
(r) "Protected Characteristic" has the same meaning as defined in section 2.6 of the Procedure.
(s) "Reasonable Accommodation" means an accommodation of the special needs of any individual or group, if those special needs are based upon any Protected Characteristic, that is reasonable but not necessarily perfect in the circumstances, that does not cause undue hardship to the University, and does not compromise bona fide and reasonable requirements of the University.
(t) "Reprisal" has the same meaning as defined in section 2.57 of the Procedure.
(u) "School" means a "School of the University" or a "School of the Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(v) "University" means The University of Manitoba.
(w) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.
(x) "University Matter" has the same meaning as defined in section 2.3 of the Procedure.

Vision for the University Community

2.2 The University wishes to promote and support a community which embraces diversity and inclusion, provides for equality of opportunity, and recognizes the dignity of all people.

2.3 Members of the University Community, including every student and employee, are entitled to a respectful work and learning environment that is:
(a) Free from Discrimination and provides for Reasonable Accommodation;
(b) Free from Harassment; and
(c) Collegial and conducive to early resolution of conflict between members of the University Community.

2.4 A respectful work and learning environment is critical to the success and proper functioning of the University. Whether behaviour is viewed as respectful can be influenced by place, time, and context.

2.5 The University wishes to encourage early resolution of conflict between members of the University Community, and to provide guidance to managers, Academic Staff and Unit Heads on addressing behaviour that falls short of Harassment or Discrimination, but that nevertheless has a negative impact on the work and learning environment for which they are
2.6 Managers, Academic Staff and Unit Heads must encourage a respectful environment within the work and learning environments for which they are primarily responsible. They are expected to identify and address issues of concern in a timely manner, recognizing the value of early intervention. The University will provide training and resources to assist managers, Academic Staff and Unit Heads to fulfill these expectations.

Implementation of Vision
2.7 In furtherance of its vision, the University will:
(a) Through various academic and administrative units and programs, educate members of the University Community about:
   (i) The University's general expectations for respectful conduct;
   (ii) The rights and obligations of members of the University Community under this Policy and the Procedure; and
   (iii) Best practices to facilitate early resolution of conflict between members of the University Community and/or to address behaviour that falls short of Harassment or Discrimination, but nevertheless has a negative impact on the work and learning environment.
(b) Ensure, so far as is reasonably practicable, that:
   (i) No member of the University Community is subjected to Discrimination or Harassment while participating in a University Matter;
   (ii) No employee is subjected to Discrimination or Harassment in the workplace; and
   (iii) No student is subjected to Discrimination or Harassment in the learning environment;
(c) Adopt procedures, protocols, and practices which will encourage individuals to bring concerns about an alleged Breach to an appropriate authority, including provisions to protect against Reprisal those who bring forward such allegations;
(d) Provide supports to encourage and facilitate the Informal Resolution of an alleged Breach where appropriate;
(e) Take action respecting any person under the University’s direction who subjects a student, an employee, or any other member of the University Community, to Discrimination or Harassment;
(f) Supplement existing policies, procedures bylaws, by providing a mechanism for the Investigation of an alleged Breach; and
(g) Adopt procedures, protocols and practices which promote the creation of a respectful environment, including providing guidance on how to deal with matters of concern which do not constitute Harassment or Discrimination.

2.8 The University is committed to promoting a respectful work and learning environment by encouraging all members of the University Community to:
(a) Bring forward credible evidence of a Breach of which they become aware, to an appropriate authority;
(b) Provide reasonable cooperation in an Investigation of a Breach; and
(c) Be aware of their rights and responsibilities under this Policy.
2.9 Discipline may be implemented against any person whose behaviour is (a) The Associate Vice-President (Human Resources) or designate; and
(b) The Vice-Provost (Students) or designate; and
(c) The Vice-Provost (Academic Affairs) or designate, provided that the designate holds an academic appointment with the University.
2.10 All members of the University Community have a responsibility to educate themselves as to expectations for respectful conduct and reporting requirements as outlined in this Policy and the Procedure.
2.11 All members of the University Community, especially those in an instructional, supervisory or managerial position, have a duty to educate those for whom they are responsible regarding expectations for respectful conduct, including this Policy and the Procedure. It is further the duty of such individuals to deal appropriately with allegations regarding Breaches or other violations of this Policy and the Procedure.
2.12 The University, through the Office of Human Rights and Conflict Management and other units as appropriate, will provide information to and respond to inquiries from the University Community regarding the University’s expectations for respectful conduct and the rights and obligations of members of the University Community under this Policy and the Procedure.

Human Rights Advisory Committee
2.13 The University will establish a Human Rights Advisory Committee, with a membership consisting of:
(a) The Associate Vice-President (Human Resources) or designate;
2.23 This Policy and the Procedure applies to the general workplace, but is not intended to:
(a) Detract from academic freedom;
(b) Regulate teaching techniques and pedagogy; or
(c) Limit the legitimate work of managers, supervisors and academic administrators to assign work and provide feedback on work or performance.

5.1 Governing Document reviews shall be conducted every three (3) Review

5.2 In the interim, this Policy may be revised or repealed by Approving Body

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) Comply with the revised Policy; or
(b) Are in turn repealed.

Part VI
Effect on Previous Statements

6.1 This Policy supersedes all of the following:
(a) Respectful Work and Learning Environment Policy, dated January 27, 2009;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII
Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) RWLE and Sexual Assault Procedure;
(b) Sexual Assault Policy;
(c) Academic Freedom and Responsibilities Policy;
(d) Access and Privacy Policy and Procedure;
(e) Definitions of Academic Units Policy;
(f) Records Management Policy and Procedure;
(g) Responsible Conduct of Research Policy;
(h) Student Discipline Bylaw;
(i) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(j) Student Discipline Appeal Procedure;
(k) Violent or Threatening Behaviour Policy and Procedure;
(l) Use of Computer Facilities Policy and Procedure;
(m) Criminal Code, RSC 1985, c C-46.
(n) The Human Rights Code, C.C.S.M. c. H175;

Respectful Work and Learning Environment and Sexual Assault Procedures

Part I
Reason for Procedure

1.1 The reason for this Procedure is to:
(a) Promote and support a respectful work and learning environment at the University;
(b) Provide specific guidance for the University Community regarding expectations for respectful conduct;
(c) Provide a mechanism for the consideration of complaints of Harassment, Discrimination, Sexual Assault, or Reprisal, for Informal Resolution of concerns regarding the work and learning environment, and for the Investigation of an alleged Breach; and
(d) Ensure compliance with relevant legislation, including The Human Rights Code (Manitoba), and The Workplace Health and Safety Regulation (Manitoba).

1.2 Nothing in this Procedure is intended to detract from academic freedom of the University’s Academic Staff.

1.3 Nothing in this Procedure is intended to detract from the rights and duties of those with supervisory authority to manage, and if necessary to discipline faculty, employees and students, in accordance with applicable legislation or common law, collective agreements or University policies, procedures or bylaws.

1.4 This Procedure is not intended to be an exhaustive list of all issues of conduct which may arise in the University Community.

Part II
Procedural Content
Definitions

2.1 The following terms are defined for the purpose of this Procedure:
(a) “Academic Staff” refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes
employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.

(b) "Breach" means any conduct, behaviour, action or omission which is prohibited under the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure, including but not limited to Discrimination, Harassment, Sexual Assault, and Reprisals.

c) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

d) "Committee" means the Human Rights Advisory Committee established pursuant to section 2.13 of the Respectful Work and Learning Environment Policy or pursuant to section 2.20 of the Sexual Assault Policy to:
  (i) Hear appeals from Preliminary Assessment decisions, in accordance with this Procedure;
  (ii) Receive and review the HRCMO's annual report under section 2.18 of the Respectful Work and Learning Environment Policy and under section 2.25 of the Sexual Assault Policy; and
  (iii) Provide advice and guidance on potential amendments or revisions to the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, and/or this Procedure.

e) "Complainant" means the individual or individuals bringing forward a complaint of a Breach.

(f) "Consent" has the same meaning as defined in section 2.14 of this Procedure.

(g) "Designated Officer" means the Vice-President (Administration), or designate.

(h) "Discrimination" has the same meaning as defined in section 2.5 of this Procedure.

(i) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

(j) "Formal Complaint" means a complaint to the Human Rights and Conflict Management Officer under the Respectful Work and Learning Environment Policy or the Sexual Assault Policy that is in writing and contains, at minimum, the following information:
  (i) The name of the Complainant and contact information for the Complainant;
  (ii) A description of the alleged Breach;
  (iii) The approximate date of the alleged Breach, being within 1 year from the date of the most recent alleged incident unless, in the discretion of the Human Rights and Conflict Management Officer, extenuating circumstances would warrant an extension of time;
  (iv) The name of the Respondent;
  (v) Contact information for the Respondent, if known;
  (vi) An indication that the Complainant desires the complaint to be the subject of an Investigation; and
  (vii) The Complainant's signature.

(k) "Harassment" refers to Personal Harassment, Human Rights Based Harassment, and/or Sexual Harassment as defined in section 2.10 of this Procedure.

(l) "Human Rights and Conflict Management Officer" or "HRCMO" means an individual appointed by the University, students, volunteers, external members, or any University Community member, as defined in section 2.13 of this Procedure.

(m) "Informal Resolution" means the resolution of an alleged Breach to the satisfaction of the Complainant and the Respondent, without an Investigation being completed.

(n) "Investigation" means a formal investigation of an alleged Breach conducted in accordance with this Procedure.

(o) "Investigator" means one or more persons appointed as the investigator of an alleged Breach, pursuant to section 2.36 of this Procedure.

(p) "Preliminary Assessment" means the initial review of a Formal Complaint, in accordance with sections 2.23 to 2.28 of this Procedure.

(q) "Procedure" refers to this RWLE and Sexual Assault Procedure.

(r) "Protected Characteristic" has the same meaning as defined in section 2.6 of this Procedure.

(s) "Reasonable Accommodation" means an accommodation of the special needs of any individual or group, if those special needs are based upon any Protected Characteristic, that is reasonable but not necessarily perfect in the circumstances, that does not cause undue hardship to the University, and does not compromise bona fide and reasonable requirements of the University.

(t) "Report" has the same meaning as defined in section 2.46 of this Procedure.

(u) "Reprisal" has the same meaning as defined in section 2.57 of this Procedure.

(v) "Representative" means:
  (i) in the case of a student, a Student Advocate, a representative from the University of Manitoba Students' Union, a representative from the Graduate Students' Association, a member of the University Community not receiving payment for appearing, a member of the student's immediate family or other support person as may be appropriate;
  (ii) in the case of another member of the University Community, a lawyer or support person as may be appropriate; and
  (iii) in the case of another member of the University Community, a lawyer or support person as may be appropriate.

(w) "Respondent" means an individual or individuals accused of having caused or contributed to a Breach.

(x) "School" means a "School of the University" or a "School of the Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(y) "Sexual Assault" has the same meaning as defined in section 2.13 of this Procedure.

(z) "STATIS" means the Student/Staff Threat Assessment Triage Intervention Support team comprised of the following representatives:
  (i) Vice-Provost (Students);
  (ii) Associate Vice-President (Human Resources);
  (iii) Director, Security Services;
  (iv) Executive Director, Student Support;
  (v) Student Support Case Manager; and
  (vi) Legal Counsel.

(aa) "Student Advocate" is a member of the University's Student Advocacy Office who provides students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.

(bb) "Unit" means a Faculty, College, School, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a Faculty or School is not a Unit as the term is used within this Procedure.

(cc) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice- Presidents, Associate Vice-Presidents, and Vice-Provosts with respect to their Units.

(dd) "University" means The University of Manitoba.

(ee) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.

(ff) "University Instituted Investigation" means an Investigation initiated by the Designated Officer in consultation with the HRCMO, pursuant to section 2.34 of this Procedure.

(gg) "University Matter" has the same meaning as defined in section 2.3 of this Procedure.

**SCOPE**

2.2 This Procedure applies to members of the University Community in relation to any University Matter.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates, which has a substantial connection to the University, such as:

(a) University-related activities or events, including but not limited to:
  (i) Any activity or event on property owned or controlled by the University;
  (ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;
  (iii) The offering of any service by the University, including educational services;
  (iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities;
(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:
(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

**PROHIBITED CONDUCT**

Discrimination

2.4 Subject to section 2.8 of this Procedure, any member of the University Community who commits Discrimination in relation to a University Matter will be subject to discipline.

2.5 “Discrimination” means an intentional or unintentional act or omission resulting in:
(a) Differential treatment of:
   (i) An individual on the basis of the individual’s actual or presumed membership in or association with some class or group of persons, rather than on the basis of personal merit;
   (ii) an individual or group on the basis of any Protected Characteristic;
   (iii) an individual or group on the basis of the individual or group’s actual or presumed association with another individual or group whose identity or membership is determined by any Protected Characteristic;
(b) Failure to make Reasonable Accommodation for the special needs of an individual or group, if those needs are based upon a Protected Characteristic.

2.6 “Protected Characteristic” means those characteristics listed in The Human Rights Code (Manitoba) (as amended from time to time) as being protected, which at the time of approval of this Procedure include:
(a) Ancestry, including colour and perceived race;
(b) Nationality or national origin;
(c) Ethnic background or origin;
(d) Religion or creed, or religious belief, religious association or religious activity;
(e) Age;
(f) Sex, including sex-determined characteristics or circumstances, such as pregnancy, the possibility of pregnancy, or circumstances related to pregnancy;
(g) Gender identity;
(h) Sexual orientation;
(i) Marital or family status;
(j) Source of income;
(k) Political belief, political association or political activity;
(l) Physical or mental disability or related characteristics or circumstances, including reliance on a service animal, a wheelchair, or any other remedial appliance or device;
(m) Social disadvantage.

2.7 Examples of Discrimination include, but are not limited to:
(a) Systemic discrimination resulting from interrelated actions, policies, or rules which together have a discriminatory effect;
(b) Evaluations of performance based on a Protected Characteristic;
(c) Establishment of a scholarship, bursary, or other award which provides for differential treatment of a particular group, subject to 2.8 of this Procedure; or
(d) Failure to provide a Reasonable Accommodation.

2.8 Acts or omissions which would otherwise be Discrimination under this Procedure are permitted where:
(a) There is a bona fide and reasonable cause for the Discrimination.
(b) The acts or omissions are intended and likely to:
   (i) Make Reasonable Accommodation for the special needs of an individual or group; or
   (ii) Ameliorate the conditions of disadvantaged individuals or groups, including those disadvantaged by a Protected Characteristic.
(c) The acts or omissions are in the context of a research project that has received all required research ethics approvals.

Harassment

2.9 Any member of the University Community who commits Harassment in relation to a University Matter will be subject to discipline.

2.10 “Harassment” refers to:
(a) “Personal Harassment”, which means offensive behaviour directed towards another person and not connected to a Protected Characteristic, including but not limited to:
   (i) A severe single incident or a series of incidents of objectionable and unwelcome conduct or comments, directed toward a specific person or group, which does not serve a reasonable work or academic purpose, and objectively would have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;
   (ii) Verbal or written abuse, threats or intimidation that objectively is humiliating or demeaning;
   (iii) Objectionable and unwelcome conduct or comments that objectively impacts the mental or physical health of another person;
(b) “Human Rights Based Harassment”, which means offensive behaviour connected to a Protected Characteristic, including but is not limited to:
   (i) A severe single incident or a series of incidents of objectionable and unwelcome conduct or comments, directed toward a specific person or group, which objectively would have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;
   (ii) Verbal or written abuse, threats or intimidation that objectively is humiliating or demeaning;
   (iii) Objectionable and unwelcome conduct or comments that objectively impacts the mental or physical health of another person;
   (iv) Sexual Harassment.

(c) “Sexual Harassment”, which is a form of Human Rights Based Harassment and refers to a course of objectionable and unwelcome conduct or comments undertaken or made on the basis of the Protected Characteristics 2.6(f), 2.6(g), or 2.6(h), including but not limited to:
   (i) Unwanted sexual attention, including persistent invitations for dates, by a person who knows or ought reasonably to know that such attention is unwanted or unwelcome;
   (ii) Gender-based abusive or unwelcome conduct or comments that would objectively have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;
   (iii) Sexist jokes or remarks, including comments regarding a person’s appearance or clothing;
   (iv) Leering, ogling, or other sexually oriented gestures;
   (v) Questions about a person’s sexual history, sexuality, sexual orientation, or sexual identity by a person who knows or ought reasonably to know that the questions are unwanted or unwelcome;
   (vi) Offensive physical contact by a person who knows or ought reasonably to know that the contact is unwanted or unwelcome;
   (vii) A single sexual solicitation or advance or a series of solicitations or advances made by a person who is in a position to confer any benefit on or deny any benefit to the recipient, and who knows or ought reasonably to know that the solicitation or advance was unwanted or unwelcome;
   (viii) A Reprisal for rejecting a sexual solicitation or advance.

2.11 It is not Harassment or otherwise a violation of this Procedure for:
(a) A supervisor or manager to engage in the legitimate evaluation of the performance of an employee or contractor, or otherwise overseeing their work;
(b) Academic Staff to engage in the academic evaluation of a student’s
2.22 The HRCMO may decide not to facilitate an Informal Resolution process where:
(a) Successful resolution is unlikely;
(b) The concerns were not brought forward in a timely manner; or
(c) A full Investigation would better serve the University and the purposes of the Respectful Work and Learning Environment Policy and/or the Sexual Assault Policy.

Preliminary Assessment of Formal Complaints.
2.23 The HRCMO will conduct a Preliminary Assessment for each Formal Complaint to determine whether or not an Investigation should proceed in accordance with this Procedure. Except in extenuating circumstances, the HRCMO will complete a Preliminary Assessment of a Formal Complaint within 30 working days of receiving the Formal Complaint.
2.24 A Formal Complaint will not proceed to Investigation, and no further action is required by the HRCMO or the University, if the Formal Complaint does not strictly meet the requirements of section 2.1(i) of this Procedure, including but not limited to where the Formal Complaint is not in writing, is anonymous, is out of time, or does not contain all the required information.
2.25 Notwithstanding subsection 2.24 and subject to subsection 2.55 of this Procedure, the HRCMO may exercise his or her discretion to accept a non-compliant Formal Complaint or to bring a non-compliant Formal Complaint to the attention of the Designated Officer for consideration of a University Instituted Investigation.
2.26 In making his or her Preliminary Assessment, the HRCMO will consider whether:
(a) The Formal Complaint deals with a Breach to which the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure applies;
(b) The Formal Complaint appears credible, to have been made in good faith, and not to be frivolous or vexatious;
(c) The issues disclosed by the Formal Complaint have not been or are not in the process of being addressed in another forum or pursuant to a collective agreement or University policy, procedure or bylaw, which would deal comprehensively with the alleged Breach;
(d) The issues disclosed by the Formal Complaint would more appropriately be dealt with in another forum or through another process;
(e) The matters included in the Formal Complaint are of sufficient seriousness to warrant an Investigation;
(f) An Investigation would serve the University in furthering the objectives under the Respectful Work and Learning Environment Policy and/or the Sexual Assault Policy; and
(g) The Complainant has attempted to address the matters included in the Formal Complaint through Informal Resolution, pursuant to the Respectful Work and Learning Environment Policy, the Sexual Assault Policy and this Procedure.
2.27 The HRCMO will advise the Complainant in writing of his or her decision on the Preliminary Assessment. Where the Formal Complaint is not accepted to proceed to an Investigation, the HRCMO will include brief reasons for his or her decision. Where the Preliminary Assessment was not completed within 30 working days, the Complainant will also be informed as to the reason for the delay.
2.28 A Formal Complaint that is not accepted to proceed to an Investigation after Preliminary Assessment and appeal of the Preliminary Assessment, if any, will require no further action by the HRCMO or by the University.

Appeal of Preliminary Assessment
2.29 If a Formal Complaint is dismissed by the HRCMO on Preliminary Assessment, the Complainant may appeal the HRCMO’s decision by giving notice and submissions in writing to the Designated Officer within 10 working days from the date of the HRCMO’s decision. The submissions must include:
(a) A letter to the Designated Officer clearly explaining the grounds for the appeal, with specific reference to section 2.30 of this Procedure;
(b) A copy of the letter of decision from the HRCMO; and
(c) A copy of all of the documentation submitted to the HRCMO with the Formal Complaint (no new documentation can be submitted at this time).
2.30 The grounds for an appeal of a Preliminary Assessment include:
(a) Failure of the HRCMO to follow the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure;
(b) Failure of the HRCMO to reasonably consider all factors relevant to the decision being appealed;
The Investigator will ensure that:
(a) The Complainant must be provided an opportunity to explain and provide evidence in support of the Complaint;
(b) The Respondent must be informed of the alleged Breach and provided a copy of the Formal Complaint.
(c) The Respondent must be provided a reasonable opportunity to respond to the allegations. The Respondent must be provided access to documentary and other evidence as required to ensure procedural fairness and natural justice, subject to section 2.69 of this Procedure;
(d) While strict rules of evidence do not apply, appropriate weight must be given to evidence based on its credibility and reliability; and
(e) Witnesses (including Complainants and Respondents) may consult with and be accompanied by a Representative.

2.41 An Investigation must normally be completed within 90 working days of the Complaint being assigned to the Investigator. The Investigator may apply to the HRCMO for an extension of time of up to 30 working days. An Investigator may make multiple applications for extensions, but extensions may only be granted if reasonable in the circumstances and at a maximum of 30 working days at a time. The HRCMO will inform the Complainant and Respondent in writing of any extensions granted.

2.42 If, prior to or in the course of an Investigation:
(a) The Investigator discovers that another Breach may have occurred, that others may have been involved in the Breach or there has been an allegation or act of Reprisal, the Investigator may apply to the HRCMO to expand the scope of the Investigation;
(b) A subsequent complaint, cross-complaints, allegation or act of Reprisal, or other matters related to a violation of the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure is raised which would most efficiently be dealt with through the same Investigation, the HRCMO may expand the scope of the Investigation; or
(c) It becomes clear that a Formal Complaint would be most efficiently and thoroughly investigated jointly with another organization or institutional partner, the HRCMO may make arrangements for a joint Investigation, so long as reasonable provisions are made to respect confidentiality.

2.43 Nothing in this Procedure is intended to prevent any Unit Head, or member of the University Community in an instructional, supervisory or managerial position, from taking reasonable and immediate steps to:
(a) Address a situation dangerous to the health or safety of the University Community in accordance with University policy, procedure, bylaw, and/or applicable collective agreements;
(b) Protect University funds or assets;
(c) Take interim measures intended to facilitate a thorough Investigation, discourage Reprisal, or prevent future Breaches; or
(d) Manage, and if necessary discipline, employees or students in accordance with University policy, procedure, bylaw, and/or applicable collective agreements.

2.44 At any time during an Investigation, and with the consent of the Complainant, Respondent and the HRCMO, the Investigation may be suspended in order to provide an opportunity for Informal Resolution.

Reports on Investigations
2.45 At the conclusion of the Investigation, the Investigator will issue a Report to the Designated Officer and the HRCMO.

2.46 "Report" means a report that is issued by the Investigator at the end of an Investigation and contains, at a minimum, the following information:
(a) A summary of the Formal Complaint and the alleged Breach;
(b) A summary of the process and key timelines in the Investigation;
(c) A summary of the key evidence obtained through the Investigation, including a summary of the response of the Respondent;
(d) An indication of which key evidence was considered credible and reliable;
(e) A conclusion as to whether, on a balance of probabilities, a Breach has been committed, including identification of which individuals caused or contributed to the Breach;
(f) A summary of the Investigator’s reasons for the conclusion; and
(g) A summary of any remedial measures taken in regard to a Breach to the date of the Report.

Finding of No Breach of Policy
2.47 If it is determined that no Breach has occurred, the Designated Officer will advise the Complainant and Respondent accordingly and may choose to provide them with a copy of the Report. No further action will be taken and no record of the complaint will be placed on the University’s official employment file or student file for the Respondent.

2.48 No record of the complaint shall be kept in the Complainant’s personnel file or student record unless it is determined that the complaint was frivolous or vexatious. The University may take disciplinary action against a complainant in cases where frivolous or vexatious complaints are submitted.
Finding of Breach of Policy
2.49 If it is determined that a Breach has occurred, or that discipline is warranted under section 2.61 of this Procedure, the Designated Officer may distribute the Report in accordance with section 2.54 of this Procedure to decide upon and implement discipline, mitigation steps or remedial measures.
2.50 The Designated Officer may request the Investigator to prepare a summary of the Report for the purposes of protecting confidentiality and protecting the identity of persons involved in the Investigation. The Investigator may consult with the Access & Privacy Office and/or the Office of Legal Counsel for assistance in preparing such summary.
2.51 The Designated Officer will provide a summary and/or the Report (either in original or redacted form), within 30 working days of receiving the Report, to:
(a) The Complainant;
(b) The Respondent;
(c) All such individuals as the Designated Officer believes necessary to decide upon and implement discipline, mitigation steps, or remedial measures, in accordance with section 2.54;
(d) All such individuals as the Designated Officer believes necessary to implement due diligence to prevent similar or related Breaches in the future;
(e) All such individuals as the Designated Officer reasonably believes necessary to protect or restore the reputation of those wrongly accused of causing or contributing to a Breach; and
(f) Any other person required in order to comply with legal, regulatory, or contractual obligations.
2.52 In each case the summary or Report will include, at a minimum, a summary of any evidence provided by the recipient and enough information for the recipient to understand the essential nature of the Formal Complaint and whether or not a Breach was found to have occurred. Such information will be provided in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act

DISCIPLINE
2.53 Individuals who are found in Breach of the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure will be subject to disciplinary action as follows:
(a) Where the individual is an employee, the discipline will be implemented in accordance with applicable legislation, common law, collective agreements, and University policies, procedures or bylaws.
(b) Where the individual is a student, the discipline will be implemented in accordance with the Student Discipline Bylaw and the Student Non-Academic Misconduct and Concerning Behaviour procedure.
(c) Where the individual is neither an employee nor a student, the Vice-President (Administration) or designate may make any determination regarding the individual’s continued access to the University in accordance with the Vice-President (Administration) Bylaw.
2.54 Before deciding on or implementing any discipline, mitigation steps or other remedial measures, the Designated Officer may seek advice and guidance from appropriate individuals, which may include: the HRCMO, the Associate Vice-President (Human Resources), the Director of Staff Relations, the Vice-Provost (Students), legal counsel, the supervisor or manager of an employee, and/or the Unit Head of the affected Unit.
2.55 Anonymous material may only be considered in a disciplinary decision where it would not violate the principles of procedural fairness and natural justice, and it would not conflict with an applicable collective agreement.

APPEAL OF DISCIPLINE
2.56 The Respondent may appeal a disciplinary decision made against him or her as follows:
(a) If the Respondent is a unionized employee, in accordance with the appropriate grievance process defined by any applicable collective agreement;
(b) If the Respondent is a student, in accordance with the Student Discipline Bylaw and the Student Discipline Appeal Procedure.

PROTECTION FROM REPRISAL
2.57 Subject to section 2.61, "Reprisal" means any of the following measures taken against a Complainant or any other person because they have sought advice regarding the Respectful Work and Learning Environment Policy or the Sexual Assault Policy, brought forward allegations of a Breach or made a Formal Complaint, cooperated with an Investigation, or rejected a sexual solicitation or advance:
(a) Discipline;
(b) Academic penalties (in the case of students);
(c) Demotion;
(d) Termination of employment;
(e) Termination of an academic appointment;
(f) Any other measure which significantly adversely affects his or her working conditions or educational experience; and
(g) A threat to take any of the measures referred to above.
2.58 A Complainant, Respondent, witness, and/or any other person who has sought advice regarding the Respectful Work and Learning Environment Policy or the Sexual Assault Policy, who has brought forward allegations of a Breach, who has made a Formal Complaint, who has cooperated with an Investigation, or who has rejected a sexual solicitation or advance, is entitled to be protected from a Reprisal. An individual may complain about an alleged Reprisal to the Investigator or to the HRCMO.
2.59 Upon observing or being notified of an alleged Reprisal the Investigator may:
(a) Investigate and include in his or her Report information relating to the alleged Reprisal; and
(b) If the matter is urgent, refer the information regarding alleged Reprisal to the HRCMO.
2.60 Where the Investigator refers an urgent allegation of Reprisal to the HRCMO, the HRCMO will advise the Designated Officer and any such persons as believed necessary to discuss and implement interim measures. Interim measures may be implemented by the Designated Officer or the Unit Head.
2.61 It is not a Reprisal for the University to implement discipline or take other measures against an individual if:
(a) The individual has interfered or attempted to interfere with an Investigation;
(b) The person made a Formal Complaint or allegations in bad faith;
(c) The individual has materially breached the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure; or
(d) Discipline is otherwise warranted against the individual under applicable legislation or common law, or University policies, procedures or bylaws.
2.62 Even where an individual indicates that he or she wishes to withdraw a Formal Complaint (including for fear of Reprisal or being identified) during an Investigation, the Designated Officer may determine that the issue is important enough that an Investigation must continue.

CONFIDENTIALITY
Obligations of Confidentiality by University with respect to Allegations of Breach
2.63 The University will not disclose the name of a Complainant or Respondent or the circumstances related to a complaint of alleged Breach except where disclosure is:
(a) Necessary to investigate the complaint or take corrective action with respect to the complaint; or
(b) Required by law.
Obligations of Confidentiality by University with respect to Findings of Breach
2.64 The University will not disclose the name of a Complainant or the circumstances related to a finding of Breach except where disclosure is:
(a) Necessary to address a risk to the health or safety of an individual or group;
(b) Necessary to comply with insurance requirements; or
(c) Required by law.
2.65 The University may disclose the name of the Respondent or the circumstances related to a finding of Breach for the following purposes:
(a) In order to address a risk to the health or safety of an individual or group;
(b) In order to prevent further or continuing Breaches or other violations of the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure;
(c) In order to obtain confidential professional advice;
(d) In order to report a legal offense to appropriate authorities;
(e) In order to respond to legal or administrative proceedings;
(f) In order to comply with any legal or contractual requirement;
(g) In accordance with the Access and Privacy policy; or
(b) As otherwise permitted or as necessary to give effect to the Respectful Work and Learning Environment Policy, the Sexual Assault Policy, or this Procedure.

Information to be minimum amount necessary for purpose

2.66 Personal information that is disclosed under section 2.63 and 2.65 above in respect of an alleged Breach or a finding of Breach will be the minimum amount necessary for the purpose.

Obligations of Confidentiality by the Complainant, Respondent, and Witnesses

2.67 The Complainant, the Respondent, and witnesses involved in an Investigation must keep confidential:

(a) The existence and nature of the Investigation; and

(b) Any information or documentation obtained as a result of the Investigation;

which information may only be disclosed to those who reasonably need to know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the HRCMO or from the Access and Privacy Office. This section is not intended to limit the distribution of Reports as contemplated by this Procedure.

2.68 Notwithstanding section 2.67, the Complainant, the Respondent, and witnesses involved in the Investigation may:

(a) Obtain confidential advice and/or direction in relation to the complaint from persons such as their supervisor, lawyer, union representative, Student Advocate, or support person, as may be appropriate);

(b) Disclose information to others only to the extent reasonably necessary to gather evidence and, in the case of a Respondent, to make full answer and defense to the allegations; and

(c) Use information obtained independent of the Investigation in any other forum.

Obligations of Confidentiality by the Investigator

2.69 The Investigator, in conducting the Investigation, will comply with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act with respect to personal information and personal health information collected, used and disclosed in the course of the investigation. Where the Investigator is unsure of whether they may disclose particular information, they may seek advice from the University’s Access and Privacy Office. The Investigator will further ensure that individuals participating in the Investigation are only provided with such information as they may reasonably need to know to be effective witnesses, or in the case of a Respondent, to address the allegations in accordance with the principles of procedural fairness and natural justice. Subject to section 2.40 of this Procedure, individuals participating in the Investigation may not necessarily be provided with all information, documentation, the names of Complainants or other witnesses, or the full text of the Formal Complaint.

2.70 The Investigator will advise all persons involved with an Investigation as to their obligations regarding confidentiality, and the protections available to them under this Procedure. Records Management

2.71 The University will maintain files with respect to each complaint in accordance with the Records Management Policy and Procedure. The Investigator will securely transfer his or her files to the HRCMO once the Investigation has concluded.

Part III

Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Procedure is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Procedure.

3.3 All members of the University Community are responsible for complying with this Procedure.

Part IV

Review

4.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Procedure is June 22, 2019.

4.2 In the interim, this Procedure may be revised or repealed if:

(a) the Approving Body deems it necessary or desirable to do so;

(b) this Procedure is no longer legislatively or statutorily compliant;

(c) this Procedure is now in conflict with another Governing Document; and/or

(d) the Parent Policy is revised or repealed.

Part V

Effect on Previous Statements

5.1 This Procedure supersedes all of the following:

(a) Respectful Work and Learning Environment Procedure, effective January 27, 2009, and revised March 15, 2010;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VI

Cross References

6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Respectful Work and Learning Environment Policy;

(b) Sexual Assault Policy;

(c) Definitions of Academic Units Policy;

(d) Records Management Policy and Procedure;

(e) Access and Privacy Policy and Procedure;

(f) Third Party Data Access Request Form;

(g) Student Discipline Bylaw;

(h) Student Non-Academic Misconduct and Concerning Behaviour Procedure;

(i) Student Discipline – Appeal Procedure;

(j) Use of Computer Facilities Policy and Procedure;

(k) Violent or Threatening Behaviour Policy and Procedure;

(l) Vice-President (Administration) Bylaw;

(m) The Human Rights Code, C.C.S.M. c. H175;

This Policy is available online at: http://umanitoba.ca/admin/governance/governing_documents/community/230.html

Sexual Assault Policy

Part I

Reason for Policy

1.1 The reason for this Policy is to:

(a) Provide guidance, assistance and support to members of the University Community who have experienced Sexual Assault or who have received a disclosure of Sexual Assault;

(b) Set out a consistent process for responding to Sexual Assault that ensures that:

(i) Members of the University Community understand their respective rights and obligations when reporting or responding to a Sexual Assault;

(ii) Those who experience Sexual Assault are treated with dignity and respect and that their rights are respected;

(iii) Those who are accused of committing Sexual Assault are treated fairly and in a manner that ensures due process; and

(c) The University is compliant with relevant legislation, including The Human Rights Code (Manitoba), and The Workplace Health and Safety Regulation (Manitoba).

Part II

Policy Content

Definitions

2.1 The following terms are defined for the purpose of this Policy:

(a) “Breach” means any conduct, behaviour, action or omission which is prohibited under this Policy, including but not limited to Sexual Assault and Reprisals.
(b) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(c) "Committee" means the Human Rights Advisory Committee established pursuant to section 2.20 of this Policy to:
(i) Hear appeals from Preliminary Assessment decisions, in accordance with the Procedure;
(ii) Receive and review the HRCMO’s annual report under section 2.25 of this Policy; and
(iii) Provide advice and guidance on potential amendments or revisions to this Policy and the Procedure.
(d) "Complainant" means the individual or individuals bringing forward a complaint of a Breach.
(e) "Consent" means the voluntary agreement of the person to engage in the sexual activity in question. Without limiting the foregoing, no Consent is obtained where:
(i) the person submits or does not resist by reason of the application of force to the person or to someone other than the person;
(ii) the person submits or does not resist by reason of threats or fear of the application of force to the person or to someone other than the person;
(iii) the person submits or does not resist by reason of fraud or blackmail;
(iv) the person submits or does not resist by reason of the exercise of authority;
(v) the agreement is expressed by the words or conduct of someone other than the person;
(vi) the person is incapable of consenting to the activity due to age, consumption of drugs or alcohol, or due to some other mental or physical incapacity;
(vii) the accused induces the person to engage in the activity by abusing a position of trust, power or authority;
(viii) the person expresses, by words or conduct, a lack of agreement to engage in the activity; or
(ix) the person, having consented to engage in sexual activity, expresses, by words or conduct, a lack of agreement to continue to engage in the activity.
(f) "Designated Officer" means the Vice-President (Administration), or designate.
(g) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(h) "Formal Complaint" means a complaint to the Human Rights and Conflict Management Officer that is in writing and contains, at minimum, the following information:
(i) The name of the Complainant and contact information for the Complainant;
(ii) A description of the alleged Breach;
(iii) The approximate date of the alleged Breach, being within 1 year from the date of the most recent alleged incident unless, in the discretion of the Human Rights and Conflict Management Officer, extenuating circumstances would warrant an extension of time;
(iv) The name of the Respondent;
(v) Contact information for the Respondent, if known;
(vi) An indication that the Complainant desires the complaint to be the subject of an Investigation; and
(vii) The Complainant’s signature.
(i) "Human Rights and Conflict Management Officer" or "HRCMO" means an individual appointed by the University of Manitoba as someone possessing the appropriate training and skills to fulfill the role outlined in section 2.24 of this Policy.
(j) "Informal Resolution" means the resolution of an alleged Breach to the satisfaction of the Complainant and the Respondent, without an Investigation being completed.
(k) "Investigation" means a formal investigation of an alleged Breach conducted in accordance with the Procedure.
(l) "Investigator" means one or more persons appointed as the investigator of an alleged Breach, pursuant to section 2.36 of the Procedure.
(m) "Policy" means this Sexual Assault Policy.
(n) "Preliminary Assessment" means the initial review of a Formal Complaint, in accordance with sections 2.23 to 2.28 of the Procedure.
(o) "Procedure" means the RWLE and Sexual Assault Procedure.
(p) "Reprisal" has the same meaning as defined in section 2.57 of the Procedure.
(q) "Respondent" means an individual or individuals accused of having caused or contributed to a Breach.
(r) "School" means a "School of the University" or a "School of the Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(s) "Sexual Assault" means the intentional sexual touching of another person with any object or body part without Consent or by force.
(t) "STATIS" means the Student/Staff Threat Assessment Triage Intervention Support team comprised of the following representatives:
(i) Vice-Provost (Students);
(ii) Associate Vice-President (Human Resources);
(iii) Director, Security Services;
(iv) Executive Director, Student Support;
(v) Student Support Case Manager; and
(vi) Legal Counsel.
(u) "UMSS" means the University of Manitoba’s Security Services.
(v) "University" means The University of Manitoba.
(w) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.
(x) "University Instituted Investigation" means an Investigation initiated by the Designated Officer in consultation with the HRCMO, pursuant to section 2.34 of the Procedure.
(y) "University Matter" has the same meaning as defined in section 2.3 of the Procedure.
Vision for the University Community
2.2 The University recognizes that Sexual Assault can occur between individuals regardless of sexual orientation, gender, gender identity and/or relationship status. The University also recognizes that individuals who have experienced Sexual Assault may experience mental, physical, academic and/or other difficulties. The University is committed to:
(a) Supporting those who have experienced Sexual Assault by providing information, including the provision of and/or referral to counselling and medical care, and the provision of appropriate and reasonable academic and other accommodation;
(b) Ensuring that those who disclose that they have experienced Sexual Assault are supported and treated with compassion, dignity and respect throughout the process of disclosure and institutional response;
(c) Respecting the privacy of individuals who disclose Sexual Assault and recognize that those individuals are the final decision-makers about their own best interests, subject to the limits of confidentiality set out in this Sexual Assault Policy and the Procedure;
(d) Coordinating and communicating among the various departments who are most likely to be involved in the response to Sexual Assault affecting the University Community and implementing interim measures, while ensuring that fairness and due process are respected;
(e) Engaging in public education, awareness and prevention activities;
(f) Providing information to the University Community about Sexual Assault on campus;
(g) Providing appropriate education and training to the University Community about responding to the disclosure of Sexual Assault; and
(h) Monitoring and updating University policies and protocols to ensure that they remain effective and in line with other existing policies and best practices.
Implementation of Vision
2.3 In furtherance of its vision, the University will:
(a) Take action in accordance with the Procedure respecting any person under the University’s direction who subjects a student, an employee, or any other member of the University Community to Sexual Assault;
(b) Adopt procedures, protocols, and practices which will encourage individuals to bring concerns about an alleged Breach to an appropriate authority, including provisions to protect against Reprisal those who bring forward such allegations;
(c) Through various academic and administrative units and programs, educate members of the University Community about the rights and obligations of members of the University Community under this Policy and the Procedure;
(d) Provide information and supports to encourage and facilitate the Informal Resolution of an alleged Breach if appropriate; and
(e) Supplement existing policies, procedures or bylaws, by providing a mechanism for the Investigation of an alleged Breach that ensures
procedural fairness and due process to the Respondent.

2.4 The University is committed to promoting a safe work and learning environment by encouraging all members of the University Community to:

(a) Bring forward credible evidence of a Breach of which they become aware to an appropriate authority, subject to section 2.9 of this Policy;
(b) Provide reasonable cooperation in an Investigation of a Breach; and
(c) Be aware of their responsibilities under this Policy and the Procedure. Immediate Response to Disclosures

2.5 The University will maintain a website to support those affected by Sexual Assault, with links to on-campus and off-campus supports and resources that may be accessed by members of the University Community. Members of the University Community are encouraged to consult this website, to consult with the resources contained therein, and to consult with a health care provider for treatment or referral for post-incident counselling, if appropriate.

2.6 For students affected by Sexual Assault, the University will:

(a) Provide reasonable academic accommodations (such as extensions on assignments, deferrals of exams, leaves of absences, authorized withdrawals, etc.); and
(b) Create a safety plan in consultation with the University’s Student Support Case Manager, UMSS, and other offices as appropriate.

2.7 For employees affected by Sexual Assault, the University will:

(a) Provide reasonable work accommodations, in consultation with Human Resources; and
(b) Create a safety plan in consultation with the Unit Head, UMSS, and other offices as appropriate.

2.8 Any information required to facilitate accommodations under sections 2.6 and 2.7 above will be subject to section 2.9 below, and will be limited in accordance with the confidentiality provisions outlined in section 2.16 of this Policy and sections 2.63 to 2.66 of the Procedure.

2.9 Rights of survivors of Sexual Assault. Where possible, a person who has experienced Sexual Assault will retain control over the process of reporting a Sexual Assault. However, the University also has an obligation to protect the University Community from harm. The University reserves the right to initiate a University Instituted Investigation in accordance with the Procedure, and/or to report the incident to local police services, even without the consent of the survivor, if it believes that the safety of the University Community is at risk or if reporting is required by law (for example, in the case of a minor). In cases where actions are taken without the consent of the survivor, reasonable efforts will be made to preserve the anonymity of the survivor. In addition, the survivor will be notified of the actions the University intends to take in order that the survivor can work with the University to take any additional safety precautions that may be required as a result of the University’s actions.

2.10 Report to HRCMO. Where a report of Sexual Assault is received by a member of the University Community other than UMSS, that member is encouraged to consult with the HRCMO to ensure that coordinated support and action is provided to the member(s) of the University Community affected by the Sexual Assault. The HRCMO may consult with STATIS in providing support.

2.11 Report to UMSS. Where a report of Sexual Assault is received by UMSS, a UMSS member shall create a security report and refer the matter to the HRCMO and STATIS to ensure that coordinated support and action is provided to the affected members of the University Community.

2.12 Report to STATIS. Where a report of Sexual Assault is received by STATIS, the role of STATIS will be to:

(a) Develop an action plan to assist and support the members of the University Community affected by the Sexual Assault;
(b) Ensure that members of the University Community affected by the Sexual Assault are consulted where appropriate and kept informed of the developments within the parameters of confidentiality; and
(c) Take all necessary action relative to the above.

2.13 Any information required to facilitate support and action by the University will be subject to section 2.9 above, and will be limited in accordance with the confidentiality provisions outlined in section 2.16 of this Policy and sections 2.63 to 2.66 of the Procedure.

Investigation

2.14 The University will investigate allegations of Sexual Assault in relation to a University Matter in accordance with the Procedure where: (a) The HRCMO receives a Formal Complaint and determines in the Preliminary Assessment that the matter should proceed to Investigation; or
(b) The Designated Officer determines, upon recommendation by the HRCMO, that the circumstances warrant a University Instituted Investigation, in accordance with section 2.34 of the Procedure and section 2.9 of this Sexual Assault Policy.

Confidentiality

2.15 Any member of the University Community who commits Sexual Assault in relation to a University Matter will be subject to discipline under the Procedure.

2.16 Confidentiality is particularly important to those who have disclosed Sexual Assault. The confidentiality of all persons involved in a report of Sexual Assault must be strictly observed, and the University will respect the confidentiality of all persons, subject to section 2.9 above and in accordance with sections 2.63 to 2.66 of the Procedure.

Awareness Building and Responsibilities

2.17 All members of the University Community have a responsibility to educate themselves as to the expectations and reporting requirements outlined in this Policy and the Procedure.

2.18 All members of the University Community, especially those in an instructional, supervisory or managerial position, have a duty to educate those for whom they are responsible regarding expectations for safe and respectful conduct, including this Policy and the Procedure. It is further their duty of such individuals to deal appropriately with allegations regarding Breaches or other violations of this Policy or the Procedure.

2.19 The University, through the Office of Human Rights and Conflict Management and other units as appropriate, will provide information to and respond to inquiries from the University Community regarding the University’s expectations for safe and respectful conduct and the rights and obligations of members of the University Community under this Policy and the Procedure.

Human Rights Advisory Committee

2.20 The University will establish the Committee, with a membership consisting of:

(a) The Associate Vice-President (Human Resources) or designate;
(b) The Vice-Provost (Students) or designate; and
(c) The Vice-Provost (Academic Affairs) or designate, provided that the designate holds an academic appointment with the University.

2.21 The mandate of the Committee is to:

(a) Hear appeals from Preliminary Assessment decisions, in accordance with the Procedure;
(b) Receive and review the HRCMO’s annual report under section 2.25 of this Policy;
(c) Provide advice and guidance on potential amendments or revisions to this Policy and the Procedure.

2.22 If any member of the Committee is unable or unwilling to fulfill his/her responsibilities under this Policy and the Procedure, or if the subject matter of a Formal Complaint is such that it would be inappropriate for that member of the Committee to review the matter for reason of conflict of interest or any other reason, the HRCMO will ask the President to appoint an alternate to act in place of that member. The alternate may be any person with a direct report to the Vice-President (Administration) or Provost and Vice-President (Academic), or any other employee of the University, who:

(a) Has skills and/or experience desirable in the circumstances;
(b) Would be able to review the Formal Complaint in an unbiased manner; and
(c) Would not be placed in a conflict of interest.

2.23 Any appointment under section 2.22 must be made with notice to the Complainant.

Role of HRCMO

2.24 The Human Rights and Conflict Management Officer (HRCMO) will:

(a) Provide advice and guidance to the University Community on how to best implement this Policy and the Procedure;
(b) Facilitate education and training opportunities for members of the University Community regarding their rights and obligations under this Policy and the Procedure;
(c) Conduct Preliminary Assessments of Formal Complaints; and
(d) Provide information to both the Complainant and Respondent.
3.1 The Office of Legal Counsel is responsible for advising the President that accountability regarding opportunities and resources available to facilitate informal resolution of concerns and, where appropriate, coordinate communications between Complainants and Respondents on the understanding that such communications will not be provided to the investigator if the matter moves to a formal complaint; (e) Identify and track trends in matters relating to this Policy and the Procedure, and provide advice and guidance to the administration and the University Community on such trends; and (f) Provide advice and guidance on potential amendments or revisions to this Policy and the Procedure.

Annual Report
2.25 The HRCMO will produce and provide an annual report to the Designated Officer and the Committee, outlining: (a) De-identified data regarding the number and types of complaints received; (b) De-identified data regarding the number and types of Investigations conducted; (c) Information regarding observable trends; (d) De-identified information regarding particularly important cases; (e) De-identified information regarding disclosures of Sexual Assault that have been reported to the HRCMO; (f) Information on educational activities; and (g) Other relevant information which may further the implementation of the Policy and its Procedures.

2.26 The annual report will be made available to the University Community. Additional Protections
2.27 Nothing in this Policy or the Procedure is intended to discourage or prevent a member of the University Community, including students and employees, from filing a complaint with the Manitoba Human Rights Commission, or from exercising any other legal rights pursuant to any other law.

2.28 Nothing in this Policy or the Procedure is intended to limit the rights of an employee governed by a collective agreement. If there is any ambiguity or conflict between this Policy or the Procedure, and a collective agreement, the collective agreement will prevail.

Part III Accountability
3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Policy.

3.3 All members of the University Community are responsible for complying with this Policy.

Part IV Authority to Approve Procedures
4.1 The Vice-President (Administration) may approve procedures, if applicable, which are secondary to and comply with this Policy, including but not limited to: (a) A procedure to supplement existing policies, procedures or bylaws, by providing a mechanism for the investigation of an alleged breach, including regarding: (i) Receipt and review of complaints; (ii) The circumstances under which an investigation should take place; (iii) Appointment of investigators; (iv) Conduct of an investigation, in accordance with the principles of procedural fairness and natural justice; (v) Respecting the confidentiality of information collected in relation to complaints and investigations; (vi) Protecting individuals against reprisal; (vii) Protecting individuals against unfounded allegations of a breach; (viii) Producing a report at the conclusion of an investigation; and (ix) Implementing discipline, if necessary. (b) Generally defining the responsibility, authority and accountability of members of the University Community under this Policy.

Part V Review
5.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Policy is June 22, 2019.

5.2 In the interim, this Policy may be revised or repealed by the Approving Body if: (a) The Vice-President (Administration) or the Approving Body deems it necessary or desirable to do so; (b) The Policy is no longer legislatively or statutorily compliant; and/or (c) The Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they: (a) Comply with the revised Policy; or (b) Are in turn repealed.

Part VI Effect on Previous Statements
6.1 This Policy supersedes all of the following: (a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and (b) all previous Administration Governing Documents on the subject matter contained herein.

Part VII Cross References
7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms: (a) RWLE and Sexual Assault Procedure; (b) Respectful Work and Learning Environment Policy; (c) Definitions of Academic Units Policy; (d) Access and Privacy Policy and Procedure; (e) Records Management Policy and Procedure; (f) Student Discipline Bylaw; (g) Student Non-Academic Misconduct and Concerning Behaviour Procedure; (h) Student Discipline Appeal Procedure; (i) Use of Computer Facilities Policy and Procedure; (j) Violent or Threatening Behaviour Policy and Procedure; (k) Criminal Code, RSC 1985, c C-46. (l) The Human Rights Code, C.C.S.M. c. H175; (m) The Workplace Safety and Health Regulation 217/2006.

Accessibility Policy
This Policy and the Procedures that follow are available online at http://umanitoba.ca/admin/governance/governing_documents/students/accessibility.html.

Part 1
Reason for Policy
1.1 The University of Manitoba promotes diversity, inclusion, and accessibility in our programs, employment opportunities, and in the conduct of the University’s affairs. We believe in the inherent dignity of all people. We are committed to identifying and removing barriers that prevent full and meaningful participation in all aspects of campus life. The University will comply with all applicable federal, provincial, and municipal legislation with respect to accessibility and will implement the standards specified under The Accessibility for Manitobans Act ("AMA").

1.2 The purpose of this Policy is to ensure that all members of the University community, including those with disabilities, are provided with an accessible learning and working environment.

Part II Policy Content
Disability
2.1 For the purpose of this Policy and related procedures an employee or student with a disability is a person who experiences a mental, cognitive, physical or sensory impairment for which they may require accommodation.

General

2.3 The University recognizes it is subject to The Human Rights Code (Manitoba) and the AMA, and as such has a duty to provide reasonable accommodation to employees and students with documented disabilities in its efforts to provide an accessible learning and working environment.

2.4 The concept of reasonable accommodation requires a partnership between the individual requiring the accommodation and the University. All concerned should be responsible for respecting the dignity and confidentiality of the individual who requests the accommodation.

2.5 The University shall endeavor to maintain an accessible work and learning environment at all its campuses through the provision of accommodation supports and services to employees and students with disabilities.

2.6 The University will use reasonable efforts to offer reasonable accommodation in the working and learning environments. The University will also seek to identify, remove and prevent barriers to accessibility at the University.

2.7 The University will use reasonable efforts to ensure that employment opportunities and programs of study are accessible to potential employees and students with disabilities.

Confidentiality

2.8 All communication regarding the accommodation of an employee’s or student’s disability shall be confidential and in accordance with the University’s policy and procedures related to The Personal Health Information Act (Manitoba).

Part III Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The Associate Vice-President (Human Resources) and Vice-Provost (Students) are responsible for the implementation, administration and review of this Policy.

3.3 All members of the University community are responsible for complying with this Policy.

Part IV Authority to Approve Procedures

4.1 The Board, the Senate and the Administration may approve procedures which give effect to this Policy, in accordance with their respective jurisdiction.

Part V Review

5.1 Governing Document reviews shall be conducted every ten (10) years by the Responsible Executive Officer. The next scheduled review date for this Policy is January 1, 2025.

5.2 In the interim, this Policy may be revised or repealed if:

(a) the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document

Part VI Effect on Previous Statements

6.1 This Policy is a new policy.

Part VII Cross References

7.1 This Policy, should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Student Accessibility Procedure;
(b) Student Accessibility Appeal Procedure;
(c) Respectful Work and Learning Environment Policy;
(d) RWLE and Sexual Assault Procedure;
(e) The Accessibility for Manitobans Act;
(f) The Human Rights Code; and
(g) The Personal Health Information Act.

Student Accessibility Procedure

Part I

Reason for Procedure

1.1 To set out Procedures secondary to the Policy entitled “The University of Manitoba Accessibility Policy” in connection with supporting an accessible learning environment where students with disabilities who are admitted to the University can gain access to and participate in all programs for which they are academically qualified.

1.2 While it is a guiding principle of this policy that all members of the University community share responsibility for creating and maintaining an accessible learning environment, the University has designated Student Accessibility Services (“SAS”) to facilitate the implementation of accommodations for students with documented disabilities.

1.3 The University’s duty to provide reasonable accommodation to students with documented disabilities may obligate the University to offer a modification, substitution, or waiver. Such accommodations are consistent with the obligation to administer the University’s academic programs as approved by Senate so long as

(a) The accommodation is reasonable;
(b) The accommodation does not create an undue hardship for the University; and
(c) The accommodation does not compromise a defined Bona Fide Academic Requirement.

Part II

Procedural Content

Definitions

2.1 The terms below have the following defined meanings for the purpose of this Procedure:

(a) “Documented Disability” means a disability requiring accommodation which has been accepted as such by Student Accessibility Services.

(b) “Bona Fide Academic Requirement” or “BFAR” describes the knowledge and skills that a Student must acquire and /or demonstrate in order to complete a course or program successfully. These are the essential and minimum requirements, including methods of assessment that the Student must meet. Unless otherwise specified by an academic program, BFARs may be modified. They cannot be waived or substituted.

(c) “Reasonable Accommodation” means an accommodation of the special needs of any Student, if those special needs are based upon a Documented Disability, that is reasonable but not necessarily perfect in the circumstances, that does not cause undue hardship to the University, and
does not compromise a Bona Fide Academic Requirement of the University. The University is under no obligation to offer a Reasonable Accommodation (or any accommodation for that matter) on compassionate or other grounds.

(d) Standard Accommodations are those Reasonable Accommodations that are widely accepted by post-secondary institutions in Canada, which includes but are not limited to examples of Modifications provided in section 2.2(a)(i-vi).

(e) Non-Standard Accommodations are considered when Standard Accommodations do not address the disability-related barriers a Student is experiencing in an academic program. Non-Standard Accommodations are those Reasonable Accommodations recommended by Student Accessibility Services and considered by the Accommodation Team in accordance with section 2.24.

(f) “Academic Staff Member” means a professor, instructor and/or academic staff person who is responsible for providing the educational program or course to a Student requiring Reasonable Accommodation.

(g) “Accessibility Advisory Committee” (AAC) means a Faculty/School or College committee, which is responsible for advising the respective Dean/Director on matters related to accommodation and the impact of accommodation on academic standards. Other resource personnel from within or external to the University may act as a consultant to the AAC. Since the AAC is advisory to the Dean/Director and may, at times, be in receipt of and requested to consider a Student’s personal information and personal health information, student membership on the AAC is not recommended.

(h) “Accommodation Team” (AT) means the Faculty/School or College team established to work with Student Accessibility Services on the provision of Reasonable Accommodation when Student Accessibility Services identifies the Reasonable Accommodation as Non-Standard or unusual for the circumstances. It is intended AT will be engaged early on in the process when necessary.

(i) “Faculty/School” includes:

(i) all faculties, including constituent colleges within a faculty and constituent schools of a faculty, in which students enroll for study, and including the Extended Education Division and University 1; and

(ii) all schools of the University

(j) “SAS” refers to the office of Student Accessibility Services at the University of Manitoba.

(k) “Student” means any of the following individuals:

(i) Applicant- an individual who has submitted application for admission to the University;

(ii) Admitted- an individual who has accepted an offer of admission to the University;

(iii) Current- an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension.

2.2 The terms below have the following defined meanings and are types of ‘Reasonable Accommodation’:

(a) “Modification” means an accommodation involving a relatively minor change made to an academic requirement of a program or course. Modifications usually entail a revision to the way a Student must demonstrate required skills and knowledge, or sometimes additional assistance for a Student which does not detract from the skills and knowledge the Student must acquire. Without limitation, modifications typically include such things as:

(i) providing additional time and quiet space to write examinations;

(ii) alternate exam formats;

(iii) alternate modes of course delivery or evaluation;

(iv) provision of a note taker or interpreter;

(v) special equipment in classrooms; and

(vi) adaptive technology

The implementation of modifications is facilitated by SAS in consultation with Academic Staff Members.

(b) “Substitution” means the replacement of a certain admission criterion, prerequisite course, course/program requirement or University requirement with another that is deemed comparable. Substitutions are commonly used to effect accommodations. Senate approves required program content including courses and other elements such as breadth, depth, math and written requirements; Faculties/Schools administer these programs. In administering a program, it may become impossible, impractical, or unfeasible for a Student to complete all program requirements exactly as approved by Senate. Deans and directors, or their designates may approve Substitutions. Deans may delegate their authority to an associate Dean or department head. Such delegations should be made in writing.

c) “Waiver” means the removal of a criterion for admission, progression or graduation from a program of study. A waiver is an accommodation, but should never be offered in regard to a Bona Fide Academic Requirement. A Waiver does not include a case where a requirement is replaced by another requirement (this is a Substitution), but rather is the complete elimination of a non-essential academic requirement. Deans and Directors may approve Waivers and may delegate this authority to an associate Dean. Such delegations should be made in writing. Deans and Directors do not have the authority to waive general university academic requirements that apply to all students regardless of Faculty/College or School.

(d) “Degree Notwithstanding a Deficiency” means a degree that is conferred upon a Student who has not met all the Senate-approved requirements of his or her program of study and for whom no other accommodation has been approved in regard to the missing requirements. A Degree Notwithstanding a Deficiency, when approved by Senate, is the only way in which a Student may effectively obtain a Waiver of what would otherwise be considered a Bona Fide Academic Requirement. Senate alone may grant a Degree Notwithstanding a Deficiency.

Responsibilities and Rights of Students

2.3 In order to facilitate appropriate Reasonable Accommodations of a student’s disability related needs, SAS requires Students with disabilities requesting accommodations to register with the office as soon as possible.

2.4 Students registering with SAS must provide the following information in a form approved by SAS:

(a) Name, contact information, student number; and

(b) Documentation from a registered health professional which should include:

(i) Name of the registered health professional;

(ii) Dates of the clinical assessments performed in determining the disability and the need for Reasonable Accommodations;
2.9 All eligible Students will be requested to complete an application for a University Policies and Procedures 35 Undergraduate Calendar 2018-2019 (c) On the basis of supporting documentation, make recommendations and the Canada Student Grant program of funding.

2.8 As part of the registration process, Students should be made aware of the Canada Student Grant or notify SAS of ineligibility for the grant.

2.10 Upon receipt of a Canada Student Grant, any portion designated for their records.

2.7 Students must schedule a meeting with SAS staff to discuss their accommodation requirements and acquaint themselves with the SAS procedures. The following documents should be prepared by SAS staff for each Student as required:

(a) Letter of Accommodation (outlining individual needs for distribution to instructors); and

(b) Tests/Exams Particular Forms (to be completed for each test/exam).

2.5 The information outlined in section 2.4 is required from the Student at time of registration and must be kept up to date.

2.6 All personal information, including personal health information, shall be kept confidential in accordance with The Freedom of Information and Protection of Privacy Act (Manitoba) and The Personal Health Information Act (Manitoba). The information will be shared with only those who need to know in order to give effect to the Policy and assist the Student in obtaining Reasonable Accommodations.

2.11 Student Accessibility Services has the responsibility and right to:

(a) Offer advice, guidance and support for Students requiring academic accommodation and assign a SAS advisor to the Student.

(b) Request and evaluate documentation from registered health professionals provided by Students requesting assistance from SAS and assign appropriate services to meet the needs of each Student by adapting services, courses, and programs as feasible. SAS will consider the suggestions/recommendations noted in the documentation of a disability/condition but may not agree to all of the suggestions/recommendations.

(c) On the basis of supporting documentation, make recommendations and decisions regarding Reasonable Accommodation in a timely manner. In situations where the requested academic accommodation is beyond the authority of SAS (i.e. a Substitution, Waiver, or Degree Notwithstanding a Deficiency), SAS will provide recommendations to the appropriate authority identified in section 2.2 of this procedure.

(d) Coordinate service(s) and Reasonable Accommodation(s) for Students with Documented Disabilities to ensure that their needs are addressed.

(e) Provide support to Academic Staff Members in accommodating and working with Students with Documented Disabilities.

(f) Prepare the recommended accommodation plan for the Student with Documented Disabilities and send out the Letter of Accommodation to alert Academic Staff Members to the Reasonable Accommodations in place.

(g) Inform and assist Academic Staff Members and other staff in providing Reasonable Accommodations and understanding disability issues.

(h) Ensure that the University’s Bona Fide Academic Requirements will not be compromised.

(i) Work with Students and Academic Staff Members to resolve disagreements regarding recommended Reasonable Accommodation(s).

(j) Provide a focus for activity and expertise regarding disability-related Reasonable Accommodations within the University, and for liaison with outside organizations regarding accessibility issues, and programs and services for Students with disabilities at the University.

(k) Keep current with associated legislation.

(l) Prepare an annual report for the University Senate.

Responsibility and Rights of Academic Staff Members

2.12 Academic Staff Members have the right to:

(a) Determine course content and methods of instruction.

(b) Ensure that the academic integrity and standards of the course are not compromised and ensure that established entry-to-practice competencies and requirements for professional disciplines are not compromised.

(c) Evaluate Student work, performance and competencies related to the course content and relevant academic standards, including failing any Student who has not passed or satisfied the course requirements.

(d) Discuss with as much notice as possible, any particular Accommodation(s) compromise(s) the integrity of the course.

(e) Determine the appropriate method of adapting their teaching style to meet Accommodation(s).

(f) Consult with professionals, on or off campus, to determine how best to accommodate Students with Documented Disabilities in their course.

(g) Question or challenge an Accommodation by working first with SAS and/or with any Accommodation Team or Liaison.

2.13 Academic Staff Members have the responsibility to:

(a) Support the University’s commitment and obligation to accommodate Students with Documented Disabilities.

(b) Work with SAS to gain knowledge of appropriate Reasonable Accommodations(s) for Student(s).

(c) Provide Reasonable Accommodation(s) recommended by SAS without compromising the academic integrity and professional standards of the course.

(d) Maintain the Student’s dignity and privacy in relation to the Documented Disability and Reasonable Accommodation.

(e) Communicate in the classes and/or course outline their willingness to meet with Students to discuss Accommodation(s) facilitated by SAS.

(f) Work with Students and SAS to resolve disagreements regarding Reasonable Accommodation(s).

(g) Work with SAS when considering Reasonable Accommodations for field trips or clinical practicum that are requested or required.
(h) Work with their Accessibility Advisory Committee and/or Accommodation Team.

Responsibilities and Rights of Faculties/Schools

2.14 Each Faculty/School and/or College has the responsibility to:
(a) create and maintain an Accessibility Advisory Committee (AAC);
(b) create and maintain an Accommodation Team (AT); and
(c) ensure that the academic integrity and standards of the program are not compromised and ensure that established entry-to-practice competencies and requirements for professional disciplines are not compromised.

Faculty/ School Accessibility Advisory Committee

2.15 Each Faculty/ School and/or College will maintain an Accessibility Advisory Committee (‘AAC’).

Membership of the Faculty/ School AAC

2.16 The Faculty/ School AAC shall consist of the following staff:
(a) The Committee Chair will be the Associate Dean or designate, as appointed by the Dean/Director;
(b) 4 -6 Academic Staff Members of the Faculty/School as appointed by the Dean/Director; and
(c) A staff representative from SAS in a consultative role.

Responsibilities the Faculty/ School AAC

2.17 The AAC will be responsible for:
(a) Advising the Dean on all matters related to accommodations including the resolution of conflict; and
(b) Reviewing impact of Accommodations on academic standards.

2.18 The AAC role is to:
(a) Meet a minimum of two times per year;
(b) Recommend Faculty/School or College policies and processes;
(c) Receive reports from the SAS representative;
(d) Monitor trends internally, locally, and nationally regarding appropriate accommodations/approaches to accommodation;
(e) Support the Accommodation Team in working through the logistics of accommodations, including the acquisition of resources
(f) Generally monitor and ensure student awareness of procedures and processes
(g) provide an annual report to the Dean, Faculty Council and Vice-Provost(Students) (a copy of the report shall also be provided to the Coordinator of SAS).

2.19 In fulfilling its responsibilities, an AAC will establish practices to include the following:
(a) a process to keep Student identities anonymous, unless not feasible based on the requirements of the Student;
(b) a process to work with and support the Accommodation Team.

Faculty/ College/School Accommodation Team

2.20 Each Faculty/School will maintain an Accommodation Team (‘AT’). Where a Faculty/School is comprised of constituent Colleges, a separate AT will be maintained for each College.

2.21 The AT shall consist of the following staff appointed by the Dean/Director or designate:
(a) one or more representatives from the Faculty/ School or College who have expertise and responsibilities in the area of student academic progress;
(b) a Faculty/ School or College academic staff person who can offer insight into the essential requirements of a course/program or Bona Fide Academic Requirements; and
(c) the SAS staff member assigned to Faculty/School or College as member of the team.

2.22 The AT may consult with or add individuals to meetings as needed (for example: an academic staff person with content or assessment expertise in a particular field of knowledge).

Responsibilities the Faculty/College/School AT

2.23 The Accommodation Team (AT) shall have the following responsibilities:
(a) meet as required;
(b) review consider Non-Standard Accommodation recommendations made by Student Accessibility Services (SAS);
(c) upon request, help SAS facilitate the implementation of approved Non-Standard Accommodations;
(d) monitor individual student progress as needed;
(e) report to the Dean/Director if it appears that established processes and procedures are not understood or being followed by members of the Faculty/School or College;
(f) provide information, as appropriate and on a ‘need-to-know’ basis, to the respective AAC and to other individuals as needed; and
(g) at least annually provide a report to the respective AAC of matters considered by the AT, outlining de-identified information regarding the number and types of issues considered, information regarding observable trends (if any), and de-identified information regarding particularly important cases.

2.24 In fulfilling its responsibilities, an AT will establish practices to include an effective system of communications that includes SAS, instructors, Academic Staff Members, department heads and the associate Dean.

Reconsideration Process

2.25 The reconsideration process is to review a Modification of a course or program requirement. Requests for Substitutions, Waivers, or Degree Notwithstanding a Deficiency must be referred directly to the appropriate authority identified in section 2.2 of this procedure.

2.26 Students who believe that they have not been treated fairly in accordance with this procedure or who believe they were not reasonably accommodated with the type of accommodation offered are expected first to discuss this matter with their SAS advisor.

2.27 Academic Staff Members concerned that the type of accommodation may compromise the academic integrity of a course or program of study are expected first to discuss this matter with the Student’s SAS advisor.

2.28 Any matters unresolved by discussion between students, Academic Staff Members and the SAS advisor will be handled in accordance with the Student Accessibility Appeal Procedure.
Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a review of this procedure is required.

3.2 The Provost and Vice-President (Academic) is responsible for the communication, administration and interpretation of this procedure.

3.3 All Students and Employees are responsible for complying with this Policy.

Part IV
Review

4.1 Formal procedure reviews will be conducted every ten (10) years. The next scheduled review date for this procedure is January 1, 2025.

4.2 In the interim this procedure may be revised or rescinded if:

(a) the Provost and Vice-President (Academic) deems it necessary; or

(b) the relevant Policy is revised or rescinded.

4.3 If this procedure is revised or rescinded, all Secondary Documents will be reviewed as soon as reasonably possible in order to ensure that they:

(a) comply with these revised procedures; or

(b) are in turn repealed.

Part V
Effect on Previous Statements

5.1 This procedure supersedes the following:

(a) Accessibility for Students with Disabilities (January 26, 1995);

(b) all previous Board/Senate procedures, and resolutions on the subject matter contained herein; and

(c) all previous Administration procedures, and resolutions on the subject matter contained herein.

Part VI
Cross References

6.1 This procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Accessibility Policy

(b) Student Accessibility Appeal Procedure

(c) General Academic Regulations, Academic Calendar

1. Rights and Responsibilities section of policy adapted and used with permission from Mount Royal University, policy 517 Academic Accommodations for Students with Disabilities.

STUDENT ACCESSIBILITY APPEAL PROCEDURE

Part I
Reason for Procedure

1.1 To define the extent to which the University provides a process for

(a) students to appeal decisions relating to accommodation of a disability which adversely affect them; and

(b) Academic Staff Members to appeal decisions relating to student accommodation of a disability which would

undermine Bona Fide Academic Requirements or any essential skills document developed for programs that

are subject to external accreditation.

1.2 Appeals involving academic consequences related to accommodations, waiver and substitution requests and requests to graduate notwithstanding would not be heard through the Student Accessibility Procedure, but would instead be considered by Faculty/College/School appeal committees, and if not resolved, would be considered by the Senate Committee on Appeals.

Part II
Procedural Content

Definitions

2.1 All terms defined in the Student Accessibility Procedure shall have the same meaning in this Student Accessibility Appeal Procedure.

2.2 Students who believe that they have not been treated in accordance with the Student Accessibility Procedure, or who believe they were not reasonably accommodated by the proposed Accommodation, or who believe that the proposed Accommodation may have been different in light of new or previously unavailable information or documentation may first discuss this matter with the Coordinator of Student Accessibility Services (SAS) and request reconsideration. In seeking to resolve any disagreement, the Faculty/School Accessibility Advisory Committee may be consulted by a party.

2.3 Academic Staff Members who believe that a proposed accommodation would compromise the defined Bona Fide Academic Requirements or essential skills document in question may request that the Coordinator of SAS reconsider the proposed accommodation. In seeking to resolve any disagreement, the Faculty/School Accommodation Team and/or Accessibility Advisory Committee may be consulted. An Academic Staff Member making the request for reconsideration must make it in writing and be able to demonstrate a substantial, viable and direct connection to the student and the proposed accommodation. In such cases, the student shall be made aware of the request for reconsideration and have the opportunity to provide their position to the Coordinator of SAS before a final determination is made.

2.4 Following a request for reconsideration from a student, an Academic Staff Member, or both, the Coordinator of SAS shall issue a decision in writing to the student, the Academic Staff Member and the Faculty/School, as appropriate, in a timely manner. The Coordinator of SAS will consider any deadlines which impact the student’s progress in their program and will make reasonable efforts to ensure that the timing of the decision does not delay the student’s progress in their program. In the event of a conflict of interest on the part of the Coordinator of SAS, the request for initial reconsideration shall be addressed to the Executive Director of Student Support.

Formal Appeal to Senate Committee on Academic Accommodation Appeals

2.5 If a student or an Academic Staff Member does not agree with the decision of the Coordinator of SAS regarding a request for reconsideration, they may file a formal appeal to the Senate Committee on Academic Accommodation Appeals. Such an appeal must be filed within ten (10) working days of the date on the letter of reconsideration, or until such time as the Chair may allow if a written request for extension is made prior to the deadline.

2.6 If an Appellant files for an appeal beyond the ten (10) working day period, the Appellant must provide written reasons for the delay. The Chair shall have the discretion to extend the deadline for filing the appeal if it is determined that there are special circumstances which justify or excuse the delay. The Chair’s decision is final and not appealable.
2.7 The Appellant must submit all documentation that will be relied upon for the appeal and must include the following:
(a) A completed and signed Senate Committee on Academic Accommodation Appeals – Appeal Form. The form is available at the Student Advocacy Office, The Office of the University Secretary, and on the University of Manitoba website;
(b) A letter to the Chair clearly explaining the grounds for the appeal;
(c) A copy of the letter of reconsideration from the Coordinator of SAS;
(d) A copy of all the documentation submitted in regard to the request for accommodation and reconsideration;
(e) If the Appellant intends to have a lawyer present at the appeal hearing, the name and address of the lawyer shall be provided at the time of filing the appeal.
2.8 The remedy sought of the Committee shall not differ from that requested in the reconsideration, unless extraordinary circumstances are presented.
2.9 The Appellant shall have the right to be accompanied by a spokesperson. In the event the Appellant is a student, the spokesperson may be an advocate from the Student Advocacy Office, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the university community not receiving payment for appearing, a member of the Appellant’s immediate family or a lawyer. It is the Appellant’s sole responsibility to ensure:
(a) that his/her spokesperson is familiar with the Student Accessibility Appeal Procedure, the University of Manitoba Accessibility Policy and the Student Accessibility Procedure;
(b) the adequacy of his/her representation, if any; and
(c) to pay for his/her own lawyer’s fees, if any.
2.10 Students may appeal a decision when:
Failure of Judgment
(a) they believe the decision made by the Coordinator of SAS was incorrect in his/her judgment regarding the need for, application of, or implementation of an Accommodation.
Failure of Process
(b) they believe the decision made by the Coordinator of SAS was incorrect due to a failure on his/her part or the part of SAS to dutifully perform the process of determining eligibility, or determining a reasonable accommodation.
Failure of Information
(c) they believe the determination made by the Coordinator of SAS was incorrect due to a lack of information, or documentation. Generally speaking, a failure of information is informally handled by the student providing updated or requested documentation.
2.11 Academic Staff Members may appeal a decision when:
Compromising Academic Standards
(a) they believe that the decision made by the Coordinator of SAS would undermine the Bona Fide Academic Requirements or essential skills document developed for programs that are subject to external accreditation. The onus is on the Academic Staff Member to establish how the standards or essential skills would be compromised by providing the Accommodation. If a Bona Fide Academic Requirements or an essential skills document has not been developed, no appeals shall be available to Academic Staff Members.
2.12 Academic Staff Members filing appeals under this Procedure must demonstrate a substantial, viable and direct connection to the student and the proposed accommodation.
2.13 The composition of the Senate Committee on Accommodation Appeals shall include:
(a) Ten (10) members of the academic staff appointed by Senate for a three (3) year term;
(b) Two (2) students appointed by Senate for a one (1) year term;
(c) A Chair appointed by the President for a three (3) year term;
(d) A Vice-Chair elected from and by the academic staff members for a three (3) year term.
2.14 Upon receipt of an Appeal, the Senate Committee on Academic Accommodation Appeals will notify the Dean or delegate of the Faculty/School, SAS and the respondent of a hearing date.
2.15 Appeals will be heard by a panel of at least four (4) members: two (2) academic staff members, a student and the Chair.
2.16 The Committee panel will meet to determine whether there are grounds to hear the appeal and whether the appeal falls within the jurisdiction of the Committee.
2.17 The Chair of the panel shall only vote in case of a tie.
2.18 If the panel determines that it will hear the appeal, they shall convene a hearing with the appellant, SAS or others as soon as possible to consider submissions from all the parties and Dean, if applicable. If the appellant is an Academic Staff Member, the student shall also be invited to attend the hearing.
2.19 The Committee panel may establish rules and procedures for its hearings and meetings. Such procedures must ensure fairness for all parties and facilitate a timely resolution of appeals.
2.20 The Committee panel will determine the appropriate accommodation on the basis of the student’s disability and the Bona Fide Academic Requirements or essential skills document of the course or program.
2.21 The Committee panel will provide written reasons for its decision, which shall be final and binding on all parties.
2.22 All matters considered by the Committee shall be strictly confidential.
2.23 In the consideration of appeals by the Committee panel, time shall be of the essence. Attention will be paid to any deadlines which impact the student’s progress in their program and reasonable efforts will be made to ensure that the decision of the Committee does not delay the student's progress.

Part III
Accountability
3.1 The Office of Legal Counsel is responsible for advising the University Secretary that a formal review of this Procedure is required.
3.2 The University Secretary is responsible for the implementation, administration and review of this Policy and is responsible for the implementation, administration and review of this Procedure.
3.3 All Students and Employees are responsible for complying with this Policy.

Part IV
Review
4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2028.
4.2 In the interim, these Procedures may be revised or rescinded if:
(a) the Provost and Vice-President (Academic) deems it necessary; or
(b) the Procedure is no longer legislatively or statutorily compliant;
(c) the Parent Policy is revised or repealed

Part V
Effect on Previous Statements
5.1 This Procedure supersedes all of the following:
(a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(b) all previous Administration Governing Documents on the subject matter contained herein.

Part VI
Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Accessibility Policy
(b) Student Accessibility Procedure
(c) Senate Committee on Admission Appeals
(d) Senate Committee on Appeals

Disclosure and Security of Student Academic Records
The University and its constituent units have a clear obligation to the student and to society concerning the disclosure and security of information about a student's academic record. All student records will be
handled in accordance with The Freedom of Information and Protection of Privacy Act (Manitoba) (FIPPA) and the Personal Health Information Act (Manitoba) (PHIA) as appropriate.

Relevant Governing Documents are available online at: http://umanitoba.ca/access_and_privacy/governance.html

Conflict of Interest Between Evaluators and Students Due to Close Personal Relationships Policy

The purpose of this policy is to ensure that the relationship between an evaluator and the person being evaluated is and is seen to be impartial.

Definitions

1. An evaluator includes any person who participates, whether at first instance or on appeal, in the process of admitting or selecting a student to a course or program, determination of a student’s progress or academic standing, or the receipt by a student of a prize, award or university financial support.

2. A conflict of interest means a close personal relationship between an evaluator and a student or applicant, or between evaluators, that gives rise to a reasonable apprehension of bias and, in any event, such relationships shall include that of:

   a) parent/child;
   b) spouses;
   c) grandparent/grandchild;
   d) siblings;
   e) in-laws; or
   f) persons living in the same dwelling unit.

Procedures

1. Responsibility for avoiding the conflict of interest rests with the evaluator. In cases of uncertainty, the evaluator shall and the student may refer the matter for determination to the department head (or dean/director, as appropriate). The decision of the department head is subject to review by the dean/director of the academic unit.

2. Where there is a conflict of interest, the evaluator shall immediately withdraw from participation and shall inform the student concerned and the head or dean/director, as appropriate.

   a) Where alternative sections or electives exist, the alternative must be taken, unless the dean/director concerned determines that this will create an undue hardship for the student.

   b) Where the dean/director has exercised discretion under 2.(a) or where no alternatives exist to compulsory courses, the dean/director shall ensure fair evaluation by having another suitably qualified evaluator review the submitted material or hear the oral presentations. Where practicable, the evaluator shall not participate in setting the examination or other evaluation method.

3. Where the dean or director has a conflict of interest, the President shall name a replacement to act in the matter.

4. In the case of failure to observe these regulations, staff members will be subject to the discipline procedures provided by the appropriate collective agreement or personnel policy of the University.

This Policy is available online at: http://umanitoba.ca/admin/governance/governing_documents/students/277.html

Campus Alcohol Policy

1.0 Reason for Policy

This policy is a general statement and guideline, setting out the University’s requirement for strict compliance with the Liquor Control Act (Manitoba), as well as any rules and regulations, and any successor or replacement rules and regulations, at all events and facilities at which alcohol is available. This policy is further to the Liquor Control Act (Manitoba), as well as any rules and regulations and directives issued pursuant to the Act (The “MLCC rules and regulations”).

2.0 Policy Statement

2.1 Alcohol abuse is a serious health problem and can lead to conduct that may endanger the safety of individuals and result in damage to property both on and off the University of Manitoba Fort Garry and Bannatyne Campuses (the “Campuses”). This in turn may result in legal claims involving the University and others. The purpose of this policy is to explicitly establish the general means by which alcohol abuse on the Campuses can be reduced, and to the extent possible, eliminated.

2.2 The University shall meet the policy’s objective by:

   2.2.1 Offering an alcohol education and awareness program within the scope of programs offered by or through Student Affairs;

   2.2.2 Maintaining University guidelines with respect to the serving and consumption of alcohol on the Campuses;

   2.2.3 Requiring that events and facilities at which alcohol is served on the Campuses (the “events and facilities”) be managed effectively, and in accordance with the University’s policy and procedures and MLCC rules and regulations; and This policy applies broadly, and covers all events and facilities on the Campuses.

This Policy is available online at: http://umanitoba.ca/admin/governance/governing_documents/community/253.html.

University Parking Regulations

Parking

Part I

Reason for Regulation

1.1 The University of Manitoba recognizes that at any given time there is a large number of Motor Vehicles driving and parking on campus. In order for the University to maintain orderly conduct of parking of Motor Vehicles, Parking Regulations must be established. Furthermore, as an ancillary service, parking must be operated on a cost recovery basis. These regulations set out the rules, fees and remedies available in association with parking on University Property, and they apply to all staff, students, and the general public. The University of Manitoba Act, which is an act of legislature, empowers the University of Manitoba to govern parking on University Property and to make parking regulations. This includes fees and charges for parking violations and actions taken for failure to pay fees and charges.

Part II

Regulation Content

Introduction

2.1 Responsibility for the overall administration and implementation of the Parking Regulations (the “Regulations”) of the University of Manitoba (the “University”) rests with the Vice-President (Administration), who may from time to time delegate to others aspects of the administration or implementation of the Regulations.

2.2 All members of the University community and persons attending on University Property are required to familiarize themselves and comply with the Regulations.

2.3 The Regulations are in addition to any bylaws of the City of Winnipeg and any legislation and regulations of the Province of Manitoba regulating the operation or use of Motor Vehicles or regulating the crossing of or walking upon roadways by pedestrians.
2.4 Nothing contained in these Regulations shall be deemed to limit the University’s remedies or actions, either at law or through the University’s policies, in respect of any matter arising under these Regulations.

**General Definitions**

2.5 The following terms have the following defined meaning for the purpose of this Regulation:

(a) Designated Accessible Parking Area means a parking space designated for individuals with physical disabilities.

(b) Event means any event being held at the Investors Group Field with an expected attendance of 15,000 or more individuals.

(c) Event Day shall mean the date on which there is a scheduled Event at the Investors Group Field.

(d) Investors Group Field Event Designated Parking Lots shall mean any parking lot on University Property, on Event Day, designated and posted by the University as such, and shall not include University Designated Parking Lots.

(e) Motor Vehicles includes reference to motorcycles, mopeds and scooters, and where appropriate, snowmobiles, bicycles, golf carts and all-terrain vehicles.

(f) Parkade means a multilevel structure located on University property designed for the parking of Motor Vehicles.

(g) Parking Fee means the fee corresponding to the rates set annually by the Vice-President (Administration) or designate for all available parking permits.

(h) Parking Services means the persons or administrative unit of the University to whom the Vice-President (Administration) may from time to time delegate responsibility for administration of parking permits and for the designation and assigning of parking areas.

(i) Public Pay Parking Area means any parking area on University Property, excluding the Parkade, designated by the University with signage as visitor or casual parking with a parking meter, pay and display dispenser, pay-by-plate parking meter, or mobile payment application, or such other similar technology as may become available.

(j) Reserved Parking Areas means areas designated by the University as reserved 24 hour parking areas located in various parking lots on University Property.

(k) University Designated Parking Lots shall mean any parking lot on University Property, on Event Day, designated and posted by the University as such, and shall not include Investors Group Field Event Designated Parking Lots.

(l) University Property means property owned and occupied or under the charge or control of the University, including roadways and including property at Investors Group Field and SmartPark.

(m) University Security Services means the administrative unit of the University, the members of which are provincially licensed security guards and may include others contracted by the Vice-President (Administration) from time to time to assist in the implementation of the Regulations.

(n) Violation Notice means a notice or form issued by the University to any operator or owner charged with violation of any of the provisions of this Regulation.

**Headings of Paragraphs**

2.6 All headings in the Regulations are inserted solely for convenience of reference and shall not be deemed in any way to limit or affect the provisions to which they relate.

**Scope of Regulations**

2.7 The Regulations, without any exceptions, apply to:

(a) all persons who park, stop or leave a Motor Vehicle on University Property; and

(b) all owners of Motor Vehicles which are parked, stopped or left on University Property.

**Procedure Where No Assigned Parking Space Available**

2.8 Subject to sections 2.36-2.38 on Event Parking, holders of a valid staff parking permit who find their assigned parking area fully occupied may park in the next most convenient parking area (other than a reserved parking area, an accessible parking area, a residence student parking area, a metered parking area, a Public Pay Parking Area or a Parkade) and must immediately report the matter to Parking Services. The report should include the Motor Vehicle license number and staff permit number.

2.9 Subject to sections 2.36-2.38 on Event Parking, holders of any other valid parking permit who find their assigned parking area fully occupied should contact Parking Services for directions on where to park without penalty.

**Rates**

2.10 Rates for all forms of available parking permits at the University (including rates for parking permit replacements) are set annually by the Vice-President (Administration) or designate and are posted at umanitoba.ca/parking.

**Parking Permits – General**

**Eligibility and Priority**

2.11 All persons are eligible to apply for a parking permit as hereinafter provided. Priority in allocation of parking permits will be given to full-time staff members and students of the University. Any person applying for a parking permit may be required to provide identification in order to establish eligibility.

**Authorization**

2.12 On Monday to Friday from 7:30 a.m. to 4:30 p.m. a parking permit is required for any Motor Vehicle parked or left on University Property in an assigned parking area, unless the Motor Vehicle is otherwise parked at a meter, Public Pay Parking Area or Parkade in compliance with the Regulations. A parking permit conveys the authorization by the University for a specific Motor Vehicle, registered with Parking Services, to be parked in an assigned parking area. Registration includes an application form and payment of the Parking Fee. Each permit will indicate the category of parking authorized and, if appropriate, the area on campus where that Motor Vehicle is authorized to park.

**Reserved Twenty-Four (24) Hour Parking**

2.13 Subject to sections 2.36-2.38 on Event Parking, certain areas in various parking lots will be designated by the University as Reserved Parking Areas. Parking in a Reserved Parking Area is limited to Motor Vehicles displaying a valid parking permit for that specific Reserved Parking Area. Reserved Parking Areas are appropriately signed and identified.

**Alternate Parking Permit**

2.14 Effective September 13, 2013, alternate parking permits will no longer be issued by Parking Services. All current alternate permit holders may keep their eligibility until such time as they cancel their parking privileges or their termination of employment with the University. Eligible staff members who may be using an alternate vehicle on University Property and previously applied for alternate parking permits may retain their alternate permit upon payment of the appropriate fee in effect at the time of application and provided the second Motor Vehicle is registered and the staff member complies with any University policies, procedures, regulations and other rules then in effect. Where an alternate parking permit has been issued, only one (1) registered Motor Vehicle at any time is authorized to park on University Property at any given time (unless the second registered Motor Vehicle is otherwise parked at a metered or Public Pay Parking Area or Parkade in compliance with the Regulations).

**Affixing or Displaying Parking Permits**

2.15 Parking permits must be properly affixed or displayed on the Motor Vehicle as follows:

(a) parking permit decals issued by the University must be affixed on the lower corner of the front windshield on the driver’s side of the Motor Vehicle. The backing must be removed from the permit and the permit affixed to the glass using the adhesive which is on the permit; and,

(b) parking permit hang tags issued by the University must be displayed...
2.16 Expired, invalid and cancelled parking permits must be removed from Motor Vehicles immediately after the expiry, invalidation or cancellation date and not displayed in conjunction with a valid parking permit.

Parking Permit Replacement

2.17 Parking permit replacements may be issued, at a predetermined rate, to eligible permit holders when parking permits have been lost or stolen.

2.18 Parking permit replacements may be issued, at no cost, to eligible permit holders where parking permits, through weather damage or fading, are in need of replacement, as determined by Parking Services.

2.19 Where a parking permit replacement is issued, the original parking permit must be returned to Parking Services, unless lost or stolen. If the parking permit has been lost or stolen, an affidavit will be required from the permit holder.

Term of Permit

2.20 Parking permits are issued for a specified period of time, but immediately become invalid upon the happening of any of the following events:
(a) on the date of expiration shown on the parking permit (if applicable);
(b) when the parking permit is displayed on a Motor Vehicle other than the Motor Vehicle for which it was issued;
(c) when the parking permit is not legible or has been altered;
(d) when the parking permit has been cancelled or revoked;
(e) when the parking permit is lost or stolen;
(f) when the Motor Vehicle for which the parking permit is issued has been placed on the University’s tow away list;
(g) when the applicant for a parking permit gives false or incorrect information at the time of application; and
(h) when a residence student of the University vacates or is required to vacate a residence located on University Property (even if the property is leased from the University).

Permits Not Transferable

2.21 Parking permits are not transferable and may be used only for the Motor Vehicle in which the permit was issued unless otherwise authorized in writing by Parking Services. Parking permits remain the property of the University and must be destroyed when the permit expires or becomes invalid.

Permits for Persons with Physical Disabilities

2.22 Any persons with physical disabilities may apply to Parking Services for a parking permit for Designated Accessible Parking Areas as determined by Parking Services. In order to qualify for a parking permit for Designated Accessible Parking Areas, a valid Society for Manitobans with Disabilities ("SMD") parking permit must be presented by the permit applicant. The SMD permit expiry date will be relied upon by Parking Services to determine the length of time for which the parking permit for Designated Accessible Parking Areas is required.

2.23 Holders of valid University accessible parking permits who find no designated Designated Accessible Parking Area is available, may park in the next most convenient parking area (other than a residence student parking area, or parking lots N, O and V, as designated by the University) and must immediately report the matter to Parking Services. The report should include the vehicle license number and accessible parking permit number.

Bicycles

2.24 Bicycles should be parked only in proper University bicycle racks or the University Parkade Bike Station. Parking and storing of bicycles inside any University building, or in any manner which may create a problem related to pedestrian safety, building access or maintenance, as determined by the University, is prohibited. Bicycles parked in such a fashion are subject to removal by the University and their owners may be subject to a fee or charge, at rates established by the University, from time to time.

Rights of Cancellation

2.25 Notwithstanding any other provision of these Regulations, the University may withdraw areas normally used for parking and cancel any parking permit if the parking area referred to therein is required for construction or other purposes. If the assigned parking area or any portion thereof for which the parking permit is valid is deemed by the University to be required for other purposes and if alternative parking is not provided by the University, the unearned portion of the Parking Fee, minus any amounts due and owing to the University as fees or charges incurred as a result of parking or leaving Motor Vehicles on University Property in contravention of the Regulations, will be refunded to the registered parking permit holder.

Staff and Student Parking

Application for Parking

2.26 Staff members intending to park a Motor Vehicle, other than a bicycle, on University Property must apply for assigned parking at Parking Services, unless the Motor Vehicle is otherwise parked at a metered parking area, Public Pay Parking Area or Parkade in compliance with the Regulations.

2.27 Students intending to park a Motor Vehicle on University Property must apply for assigned parking at Parking Services or through any other valid registration system authorized by the University, unless the Motor Vehicle is otherwise parked at a metered parking area, Public Pay Parking Area or Parkade in compliance with the Regulations.

Conditions of Parking

2.28 Parking permits authorize the registered permit holder to park in the parking area designated by the parking permit in accordance with the terms and conditions displayed on the parking permit or in the parking contract signed by the permit holder.

2.29 In some parking areas, electricity is supplied to electrical outlets depending on climatic conditions.

Summer Parking Permits

2.30 Summer parking permits may be issued upon application and authorize the registered permit holder to park in the parking area designated by the parking permit during the period of May 1 to August 31 upon payment of fees, to be set by the University and posted on www.umanitoba.ca/parking.

Residence Student Parking

2.31 Residence student parking areas are reserved on a twenty-four (24) hour basis for residence students of the University. Residence students who own and operate a Motor Vehicle, while maintaining approved residence on University Property, may apply for available residence parking permits and must submit proof of ownership of the Motor Vehicle acceptable to Parking Services. These permits will be withdrawn by the University if the residence student vacates or is required to vacate residence on University Property, and the unearned portion of the Parking Fee, minus any amounts due and owing to the University as fees or charges incurred as a result of parking or leaving Motor Vehicles on University Property in contravention of the Regulations, will be refunded to the registered parking permit holder.

Visitor Parking

Visitors

2.32 Subject to sections 2.36-2.38 on Event Parking, and unless otherwise posted by the University, visitors may park in metered and Public Pay Parking Areas or a Parkade at the posted rate, on Monday to Friday from 7:30 a.m. to 4:30 p.m. Monday to Friday from 4:30 p.m. to 7:30 a.m. and on Saturdays and Sundays, visitors may park in all parking areas without charge, unless otherwise posted by the University. Visitors must at all times comply with the Regulations.

2.33 Any visitor (including contractors, trades people, and persons attending conferences and seminars) who wishes to park other than at a metered parking area, Public Pay Parking Area or Parkade must obtain
written parking authorization through Parking Services in advance and
must comply with the Regulations.
2.34 On an Event Day, visitors may not park or leave a Motor Vehicle in any
parking area or parkade, except as designated by the University with
signage and/or on www.umanitoba.ca/parking, beginning ninety (90)
minutes before an Event until one (1) hour after an Event.

Couriers
2.35 Courier companies making deliveries to the University are to use
designated building loading zones and must comply with the Regulations.
Parking is not to exceed the posted allowable time in duration and courier
vehicles must be visibly identified as such.

Event Day Parking
Investors Group Field event Designated Parking Lots

2.36 Notwithstanding anything else in these Regulations, beginning ninety
(90) minutes before the scheduled start of an Event and until one (1) hour
after the end of any Event, no person shall stop, park or leave any Motor
Vehicle in any Investors Group Field Event Designated Parking Lot, except
in accordance with the authorization granted by a valid Investor’s Group
Field parking pass or paid Event parking ticket.

University Designated Parking Lots

2.37 Notwithstanding anything else in these Regulations, beginning ninety
(90) minutes before the scheduled start of an Event and until one (1) hour
after the end of any Event, no person shall stop, park or leave any Motor
Vehicle in any University Designated Parking Lot without displaying a valid
University of Manitoba parking permit. University Designated Parking Lots
will be available to University of Manitoba parking permit holders on a first-
come, first served basis and space will not be guaranteed.

Visitor Parking on Event Day

2.38 Notwithstanding anything else in these Regulations, visitor parking
areas at the University of Manitoba during Events will be temporarily
unavailable except as designated by the University with signage and/or on
www.umanitoba.ca/parking. This will include all Public Pay Parking Areas,
metered areas and Parkades.

Stalls Equipped With Heater Plugs

Restriction on Use of Power

2.39 No person shall use any plug except for the sole purpose of drawing
power for a Motor Vehicle block heater or to charge an electric vehicle in
the appropriately designated stall and no device may be used to supply
power to another Motor Vehicle.

Faulty Heater Plugs

2.40 Faulty plugs should be reported as soon as possible to the University’s
Physical Plant Department, or such other or substitute office as may be
instituted in its place by the University from time to time.

Liability

2.41 The University, its employees, servants and agents assume no
responsibility for any inconvenience, loss of, or damage to, a Motor Vehicle
or its contents while on University Property, including, but not limited to
any inconvenience, loss or damage caused by or attributable to fire, theft,
collision electrical surges or interruptions of the supply of electricity or
otherwise.

Parking and Operation of Motor Vehicles

Prohibitions

2.42 No person shall stop, park or leave any Motor Vehicle, except for
bicycles, upon any part of University Property except in accordance with
the authorization granted by a valid parking permit and the Regulations
provided that, bicycles shall remain subject to all other Regulations and
policies of the University.
2.43 Except as specifically authorized by a valid parking permit, no person
shall stop, park or leave a Motor Vehicle alongside any building on
University Property.
2.44 No person shall stop, park, leave or operate a Motor Vehicle on
sidewalks, paths, loading zones, landscaped areas or within three (3) meters
of a fire hydrant on University Property except in the course of the
performance of essential University business.
2.45 No person shall stop, park or leave a Motor Vehicle in specific areas and
roadways on University Property identified and signed as fire lanes.
2.46 No person shall stop, park or leave a Motor Vehicle in a metered space
on University Property when the meter at that space is hooded.
2.47 No person shall stop, park or leave a Motor Vehicle idling in an area
designated by the University as a “No Idling” Zone, on University Property
as indicated by appropriate signage.
2.48 No person shall stop, park or leave a Motor Vehicle in a metered space,
Public Pay Parking Area, Parkade or in any parking stall on University
Property in such a manner that the Motor Vehicle is not wholly within the
metered space or parking stall.
2.49 No person shall move, disfigure, or in any way tamper with any parking
control signs posted or erected on University Property.
2.50 No person shall stop, park, leave or operate a snowmobile on
University Property, unless specifically authorized by the Vice-President
(Administration), or designate, who may set terms and conditions in
connection with such authorization wherever appropriate.
2.51 No person shall stop, park or leave a Motor Vehicle in a reserved
parking area, a signed Designated Accessible Parking Area or a residence
parking area at any time without a valid parking permit for that area unless
otherwise posted.
2.52 No person shall permit a Motor Vehicle to be stopped, parked or left
in a metered space on University Property when the violation signal of the
meter indicates a violation or when the pay parking ticket has expired.
2.53 No person shall stop, park or leave a Motor Vehicle within a Public Pay
Parking Area, a metered space or a Parkade, without purchasing parking
from a pay & display parking dispenser, parking meter, or mobile payment
application on University Property.
2.54 No person shall stop, park or leave a Motor Vehicle from 7:30 a.m. to
4:30 p.m., Monday through Friday, in a signed parking area on University
Property, without displaying a valid parking permit for that area.
2.55 Prohibitions 2.42 through 2.50 and 2.56 through 2.59 shall be in effect
at all times. Prohibitions 2.51 through 2.54 shall apply at all times except on
Saturday, Sunday and holidays, unless otherwise posted or noted in the
Regulations.

Theft of Service

2.56 No person shall deposit or cause to be deposited in a single or multi-
space parking meter, parking pay station or pay & display machine, any
substitute for a coin of Canada; or, deface, damage, tamper or impair the
working of any single or multi-space parking meter, meter pole, electronic
parking pay station, pass card reader, transponder or reader, Parkade ticket
terminal, pay & display machine or pay parking lot gate.
2.57 No operator of a Motor Vehicle shall, during the hours of operation, on
entry into a Parkade, proceed without first obtaining a pay parking ticket
from either the attendant or an automated pay station or terminal and paying
the required fee.
2.58 No operator of a Motor Vehicle shall, during the hours of operation, as
posted by the University, on entry into a Public Pay Parking Area, or a multi-
space meter area, park without first paying for parking from either the
attendant or the automated machine for that area.
2.59 No operator of a Motor Vehicle shall, during the hours of operation,
display an altered, forged, copied or stolen parking permit and/or pay &
display receipts or any other type of ticket normally issued for parking on
University Property.
Parking Signs
2.60 Operators of Motor Vehicles shall obey any parking signs on University Property erected by either the University or with the consent of the University.

Temporary “No Parking” Signs
2.61 Where it is necessary to erect temporary “No Parking” signs in areas normally allotted for parking under the Regulations for such reasons as snow removal, cleaning, construction, special events or other good reasons, as same may be deemed by the University, such “No Parking” signs shall be observed and have priority over normal parking privileges. Wherever possible, persons temporarily displaced by the erection of such emergency signs will be assigned to other locations.

Fees and Charges
2.62 Authority. Pursuant to subsection 16(1) of The University of Manitoba Act, the University is authorized to impose fees and charges to be paid by owners or operators of Motor Vehicles stopped, parked in or left on University Property in contravention of the Regulations.

2.63 Notice of Parking Violation. A Violation Notice may be issued by the University to any operator or owner charged with violation of any of the provisions hereof. The owner of a Motor Vehicle may be responsible for payment of any fees or charges in connection with the Violation Notice issued to that vehicle unless the owner can prove to the satisfaction of the University that the Motor Vehicle was not being operated by and/or was not parked or left by the owner or by any other person with the owner’s express or implied consent.

2.64 Failure to Pay Fees or Charges. Violation Notices must be settled within ten (10) days from the date of issue, failing which the University shall proceed to take all necessary legal action to receive payment of such fees and charges together with any costs incurred by the University in taking such legal action.

2.65 Service of Violation Notices. A Violation Notice shall be sufficiently served if served in any of the following ways:
(a) by being handed to the operator of the Motor Vehicle;
(b) by being mailed, either by regular mail or by electronic mail, to the address of the person registered as the owner of the Motor Vehicle concerned; or,
(c) by such violation notice being attached to, or left under, the windshield wiper or attached to the windshield of the Motor Vehicle.

2.66 Content of Violation Notice. The Violation Notice shall have endorsed thereon the following:
(a) “This parking violation is issued pursuant to section 16 of The University of Manitoba Act by authority of the Board of Governors of the University, or such other substitute office as may be instituted in its place by the University, from time to time, for a contravention of the Parking Regulations”.

2.67 Amount of Fees and Charges. Fees and charges for parking violations are as follows:
(a) for all violations other than those listed in subsections (b) to (h):
(i) Option “A” – THIRTY FIVE DOLLARS ($35.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – SEVENTY DOLLARS ($70.00) if paid thereafter.
(b) for possession and/or display of a stolen, altered, copied or forged parking permit or pay & display parking ticket or receipt or any other type of ticket normally issued for parking on University Property – THREE HUNDRED AND FIFTY DOLLARS ($350.00) and a charge in an amount equal to the costs that would have been incurred for the purchase of a parking permit or pay parking ticket for the period during which the stolen or forged parking permit or pay parking ticket was being used.
(c) for violations of sections 2.56 through 2.58 - THREE HUNDRED AND FIFTY DOLLARS ($350.00) and such amount as the University may deem appropriate in order to compensate the University for losses suffered as a result of damage to property caused by the person, upon order of the Vice-President (Administration) under section 2.75;
(d) for stopping or parking in an Accessible Parking Space:
(i) Option “A” – ONE HUNDRED AND FIFTY DOLLARS ($150.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – THREE HUNDRED DOLLARS ($300.00) if paid thereafter;
(e) for stopping or parking in a fire lane:
(i) Option “A” – FIFTY DOLLARS ($50.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – ONE HUNDRED DOLLARS ($100.00) if paid thereafter; and
(f) for violations of sections 2.36 and/or 2.37:
(i) Option “A” – FIFTY DOLLARS ($50.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” SEVENTY FIVE DOLLARS ($75.00) if paid thereafter.
(g) for displaying an invalid permit or pay parking ticket:
(i) Option “A” – SEVENTY FIVE DOLLARS ($75.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” ONE HUNDRED AND FIFTY DOLLARS ($150.00) if paid thereafter.
(h) for violations of section 2.48:
(i) Option “A” – TWENTY DOLLARS ($20.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – FORTY DOLLARS ($40.00) if paid thereafter.

The University may require payment of fees and/or charges for parking violations under more than one of the above noted subsections, with respect to a single incident, as the University, within its sole discretion may determine is appropriate.

2.68 Voluntary Payment. Any fees or charges issued under sections 2.42-2.59 on Prohibitions may be paid within the time limit indicated on the notice thereof as follows:
(a) by on-line payment, on a twenty-four (24) hour basis, by visiting the University’s website at www.umanitoba.ca/parking;
(b) by mail or after hours deposit (cheques only) at Parking Services at the Welcome Centre, 423 University Crescent, or such other location as the office may be located in from time to time;
(c) in person Monday to Friday, between the hours of 8:00 a.m. and 4:30 p.m. at Parking Services at the Welcome Centre, 423 University Crescent, or such other location as the office may be located in from time to time.

2.69 An administration fee will be assessed by the University for all returned NSF cheques and stop payments.

2.70 Stolen, Altered, Copied or Forged Parking Permits and Pay Parking Tickets. Where a person has been found in possession of and/or displaying a stolen, altered, copied or forged parking permit or pay parking ticket any other type of ticket normally issued for parking on University Property:
(a) the unauthorized parking permit or pay parking ticket shall be confiscated;
(b) the person shall pay a fine in accordance with section 2.67 of:
(i) Option “A” – SEVENTY-FIVE DOLLARS ($75.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – ONE HUNDRED AND FIFTY DOLLARS ($150.00) if paid thereafter; and
(c) upon the order of the Vice-President (Administration), the person:
(i) shall pay a fee of THREE HUNDRED AND FIFTY DOLLARS ($350.00); and
(ii) shall be required to make payment to the University in an amount equal to the costs that would have been incurred for the purchase of a parking permit or pay parking ticket for the period during which the stolen or forged parking permit or pay parking ticket was being used in order to compensate the University for losses suffered as a result of damage to property caused by the person that violated one or more of sections 2.56-2.59; and
(iii) shall not be entitled to, and shall be prohibited from, parking a Motor Vehicle on University Property for a period of up to twelve (12) months, during which time any Motor Vehicle registered to that person may be towed away and impounded under Sections 2.76-2.79 on Removal, Impoundment and Liability.

2.71 Violation of Sections 2.56-2.59. Where a person has violated one or more of sections 2.56-2.59:
(a) the person shall pay a fine in accordance with section 2.67 of:
(i) Option “A” - SEVENTY-FIVE DOLLARS ($75.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – ONE HUNDRED AND FIFTY DOLLARS ($150.00) if paid thereafter.
thereafter; and
(b) upon the order of the Vice-President (Administration), the person:
(i) shall pay a fee of THREE HUNDRED AND FIFTY DOLLARS ($350.00); and
(ii) shall pay such amount as the University may deem appropriate in order to
compensate the University for losses suffered as a result of damage to property
caused by the person that violated one or more of sections 2.56-2.59; and
(iii) shall not be entitled to, and shall be prohibited from, parking a Motor
Vehicle on University Property for a period of up to twelve (12) months,
during which time any Motor Vehicle registered to that person may be
 towed away and impounded under sections 2.76-2.79 on Removal,
Impoundment and Liability.

Appeals and Extenuating Circumstances.

2.72 Those persons wishing to appeal and outline extenuating
circumstances, or appeal a Parking Fee or Violation Notice issued under
section 2.67 (excluding clauses e-f of section 2.73), may do so as follows:
(a) with respect to fees or charges for parking in contravention of the
Regulations – attend to Parking Services at the Welcome Centre, 423
University Crescent, (or such other location as the office may be located in
from time to time), Monday through Friday, 8:00 a.m. to 4:30 p.m.
respecting a fee or charge; or
(b) with respect to appeals of decisions under (a) above and with respect to
the other decisions issued under sections 2.71 through 2.73 inclusive –
appeal to the Vice-President (Administration) or such person or body
designated by the Vice-President (Administration) in accordance with
procedures established from time to time.

Revocation of Parking Permits

2.73 Revocation of Parking Permit. In addition to any other fees or charges
provided by the Regulations, a parking permit of an individual violating the
Regulations, may be revoked by the Vice-President (Administration) at
his/her sole discretion.
2.74 Prohibition from Parking on University Property. Any person whose
parking permit is revoked may also be prohibited by the Vice-President
(Administration) from parking, stopping or leaving a Motor Vehicle on
University Property for a period of up to twelve (12) months, during which
time any Motor Vehicle registered to that person may be removed and
impounded under sections 2.76-2.79 on Removal, Impoundment and Liability.

Failure to Pay

2.75 Failure to Pay Fees or Charges. Where a person does not pay the fees
or charges owing under sections 2.67, 2.70 or 2.71, any one (1) or more of
the following actions may be taken by the University:
(a) discipline (including dismissal) of faculty and staff members;
(b) discipline of students under the Student Discipline Bylaw;
(c) withholding of examination marks, transcripts, diplomas, or denying
registration and registration materials until the outstanding fees or charges
have been paid in full or other arrangements have been made which are
satisfactory to the University;
(d) revocation of a parking permit under section 2.71 and prohibition from
parking on University Property under section 2.72;
(e) withholding of the issuance of any new parking permits;
(f) removal and impoundment of a Motor Vehicle under sections 2.76-2.79
on Removal, Impoundment and Liability; and
(g) collection activities by the University or by others at the request of the
University, including the issuance of a Statement of Claim in a civil court
against the owner or operator of a Motor Vehicle for the amount of the fee
or charge and all costs relating to and including the costs of removal,
impoundment and storage of the Motor Vehicle, as well as any legal costs
incurred by the University in taking such collection activities and/or legal
action.

Removal, Impoundment and Liability

2.76 Motor Vehicles parked or left on University Property may be removed,
impounded and stored if such Motor Vehicles are considered by the
University to be impeding snow removal operations or any other essential
operation whatsoever or where removal or impoundment of the Motor
Vehicle is deemed to be reasonable in the sole discretion of the University.
2.77 Motor Vehicles parked or left on University Property on an Event Day
may be removed, impounded and stored if such Motor Vehicles are parked
in in contravention of these Regulations, as determined by the University in
its sole discretion.
2.78 In addition to any other fee, charge or consequence provided by these
Regulations, a Motor Vehicle removed and impounded under these
Regulations shall be at the owner’s risk. The owner or operator shall be
responsible for the charges incurred for removal, impoundment and
storage, which charges must be paid before the Motor Vehicle will be
released.
2.79 Neither the University, nor its employees, servants or agents, shall be
liable in any way whatsoever for such damage or inconvenience caused by reason of any Motor
Vehicle being towed away, removed, stored or impounded in accordance
with these Regulations.

Liability for Lost, Stolen or Damaged Property

2.80 Neither the University, nor its employees, servants or agents, shall be
liable in any way whatsoever for any lost, stolen or damaged property
contained within the Motor Vehicle or any loss, damage or theft to the
Motor Vehicle, notwithstanding that the loss, theft or damage may have
occurred while on University Property.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the Vice-
President (Administration) that a formal review of this Regulation is
required.
3.2 The Manager, Parking Services is responsible for the implementation,
administration and review of this Regulation.
3.3 Students, External Parties and All Employees are responsible for
complying with this Regulation.

Part IV
Review

4.1 Governing Document reviews shall be conducted every ten (10)
years. The next scheduled review date for this Regulation is March 20, 2022.
4.2 In the interim, this Regulation may be revised or repealed if:
(a) the Vice-President (Administration) or the Approving Body deems it
necessary or desirable to do so;
(b) the Regulation is no longer legislatively or statutorily compliant; and/or
(c) the Regulation is now in conflict with another Governing Document.
4.3 If this Regulation is revised or repealed all Secondary Documents, if
applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Regulation; or
(b) are in turn repealed.

Part V
Effect on Previous Statements

5.1 This Regulation supersedes all of the following:
(a) Parking for Invited Guests, Visitors, Conference and Special Events Policy;
(b) Parking Regulations (2011)
(c) all previous Board of Governors/Senate Governing Documents on the
subject matter contained herein; and
(d) all previous Administration Governing Documents on the subject matter
contained herein.

Part VI
Cross References

6.1 This Regulation should be cross referenced to the following relevant
Governing Documents, legislation and/or forms:

This policy is available online at http://umanitoba.ca/admin/governance/governing_documents/community/255.html.

Student Discipline Bylaw

Students are expected to conduct themselves responsibly with due regard for the rights of others and to maintain a high level of personal and academic integrity. Students who transgress these standards, whether expressed in policy or implied in generally accepted codes of conduct, can expect disciplinary action. Penalties arising from disciplinary actions may include fines, withholding of student privileges, suspension or expulsion from programs, or some other action specific to the situation. Penalties may also affect student eligibility to continue in their programs or to graduate.

Part I
Reason for Bylaw

1.1 The reason for this Bylaw is to outline the Disciplinary Actions available to Disciplinary Authorities and the subsequent appeal process available to Students for findings of Academic Misconduct and Non-Academic Misconduct.

Part II
Policy Content
Definitions

2.1 The following terms are defined for the purpose of this Bylaw:
(a) "Academic Misconduct" has the same meaning as defined in section 2.5 of the Student Academic Misconduct Procedure.
(b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
(c) "Appeal Procedure" means the Student Discipline – Appeal Procedure.
(d) "Bylaw" means the Student Discipline Bylaw.
(e) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(f) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3: Disciplinary Actions and Disciplinary Authorities.
(g) "Disciplinary Authority" means the discipline authority designated to determine a matter of student discipline under:
   (i) Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct;
   or
   (ii) Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct.
(h) "Expulsion" has the same meaning as defined under section 2.16 of this Bylaw.
(i) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(j) "Non-Academic Misconduct" has the same meaning as defined in section 2.5 of the Student Non-Academic Misconduct and Concerning Behaviour Procedure.
(k) "Reprimand" has the same meaning as defined under section 2.6 of this Bylaw.
(l) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(m) "Student" means any of the following individuals:
   (i) Admitted – an individual who has accepted an offer of admission to the University;
   (ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving Suspension due to academic or discipline;
   (iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw).
(n) "Suspension" has the same meaning as defined in section 2.8 of this Bylaw.
(o) "Table 1" refers to Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct, which follows the Bylaw.
(p) "Table 2" refers to Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct, which follows the Bylaw.
(q) "Table 3" refers to Table 3: Disciplinary Actions and Disciplinary Authorities, which follows the Bylaw.
(r) "Unit" means a Faculty, School, College, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a Faculty/College/School is not a Unit as the term is used within this Bylaw.
(s) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.
(t) "University" means The University of Manitoba.
(u) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers.
(v) "UDC" means the University Discipline Committee composed under section 2.53 of the Appeal Procedure.

Disciplinary Actions

2.2 Students will be subject to Disciplinary Action under this Bylaw for acts of Academic Misconduct and for acts of Non-Academic Misconduct.
2.3 The Disciplinary Actions available to a Disciplinary Authority are set out in Table 3.
2.4 Once a Disciplinary Action has been implemented, no further Disciplinary Action may be imposed for the same matter except as a result of an appeal by the Student.

Student Academic History/Transcript with regard to Disciplinary Actions

2.5 Disciplinary Actions implemented shall not ordinarily be recorded on the Student’s academic history / transcript except in the following:
   (a) if the Student receives Suspension or Expulsion under sections 16, 17, 20 or 26 of Table 3; or
   (b) a Reprimand has been ordered recorded on a Student’s academic history / transcript under section 2 of Table 3.

Reprimand

2.6 "Reprimand" means an action intended to convey stern disapproval to a Student by means of recording their Academic Misconduct or Non-Academic Misconduct on their Student’s academic history / transcript for a period of up to five (5) years.
2.7 Where a Reprimand has been ordered to be recorded on the Student’s academic history / transcript (see section 2 of Table 3), the Reprimand shall be removed:
   (a) Following the elapse of the specified period of time, upon the written request of the Student to the Registrar; or
   (b) Earlier, upon a written order from the Disciplinary Authority that implemented the Disciplinary Action.

Suspensions

2.8 "Suspension" means any withdrawal of one or more rights or privileges for a definite or indefinite period of time.
2.9 A Student may receive Suspension from the following:
   (a) a particular course or courses;
   (b) a department;
   (c) a Faculty/College/School;
2.16 “Expulsion” means a withdrawal of all rights or privileges available to Students for either a definite or indefinite period of time.

2.17 A Student may receive Expulsion from the following:

(a) a Faculty/College/School;
(b) the University; or
(c) a Residence.

2.18 In the case of an Expulsion for a definite period of time, upon expiration of such time, in order to be readmitted, the Student must reapply for admission through normal channels to the appropriate authority having jurisdiction over admission.

2.19 In the case of an Expulsion for an indefinite period of time the Student may apply to the Disciplinary Authority that imposed the final penalty for a lifting of the Expulsion. If the Expulsion is lifted, the Student, in order to be readmitted, must reapply for admission through normal channels to the authority having jurisdiction over admission.

2.20 Where a Student has received an Expulsion pursuant to sections 2.17(a) or 2.17(b) of this Bylaw, any academic credits earned by the Student at the University or at any academic institution during the period of Expulsion shall not be counted as credit toward any degree or program offered by the University, unless at the time of the imposition of the Expulsion, the Disciplinary Authority stipulates otherwise.

2.21 Where the Student has received Expulsion from a Faculty/College/School of the University, any other Faculty/College/School may refuse to register the Student for any course or courses or refuse to accept the Student into their programs, provided that prior to such refusal, the other Faculty/College/School has:

(a) obtained and considered a written report from the Disciplinary Authority that implemented the Expulsion, outlining the circumstances surrounding the Disciplinary Action;

(b) provided the Student a copy of the report; and

(c) given the Student an opportunity to respond to the report.

2.22 An Expulsion shall appear on the Student's academic history / transcript and may only be removed by the Registrar upon the written order of the Disciplinary Authority that implemented the Disciplinary Action.

Appeals

2.23 Students have a right to appeal decisions made by a Disciplinary Authority, excluding the following decisions which are final:

(a) Any decision of the UDC.

(b) The discretionary decision of a Disciplinary Authority to lift a suspension or an expulsion under section 2.11 or section 2.19 of this Bylaw;

(c) The decision of a Faculty/College/School to refuse a Student under section 2.21.

2.24 Appeals shall be conducted in accordance with the Appeal Procedure.

2.25 Subject to section 2.26 of this Bylaw, no Disciplinary Action shall be implemented and Students shall be permitted to continue in their courses or program until the time for appeal has elapsed or until the Student has waived in writing the right to appeal, whichever occurs first. The Disciplinary Authority must ensure that the Student’s work continues to be graded normally and is unaffected until the appeal period has lapsed or the appeal process is complete.

2.26 Section 2.25 of this Bylaw does not apply in the following circumstances:

(a) Where the Disciplinary Action would be entered on the academic history / transcript of the Student, the Registrar shall be notified by the Disciplinary Authority implementing such Disciplinary Action, and shall not issue any academic transcripts until the appeal period has elapsed or the appeal process is complete;

(b) Where the Disciplinary Action relating to academic dishonesty or academic fraud may result in a change to the Student’s transcript, the Registrar shall be notified by the Disciplinary Authority implementing such Disciplinary Action, and shall not issue any transcripts until the appeal period has elapsed or the appeal process is complete;

(c) Where changes in the Student’s courses and/or program are directly related to the matter under disciplinary consideration, such changes shall not be permitted; and

(d) Where if the Disciplinary Action were not implemented, the safety of members of the University Community would be compromised.

Confidentiality

2.27 All matters relating to student discipline or appeal must be kept confidential in accordance with applicable University policies and procedures, and The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.

Annual Reports

2.28 The Annual Report of the UDC will contain all the disciplinary matters that have occurred on campus from September 1 to the following August 31 of each Calendar year.

2.29 Academic Staff and department heads who have dealt with a disciplinary matter shall report to the Dean/Director of the Faculty/College/School to which each Student belongs, setting out the nature of the offence and particulars of the penalty and the Student’s identification number if applicable. The Student’s identification number is only used for administrative purposes to reduce the possibilities of errors in duplicate reporting and will not be included in the Annual Report.
2.30 Disciplinary Authorities, except members of the Academic Staff and department heads, shall report all disciplinary matters considered by or reported to them to the Chair of the UDC by October 1 of each year. The report shall contain the number of disciplinary matters referred to such person or body, the nature of the offences and particulars of the dispositions, and such further matters as may be required by the UDC.

2.31 The recording secretary of the UDC shall prepare and the Chair shall submit a report to the University President by December 1 in each year setting out both a summary of the reports submitted to the Chair of the UDC as well as particulars of the number, nature and disposition of cases appealed to the UDC.

2.32 Members of the University Community, shall be kept informed of the nature and disposition of cases dealt with under this Bylaw as the Annual Report shall be presented to the both the Senate and the Board of Governors annually. The names of Students disciplined shall not normally be made public.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The President is responsible for the implementation, administration and review of this Policy.

3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Policy.

Part IV
Secondary Documents

4.1 The President or Approving Body may approve Regulations, Policies and Procedures which are secondary to and comply with this Bylaw.

Part V
Review

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Bylaw is September 1, 2026.

5.2 In the interim, this Bylaw may be revised or repealed if:
(a) The President or Approving Body deems it necessary or desirable to do so;
(b) The Bylaw is no longer legislatively or statutorily compliant; and/or
(c) The Bylaw is now in conflict with another Governing Document.

5.3 If this Bylaw is revised or rescinded, all Secondary Documents will be reviewed as soon as reasonably possible in order to ensure that they:
(a) comply with the revised Bylaw; or
(b) are, in turn, rescinded.

Part VI
Effect on Previous Statements

6.1 This Bylaw supersedes:
(a) Student Discipline Bylaw, dated January 1, 2009;
(b) all previous Board/Senate Bylaws, Regulations, Rules, Policies and Procedures, and resolutions on the subject matter contained herein; and
(c) the previous Faculty/College/School Council Bylaw, Regulations, Procedures, and resolutions on the subject matter contained herein.

This Policy and the Procedures that follow are available online at http://umanitoba.ca/admin/governance/governing_documents/students/stud ent_discipline.html.

Student Discipline Appeal Procedures

Part I
Reason for Procedures

1.1 These Appeal Procedures are secondary to the Student Discipline Bylaw and are intended to establish a process for appeals to be heard, and to provide guidance to the members of appeal panels, to the student and to the Faculty/College/School representatives in relation to appeal hearings.

Part II
Procedures

Definitions

2.1 The following terms are defined for the purpose of this Bylaw and related Procedures:
(a) “Academic Misconduct” has the same meaning as defined in section 2.5 of the Student Academic Misconduct Procedure.
(b) “Academic Staff” refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
(c) “Appeal Body” means the appropriate persons or bodies as identified in sections 2.9 to 2.14.
(d) “Appeal Procedure” means this Student Discipline – Appeal Procedure.
(e) “Appellant” means the Student appealing a Disciplinary Action taken against him or her.
(f) “Bylaw” means the Student Discipline Bylaw.
(g) “College” means a Professional College as defined under the Definitions of Academic Units Policy.
(h) “Disciplinary Action” means the specific disciplinary actions available for each Disciplinary Authority under Table 3 of this Bylaw.
(i) “Disciplinary Authority” means the discipline authority designated to determine a matter of student discipline for Academic Misconduct or Non-Academic Misconduct.
(j) “Faculty” means a Faculty as defined under the Definitions of Academic Units Policy.
(k) “Local Disciplinary Committee” or “LDC” means the standing or, from time to time, ad hoc committee appointed to hear and determine disciplinary matters under section 2.24 of this Appeal Procedure.
(l) “Non-Academic Misconduct” has the same meaning as defined in section 2.5 of the Student Non-Academic Misconduct and Concerning Behaviour Procedure.
(m) “Notice of Appeal” means the appeal documentation that must be filed by the Student under section 2.16.
(n) “Respondent” means the Disciplinary Authority whose decision is being appealed.
(o) “School” means a “School of the University” or a “School of a Faculty”, as those terms are defined under the Definitions of Academic Units Policy.
(p) “Sexual Assault” has the same meaning as defined under the Sexual Assault Policy.
(q) “Student” means any of the following individuals:
(i) Admitted – an individual who has accepted an offer of admission to the University;
(ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension due to academic or discipline;
(iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw);
(r) “Student Advocate” is a member of the University’s Student Advocacy Office who provides students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.
(s) “Table 3” means Table 3: Disciplinary Actions and Disciplinary Authorities, which follows the Bylaw.
(t) “Unit” means a Faculty, School, College, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a faculty or school is not a Unit as the term is used within this Procedure.
(u) “Unit Head” refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with
Appeals Generally

2.2 Students have a right to appeal Disciplinary Actions made by a Disciplinary Authority, subject to section 2.23 of the Bylaw.

2.3 Only the Student who has been the subject of a Disciplinary Action has the right to appeal.

2.4 An Appeal Body may dispose of the matter by instituting any Disciplinary Action authorized to it under Table 3. The resulting disposition may be the same, more severe or less severe than the original Disciplinary Action and the Appellant must be so informed of this possibility prior to the commencement of an appeal hearing.

2.5 When an appeal is heard by an Appeal Body, the Appellant must be invited to attend the hearing and, if in attendance, be permitted to ask questions and offer an explanation. Every reasonable attempt should be made to schedule the hearing at a time and place that permits the Appellant’s participation.

2.6 If the Appellant, Respondent or their respective representatives are unable to attend the hearing in person, the use of a digital communication, such as audio or video conferencing, may be used with prior consent of the chair of the Appeal Body, provided that such means enable all parties to clearly communicate. A request for such a meeting must be made at least one week in advance of the hearing date.

2.7 Subject to sections 2.40 and 2.74 of this Appeal Procedure, the Appellant may appear in person and be represented by a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, or a member of the Appellant’s immediate family. It is the Appellant’s sole responsibility to determine the adequacy of their representation.

2.8 Subject to sections 2.40, 2.45, 2.76, and 2.83 of this Appeal Procedure, a representative designated in writing by the Appellant may:
(a) attend any disciplinary hearing; and
(b) participate in any disciplinary hearing to the extent of asking questions of anyone in attendance and making submissions to any Appeal Body.

Filing an Appeal

2.15 The Appellant must deliver the Notice of Appeal to the appropriate Appeal Body within ten (10) working days as of the date on the letter notifying the Appellant of the Disciplinary Action from the lower body.

2.16 The Notice of Appeal must include:
(a) a written response to the Appellant’s Notice of Appeal;
(b) copies of such written materials as the Appellant wishes considered in connection with the appeal;
(c) copies of the letter indicating the lower level decision, if not a first level appeal;
(d) A letter clearly outlining the reason for the appeal and the remedy sought, including an indication of whether the Appellant is appealing the decision on:
(i) the finding of facts;
(ii) the Disciplinary Action imposed by the Disciplinary Authority; or
(iii) both the facts and the Disciplinary Action; and
(e) the name and contact information of any representative that the Appellant wishes to have present at the appeal hearing, subject to sections 2.7, 2.39 and 2.74 of this Appeal Procedure.

2.17 Subject to section 2.18, if an appeal is not received by the next level Appeal Body by the deadline set out in section 2.15, the Disciplinary Action against the Student will be implemented.

2.18 The time for delivery of a Notice of Appeal may be extended by the Appeal Body, or by the chair of the Appeal Body where the Appeal Body is the LDC or the UDC.

Responsibilities of Respondents

2.21 The Respondent will be given ten (10) working days to respond to the Notice of Appeal.

2.22 Respondents must submit the following:
(a) A written response to the Appellant’s Notice of Appeal;
(b) All relevant documentation the Respondents will rely on as support for their position regarding the appeal; and

University Policies and Procedures 48 Undergraduate Calendar 2018-2019
(c) In the case of an appeal to the LDC or UDC, a listing of all resource people or witnesses they want in attendance at the hearing and their relevance. The scheduling of witnesses and resource people is the responsibility of the Respondent.

(d) All the above documents must be filed within the time set out in section 2.21. If the Respondent had not received permission for an extension, a written request must be submitted to the Appeal Body to determine whether the Respondent’s submission will be accepted.

2.23 If no response is received from the Respondent by the date requested by the office coordinating the appeal, a hearing may be set.

LOCAL DISCIPLINE COMMITTEE (LDC)

LDC Jurisdiction

2.24 Each Faculty/College/School, and the University Student Residences under the jurisdiction of the Office of Student Residences, must establish a standing or, from time to time, ad hoc committee to hear and determine disciplinary matters appealed to it by Students from a decision of the Dean/Director of that Faculty/College/School, or the Director of Student Residences for the University Residences under the Office of Student Residences’ jurisdiction.

2.25 The LDC and the hearing panels thereof must exercise disciplinary authority on all Students that are appealing a decision from the Dean or Director of the Faculty/College/School or University Student Residence.

2.26 The Disciplinary Actions available to the LDC are set out in Table 3.

LDC Composition

2.27 In Faculties/Colleges/Schools, the LDC must be composed of an equal number of faculty members and students with a minimum of eight (8) members.

2.28 In the case of University Student Residences, the LDC must be composed of an equal number of residence staff and students with a minimum of eight (8) members. Members must be appointed by the Director of Student Residences with the advice of the appropriate Residence Students’ Association.

2.29 The chair of the LDC must be elected by and from the membership of the LDC.

2.30 A quorum must be half the members, with a minimum of four (4) members, ensuring at least one (1) student and one (1) faculty member are present.

2.31 Where the Disciplinary Action relates to two (2) or more Faculties, Colleges or Schools, the LDC hearing panel must contain at least one (1) student and one (1) faculty member from each Faculty/College/School.

2.32 The chair must only vote in the case of a tie.

2.33 The Appellant, or the Appellant's representative, if any, and Respondent must have the right to challenge for cause any member of the LDC, the validity of the challenge to be judged by the remainder of the LDC. Such cause may include current teacher-student relationship, bias, or any factor likely to prejudice a fair hearing. Any person, who was directly involved in the original Disciplinary Action, either as a principal in the case or as a Disciplinary Authority, must be automatically removed from any hearing panel regarding the appeal.

LDC Hearing Procedures

2.34 The Appellant must be presumed innocent until the evidence presented indicates that, on the balance of probabilities Disciplinary Action is warranted. The LDC, in weighing the balance of probabilities, must consider the severity of the alleged incident.

2.35 The hearing must be by way of a trial de novo unless the appeal has been made only in relation to the severity of the Disciplinary Action imposed.

2.36 Hearings must be closed unless the Appellant requests in writing at least forty-eight (48) hours before the hearing that a hearing be open and there is no reasonable objection to an open hearing.

2.37 If the appeal hearing is in closed session, no observers may be present in the room. If the appeal hearing is in open session, any observers present will not be allowed to contribute in any way to the proceedings. Regardless of open or closed status, no electronic or other recording devices will be permitted.

2.38 Regardless of section 2.36, hearings related to discipline under the Respectful Work and Learning Environment Policy and/or discipline under the Sexual Assault Policy must be closed.

Representatives at LDC Hearing

2.39 At the LDC hearing, the Appellant may appear in person and be represented by a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, or a member of the Student’s immediate family. It is the Appellant’s sole responsibility to determine the adequacy of their representation.

2.40 If the Appellant or the Respondent wishes to have a lawyer present, the lawyer(s) present may only be a non-participating observer(s) at hearings of the LDC, but may represent the Appellant or Respondent at hearings of the UDC.

Failure to Attend LDC Hearing

2.41 An Appellant who fails to attend a scheduled appeal hearing may have the appeal considered on the basis of the Appellant’s written submission, the presentation of the Appellant’s designated representative, if any, and the verbal and written submissions made by the Respondent.

2.42 The Appellant shall be advised that the LDC has made a decision regarding the appeal and that the Appellant has ten (10) days to provide reasons for missing the hearing prior to the implementation of the decision. The LDC Chair will determine whether the hearing should be re-scheduled based on any submission from the Appellant. A reasonable attempt will be made to reconvene the same members should the hearing be re-scheduled.

Evidence at LDC Hearing

2.43 The Appellant and the Appellant’s designated representative, if any, and the Respondent or the Respondent’s representative, will receive in writing, at least five (5) working days before the date set for the hearing, the names of the members of the LDC hearing panel who will hear the appeal and the information that has been submitted to the LDC hearing panel by both relevant parties, in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.

2.44 The Appellant, or the Appellant’s designated representative, if any, and the Respondent, or the Respondent’s representative, if any, may call witnesses and submit other evidence. The Appellant, the Appellant’s representative, if any, and the Respondent, or Respondent’s representative, if any, are responsible for arranging their own witnesses. If witnesses are to be called, a witness list must be provided by the Appellant or the Appellant’s representative, if any, in their original appeal package provided to the Chair and a witness list must be provided by the Respondent or the Respondent’s representative, if any, with their response to the appeal.

2.45 The Appellant must not be required to testify, but if the Appellant elects to do so, then the Appellant may be cross-examined by the Respondent, or the Respondent’s representative, if any.

2.46 The Appellant or the Appellant’s designated representative, if any, and the Respondent, must have the right to cross-examine witnesses.

2.47 The LDC may consider confidential information from the University Health Service, Counselling Service, University Chaplains and other similar services which are submitted by these services to the LDC at the request of the Appellant. Such confidential information submitted to the LDC may only be used for the purpose of the appeal.

Adjournments of LDC Hearing

2.48 Requests for adjournment must be granted within reason.

Disposition of LDC Hearing

2.49 A decision to uphold or deny an appeal, in whole or in part, and a decision to take different Disciplinary Action, in whole or in part, requires a simple majority of LDC Committee members present and voting. The results of the hearing must be conveyed in writing, in a timely fashion, by the Chair of the LDC to the Appellant or the Appellant’s designated representative, if any and to the Respondent or the Respondent’s...
designated representative, as the case may be. 2.50 If, after hearing all the evidence, the LDC is satisfied on the evidence presented that the Appellant has committed Academic Misconduct or Non-Academic Misconduct, the LDC may dispose of the matter by instituting any Disciplinary Action set out in the column entitled “Deans, Directors or LDC” in Table 3.

**UNIVERSITY DISCIPLINE COMMITTEE (UDC)**

**UDC Terms of Reference**

2.51 The UDC must:
(a) Report annually to the President.
(b) Establish procedures, consistent with this Bylaw, for hearing panels.
(c) Hear appeals, either as a committee of the whole or through a hearing panel, from decisions of Disciplinary Authorities.
(d) Review the Bylaw and related procedures periodically and, if necessary, to recommend changes to them.

**UDC Jurisdiction**

2.52 The UDC and the hearing panels thereof shall exercise Disciplinary Authority on behalf of the Board of Governors on all Students that are appealing a decision from the Disciplinary Authorities that are set out in section 2.13 of this document.

**UDC Composition**

2.53 The UDC shall be composed of nineteen (19) members. The nineteen (19) shall include:
(a) eight (8) faculty members nominated by the Senate Nominating Committee and appointed by the Board of Governors;
(b) seven (7) students nominated by the Student Senate Caucus and appointed by the Board of Governors;
(c) the President of the University of Manitoba (or designate), as an ex-officio member;
(d) the President of the University of Manitoba Students’ Union (or designate), as an ex-officio member;
(e) the President of the University of Manitoba Graduate Students’ Association (or designate), as an ex-officio member; and
(f) the Chair appointed pursuant to section 2.57. The Chair must only vote in the event of a tie.
2.54 Positions for which no nomination had been received from the Student Senate Caucus by September 15th shall be nominated by the Senate Nominating Committee.
2.55 The terms of office shall be three (3) years for academic staff, and one (1) year for students, from June 1 to May 31 (academic staff), and October 14 to October 13 (students). A member whose term of office has expired in any year shall continue in office until a successor has been appointed and shall be eligible for reappointment.
2.56 A quorum must be nine (9) the members, where a minimum of one (1) student and one (1) academic are present.
2.57 A Chair will be appointed by the Board of Governors for a three (3) year term.
2.58 The Vice-Chair shall be elected from and by the members of the UDC for a three (3) year term.

**UDC Hearing Panels**

2.59 When a matter has been appealed to the UDC, the Chair must either convene the UDC or convene a hearing panel thereof to hear the appeal.
2.60 A quorum shall be a minimum of four (4) members, ensuring at least one (1) student and one (1) faculty member are present including the Chair.
2.61 The Chair may vote only if there is a tie.
2.62 UDC members who have a conflict of interest in a particular case, or have a temporary work conflict, or are otherwise unable to sit, may disqualify themselves from hearing an appeal.
2.63 Notwithstanding the foregoing, the Chair of the UDC may, in a particular case, require that a larger hearing panel be convened to consider the matter, provided that such a larger hearing panel maintains the proportional representation as set out in section 2.60.
2.64 The Chair of the UDC may use his/her discretion to reject an appeal if the appeal appears to be clearly outside the jurisdiction of the UDC, (for example, matters not dealing with discipline nor related Disciplinary Actions taken by a lower Appeal Body).
2.65 When an appeal is received based on a fine or the amount ordered, the only decision from which an appeal is taken is the amount levied by way of fine or the amount ordered to be paid by way of restitution; then, if such fine or restitution does not exceed $500.00, the Chair may, at the Chair's discretion, personally decide the matter, or may convene a hearing panel to hear the appeal.
2.66 A staff member from the Office of the University Secretary, will serve as recording secretary for the hearings.
2.67 The Appellant, or the Appellant’s representative, if any, and the Respondent must have the right to challenge for cause any member of the UDC hearing panel, the validity of the challenge to be judged by the remainder of the UDC hearing panel if such a challenge is made at this time. Such cause may include current teacher-student relationship, bias, or any other factor likely to prejudice a fair hearing. Any person who was directly involved in the original Disciplinary Action, either as a principal in the case or as a Disciplinary Authority, must be automatically removed from any hearing panel regarding the appeal. The Office of the University Secretary after consultation with the Chair will make every reasonable attempt to address any concerns made prior to the hearing date regarding bias by either the Appellant or the Respondent.

**UDC Hearing Procedures**

2.68 The Appellant must be presumed innocent until the evidence presented indicates that, on the balance of probabilities Disciplinary Action is warranted. The UDC, in weighing the balance of probabilities, must consider the severity of the alleged incident.
2.69 The hearing before the UDC hearing panel must be by way of a trial de novo unless the appeal has been made only in relation to the severity of the Disciplinary Action imposed.
2.70 After an appeal hearing has commenced, the appeal may be withdrawn by the Appellant only with leave of the UDC hearing panel.
2.71 Hearings must be closed unless the Appellant requests in writing at least forty-eight (48) hours before the hearing that a hearing be open and there is no reasonable objection to an open hearing.
2.72 If the appeal hearing is in closed session, no observers may be present in the room. If the appeal hearing is in open session, any observers present will not be allowed to contribute in any way to the proceedings. Regardless of open or closed status, no electronic or other recording devices will be permitted.
2.73 Regardless of section 2.71, hearings related to discipline under the Respectful Work and Learning Environment Policy and/or discipline relating to Sexual Assault must be closed.

**Representatives at UDC Hearing**

2.74 At the UDC hearing, the Appellant may appear in person and may be represented by a Student Advocate, a representative from the University of Manitoba Student’s Union, a representative from the Graduate Students’ Association, or a lawyer. It is the Appellant’s sole responsibility to determine the adequacy of their representation.
2.75 At the UDC hearing, the Respondent may be represented by a lawyer from the University of Manitoba’s Office of Legal Counsel.
2.76 If any party intends to have a lawyer present at the hearing, that party must notify the Chair of the UDC at least seven (7) working days prior to the hearing. In that event, the UDC hearing panel may also retain the services of legal counsel. A rescheduling of the hearing may be required for all parties to retain legal counsel.
2.77 Subject to the notice provision in section 2.76, a representative designated in writing by any party may:
(a) attend the disciplinary hearing; and
(b) participate in any disciplinary hearing to the extent of asking questions of anyone in attendance and making submissions to the UDC.
2.78 The Appellant and the Appellant’s designated representative, if any, and the Respondent and the Respondent’s representative, if any, shall be
entitled to receive in writing, at least five (5) working days before the date set for the hearing, the information that has been submitted to the previous Appeal Body by the parties in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.

Failure to Attend UDC Hearing

2.79 An Appellant who fails to attend a scheduled appeal hearing may have the appeal considered on the basis of the Appellant’s written submission, the presentation of the Appellant’s designated representative, if any, and the verbal and written submissions made by the Respondent. 2.80 The Appellant must be advised that the UDC has made a decision regarding the appeal and that the Appellant has ten (10) days to provide reasons for missing the hearing prior to the implementation of the decision. The Chair must determine whether the hearing should be re-scheduled based on any submission from the Appellant. A reasonable attempt will be made to reconvene the same members should the hearing be re-scheduled.

Evidence at UDC Hearing

2.81 The Appellant, or the Appellant’s representative, if any, and the relevant Respondent, or the Respondent’s representative, if any, may call witnesses and submit other evidence. The Appellant, or the Appellant’s representative, if any, and the relevant Respondent, or the Respondent’s representative, if any, are responsible for arranging their own witnesses. If witnesses are to be called, a witness list must be provided by the Appellant or the Appellant’s representative, if any, in their original appeal submission provided to the Chair and a witness list must be provided by the relevant Respondent, or the Respondent’s representative, if any, with their response to the appeal. 2.82 The Appellant or the Appellant’s designated representative, if any, and the Respondent, or the Respondent’s representative, if any, must have the right to cross-examine witnesses. 2.83 The Appellant must not be required to give testimony but if the Appellant elects to do so, the Appellant may be cross-examined. 2.84 The UDC may consider confidential information from the University Health Service, Counselling Service, University Chaplains and other similar services which are submitted by these services to the UDC at the request of the Appellant. Such confidential information submitted to the UDC may only be used for the purpose of the appeal and will be treated as other documentation submitted for the appeal hearing as set out in section 2.87. 2.85 Where the Appellant appeals the disposition of a finding under the Respectful Work and Learning Environment Policy or under the Sexual Assault Policy, and upon the written request of the Chair of the UDC, the Vice-President (Administration) shall forward to the UDC the report of the investigator for consideration in the disposition of the appeal. Such confidential information submitted to the UDC may only be used for the purpose of the appeal and will be treated as other documentation submitted for the appeal hearing as set out in section 2.87. 2.86 Subject to section 2.78, the Appellant, the Appellant’s representative and the relevant Disciplinary Authority normally must have the right to receive a copy of any university document that the UDC or hearing panel considers in relation to the appeal. The Chair of the Committee must make the final determination on this matter. 2.87 All members of the UDC and/or hearing panel will keep all materials and information used for the appeal in strict confidence and surrender such materials to the recording secretary who will have the materials destroyed by way of confidential shredding.

Adjournments

2.88 Requests for adjournment shall be granted within reason.

Disposition

2.89 A decision to uphold or deny an appeal, in whole or in part, and a decision to take different Disciplinary Action, in whole or in part, requires a simple majority. 2.90 If, after hearing all the evidence, the UDC is satisfied on the evidence presented that the Appellant has committed Academic Misconduct or Non-Academic Misconduct, the UDC may dispose of the matter by instituting any Disciplinary Action set out in the column entitled “UDC” in Table 3.

2.91 The Chair of the UDC or hearing panel must, after a decision has been made, report the results of that decision in writing to:
(a) the Appellant or the designated representative of the Appellant, if any;
(b) the Respondent, or the Respondent’s representative, if any, from whose decision the appeal has been heard;
(c) the Dean/Director of the Faculty/College/School involved; or the Associate Vice-President (Administration), the Director of Student Residences, or the Chief Information Officer (CIO) of IST, as the case may be;
(d) the Registrar;
(e) the Vice-President (Administration);
(f) the Vice-Provost (Students); or
(g) any others as deemed relevant.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Appeal Procedure is required. 3.2 The President or his or her delegate is responsible for the implementation, administration and review of this Appeal Procedure. 3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Appeal Procedure.

Part IV
Review

4.1 Governing Document reviews must be conducted every ten (10) years. The next scheduled review date for this Appeal Procedure is September 1, 2026.

4.2 In the interim, this Appeal Procedure may be revised or repealed if:
(a) the Approving Body deems it necessary or desirable to do so;
(b) the Appeal Procedure is no longer legislatively or statutorily compliant;
(c) the Appeal Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

Part V
Effect on Previous Statements

5.1 This Appeal Procedure supersedes all of the following:
(a) Student Discipline Procedure, effective January 1, 2009, revised January 26, 2010.
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VI
Cross References

6.1 This Appeal Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Student Discipline Bylaw;
(b) Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct;
(c) Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct;
(d) Table 3: Disciplinary Actions and Disciplinary Authorities;
(e) Student Academic Misconduct Procedure;
(f) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(g) Definitions of Academic Units Policy;
(h) Final Examinations and Final Grades Policy and Procedures;
(i) Respectful Work and Learning Environment Policy;
(j) Sexual Assault Policy;
(k) RWLS and Sexual Assault Procedure;
(l) Use of Computer Facilities Policy and Procedure;
(m) Violent or Threatening Behaviour Policy and Procedure;
(n) The Freedom of Information and Protection of Privacy Act, C.C.S.M. c. F175;
(o) The Personal Health Information Act, C.C.S.M. c. P33.5.

Student Academic Misconduct Procedures

Part I

Reason for Procedure

1.1 The University of Manitoba emphasizes the importance of academic integrity and works diligently to uphold a rigorous and ethical academic environment.

1.2 The reason for this Procedure is to:
(a) Articulate the University’s expectation that all Students maintain the highest standards of integrity;
(b) Outline the jurisdiction for each Disciplinary Authority dealing with the Academic Misconduct of Students; and
(c) Provide a fair and thorough investigation process into allegations of Academic Misconduct.

Part II

Procedure Content

Definitions

2.1 The following terms are defined for the purpose of this Procedure:
(a) “Academic Misconduct” has the same meaning as defined in section 2.5 of this Procedure.
(b) “Academic Staff” refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
(c) “Appeal Procedure” means the Student Discipline – Appeal Procedure.
(d) "Bylaw" means the Student Discipline Bylaw.
(e) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(f) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3.
(g) "Disciplinary Authority" means the disciplinary authority designated to determine a matter of student discipline for Academic Misconduct under Table 1.
(h) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(i) "Procedure" means this Student Academic Misconduct Procedure.
(j) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(k) "Student" means any of the following individuals:
(i) Admitted – an individual who has accepted an offer of admission to the University;
(ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension;
(iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw).
(l) "Student Advocate" is a member of the University’s Student Advocacy Office who provides Students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.
(m) "Table 1" refers to Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct, which follows the Bylaw.
(n) "Table 3" refers to Table 3: Disciplinary Actions and Disciplinary Authorities, which follows the Bylaw.
(o) "Unit" means a Faculty, School, College, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a Faculty/College/School is not a Unit as the term is used within this Procedure.
(p) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.
(q) "University" refers to the University of Manitoba.
(r) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers.
(s) "UMSS" means the University of Manitoba Security Services.

Scope

2.2 This Procedure applies to Student’s academic conduct in relation to any University Matter.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates which has a substantial connection to the University, such as:
(a) University-related activities or events, including but not limited to:
(i) Any activity or event on property owned or controlled by the University;
(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;
(iii) The offering of any service by the University, including educational services;
(iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities;
(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:
(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

Academic Misconduct

2.4 As members of the University Community, Students have an obligation to act with academic integrity. Any Student who engages in Academic Misconduct in relation to a University Matter will be subject to discipline.

2.5 "Academic Misconduct" means any conduct that has, or might reasonably be seen to have, an adverse effect on the academic integrity of the University, including but not limited to:
(a) Plagiarism – the presentation or use of information, ideas, sentences, findings, etc. as one’s own without appropriate attribution in an assignment, test or final examination.
(b) Cheating on Quizzes, Tests or Final Examinations – the circumventing of fair testing procedures or contravention of exam regulations. Such acts may be premeditated/planned or may be unintentional or opportunistic.
(c) Inappropriate collaboration – when a Student and any other person work together on assignments, projects, tests, labs or other work unless authorized by the course instructor.

(d) Duplicate Submission – cheating where a Student submits a paper/assignment/test in full or in part, for more than one course without the permission of the course instructor.

(e) Personation – writing an assignment, lab, test, or examination for another Student, or the unauthorized use of another person’s signature or identification in order to impersonate someone else. Personation includes both the personator and the person initiating the personation.

(f) Academic Fraud – falsification of data or official documents as well as the falsification of medical or compassionate circumstances/documentation to gain accommodations to complete assignments, tests or examinations.

2.6 Students will be subject to Disciplinary Action for any instance of Academic Misconduct, regardless of whether such behaviour is covered by other University policies, procedures or bylaws. Matters relating to certain Academic Misconduct may also be subject to additional policies, such as the Responsible Conduct of Research Policy and related procedures.

Jurisdiction of Disciplinary Authority

2.7 The specific jurisdiction of each Disciplinary Authority designated to determine an allegation of Academic Misconduct is set out in Table 1.

2.8 For matters involving the Academic Misconduct of an undergraduate Student, the Disciplinary Authority with the closest connection to the particular alleged Academic Misconduct has jurisdiction over the matter, subject to section 2.10 of this Procedure. However, the Disciplinary Authority must inform the Unit Head of the Student’s home Faculty/College/School prior to any investigation.

2.9 Matters involving Academic Misconduct of a graduate Student must be referred directly to the Dean of the Faculty of Graduate Studies who shall, in turn, inform the department head or Unit Head of the Student’s home department or Unit prior to any investigation and Disciplinary Action.

2.10 When the alleged Academic Misconduct, if proven on a balance of probabilities, would:

(a) Constitute a second instance of Academic Misconduct by the Student; or

(b) Be of such severity as to warrant a Disciplinary Action that is not available to the Disciplinary Authority with the closest connection to the matter under Table 1 (e.g. Department Head);

the matter shall be referred to the next appropriate Disciplinary Authority under Table 1 (e.g. Dean/Director) for investigation and decision.

2.11 If a question arises as to which Disciplinary Authority should hear a particular case, the question must be referred to the President for resolution.

2.12 If the Academic Misconduct relates to a criminal offence, the Disciplinary Authority must provide relevant information to UMSS for potential follow-up by the appropriate policing authority.

Notice to the Student

2.13 If the Disciplinary Authority determines that there is sufficient evidence to initiate an investigation into the alleged Academic Misconduct under this Student Academic Misconduct Procedure, the Student who is the subject of a disciplinary matter will be informed in writing by the Disciplinary Authority (with a copy to the University’s Registrar) that:

(a) An investigation is proceeding in accordance with this Procedure, the nature of the matter being investigated, that the Student may be subject to Disciplinary Action and that a hold will be placed on the Student’s record in accordance with section 2.14 of this Procedure until the allegation is investigated;

(b) The Student will be given an opportunity to respond to the allegation and, if a meeting is scheduled, notice will be provided as to who will be present on behalf of the University at the meeting;

(c) The Student may seek advice and representation from a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, a member of the Student’s immediate family or other support person as may be appropriate. It is the sole responsibility of the Student to determine the adequacy of the Student’s representation;

(d) Failure to respond by a specified date will result in the matter being considered without the Student’s response;

(e) The Student may obtain a copy of this Procedure, the Bylaw and related procedures. These documents are available online or from the Office of the University Secretary or the Student Advocacy office;

(f) The Student has a right to appeal in accordance with the Bylaw and Appeal Procedure.

Student Records

2.14 The Disciplinary Authority will request that the Registrar place a hold on the Student’s record to prevent the issuance of transcripts, transfers between Faculty/College/School and changes in registrations until the alleged Academic Misconduct is investigated. Until a decision has been made and any appeal process available under the Bylaw has concluded, the Student shall be permitted to continue in the course or program until the case is heard and the Disciplinary Authority must ensure the Student’s work continues to be graded normally and is unaffected by the allegation of Academic Misconduct, subject to sections 2.25 and 2.26 of the Bylaw.

Investigation Procedure

2.15 Subject to section 2.16 of this Procedure, the Disciplinary Authority will, either personally or through a designate, conduct an investigation into the allegations of Academic Misconduct in any manner that he or she deems appropriate to the nature of the circumstances and the seriousness of the issues involved and any admissions made during the investigation. This may include some or all of:

(a) Interviewing witnesses;

(b) Reviewing documents and records (both paper and electronic);

(c) Reviewing photographs, audio, and video recordings;

(d) Examining physical evidence;

(e) Arranging for testing of physical evidence;

(f) With the consent of participants, arranging for medical or psychological evaluations; and/or

(g) Submitting a Third Party Data Access Request Form to IST regarding accessing electronic systems and consulting with Access and Privacy Office as required to facilitate the request.

2.16 The Disciplinary Authority may choose not to personally investigate where the issue has been or may be investigated pursuant to another University policy, procedure or bylaw.

2.17 The Disciplinary Authority will conduct the investigation in accordance with the principles of procedural fairness and natural justice. In particular, the Disciplinary Authority will ensure that:

(a) The Student must be informed of the allegations against him or her, including, subject to section 2.26 of this Procedure, having access to all documentary and other evidence relied upon by the Disciplinary Authority and knowing the identity of the complainant;

(b) The Student must be provided an opportunity to respond to the allegations;

(c) While strict rules of evidence do not apply, appropriate weight must be given to evidence based on its credibility and reliability; and

(d) Witnesses may wish to consult with or respond through an advocate (which may include legal counsel, a union representative, or a Student Advocate, as may be appropriate).

2.18 The Disciplinary Authority (or designate) may meet with the Student to present the facts/evidence concerning the allegation and to give the Student an opportunity to respond to the allegation and present his/her explanation of the matter. The Disciplinary Authority will give notice to the Student as to who will be present on behalf of the University at such a meeting.

Decision

2.19 The Disciplinary Authority will inform the Student that a written decision letter will be sent normally within five (5) working days of receiving the Student’s response. If the Student does not respond within a reasonable time, the Disciplinary Authority will consider the matter and make a decision in the absence of the Student’s response and based on the information that is available.
2.20 At the conclusion of the investigation, the Disciplinary Authority will inform the Student of his or her decision in writing and will include, at minimum, the following:
(a) A summary of the allegation of Academic Misconduct;
(b) A summary of the process and key timelines in the investigation;
(c) A summary of the key evidence obtained through the investigation, including the response of the Student to the allegation;
(d) An indication of which key evidence was considered credible and reliable;
(e) A conclusion as to whether, on a balance of probabilities, the Academic Misconduct occurred;
(f) A summary of the reasons for the conclusion;
(g) A summary of any Disciplinary Action instituted in accordance with the Bylaw and section 2.21 of this Procedure; and
(h) If Disciplinary Action is taken, information about the right to appeal, the time period for appeal, and the person and contact information for the submission of an appeal, in accordance with the Bylaw.
2.21 Where there is a finding of Academic Misconduct, the Disciplinary Authority will consider any previous findings of Academic Misconduct before determining the appropriate Disciplinary Action under the Bylaw. In the case where the Disciplinary Authority is not the Unit Head of the Faculty/College/School in which the Student is registered, the Disciplinary Authority will determine the appropriate Disciplinary Action in consultation with the Unit Head of that Faculty/College/School.
2.22 The Disciplinary Authority will send a copy of their decision to the Registrar and to the Unit Head of the Faculty/College/School in which the Student is registered.

**Appeals**

2.23 Students have a right to appeal Disciplinary Actions in accordance with the Bylaw and Appeal Procedure.

**Obligations of Confidentiality by the University**

2.24 In respect of an incidence of Academic Misconduct, the University will not disclose the name of the complainant, the Student, or the circumstances related to the complaint to any person, other than where the disclosure is:
(a) Necessary to investigate the complaint or take corrective action with respect to the complaint; or
(b) Required by law.
2.25 Personal information that is disclosed under section 2.24 above in respect of an incidence of Academic Misconduct will be the minimum amount necessary for the purpose.

**Obligations of Confidentiality by the Disciplinary Authority**

2.26 The Disciplinary Authority, in conducting the investigation, will comply with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act with respect to personal information and personal health information collected, used and disclosed in the course of the investigation. Where a Disciplinary Authority is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.
2.27 The Disciplinary Authority will advise all persons involved with an investigation as to their obligations regarding confidentiality, and the protections available to them under this Procedure.

**Obligations of Confidentiality by the Others**

2.28 All persons involved in an investigation of an incident of Non-Academic Misconduct or Concerning Behaviour, whether as a witness or retrieving relevant information or documents, must keep confidential:
(a) The existence and nature of the investigation; and
(b) Any information or documentation obtained as a result of the investigation; which information may only be disclosed to those who reasonably need to know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.
2.29 Notwithstanding section 2.28, the Complainant, the Respondent, and witnesses involved in the investigation may:
(a) Obtain confidential advice (including advice from a Student Advocate or lawyer, as may be appropriate);
(b) Disclose information to others only to the extent reasonably necessary to gather evidence and, in the case of an accused Student, to make full answer and defense to the allegations; and
(c) Use information obtained independent of the investigation in any other forum.

**Records Management**

2.30 The Disciplinary Authority will maintain files with respect to each complaint in accordance with the Records Management Policy and Procedure.

**Part III**

**Accountability**

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Procedure is required.
3.2 The President is responsible for the implementation, administration and review of this Procedure.
3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Procedure.

**Part IV**

**Review**

4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.
4.2 In the interim, this Procedure may be revised or repealed if:
(a) the President or the Approving Body deems it necessary or desirable to do so;
(b) the Procedure is no longer legislatively or statutorily compliant;
(c) the Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

**Part V**

**Effect on Previous Statements**

5.1 This Procedure supersedes all of the following:
(a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(b) all previous Administration Governing Documents on the subject matter contained herein.

**Part VI**

**Cross References**

6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Student Discipline Bylaw;
(b) Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct;
(c) Table 3: Disciplinary Actions and Disciplinary Authorities;
(d) Student Discipline - Appeal Procedure;
(e) Definitions of Academic Units Policy;
(f) Responsible Conduct of Research Policy and Procedures;
(g) Records Management Policy and Procedure;
(h) Use of Computer Facilities Policy and Procedure;
(i) Third Party Data Access Request Form;
(j) Student Advocacy Office Policy;
(k) The Freedom of Information and Protection of Privacy Act, CCSM c. F175;
(l) The Personal Health Information Act, CCSM c. P33.5.

**Student Non-Academic Misconduct and Concerning Behaviour Procedures**
Part I
Reason for Procedure

1.1 The reason for this Procedure is to:
(a) Articulate the University's expectation that all Students act in a fair and reasonable manner toward their peers, the faculty, staff, administration and the physical property of the University;
(b) Outline the jurisdiction for each Disciplinary Authority dealing with the Non-Academic Misconduct of Students;
(c) Provide a fair and thorough investigation process for allegations of Non-Academic Misconduct;
(d) Coordinate an action plan for Students exhibiting Concerning Behaviour that includes supports and a clear referral mechanism for members of the University Community.

Part II
Procedure Content

Definitions

2.1 The following terms are defined for the purpose of this Procedure:
(a) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
(b) "Appeal Procedure" means the Student Discipline – Appeal Procedure.
(c) "Bylaw" means the Student Discipline Bylaw.
(d) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(e) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3.
(f) "Disciplinary Authority" means the discipline authority designated to determine a matter of student discipline for Non-Academic Misconduct under Table 2.
(g) "Discrimination" has the same meaning as defined in section 2.3 of the RWLE and Sexual Assault Procedure.
(h) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(i) "Harassment" refers to Personal Harassment, Human Rights Based Harassment, and/or Sexual Harassment as defined in section 2.10 of the RWLE and Sexual Assault Procedure.
(j) "Non-Academic Misconduct" has the same meaning as defined in section 2.5 of this Procedure.
(k) "Procedure" means this Student Non-Academic Misconduct and Concerning Behaviour Procedure.
(l) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(m) "Sexual Assault" has the same meaning as defined in section 2.1 of the Sexual Assault Policy.
(n) "STATIS" means the Student/Staff Threat Assessment Triage Intervention Support team established pursuant to section 2.11 of the Violent or Threatening Behaviour Procedure.
(o) "Student" means any of the following individuals:
(i) Admitted – an individual who has accepted an offer of admission to the University;
(ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension;
(iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw).
(p) "Student Advocate" is a member of the University’s Student Advocacy Office who provides Students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.

SCOPE

2.2 This Procedure applies to a Student’s non-academic conduct in relation to any University Matter.
2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates which has a substantial connection to the University, such as:
(a) University-related activities or events, including but not limited to:
(i) any activity or event on property owned or controlled by the University;
(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;
(iii) The offering of any service by the University, including educational services;
(iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities;
(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:
(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have, an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

NON-ACADEMIC MISCONDUCT
2.4 Any Student who engages in Non-Academic Misconduct in relation to a University Matter will be subject to discipline.

2.5 "Non-Academic Misconduct" means any conduct that has, or might reasonably be seen to have, an adverse effect on the integrity or proper functioning of the University or the health, safety, rights or property of the University or members of the University Community, such as:
(a) Threats of harm or actual harm by any means (including electronic means) to another person, including but not limited to:
(i) Discrimination;
(ii) Hazing;
(iii) Harassment;
(iv) Possession or use of dangerous objects, in violation of any applicable law;
(v) Sexual Assault;
(vi) Stalking behaviour, including repetitive behaviour directed at a specific person which reasonably causes that person alarm, distress, fear or a change of normal behavior;
(vii) Violence;
(b) Property-related misconduct, including but not limited to:
(i) Theft;
(ii) Threats or damage of University property;
(iii) Vandalism;
(c) Inappropriate or disruptive behaviour, including but not limited to:
(i) Actions which habitually interfere with the learning environment or requires the inordinate time and attention of faculty and staff;
(ii) Alcohol or substance abuse;
(iii) Disorderly behaviour;
(iv) Indecent exposure;
(v) Unprofessional conduct;
(d) Abuse of the process of University policies, procedures or regulations, including but not limited to:
(i) Abuse of computer privileges;
(ii) Breach of student residence rules or regulations;
(iii) Failure to comply with a previously imposed Disciplinary Action;
(iv) Frivolous or vexatious complaints or appeals.

2.6 Students will be subject to Disciplinary Action for any instance of Non-Academic Misconduct, regardless of whether such behaviour is covered by other University policies, procedures or bylaws. Matters relating to certain Non-Academic Misconduct may also be subject to additional policies, such as:
(a) The Respectful Work and Learning Environment Policy and the RWLE and Sexual Assault Procedure when the matter relates to Discrimination, or Harassment;
(b) The Sexual Assault Policy and the RWLE and Sexual Assault Procedure when the matter relates to Sexual Assault;
(c) The Violent or Threatening Behaviour Policy and Procedure when the matter relates to Violence, hazing, stalking behaviour, or the possession or use of dangerous objects in violation of any applicable law;
(d) The Use of Computer Facilities Policy and Procedure when the matter relates to abuse of computer privileges;
(e) The Campus Alcohol Policy and Procedure when the matter relates to alcohol or substance abuse;
(f) The student Residence Contract when the matter relates to a breach of student residence rules or regulations.

Jurisdiction of Disciplinary Authority

2.7 The specific jurisdiction of each Disciplinary Authority designated to determine an allegation of Non-Academic Misconduct is set out in Table 2.

2.8 For matters involving the Non-Academic Misconduct of an undergraduate Student, the Disciplinary Authority with the closest connection to the particular alleged Non-Academic Misconduct has jurisdiction over the matter, subject to section 2.10 of this Procedure. However, the Disciplinary Authority must inform the University Secretary or the Student Advocacy office of any such investigation.

2.9 Matters involving Non-Academic Misconduct of a graduate Student must be referred directly to the Dean of the Faculty of Graduate Studies who shall, in turn, inform the department head of the Student’s program, and the Vice-Provost (Students), prior to any investigation.

2.10 When the alleged Non-Academic Misconduct, if proven on a balance of probabilities, would:
(a) Constitute a second instance of Non-Academic Misconduct by the Student;
(b) Be of such severity as to warrant a Disciplinary Action that is not available to the Disciplinary Authority with the closest connection to the matter under Table 2 (e.g. Department Head);
the matter shall be referred to the next appropriate Disciplinary Authority under Table 2 (e.g. Dean/Director) for investigation and decision.

2.11 If a question arises as to which Disciplinary Authority should hear a particular case, the question must be referred to the President for resolution.

2.12 If the Non-Academic Misconduct relates to a criminal offence, the Disciplinary Authority must provide relevant information to UMSS for potential follow-up by the appropriate policing authority.

Notice to Vice-Provost (Students)

2.13 Before initiating an investigation, the Disciplinary Authority will advise the Vice-Provost (Students) of the following:
(a) An allegation of Non-Academic Misconduct has been received;
(b) The nature of the Non-Academic Misconduct;
(c) The name of the Student alleged to have committed the Non-Academic Misconduct;
(d) The intention of the Disciplinary Authority to initiate an investigation in accordance with this Procedure.

2.14 The Vice-Provost (Students) will review this information and advise the Disciplinary Authority if he or she feels the matter should be referred to STATIS before the investigation is conducted.

Notice to the Student

2.15 After consultation with the Vice-Provost (Students), the Student who is the subject of a disciplinary matter will be informed in writing by the Disciplinary Authority (with a copy to the University’s Registrar) that:
(a) An investigation is proceeding in accordance with this Procedure, the nature of the matter being investigated, that the Student may be subject to Disciplinary Action, and that a hold will be placed on the Student’s record in accordance with section 2.16 of this Procedure until the allegation is investigated;
(b) The Student will be given an opportunity to respond to the allegation and, if a meeting is scheduled, notice will be provided as to who will be present on behalf of the University at the meeting;
(c) The Student may seek advice and representation from a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, a member of the Student’s immediate family, or other support person as may be appropriate. It is the sole responsibility of the Student to determine the adequacy of the Student’s representation;
(d) Failure to respond by a specified date will result in the matter being considered without the Student’s response;
(e) The Student may obtain a copy of this Procedure, the Bylaw and related procedures. These documents are available online or from the Office of the University Secretary or the Student Advocacy office;
(f) The Student has a right to appeal in accordance with the Bylaw and Appeal Procedure.

Student Records

2.16 The Disciplinary Authority will request that the Registrar place a hold on the Student’s record to prevent the issuance of transcripts, transfers between Faculty/College/School and changes in registrations until the alleged Non-Academic Misconduct is investigated. Until a decision has been made and any appeal process available under the Bylaw has concluded, the Student shall be permitted to continue in the course or program and the Disciplinary Authority must ensure the Student’s work continues to be graded normally and is unaffected by the allegation of Non-Academic Misconduct, subject to sections 2.25 and 2.26 of the Bylaw.

Investigation Procedure
2.17 Subject to section 2.18 of this Procedure, the Disciplinary Authority will, either personally or through a designate, conduct an investigation into the allegations of Non-Academic Misconduct in any manner that he or she deems appropriate to the nature of the alleged Non-Academic Misconduct, the seriousness of the issues involved, and any admissions made during the investigation. This may include some or all of:
(a) Interviewing witnesses;
(b) Reviewing documents and records (both paper and electronic);
(c) Reviewing photographs, audio, and video recordings;
(d) Examining physical evidence;
(e) Arranging for testing of physical evidence;
(f) With the consent of participants, arranging for medical or psychological evaluations; and/or
(g) Submitting a Third Party Data Access Request Form to IST regarding accessing electronic systems and consulting with Access and Privacy Office as required to facilitate the request.
2.18 The Disciplinary Authority may choose not to personally investigate where the issue has been or may be investigated pursuant to another University policy, procedure or bylaw.
2.19 The Disciplinary Authority will conduct the investigation in accordance with the principles of procedural fairness and natural justice. In particular, the Disciplinary Authority will ensure that:
(a) The Student must be informed of the allegations against him or her, including, subject to section 2.34 of this Procedure, having access to all documentary and other evidence relied upon by the Disciplinary Authority and knowing the identity of the complainant;
(b) The Student must be provided an opportunity to respond to the allegations;
(c) While strict rules of evidence do not apply, appropriate weight must be given to evidence based on its credibility and reliability; and
(d) Witnesses may wish to consult with or respond through an advocate (which may include legal counsel, a union representative, or a Student Advocate, as may be appropriate).
2.20 The Disciplinary Authority (or designate) may meet with the Student to present the facts/evidence concerning the allegation and to give the Student an opportunity to respond to the allegation and present his/her explanation of the matter. The Disciplinary Authority will give notice to the Student as to who will be present on behalf of the University at such a meeting.

Decision

2.21 The Disciplinary Authority will inform the Student that a written decision letter will be sent normally within five (5) working days of receiving the Student’s response. If the Student does not respond within a reasonable time, the Disciplinary Authority will consider the matter and make a decision in the absence of the Student’s response and based on the information that is available.

2.22 At the conclusion of the investigation, the Disciplinary Authority will inform the Student of his or her decision in writing and will include, at minimum, the following:
(a) A summary of the allegation of Non-Academic Misconduct;
(b) A summary of the process and key timelines in the investigation;
(c) A summary of the key evidence obtained through the investigation, including the response of the Student to the allegation;
(d) An indication of which key evidence was considered credible and reliable;
(e) A conclusion as to whether, on a balance of probabilities, the Non-Academic Misconduct occurred;
(f) A summary of the reasons for the conclusion;
(g) A summary of any Disciplinary Action instituted in accordance with the Bylaw and section 2.23 of this Procedure; and
(h) If Disciplinary Action is taken, information about the right to appeal, the time period for appeal, and the person and contact information for the submission of an appeal, in accordance with the Bylaw.

2.23 Where there is a finding of Non-Academic Misconduct, the Disciplinary Authority will consider any previous findings of Non-Academic Misconduct before determining the appropriate Disciplinary Action under the Bylaw. In the case where the Disciplinary Authority is not the Unit Head of the Faculty/College/School in which the Student is registered, the Disciplinary Authority will determine the appropriate Disciplinary Action in consultation with the Unit Head of that Faculty/College/School.

2.24 The Disciplinary Authority will send a copy of their decision to the Registrar, to the Vice-Provost (Students), and to the Unit Head of the Faculty/College/School in which the Student is registered.

Appeals

2.25 Students have a right to appeal Disciplinary Actions in accordance with the Bylaw and the Appeal Procedure.

CONCERNING BEHAVIOUR

2.26 “Concerning Behaviour” means any behaviour that, while not indicative of a clear immediate threat, gives rise to a reasonable apprehension that the Student may engage in conduct harmful to him- or herself or to others, including but not limited to:
(a) Threats of self-harm;
(b) Worrisome behavioral changes in an individual, such as changes in appearance, social withdrawal or isolation, apparent detachment from reality, or inordinate interest in or discussion of violent themes or events.
2.27 Where a Student is exhibiting Concerning Behaviour, members of the University Community must report such behaviour to their Unit Head, a member of STATIS, and/or UMSS. The Unit Head of the Student’s Faculty/College/School of registration must be consulted and that Unit Head should, where appropriate:
(a) Ensure the Student receives timely voluntary counselling referrals through existing support services at the University, such as the Student Support Case Manager, Student Counselling Centre, University Health Services, and/or the Faculty Counselling Services (College of Medicine);
(b) Use this Procedure, the Student Discipline Bylaw and other policies, procedures and bylaws as appropriate where additional action is necessary to deal with Concerning Behaviour.
2.28 Members of the University Community must report incidents of Concerning Behaviour to UMSS and STATIS where a Student’s Concerning Behaviour is affecting the various services and administration offices of the University, or where the Concerning Behaviour is of a nature or quality that likely will result in:
(a) Serious harm to the Student or substantial deterioration of the Student’s health; or
(b) Serious harm to another person or property;
2.29 Where reporting concerns to STATIS or UMSS, individuals should attempt to provide the following information:
(a) Description of the Concerning Behaviour;
(b) Name of the Student exhibiting the Concerning Behaviour; and
(c) Indication of what action has been taken to date (if applicable), including a description of any meetings with the Student and any assistance provided, including referrals.
2.30 Information regarding Concerning Behaviour that is received during the Student application process must be referred to the Executive Director of Enrolment Services or the Dean of Graduate Studies, as appropriate. If the information is of serious concern to the respective Executive Director of Enrolment Services or the Dean of Graduate Studies, he/she may seek the advice of the University Legal Counsel and may initiate a staff conference of STATIS.
2.31 If a Student does not accept personal responsibility for their Concerning Behaviour or will not accept appropriate referral for voluntary counselling, the Unit Head should proceed as follows:
(a) Advise the Student to seek professional help; and
(b) Contact the Executive Director of Student Support if the Student refuses to voluntarily seek professional help. The Executive Director of Student Support may consult with colleagues to determine whether or not an involuntary psychiatric assessment is advisable according to mental health legislation and regulations.

CONFIDENTIALITY

Obligations of Confidentiality by the University

2.32 In respect of an incidence of Non-Academic Misconduct or Concerning Behaviour, the University will not disclose the name of the complainant, the
Obligations of Confidentiality by the Disciplinary Authority

2.34 The Disciplinary Authority, in conducting the investigation, will comply with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act with respect to personal information and personal health information collected, used and disclosed in the course of the investigation. Where a Disciplinary Authority is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.

2.35 The Disciplinary Authority will advise all persons involved with an investigation as to their obligations regarding confidentiality, and the protections available to them under this Procedure.

Obligations of Confidentiality by the Others

2.36 All persons involved in an investigation of an incident of Non-Academic Misconduct or Concerning Behaviour, whether as a witness or retrieving relevant information or documents, must keep confidential:
(a) The existence and nature of the investigation; and
(b) Any information or documentation obtained as a result of the investigation; which information may only be disclosed to those who reasonably need to know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.

2.37 Notwithstanding section 2.36, the Complainant, the Respondent, and witnesses involved in the investigation may:
(a) Obtain confidential advice (including advice from a Student Advocate or lawyer, as may be appropriate);
(b) Disclose information to others only to the extent reasonably necessary to gather evidence and, in the case of an accused Student, to make full answer and defense to the allegations; and
(c) Use information obtained independent of the investigation in any other forum.

Records Management

2.38 The Disciplinary Authority will maintain files with respect to each complaint in accordance with the Records Management Policy and Procedure.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Procedure is required.

3.2 The President is responsible for the implementation, administration and review of this Procedure.

3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Procedure.

Part IV
Review

4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.

4.2 In the interim, this Procedure may be revised or repealed if:
(a) the President or the Approving Body deems it necessary or desirable to do so;
(b) the Procedure is no longer legislatively or statutorily compliant;
(c) the Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

Part V
Effect on Previous Statements

5.1 This Procedure supersedes all of the following:
(a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(b) all previous Administration Governing Documents on the subject matter contained herein.

Part VI
Cross References

6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Student Discipline Bylaw;
(b) Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct;
(c) Table 3: Disciplinary Actions and Disciplinary Authorities;
(d) Student Discipline - Appeal Procedure;
(e) Respectful Work and Learning Environment Policy;
(f) Sexual Assault Policy;
(g) RWLE and Sexual Assault Procedure;
(h) Residence Contract;
(i) Violent or Threatening Behaviour Policy and Procedure;
(j) Campus Alcohol Policy and Procedure;
(k) Definitions of Academic Units Policy;
(l) Records Management Policy and Procedure;
(m) Use of Computer Facilities Policy and Procedure;
(n) Third Party Data Access Request Form;
(o) Student Advocacy Office Policy;
(p) The Freedom of Information and Protection of Privacy Act, CCSM c. F175;
(q) The Personal Health Information Act, CCSM c. P33.5.

Violent or Threatening Behaviour

Violent or Threatening Behaviour Procedure

Part I
Reason for Procedure

1.1 The reason for this Procedure is:
(a) To establish a protocol for reporting and responding to incidents of Violence that occur with respect to University Matters and to provide a mechanism to support the maintenance of a safe, positive and productive work and learning environment; and
(b) To comply with The Workplace Safety and Health Regulation, W210 – 217/2006.

1.2 The Policy and this Procedure are not intended to discourage or prevent a complainant from exercising any other rights, actions or remedies that may be available to him or her under any other law.

Part II
Procedural Content
Definitions

2.1 The following terms are defined for the purpose of this Procedure:
(a) “Bylaw” means the Student Discipline Bylaw.
(b) “Disciplinary Authority” means the discipline authority designated to determine a matter of student discipline for Non-Academic Misconduct under the Student Discipline Bylaw, the Student Non-Academic Misconduct and Concerning Behaviour Procedure, and Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct.
(c) “LASH” means the Local Area Safety and Health committee established by the University of Manitoba in accordance with the provisions of The
Workplace Safety and Health Act (Manitoba).
(d) "OSHA" means the Organizational Safety and Health Advisory committee established by the University that will look at safety and health issues that cross department/faculty lines or affect the University as a whole.
(e) "Policy" means the Violent or Threatening Behaviour Policy.
(f) "Procedure" means this Violent or Threatening Behaviour Procedure.
(g) "STATIS" means the Student/Staff Threat Assessment Triage Intervention Support team comprised of the following representatives:
(i) Vice-Provost (Students);
(ii) Executive Vice-President (Human Resources);
(iii) Director, Security Services;
(iv) Executive Director, Student Support;
(v) Student Support Case Manager; and
(vi) Legal Counsel.
(h) "UMSS" means the University of Manitoba’s Security Services.
(i) "Unit" means a faculty, school, college, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Executive Director, Student Support; Vice-Provost. An academic department within a faculty or school is not a Unit as the term is used within these Procedures.
(j) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.
(k) "University" means The University of Manitoba.
(l) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.
(m) "University Matter" has the same meaning as defined in section 2.3 of this Procedure.
(n) "Violence" means:
(i) The attempted or actual exercise of physical force against a person; or
(ii) Any threatening statement or behaviour that gives a person reasonable cause to believe that physical force will be used against the person.

Scope

2.2 This Procedure applies to members of the University Community in relation to any University Matter.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates, which has a substantial connection to the University, such as:
(a) University-related activities or events, including but not limited to:
(i) Any activity or event on property owned or controlled by the University;
(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;
(iii) The offering of any service by the University, including educational services;
(iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities;
(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:
(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

Immediate Response Protocol

2.4 In the event of imminent bodily harm, individuals should call 911 and UMSS. When reporting an incident, individuals should attempt to provide the following information:
(a) A complete description of the incident(s) involving Violence;
(b) Name(s) of individuals involved in the incident(s);
(c) Description of individual(s), if name(s) not known;
(d) Name(s) of witness(es) or description, if name(s) not known; and
(e) Location of the incident(s).
2.5 Where a report of Violence is received by UMSS, UMSS shall respond as soon as reasonably possible and the Director of UMSS (or designate) shall be notified.
2.6 Without limiting the scope of their jurisdiction and/or mandate, UMSS may take any one or more of the following actions in response to a report of Violence, as reasonably determined by UMSS:
(a) Restore order in violent situations;
(b) Arrest individual(s) in accordance with section 494(1) of the Criminal Code;
(c) Contact Winnipeg Police Service;
(d) Arrange medical assistance;
(e) Take statement(s) of witness(es);
(f) Make appropriate referrals; and
(g) Take immediate action to facilitate the removal or banning of individuals from University property.
2.7 Any decision under section 2.6(g) above to remove an individual from University property shall be effective immediately, subject to review by the Vice President (Administration). The Chief Risk Officer, the appropriate Unit Head, and STATIS shall be advised of the action as soon as possible.
2.8 The Director of Security Services shall in all cases file a written report with the Vice-President (Administration) on the next business day describing any action taken under section 2.6(g) above.
2.9 Members of the University Community, including students and employees, who have been harmed as a result of an incident of Violence, are encouraged to consult with a health care provider for treatment or referral for post-incident counselling, if appropriate.
2.10 For students affected by Violence, the University will:
(a) Provide reasonable academic accommodations (such as extensions on assignments, deferrals of exams, leaves of absences, authorized withdrawals, etc.).
(b) Create a safety plan in consultation with the University's Student Support Case Manager, UMSS, and other offices as appropriate.
2.11 For employees affected by Violence, the University will:
(a) Provide reasonable work accommodations, in consultation with Human Resources; and
(b) Create a safety plan, in consultation with the Unit Head, UMSS and other offices as appropriate.

Report to STATIS

2.12 Where a report of Violence is received by STATIS under section 2.7 of this Procedure, the role of STATIS will be to:
(a) Develop an action plan to assist and support the members of the University Community affected by the Violence;
(b) Ensure that members of the University Community affected by the Violence are consulted where appropriate and kept informed of the developments within the parameters of confidentiality;
(c) Make recommendations to the appropriate Unit Head and/or Disciplinary Authority; and
(d) Take all necessary action relative to the above.
2.13 A coordinator for STATIS shall be appointed for each incident as follows:
(a) If the conduct of a Student is the source of concern, the coordinator will be the Vice-Provost (Students) (or a designate);
(b) If the conduct of an employee is the source of concern, the coordinator will be the Associate Vice-President (Human Resources) (or a designate); and
(c) If the conduct of any other member of the University Community is the source of concern, the coordinator will be the Director of Security Services (or a designate).
2.14 The coordinator of STATIS will have the following responsibilities:
(a) Bring together STATIS and, where necessary, experts and other University personnel;
(b) Coordinate internal and external communication;
(c) Maintain confidential records and ensure the Vice-President (Administration) is informed of developments as appropriate;
(d) Convene debriefing sessions; and
(e) Prepare a final report and recommendation in relation to any decision taken by UMSS under section 2.6(g) above, to be delivered to the Vice-President (Administration) for final determination, with a copy to the Chief Risk Officer and the Unit Head of any Unit affected by the Violence.

Investigation

2.15 As soon as reasonably practicable after an incident of Violence, the University shall investigate the incident as follows:
(a) Where the individual is an employee, the Unit Head for the employee's Unit will investigate the allegation in consultation with STATIS and Human Resources, and in accordance with applicable legislation, common law, collective agreements, and University policies, procedures and bylaws;
(b) Where the individual is a student, the Disciplinary Authority under the Bylaw and related procedures will investigate the allegation in consultation with STATIS and in accordance with the Student Non-Academic Misconduct and Concerning Behaviour Procedure; and
(c) Where the individual is neither an employee nor a student, the Director of UMSS will investigate the allegation in accordance with applicable legislation, common law, and University policies, procedures and bylaws.
2.16 The Unit Head of any affected Unit, in consultation with the Office of Risk Management, will implement any control measures that are identified as a result of the investigation that will eliminate or control the risk of Violence to individuals in their Unit.

Discipline

2.17 Individuals who are found to have engaged in Violence under this Policy will be subject to disciplinary action as follows:
(a) Where the individual is an employee, the discipline will be implemented pursuant to and in accordance with applicable legislation, common law, collective agreements, and University policies, procedures and bylaws.
(b) Where the individual is a student, the discipline will be implemented in accordance with the Student Discipline Bylaw and the Student Non-Academic Misconduct and Concerning Behaviour Procedure.
(c) Where the individual is neither an employee nor a student, the Vice-President (Administration) or designate may make any determination regarding the individual's continued access to the University in accordance with the Procedure and the Vice-President Bylaw.
2.18 The Office of Risk Management must be advised of any decision taken under section 2.17 above.
2.19 The University may take disciplinary/legal action against any individual who submits a frivolous or vexatious complaint under this Policy, or who interferes with an investigation of a complaint under this Policy.

Violence Prevention Plan

2.20 Subject to section 2.26 of this Procedure and in consultation with the Office of Risk Management, the Unit Head shall advise all employees for which they are responsible of the risk of Violence in the Unit, including the nature and extent of the risk and the risk of Violence from persons whom the employees are likely to encounter in the course of their work.
2.21 In accordance with The Workplace Safety and Health Regulation, each Unit Head shall, no less than annually:
(a) Consult with the employees in their Unit, the applicable LASH committee, and the Office of Risk Management to review and develop the violence prevention plan that will be implemented by their Unit;
(b) Ensure that all employees in their Unit have received appropriate training in the Policy, this Procedure, and the violence prevention plan for their Unit; and
(c) Review the mechanisms in place to ensure that employees in their Unit comply with the Policy, this Procedure, and the violence prevention plan for their Unit.
2.22 The violence prevention plan referred to in section 2.21 above shall provide information on the following matters:
(a) A description of:
(i) Any particular workplace in their Unit of which the University is aware that an incident of Violence has occurred or may reasonably be expected to occur; and
(ii) Any particular job functions at the workplace where an employee performing their job function has been, or may reasonably be expected to be, exposed to the incident of Violence;
(b) The measures the University will implement to eliminate the risk of Violence in the Unit, or the measures that the University will implement to control that risk if it is not reasonably practicable to eliminate it;
(c) The measures and procedures that the University has in place for summoning immediate assistance when an incident of Violence occurs or is likely to occur in the Unit;
(d) A statement directing the employee to review the Policy and this Procedure, as well as any other documents that will outline the measures and procedures that the University has in place for summoning immediate assistance when an incident of Violence occurs or is likely to occur; and
2.23 The violence prevention plan shall be communicated to all employees in the Unit immediately at the time of hire and shall be posted online or in the Unit for quick reference by employees.

Annual Report

2.24 Annually, the Office of Risk Management will prepare a report that compiles:
(a) A record of the incidents of Violence in each Unit of the University, if any;
(b) The results of any investigation into an incident of Violence, including a copy of:
(i) Any recommendations for control measures or changes to the violence prevention policy for the affected Unit; and
(ii) Any report prepared under in respect of such an incident;
(c) The control measures, if any, implemented as a result of an investigation into an incident.
2.25 The annual report will be provided to the Vice-President (Administration) and to OSHA.

Obligations of Confidentiality by the University

2.26 In respect of an incident of Violence, the University will not disclose the name of the complainant, the name of the respondent, or the circumstances related to the complaint to any person, other than where the disclosure is:
(a) Necessary in order to investigate the complaint;
(b) Required in order to take corrective action in response to the complaint; or
(c) Required by law, including but not limited to the University’s legal obligations under the Workplace Safety and Health Regulation (Manitoba).
2.27 Personal information that is disclosed under section 2.26 above in respect of an incidence of Violence must be the minimum amount necessary for the purpose.

Obligations of Confidentiality by Others

2.28 All persons involved in an investigation of an incident of Violence, whether as a witness or retrieving relevant information or documents, must keep confidential:
(a) The existence and nature of the investigation; and
(b) Any information or documentation obtained as a result of the investigation;
which information may only be disclosed to those who reasonably need to
know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office or from STATIS.

2.29 Notwithstanding section 2.28 above, any person involved in an investigation may:
(a) Obtain confidential advice (including advice from a student advocate, union representative, lawyer, or support person(s), as may be appropriate);
(b) Disclose information to others only to the extent reasonably necessary to gather evidence and to make full answer to any allegations; and
(c) Use information obtained independent of the investigation in any other forum.

Legislated Review of the Procedure
2.30 In accordance with The Workplace Safety and Health Act (Manitoba), the OSHA shall review these Procedures every three (3) years and make any recommendations it feels are necessary and advisable.

Part III Accountability
3.1 The Office of Legal Counsel is responsible for advising the Vice-President (Administration) that a formal review of this Procedure is required.
3.2 The Chief Risk Officer or designate is responsible for the implementation, administration and review of this Procedure.
3.3 Board of Governors members, Senate members, faculty/college/school councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers are responsible for complying with this Procedure.

Part IV Review
4.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Procedure is June 22, 2019.
4.2 In the interim, this Procedure may be revised or repealed if:
(a) the Vice-President (Administration) deems it necessary or desirable to do so;
(b) the Procedure is no longer legislatively or statutorily compliant;
(c) the Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

Part V Effect on Previous Statements
5.1 This Procedure supersedes all of the following:
(a) Violent or Threatening Behaviour Procedure, effective March 17, 2009;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VI Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Violent or Threatening Behaviour Policy;
(b) The Workplace Safety and Health Act, C.C.S.M. c. W210;
(c) The Workplace Safety and Health Regulation W210 – R.M. 217/2006;
(d) Health and Safety Policy;
(e) Safety Committees Procedure;
(f) Respectful Work and Learning Environment Policy;
(g) Sexual Assault Policy;
(h) RWLE and Sexual Assault Procedure;
(i) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(j) Student Discipline Bylaw; and
(k) Use of Computer Facilities Policy and Procedure.

Violent or Threatening Behaviour Policy

Part I Reason for Policy
1.1 The purpose of this Policy is to:
(a) Outline the University’s commitment to creating and maintaining a safe, positive and productive work and learning environment that is free of Violence; and
(b) Set out the actions and measures that the University will take to address the risk of Violence within the University.

Part II Policy Content
Definitions
2.1 The following terms are defined for the purpose of this Policy and related Procedures:
(a) “Policy” means this Violent or Threatening Behaviour Policy.
(b) “Procedure” means the Violent or Threatening Behaviour Procedure.
(c) “University” means The University of Manitoba.
(d) “University Community” means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.
(e) “University Matter” has the same meaning as defined in section 2.3 of this Policy.
(f) “Violence” means:
(i) The attempted or actual exercise of physical force against a person; or
(ii) Any threatening statement or behaviour that gives a person reasonable cause to believe that physical force will be used against the person.

Scope
2.2 This Policy applies to members of the University Community in relation to any University Matter. Nothing in this Policy is intended to detract from the academic freedom of the University’s academic staff.
2.3 “University Matter” means any activity, event, or undertaking in which a member of the University Community participates, which has a substantial connection to the University, such as:
(a) University-related activities or events, including but not limited to:
(i) Any activity or event on property owned or controlled by the University;
(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;
(iii) The offering of any service by the University, including educational services;
(iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities;
(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:
(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the
Policy Statement

2.4 Individuals who commit Violence in relation to a University Matter will be subject to discipline under the Procedure.

2.5 The University will establish a protocol in accordance with the Procedure for reporting and responding to incidents of Violence and to provide a mechanism to support the maintenance of a safe work and learning environment. The University will make the protocol easily and readily available to the University Community.

2.6 This Policy and the Procedure are not intended to discourage or prevent a complainant from reporting instances of Violence to the police or exercising any other rights, actions or remedies that may be available to him or her under any other law.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the Vice-President (Administration) that a formal review of this Policy is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Policy.

3.3 Board of Governors members, Senate members, faculty/college/school councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers are responsible for complying with this Policy.

Part IV
Authority to Approve Procedures

4.1 The Vice-President (Administration) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

Part V
Review

5.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Policy is June 22, 2019.

5.2 In the interim, this Policy may be revised or repealed by the Approving Body if:
(a) the Vice-President (Administration) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Policy; or
(b) are in turn repealed.

Part VI
Effect on Previous Statements

6.1 This Policy supersedes all of the following:
(a) Violent or Threatening Behaviour Policy, effective March 22, 2006;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII
Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Violent or Threatening Behaviour Procedure;
(b) Sexual Assault Policy;
(c) RWLE and Sexual Assault Procedure;
(d) Vice-President (Administration) Bylaw;
(e) Student Discipline Bylaw;
(f) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(g) Use of Computer Facilities Policy and Procedure;
(h) The Workplace Safety and Health Act, C.C.S.M. c. W210; and

This policy is available online at http://umanitoba.ca/admin/governance/governing_documents/communit y/669.html.

Hold Status

Students will be placed on "Hold Status" if they incur any type of outstanding obligation (either financial or otherwise) to the university or its associated faculties, schools, colleges or administrative units.

Some typical reasons for holds are:

• Program/course selection must be approved
• U1 student must transit into the Faculty of Arts or Science
• Required Major, Minor and/or Concentration declaration
• Transcripts or documents required from other institutions
• Unpaid tuition and/or other university fees
• Outstanding library books and/or fines
• Parking fines
• Pending disciplinary action

Depending on the reason for the hold, limited or no administrative or academic services will be provided to students on Hold Status until the specific obligations have been met.

Students must clear their holds prior to registration by contacting the appropriate office. Students with outstanding financial obligations to the university will not be permitted to register again until the hold has been cleared or permission to register has been obtained from the Office of the Vice-President (Administration).

Advisor and Program Holds

Students enrolled in some programs are required to discuss their course selections and program status with an advisor prior to registration. Advisor and Program Holds normally only restrict registration activity; other administrative services remain available.

Students can verify whether their program requires consultation with an advisor by checking their faculty/school section of the Academic Calendar, or by viewing their Registration Time and Status in Aurora.

More details about being on Hold can be found online at http://www.umanitoba.ca/student/records/registration/steps/652.html.

Electronic Communication with Students

Part I

Reason for Policy

1.1 The University of Manitoba (the "University") is committed to using available technology to communicate among members of the University community. It recognizes an expanding reliance on electronic communication by academic and administrative staff of the University with students due to the convenience, speed, cost-effectiveness, and environmental advantages it provides. This policy will define the proper use of electronic communications between University academic or administrative staff and students. Electronic communications may include, but are not limited to, electronic mail, electronic bulletin boards, and web sites.

1.2 When communicating by email it is important to ensure that the email is being directed to the intended individual. In an effort to protect confidentiality and privacy in electronic communications and ensure
Part I

Reason for Policy

1. To establish the University of Manitoba’s policy relating to final examinations and grades and to oversee the procedures related to final examinations, deferred and supplemental examinations, and final grades.

Use of Terms

1.2 Final Examination: A final examination is a test scheduled within an examination period which serves as the final evaluation of student performance in a course.

1.3 Deferred Examination: A deferred examination is a privilege that may be granted to a student:

(a) who is unexpectedly unable to write a final examination as scheduled; or

(b) who knows in advance that he or she is unable to write an examination at the scheduled time. Students may request a deferred examination(s) on the grounds that they are unable to write said examination(s) due to:

(i) a medical condition; or

(ii) participation in an inter-university, provincial, inter-provincial, national or international scholastic or athletic event; or

(iii) religious obligations.

Making a false or misleading claim regarding a deferred examination may be considered an offence under the Student Discipline Bylaw. Penalties may range from a failed grade in the course to suspension or expulsion.

(c) Supplemental Examination: A supplemental examination is the rewriting of a final examination and is a privilege offered by some faculties, schools, and academic units to students who have not achieved the minimum result in required courses. Within the conditions established by the student’s faculty, a student who is granted a supplemental examination is given the opportunity to rewrite a final examination. The impact of a supplemental examination on the final grade is to be determined by regulations within the faculty.

Part II

Policy Content

2.1 The Senate has determined that each faculty or school or academic unit shall be responsible for establishing regulations governing evaluation procedures for students enrolled in its courses.

2.2 Those relevant items listed under procedures for final examinations, deferred and supplemental examinations, and final grades shall be incorporated into the regulations established by faculties, schools or academic units.

2.3 Faculties, schools, and academic units shall submit regulations and amendments to evaluation procedures to Senate for its approval via the Senate Committee on Instruction and Evaluation.

2.4 The Senate has determined that each faculty or school or academic unit shall adopt a formal policy for the appeal of grades given for term work in that faculty or school or academic unit, that has been returned or made available to students before the last day of classes. Policies adopted by a faculty or school or academic unit, after review by the Senate Committee on Instruction and Evaluation, shall be forwarded to Senate for information.

This policy and the procedures that follow are available online at http://umanitoba.ca/admin/governance/governing_documents/academic/1299.html.
Deferred and Supplemental Examinations Procedures

Part I

Reason for Procedure

1.1 To set out procedures secondary to the Policy entitled “Final Examinations and Final Grades”, in connection with deferred examinations and supplemental examinations.

Part II

Procedural Content

Deferred Examinations

2.1 A deferred examination is a privilege that may be granted to a student who is unexpectedly unable to write an examination as scheduled or a student who knows in advance that he or she is unable to write an examination at the scheduled time. Making a false or misleading claim may be considered an offence under the Student Discipline Bylaw. Penalties may range from a failed grade in the course to suspension or expulsion.

2.2 Students who are unable to write an examination due to an unexpected illness must file an application for a deferred examination with the advising office of the faculty, school, or academic unit (including University 1 or Extended Education) in which they are registered, setting out the reasons for the deferral. The application must normally be filed within forty-eight (48) hours of the scheduled date of the missed examination or, in a case where more than one examination was missed, within forty-eight (48) hours of the scheduled date of the last examination missed. The application must be accompanied by a medical certificate or otherwise appropriate documentation certifying the reason for the deferral, the inability of the student to write the examination at the regular scheduled time and, where possible, an indication of the period of incapacity. Based on the evidence, the Dean or Director shall decide whether the application is approved. Based on the student’s ongoing incapacity or other exceptional circumstances a deferral may be granted to a student who files an application after the forty-eight (48) hour period has lapsed.

2.3 Students may request a deferred examination(s) on the grounds that they are unable to write said examination(s) due to:

(a) participation in an inter-university, provincial, inter-provincial, national or international scholastic or athletic event;

(b) religious obligations; or

(c) a medical condition.

Students requesting a deferred examination due to a known condition as listed above must file an application normally twenty (20) working days prior to the day of the scheduled examination with the advising office of the faculty, school, or academic unit (including University 1 or Extended Education) in which they are registered.

2.4 Initial approval of all deferred examinations by the student’s faculty, school, or academic unit shall be conditional upon verification that the student has completed all required components of the course and that it is mathematically possible for the student to pass the course by writing the final examination. Approval will be rescinded if these conditions are not met.

2.5 Any students requesting a deferred examination(s) on the grounds that said examination(s) conflict(s) with vacation or holiday plans shall not normally be granted a deferral.

2.6 If a student becomes ill or receives word of a family emergency during the course of an examination and is unable to continue, the student must report at once to the Chief Invigilator, hand in the examination, and indicate either that they wish to submit their examination paper as: (1) completed; or (2) not completed and with the right to request a deferred examination. The Chief Invigilator must record all notifications. Students leaving an examination early in compliance with this section are eligible to apply for a deferred examination under the provisions of section 2.2. Only students who do not complete the examination and who notify the Chief Invigilator of the reason they cannot complete the examination shall be eligible to apply for a deferred examination.

2.7 No faculty, school, or academic unit shall have regulations that compel students to accept deferrals for any or all examinations or examination series.

2.8 When an application for a deferred examination is approved by the faculty, school, or academic unit, the head of the unit in which the course is offered, in consultation with the instructor concerned, shall schedule the deferred examination to take place normally within thirty (30) working days from the end of the examination series from which the examination was deferred, taking into account the following:

(a) If a deferred final examination is granted for a course that is a pre-requisite to another course or courses, students may be permitted to remain registered in those affected courses. However, if the examination is written after the revision deadline and the pre-requisite course is not satisfied, the student will be withdrawn from all courses requiring it. Faculty, schools, and academic units are encouraged to schedule deferred examinations in pre-requisite courses early in a term to ensure that results are available prior to the course revision deadline.

(b) Faculties, schools, and academic units are requested to schedule deferred examinations as soon as possible for potential graduands so that final grades may be available in sufficient time to meet planned graduation deadlines.

2.9 In the event students are unable to write the examination as outlined in section 2.8 the following may take place:

(a) the deferred examination shall be written at the next scheduled examination series in which the course is offered (unless the faculty, school, or academic unit chooses to make other arrangements); subsequent requests for re-deferral may result in the student being denied registration in the current or a future term until all outstanding examination obligations have been completed;

(b) the head of the academic unit in which the course is offered, in consultation with the instructor concerned, may assign a grade without examination. In such cases, the grades shall be assigned on the basis of the term work and assignments. Faculty or School Councils shall establish the procedure by which such a decision will be implemented.

(c) the deferred examination must be written within a time frame that enables the examination to be written and graded, and, if necessary, a supplemental examination to be written and graded, before the start of the next academic term in such cases in which the progression rules of the student’s program require the successful completion of an entire academic year before a student is eligible to proceed in the next academic year.

2.10 Students who, for medical reasons, withdraw from a program or receive deferred examination privileges for all final examination series, or who fail to write deferred examinations as scheduled, may be prevented by the faculty, school or academic unit from reregistration until they have established, through appropriate medical consultation, their fitness to resume studies.

Supplemental Examinations

2.11 Supplemental Examinations are offered by some faculties to students who have not achieved the minimum result in required courses. Within the conditions established by the student’s faculty, a student who is granted a Supplemental Examination is given the opportunity to rewrite a final examination. The impact of a supplemental examination on the final grade is to be determined by regulations within the faculty.
Part I
Final Examinations Procedures

Reason for Procedure

1.1 To set out Procedures secondary to the Policy entitled “Final Examinations and Final Grades” in connection with the method of conducting final examinations. A final examination is a test scheduled within an examination period which serves as the final evaluation of student performance in a course.

Part II
Procedural Content

Information Provided to Students

2.1 Within the first week of the academic term, students shall be informed of the method of evaluation to be used in each course, as specified in the Responsibilities of Academic Staff with Regard to Students Policy.

Examination General Regulations

2.2 Any test or tests, which have an aggregate value of more than 20% of the total value of the course may not be scheduled to take place during the fourteen (14) calendar days ending with the last day of classes in the term during the regular session as defined in the University General Calendar, or during the last two (2) classes of Summer Evening and the last three (3) classes for Summer Session (see Responsibilities of Academic Staff with regard to Students Policy).

2.3 No project or assignment may be announced during the periods outlined in section 2.2 unless contained in the course outline or syllabus required to be provided to all students in the course during the first week of classes (see Responsibilities of Academic Staff with regard to Students Policy).

Final Examinations

2.4 No final examinations or the submission of take-home final examinations shall be scheduled to occur prior to the examination periods as described in the General Calendar except with the expressed joint regulations of the faculty or school council.

2.5 The weight of each question shall be clearly indicated on the examination paper.

2.6 The name of the instructor or course coordinator shall be clearly indicated on the examination paper.

2.7 Faculties, schools or academic units electing to use the services of the Registrar’s Office shall adhere to the regulations outlined in section 2.8 below.

Regulations for Examinations Administered by the Registrar’s Office

2.8 If a faculty, school, or academic unit elects to use the services of the Registrar’s Office to schedule and administer examinations, the following regulations shall apply:

(a) Requests for examination scheduling must be submitted five (5) working days prior to the Revision Deadline for the term in which the course is offered.
(b) Examinations shall be of one, two or three hours duration.
(c) The faculty, school, or academic unit shall be responsible for supplying the number of examination invigilators as deemed necessary by the Registrar’s Office.
(d) Examination question papers must be submitted to the Registrar’s Office ten (10) calendar days in advance of the examination.
(e) The Registrar’s Office shall make a record of any issues arising during the conduct of examinations and bring any matters to Senate that it deems to be significant.
(f) The responsibilities of invigilators (see section 2.14-2.16) shall apply for examinations administered by the Registrar’s Office.

Regulations for Examinations Administered by Student Accessibility Services

2.9 Examinations administered by Student Accessibility Services are additionally regulated by the Accessibility for Students with Disabilities Policy.

Invigilation of Examination

2.10 The faculty, school, or academic unit shall supply such number of examination invigilators as is necessary. At a minimum, there shall normally be one invigilator for the first sixty (60) students and one additional invigilator for each fifty (50) students thereafter.

2.11 Invigilation of examinations shall normally be carried out by the instructor of record. In addition, university employees appointed as invigilators by a faculty, school, or academic unit may assist.

2.12 An instructor must be available during the whole of his or her examination even though he or she is not invigilating that examination.

2.13 In view of the responsibilities with which a Chief Invigilator has been charged, selection of Chief Invigilators for large examination halls shall ensure that they are persons at a more senior rank than that of teaching assistants.

Responsibilities of Invigilators and Students

2.14 Prior to an Examination

(a) Invigilators are required to report to the Registrar’s Office for examinations administered by the Registrar’s Office for supervisory duties not later than thirty minutes (one half hour) prior to the scheduled time for each examination. Examination material, supervisory lists, and the name of the invigilator in charge will be distributed.
(b) At each seat in the examination room, the invigilator should place the appropriate material required for the examination.
(c) The time of commencement of the examination shall be announced.
(d) Each student shall display his or her student card and photo identification and shall sign an attendance form.

2.15 Conduct During Examination

(a) Any student departing from accepted procedure during an examination must be reported immediately to the Chief Invigilator.
(b) The Chief Invigilator shall allow the student to continue writing the examination except as noted in subsection 2.15(g).
(c) The Chief Invigilator shall record the nature of the alleged infraction on the form provided by the Registrar’s Office.
(d) The Chief Invigilator shall complete the introductory section of the form immediately and shall ask the student to sign at that point in order that the student provides positive identification.
(e) The Chief Invigilator shall advise the student, when the identification portion of the form has been signed, of his or her right to submit a separate report on the circumstances of the incident to the Dean or Director of his or her faculty, school, or academic unit.
(f) The Chief Invigilator shall ask that the student read the form containing full details of the incident by or at the close of the examination. The form, thus completed, shall be sent to the Registrar’s Office for distribution to the Dean or Director, to the student and to the invigilators involved in the incident.

(g) Notwithstanding the above, in those cases in which the behaviour of a student is disruptive to others writing the examination, or to the conduct of that examination, the Chief Invigilator may, after due warning, require that student to cease writing the examination and leave the examination hall. For such cases the form provided by the Registrar’s Office must be completed, to the extent possible, in the manner outlined in the above paragraph.

(h) The Chief Invigilator shall ensure that no student leaves the room without signing the roll and submitting a script. In addition:

(i) No student shall be permitted to leave the examination room during the first thirty (30) minutes of an examination.

(ii) No student shall be permitted to enter the examination room after at least one other student who is writing the same examination has left the examination room.

(iii) A student who arrives to write an examination more than thirty (30) minutes after the start of the examination will not be permitted to write the examination.

(iv) Any student who, due to late arrival, is not permitted to write an examination will be asked to complete the appropriate form and will then be advised to contact the Office of his or her Dean or Director not later than the next business day to discuss possible alternatives.

(v) No student scheduled to write an examination in a centrally administered location who arrives late for the examination shall be permitted to write longer than the scheduled end-time for that examination. For those examinations not centrally scheduled, flexibility may be allowed at the discretion of the unit administering the examinations, but all students in a given course with commonly examined sections should have equal opportunities to take advantage of whatever flexibility is afforded.

(vi) Should a technical irregularity occur in an examination, such as misprinted information or wrong instruction, invigilators supervising the same examination in other locations must be informed. The Registrar’s Office should be contacted immediately should this or other similar problems arise in an examination room.

(vii) If a student becomes ill or receives word of a family emergency during the course of an examination and is unable to continue, the student must report at once to the Chief Invigilator, hand in the examination, and indicate either that they wish to submit their examination paper as: (1) completed; or (2) not completed and with the right to request a deferred examination. The Chief Invigilator must record all notifications. Students leaving an examination early must record all notifications. Students leaving an examination early must be eligible to apply for a deferred examination. The interval for procedure

Note: Documentation verifying the illness may be required.

2.16 At the Close of the Examination

(a) The time of conclusion of the examination should be announced.

(b) Every candidate must turn in an examination script before leaving the room to the invigilator located at the exit of the room.

(c) A count must be made of the scripts by course number and balanced against the total for each course examination indicated on the nominal roll.

(d) No student may be permitted to re-enter an examination room until all examination scripts have been collected.

(e) The nominal roll must be returned to the Registrar’s Office at the conclusion of the examination session. Examination scripts may be either received by the instructor(s) concerned or be delivered to the Registrar’s Office.

Audio Visual Supports

2.17 The use of audio visual supports to display examination or test questions shall be prohibited with either of the following two exceptions:

(a) Audio visual supports may be used to display examination questions where arrangements have been made to display all questions simultaneously for the entire examination period; or

(b) In courses where time limited identification is a legitimate and specified part of the examination process, the use of overhead or slide projectors, or other audio visual supports for display purposes shall be permitted. Examinations using audio visual supports should not be scheduled with other examinations.

Unauthorized Materials in Examinations

2.18 Students are not permitted to access any unauthorized materials during an examination. This includes but is not limited to calculators, books, notes, pencil cases, or any electronic device capable of wireless communication and/or storing information (e.g. computer, dictionary, translator, cell phone, pager, PDA, mp3 units, etc.). However, students may bring in such materials or devices when permission has been given by the instructor.

Security

2.19 Students may store valuables and personal items under the desk or chair of the examination room but may not have access to these items during the examination. Items stowed under the desk or chair must not obstruct the aisles of the examination room. Students must ensure that all items required for the examination are placed on top of the desk prior to the start of the examination.

Posting Examination Answers

2.20 Answers to examination questions shall not be posted prior to the conclusion of the examination.

Student Access to Final Examinations

2.21 In order to allow proper feedback, students shall have an opportunity to read their own final examination script and any comments written on it prior to the deadline for a formal grade appeal, but only in the presence of the instructor or a staff member appointed by a faculty, school, or academic unit.

2.22 Notwithstanding section 2.21 above, there is no obligation upon the faculty, school, or academic unit to make machine-scored examination answer sheets available for consultation by students. It is expected that faculties, schools, and academic units will provide appropriate means of feedback to students in such circumstances and, where practicable, will encourage instructors to discuss selected questions and answers.

1University of Western Ontario, Academic Handbook, Issued 2009 03.

Final Grades Procedures

Part I

Reason for Procedure
1.1 To set out procedures secondary to the Policy entitled “Final Examinations and Final Grades”, in connection with:

(a) Final grades;
(b) Incomplete grades;
(c) Continuing grades;
(d) Appeal of final grades; and
(e) Grading systems.

Part II

Procedural Content

Final Grades

2.1 Departments are required, subject to faculty and school regulations, to establish a procedure for the review and approval of final grades prior to submission to the Registrar.

2.2 All final grades must be submitted in accordance with the instructions received from the Registrar.

2.3 Final grades will be released to students by the Registrar’s Office as they are submitted by faculties and schools, except where alternate arrangements have been made between the Dean or Director and the Registrar.

2.4 To protect the confidentiality of students’ personal and private information, neither faculties, schools, academic units, nor instructors may post or publicly release grades.

Incomplete Grades

2.5 A student who is unable to complete the term work prescribed in a course may apply to the instructor, on or before the End Date for the term in which the course is offered (as set out in the Academic Schedule), for consideration of a grade classification of Incomplete.

2.6 The student is expected to write the final examination if one is scheduled for the course. It is possible to request a deferred examination based upon the conditions stated in the Deferred and Supplemental Examinations Procedures.

2.7 Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work, the instructor shall calculate the temporary grade using a zero value for incomplete work. The grade code reported will consist of the appropriate letter grade following by a space followed by the letter “I”.

2.8 In addition to the grade, the recommendation should indicate the reason(s) for consideration being given, a description of the outstanding work to be completed, and the date by which the work must be submitted. The following maximum extensions are allowed:

(a) for courses terminated in April – August 1st
(b) for courses terminated in August – December 1st
(c) for courses terminated in December – April 1st

2.9 If the final grade is not reported within one month of the extension deadline, the letter “I” will be dropped and the grade remains as awarded. The student’s opportunity to improve the grade will have lapsed.

2.10 In no case will the satisfaction of the Incomplete requirements cause a grade to be lowered.

2.11 When specific circumstances warrant, Deans or Directors may extend the date by which an Incomplete must be cleared. Instructors must formally request such an extension prior to the elapse of the maximum deadline date. In addition, the Registrar’s Office must be notified of the extension.

Continuing Grades

2.12 For those graduate level courses which continue beyond the normal academic term, which are being taken by students enrolled in the Faculty of Graduate Studies, the instructor shall recommend that a grade of “CO” be used until such time as a final grade can be established.

Appeal of Term Work

2.13 The appeal of term work returned or made available to students before the last day of classes shall be subject to policies and procedures established by Faculty/School Councils.

Appeal of Final Grades

2.14 A student may enter an appeal, through the Registrar’s Office, for assessment of one or more grades. A student wishing to make a final grade appeal must do so by the deadlines set for the following terms and sessions:

(a) On a Fall Term course grade the deadline is fifteen (15) working days following the first day in January which the University is open.
(b) On a Winter Term course grade the deadline is fifteen (15) working days after Victoria Day.
(c) For Summer Session course grades the deadline is thirty (30) working days following the end of the examination period.
(d) For all other programs the deadline is twenty (20) working days following the end of the examination period.

Applications must be made on a prescribed form obtainable from the Registrar’s Office. On payment of the prescribed fee, such appeals shall be forwarded to the Head of the academic unit in which the course is offered.

2.15 Examination scripts are to be held by the teaching unit responsible for the course until six (6) months after the expiration of the appeal period. In individual cases where appeals have been initiated, the holding period will be extended accordingly.

(a) Each faculty, school, or academic unit is responsible for arranging the proper processing of the appeals, and shall report the results of appeals to the Registrar’s Office.
(b) Normally the re-evaluation of a grade shall be undertaken by the instructor(s) responsible for the particular course (section) in consultation with at least one other instructor – in the same or related subject area – who shall independently assess the script and/or other relevant material.
(c) In the event that an appealed grade has been awarded on the basis of an examination only, the entire script will be re-read.

(i) Except as noted below, where the grade has been awarded on the basis of an examination in combination with term work, the examination script will be re-read and term mark calculation reviewed.
(ii) In the case of grades awarded solely on the basis of term work, only the calculation will be reviewed.
(iii) In instances where term work has not been returned to students before the last day of classes, that term work shall also be re-read.

(d) Grades subject to appeal may not be lowered.
(e) In cases where appeals have resulted in a change of grade, the application fee will be refunded to the student.
(f) Teaching units shall be responsible for arranging to destroy examination scripts held by them in accordance with this section, ensuring in the process, the confidentiality of the document.
(g) The result of an appeal must be submitted to the Registrar’s Office within thirty (30) days of the deadline for a student to submit the appeal.
being considered. In the event this deadline cannot be met, the academic unit must notify the Registrar's Office with reasons for the delay. In no case shall an appeal be delayed longer than sixty (60) days.

(h) Students who wish to appeal the results of a grade appeal based on procedural grounds must file an appeal with the office the Dean/Director of the teaching unit. A request for a review of appeal procedures must be filed within ten (10) working days of receipt of notification of the result of a Grade Appeal.

Grading Systems

2.16 Faculties and schools may investigate various grading systems in order that a better understanding is reached regarding the relationship between grading systems, evaluation processes, student performance and program objectives. Prior to taking action based on such investigation, the faculty or school must submit its proposal to the Senate Committee on Instruction and Evaluation for its approval.

Voluntary Withdrawal Policy

Part I

Reason for Policy

1.1 The University of Manitoba provides Students with sufficient time to plan their schedules through the registration cycle with both academic and personal circumstances in mind. The registration cycle is characterized by the Registration Period, the Registration Revision Period, and the Voluntary Withdrawal Period. The purpose of this Policy is to define and establish the requirements and limitations for Voluntary Withdrawal during the Voluntary Withdrawal Period at the University.

Part II

Policy Content

Definitions

2.1 The following terms have the following defined meanings for the purpose of this Policy:

(a) "Authorized Withdrawal" or "AW" is an approved withdrawal from all courses in a given period for medical or compassionate reasons, granted in accordance with the Authorized Withdrawal Policy and Procedure.
(b) "Calendar" means the University's official academic calendar for the Term and Level in which a course is taught.
(c) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(d) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(e) "Grade Point" refers to a numerical value assigned to a letter grade received in a course.
(f) "Grade Point Average" or "GPA" refers to the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted.
(g) "Leave of Absence" is a period of leave established, administered, and approved by the Faculty/College/School that enables Students to temporarily withdraw from the University.
(h) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.
(i) "Official Record" is a Student's complete academic history at the University of Manitoba that is maintained by the Registrar’s Office. Official Records are available in the form of an Official Transcript or a Student History.
(j) "Official Transcript" is an official document printed on secure paper and signed by the Registrar that reflects a student's permanent record at the University of Manitoba.
(k) "Policy" means this Voluntary Withdrawal Policy.
(l) "Quality Points" is the grade point value of the assigned Letter Grade multiplied by the credit hours of the course.
(m) "Registration Period" is the period prior to the beginning of classes in which new and returning Students may register.
(n) "Registration Revision Period" is the period after the beginning of classes within which students may withdraw from a course or courses without academic or financial penalty.
(o) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(p) "Student" refers to any person enrolled at the University.
(q) "Student History" is the complete record of a Student’s activity at the University, including a record of Authorized Withdrawals, produced for internal administrative use.
(r) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.
(s) "University" means The University of Manitoba.
(t) "Voluntary Withdrawal" or "VW" is a registration option that enables Students to withdraw from a course or courses after the Registration Revision Period without academic penalty.
(u) "Voluntary Withdrawal Period" is the period after the Registration Revision Period in which Students may voluntarily withdraw from a course or courses, as outlined in section 2.6 of this Policy.

General

2.2 A Voluntary Withdrawal is to be distinguished from other University withdrawal options, such as Authorized Withdrawal, Leaves of Absence, withdrawal during the Registration Revision Period, or withdrawal pursuant to other University-approved policies or regulations.

2.3 Students at the undergraduate Level are generally permitted to VW from a course or courses without receiving prior approval from their Faculty/College/School.

2.4 In the event that a Student chooses to VW from a course with a co-requisite, the Student must also VW from the co-requisite course. To determine if a course has a co-requisite, Students should consult the Calendar and the course descriptions in the chapter of the Faculty/College/School offering the course.

2.5 Students at the graduate Level are not permitted to VW from a course or courses without receiving the approval of the advisor/advisory committee, the head or graduate chair in the department in which the Student is registered, and the Faculty of Graduate Studies.

2.6 Students may withdraw from a course(s) without academic penalty during the Voluntary Withdrawal Period, which begins at the end of the Registration Revision Period and ends on the VW deadline, as follows:

(a) The 48th teaching day for courses taught over a single Term;
(b) The end of the Registration Revision Period of the second Term for courses taught over two or more Terms;
(c) A date calculated using a pro-rated number of teaching days for Summer Term or other Irregularly Scheduled Courses, as published yearly in the Calendar.

2.7 Ceasing to attend a class or classes will not constitute an official withdrawal from that course. Students who do not VW from a course will remain enrolled in and will receive a final grade for that course.

2.8 Students who have elected to VW from a course cannot subsequently re-enroll in that course, except in accordance with the Repeated Course Policy.

Scope

2.9 This Policy applies only to Voluntary Withdrawal during the current Term. Students wishing to withdraw for medical or compassionate reasons should consult the Authorized Withdrawal Policy and Procedure, and provisions regarding Leaves of Absence as outlined in the Calendar.

Responsibilities of the Student

2.10 Students are responsible for considering all implications prior to VW. Withdrawal from a course or courses may affect academic progression, financial aid eligibility, CIS athletic eligibility, entrance into professional and graduate programs, and/or student visa requirements.

Responsibilities of the Faculties/Colleges/Schools

2.11 Voluntary Withdrawal may be considered, together with course failures or repeats, when the Faculty of Graduate Studies or another Faculty/College/School with limited enrolment is reviewing applications for admission into its programs.
2.12 Faculties/Colleges/Schools may, subject to the approval of Senate, deny access to VW for all Students enrolled in an identified academic program. Faculties/Colleges/Schools are required to notify all applicants to that program of this proscription.

**Official Records**

2.13 A Voluntary Withdrawal shall be recorded on the Student History and Official Transcript issued by the University.

2.14 Final grades for courses in which Students ceased attending, without an official VW, will be included on the Student History and Official Transcript issued by the University, and will be factored into the Student's Grade Point Average.

**Part III**

**Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

**Part IV**

**Authority to Approve Procedures**

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

**Part V**

**Review**

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:
(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Policy; or
(b) are in turn repealed.

**Part VI**

**Effect on Previous Statements**

6.1 This Policy supersedes all of the following:
(a) Voluntary Withdrawal Policy, effective February 1, 1977, revised May 13, 1993, and December 7, 2005;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

**Part VII**

**Cross References**

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Authorized Withdrawal Policy;
(b) Definitions of Academic Units Policy;
(c) Grade Point Averages Policy; and
(d) Repeated Course Policy.

**Authorized Withdrawal Policy**

**Part I**

**Reason for Policy**

1.1 The University of Manitoba provides Students with a range of course and program withdrawal options to facilitate academic progression and personal circumstances. The purpose of this Policy is to define and establish the requirements for Authorized Withdrawal at the University of Manitoba.

**Part II**

**Policy Content**

**Definitions**

2.1 The following terms have the following defined meanings for the purpose of this Policy and its Procedures:
(a) “Authorized Withdrawal” or “AW” is an approved withdrawal from all courses in a given period for medical or compassionate reasons.
(b) “Calendar” means the University’s official academic calendar for the Term and Level in which a course is taught.
(c) “College” means a Professional College as defined under the Definitions of Academic Units Policy.
(d) “Faculty” means a Faculty as defined under the Definitions of Academic Units Policy.
(e) “Leave of Absence” is a period of leave, established, administered, and approved by the Faculty/College/School that enables Students to temporarily withdraw from the University.
(f) “Level” refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.
(g) “Official Record” is a Student’s complete academic history at the University of Manitoba that is maintained by the Registrar’s Office. Official Records are available in the form of an Official Transcript or a Student History.
(h) “Official Transcript” is an official document printed on secure paper and signed by the Registrar that reflects a Student’s permanent record at the University of Manitoba.
(i) “Policy” means this Authorized Withdrawal Policy.
(j) “Procedure” means the Authorized Withdrawal Procedure.
(k) “Registration Revision Period” is the period after the beginning of classes within which students may withdraw from a course or courses without academic or financial penalty.
(l) “School” means a “School of the University” or a “School of a Faculty”, as those terms are defined under the Definitions of Academic Units Policy.
(m) “Student” refers to any person enrolled at the University.
(n) “Student History” is the complete record of a Student’s activity at the University, including a record of Authorized Withdrawals, produced for administrative use.
(o) “Term” is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.
(p) “University” means The University of Manitoba.
(q) “Voluntary Withdrawal” or “VW” is a registration option that enables students to withdraw from a course or courses after the Registration Revision Period without academic penalty.
(r) “Voluntary Withdrawal Period” is the period after the Registration Revision Period within which students may voluntarily withdraw from a course or courses, as outlined in section 2.6 of the Voluntary Withdrawal Policy.

**General**

2.2 An AW is to be distinguished from other withdrawal options at the University, including Voluntary Withdrawal and Leaves of Absence.

2.3 Requests for AW must be based on medical or compassionate grounds as outlined in Section 2.2 of the Procedure.

2.4 Faculties/Colleges/Schools may adopt supplemental regulations, subject to approval by Senate, pertaining to AW from their programs.

**Scope**

2.5 Requests for AW will only be considered for withdrawal from all courses in a given Term, except in extraordinary circumstances.

2.6 Requests for AW will be considered for the currently enrolled Term and for Terms dating back no more than three academic years.

2.7 Withdrawal from future Terms may be subject to supplemental regulations adopted under section 2.4 of this Policy. Students considering
withdrawing from the University for future terms should consult their Faculty/College/School of registration.

**Part III**

**Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

**Part IV**

**Authority to Approve Procedures**

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

**Part V**

**Review**

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:

(a) The Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;

(b) the Policy is no longer legislatively or statutorily compliant; and/or

(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) comply with the revised Policy; or

(b) are in turn repealed.

**Part VI**

**Effect on Previous Statements**

6.1 This Policy supersedes all of the following:

(a) Voluntary Withdrawal Policy, effective February 1, 1977 and revised May 13, 1993, and December 7, 2005;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.

**Part VII**

**Cross References**

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Authorized Withdrawal Procedure;  
(b) Definitions of Academic Units Policy;  
(c) Voluntary Withdrawal Policy.

**Authorized Withdrawal Procedure**

**Part I**

**Reason for Procedure**

1.1 To outline the Procedures to be followed in order to comply with the Authorized Withdrawal Policy.

**Part II**

**Procedural Content**

2.1 These Procedures are to be read in conjunction with the Policy and all terms defined in the Policy shall have the same meaning in this Procedure.

2.2 An AW may be approved under the following circumstances:

(a) Medical Grounds. When a serious event, including but not limited to illness, accident or injury affects a student’s ability to attend classes and/or complete course requirements; and/or

(b) Compassionate Grounds. When an extraordinary personal circumstance, including but not limited to a serious illness or death of a significant person in a Student’s life affects a Student’s ability to attend classes and/or complete course requirements.

2.3 Ceasing to attend a class or classes will not constitute an AW. In cases where a request for an AW is not approved, a Student will remain enrolled in, and will receive a final grade for all registered courses.

**Requests for Authorized Withdrawal**

2.4 Requests for AW’s at the undergraduate Level must be submitted to the Dean’s Office of the Faculty/College/School of registration and will be processed through the Dean’s Office of the Student’s Faculty/College/School of registration.

2.5 Requests for AW’s at the graduate Level must be submitted to the head or graduate chair in the department in which the Student is registered, for recommendation to and approval by the Faculty of Graduate Studies.

2.6 An AW request must include the following:

(a) Official request form: The Request for an Authorized Withdrawal Form is available through the Dean’s Office of the student’s Faculty/College/School of registration, or from Student Advocacy.

(b) Letter of Explanation written by the student and detailing how the circumstances or symptoms affected their ability to attend classes and/or complete course requirements;

(c) Supporting documentation including but not limited to:

(i) Letters or documents from objective, credible and verifiable health care professionals. Students are encouraged to consult the Guidelines for Health Care Professionals that are available through the Office of Student Advocacy;

(ii) A funeral program and/or obituary;

(iii) A police report or auto accident report; and/or

(iv) Travel receipts (e.g., airline, rail, bus).

2.7 If an AW request is approved, a Faculty/College/School may impose conditions prior to re-enrolment including, but not limited to, meeting with an academic advisor, producing a certificate of fitness to return to studies, and/or making use of support services on campus.

2.8 In limited enrolment programs, re-enrolment following an AW may be subject to availability of space.

**Responsibilities of the Student**

2.9 Students are responsible for considering all implications prior to requesting an AW. Withdrawal may affect academic progression, financial aid eligibility, CIS athletic eligibility, entrance into professional programs, and/or student visa requirements.

**Responsibilities of the Faculties/Colleges/Schools**

2.10 Faculties/Colleges/Schools are required to consider requests for AW and to direct the Registrar’s Office to process approved requests.

2.11 Faculties/Colleges/Schools are required to notify students of the outcome of their AW request in a timely manner.

2.12 Faculties/Colleges/Schools are responsible for ensuring that the receipt, storage and disposal of personal information are appropriately managed and secured under The Personal Health Information Act (PHIA), The Freedom of Information and Protection of Privacy Act (FIPPA), and the University’s Access and Privacy Policy and Procedures.

2.13 Faculties/Colleges/Schools must provide an annual report on AW applications and approvals to the Provost and Vice-President (Academic).

**Official Records**

2.14 An AW will appear on a Student History but will not appear on Official Transcripts issued by the University.

**Tuition Fee Refund**

2.15 The approval of an AW request will not automatically result in a tuition fee refund. Students must apply to the Registrar’s Office for a refund using the Tuition Fee Appeal Form, available at the Registrar’s Office.

**Appeal Process**

...
2.16 The process for appealing an unsuccessful AW request will be subject to the policies and procedures established by the Student’s Faculty/College/School of registration or enrolment.

2.17 Faculties/Colleges/Schools must disclose to the Student the length of time available to appeal an unsuccessful AW request.

**Part III
Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Procedure is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Procedure.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Procedure.

**Part IV
Review**

4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.

4.2 In the interim, this Procedure may be revised or repealed if:
   (a) the Provost and Vice-President (Academic), or Approving Body, deems it necessary or desirable to do so;
   (b) the Procedure is no longer legislatively or statutorily compliant;
   (c) the Procedure is now in conflict with another Governing Document; and/or
   (d) the Parent Policy is revised or repealed.

**Part V
Effect on Previous Statements**

5.1 This Procedure supersedes all of the following:
   (a) Voluntary Withdrawal Policy, effective February 1, 1977 and revised May 13, 1993 and December 7, 2005;
   (b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
   (c) all previous Administration Governing Documents on the subject matter contained herein.

**Part VI
Cross References**

6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
   (a) Authorized Withdrawal Policy;
   (b) Access and Privacy Policy and Procedure;
   (c) Guidelines for Healthcare Professionals;
   (d) Tuition Fee Appeal Form

**Repeated Course Policy**

**Repeated Course Policy**

**Part I
Reason for Policy**

1.1 The purpose of this Policy is to:
   (a) Articulate, on an institutional level, the rules that are to be applied when a course is repeated or its equivalent taken; and
   (b) Identify the implications of repeating courses at the University.

**Part II
Policy Content**

**Definitions**

2.1 The following terms are defined for the purpose of this Policy:
   (a) "Calendar" means the University’s official academic calendar for the Term and Level in which a course is taught.
   (b) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
   (c) "Cumulative Grade Point Average" or "CGPA" is the calculated GPA of all courses, institutional and transferred, completed at the same Level.
   (d) "Degree Grade Point Average" or "DGPA" refers to the calculated GPA of all courses accepted for credit by the University towards a designated degree.
   (e) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
   (f) "Grade Point" refers to a numerical value assigned to a letter grade received in a course.
   (g) "Grade Point Average" or "GPA" is the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted.
   (h) "Initial Registration Period" refers to the period of assigned registration times within the Calendar for new and returning Students.
   (i) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.
   (j) "Limited Access" is a registration rule that prevents Students who have previously enrolled in a course, including courses from which they VW, from registering prior to the Limited Access Registration Date.
   (k) "Limited Access Registration Date" means the date, following the Initial Registration Period, upon which Students who are subject to Limited Access can register for courses.
   (l) "Policy" means this Repeated Course Policy.
   (m) "Procedure" or "Procedures" means a procedure approved by the Provost and Vice-President (Academic) under section 4.1 of this Policy.
   (n) "Quality Points" is the grade point value of the assigned Letter Grade multiplied by the credit hours of the course.
   (o) "School" means a “School of the University” or a “School of a Faculty”, as those terms are defined under the Definitions of Academic Units Policy.
   (p) "Student" refers to any person enrolled at the University.
   (q) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.
   (r) "University" means The University of Manitoba.
   (s) "Voluntary Withdrawal" or "VW" is a registration option that enables Students to withdraw from a course or courses without academic penalty.

**General Policy**

2.2 Subject to the regulations of Faculties/Colleges/Schools, a Student may be permitted to repeat a course or its equivalent. This applies to courses that were completed with a satisfactory grade or failing grade and courses from which a Student has received a VW.

2.3 Faculties/Colleges/Schools may determine, through their respective Faculty/College/School Councils, the limits of repeated courses that a Student may incur while working towards completing their degree.

2.4 Faculties/Colleges/Schools may determine, through their respective Faculty/College/School Councils, the limits of repeated courses permitted for each individual course and whether or not Students who have previously achieved satisfactory grades will be permitted to repeat a course or its equivalent.

2.5 When a Student wishes to repeat a course or to register for a course equivalent to that of the course which the Student has received a VW, the following rules apply:
   (a) Students will be subject to Limited Access for a period of three consecutive Terms following the Term in which the course was initially completed or in which the student elected to VW;
   (b) Only the attempt in which the highest grade was achieved shall be counted towards a Student’s degree or diploma. Inclusion of repeated course grades in the DGPA is subject to faculty/college/school regulations; and
   (c) Grades from all course completions will be used in the calculation of the CGPA, subject to the Grade Point Averages Policy.

**Part III
Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.
3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

Part IV
Authority to Approve Procedures

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

Part V
Review

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:
(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Policy; or
(b) are in turn repealed.

Part VI
Effect on Previous Statements

6.1 This Policy supersedes all of the following:
(a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(b) all previous Administration Governing Documents on the subject matter contained herein.

Part VII
Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) College Council Bylaws
(b) Definitions of Academic Units Policy
(c) Faculty and School Council General Bylaw
(d) Grade Point Averages Policy
(e) Voluntary Withdrawal Policy

Grade Point Averages Policy

Part I
Reason for Policy

1.1 The University of Manitoba articulates, on an institutional level, the rules for calculation of Grade Point Averages (GPA). The purpose of this Policy is to define and describe the manner in which GPA will be calculated and reported at the University.

Part II
Policy Content

Definitions

2.1 The following terms have the following defined meanings for the purpose of this Policy:
(a) "Authorized Withdrawal" or "AW" is an approved withdrawal from all courses in a given period for medical or compassionate reasons, granted in accordance with the Authorized Withdrawal Policy and Procedure.
(b) "Calendar" means the University’s official academic calendar for the Term and Level in which a course is taught.
(c) "Challenge for Credit" is a process whereby students have the opportunity to demonstrate that they have acquired a command of the general subject matter, knowledge, intellectual and/or skills that would normally be found in a university-level course.
(d) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(e) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(f) "Letter of Permission" refers to a letter granting institutional permission for Students enrolled in a degree program at the University to take courses at other University-recognized colleges and universities. Courses may be considered for transfer credit provided that such courses are approved in advance by the Faculty/College/School in which the Student is registered.
(g) "Grade Point" refers to a numerical value assigned to a letter grade received in a course.
(h) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.
(i) "Official Record" is a Student’s complete academic history at the University of Manitoba that is maintained by the Registrar’s Office. Official Records are available in the form of an Official Transcript or a Student History.
(j) "Official Transcript" is an official document printed on secure paper and signed by the Registrar that reflects a Student’s permanent record at the University of Manitoba.
(k) "Policy" means this Grade Point Averages Policy.
(l) "Procedure" or "Procedures" means a procedure approved by the Provost and Vice-President (Academic) under section 4.1 of this Policy.
(m) "Quality Points" is the grade point value of the assigned Letter Grade multiplied by the credit hours of the course.
(n) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(o) "Student" refers to any person enrolled at the University.
(p) "Student Information System" is any software application that enables the University to manage Student data.
(q) "Student History" is the complete record of a Student’s activity at the University, including a record of Authorized Withdrawals, produced for internal administrative use.
(r) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.
(s) "University" means The University of Manitoba.
(t) "Voluntary Withdrawal" or "VW" is a registration option that enables Students to withdraw from a course or courses without academic penalty.

General

2.2 "Grade Point Average" or "GPA" is the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted. This calculation can be applied to determine the following types of GPA:
(a) "Cumulative Grade Point Average" or "CGPA", which is the calculated GPA of all courses, institutional and transferred, completed at the same Level;
(b) "Degree Grade Point Average" or "DGPA", which is the calculated GPA of all courses accepted for credit by the University towards a designated degree;
(c) "Sessional Grade Point Average" or "SGPA", which is the calculated GPA of all courses completed at the same Level during the Fall and Winter Terms of one academic year; and
(d) "Term Grade Point Average" or "TGPA", which is the calculated GPA of all courses completed during a single Term at the same Level.

2.3 The following rules apply in regards to calculating GPA at the University:
(a) All standard letter grades (A+ to F) will be included in GPA calculations and will be displayed on a Student’s Official Record in the Term they were completed.
(b) When a Student repeats a course or takes an equivalent course or mutually exclusive course (for example, a course that may not be held for credit with the original course), all attempts at that course shall be used in the calculation of the TGPA and CGPA. Whether or not grades for repeated courses are used toward the DGPA will be subject to Faculty policy.
(c) Grades not included in GPA calculations (for example: Pass/Fail, VW, AW) are displayed on a Student’s Official Record.
(d) Courses completed from another institution by means of a Letter of Permission shall be used in the calculation of CGPA and DGPA, but shall not be used in the calculation of TGPA.
(e) Courses completed by means of Challenge for Credit shall be used in the calculation of CGPA, TGPA, and DGPA.

2.4 The University of Manitoba will report CGPA, TGPA, and DGPA for all Students through the Student Information System.

2.5 Faculties/Colleges/Schools may use any of the GPA calculation methods to assess Student performance.

Part III
Accountability

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

Part IV
Authority to Approve Procedures

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

Part V
Review

5.1 Governing Documents reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:
(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Policy; or
(b) are in turn repealed.

Part VI
Effect on Previous Statements

6.1 This Policy supersedes all of the following:
(a) Grade Point Averages Policy, effective May 1, 2006;
(b) all previous Board of GovernorsSenate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII
Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Authorized Withdrawal Policy;
(b) Definitions of Academic Units Policy;
(c) Voluntary Withdrawal Policy;
(d) Repeated Course Policy.

General Academic Regulations

Introduction

This chapter contains the regulations and requirements that apply to all students, regardless of faculty or school.

Each faculty and school has its own supplementary regulations and requirements. These are published in the faculty or school chapters of the Academic Calendar. Some faculties and schools also have additional regulations and requirements governing their programs; these are available from the faculty or school.

It is the responsibility of each student to be familiar with the academic regulations and requirements of the University of Manitoba in general and of the specific academic regulations and requirements of their faculty or school of registration. Accordingly, students are asked to seek the advice of advisors in faculty and school general offices whenever there is any question concerning how specific regulations apply to their situations.

Residence and Written English and Mathematics Requirements

1. Residence Requirements For Graduation

Each faculty and school recommends to the Senate the number of credit hours each student must complete in order to graduate from its programs. Senate also requires each student to complete a minimum number of credit hours at the University of Manitoba -- this is called the "requirement".

Unless otherwise stated in faculty and school chapters, the minimum residence requirement of the University of Manitoba is the work normally associated with one year in the case of programs of three years’ duration, and two years for programs of four years' duration. Some faculties and schools may have additional residence requirements specified in their program regulations. However, in all cases, the residence requirement is assessed following an appraisal of the educational record of the student applying to transfer credits from another institution or applying to earn credits elsewhere on a letter of permission. The residence requirement is not reduced for students whose "challenge for credit" results in a passing grade.

2. University English and Mathematics Requirements for Undergraduate Students

All students are required to complete, within the first 60 credit hours of their programs, a minimum of one three credit hour course with significant content in written English, and a minimum of one three credit hour course with significant content in mathematics.

Some degree programs have designated specific written English and mathematics courses to fulfil this requirement.

Some degree programs require that the written English and/or mathematics requirements be completed prior to admission.

See the program descriptions in the faculty and school chapters of the Academic Calendar for details.

Exemptions to the Written English and Mathematics Requirement:

- All students with completed baccalaureate degrees and who transfer into any program to which these requirements apply.
- Registered Nurses entering the Bachelor of Nursing Program for Registered Nurses.
- Students admitted before the 1997-98 Regular Session.
- Written English exemption only: Students transferring from Université de Saint-Boniface who have completed a written French requirement (at the university) before transferring to the University of Manitoba will be deemed to have met the written English requirement.
3. Approved English and Mathematics Courses

A complete list of all courses which satisfy the university written English and mathematics requirement is provided below. (When searching for courses in Aurora, students may search Course Attributes for courses that satisfy the written English and Mathematics requirements).

### Course Identification

1. **Credit Hours (Cr. Hrs.)**

   Each faculty and school develops courses for its degree credit programs, subject to Senate approval, and assigns a credit hour value to each course.

   The credit hours for a course are expressed as a number associated with the course which indicates its relative weight. There is a correlation between class hours and credit hours (i.e., 6 credit hours = 3 hours a week, two terms; and 3 credit hours = 3 hours a week, one term).

   For the purposes of registration, courses taught over both the Fall and Winter Terms have been divided into two parts. The credit hour value of the course are divided equally and applied to each part of the course. For example: for a six credit hour spanned course each of the Fall and Winter Terms have been divided into two parts. The credit hour value of the course which indicates its relative weight. There is a correlation between class hours and credit hours (i.e., 6 credit hours = 3 hours a week, two terms; and 3 credit hours = 3 hours a week, one term).

   Students registering for term spanning courses will receive one grade for the course and only when the second part is completed. The course grade will be applied to both the Fall and Winter parts of the course.

2. **Prerequisite and Co-requisite Courses**

   **Prerequisite:** If a course is prerequisite for a second course, the prerequisite must be met in order to begin the second course. To determine whether or not a course has a prerequisite, see the course descriptions in the chapter of the faculty or school offering the course.
Normally, a minimum grade of "C" is required in all courses listed as prerequisites, except as otherwise noted in the course descriptions.

For some courses, the prerequisite may be completed before registering for the second course or may be taken concurrently with the second course. To determine if a course may be taken concurrently, see the course descriptions in the chapter of the faculty or school offering the course.

**Co-requisite:** If a first course is a co-requisite for a second course, the first course must be completed in the same term as the second course. To determine if a course has a co-requisite, see the course descriptions in the chapter of the faculty or school offering the course.

### 3. Course Numbers

#### 3.1 First Two to Four Characters

The two, three or four characters in every course number are a shortened version of the subject of the course.

**For example:**

ECON 1220 Principles of Economics Cr. Hrs. 6

ECON is the code for Economics.

1220 indicates that it is an introductory or entry level course.

If the course requires a laboratory, this will be shown following the credit hours immediately following the title.

**For example:**

BIOL 3242 Biodiversity: Vascular Flora of Manitoba Cr. Hrs. 3 (Lab Required)

The 2000, 3000, 4000 course numbers indicate the second, third, and fourth levels of university contact with a subject.

Numbers in the 5000 range are normally associated with pre-Master's work or courses in the Post Baccalaureate Diploma and the Post-Graduate Medical Education programs.

Courses numbered 6000-8000 are graduate courses of the Faculty of Graduate Studies.

Course numbers in the 9000 series are used to identify courses taken at the University of Winnipeg by students in the University of Manitoba/University of Winnipeg Joint Master's Programs. The 9000 numbers do not indicate the level of the course taken (see Graduate Calendar or University of Winnipeg Calendar).

In most cases, some correlation exists between the course number and a student's year of study; that is, students in the third year of a program will generally carry course loads comprised primarily of 3000-level courses.

#### 3.2 Last Four Digits

At the University of Manitoba the last four digits of the course number reflect the level of contact with the subject.

**For example:**

ECON 1220 Principles of Economics Cr. Hrs. 6

ECON is the code for Economics.

1220 indicates that it is an introductory or entry level course.

If the course requires a laboratory, this will be shown following the credit hours immediately following the title.

**For example:**

BIOL 3242 Biodiversity: Vascular Flora of Manitoba Cr. Hrs. 3 (Lab Required)

The 2000, 3000, 4000 course numbers indicate the second, third, and fourth levels of university contact with a subject.

Numbers in the 5000 range are normally associated with pre-Master's work or courses in the Post Baccalaureate Diploma and the Post-Graduate Medical Education programs.

Courses numbered 6000-8000 are graduate courses of the Faculty of Graduate Studies.

Course numbers in the 9000 series are used to identify courses taken at the University of Winnipeg by students in the University of Manitoba/University of Winnipeg Joint Master's Programs. The 9000 numbers do not indicate the level of the course taken (see Graduate Calendar or University of Winnipeg Calendar).

In most cases, some correlation exists between the course number and a student's year of study; that is, students in the third year of a program will generally carry course loads comprised primarily of 3000-level courses.

#### 3.3 Other course numbering information

Courses with numbers that end in 0 or an even number are taught in English, most of which are offered on the Fort Garry or Bannatyne campuses or through Distance and Online Education.

Courses with numbers that end in odd numbers are taught in French at Université de Saint-Boniface.

### Grades and Grade Point Average Calculation

#### Introduction

Final grades in most courses are expressed as letters, ranging from F, to A+ the highest. A grade of D is the lowest passing grade, however the minimum grade required to use a course as credit toward a degree or diploma program may be set higher by a faculty or school. Refer to faculty and school regulations. Each letter grade has an assigned numerical value which is used to calculate grade point averages. Grading scales used to determine the final letter grade may vary between courses and programs.

Some courses are graded on a pass/fail basis and because no numerical value is assigned to these courses, they do not affect grade point averages. Courses graded in this way are clearly identified in course descriptions and program outlines.

#### 1. The Letter Grade System

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point Value</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.5</td>
<td>Exceptional</td>
</tr>
<tr>
<td>A</td>
<td>4.0</td>
<td>Excellent</td>
</tr>
<tr>
<td>B+</td>
<td>3.5</td>
<td>Very Good</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>Good</td>
</tr>
<tr>
<td>C+</td>
<td>2.5</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
<td>Adequate</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
<td>Marginal</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
<td>Failure</td>
</tr>
<tr>
<td>P</td>
<td></td>
<td>Pass</td>
</tr>
<tr>
<td>F</td>
<td></td>
<td>Standing</td>
</tr>
</tbody>
</table>

The grade of "D" is regarded as marginal in most courses by all faculties and schools. It contributes to decreasing a term, degree or cumulative Grade Point Average to less than 2.0. Courses graded “D” may be repeated for the purpose of improving a GPA. Note that some faculties and schools consider a grade of “D” as unacceptable and will not apply the course toward the program as credit. In most cases the course will need to be repeated to attain the acceptable grade. Refer to faculty and school regulations.

#### 2. Calculation of Grade Point Average

The University of Manitoba will report cumulative and term grade point averages for all students through Aurora Student.

Please also refer to the Grade Point Averages Policy found in the University Policies section of the Academic Calendar.

##### 2.1 Quality Points

The quality points for a course are the product of the credit hours for the course and the grade point obtained by the student; e.g., 3 credit hours with a grade of "B" (3.0 points) = 3 credit hours x 3.0 = 9.0 quality points.

##### 2.2 Quality Point Total

The quality point total is the sum of quality points accumulated as students proceed through their program of studies.

##### 2.3 Grade Point Average (GPA)

The grade point average (GPA) is the quality point total divided by the total number of credit hours.

Example:
A course in which a "D" standing is obtained may need to be repeated by probationary students in certain faculties or where a minimum grade of "C" is required in a prerequisite subject or to meet degree requirements.

Students in doubt as to the status of their record should consult an advisor in their faculty or school.

For minimum grade levels, especially as they affect progression requirements, see the faculty or school regulations in the Academic Calendar or consult an advisor.

4. Academic Honours

Students qualify for the Honour List (Dean's, Director's, University 1) when they achieve qualifying grade point averages, as specified by the faculty/school or program regulations.

In addition, outstanding academic achievement will qualify students for other honours and awards. These include:

- the University Gold Medal, which is awarded at graduation in each faculty or school to the student with the most outstanding academic record;
- program medals, which are awarded by faculties and schools to the best student graduating from a specific program;
- graduation "with distinction", which is recorded on the transcripts of all students who attain a qualifying grade point average;
- and other medals and prizes that are specific to programs or disciplines.

Academic Evaluation

1. Methods of Evaluation

Students shall be informed of the method of evaluation to be used in each course, as specified in the Responsibilities of Academic Staff with Regard to Students Policy, found in the University Policies section of the Academic Calendar.

In departments where a course is offered in more than one section, the department offering the course endeavours to provide instruction so that all sections cover similar topics and that all students achieve a similar level of competency in the topic. However, there will be differences in evaluation as well as in teaching style, readings and assignments from one section to another. Students may contact the department for additional information before registration.

1.1 Credit for Term Work

In subjects involving written examinations, laboratories, and term assignments, a student may be required to pass each component separately. If no final examination is scheduled in a course, the student’s final grade will be determined on the basis of the method of evaluation as announced in the first week of lectures.

If credit is not given for term work, the student’s final grade will be determined entirely by the results of the final written examination. Where the final grade is determined from the results of both term work and final examinations, the method of computing the final grade will be as announced within the first week of classes. Should a student write a deferred examination, term grades earned will normally be taken into account as set out in the immediately preceding paragraph.

1.2 Repeating a Course

A course in which a "D" standing is obtained may need to be repeated by probationary students in certain faculties or where a minimum grade of "C" is required in a prerequisite subject or to meet degree requirements.

Elective courses graded "F" may either be repeated or another elective substituted. All electives in a program must be approved by the faculty or school.

1.3 Probation and Academic Suspension

Failure to meet minimum levels of performance as specified in the regulations of the faculty or school will result in a student being placed either on probation or academic suspension in accordance with the faculty or school regulations.

A student’s status is determined, following final examinations, at the end of each term (Fall, Winter or Summer terms) or at the end of an academic session as specified in faculty regulations. A student placed on probation is advised to discuss his/her program prior to the next registration with a representative of the dean or director to determine which courses, if any, should be repeated.

A student placed on academic suspension will normally be permitted to apply for re-entry to the faculty or school after one year has elapsed, but reinstatement is not automatic and individual faculty or school regulations must always be consulted.

While on suspension, students are not normally admissible to another faculty or school.

2. Other forms of earning degree credit

2.1 Letter of Permission for Transfer of Credit

Students in degree programs at this university may take courses at other recognized colleges or universities for transfer of credit provided such courses are approved at least one month prior to the commencement of classes at the other institution by the faculty or school in which they are currently registered. The approval is subject to individual faculty/school regulations and is granted in the form of a Letter of Permission. The student must obtain a Letter of Permission whether or not the course/s being taken are for transfer of credit to the University of Manitoba. Failure to obtain a Letter of Permission may have serious academic implications.

To obtain a Letter of Permission, application must be made to the Registrar's Office as early as possible and at least one month prior to when required at the other institution.

Each application must be accompanied by the appropriate fee. The fees are for each application and a separate application is required for each session and institution regardless of the number of courses being considered. Students planning to seek permission to take courses elsewhere for transfer of credit to the University of Manitoba are cautioned to check the current Academic Calendar for the residence and degree requirements of the degree programs in which they are enrolled.

Transferred courses will be given assigned credit hour values and grades. The transferred grade will be included in the student’s degree and cumulative GPA.

2.2 Challenge for Credit
The purpose of Challenge for Credit is to provide students of the university with some means of obtaining academic credit in University of Manitoba courses (not otherwise obtainable as a transfer from other institutions) for practical training and experience, or reading and study previously completed. Students who have registered to challenge would normally not attend classes or laboratories. Courses which have previously been taken at the University of Manitoba may not be challenged for credit.

To be eligible to challenge for credit a student must first be admitted to a faculty or school of the University of Manitoba. Eligible students will be required to demonstrate their competence in the courses which they are challenging for credit. Where formal, written examinations are required, these will be generally scheduled during the regular examination sessions in April/May, June, August, or December.

For information regarding requirements, procedures, applications and fees a student should contact the office of the faculty or school in which the student is enrolled, or in the case of new students, the faculty or school to which the new student has been admitted.

2.3 Application of Course Credit when transferring between Programs within the University of Manitoba

When students transfer into program from another faculty or school within the University of Manitoba, some course credits previously earned may be applied to the new program. The credit hour value assigned by the faculty or school that offers the course is used. That is, there can only be one credit weight designated for a course with a particular course number.

3. Academic Appeals

With the exception of decisions on admissions or disciplinary matters, all academic appeals from decisions of faculty or school appeals committees at the University of Manitoba or by the Comité d’appels at Université de Saint-Boniface shall be heard by the Senate Appeals Committee regardless of the institute of registration of the student concerned.

The complete terms of reference for the Senate Committee on Appeals as well as an Appeal Form may be obtained from the Office of the University Secretary, 312 Administration Building or Student Advocacy/Student Resource Services, 519 University Centre.

Final Examinations

These regulations expand on the Final Examinations Policy and Procedures found in the University Policies section of this publication.

1. General Examination Regulations

Students (with the exception of students auditing courses) are required to write all final examinations. Those who absent themselves without an acceptable reason will receive a grade classification of “NP” (No Paper) accompanied by a letter grade based on term work completed, using a zero value for incomplete term work and for the final examination. If no credit for term work is involved, a grade of “F” will be assigned. Under certain conditions a student may apply for a deferred examination; see Deferred and Supplemental Examinations.

2. Examination Schedules

For most faculties, schools and colleges, final examinations are normally conducted in December for Fall Term courses; in April/May for Winter Term and Fall/Winter Term spanned courses; and in August for Distance and Online Education Summer Term courses. Exact dates for the exam period can be found in the Academic Schedule.

The Schedule of Final Exams for Fall and Winter is made available by the Registrar’s Office approximately one month after the beginning of the term. This schedule is made available on the Registrar’s Office Website (umanitoba.ca/registrar) and includes finalized dates and times for each exam. Exam locations are added to the schedule at a later date. Summer Term courses, final exam details will be made available at the time of registration.

Students must remain available until all examination and test obligations have been fulfilled. Travel plans are not an acceptable reason for missing an exam.

3. Writing Examinations Off-Campus-Distance and Online Education courses only

For Distance and Online Education courses, students may request to write their exams outside of Winnipeg, at an approved centre. These requests are made to the Off Campus Exam Coordinator in the Centre for the Advancement of Teaching and Learning.

4. Examination Personations

A student who arranges for another individual to undertake or write any nature of examination for and on his/her behalf, as well as the individual who undertakes or writes the examination, will be subject to discipline under the university’s Student Discipline Bylaw, which could lead to suspension or expulsion from the university. In addition, the Canadian Criminal Code treats the personation of a candidate at a competitive or qualifying examination held at a university as an offence punishable by summary conviction.

Deferred and Supplemental Examinations

These regulations expand on the Deferred and Supplemental Examinations Procedures found in the University Policies section of this publication.

1. Accepting Standing in Course without Examination

In the event that a student is unable to write a deferred examination as it has been scheduled, a grade may be assigned without examination (see Section 2.9 of the Deferred and Supplemental Examinations Procedures). A student who accepts standing in a course without examination may not, at a later date, request permission to write a deferred examination in the course.

2. Supplemental Examinations

Supplemental Examinations are offered by some faculties to students who have not achieved the minimum result in required courses.

Students who are granted supplemental privileges are normally required to sit the examination within thirty (30) working days from the end of the examination series in which the supplemental grade was received, unless the progression rules of a faculty or school require the successful completion of an entire academic year before a student is eligible to proceed into the next. In this case, students are obliged to sit the examination at the next ensuing examination period.

Appeals of Grades

These regulations expand on the Final Grades Procedures found in the University Policies section of this publication.

1. Appeal of Term Work

Students may formally appeal a grade received for term work provided that the matter has been discussed with the instructor in the first instance in an attempt to resolve the issue without the need of formal appeal. Term work grades normally may be appealed up to ten (10) working days after the grades for the term work have been made available to the student.

The fee which is charged for each appealed term work grade will be refunded for any grade which is changed as a result of the appeal.

2. Appeal of Final Grades
Final grades are not released to students who are on “Hold Status”; the deadline for appeal of assigned grades will not be extended for students who were unable to access their final grades due to a hold.

**Attendance and Withdrawal**

1. **Attendance at Class and Debarment**

Regular attendance is expected of all students in all courses.

An instructor may initiate procedures to debar a student from attending classes and from final examinations and/or from receiving credit where unexcused absences exceed those permitted by the faculty or school regulations.

A student may be debarred from class, laboratories, and examinations by action of the dean/director for persistent non-attendance, failure to produce assignments to the satisfaction of the instructor, and/or unsafe clinical practice or practicum. Students so debarred will have failed that course.

2. **Withdrawal from Courses and Programs**

2.1 **Voluntary Withdrawal**

The registration revision period extends two weeks from the first day of classes in both Fall and Winter terms. Courses dropped during this period shall not be regarded as withdrawals and shall not be recorded on official transcripts or student histories. The revision period is prorated for Summer terms and for parts of term.

After the registration revision period ends, voluntary withdrawals (VWs) will be recorded on official transcripts and student histories.

The following dates are deadlines for voluntary withdrawals:

- The Voluntary Withdrawal deadline shall be the 48th teaching day in both Fall and Winter term for those half-courses taught over the whole of each term;
- The Voluntary Withdrawal deadline for full-courses taught over both Fall and Winter term shall be the 48th teaching day of the Winter term; and
- The Voluntary Withdrawal deadline for full-and-half courses taught during Summer terms or during some other special schedule shall be calculated in a similar manner using a pro-rated number of teaching days.

The exact Voluntary Withdrawal dates that apply to courses offered in the current academic session are published in the Academic Schedule.

2.2 **Authorized Withdrawal**

Subject to the provision of satisfactory documentation to the faculty of registration, Authorized Withdrawals (AWs) may be permitted on medical or compassionate grounds.

2.3 **Required Withdrawal from Professional Programs**

Senate, at the request of some faculties and schools, has approved bylaws granting them the authority to require a student to withdraw on the basis of unsuitability for the practice of the profession to which the program of study leads.

This right may be exercised at any time throughout the academic year or following the results of examinations at the end of every year.

This right to require a student to withdraw prevails notwithstanding any other provisions in the academic regulations of the particular faculty or school regarding eligibility to proceed or repeat.

Where Senate has approved such a bylaw, that fact is indicated in the Academic Calendar chapter for that faculty or school. A copy of the professional unsuitability bylaw may be obtained from the general office of the faculty or school.

**Academic Integrity**

The University of Manitoba takes academic integrity seriously. As a member of the International Centre for Academic Integrity, the University defines academic integrity as a commitment to six fundamental values: honesty, trust, fairness, respect, responsibility and courage. (International Centre for Academic Integrity, 2014)

To help students understand the expectations of the University of Manitoba, definitions for the types of prohibited behaviours are in the Student Academic Misconduct Procedure and provided below.

"Academic Misconduct" means any conduct that has, or might reasonably be seen to have, an adverse effect on the academic integrity of the University, including but not limited to:

(a) **Plagiarism** – the presentation or use of information, ideas, images, sentences, findings, etc. as one’s own without appropriate attribution in a written assignment, test or final examination.

(b) **Cheating on Quizzes, Tests, or Final Examinations** – the circumventing of fair testing procedures or contravention of exam regulations. Such acts may be premeditated/planned or may be unintentional or opportunistic.

(c) **Inappropriate Collaboration** – when a student and any other person work together on assignments, projects, tests, labs or other work unless authorized by the course instructor.

(d) **Duplicate Submission** – cheating where a student submits a paper/assignment/test in full or in part, for more than one course without the permission of the course instructor.

(e) **Personation** – writing an assignment, lab, test, or examination for another student, or the unauthorized use of another person’s signature or identification in order to impersonate someone else. Personation includes both the personator and the person initiating the personation.

(f) **Academic Fraud** – falsification of data or official documents as well as the falsification of medical or compassionate circumstances/documentation to gain accommodations to complete assignments, tests or examinations.

Note that the above applies to written, oral, and spatial assignments as well as oral presentations.

Over the course of your university studies, you may find yourself in situations that can make the application of these definitions unclear. The University of Manitoba wants to help you be successful, and this includes providing you with the knowledge and tools to support your decisions to act with integrity. There are a number of people and places on campus that will help you understand the rules and how they apply to your academic work. If you have questions or are uncertain about what is expected of you in your courses, you have several options:

- Ask your professor, instructor, or teaching assistant for assistance or clarification.
- Get support from the Academic Learning Centre or Libraries:
- Visit the Academic Integrity site for information and tools to help you understand academic integrity.
- Make an appointment with the Student Advocacy office. This office assists students to understand their rights and responsibilities and provides support to students who have received an allegation of academic misconduct.

**Graduation and Convocation**

1. **Graduation**
Students may graduate from the University of Manitoba in May/June, October, and February of each year. (Convocation ceremonies are held in May/June and October only).

Students are eligible to graduate when they have completed all of the requirements for their degree program in accordance with the regulations described in the chapter General Academic Regulations and the regulations available from the general offices of their faculties and schools.

It is the responsibility of each student to be familiar with the graduation requirements of the program in which they are enrolled. Consultation with academic advisors is advised to ensure that graduation requirements are met.

Please refer to the Registrar’s Office website umanitoba.ca/student/records/registration/ (Visit the Graduation and Convocation page for answers to frequently asked questions about Graduation).

2. Application for Graduation

Every candidate for a degree, diploma or certificate must make formal application at the beginning of the session in which he/she expects to complete graduation requirements.

Application is to be made through Aurora Student. (Log into Aurora Student; click Enrolment and Academic Records, then Declarations, then Declare Graduation Date.)

3. Changing a Graduation Date

If you need to change your graduation date after you have made your declaration, you must contact the general office of your faculty, college, or school as soon as possible.

4. Receipt of Information about Graduation

After you have declared your graduation, you will be sent a series of e-mails to your University e-mail account, requesting you to verify your full legal name, asking you about your attendance at convocation, providing convocation information, and so on. It is imperative that you activate your University of Manitoba email account and check it regularly.

5. Convocation

Convocation ceremonies are held in May/June and October of each year.

February graduates are invited to attend the May/June ceremonies.

Graduating students are encouraged to attend with their families and friends because it is the one ceremonial occasion that marks the successful conclusion of their program of studies.

Graduates who wish to attend Convocation, verify their attendance at the Convocation ceremony by reserving their academic attire through the University approved supplier.

Students who, for any reason, do not attend Convocation will receive their degrees in absentia.

The Registrar’s Office will hold unclaimed parchments for a maximum of twelve months after graduation when any unclaimed parchments will be destroyed. These will include those not given at Convocation, those that were to be picked up in person but not claimed, those that were mailed but returned to the Registrar’s Office by the postal outlet or courier depot, those that were not issued due to a financial hold on a student’s records, and those that were reprinted immediately after convocation due to corrections.

It is critical that you update your address, phone number and email through Aurora whenever changes occur. Note that any changes made with the Alumni Association are not reflected in your University of Manitoba student records.

If you do not receive your parchment, it is your responsibility to follow up with the Registrar’s Office within a twelve-month period. Any requests for parchments after this time will be processed as replacements; there is a fee charged for replacement parchments

5.1 Academic Dress

Students are responsible for making arrangements to reserve their academic attire through the University approved supplier. Rental fees apply. Details will be provided via e-mail.

5.2 Convocation Information

Information on Convocation may be found on the Graduation/Convocation website

Personal Information

1. Mailing Address

In order to receive University mail, it is essential that you to provide the Registrar’s Office with your current address. All mail will be directed to the address you provide. You may change your mailing address and phone number by accessing Aurora Student and then selecting Personal Information.

2. Change of Name

If you have changed your name since you were first admitted or if the name on your record is incomplete or inaccurate, official evidence of the name change or correction must be submitted to the Registrar’s Office along with a completed Request for Change of Name form. The University of Manitoba uses your full legal name on its records, transcripts, and graduation documents (a full legal name, for example, includes all names on your birth certificate - first, middle, and last - or on your study permit). Abbreviated names, Anglicized names, or initials should not be used unless they have been proven with appropriate documentation.
Areas of Study

Each Faculty/School chapter includes a list (where applicable) of Majors, Minors, Concentrations and Focuses which may be included in their degree programs.

SECTION 1: Preface (Grad Admissions)

At the University of Manitoba, graduate study and research were conducted on a modest scale from the foundation of the university and during its early years. In 1949, a Faculty of Graduate Studies and Research was established to systematize efforts in these fields. A substantial number of graduate students received fellowships, scholarships, or assistantships made available under such arrangements as the Natural Sciences and Engineering Research Council, and the university itself. Providing additional opportunity for graduate students, research work funded through grants from business corporations and government bodies is now conducted at the university.

Agriculture and Agrifood Canada and the Department of Fisheries and Oceans maintain research initiatives on the Fort Garry campus. Additional and extensive research facilities are available in the faculties of Dentistry and Medicine located in central Winnipeg and the university’s Bannatyne Campus. The Faculty of Medicine operates in close conjunction with the major teaching hospitals.

Graduate work at the doctoral level is offered in the faculties of Agricultural and Food Sciences, Arts, Clayton H. Ridell Faculty of Environment, Earth and Oceans maintain research initiatives on the Fort Garry campus. Additional and extensive research facilities are available in the faculties of Dentistry and Medicine located in central Winnipeg and the university’s Bannatyne Campus. The Faculty of Medicine operates in close conjunction with the major teaching hospitals.

• Master of City Planning (M.C.P.)
• Master of Dentistry (M.Dent.)
• Master of Education (M.Ed.)
• Maîtrise en Éducation (Université de Saint-Boniface)
• Master of Engineering (M.Eng.)
• Master of Environment (M.Env.)
• Master of Finance (M.Fin.)
• Master of Fine Art (M.F.A.)
• Master of Interior Design (M.I.D.)
• Master of Landscape Architecture (M.L.Arch.)
• Master of Laws (LL.M.)
• Master of Music (M.Mus)
• Master of Natural Resources Management (M.N.R.M.)
• Master of Nursing (M.N.)
• Master of Occupational Therapy (M.O.T.)
• Master of Physical Therapy (M.P.T.)
• Master of Physician Assistant Studies (M.P.A.S.)
• Master of Public Administration (M.P.A.)
• Master of Public Health (M.P.H.)
• Master of Science (M.Sc.)
• Master of Social Work (M.S.W.)
• Doctor of Philosophy (Ph.D.)
• Diploma in Population Health (Dip.P.H.)

See the Graduate Studies Program index in this Calendar for listings of graduate programs by unit.

2.2 Admission

General Policy on Admission

The general policy on admission to the Faculty of Graduate Studies is found in the Academic Guide section of this Calendar. Note that admission standards as well as criteria and procedures for admission may vary from program to program. Consult the specific departmental listing in this Calendar for details.

Admission to the Faculty of Graduate Studies is competitive and a combination of factors is considered in the admission decision, including:

- The past academic performance of the applicant and assessments of referees. These are used as indicators of the likelihood that the applicant can successfully complete the course of studies and research for the degree.
- The capacity of the department (unit, faculty, institute, etc.) to provide the program of study and research requested by the applicant, including adequate study and research facilities.

The availability and willingness of a faculty member competent to supervise the program of study and research of the applicant.

Application Forms

Applications can be made online at umanitoba.ca/faculties/graduate_studies/admissions/. For application deadline dates, refer to the specific graduate program in this Calendar. Application to live in residence is made separately (See Housing and Student Life in the Student Affairs chapter.)

2.3 Application

Departmental Deadlines

Please refer to the Department to which you wish to apply in the Graduate Programs section of this Calendar.

Application Fee

This fee must accompany all online admission applications:

- Canadian/permanent residents - $100. (CAD)
- International applicants - $100. (CAD)
- Paper application fee - $120. (CAD)

Application Declaration

All persons seeking admission to the University of Manitoba must sign the following declaration on the Application for Admission: "I hereby certify that I have read and understood the instructions and information sheet attached to this application form and that all statements made in conjunction with this application are true and complete. I understand that my application will be rejected if I have not disclosed my complete academic record or have submitted false information in support of my application to the Faculty of Graduate studies. In such an event I understand that future applications from me will not be considered."

Application Fraud or Misconduct

It should be noted that the commission of application fraud or misconduct may result in acceptance and registration being withdrawn and the applicant disqualified from consideration, not only in the year of application, but, in all subsequent sessions. If discovered in a subsequent session it may result in dismissal from the university. Application fraud or misconduct includes the following:

- Failure to declare attendance at another post-secondary institution;
- Presenting falsified academic documentation or causing or encouraging another person to falsify records through translation or data changes;
- Presenting falsified personal documentation, e.g. using a false name, date of birth, country of origin, etc.;
- Presenting falsified or fictitious reference documentation;
- Cheating on or having another person write a standardized entry exam such as TOEFL, MCAT, LSAT, DAT or GMAT;
- Presenting another person’s standardized test score as one’s own to falsify a test result; and
- Failure to report suspensions from another post-secondary institution.

2.4 Classification of Students

The classification of a student at the University of Manitoba is determined on admission to a program of study.

Please refer to Section 1.4 of the Academic Guide in this Calendar for Student S

4.2 University 1 Curriculum
4.3 Transfer to Faculties and Schools Following University 1

SECTION 5: Recommended Introductory Courses

SECTION 1: University 1

1.1 First Year Study in University 1

University 1 (U1) is a unique approach to first year university studies. U1 provides students with support and guidance in adjusting to university life and academic expectations, in making decisions about degree planning, and in building the necessary skills and behaviours to achieve academic and personal success. University 1 is the administrative home for most beginning undergraduate students, through the first 30 credit hours of courses, in most University of Manitoba degree programs. University 1 students have the opportunity to design an individualized first year schedule in order to meet the admission requirements of one or more target degree programs. With the support of specially trained Registration Advisors and Academic Advisors, University 1 students receive academic advisement through one-to-one advising sessions, group and specialty topic sessions, as well as through online resources. University 1 also administers the course ARTS 1110: Introduction to University, which focuses on skill development in academic writing, research, critical thinking, and study strategies that can be applied in all academic disciplines.

High school graduates, mature students, and transfer students with less than 24 credit hours of post-secondary education, are generally admitted to University 1. Direct entry options also exist for several faculties, schools and colleges. Please refer to the Admissions Chapter of this calendar for details.

The courses taken in University 1 are first year university-level courses that students can use to fulfil admission requirements for their chosen target faculty, school or college and degree program. Students who have completed 24-30 credit hours while in University 1 will either transit to the Faculty of Arts or the Faculty of Science, or apply to one of the other faculties, schools or colleges at the University of Manitoba, where they will complete the requirements of the degree program of their choice in order to graduate.

1.2 The University 1 First Year Centre

The University 1 First Year Centre is home to Registration Advisors and Academic Advisors. If you have questions about courses and programs, or challenges arise affecting your academic success, the staff members of the University 1 First Year Centre are available to assist you. Academic Advisors typically assist students with degree program planning, course selection, registration issues, academic expectations and skills, personal issues or concerns, and referrals to other campus resources. Registration Advisors serve as a welcoming presence in the First Year Centre and are available to assist students with basic advising needs, registration assistance, as well as provide general information about the university, its policies and procedures, and by making on-campus referrals as needed.

The First Year Planning Guide on the University 1 website offers detailed guidance on first year course selection and program planning. Additional information about registration is included in Section 4.1 of this chapter.

Newly-admitted students are strongly encouraged to review the First Year Planning Guide before consulting a University 1 Academic Advisor.

1.3 ARTS 1110: Introduction to University

ARTS 1110, Introduction to University, is a three-credit hour course offered by University 1, designed to help students in the transition from high school, college, or the work-place, to university studies. ARTS 1110 offers a unique combination of educational principles, practical skills, regular assignments, and the support of a group of fellow students. Features of ARTS 1110 include: strategies for academic success; introduction to libraries and research methods; exercises in critical thinking; and instruction and extensive practice in effective writing. ARTS 1110 is available to students
Successful completion of ARTS 1110 satisfies the university's written English (W) requirement.

1.4 Advising Programming

Making the transition to university from high school, from another post-secondary institution, or from the workplace, can seem overwhelming. Online resources, along with individual and group advising services, provide students with the tools and information needed to start their first year off strong and find success as a University of Manitoba student.

Advising opportunities are strategically planned to provide students with useful information when they need it most. Throughout the year, students are provided with a variety of opportunities to strengthen their connection with first year advising services, as well as with the larger campus community. Students are encouraged to seek out information and advice at regular intervals.

All new students are strongly encouraged to visit the First Year Centre to familiarize themselves with available supports and resources at the beginning of their first term at university.

SECTION 2: Admission Requirements

The Admissions chapter of this publication contains general University of Manitoba admission information, rules and regulations.

For current University 1 admission requirements, refer to our Applicant Information Bulletin on the Admissions website.

Historical admission requirements can be found in the PDF versions of the Undergraduate Academic Calendar: umanitoba.ca/calendar

2.1 Limited Admission

High school graduates who are Canadian citizens or Permanent Residents and who do not meet the specific academic requirements for admission to University 1 may be admitted under a special Limited Admission category.

Students in this category will have their registration restricted (see section 3.1) and will be provided with additional academic supports and services.

For a full description of the Limited Admission program and requirements, please refer to the University 1 website.

2.2 Transfer of Credit

Students who have completed International Baccalaureate (IB) or Advanced Placement (AP) courses in high school may choose to transfer in these courses for university-level credit. Students who would like transfer credit for IB or AP courses should contact the Admissions office.

Students who have completed courses at another post-secondary institution prior to admission to University 1 may receive transfer credit for these courses, as outlined in the Transfer Credit section of the Admissions website. Courses completed at another institution 10 years or more before registration in University 1 are not considered for transfer credit.

2.3 Returning to University 1 After an Extended Leave

Students who have been away from University 1 for more than a year are blocked from using Aurora and must consult with a University 1 academic advisor. If the student has not attended another accredited post-secondary institution, they are eligible to return to University 1. Students can discuss academic progress, registration date and time, and academic plans with a University 1 academic advisor. Students planning to return to studies are strongly advised to contact a University 1 academic advisor well in advance of the start of registration.

Students who have attended another accredited post-secondary institution since their last registration in University 1 must typically re-apply for admission. If more than 24 credit hours have been completed, between courses previously taken at U of M and those taken from another institution, the student will not resume studies in University 1 and will be required to apply to a degree program.

Students should consult with an advisor in their intended faculty, school or college for information and advice well in advance of the application deadline, which will vary by faculty, and can be obtained from the Admissions office.

SECTION 3: University 1 Academic Regulations

Academic regulations which apply to all students are described in the chapters of the Calendar titled *General Academic Regulations*, and *University Policies*. In addition, faculties, schools and colleges have regulations and requirements that apply specifically to their students.

Please see the specific faculty, school or college chapter(s) in the Calendar for the academic regulations that may apply to courses in which you are registered. University 1 Academic Regulations are described below.

3.1 Maximum Course Load

University 1 students are usually restricted to a maximum of 30 credit hours during the Fall/Winter terms, with a maximum of five courses in each term. Students admitted under the Limited Admission category will be restricted to a maximum of 24 credit hours during the Fall/Winter terms, with a maximum of four courses in each term. In each case, a credit hour overload may be considered for Winter term based on Fall term performance. Contact the University 1 First Year Centre to discuss course overload requests.

3.2 Voluntary Withdrawals

Students are permitted to withdraw from courses within the deadlines listed for each term in the Academic Schedule. The responsibility for initiating withdrawals rests solely with the student. Voluntary Withdrawals (VWs) must be done by the student using Aurora; non-attendance in courses does not constitute a withdrawal. VWs will not be permitted after the deadlines posted in the Academic Schedule. Students are strongly encouraged to discuss their plans with an academic advisor before withdrawing from courses.

In exceptional circumstances, Authorized Withdrawals may be permitted on presentation of appropriate documentation. Consult a University 1 academic advisor for information.

3.3 Repeating Courses

University 1 students may repeat a course they have previously taken, but they are not required to do so because of a low grade or a Voluntary Withdrawal (VW), unless it is a course required for admission or required once in their target degree program. Students may be eligible for a laboratory exemption in classes they are repeating which include a laboratory component (see Section 3.4 in this chapter).

As per the University of Manitoba Repeated Course Policy, found in the University Policies and Procedure section of the Undergraduate Calendar, when a student wishes to repeat a course (or register for an equivalent
course) which the student has previously VW’d or received a grade in, the student will be subject to Limited Access.

**Limited Access does not prevent students from repeating a course or registering for an equivalent course that they have previously VW’d or received a grade in.** Rather, for three consecutive terms following the Term in which the student VW’d or received a grade in the course, students will be unable to register for the repeated course during the Initial Registration Period. Their registration for the repeated course will be delayed until the Limited Access Term Expiry Date, after Initial Registration has ended. A specific Limited Access Term Expiry Date will be established for each term of registration.

Grades from all completed courses will be used in the calculation of the Cumulative Grade Point Average, subject to the Grade Point Averages Policy as found in the University Policies and Procedure section of the Undergraduate Calendar. The grades for all courses attempted will be included on the official transcript.

Students must refer to their target faculty, school or college’s Applicant Information Bulletin, found on the Admissions office website, to determine how repeating a course may affect admission eligibility.

### 3.4 Laboratory Exemptions

University 1 students who are repeating a course with a laboratory component may qualify for a laboratory exemption. Laboratory exemptions are only granted if the lab portion of the course was passed. Only certain courses (usually courses in the Faculty of Science) offer laboratory exemptions. Students should see the general office of the department offering the course to determine if they are eligible for a laboratory exemption. Students who are eligible for a laboratory exemption should bring written permission from the department offering the course to the University 1 First Year Centre prior to registration.

### 3.5 Academic Performance

Grades obtained in University 1 become a part of the student’s permanent record and will appear on the student’s official transcript. Grades earned while in University 1 will determine admission to most faculties, schools and colleges, and may also qualify a student for the University 1 Honour List (see section 3.6 in this chapter for details). See the General Academic Regulations chapter of the Calendar for a description of how Grade Point Averages (GPAs) are calculated.

#### Maximum Number of ‘F’ Grades

All students in University 1 must meet minimum academic performance requirements and will be placed on academic suspension for one year if they have accumulated more than 36 credit hours of ‘F’ grades, regardless of the origin of the grade (i.e. courses transferred from other programs or institutions will be included) or whether the course has been repeated.

Students who are performing marginally or are at risk of exceeding the ‘F’ limit will be identified and will be provided with academic advising, strategic referrals, and support services as necessary.

Students placed on academic suspension are not normally permitted to register in any other faculty, school or college at the University of Manitoba or to attend any other post-secondary institution for a period of one calendar year.

Following one year of suspension, the student may re-apply to the Faculty of Arts or the Faculty of Science and return to the University of Manitoba. Please see the Faculty of Arts or Faculty of Science chapters of the Calendar for a complete description of the options available following academic suspension.

### 3.6 University 1 Honour List

Students who achieve a term GPA of 3.75 or higher on a minimum of 12 credit hours offered by the University of Manitoba will be placed on the University 1 Honour List. The University 1 Honour List will be calculated after each term (Fall, Winter, and Summer); the notation “University 1 Honour List” will be recorded on the student’s transcript specific to that term.

**SECTION 4: University 1 Program Requirements**

#### 4.1 Course Selection and Registration

First year course requirements, along with course selection and registration information, can be found in the First Year Planning Guide on the University 1 website.

New students should complete the online Registration Tutorials before registering for courses. The tutorials guide students on how to use Aurora, the university’s online course registration system. Other registration-related concerns, such as paying fees and obtaining a photo identification card, can be found on the Registrar’s Office website.

Information about initial registration and resources, such as the First Year Planning Guide and the online Registration Tutorials, will be emailed to students upon admission. Emails will be sent beginning in May, for students admitted to University 1 for the Fall term; in the Fall, for students admitted for the Winter term; and in the Spring, for students admitted for the Summer term.

#### 4.2 University 1 Curriculum

University 1 is normally the first 24-30 credit hours of a student’s degree program. The University 1 curriculum includes a breadth requirement to ensure that students are exposed to a representative sample of courses. To that end, University 1 students are required to take 6 credit hours of courses from the Faculty of Arts, 6 credit hours of courses from the Faculty of Science, and 6 credit hours of courses from the Faculty of Arts or the Faculty of Science or the Clayton H. Riddell Faculty of Environment, Earth, and Resources. The remaining 12 credit hours of courses are to be chosen from the Recommended Introductory Courses list, found within the First Year Planning Guide.

The University 1 curriculum will normally be fulfilled through the completion of the admission requirements to faculties, schools and colleges, as outlined in this Calendar and in the First Year Planning Guide.

Students may be eligible to enter a faculty, school or college program once they have completed a minimum of 24 credit hours (see Section 4.3 in this chapter). Students who have not completed the University 1 curriculum and who are admitted to faculties, schools and colleges after University 1, will complete any outstanding requirements as part of their degree program.

#### 4.3 Transfer to Faculties, Schools and Colleges Following University 1

For target faculties, schools, and colleges that admit students directly from U1, either 24 or 30 credit hours are required to fulfill admission requirements to degree programs. See the specific admission requirements for each target faculty, school, and college in the Calendar.

There are often alternative courses that will fulfill admission requirements and, with careful planning, University 1 course selection can qualify students for admission to more than one program.

**Applying to Faculties, Schools and Colleges**
University 1 students who have met the minimum admission requirements for their target degree program can apply to an Advanced Entry program for which they have met the first year requirements. Detailed admission information for advanced entry degree programs can be found in each program’s Applicant Information Bulletin, available on the Admissions website.

Applications to degree programs in faculties, schools or colleges other than Arts or Science, must be made through the Admissions website.

Transiting to the Faculty of Arts or the Faculty of Science

University 1 students who have completed between 24 and 30 credit hours do not have to apply for admission if they are targeting degree programs in either the Faculty of Arts or the Faculty of Science. Instead, these students are able to transit to the Faculty of Arts or the Faculty of Science. University 1 students are assessed once per year for their eligibility to transit. The Transit from University 1 function becomes available in Aurora under the Enrolment and Academic Records tab, once a year in mid-June. Students should transit before registering for courses. There is no fee to transit.

Alternatively, students who have completed between 24 and 27 credit hours may elect to remain in University 1 and register for a full course load in the following regular academic year, depending on the requirements of their target degree program.

Assessed once per year Students who have completed 30 credit hours are not eligible to remain in University 1 for the following year. They are required to either transit to the Faculty of Arts or the Faculty of Science, or to apply to an advanced entry program for which they have admission requirements.

SECTION 5: Recommended Introductory Courses

Refer to Section 4 in this chapter for information about choosing courses in University 1. To find a description of the courses on this list, go to the chapter in this Calendar for the Faculty, School, or College that is offering the course. Departments are listed alphabetically within each Faculty, School, or College chapter. Course descriptions are located in the department sections and sorted in numerical order. Note that not all courses listed in this section are offered every year. To determine which courses are offered in the current academic year, refer to the Aurora Class Schedule. Students may be permitted to take courses not on this list with permission of the teaching Faculty, School, or College and University 1. For a list of courses available at Université de Saint-Boniface see a University 1 Academic Advisor or refer to the Aurora Class Schedule.

*Two full years of university training are required for admission to the Western College of Veterinary Medicine (Saskatoon) comprised of 60 Credit Hours.

Faculty Overview

The Faculty of Agricultural and Food Sciences has earned a reputation for its high-calibre teaching programs and its friendly helpful staff. Students benefit not only from the expertise of staff in the Faculty, but also from the close proximity of other faculties on campus, federal research facilities, and a vibrant Winnipeg-based agricultural community.

Information on the Faculty’s History, Vision and Mission Statements, Research, Programs, Centres, and Departments can be found on our website at: umanitoba.ca/afs.

Degree Programs

The B.Sc. degree programs in Agricultural and Food Sciences provide an applied science background for graduates to enter a range of professions. Students can choose degree specializations in Agribusiness, Agriculture (Agronomy, Animal Systems, Plant Biotechnology), Agroecology, Food Science, or Human Nutritional Sciences. One of the focuses of the Faculty is on the agricultural industry with professions concerned with the production, processing and marketing of food and bioresources. However, the agriculture based B.Sc. degree also provides students with the education to tackle a range of career opportunities beyond agriculture. Professional agriculturists hold positions in extension, resource management and conservation, teaching, research and business. Professional food science graduates hold similar positions related to food manufacturing and processing. Professional human nutrition graduates hold positions in dietetics, institutional administration, education, and research. Graduates from the faculty make important contributions to the economy and health of Canada and the world. The faculty also offers a two-year pre-veterinary program for students who plan to take the degree Doctor of Veterinary Medicine.

Diploma in Agriculture Program

The two-year Agriculture Diploma program offers a practical education for persons interested in operating a farm or working in an agricultural business. Although many diploma graduates return to family farms after graduating, an increasing number of graduates can be found working for farm supply companies, feed companies, financial institutions and grain handling companies, as well as doing technical work for various government agencies.

The Agriculture Diploma program covers a wide range of agricultural subjects, from production through to marketing and business management. Communication and leadership skills also receive considerable emphasis. The program culminates in assignments and a major project that relate directly to the student’s individual farm or business interests. The program extends over two winters. Classes begin in late September and end in early April to accommodate students with obligations to plant and harvest crops.

1.2 Available Programs, Options and Minors

1.2.1 Bachelor of Science in Agriculture (Degree)

Available Programs:
- Agronomy
- Animal Systems
- Plant Biotechnology

1.2.2 Bachelor of Science in Agribusiness (Degree)

Available Programs:
- Agricultural Economics
- Agribusiness Management
- International Agribusiness

1.2.3 Bachelor of Science in Agroecology (Degree)

1.2.4 Bachelor of Science in Food Science (Degree)

Available Options:
- Science Option
- Business Option

1.2.5 Bachelor of Science in Human Nutritional Sciences (Degree)

Available Programs:
- Foods Option
- Food Industry Option
- Nutrition Option

1.2.6 Bachelor of Science in Human Nutritional Sciences (Second Degree)

Available Options:
- Foods
- Dietetics Preparation
SECTION 2: Admission Requirements

The following is a summary of the admission requirements for the Faculty of Agricultural and Food Sciences Degree and Diploma Programs. Equivalent academic courses completed at recognized universities elsewhere will be considered. All admission requirements, as well as application deadline dates and forms, are included in an applicant information bulletin that is available from the Admissions Office, Enrolment Services, 424 University Centre; this information is also posted on the university’s Admissions website umanitoba.ca/admissions.

2.1 Admission Requirements for Degree Programs

Students can enter the four-year degree programs in the Faculty of Agricultural and Food Sciences in three ways:

1. Direct Entry from high school
2. Advanced Entry after the University of Manitoba’s University 1 program or following the completion of 24 Credit Hours of university-level study
3. Transfer from related university or college programs

Each entry path has specific course and credit requirements that you must meet to be considered for admission.

Review the details outlined here to ensure your high school courses and Credit Hours match the requirements for the entry path and the program you’re interested in pursuing.

Direct Entry (all degree programs)

<table>
<thead>
<tr>
<th>General Admission Requirements</th>
<th>Category Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>MB High School Graduation</td>
<td>A minimum 85% average over the following, with no less than 60% in each course:</td>
</tr>
<tr>
<td></td>
<td>1. English 40S</td>
</tr>
<tr>
<td></td>
<td>2. Applied Mathematics 40S or Pre-Calculus Mathematics 40S</td>
</tr>
<tr>
<td></td>

</tr>
<tr>
<td>Credit Hours</td>
<td>5 full credits at the Grade 12 level in courses designated S, G, or U</td>
</tr>
</tbody>
</table>

Advanced Entry

B.Sc. in Agribusiness, Agriculture, Food Science or Agroecology - A minimum of 24 credit hours of University-level coursework with a minimum adjusted grade point average of 2.0. Coursework must include 6 credit hours of Arts and 6 credit hours of Science courses.

B.Sc. in Human Nutritional Sciences - A minimum 24 credit hours of university-level coursework, with a minimum adjusted grade point average of 2.0. Coursework must include 6 credit hours of Arts and 6 credit hours of Science courses.

Please note: If the number of eligible candidates exceeds the available spaces, an adjusted grade point average higher than the minimum may be required.

For complete Degree admissions requirements, deadlines and application form, please visit the University of Manitoba Admissions page.

New Admissions Requirements approved for 2019-2020:

Advanced Entry for all degree programs: A minimum 24 credit hours of university-level coursework with a minimum adjusted GPA of 2.0.

2.2 Admission Requirements for the Diploma Program

Direct Entry

The Direct Entry option is for students who have graduated from high school and have not attended any post-secondary institutions, or have completed fewer than 24 Credit Hours at a recognized university or college. Applicants must meet the admission requirements as listed in the Direct Entry Application Information Bulletin. Applicants who would otherwise fall under the Direct or Advanced Entry Category but who do not meet the academic requirements may apply under the Special Consideration Category.

Direct Entry requires a minimum 60% average over the following:

1. English 40S
2. Mathematics 40S or 45S
3. One of Biology, Chemistry, Physics, or Computer Science 40S

If the number of eligible candidates exceeds the available spaces, an academic average higher than the minimum may be required for admission. The equivalent level of studies from other Canadian provinces or other countries will be accepted.

Advanced Entry

The Advanced Entry option is for applications who have completed one year or more of studies in another faculty at the University of Manitoba or another recognized post-secondary institution. Applicants in this category must have fulfilled all eligibility requirements as described below.

Applicants must:

1. Complete a minimum of 24 Credit Hours from a recognized university or college

<table>
<thead>

</tr>
</tbody>
</table>

Transfers of Credit

Courses taken outside the Faculty of Agricultural and Food Sciences or outside of the University of Manitoba may also qualify for credit towards the degree if the course content and the student’s performance are deemed appropriate by the department concerned. Students should contact the Student Services Office at 204-474-9295 for more information.

2. Achieve a Cumulative Grade Point Average (CGPA) of 2.0 or higher (see Section 4: Selection Process, A. Calculation of the Cumulative Grade Point Average (CGPA)).

If the number of eligible candidates exceeds the available spaces, a CGPA higher than the minimum may be required for admission.

Special Consideration Category – Agriculture Diploma

This category is for students whose academic records may not be competitive in the selection process. Such students may apply for Special Consideration only if they meet the criteria for Special Consideration as described below. Only a limited number of applicants may be admitted under the Special Consideration Category. Meeting the eligibility requirements of this category is not a guarantee of admission.

Applicants would be eligible for Special Consideration if they are considered by the Diploma Selection Committee because they either:

- have academic records that are not a true reflection of their academic and intellectual merit because of their exceptional life circumstances (exceptional circumstances include physical, societal, educational, economic, medical, geographical and other obstacles encountered by the applicant), or
- display skills and attributes in any or all personal, work, or community activities which indicate that they can make a significant contribution to the Agriculture Diploma Program or can make a significant contribution to Manitoba’s agri-food industry and/or rural and northern Indigenous communities.

Students who apply for Special Consideration must submit the following documents:

- A typed personal statement not to exceed 800 words which includes the specific reasons why their application merits consideration within the Special Consideration Category.
- A typed personal resume.
- Three Letters of Recommendation.

Those candidates who are applying on the basis of exceptional circumstances must submit supporting documentation to verify their exceptional circumstances. (For example, if a student is applying on the basis of exceptional medical circumstances, the student must submit official supporting documentation from a qualified medical professional.)

The Diploma Selection Committee composed of the Director, the Agriculture Diploma Program Academic Advisor and one Instructor, will review the application and supporting documentation. All candidates will be interviewed by the Selection Committee and may be administered an academic skills test. Criteria used when evaluating Special Consideration applicants include the applicant’s maturity, scholastic ability, agricultural experience, motivation, leadership, and/or demonstrated initiative relevant to an agricultural career. Up to 10% of admission spaces are available to Special Consideration Candidates recommended by the Diploma Selection Committee.

Transfer of Credit

Courses taken within the degree program in the Faculty of Agricultural and Food Sciences as well as outside the Faculty of Agricultural and Food Sciences or outside of the University of Manitoba may also qualify for credit towards the diploma if the course content and the student’s performance are deemed appropriate by the department concerned.
2.3 Admission Requirements for the Internationally Educated Agrologists Post-Baccalaureate Diploma Program (IEAP)

*Admission suspended for 2018-2019*

Individuals interested in the Internationally Educated Agrologists Post-Baccalaureate Diploma Program must meet the following Admission requirements:

1. Have a degree in agriculture from another country
2. Be a permanent resident or Canadian Citizen
3. Have met the English Language Proficiency Requirements
4. Have a valid driver's license
5. Have a letter from the Manitoba Institute of Agrologist (MIA) indicating their application for registration has been accepted.

SECTION 3: Faculty Academic Regulations

3.1 Academic Regulations for all Degree Programs

IMPORTANT NOTE: There are additional regulations specific to programs. Please see Sections 3.2 and 3.3 for more information.

The provisions of the chapter, General Academic Regulations and Requirements, and the chapter, University Policies, apply to all students. In addition, the Faculty of Agriculture and Food Sciences has regulations and requirements, published below, that apply specifically to specific degree programs.

Appeals

Appeals of academic assessments must be submitted to the Dean's Office of the Faculty of Agricultural and Food Sciences within 21 days of the date of notification of action sent to the student.

Course Load Limits

A normal "course load" is 30 credit hours during the regular session, with 15 credit hours normally taken in each academic term. A student may attempt a maximum of 39 credit hours during the regular session, with not more than 21 credit hours in an academic term, provided the student is in a good academic standing and has completed at least 24 credit hours in the previous regular session.

Course Availability

All courses listed in this Calendar are not offered every year. The course(s) offered for the current academic terms are published in the Aurora Class Schedule.

Dean’s Honour Roll

Students who have completed a minimum of 12 Credit Hours of study in either the Fall or Winter terms and who achieved a Term GPA of 3.50 or higher will be placed on the Dean’s Honour Roll. Graduating students who achieved Dean’s Honour Roll status in the previous term but complete less than 12 Credit Hours in their final term with a Term GPA of 3.5 or greater, will be eligible to remain on the Dean’s Honour Roll.

Graduation With Distinction: Degree Programs

Degrees with distinction will be awarded to students who have achieved a minimum degree GPA of 3.75 upon graduation.

Prerequisite and Co-requisite Definitions

Prerequisite: If a course is prerequisite to a second course, the prerequisite must be met in order to continue in the second course. The department giving the second course may require a minimum grade of ‘C’ in the first course to register in the second course. Some inactive (legacy) courses may be used as prerequisites. Please check with an Academic Advisor in Agricultural and Food Sciences.

Corequisite: If a first course is a corequisite to a second course, the first course (unless previously completed) must be taken in the same term as the second course.

Degree GPA

A student’s Degree Grade Point Average (DGPA) will be determined from the number of effective courses completed at each point of assessment. The effective courses consist of all courses applicable to the degree program, including repeated, extra and failed course attempts.

Repeating courses

Please refer to the University of Manitoba’s Repeated Course Policy in the University Policies and Procedures section of this Calendar.

Maximum Attempts

A maximum of 150 credit hours may be attempted to obtain the 120 credit hours required to graduate. This means that a student cannot accumulate extra courses, repeats (e.g. retake a course to obtain a higher grade) and/or fails which result in more than 30 credit hours over the duration of their program.

Suspension (All Attempts Used)

Where it is mathematically impossible for a student to complete the degree within the maximum 150 credit hours (i.e. has exceed 30 credit hours of attempts, as described above) a student is suspended and after remaining out of the faculty for one calendar year, may attempt reinstatement.

Reinstatement Policy

After remaining out of the Faculty for one academic year on suspension, a student can attempt reinstatement by completing a minimum of 12 credit hours in one term with no grade less than D and a term grade point average of at least 2.0. Upon success, the student will start their program afresh, with previous grades of ‘C’ or better applicable to the program, as well as the courses attempted for reinstatement. A student who does not meet the requirements as listed above will be required to withdraw from the Faculty. A student, who has been reinstated and is then placed on academic suspension for the second time, will not be permitted to attempt reinstatement again, after the one year suspension is served and will be required to withdraw from the Faculty.

Re-registration of Returning Degree Students

All degree students who were previously admitted to the Faculty of Agricultural and Food Sciences who have not been in attendance for one or more years must re-register through the Dean’s Office. Students returning to the faculty will be subject to compliance with the current program requirements.

Residence Requirements for Degree Programs

The residence requirements for the degrees offered by the Faculty of Agricultural and Food Sciences, can be found in the chapter, General Academic Regulations and Policy.

Supplemental Exams

Supplemental Exams are not permitted in the Faculty of Agricultural and Food Science Degree Programs.

Time Limits and Lapse of Credit
The normal maximum time allowed for the completion of the Agriculture degree programs is ten years from the date of first registration. A candidate for a degree will not be permitted to count toward that degree any courses taken more than ten year prior to the date of awarding the degree.

Transfer of Credit

See the chapters on Admissions and Academic Regulations and Requirements at the beginning of this Calendar.

3.2 Academic Regulations for the Agriculture, Agribusiness, Agroecology, and Food Science Programs

The B.Sc. (Agriculture), B.Sc. (Agribusiness), B.Sc. (Agroecology) and B.Sc. (Food Science) degree programs have the triple objectives of vocational, professional and cultural education. To fulfill the objectives, the degrees are offered in a program of study. Course requirements are listed in this chapter for each program (including a suggested progression of courses). Please refer to Section 4: Program and Graduation requirements for more information.

It is strongly recommended that all students plan their coursework for second, third and fourth years before the end of their first academic year.

Scholastic Requirements

To obtain a B.Sc. (Agriculture), B.Sc. (Agribusiness), B.Sc. (Agroecology) or B.Sc. (Food Science) degree, a student must pass 120 Credit Hours including degree required courses.

A minimum passing grade of “D” in prescribed courses is required of all students in the faculty.

Elective courses in which passing grades were not obtained need not be repeated however if taken after admitted to the degree program will count towards the Degree Grade Point Average.

In order to graduate, students must obtain a minimum GPA of 2.0 calculated over a minimum of 120 Credit Hours before graduation.

<tr>
<td>40+ (120+credits)</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Academic Suspension Regulations

A student is placed on academic suspension when one of the following occurs:

- When a student fails to obtain 12 Weighted Grade Points in the first year program; or
- When a student fails to meet the probational standards after attempting a minimum of 24 credit hours while on probation; or
- When a student exceeds the maximum 30 credit hours of attempted hours in a program. See Section 3.1

Suspended students must remain out of the Faculty of Agricultural and Food Sciences for one academic year from the date of suspension and must apply for reinstatement. See reinstatement policy in Section 3.1.

University Written English and Mathematics Requirements

All students are required to complete the university written English and Mathematics requirement within the first 60 Credit Hours of their program. This requirement is described in the chapter, General Academic Regulations and Requirements of this Calendar.

For the degree program in Agriculture, the university written English requirement can be met by AGRI 2030 Technical Communications, or by ENGL 1200, or ENGL 1300. (NOTE: Technical Communications cannot be taken in University 1). The mathematics requirement can be met by completing MATH 1200 or MATH 1210 or MATH 1300 or MATH 1310 or MATH 1500 or MATH 1520.

3.3 Academic Regulations for the Human Nutritional Sciences Programs

Scholastic Requirements

Graduation

To graduate, a student must have passed 120 credit hours acceptable for credit in the current degree program and have obtained a minimum of 240 quality points. This is equivalent to a Degree Grade Point Average of 2.0. A pass indicates a grade of ‘D’ or better.

Assessment

The status of each student will be assessed in May of each year in which a student is registered. All Direct Entry students will be assessed formally upon completion of at least 24 Credit Hours in May of each year using the Faculty of Agricultural and Food Sciences’ assessment standards for HNS students. Assessments can include the following comments:

Faculty minimum met (grade point average meets the standards listed below);

- Dean’s Honour Roll
- Academic Warning
- Probationary status (see below)
- Suspension (see below)
- Suspension - all attempts used (see Section 3.1)

Academic warning indicates a grade point average between the minimum required at the effective Credit Hours (year) and the DGPA requirement of 2.0.

Probationary Standards

HNS students must achieve or exceed the following standards at the specified stages in their academic careers. Failure to obtain the standard results in probation. Once placed on probation, students who fail to meet the appropriate performance level at the next assessment following the next registration will be academically suspended. A student is not permitted to be on probation for two consecutive years.

Transfers of Credit from Other Programs

The following University of Manitoba, Faculty of Agricultural and Food Sciences degree courses (with a minimum grade of C) can qualify for credit towards the Agriculture Diploma Program for students who are admitted to the Agriculture Diploma Program in Fall 2017 and prior.

ABIZ 1000 – Introduction to Agribusiness Management (3 Credit Hours) transfer for credit for the former ABIZ 0680 Agribusiness Management (4 Credit Hours)

AGRI 1500 Natural Resources and Primary Agricultural Production (3 Credit Hours) transferred for credit for DAGR 0420 Introductory Soils and Crops (4 Credit Hours)

AGRI 1510 Production, Distribution and Utilization of Agricultural Production (3 Credit Hours) transferred for credit as 4 Credit Hours as a free elective.

AGRI 2030 Technical Communications (3 Credit Hours) transferred as credit for DAGR 0410 Communications and Learning Skills (4 Credit Hours)

ANSC 2500 - Animal Production (3 Credit Hours) transferred as credit for ANSC 0420 Animal Biology & Nutrition (4 Credit Hours)

ENTM 1000 – World of Bugs (3 Credit Hours) transfer for credit as a 3 credit hour free elective.

PLNT 1000 - Urban Agriculture (3 Credit Hours) transfer for credit as a 3 credit hour free elective.

PLNT 2500 Crop Production (3 Credit Hours) transfer credit towards PLNT 0410 Cereal and Oilseed Production Practices (4 Credit Hours)

Courses taken outside the Faculty of Agricultural and Food Sciences or outside of the University of Manitoba can qualify for credit towards the Agriculture Diploma program if the course content and the student’s performance are deemed appropriate by the department concerned.

Students who desire to receive such credit should contact the Academic Advisor of the School of Agriculture.

Agriculture Diploma to Degree Transfer of Credit Hours

School of Agriculture graduates who have obtained a GPA of 3.0 in the Agriculture Diploma program are eligible for 60 Credit Hours of transfer into the following degree programs: Bachelor of Science (Agribusiness), Bachelor of Science (Agroecology), Bachelor of Science (Agriculture) – Agronomy or Animal Systems, when transferring into the same academic stream. If students choose to change streams it may not be possible to transfer the entire 60 Credit Hours due to program requirements; students should contact an Academic Advisor in the Student Services Office for details. Students wishing to enter a degree program without the above qualifications will be evaluated on a course-by-course basis. This transfer articulation is applicable to diploma graduates who have entered the degree program as of September 2005. Students who are admitted to Agriculture Diploma Program in Fall 2017 and prior are eligible.

Scholastic Standards

To maintain good academic standing a student must maintain a Degree Grade Point Average (DGPA) that meets or exceeds the minimum academic standards described in the table below. The standards are based on the total number of Credit Hours accumulated while in the Agriculture Diploma program, including courses taken during the term in question. A student who fails to meet the standard is placed on probation or on academic suspension.

<table>
<thead>
<tr>
<th>Degree Credit Hours</th>

<tr>
<td>1.70</td>
<td></td>
</tr>
<tr>
<td>1.85</td>
<td></td>
</tr>
</tbody>
</table>

NOTES:

1) Degree Credit Hours includes courses passed and failures not removed by supplemental exams or successful reattempts.

2) When both a final and supplemental exam are written the higher grade obtained will be used to determine Grade Point Averages.
3) A minimum of 18 Credit Hours must be attempted between successive determinations of standing. The minimum does not apply to students who graduate before completing an additional 18 Credit Hours.

**Probational Standards and Academic Suspension Regulations**

Students on probation must improve their academic performance and regain good academic standing to avoid being suspended. Specifically, after an attempt of a minimum of 18 additional Credit Hours, students on probation are required to equal or exceed the probation standard in order to regain good academic standing, otherwise they will be placed on academic suspension.

A student on academic suspension is not allowed to register for the subsequent term of the regular academic session (a student suspended in January may not be reinstated until the following September; a student suspended in April may not be reinstated until the following January). Reinstatement requires the approval of the Director. Students should contact the Academic Advisor for further instructions. If reinstatement is granted, all courses from the student’s previous attempt will be transferred, except those with a grade of “D” or “F” from their last term (the term during which the student was placed on suspension).

**Appeals**

Appeals of academic assessment of students must be submitted to the Director of the School of Agriculture within 21 days of the date of notification of the action sent to the student.

**Supplemental Exams**

Any student in good academic standing (i.e., not on probation or suspension; see previous table of Scholastic Standards) is eligible to write one supplemental exam during each academic session in a course in which an “F” was received. The student must have written the final exam. The supplemental exam shall be considered as a replacement for the final exam only, not for term work. The passing grade in supplementals must be at least “C” (2.0). Students are normally required to carry a full-term program in order to be eligible. Accordingly, students who are granted incomplete or deferred status may not be eligible. When both final and supplemental exams are written the higher grade obtained will be used to determine the final grade.

Supplemental Exams will be held in January for courses taken in the first term and in June for courses in the second term.

**Time Limits and Lapse of Credit**

The normal maximum time allowed for the completion of the Agriculture Diploma is five years from the date of first registration. A candidate for a Diploma in Agriculture will not be permitted to count toward that diploma any courses taken more than five years prior to the date of awarding the diploma.

Students who desire an exemption from this maximum must apply, in writing, to the Director.

**Dean’s Honour Roll**

Students who have completed a minimum of 18 Credit Hours of study in either the Fall or Winter term and who have achieved a Term GPA of 3.5 or higher will be placed on the Dean’s Honour Roll. Graduating students who achieved Dean’s Honour Roll status in their final term with a Term GPA of 3.5 or greater, will be eligible to remain on the Dean’s Honour Roll.

**Agriculture Diploma to Degree Transfer of Credit**

School of Agriculture graduates who have obtained a GPA of 3.0 in the Agriculture Diploma program are eligible for 60 Credit Hours of transfer into the following degree programs: Bachelor of Science (Agribusiness), Bachelor of Science (Agroecology), Bachelor of Science (Agriculture) – Agronomy or Animal Systems, when transferring into the same stream. If students choose to change streams it may not be possible to transfer the entire 60 Credit Hours due to program requirements; students should contact the Student Services Office for details. The Credit Hours will be transferred without grades. This transfer articulation is applicable to diploma graduates who have entered the degree program as of September 2005.

Students wishing to enter a degree program without the above qualifications, but having completed some diploma courses, will be evaluated on a course-by-course basis according to the following table:
### Course by Course Transfer of Credits Diploma to Degree

**Note** that courses from the diploma program are transferred to the degree program as a credit only, without the grade carried forward.

The Bachelor of Science (Agriculture) - Plant Biotechnology, and the Bachelor of Science (Food Science) are not part of this articulation. Students should contact the Student Services Office for details on transfer into these programs.

Courses taken outside the Faculty of Agricultural and Food Sciences or outside of the University of Manitoba may also qualify for credit towards...
the degree if the course content and the student’s performance are deemed appropriate by the department concerned.

**Graduation with Distinction**

The Diploma in Agriculture with Distinction will be awarded to Diploma students who obtain a cumulative GPA of 3.75 or better with 75 per cent of the courses taken within the Diploma in Agriculture.

**SECTION 4: Program and Graduation Requirements**

**4.1 Agriculture, Agribusiness, Agroecology, and Food Science Programs**

In order to fulfill the requirements for a degree in the Faculty of Agricultural and Food Sciences, students must complete five components:

- Faculty Core
- Degree Core
- Program Core
- Restricted Electives
- Free Electives

These requirements are outlined for all four degrees in the sections which follow.

**4.1.1 Faculty Core**

</tr>
</tbody>
</table>

**Total Credit Hours**

33-39

**NOTES:**

1) **ABIZ 1000** is not required for the B.Sc. Food Science (Food Science option). It is required in the B.Sc. Food Science (Business option).
2) Students planning to enter the B.Sc. (Agribusiness) degree program are recommended to take BIOL 1020 and BIOL 1030 but may substitute BIOL 1000 and BIOL 1010.
3) Students planning to enter the B.Sc. (Agribusiness) degree program are not required to take chemistry at the university level.
4) Both CHEM 1310 and CHEM 1320 are required for the B.Sc. (Food Science) Science Option Program.
5) Six Credit Hours of Math courses, consisting of 3 Credit Hours of MATH 1300 Vector Geometry and Linear Algebra or MATH 1310 Matricies for Management and Social Sciences and 3 Credit Hours of MATH 1500 Introduction to Calculus or MATH 1520 Introduction to Calculus for Management and Social Sciences are required for the B.Sc. (Agribusiness) and B.Sc. (Food Sciences) programs. MATH 1200 or MATH 1210 will be used as free electives in these two programs.
6) MATH 1200 and MATH 1310 are no longer offered at the University of Manitoba however students who have taken one of these courses or have had it transferred to the University of Manitoba from another university can still use it towards their Math requirement for the Faculty of Agricultural and Food Sciences. Please ensure to confirm the Math requirements for your degree program (listed above and in Note 5).

**4.1.2 Bachelor of Science (Agriculture)**

The four-year program leading to the B.Sc. (Agriculture) is a professional program which prepares graduates for careers in the public and private sectors related to the production and distribution of agricultural commodities. Graduates will also be prepared to enter directly into a program of graduate studies. In addition to the faculty core courses, all students are required to take the following B.Sc. (Agriculture) degree core requirements and the respective program core courses.

**B.Sc. (Agriculture) Degree Core**

<table>
<thead>

</tr>
</tbody>
</table>

**Total Credit Hours**

9

Within the B.Sc. (Agriculture) students will elect one of three programs of study or specialities -- Agronomy, Animal Systems or Plant Biotechnology. Students will normally begin the program of study of their choice in second year. A description of each program and their requirements follows.

**Agronomy Program**
Agronomy Program

The Agronomy program will provide an integrated and comprehensive study of the factors and processes associated with the science of crop production and the management and use of land and water resources. The program emphasizes land management and the sustainability of agronomic and horticultural crop systems.

### Animal Systems

Program Advisor: G. Gozho  
Campus Address/General Office: 201 Animal Science Building  
Telephone: (204) 474 9443  
Email Address: george.gozho@umanitoba.ca

The Animal Systems program will provide an integrated and comprehensive study of the factors and processes associated with the science of animal production. The program will be based on a strong foundation in the scientific disciplines underlying growth and reproduction in animals and how they respond to a range of environmental systems and constraints.

Plant Biotechnology

Chair and Program Advisor: B. Fristensky
Campus Address/General Office: 330 Agriculture Building
Telephone: (204) 474 6085
Email Address: brian.fristensky@umanitoba.ca

*The Plant Biotechnology Program will provide an integrated and comprehensive study of genetic, physiological and pathological factors and modern technological processes associated with the sciences of plant improvement, production, protection, and utilization. The program will provide an understanding of the biological principles that determine the heredity, growth, and responses of plants and plant pathogens to cultural and environmental factors.

4.1.3 Bachelor of Science (Agribusiness)

Head: D. Brewin
Chair and Program Advisor: G. Johnson
Campus Address/General Office: 358 Agriculture Building
Telephone: (204) 474 9795
Email Address: mgary.johnson@umanitoba.ca

Agribusiness students specialize in the people component of agriculture. This begins with the consumer, ends with the producer and involves all those along the food chain. Food production and distribution is undertaken in a business environment and agribusiness is the study of decision-making within this setting. Graduates gain insight into the agribusiness environment through mastering concepts in economics, finance, marketing and management. In addition to the faculty core courses, all students are required to take the B.Sc. (Agribusiness) degree core requirements. Students in Agribusiness are not required to take University 1 Chemistry as part of the Faculty Core requirement.

Through the choice of restricted electives, students will specialize in either agricultural economics, agribusiness management or international agribusiness. The respective agricultural economics, agribusiness management or international agribusiness options involve selecting restricted electives from courses offered by either the Department of Economics, or the Faculty of Management, or the Faculty of Arts through their cross-disciplinary programs.

Students selecting an option in agricultural economics can declare a minor in economics, and by meeting the additional requirements can qualify for a major in economics as well.

The international agribusiness option involves taking a minor in one of the cross-disciplinary programs in the Faculty of Arts. International agribusiness requires knowledge of languages, cultures, and international political history, in addition to the other business skills required by the B.Sc. (Agribusiness) degree.

### Course

### Course Name

### Credit Hours
The Agroecology program provides students with an understanding of the ecological sciences, agricultural production, and the social and economic implications of environmental management. Students will develop an understanding of how to manage natural and agricultural resources in a manner that enhances economic production while maintaining the integrity of natural and agricultural environments. An undergraduate research project is completed during third and fourth years as part of AGEC 3510 and AGEC 4550. Graduates are prepared for careers at the technical and management levels in government and non-government agencies involved in planning and management of natural and agricultural resources. By appropriate choice of free elective courses, students can prepare for graduate studies.

In addition to the courses prescribed in the faculty core for all students in the Faculty of Agricultural and Food Sciences, the following courses are prescribed for students in the program leading to the B.Sc. Agroecology.

### Degree Core (Required)

### 4.1.4 Bachelor of Science (Agroecology)

Chair and Program Advisor: B. Amiro  
Campus Address/General Office: 313 Ellis Building  
Telephone: (204) 228-3374  
Email Address: brian.amiro@umanitoba.ca

The Agroecology program provides students with an understanding of the natural processes in the agroecosystem and the impact of agricultural practices on these processes. The program emphasizes three areas: ecological sciences, agricultural production, and the social and economic implications of environmental management. Students will develop an understanding of how to manage natural and agricultural resources in a manner that enhances economic production while maintaining the integrity of natural and agricultural environments. An undergraduate research project is completed during third and fourth years as part of AGEC 3510 and AGEC 4550. Graduates are prepared for careers at the technical and management levels in government and non-government agencies involved in planning and management of natural and agricultural resources. By appropriate choice of free elective courses, students can prepare for graduate studies.

**NOTES:**
* ENTM 2050 Introductory Entomology is a prerequisite for most courses in entomology. Students contemplating additional entomology courses as free electives are advised to take ENTM 2050 in second year.

### 4.1.5 Bachelor of Science (Food Science)

**Head:** Dr. J. House  
**Chair:** Dr. Claudia Narvaez  
**Program Advisor:** Taylor Friesen  
**Campus Address/General Office:** 160 Agriculture Building  
**Telephone:** (204) 474 7045  
**Email Address:** taylor.friesen@umanitoba.ca

The B.Sc. degree program in Food Science provides the academic foundation of knowledge and skills for the wide range of activities in food science and technology. The degree program is structured in course offerings and content to enhance the competence of graduating students by providing greater emphasis in communications, critical thinking, computer literacy and statistics which are basic requirements of a modern professional environment. The B.Sc. degree program in Food Science is accredited by the Institute of Food Technologists (IFT).

The B.Sc. (Food Science) degree program offers two options: a Science Option and a Business Option. Students will elect one of two options of study. Both Food Science options require students to complete the Faculty Core courses. A description of each program and their requirements follows after the B.Sc. Food Science Degree Core.
The principal areas covered are food processing, chemistry, analysis and safety. The Food Science program specifies ten required and a minimum of three restricted elective courses in Food Science. As well, students must leading to a B.Sc. in Food Science available and can be selected in Food Science. This will ensure a strong academic base in Food Science and accommodate a satisfactory level of Food Science specialization.

In addition to the courses required for the faculty core and the Food Science Degree Core the following courses are prescribed for the program leading to a B.Sc. in Food Science – Science Option.

**Science Option Core (Required)**

#### Course Name

**Food Science – Business Option**

The B.Sc. degree Program in Food Science now offers a Business option which now allows students to specialize in the program. The Business option specifies eight required courses and a minimum of one course from selected groups of Food Science courses plus one course from a selected group of philosophy courses. Additional required courses from Agribusiness and The Faculty of Management provide a level of specialization in economics, finance, marketing and management. There are also twenty-one Credit Hours (seven courses) available for free electives.

In addition to the courses required for the faculty core and the Food Science Degree Core the following courses are prescribed for the program leading to a B.Sc. in Food Science – Business Option.

4.1.6 Biosystems Engineering
On March 17, 2015, the Board of Governors, on recommendation of Senate, approved the merger of the Department of Textile Sciences to the Department of Biosystems Engineering, Faculty of Agricultural and Food Sciences. Accordingly, effective the Fall 2015 academic term, all associated programs in Textile Sciences will become part of the Faculty of Agricultural and Food Sciences. As outlined in the proposal submitted to Senate in March 2015, the implementation process will need to be flexible to best facilitate the appropriate approvals of any identified adjustments or changes, where required. In the interim and until such time that a review is completed and required approval(s) received, the Textile Sciences programs- as listed above- will continue to be governed by current Faculty of Human Ecology academic regulations and the Textile Sciences program regulations.

**Intake to this program has been suspended.**

Students Admitted in September 2012 or Later

- BIOE 2580: Biosystems Engineering Design Trilogy 1
- BIOE 3590: Mechanics of Materials in Biosystems
- CIVL 2800: Solid Mechanics
- ENG 1430: Design in Engineering
- ENG 1440: Introduction to Statics
- MECH 2270: Principles of Engineering Materials
- MECH 2290: Manufacturing Engineering
- MECH 2300: Introduction to Production and Manufacturing
- MECH 3540: Modern Engineering Materials

Department Electives

Free Electives

12 Credit Hours

Free Electives

18 Credit Hours
A minor in Textile Sciences is offered by Textile Sciences. Students must complete 18 Credit Hours, distributed as follows: A maximum of six (6) Credit Hours in Textile Sciences at the 1000 level, and at least three (3) Credit Hours in Textile Sciences at the 2000 level, and at least three (3) Credit Hours in Textile Sciences at the 3000 or 4000 level, with no more than 6 Credit Hours at the 1000 level.

Students must check with their home Faculties to see if the Textile Sciences minor is available in their programs.

4.2 Human Nutritional Sciences Programs

Head: J. House
Chair: J. Slater
Program Advisor: Taylor Friesen
Campus Address/General Office: 160 Agriculture Building
Telephone: (204) 474 7045
Email Address: taylor.friesen@umanitoba.ca

Students majoring in Human Nutritional Sciences will be admitted to the 4-year degree program, the second-degree program, or the Human Nutritional Sciences/Culinary Arts program. Students in the 4-year degree program must choose from the Nutrition Option, the Foods Option, or the Food Industry Option.

The educational requirements to qualify for a dietetic internship and membership with the College of Dietitians of Manitoba (CDM) or dietetic colleges in other Canadian provinces may be met within the Nutrition Option with the recommended selection of courses. Students can apply for a dietetic internship during the program (see application requirements and procedures for Pre-Selection by the Manitoba Partnership Program), or through Dietitian's of Canada Program Match system in the final year of their degree or after completion of their degree. Internships are awarded competitively by external institutions. Review the section on academic procedures for Pre-Selection by the Manitoba Partnership Program, or for a dietetic internship for students admitted in September, 2007 and later.

Those who plan to enter Human Nutritional Sciences are advised that Applied Math or Pre-Calculus Mathematics 40S and Chemistry 40S are prerequisites to CHEM 1300 University 1: Structure and Modeling in Chemistry. Before entering continuing years in the Faculty of Agricultural and Food Sciences, the overall program must be planned with academic advising advice.

All returning students in the Faculty of Agricultural and Food Sciences must submit a program plan for the succeeding year before the start of registration.

4.2.1 Program Requirements

The following are the guidelines for the program requirements for HNS students. The courses outlined for each program in the sections, which follow, meet these basic requirements.

Students admitted in September 2012 or later: All students complete a core of 9 Credit Hours consisting of:

- CHEM 1300 University 1: Structure and Modeling in Chemistry (3 Credit Hours)
- CHEM 1320 University 1: Introduction to Organic Chemistry (See Note 1) (3 Credit Hours)
- CHEM 2770 Elements of Biochemistry 1 (See Note 2) (3 Credit Hours)
- CHEM 2780 Elements of Biochemistry 2 (See Note 3) (3 Credit Hours)
- FOOD 4150 Food Microbiology (3 Credit Hours)
- HMEC 2000 Research Methods and Presentation (3 Credit Hours)
- HMEC 3000 Introduction to Social Epidemiology (3 Credit Hours)
- HEAL 2600 Integration of Health Determinants of Individuals (3 Credit Hours)
- HNSC 1200 Food: Facts and Fallacies (3 Credit Hours)
- HNSC 1210 Nutrition for Health and Changing Lifestyles (3 Credit Hours)
- HNSC 2130 Nutrition through the Life Cycle (3 Credit Hours)
- HNSC 2140 Basic Principles of Human Nutrition (3 Credit Hours)
- HNSC 2150 Composition, Functional and Nutritional Properties of Foods (3 Credit Hours)
- HNSC 2160 Food Preparation and Preservation (3 Credit Hours)
- HNSC 3330 Ingredient Technology for Designed Foods (3 Credit Hours)
- HNSC 4160 Seminar in Foods and Nutrition (3 Credit Hours)
- HNSC 4290* Food, Nutrition and Health Policies (3 Credit Hours)
- PSYC 1200 or SOC 1200 Introduction to Psychology or Introduction to Sociology or combination of the 2 areas (6 Credit Hours)
- STAT 1000 Basic Statistical Analysis 1 (3 Credit Hours)
- STAT 2000 Basic Statistical Analysis 2 (3 Credit Hours)
- BIOL 1410 OR Anatomy of the Human Body or (3 Credit Hours)
- BIOL 1020 and BIOL 1030 Biology 1 and 2 (if BIOL 1 and 2 are taken, the additional 3 Credit Hours are considered to be free electives) (3 – 6 Credit Hours)
- BIOL 1412 Physiology of the Human Body (See Note 4) (3 Credit Hours)

Courses within each program fall into one of two categories:

- Department electives must be chosen from within the program department (HNSC designation).
- Free electives may be chosen from within or outside the Faculty of Agricultural and Food Sciences

4.2.2 Bachelor of Science (Human Nutritional Sciences)

If prerequisites permit, students must register for at least one HNSC course (3 Credit Hours) per year in order to stay in the Human Nutritional Sciences program.

Students Admitted in September 2012 or Later

### 4.2.2.1 Pre-Professional Preparation

Students in the Human Nutritional Sciences program can complete the entrance requirements for several professional programs as part of the degree.

#### A. Dietetics Preparation:

1. Courses required to build into the Human Nutrition Option program:

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Course Name</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>GMGT 1010</td>
<td>Business and Society</td>
<td>3</td>
</tr>
<tr>
<td>HNSC 3342</td>
<td>Management for Food and Nutrition Professionals</td>
<td>3</td>
</tr>
<tr>
<td>HNSC 1040</td>
<td>Nutrition for Health &amp; Changing Lifestyles</td>
<td>3</td>
</tr>
<tr>
<td>HNSC 1050</td>
<td>Principles of Human Nutrition</td>
<td>3</td>
</tr>
<tr>
<td>HNSC 1060</td>
<td>Composition, Functional, &amp; Nutritional Properties of Food</td>
<td>3</td>
</tr>
</tbody>
</table>

**Placement in Program**

<table>
<thead>
<tr>
<th>Placement in Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>Free Elective</td>
</tr>
<tr>
<td>Department Elective</td>
</tr>
</tbody>
</table>
2. Entry into a dietetic internship is competitive. It is strongly recommended that students seek advice from the Department on all aspects of preparing an application to an internship.

Students admitted to the Department of Human Nutritional Sciences in September 2007 or later, will be eligible to apply to be pre-selected by the Manitoba Partnership Dietetic Education Program (MPP) after completion of 60 – 90 Credit Hours. Details of the pre-selection process and the academic rating selection criteria will be published by the MPP and a link is available on the Faculty of Agricultural and Food Sciences' web site. If students are not pre-selected by the MPP, there are other opportunities to apply in the final year of degree for internships following degree completion.

3. For those intending to apply for a dietetic internship, the second degree’s Dietetics Preparation program meets the course requirements in Human Nutritional Sciences, but not all the other supporting course requirements, for example, psychology/sociology, humanities or social sciences, microbiology, research methods, communication arts, basic principles of management. Check with an Academic Advisor to review the supporting course requirements from previous academic work.

### Suggested Progression of Program: Dietetics Preparation

### NOTES:

1. Under required courses, students can take either CHEM 1320 (University 1: Introduction to Organic Chemistry) or CHEM 1310 (University 1: Introduction to Physical Chemistry). CHEM 1320 may not be held with CHEM 2210.
2. Under required courses, students can take either CHEM/MBIO 2770 (Elements of Biochemistry 1) or CHEM/MBIO 2360 (Biochemistry 1: Biomolecules and an Introduction to Metabolic Energy).

3. Under required courses, students can take either CHEM/MBIO 2780 (Elements of Biochemistry 2) or CHEM/MBIO 2370 (Biochemistry 2: Catabolism, Synthesis, and Information Pathways).

4. Under required courses, students can take either BIOL 1412 (Physiology 1 and Biology 2 (see note 4)) or CHEM/MBIO 2770 (Elements of Biochemistry 2: Catabolism, Synthesis, and Information Pathways). Note that students selecting BIOL 1020 and 1030 are not required to complete BIOL 1410, and will decrease electives by 3 Credit Hours. The selection of BIOL 1020 and 1030 will have more options with regard to taking higher level Biology courses as electives.

5. Nine Credit Hours of courses from either the Asper School of Business and/or from 3rd and 4th Food Science (Food) courses.

B. Medicine or Dentistry:

Admission requirements to Medicine and Dentistry can be found in the Applicant Information Bulletins on the Admissions webpage.

C. Master of Physician Assistant Studies:

This program requires completion of a 4 year degree (120 Credit Hours) including Human Anatomy, Human Physiology, and Biochemistry. Information regarding specific course numbers is found on the Faculty of Medicine’s website.

D. Law:

This program’s requirements can be found on the Faculty of Law’s Applicant Information Bulletin.

E. Physical and Occupational Therapy:

Build in the admission required courses to the Human Nutritional Sciences degree. Admission information and course requirements can be found on the Rady Faculty of Health Sciences website. Talk to your Academic Advisor about how to incorporate the admission requirements for these professional programs or others.

4.2.3 Bachelor of Science (Human Nutritional Sciences) - Second Degree Program

Required Courses -- 45 Credit Hours

Refer to information in section 4.2.2.1 about applying for a Dietetic internship. Students must complete 60 Credit Hours while enrolled in the second degree program. If any of the required courses have been completed in the previous degree, free electives must be chosen to meet the 60 credit hour requirement. Students are not required to satisfy the Written English requirement. Estimated time to completion based on prerequisites is 3 years.

NOTES:

1. Under required courses, students can take either CHEM 1320 (University 1: An Introduction to Organic Chemistry), or CHEM 1310 (University 1: An Introduction to Physical Chemistry). Students can take CHEM 2210 (Introduction to Organic Chemistry 1: Structure and Function) and CHEM 2220 (Introduction to Organic Chemistry 2: Reactivity and Synthesis) instead of CHEM 1300 and CHEM 1310 or CHEM 1320. For students who do not take CHEM 2210 and CHEM 2220, CHEM 1320 is preferred.
2. Under required courses, students can take either CHEM/MBIO 2770 (Elements of Biochemistry 1) or CHEM/MBIO 2360 (Biochemistry 1: Biomolecules and in Introduction to Metabolic Energy).

3. Under required courses, students can take either CHEM/MBIO 2780 (Elements of Biochemistry 2) or CHEM/MBIO 2370 (Biochemistry 2: Catabolism, Synthesis, and Information Pathways).

4. Under required courses, students can take either BIOL 1412 (Physiology of the Human Body) or BIOL 2410 (Human Physiology 1) and BIOL 2412 (Human Physiology 2). Note that students selecting BIOL 1020 and 1030 are not required to complete BIOL 1410, and will decrease electives to 3 Credit Hours. The selection of BIOL 1020 and 1030 will have more options with regard to taking higher level Biology courses as electives.

5. If BIOL 1020 and BIOL 1030 are taken, the additional 3 Credit Hours are considered to be free electives.

4.2.4 Bachelor of Science (Human Nutritional Sciences) - Agreement with Red River College Culinary Arts Program

4.3 Interfaculty Option in Aging

An Option in Aging is offered by and in the following faculties, schools and colleges: Arts, Nursing, Kinesiology and Recreation Management, and Social Work.

To complete the option, students in General Human Ecology Program, Textile Sciences Program and Human Nutritional Sciences Program must complete each of the following requirements:

<table>
<thead>
<tr>

</tbody>
</table>

Notes:
1. Students must take BIOL 1410 Anatomy of the Human Body or BIOL 1020 Biology 1 and BIOL 1030 Biology 2. AND require BIOL 1412 Physiology of the Human Body (3 credits) in order to take HNSC 3310 Macronutrients & Human Health and HNSC 3300 Vitamins and Minerals in Human Health. If BIOL 1020 and 1030 are selected then BIOL 1412 will take the place of a 3 Credit Hours free elective. Students can take either BIOL 1412 or BIOL 2410 and BIOL 2420.

2. Students can take either CHEM/MBIO 2770 (Elements of Biochemistry 1) or CHEM/MBIO 2360 (Biochemistry 1: Bio-molecules and an Introduction to Metabolic Energy). Students can take either CHEM/MBIO 2780 (Elements of Biochemistry 2) or CHEM/MBIO 2370 (Biochemistry 2: Catabolism, Synthesis, and Information Pathways).

3. PSYC/SOC 1200 & HNSC 2130 prerequisites are waived in this program for HNSC 3320. HNSC 2140 must be completed before registering for this course.
Two full years of university training are required for admission comprised of Western College of Veterinary Medicine, Saskatoon. A pre-veterinary program is offered to students who plan to take the

4.4 Pre-Veterinary Program

A pre-veterinary program is offered to students who plan to take the degree Doctor of Veterinary Medicine. Pre-veterinary students whose academic standing is acceptable may be admitted to the Western College of Veterinary Medicine (WCVM), University of Saskatchewan. Acceptance into the Western College of Veterinary Medicine from the pre-veterinary program at the University of Manitoba is normally restricted to residents of Manitoba. Students from outside Manitoba may be accepted as residents of their own province or country. Students entering the pre-veterinary program are responsible for establishing their residence status.

Western College of Veterinary Medicine, Saskatoon

Two full years of university training are required for admission comprised of 60 Credit Hours during which credit must be secured in the number of courses considered a standard load in the curriculum in which they are obtained. The deadline for applications is December.

The program of Pre-Veterinary study must include six (6) Credit Hours of: English*, three (3) Credit Hours in Physics, Biochemistry, Microbiology, six (6) Credit Hours of Mathematics or Statistics; nine (9) Credit Hours in Biology or Zoology (including three (3) Credit Hours in genetics, Chemistry (including three (3) Credit Hours in organic chemistry); plus electives sufficient to complete two full years. (*This requirement can also be met by taking AGRI 2030 Technical Communications, and one half course in philosophy.)

The following program is designed to meet the above requirements within the constraints of present course offerings. Some modifications may be possible.

Total Credit Hours: 30

NOTE: * In place of ENGL 1200 or ENGL 1300, Technical Communications (AGRI 2030) may be taken in second year; and one of the following Philosophy courses: PHIL 1290, PHIL 2740, PHIL 2750, PHIL 2830.

4.5 Minors

As part of the electives portion of their programs, students may declare and complete a Minor from departments or interdisciplinary programs in which a Minor is offered. Information about Minors in faculties other than Agricultural and Food Sciences is found in the appropriate departmental/school/faculty program offerings in the Undergraduate Calendar.

Course requirements are outlined in sections below. A Management Minor is offered by the Asper School of Business; Agriculture, Agroecology Food Science and Human Nutritional Sciences students may complete this minor (not available to Agribusiness students). The Minor consists of 18 credit hours of Management courses. Students must meet prerequisites for all courses. Completion of a Minor is optional. Students may not, however, declare both their Major and Minor from the same department/interdisciplinary program. It should be noted that planning for completion of a Minor should be done early.
in the program, ideally before 90 credit hours have been completed, due to restricted opportunities for courses later in the program. Completion of a Minor may require that a student take more than the minimum number of credit hours for graduation. Minors for students in the Human Nutritional Sciences Programs

Students in the Human Nutritional Sciences programs may declare and complete a Minor from any department or interdisciplinary program in which a Minor is offered. Information about Minors in faculties other than Agricultural and Food Sciences is found in the appropriate departmental/school/faculty program offerings in the Undergraduate Calendar.

Completion of the Minor is entirely optional. Students may not, however, declare both their Major and Minor from the same department/interdisciplinary program. No course may be used as part of a Human Nutritional Sciences program and also be part of a prescribed Minor. For example, if a course in Chemistry is part of a student’s degree requirements, it cannot be used as part of a Minor in another program. Completion of a Minor may require that a student take more than the minimum number of Credit Hours for graduation.

Minors offered by the Faculty of Agricultural and Food Sciences

Animal Systems
Students may obtain a minor in Animal Systems (18 Credit Hours) by completing ANSC 2500 Animal Production plus an additional 15 Credit Hours in Animal Science courses.

Crop Protection
Students may obtain a minor in Crop Protection (18 Credit Hours) by completing ENTM 3170 Crop Protection Entomology or ENTM 3190 Introduction to Applied Entomology, PLNT 3540 Weed Science, PLNT 3570 Fundamentals of Plant Pathology, PLNT 4270 Plant Disease Control, plus 6 Credit Hours from the following list of courses: AGRI 2180 Introductory Toxicology, BIOE 4520 Crop Preservation and Handling, ENTM 2050 Introductory Entomology, PLNT 3510 Cropping Systems, PLNT 3520 Principles of Plant Improvement, PLNT 4570 Research Methods in Plant Pathology, PLNT 4580 Molecular Plant-Microbe Interactions, SOIL 3520 Pesticides: Environment, Economics and Ethics.

Entomology
Students may obtain a minor in Entomology (18 Credit Hours) by completing ENTM 2050 Introductory Entomology plus an additional 15 Credit Hours in Entomology courses. Many courses are offered in alternating years, so students should consult the Department Head of Entomology to plan their program.

Food Science
Students may obtain a minor in Food Science (18 Credit Hours) by completing FOOD 1000 Food Safety Today and Tomorrow, FOOD 2500 Food Chemistry plus an additional 12 Credit Hours in FOOD courses excluding FOOD 4230 Food Research and FOOD 4120 Food Science Seminar. Prerequisites for required courses may result in more than 18 credit hours.

Plant Biotechnology
Students may obtain a minor in Plant Biotechnology (18 Credit Hours) by completing PLNT 2530 Plant Biotechnology plus an additional 15 Credit Hours from the following list of courses: PLNT 3140 Introductory Cytogenetics, PLNT 3520 Principles of Plant Improvement, PLNT 3570 Fundamentals of Plant Pathology, PLNT 4330 Intermediate Plant Genetics, PLNT 4310 Introductory Plant Genomics, PLNT 4550 Developmental Plant Biology, PLNT 4560 Secondary Plant Metabolism, PLNT 4570 Research Methods in Plant Pathology, PLNT 4580 Molecular Plant-Microbe Interactions, PLNT 4590 Physiology of Crop Plants, PLNT 4600 Issues in Agricultural Biotechnology, PLNT 4610 Bioinformatics.

Soil Science
Students may obtain a minor in Soil Science (18 Credit Hours) by completing SOIL 3600 Soils and Landscapes in our Environment plus an additional 15 Credit Hours from the following list of courses: SOIL 3060 Introduction to Agrometeorology, SOIL 3520 Pesticides: Environment, Economics and Ethics, SOIL 3610 Field Methods in Land Resource Science, SOIL 4060 Physical Properties of Soils, SOIL 4130 Soil Chemistry and Mineralogy, SOIL 4400 Soil Ecology, SOIL 4500 Remediation of Contaminated Land, SOIL 4510 Soil and Water Management, SOIL 4520 Soil Fertility. Prerequisites for required courses may result in more than 18 credit hours.

Human Nutrition and Metabolism
Students may obtain a minor in Human Nutrition and Metabolism (18 Credit Hours) by completing the following courses: HNSC 1200 Food: Facts and Fallacies, HNSC 1210 Nutrition for Health and Changing Lifestyles, HNSC 2140 Basic Principles of Human Nutrition, HNSC 3300 Vitamins and Minerals in Human Health, HNSC 3310 Macronutrients and Human Health, and HNSC 4120 Senior Thesis or HNSC 4540 Functional Foods and Nutraceuticals.

4.6 Diploma in Agriculture

Michele Rogalsky
160 Agriculture Building
(204) 474 9295

4.6.1 Diploma in Agriculture Admission as of September 2018

The program is designed for those who plan to manage farms or pursue careers in the agricultural and food service and/or value added sectors. Classes begin in late September and end in March to accommodate students with obligations to plant and harvest crops. The program is also designed for those who plan to transfer credits earned from the Agriculture Diploma program to one of the Faculty of Agricultural and Food Sciences’ degree programs.

In order to fulfill the requirements for a Diploma in Agriculture in the Faculty of Agricultural and Food Sciences, students must complete the course requirements for the program core and one of the four program options. Program options are available in Business Management, Crop Management, Livestock Management and General Agriculture. Students will select from restricted and program elective courses to fulfill the program’s credit hour requirements. Students planning to register for degree courses should contact an Academic Advisor for the Diploma program, to discuss implications for scheduling and graduation, as these courses start earlier in September and end later in April. The minimum number of Credit Hours required to fulfill the requirements for a Diploma in Agriculture is 93 Credit Hours and the maximum is 105 Credit Hours.

Program Core

The Program Core, common to all students, provides a broad yet integrated education in the production, management and marketing of agricultural and food products and the principles of managing a business. Students are taught to use this knowledge to evaluate the technical and economic feasibility of a variety of alternative agricultural practices.

### Program Options

In order to accommodate a modest level of specialization, the students will be required to elect one of four options by the end of first year.

#### Business Management Option

This option offers a more in-depth education in business management to those who intend to manage farms or work as employees, managers and/or business owners in the agricultural and food service and/or value added sectors.

#### Crop Management Option

This option is designed for those who plan to manage farms where crops are the primary enterprise or for those who are interested in careers in related agricultural and food service and/or value-added sectors.

Program Electives

Students can select program electives to fulfill the program’s 93 credit hour requirement. The following Faculty of Agricultural and Food Sciences’ courses are approved as program electives for the Agriculture Diploma program. Students may be permitted to use courses offered by other faculties as program electives. Credit for these courses will be granted on the condition that there is not significant overlap of course content. Students planning to register for degree courses should contact an Academic Advisor for the Diploma program, to discuss implications for scheduling and graduation, as these courses start earlier in September and end later in April.

**Group 5**

At least one course from the following:

- ENTM 0610 Insect Pest Management 4
- ENTM 0620 Beekeeping 2

**Group 6**

At least one course from the following:

- DAGR 0540 Exploring New Opportunities in Adding On-Farm Value 4
- FOOD 1000 Food Safety Today and Tomorrow 3
- HNSC 1200 Food Facts and Fallacies 3
- HNSC 1210 Nutrition for Health and Changing Lifestyles 3

**Group 7**

At least one course from the following:

- DAGR 0520 Managing Agricultural Safety 3
- DAGR 0530 Agricultural Human Resource Management 3
- DAGR 0550 Managing Farm Business Transition 3
- DAGR 0610 Advanced Communication and Leadership 3
- DAGR 0630 Special Project 3
- DAGR 0760 Agricultural Law 3

Total Credit Hours of Restricted Electives, within option 20-27

Plus 4-11 Credit Hours of Program Electives, to complete a minimum of 93 Credit Hours in the program.
4.6.2 Diploma in Agriculture Admission prior to September 2018

The core curriculum of prescribed courses, common to all students, provides a broad yet integrated education in the production, management and marketing of agricultural products and the principles of managing a business. Students are taught to use this knowledge to evaluate the technical and economic feasibility of a variety of alternative agricultural practices.

Within the program, students are able to specialize in areas of interest. Options are available in Business Management, Crop Management, Livestock Management and General Agriculture. These options are chosen by the student during the first term, first year.

### Prescribed Courses for all Students in these options

#### First Year, Fall Term

Total Credit Hours: 15

*These additional courses will consist of those required within an option plus free electives, in accordance with the four options described below:

### Options

In order to accommodate a modest level of specialization, the students will be required to elect one of four options by the end of first term, first year. Each of these four options has a series of required courses. However, within each option there are also unrestricted electives available to the student who wishes to blend training available in two or more option areas to increase the degree of specialization.

#### Business Management Option

This option offers a more in-depth education in business management to those people who intend to manage farms or work as employees, managers and/or business owners in the agricultural service sector (agricultural lending, fertilizer, feed and chemical sales, etc.).

Total prescribed Credit Hours, within option 17-20

Plus 21-24 Credit Hours of electives, to complete 93 Credit Hours in the program.

4.7 Cooperative Education Program

Student Services Office
Campus Address/General Office: 160 Agriculture Building
Telephone: (204) 474 9295
Email Address: agcoop@umanitoba.ca

Cooperative Education is a process that integrates academic study with periods of paid work experience relating to the co-op student’s area of study. The Co-operative Education Program sets up students at full-time, paid work terms that provide them with practical experience and guidance for further career or research specialization.

In order to earn the Cooperative Education designation (the student is required to complete two full-time, paid co-op work terms (minimum of 420 hours each) with a faculty-approved employer(s). Prior to starting each work term, students are required to register in AGRI 2002 (first placement), AGRI 3002 (second placement), and AGRI 4002 (third placement) within the set deadlines and pay the fees. Successful completion of a work term includes...
participating in a mid-work term evaluation with the Co-op Coordinator and completion of a written report at the end of each work term. Final reports are marked by Program Chairs and placements are graded on Pass/Fail basis. Students who receive a passing grade on the work term reports for all required work terms graduate with the Co-operative Education designation acknowledged on their parchment.

**Degree Program**

Students who have been admitted to an undergraduate program are eligible to apply to Admission into the Program is dependent upon the student’s ability to secure a work term placement. Ideally, the first work term would take place at the end of the second academic year, however, with approval of the Faculty and the employer, the first work term could commence after the first year of a 4-year or second-degree program. Students admitted into the Program must maintain good academic standing (minimum D GPA of 2.0).

Each co-op placement earns a student 3 credit hours. During a work term, a co-op student may take an additional maximum of six credit hours.

**Diploma Program**

**Admission:** To be considered for admission in the Cooperative Education Program, a first year diploma student must have a minimum Degree GPA of 2.5, and have completed at least 47 Credit Hours of studies by the end of the academic year of application.

Students are advised that satisfying the entrance requirements does not guarantee a place in the Cooperative Education Program. Acceptance into the program is dependent upon the student receiving a job placement through the Cooperative Education Office.

**Employment Term Requirements:** The Cooperative Education Program is a five month program between the first and second year with a faculty-approved employer. The student will receive two credits for completing the Cooperative Education Program. Students are required to register in the employment term course and pay the fee prior to starting the employment term.

**4.8 Internationally Educated Agrologists Post-Baccalaureate Diploma**

**Post-Baccalaureate Diploma Program**

Intake suspended

The Faculty of Agricultural and Food Sciences currently offers the Internationally Educated Agrologists Post-Baccalaureate Diploma Program (IEAP).

The IEAP is a pathway for Internationally Educated Agrologists (IEAs) to gain formal recognition of their non-Canadian credentials by the Manitoba Institute of Agrologists (MIA), the professional regulatory body for Agrologists in Manitoba.

The program facilitates the integration of foreign-trained agrologists into the Canadian agriculture sector, through a one-year program of coursework and work experience. The program also stresses the importance of essential skills and professional branding by Canadian Standards.

The program assists new Manitobans with an agricultural degree from outside of Canada to achieve meaningful work in their field, and to help the Manitoba agricultural industry discover new talent.

**Admission requirements:**

Applicants must:

1) Have a degree in agriculture from another country
2) Be a permanent resident or Canadian citizen
3) Have met the English Language Proficiency Requirements
4) Have a valid driver's license, and
5) Have a letter from the Manitoba Institute of Agrologists (MIA) indicating their application for registration has been accepted.

**SECTION 5: Course Descriptions**

**Agribusiness - ABIZ 0 Level**

**ABIZ 0440 Agricultural Economics & Marketing 1**

4 Cr. Hrs.
Introduction to key economic concepts and business principles and their application to Canadian agribusiness.

**ABIZ 0450 Agricultural Economics & Marketing 2**

4 Cr. Hrs.
The application of economic analysis in the study of marketing: concepts, policy, practices and institutions. Prerequisite: ABIZ 0440.

**ABIZ 0460 Financial Management 1**

4 Cr. Hrs.
Study of accounting principles and financial information for the preparation and presentation of financial statements to facilitate the management of farms and agricultural businesses.

**ABIZ 0470 Financial Management 2**

4 Cr. Hrs.
Study of analysis of financial statements and financial information by decision makers managing the finances of farms and agricultural businesses. Prerequisite: ABIZ 0460.

**ABIZ 0680 Agribusiness Management**

4 Cr. Hrs.
The application of economic, accounting and management principles to organizing, operating and managing an agribusiness.

**ABIZ 0690 Agricultural Finance and Credit**

4 Cr. Hrs.
Application of financial management concepts in evaluating investment options and risk in farm and agribusiness decision-making. Prerequisite: ABIZ 0460.

**ABIZ 0710 Agricultural Policy**

3 Cr. Hrs.
Review of agriculture, international trade and food safety policies affecting the production and distribution of agricultural commodities and food products.

**ABIZ 0720 Farm Business Management**

4 Cr. Hrs.
Application of decision making principles in terms of farm production, finance, and marketing. Prerequisites ABIZ 0470.

**ABIZ 0730 Financial Risk Management**

3 Cr. Hrs.
Various approaches to managing market risk will be studied. This includes forward pricing, hedging and options along with insurance, diversification and technology to manage production risk. Prerequisites: ABIZ 0470 or Pre- or Corequisite: ABIZ 0450.

**ABIZ 0740 Special Topics in Business Management**

3 Cr. Hrs.
Selected topics of current interest in Business Management. Prerequisite: written consent of Director of the School of Agriculture.

**Agribusiness and Agricultural Economics - ABIZ 1000 Level**

**ABIZ 1000 Introduction to Agribusiness Management**

3 Cr. Hrs.
Introduction to management principles applied to agribusiness. Topics covered will include cooperative and corporate organizations, financial analysis, marketing and planning. All students will prepare a business plan. Students will use spreadsheet skills with respect to processing information and preparing forecasts.

**ABIZ 1010 Economics of World Food Issues and Policies**

3 Cr. Hrs.
Determinants of global food consumption, production and the factors underpinning food security and malnutrition. The importance of international trade in balancing countries’ supply and demand for food, examination of trade barriers and institutions facilitating trade.

</tr>
<tr>
<td><strong>ABIZ 4500 Agribusiness Strategies Seminar</strong> 3 Cr. Hrs.</td>
</tr>
<tr>
<td>This course will provide participants with insights into management strategies and decision-making, as well as the responsibilities, tensions and pressures encountered by senior management. Some classes will include participation by senior management followed by a debriefing session.</td>
</tr>
</tbody>
</table>
Students must have completed 90 Credit Hours towards a degree in Agribusiness, or permission of the Department.

Agriculture-AGRI 1000 Level

AGRI 1010 Business Communication 3 Cr. Hrs.
Strengthen the thinking, writing, speaking and listening skills required by IEAP students to succeed in the agricultural, food science or agribusiness world. Students will develop an understanding of cultural influence in communication tasks used in academic and workplace settings. Pre-requisite: Must be enrolled in the Internationally Educated Agrologists Program.

AGRI 1500 Natural Resources and Primary Agricultural Production 3 Cr. Hrs.
Introduces students to natural resources and climate, primary production of crops and livestock, production and resource economics and rural society. A model of the entire agri-food system will be used to show interrelationships among disciplines, processes, etc.

AGRI 1510 Production, Distribution and Utilization of Agricultural Products 3 Cr. Hrs.
Introduction to the aspects of agriculture that follow primary production and includes confined animal production and a presentation of a model of the entire agrifood system. Special emphasis on processing, marketing, transportation and food safety. Laboratory sessions will use small groups to examine problem based case studies.

Agriculture-AGRI 2000 Level

AGRI 2002 Agricultural and Food Sciences Co-operative Education Work Term 1 3 Cr. Hrs.
A work assignment of a minimum of 420 hours in business, industry, government or research for co-operative education students. Requires submission of a written report covering the work completed during the professional assignment. This course is restricted to students where a co-operative education work term placement in the Agricultural and Food Sciences Co-operative Education Program has been confirmed. May not be held with the former AGRI 4550. Course evaluated on a pass/fail basis.

AGRI 2030 Technical Communications 3 Cr. Hrs.
Lectures and workshops to develop written and oral communication skills for preparing and presenting scientific and technical reports. Basic composition skills, communication graphics and job interview techniques are included. Prerequisite: 24 Credit Hours of University.

AGRI 2180 Introductory Toxicology 3 Cr. Hrs.
A survey of general principles underlying the effects of toxic substances on biological systems, including history, scope and applications of toxicology, the mechanisms of toxic action, and some major types of toxicants. Not to be held with BIOL 2380 formerly BOTN 2180, BOTN 2190, ENVR 2180, ENVR 2190, ZOOL 2180, ZOOL 2190. Prerequisite: BIOL 1020 (C) and BIOL 1030 (C) and CHEM 1310 or CHEM 1320.

AGRI 2190 Toxicology Principles 1.5 Cr. Hrs.
A survey of general principles underlying the effects of toxic substances on biological systems, including the history, scope and applications of toxicology, the mechanisms of toxic action. Not to be held with BIOL 2380 or the former BOTN 2180, BOTN 2190, ENVR 2180, ENVR 2190, ZOOL 2180, ZOOL 2190, AGRI 2180. Prerequisite: BIOL 1020 (C) and BIOL 1030 (C) and CHEM 1310 or CHEM 1320.

Agriculture-AGRI 3000 Level

AGRI 3002 Agricultural and Food Sciences Co-operative Education Work Term 2 3 Cr. Hrs.
A work assignment of a minimum of 420 hours in business, industry, government or research for co-operative education students. Requires submission of a written report covering the work completed during the professional assignment. This course is restricted to students where a co-operative education work term placement in the Agricultural and Food Sciences Co-operative Education Program has been confirmed. May not be held with the former AGRI 4560. Prerequisites: AGRI 2002 or the former AGRI 4550. Course evaluated on a pass/fail basis.

AGRI 3030 Modern Topics in Agriculture 1 3 Cr. Hrs.
An interdisciplinary course including topical national and international issues in agriculture. The course will vary from year to year to provide material of current interest in a wide variety of subject areas. Student participation by means of seminars will be encouraged.

AGRI 3040 Modern Topics in Agriculture 2 3 Cr. Hrs.
Similar to AGRI 3030.

Agriculture-AGRI 4000 Level

AGRI 4000 Practicing the Profession of Agrology 1 3 Cr. Hrs.
Introduction to the profession of Agrology in Manitoba with an emphasis on understanding the structure of the agriculture industry, the agriculture network and how it functions. Laboratory sessions will focus on guest speakers and tours of companies and agencies in the agriculture industry. Prerequisite: Must be enrolled in the Internationally Educated Agrologists Program (IEAP).

AGRI 4002 Agricultural and Food Sciences Co-operative Education Work Term 3 3 Cr. Hrs.
A work assignment of a minimum of 420 hours in business, industry, government or research for co-operative education students. Requires submission of a written report covering the work completed during the professional assignment. This course is restricted to students where a co-operative education work term placement in the Agricultural and Food Sciences Co-operative Education Program has been confirmed. May not be held with the former AGRI 4570. Prerequisites: AGRI 3002 or the former AGRI 4560. Course evaluated on a pass/fail basis.

AGRI 4010 Practising the Profession of Agrology II 3 Cr. Hrs.
This course will cover the role of a practising agrologist in Manitoba, with an emphasis on professional ethics and responsibilities, regulations of the agriculture profession in Canada, and the culture of the work environment. Laboratory sessions focus on guest speakers and tours of companies and agencies in the agriculture industry. Prerequisite: Students must be enrolled in the Internationally Educated Agrologists Program.

Agroecology-AGEC 2000 Level

AGEC 2370 Principles of Ecology 3 Cr. Hrs.
Principles of ecology at the individual, population, community, and ecosystem levels. This course is also given in the Faculty of Science as BIOL 2300 (formerly BOTN 2370 or ZOOL 2370). It is the normal prerequisite to other courses in ecology. Not to be held with BIOL 2390 (formerly BOTN 2280) or ZOOL 2290 or BIOL 3260 (formerly BOTN 2380 or BOTN 2370 or ZOOL 2365) or ZOOL 2371. Prerequisite: A grade of “C” in BIOL 1020 or BIOL 1021 and BIOL 1030 or BIOL 1031. Pre- or co-requisite: STAT 1000 or STAT 1001.

Agroecology-AGEC 3000 Level

AGEC 3510 Agroecology 3 Cr. Hrs.
Examination of how ecological principles and processes apply to, and function in, managed ecosystems, with emphasis on agricultural ecosystems. Influence of agricultural practices on populations, ecosystem function and productivity. Ecological concepts as tools in managing systems. Pre- or co-requisite: AGEC 2370 or BIOL 2300 or BIOL 2301 or the...
former BOTN 2370 or the former BOTN 2371 or the former ZOOL 2370 or
the former ZOOL 2371.

**Agroecology - AGEC 4000 Level**

**AGEC 4550 Project in Agroecology** 6 Cr. Hrs.
Independent research project on an Agroecological topic. Students perform research and meet regularly with advisors. Progress reports are required, and final results are presented in written and verbal reports. Classes are held on professional topics. Not to be held with AGEC 4540. Prerequisite: AGEC 3510.

**Animal Science- ANSC 0 Level**

**ANSC 0420 Animal Biology and Nutrition** 4 Cr. Hrs.
An introduction to animal structure and function. Genetics, growth and reproduction will be related to animal production. Further, the digestive systems of various livestock species will be studied and related to types of feedstuffs that each species can utilize. The general function of nutrients within animals will also be discussed. Nutrient content of feedstuffs and application to nutrient requirements will be discussed.

**ANSC 0600 Animal Health and Welfare** 3 Cr. Hrs.
This course will discuss the common livestock and poultry diseases of the prairie provinces. Emphasis will be placed on prevention through management and health programs but treatment of specific diseases will be addressed. Animal welfare as it relates to commercial animal production will be discussed. Prerequisite: ANSC 0420 or equivalent.

**ANSC 0670 Beef Cattle Production and Management** 4 Cr. Hrs.
Beef cattle industry; the types of beef cattle enterprises and factors affecting profitability of production. Application of principles of nutrition, genetics and physiology in the management of beef cattle enterprises. Prerequisite: ANSC 0420 or equivalent.

**ANSC 0680 Dairy Cattle Production and Management** 4 Cr. Hrs.
A study of current production practices in Canada’s dairy industry with focus on nutrition, reproduction, genetics, health, replacement rearing and marketing. Prerequisite: ANSC 0420 or equivalent.

**ANSC 0690 Swine Production and Management** 4 Cr. Hrs.
Swine industry; the types of swine enterprises and factors affecting profitability of production. Application of principles of nutrition, genetics and physiology in the management of swine enterprises. Prerequisite: ANSC 0420 or equivalent.

**ANSC 0700 Poultry Production and Management** 4 Cr. Hrs.
The poultry industry; marketing system, breeding, hatchery practices, management and feeding of large scale turkey and chicken enterprises. Prerequisite: ANSC 0420 or equivalent.

**ANSC 0720 Special Topics in Livestock Management** 3 Cr. Hrs.
Selected topics of current interest in livestock management. Prerequisite: Written consent of Director of the School of Agriculture.

**ANSC 0730 Horse and Stable Management** 3 Cr. Hrs.
Principles of horse production, including breeding, reproductive management, nutrition, behavior, health and general management. Applications to major sections of the horse industry. There will be one or two field trips.

**Animal Science- ANSC 2000 Level**

**ANSC 2500 Animal Production** 3 Cr. Hrs.
Built on concepts introduced in AGRI 1500 and AGRI 1510, by elaborating on the basic essentials of animal production. Prerequisites: AGRI 1500 and AGRI 1510.

**ANSC 2510 Anatomy and Physiology 1: Control Systems** 3 Cr. Hrs.
Will deal with the structure, functions and interactions of the coordinating/regulatory systems in the animal body; including the nervous, muscular, cardiovascular, respiratory, renal and endocrine systems. Co requisite: CHEM 2770 or Mbio 2770 or CHEM 2360 or Mbio 2360.

**ANSC 2520 Anatomy and Physiology 2: Nutrient Utilization** 3 Cr. Hrs.
The digestion, absorption and utilization of nutrients by farmed species. Basic characteristics of the digestive system, aspects of regulation of feed intake and rates of passage, intermediary metabolism of nutrients, growth and development, health and other factors influencing nutrient utilization. Prerequisite: ANSC 2510. Co requisite: CHEM 2780 or Mbio 2780, or CHEM 2370 or Mbio 2370.

**ANSC 2530 Nutritional Toxicology** 1.5 Cr. Hrs.
The Science of dietary toxins and their interrelationships with nutrition: mode of action and metabolism of toxic chemicals that occur in food and animal feedstuffs. Prerequisite: AGRI 2190.

**ANSC 2540 Companion animal nutrition and management** 3 Cr. Hrs.
Course material will cover the functional anatomy, genetics, nutrition, reproduction, behavior, and diseases of non-equine companion animals and ornamental fish. Pre-or Co requisite; CHEM 2770 or Mbio 2770 or CHEM 2360 or Mbio 2360 or consent of instructor.

**Animal Science- ANSC 3000 Level**

**ANSC 3500 Principles of Animal Genetics** 3 Cr. Hrs.
Topics discussed will include population genetics, quantitative variation, selection and mating systems with particular reference to domestic species. Prerequisite: PLNT 2520.

**ANSC 3510 Feeds and Feeding** 3 Cr. Hrs.
A detailed discussion of feedstuffs used for domestic animals, animal nutrient requirements, ration balancing, feedstuff processing and feed safety. Prerequisite: ANSC 2520.

**ANSC 3520 Animal Reproduction** 3 Cr. Hrs.
The comparative anatomy and physiology of reproduction of farmed animals will be emphasized. Focus will be on the natural synchronization of reproductive processes and the potential to regulate and improve reproductive efficiency. Prerequisite: ANSC 2510.

**ANSC 3530 The Animal and Its Environment** 3 Cr. Hrs.
Deals with how the animal is influenced by its environment to affect health, welfare and performances. Principles of farmed animal behavior, welfare and behavioral management, health, and facility design and modification will be considered in the context of animal/environment interactions. Co requisite: ANSC 2520.

**Animal Science- ANSC 4000 Level**

**ANSC 4090 Livestock Problems** 3 Cr. Hrs.
A minor thesis on livestock problems, prepared by the student under direction. (For Animal Systems Majors only). Prerequisite: Consent of department head.

**ANSC 4220 Animal Science Investigations** 6 Cr. Hrs.
Minor research on some problem in animal science. Instruction and supervision in setting up the project, in collecting and processing data, and in writing the report. (For fourth-year students in Animal Systems Major only.) Prerequisite: Consent of Department Head.

**ANSC 4240 Mathematical modeling of biological systems** 3 Cr. Hrs.
Lectures and computer based laboratory exercises will be used to discuss mathematical modeling methods applied to biological systems taking
aspects of animal science as a model to develop modeling techniques. Prerequisite: MATH 1500 or MATH 1520 or Equivalent.

**ANSC 4280 Applied Animal Genetics** 3 Cr. Hrs.
Application of principles of animal breeding. Modern methods, techniques, and programs for genetic improvement of cattle, sheep, and swine. Prerequisite: ANSC 3500.

**ANSC 4410 Grassland Agriculture: Plant, Animal and Environment** 3 Cr. Hrs.
Inter-relationships between the biological components of grassland agriculture as they relate to forage production on the Canadian Prairies. Topics include utilization by wild and domestic animals, plant community relationships and role of forages in multiple land use planning. This course also given in Plant Science as PLNT 4410.

**ANSC 4500 Animal Health** 3 Cr. Hrs.
Responses of basic animal functions to challenge by potentially pathogenic organisms, genetic or metabolic disorders, and toxicants will be discussed. Strategies for prevention and treatment will be outlined. Offered in 2005-2006 and alternate years thereafter. Prerequisite: ANSC 2520.

**ANSC 4510 Domesticated Animal Behaviour** 3 Cr. Hrs.
An awareness and understanding of normal behaviors of animals will be emphasized. Relationships between behavior, welfare and management will be explored. Emphasis will be on farmed animals but companion animals, wild animals and laboratory species will also be discussed. Prerequisite: ANSC 2520 or consent of the instructor. Offered in 2006-07 and alternate years thereafter.

**ANSC 4520 Ruminant Production Systems-Meat** 3 Cr. Hrs.
To provide an appreciation of the industry in terms of size, complexity and relationship to the economy and give an understanding of the breeding, feeding, management and marketing strategies for modern ruminant production systems. Open only to students holding at least 60 Credit Hours. Prerequisite: ANSC 2500.

**ANSC 4530 Ruminant Production Systems-Milk** 3 Cr. Hrs.
Will describe the industry in terms of size, complexity and relationship to the economy and give an understanding of the breeding, feeding, management and marketing practices in a modern system for milk production. Open only to students holding at least 60 Credit Hours. Prerequisite: ANSC 2500.

**ANSC 4540 Monogastric Production Systems** 3 Cr. Hrs.
Describes the swine industry in terms of size, complexity and relationship to the economy and gives an understanding of the breeding, feeding, management and marketing practices in a modern production unit. Outlines other monogastric production systems of relevance to the agriculture industry. Open only to students holding at least 60 Credit Hours. Prerequisite: ANSC 2500.

**ANSC 4550 Avian Production Systems** 3 Cr. Hrs.
Describes the various avian systems in terms of size, complexity, and relationship to the economy and gives an understanding of the management and marketing practices in the usual poultry systems. Open only to students holding at least 60 Credit Hours. Prerequisite: ANSC 2500.

**ANSC 4560 Issues in Animal Agriculture** 3 Cr. Hrs.
Through a combination of lectures and independent group learning activities students will develop an appreciation of the scope and complexities of current issues facing the animal industry and integrate knowledge accumulated through the Animal Systems Program using case study problems and group project work.

**ANSC 4570 Advanced Applied Animal Nutrition** 3 Cr. Hrs.
An advanced study of theoretical and applied aspects of monogastric and ruminant nutrition. A laboratory component will provide training in current techniques in feed analyses and computer modeling. Offered in 2005-2006 and alternate years thereafter. Prerequisite: ANSC 3510.

**Biosystems Engineering Course Descriptions-0 Level**

**BIOE 0222 Precision Agriculture- Technological Tools for Decision Making** 4 Cr. Hrs.
(Lab required) Precision agriculture is a philosophy of agricultural management that has been enabled by modern technology. This course will examine both the technology and the techniques that can be used to improve the efficiency of agricultural operations by decreasing costs, increasing profits, and decreasing hazards to the environment. Students will be introduced to current and emerging technologies for crop, livestock and business management. Students will have the opportunity to apply data generated from these technologies to support decision making required by farm managers.

**BIOE 0400 Farm Power** 4 Cr. Hrs.
Basic operating principles of electric motors and gasoline, diesel, and LPG engines with emphasis on fuels, fuel systems, ignition systems, lubrication, and power transmission. Dynamometer tests for efficiency, traction, tractor testing, and power cost estimating.

**BIOE 0600 Farm Machinery** 4 Cr. Hrs.
Operating principles of basic farm implements with emphasis on seed cleaning, seeding, tillage, haying, and harvest machines including their selection, adjustment, efficiency, and cost of operation with respect to test data.

**BIOE 0690 Water Management** 4 Cr. Hrs.
Surveying including use of the level instrument and steel tape, agricultural drainage, dugouts and wells for farm water supply, irrigation, pump selection, the Water Rights Act.

**BIOE 0700 Agricultural Buildings and Environments** 4 Cr. Hrs.
Factors that impact the practicality of farm buildings. Components of buildings, including materials and construction techniques. Techniques of maintaining building environments to facilitate production and/or storage.

**BIOE 0710 Materials Handling and Electrical Controls** 3 Cr. Hrs.
Fundamental concepts and systems approach to storing, conditioning, moving, processing, and metering of agricultural produce. Principles and practices of fans, grain drying, dust control, and electrical supply. Students may not hold credit for BIOE 0710.

**Biosystems Engineering Course Descriptions-2000 Level**

**BIOE 2090 Machinery for Agricultural Production** 4 Cr. Hrs.

**BIOE 2110 Transport Phenomena** 3 Cr. Hrs.
Principles of heat transfer, solar radiation, psychometrics, molecular diffusion, mass transfer and refrigeration and their application to biosystems. Prerequisite: ENG 1460.

**BIOE 2222 Precision Agriculture Concepts and Applications** 4 Cr. Hrs.
Precision agriculture is a philosophy of agricultural management that has been enabled by modern technology. This course examines the technology and the techniques of precision agriculture including GPS, GIS, variable rate technologies, and yield monitoring that can be used to improve the efficiency of agricultural operations by decreasing costs, increasing profits, and decreasing hazards to the environment.
BIOE 2480 Impact of Engineering on the Environment  
3 Cr. Hrs
Students will gain an understanding of overall sustainability of industrial activities, life-cycle and risk assessment techniques for sustainability, and design improvements to enhance environmental performance of engineered systems. This course will introduce basic methodologies for conducting environmental impact assessments, including physical, chemical, ecological, social and economic impacts. May not be held with the former BIOE 4480. Registration restricted to Biosystems Engineering students.

BIOE 2590 Biology for Engineers  
3 Cr. Hrs
Provide theories and principles of Biology to engineering students and present applications of biological principles to engineering problems. Fundamental theories involved in cell structure and function, metabolism, genetics and heredity, bacteria and virus structure and function, plant and animal structure and function are covered. An introduction to animal and plant physiology is also provided. Laboratory sessions and term assignments focus on the engineering applications of these basic theories and principles to provide a good understanding of the role of Biology in Engineering. Prerequisite: CHEM 1300.

BIOE 2600 Plant and Animal Physiology for Engineers  
4 Cr. Hrs
Plant and animal physiology as affected by environment for use in the design of agricultural machines, structures, and food processes for biological products; models of simulation of plant and animal growth. Prerequisite: BIOE 2590. May not be held with the former AGRI 2200.

BIOE 2790 Fluid Mechanics  
4 Cr. Hrs
(Lab required) Definition of fluid; fluid properties; variation of pressure in a fluid; hydrostatic forces; buoyancy; kinematics of flow; control volumes; continuity; Bernoulli's equation; energy equation; flow in closed conduits; open channel flow. Prerequisites: ENG 1440 (or ENG 1441) and (MATH 1710 or MATH 1700 or MATH 1701). Not to be held with CIVL 2790.

BIOE 2800 Solid Mechanics  
4 Cr. Hrs
(Lab required) Analysis of deformable bodies; stress and strain in three dimensions; equilibrium equations and strain-displacement relations; constitutive relations and mechanical behaviour of materials; radially symmetric and plane problems in elasticity; relevant experimental demonstrations. Prerequisites: ENG 1440 (or ENG 1441) and (MATH 1710 or MATH 1700 or MATH 1701). Not to be held with CIVL 2800.

BIOE 2900 Biosystems Engineering Design 1  
4 Cr. Hrs
An introduction to the professional discipline of Biosystems Engineering and the philosophy of systems thinking that is used by the Biosystems engineer. Students will be introduced to several principles (i.e., safety engineering, human factors engineering and biomimicry) that should be considered during the design process, and will be given opportunity to apply these principles to design problems. The course will provide opportunity for students to develop technical communication, project management and teamwork skills. May not be held with BIOE 2580. Prerequisite: ENG 1430.

Biosystems Engineering Course Descriptions-3000 Level

BIOE 3270 Instrumentation and Measurement for Biosystems  
4 Cr. Hrs
Basic instrumentation for measuring electrical and non-electrical quantities associated with biosystems engineering and industry; transducers for automatic control. Prerequisites: [MATH 2132 (or the former MATH 2110)] and ENG 1450.

BIOE 3320 Engineering Properties of Biological Materials  
4 Cr. Hrs
(Lab required) Engineering properties of biological and interacting materials within the system. Relationship between composition, structure, and properties of plant, animal, and human tissues. Definition and measurement of mechanical, thermal, electromagnetic, chemical and biological properties and their variability. Use of these properties in engineering calculations. Prerequisites: [Math 2130 (or the former Math 2110)] and [BIOE 2800 or CIVL 2800 or MECH 2222 (or the former Mech 2220)].

BIOE 3400 Design of Structural Components in Machines  
4 Cr. Hrs
(Lab required) Design of structural components in machines; designing for axial tension and compression, connections for axial loadings, pinned trusses, bending, torsion, and combined loads; designing for welded connections; use of fluid power to enable movement of structural components. Students will use the computer as a design tool. May not be held with the former BIOE 4530. Prerequisite: BIOE 2800 or CIVL 2800 or MECH 2222.

BIOE 3530 Engineering Fundamentals  
3 Cr. Hrs
Principles of heat transfer, steam, psychrometrics, fluid mechanics, material balances, electricity and refrigeration. Cannot be held for credit in the Faculty of Engineering. Prerequisite: [MATH 1300 or equivalent] and [MATH 1500 or equivalent] or the former MATH 1680.

BIOE 3590 Mechanics of Materials in Biosystems  
4 Cr. Hrs
(Lab required) In this course students will be exposed to both the theory and physical behaviour of materials when subjected to loads. The course will be delivered using a combination of lectures and hands-on labs. The materials presented include a wide range of materials biosystems engineers may be involved with, including plastics, bone, wood, concrete, steel, other biological materials and composites. Prerequisite: BIOE 2800 or CIVL 2800, or MECH 2222.

BIOE 3900 Biosystems Engineering Design 2  
4 Cr. Hrs
An introduction to the use of reverse engineering to deduce design features from previously-designed products or systems. Considerations such as design for sustainability and design for disassembly will be discussed. Students will have opportunity to use reverse engineering principles i) to understand how components fit together to form functional systems, ii) to identify flaws and iii) to propose design improvements. Students will learn appropriate techniques for documenting the reverse engineering process. Theory of project management will also be taught and discussed. Prerequisites: [BIOE 2900 or the former BIOE 2580] and ENG 2022 or the former ENG 2020.

Biosystems Engineering Course Descriptions-4000 Level

BIOE 4240 Graduation Project  
3 Cr. Hrs
Either an independent or a directed study including at least one of: a comprehensive literature review, an experimental research project, or an engineering design problem. The project is to be concluded by a formal report or thesis. Prerequisites: BIOE 3270 or approval of department.

BIOE 4390 Unit Operations 1  
4 Cr. Hrs
(Lab required) Equipment and systems used in handling, mixing, size reduction, separation and size enlargement of value-added food products. Prerequisites: BIOE 2790 or CIVL 2790 or MECH 2262. Pre- or Corequisites: BIOE 3320 and BIOE 3270.

BIOE 4412 Design of Light-Frame Building Systems  
4 Cr. Hrs
(Lab required) Light-frame buildings as a structural and environmental system; structural loads in building systems; energy (heat), moisture and air contaminants in building systems; built-environment for building occupants. Hands-on labs of constructing small-scale structures for students to gain an understanding of building construction techniques. May not be held with CIVL 4024. Prerequisites: BIOE 2110. Pre- or Corequisite: BIOE 3590.

BIOE 4414 Imaging and Spectroscopy for Biosystems  
4 Cr. Hrs
The purpose of this course is to familiarize senior Biosystems Engineering students with the fundamentals of imaging and spectroscopy for biosystems. Techniques of image acquisition, storage, processing, and pattern recognition will be taught. Various spectroscopy techniques and their applicability to biological materials will be discussed. Analysis of data using statistical, artificial neural networks and chemometric methods will be covered. Offered in alternate years. Prerequisite: BIOE 3270.

**BIOE 4416 Topics in Biosystems Engineering** 3 Cr. Hrs
This course will cover contemporary topics in Biosystems Engineering. The specific topics and a detailed outline will be available at the time of registration. Prerequisite: Permission of the department.

**BIOE 4420 Crop Preservation** 4 Cr. Hrs
Biological and physical deterioration during storage. Methods of preserving and storing cereals, oilseeds, and other agricultural crops. Prerequisite: BIOE 2110.

**BIOE 4440 Bioprocessing for Biorefining** 4 Cr. Hrs
This course will provide students with an understanding of the principles involved in the design of proper conditions for processing of biomaterials for production of high-quality biofuels and bioproducts. The content of this course is built on the principles of physics, transport phenomena, thermodynamics, reaction, kinetics, fermentation, and industrial unit operations. Prerequisite: BIOE 2110. Pre- or corequisite: BIOE 3320.

**BIOE 4460 Air Pollution Assessment and Management** 4 Cr. Hrs
(Lab required) Air pollutant sources and characteristics, their impact on the environment, their behaviour in the atmosphere. Methods of sampling and measurement and the basic technological alternatives available for separation/removal and control. Particular problems of regional interest are discussed. Pre- or Corequisites: BIOE 2790 or CIVL 2790 or MECH 2262 or the former MECH 2260.

**BIOE 4500 Water Management** 3 Cr. Hrs
Introduction to the design of irrigation and drainage systems. Topics in irrigation include sprinklers, laterals, mainline and pumps. Drainage topics cover both the surface and subsurface systems. Analysis of precipitation and runoff. Environmental impacts of water management. Offered alternate years.

**BIOE 4520 Crop Preservation and Handling** 3 Cr. Hrs
Interaction of biological and physical factors related to methods of preserving, storing, and handling cereals, oilseeds, and other agricultural crops. Offered alternate years.

**BIOE 4560 Structural Design in Wood** 4 Cr. Hrs
Design using wood as a structural material in light-frame buildings. Consideration of design constraints associated with sawn lumber as well as based composite materials. Emphasis on use of computer-based design aids. Prerequisites: CIVL 3770 or BIOE 3590.

**BIOE 4590 Management of By-Products from Animal Production** 4 Cr. Hrs
(Lab required) Topics covered include solid and liquid manure, manure characteristics, manure collection, storage, land application and utilization, biological treatment, design of equipment and facilities for manure handling. Environment issues, such as odor and water pollution associated with manure management will also be discussed. Prerequisites: BIOE 2790 or CIVL 2790 or MECH 2262 or the former MECH 2260.

**BIOE 4600 Design of Water Management Systems** 4 Cr. Hrs
To introduce the basic theoretical principles in the design of irrigation and drainage systems. Topics covered include the determination of irrigation depth and interval, evapotranspiration, measurement and analysis of precipitation, design of sprinkler and drip irrigation systems, selection of pumps, surface and subsurface drainage design, water quality issues, salinity management, and the environmental impact of water management practices. Corequisite: SOIL 4060 or CIVL 3730 or consent of instructor.

**BIOE 4610 Design of Assistive Technology Devices** 4 Cr. Hrs
Application and design of technology for individuals with disabilities; emphasizing the development of the requisite knowledge, skills, and attitudes to evaluate, design, and implement client-centred assistive technology. A multi-disciplinary approach to learning and applying knowledge will be emphasized with engineering and medical rehabilitation students collaborating on a design project. Prerequisite: BIOL 1412 (or ZOOL 1330).

**BIOE 4620 Remediation Engineering** 4 Cr. Hrs
(Lab required) The theoretical basis for the engineering design of different remediation technologies to treat contaminated soil and groundwater will be introduced. Methods for site characterization, monitoring of progress in remediation, and modeling of the remediation process will be presented. Different methods such as soil washing, air sparging, bioremediation, phytoremediation, constructed wetlands, electrokinetic remediation, reactive barriers will be discussed. Prerequisite: BIOE 2790 or CIVL 2790 or MECH 2262 or the former MECH 2260.

**BIOE 4630 Pollution Prevention Practices** 4 Cr. Hrs
To give students an understanding of pollution prevention as it relates to solids and hazardous waste management, air and water pollution, energy usage, and resource depletion. To evaluate practices on improved manufacturing operations, present fundamentals of pollution prevention economics, examine waste minimization incentives, design improvements to existing systems, and investigate overall sustainability of industrial practices. Prerequisite: CIVL 2790 or MECH 2262 (or MECH 2260).

**BIOE 4640 Bioengineering Applications in Medicine** 4 Cr. Hrs
This course surveys bioengineering applications and medicine from a clinical engineering perspective. Topics include: clinical engineering practice; device development legislation; biomedical sensors; biosensors; biomaterials and biocompatibility; as well as the principles of and design for medical imaging equipment. Prerequisites: BIOL 1410 (or ZOOL 1320) and BIOL 1412 (or ZOOL 1330) and BIOE 3320.

**BIOE 4650 Textiles in Healthcare and Medical Applications** 4 Cr. Hrs
This course provides students with an introduction to medical textiles and healthcare products used in current practices, as well as fundamentals for designing textile products and devices that improve the health and quality of life of human beings. The course includes both basic topics related to healthcare and medical textiles (i.e., materials and structures, nanofibers for medical uses, comfort and health problems with textiles, biocompatibility and biostability issues) and applications of textile products for healthcare and medical end uses (i.e., protective and hygiene textiles, external devices, tissue engineering and intelligent/smart textiles). May not be held with TXSC 3500 or TXSC 4500. Prerequisite: BIOE 2590. Pre- or Corequisite: BIOE 3320.

**BIOE 4700 Alternative Building Design** 4 Cr. Hrs
(Lab required) This course will provide students with experience in the design of structures that utilize natural and green building materials and techniques. Students will get hands-on lab experience with various natural building materials such as straw, straw light clay, cob and stackwall. May not be held with CIVL 4024. Pre- or Corequisites: BIOE 3590 or CIVL 3770.

**BIOE 4900 Biosystems Engineering Design** 3 Cr. Hrs
An opportunity for the Biosystems Engineering student to practice fundamental engineering competencies (project management, technical communication) in the preparation of a preliminary design for the client. Students will be expected to demonstrate professionalism as a part of a design team. May not be held with BIOE 3580. Prerequisite: BIOE 3900.

**BIOE 4950 Biosystems Engineering Design** 4 Cr. Hrs
An opportunity for the Biosystems Engineering student to validate a conceptual solution to an engineering problem through fabrication and testing of a prototype. Students will be expected to employ project management skills to ensure completion of both prototype and an engineering report for a client by the end of the semester. May not be held with BIOE 4580. Prerequisite: BIOE 4900.

Entomology Course Descriptions-0 Level

**ENTM 0610 Beekeeping** 2 Cr. Hrs

Introduction to beekeeping that includes economics and marketing of honey and beeswax, equipment and its construction, pollen and nectar plants, pollination, management systems, diseases and pests, honey handling, package bees, wintering of bees, etc.

**ENTM 0620 Pest Management and Farm Insects** 4 Cr. Hrs

Characteristics, damage, and identification; insecticide use and safety; life histories and control of common Manitoba livestock, field and farmyard insects. General principles of pest management in agriculture will also be discussed.

Entomology Course Descriptions-1000 Level

**ENTM 1000 World of Bugs** 3 Cr. Hrs

A survey of insect biology and life styles with emphasis on insect diversity and human-insect interactions.

Entomology Course Descriptions-2000 Level

**ENTM 2050 Introductory Entomology** 3 Cr. Hrs

A basic course for students requiring a foundation in entomology. The anatomy, life history, identification, adaptations, and relations of insects to humans are examined along with methods of collecting and preserving insect specimens.

Entomology Course Descriptions-3000 Level

**ENTM 3160 Veterinary and Wildlife Entomology** 3 Cr. Hrs

An introduction to the insects and their relatives that affect domestic animals, pets and wildlife. Special consideration is given to life histories, insect/host interaction, evolutionary relationships, impact on host vertebrates and pest management. Not all courses are offered every year. Please contact the department regarding course availability.

**ENTM 3162 Manitoba's Insect Fauna** 3 Cr. Hrs

A collection of insects is required. Emphasis is placed on collecting techniques, specimen preparation, diversity of species collected, organization and curatorial skills, and accuracy of identification. Students should contact instructors in April preceding registration in this course. Prerequisite: ENTM 2050.

**ENTM 3170 Crop Protection Entomology** 3 Cr. Hrs

A course for students requiring a foundation in entomology and knowledge of major insect pest groups in Western Canada. The pests and principles for their control (chemical, cultural, mechanical, physical and biological methods) are explored with emphasis on the entire ecosystem. Students may not hold credit in ENTM 3170.

**ENTM 3180 Field Techniques in Entomology** 3 Cr. Hrs

A field course to provide a foundation in field sampling and collection techniques for insects in natural and agroecosystems. The course is run at the University of Manitoba Star Lake research station near Whiteshell MB. Transportation to and from the University and accommodations are included. Six day intensive field-based course. Prerequisites: none.

**ENTM 3190 Introduction to Applied Entomology** 3 Cr. Hrs

A course providing a foundation in applied entomology covering topics including: basic insect biology, insect pest management, insect biodiversity and the biological services provided by insects. Online lecture presentations, weekly readings and online laboratories. Prerequisites: none. May not be held with ENTM 3170.

Entomology Course Descriptions-4000 Level

**ENTM 4000 Topics in Entomology** 3 Cr. Hrs

A Course of assigned readings and literature review essays for students in the minor in Entomology program. Prerequisite ENTM 2050 and consent of department head.

**ENTM 4250 Pesticide Toxicology** 3 Cr. Hrs

Action, behaviour, and fate of pesticides in target and non-target species and in the environment. Past, present, and future chemical control agents will be discussed on the basis of chemical and biochemical knowledge. Prerequisite: A course in biochemistry. Not all courses are offered every year. Please contact the department regarding course availability.

**ENTM 4280 Aquatic Entomology** 3 Cr. Hrs

Adaptations and significance of insects to aquatic habitats, with emphasis on identification. Aquatic insects as indicator species of pollution and their response to chemical pesticide application. A collection of aquatic insects is required. Prerequisites: ENTM 2050; AGEC 2370 or BIOL 2300 (formerly ZOOL 2370) or BOTN 2370; or consent of instructor. Not all courses are offered every year. Please contact the department regarding course availability.

**ENTM 4320 Pollination Biology** 3 Cr. Hrs

The biology, ecology of social, semisocial and solitary insect pollinators and their ecological interactions with entomophilous plants. Not all courses are offered every year. Please contact the department regarding course availability.

**ENTM 4500 Insect Taxonomy and Morphology** 3 Cr. Hrs

Study of insect structure combined with evolution of insect orders. Modern concepts of subspecies, species and higher taxa. Collection required (contact instructor for details in April/May of preceding year.) Students may not hold credit for ENTM 4500. Prerequisite: ENTM 2050 or consent of instructor.

**ENTM 4520 Physiological Ecology of Insects** 3 Cr. Hrs

The effect of environmental factors such as temperature, moisture, light and other organisms on the physiology and ecology of insects. Prerequisite: ENTM 2050 or consent of instructor. Not all courses are offered every year. Please contact the department regarding course availability.

Food and Human Nutritional Sciences-Food course descriptions-1000 level

**FOOD 1000 Food Safety Today and Tomorrow** 3 Cr. Hrs

A contemporary examination of the safety of the food supply - where, how and why problems may arise and what is and can be done to consistently achieve high quality, safe food. Controversial issues (residues, organic, biotechnology, irradiation) will be discussed in a balanced manner, and prospects for the future presented.

Food and Human Nutritional Sciences-Food course descriptions-2000 level

**FOOD 2500 Food Chemistry** 3 Cr. Hrs

The chemical components of food. Chemical problems and chemical changes which exist uniquely in foods. Prerequisite: CHEM 2770 or MBIO 2770 or CHEM 2360 or MBIO 2360.

<td>3 Cr. Hrs</td>
</tr>
<tr>
<td></td>
<td>Technology of frozen dairy products, including selection and processing of materials and handling of products. Standards and quality control programs for major dairy products will be covered. Offered in 2006-07 and alternate years thereafter.</td>
<td></td>
</tr>
<tr>
<td>FOOD 3170</td>
<td>Cheese and Fermented Milk Products</td>
<td>3 Cr. Hrs</td>
</tr>
<tr>
<td></td>
<td>Selection and evaluation of raw materials and lactic cultures are covered. Processing, packaging and distribution of cheddar and cottage cheese, cultured milk, cream and yogurt are studied. Offered in 2005-2006 and alternate years thereafter.</td>
<td></td>
</tr>
<tr>
<td>FOOD 3200</td>
<td>Baking Science and Technology</td>
<td>3 Cr. Hrs</td>
</tr>
<tr>
<td></td>
<td>The science and technology of transforming wheat into quality baked foods. Focus will be on the biophysical and biochemical basis for the functionality of intrinsic wheat constituents, e.g. starch, and gluten proteins, and extrinsic ingredients, e.g. yeast, chemical leaveners, fats, oxidants, enzymes and other improvers. Principles of product formulations and modern processing techniques used to add value to wheat as diverse foods will also be covered. Prerequisite: CHEM 2770 or MBIO 2770.</td>
<td></td>
</tr>
<tr>
<td>FOOD 3210</td>
<td>Food Engineering Fundamentals</td>
<td>3 Cr. Hrs</td>
</tr>
<tr>
<td></td>
<td>Applications of engineering fundamentals to unit operations in the food industry. Prerequisite: BIOL 3530.</td>
<td></td>
</tr>
<tr>
<td>FOOD 3220</td>
<td>Grains for Food and Beverage</td>
<td>3 Cr. Hrs</td>
</tr>
<tr>
<td></td>
<td>The science and technology behind the functionality of major Canadian cereal grains and grain legumes for food and beverage. Grains covered include wheat, barley, oats, peas, beans, and lentils in the context of their processing into products such as bread, pasta and beer, and foods high in dietary fibre. Details are presented on the differing physical and chemical attributes of grains to make quality products with focus on the roles of protein, starch, and non-starch polysaccharides. Prerequisite: FOOD 2500 or equivalent.</td>
<td></td>
</tr>
<tr>
<td>FOOD 3500</td>
<td>Processing of Animal Food Products</td>
<td>3 Cr. Hrs</td>
</tr>
<tr>
<td></td>
<td>Processing of materials of animal origin will be studied with emphasis on product quality and safety. Impact of initial characteristics as well as processing technologies will be discussed in relation to nutritive value, convenience, functionality, aesthetic factors and food safety. Prerequisite: CHEM 2770 or MBIO 2770 or CHEM 2360 or MBIO 2360. Offered in 2006-2007 and alternate years thereafter.</td>

<td>This course will allow the student to gain an understanding of the product development procedure as it relates to the food industry. Emphasis will be on application of basic knowledge of foods and food processing in designing a new product. Prerequisites: MKT 2210, STAT 2000 or equivalent, FOOD 3010 or consent of instructor. Cannot be held with HNSC 4280.</td>
<td></td>
</tr>
</tbody>
</table>
FOOD 4540 Functional Foods and Nutraceuticals 3 Cr. Hrs
The course will examine the bioactive components of functional foods and nutraceuticals, their sources, chemistry, process technology, efficacy, safety and regulation. Prerequisite: CHEM 2770 or MIBO 2770 or MBIO 2360 or CHEM 2360.

Food and Human Nutritional Sciences-HNSC course descriptions-1000 Level

HNSC 1100 Nutrition for Healthy Living 3 Cr. Hrs
An introduction to nutrition and practical approaches for healthy diet and disease prevention. Prerequisites: Enrollment in the Aboriginal Community Wellness Diploma program. Not to be held with HNSC 1210

HNSC 1200 Food: Facts and Fallacies 3 Cr. Hrs
This course will present facts and fallacies about food from harvest to market forms. Emphasis will be placed on technological development, consumer concerns and factors affecting nutritional quality. Current issues related to food safety and nutritional trends will also be discussed.

HNSC 1210 Nutrition for Health and Changing Lifestyles 3 Cr. Hrs
This course addresses the relationship between nutrition and health. The focus is on healthy eating and on strategies for modifying food patterns within the context of lifestyle and culture. Not to be held with HNSC 1100.

Food and Human Nutritional Sciences-HNSC course descriptions-2000 Level

HNSC 2140 Basic Principles of Human Nutrition 3 Cr. Hrs
The scientific principles underlying nutrient function and dietary requirements. Prerequisites: A grade of C or higher in [CHEM 2770 or MIBO 2770 or CHEM 2360 or MBIO 2360] and [HNSC 1210 and HNSC 1200] or [FOOD 2500].

HNSC 2170 Nutrition for Health Professionals 2 Cr. Hrs
An examination of the fundamentals of nutrition and the relationship between nutrition and health within the context of the health professions. The focus is on nutritional strategies used to promote health and in the treatment of common health conditions. May not be held with HYGN 2370, or the former ORLB 2150, ORLB 2330, or the former PHRM 2420. This course is restricted to students registered in Nursing or Pharmacy.

HNSC 2130 Nutrition Through the Life Cycle 3 Cr. Hrs
Examination of nutritional needs throughout the life cycle, the nutritional concerns of different age groups and the development of healthy eating practices. Prerequisite: HNSC 1210.

HNSC 2150 Composition, Functional and Nutritional Properties of Foods 3 Cr. Hrs
Food composition, food market forms, food composition data for nutritional assessment and labelling. Prerequisites: HNSC 1200 and HNSC 1210 and [CHEM 1320 or CHEM 1310].

HNSC 2160 Principles of Food Preparation and Preservation 3 Cr. Hrs
(Lab Required) Food preparation, preservation, handling and storage; quality and safety implications; scientific basis for culinary practice; use and application of equipment. Prerequisite: HNSC 1200 and [CHEM 1320 or Chem 1310].

Food and Human Nutritional Sciences-HNSC course descriptions-3000 Level

HNSC 3260 Food Quality Evaluation 3 Cr. Hrs
Discussion of quality concepts and quality assurance principles for food applications, and of methods for evaluation of sensory, chemical and physical aspects of quality. The course will include food industry visits and demonstrations of food testing techniques. Prerequisites: [HNSC 2160 or FOOD 3010] and STAT 2000.

HNSC 3300 Vitamins and Minerals in Human Health 3 Cr. Hrs
The physiological importance of vitamins and minerals in the human body, including factors affecting dietary requirements, metabolism and roles in disease progression and prevention. Prerequisites: [CHEM 2780 or MIBO 2780 or CHEM 2370 or MIBO 2370] and HNSC 2140 and [BIOL 1412 or 2420 (ZOOL 1330 or 2540)].

HNSC 3310 Macronutrients and Human Health 3 Cr. Hrs
Macronutrient functions and metabolic roles in human health, including the prevention and pathogenesis of various diseases. Prerequisites: [CHEM 2780 or MIBO 2780 or CHEM 2370 or MIBO 2370] and [HNSC 2140 and [BIOL 1412 or 2420 (ZOOL 1330 or 2540)].

HNSC 3320 Nutrition Education and Dietary Change 3 Cr. Hrs
Theoretical and practical aspects influencing dietary change at the individual and population level, with emphasis on nutritional education. Prerequisites: [PSYC 1200 or SOC 1200] and HNSC 2130 and HNSC 2140.

HNSC 3330 Ingredient Technology for Designed Foods 3 Cr. Hrs
Chemical and functional properties of ingredients and their application in designed foods: low fat, low calorie, high fibre, high energy and innovative food products. Prerequisites: [CHEM 2780 or MIBO 2780 or CHEM 2370 or MIBO 2370 and HNSC 2150] or [CHEM 2220 and FOOD 2500].

HNSC 3342 Management for Food and Nutrition Professionals 3 Cr. Hrs
Management strategies and cost control principles as applied to food and nutrition organizations. Topics include leadership, organizational design, teamwork, human resource management, performance improvement, cost management, and the interpretation of financial statements. Not to be held with HNSC 3340. Prerequisites: HNSC 2150 and HNSC 2160 and GMGT 1010.

HNSC 3350 Culture and Food Patterns 3 Cr. Hrs
(Lab Required) A study of the cultural, sociological and psychological aspects of food patterns and behaviour. Prerequisites: [PSYC 1200 or SOC 1200] and HNSC 1200 and HNSC 1210.

HNSC 3370 Food Geographies 3 Cr. Hrs
This course provides a critical examination of the geographies of food at a variety of scales, from the body to the global. The course focuses on themes in three interconnected areas: 1) food production and the global food system from farm to plate including agribusiness and alternative food production and distribution models; 2) food consumption habits and beliefs and foodways as geographically contingent material culture; and 3) food (in)security and its relationship to health and wellbeing. This course is cross-listed with GEOG 3870. Prerequisites: A grade of “C” or better in GEOG 1280, GEOG 1281, GEOG 1200 or HNSC 1200, or permission of the department head.

Food and Human Nutritional Sciences-HNSC course descriptions-4000 Level

HNSC 4120 Senior Thesis 3 Cr. Hrs
The preparation and presentation of a report based on a survey of the literature or on a laboratory investigation of an approved topic. Prerequisites: Students must be registered in their final year of Human Nutritional Science program or the Minor in Human Nutrition and Metabolism. Application required. Enrolment limited. Not to be held with HNSC 4122 or HNSC 4600.

HNSC 4122 Research Project in Human Nutritional Sciences 6 Cr. Hrs
A research project in any aspect of human nutritional sciences, chosen in consultation with the supervising faculty member. A written report and a poster or oral presentation required at the end of the project. Students must be registered in their final year of Human Nutritional Sciences program. Application required. Enrolment limited. May not be held with HNSC 4120 or HNSC 4600.

**HNSC 4140 Quantity Food Production and Management**  
3 Cr. Hrs  
*(Lab Required)* Menu planning, Food costing. Experience in standard methods of institutional food production and service. Prerequisites: HNSC 3340 or HNSC 3342 and HNSC 2160 or consent of instructor. Additionally, students must complete the Food Handlers Certificate Program and must submit the form to the Department by June 15th in order to be permitted to enter HNSC 4140.

**HNSC 4160 Seminar in Foods and Nutrition**  
3 Cr. Hrs  
A critical study of research in the field of foods and nutrition; oral and written reports required. Restricted to 4th year majors in the Department. Prerequisites: completion of 84 Credit Hours in the HNS program and HMEC 2000 or HMEC 3100.

**HNSC 4260 Selected Topics in Human Nutrition**  
3 Cr. Hrs  
Recent developments in human nutrition research. Prerequisite: consent of instructor.

**HNSC 4270 Sensory Evaluation of Food**  
3 Cr. Hrs  
*(Lab Required)* Sensory perception, principles of the sensory analysis of food, requirements for sensory testing, test methods, selection and training of panelists, statistical analysis and interpretation of data. Prerequisites: [HNSC 2160 or FOOD 3010 or ENTM 3240] and STAT 2000 or equivalent.

**HNSC 4280 Food Product Development**  
3 Cr. Hrs  
This course focuses on food industry product development procedures. Emphasis will be on application of basic knowledge of foods and food processing in designing a new product. Prerequisites: MKT 2210 and STAT 2000 and (one of FOOD 3010 or HNSC 3330). Not to be held with FOOD 4510.

**HNSC 4290 Food, Nutrition and Health Policies**  
3 Cr. Hrs  
Principles and applications of policies, regulations and legislation in the areas of food and health that address nutrition and health problems of populations. Prerequisites: HMEC 2000 (or 2050) and HNSC 2130 or 2140 and HNSC 2150 and STAT 2000.

**HNSC 4300 Community Nutrition Intervention**  
3 Cr. Hrs  
Principles of planning and evaluating nutrition related interventions. Examples of community needs assessments, program planning strategies and types of program evaluation will be examined. Prerequisite: HNSC 3320.

**HNSC 4310 Nutrition and the Elderly**  
3 Cr. Hrs  
The role of nutrition in health promotion and disease prevention during aging. Prerequisites: HNSC 3310 and HNSC 3320. Prerequisite or corequisite: HNSC 3300. Offered in alternate years, opposite HNSC 4340.

**HNSC 4320 Nutrition Management of Disease States**  
3 Cr. Hrs  
*(Lab Required)* Nutritional assessment and dietary management of acute and chronic disease states. Prerequisite or corequisite: HNSC 3300 and HNSC 3310 and HNSC 3320.

**HNSC 4340 Maternal and Child Nutrition**  
3 Cr. Hrs  
The role of nutrition in normal human development from conception through childhood. Prerequisites: HNSC 3310 and HNSC 3320. Prerequisite or corequisite: HNSC 3300. Offered in alternate years opposite HNSC 4310.

**HNSC 4350 Nutrition in Exercise and Sport**  
3 Cr. Hrs  
The application of nutritional regimens to meet exercise requirements and improve athletic performance. Current practices and recommendations for different types of sports will be examined. Prerequisites: [HNSC 1210] and [PHED 3430, or KIN 3470, or PHED 3470] or [ZOOL 1330].

**HNSC 4362 Nutrition Option Practicum**  
6 Cr. Hrs  
Practical applications of nutrition principles in a variety of public service and research applications. Prerequisites: completion of 84 Credit Hours in the Human Nutritional Sciences program with two of the following courses: HNSC 3300, HNSC 3310, HNSC 3320, and HNSC 3330. Application to the department is required. Limited enrolment.

**HNSC 4364 Foods Industry Option Practicum**  
6 Cr. Hrs  
This course involves supervised application of food quality, safety, and management principles in a commercial or government setting. Requirements include 280 hours of work related to the field experience. Prerequisites: Completion of 84 Credit Hours in Human Nutritional Sciences, including the following courses from the Food Industry Option: HNSC 3260, HNSC 3330, FOOD 4150 and GMGT 1010. Application to department is required. Limited enrolment.

**HNSC 4540 Functional Foods and Nutraceuticals**  
3 Cr. Hrs  
This course will examine the bioactive components of functional foods and nutraceuticals, their sources, chemistry, process technology, efficacy, safety and regulation. Prerequisite: [CHEM 2770 or Mbio 2770 or CHEM 2360 or MBIO 2360]. Not to be held with FOOD 4540.

**HNSC 4600 Practice-based Research in Human Nutritional Sciences**  
3 Cr. Hrs  
A practice-based research project relevant to dietician practice. Prerequisite: Registration in the 4th year of the Human Nutritional Sciences program and any two of HNSC 3300, HNSC 3320 & HNSC 3330, and instructor permission required. Enrolment limited to students pre-selected by the Manitoba Partnership Dietetic Education Program. Not to be held with HNSC 4120 or HNSC 4122

**Plant Science Course Descriptions-0 Level**

**PLNT 0410 Crop Production Principles and Practices**  
4 Cr. Hrs  
*(Lab required)* This course provides a broad understanding of the principles and practices of crop production. The importance of crop production for western Canada and for worldwide food production. Constraints, challenges and opportunities will be explored. The course will cover crop plant biology and provide an introduction to agronomic management practices for Manitoba crop production. Topics will include crop rotation, cultivar selection, tillage, seeding, fertilizer, pest control, precision agriculture and bio security.

**PLNT 0750 Forage and Pasture Management**  
4 Cr. Hrs  
*(Lab required)* This course covers forage crops and the continuum of improved and unimproved pasture land a discussion of production practices including: choice of species and cultivars of forage crops, cultural management including tillage practices, pest control, forage harvesting, grazing management and seed production. Prerequisite: PLNT 0410 or the former DAGR 0420.

**PLNT 0760 Crop Production Specialization and Innovation**  
4 Cr. Hrs  
*(Lab required)* Tools and research to support sound agronomic decision-making for production of cereals, oilseeds, pulses and upcoming innovative special crops in Manitoba. An emphasis on assessing potential of incorporating innovative and specialized crops to achieve economical and ecological benefits. The course will address planning, production and harvesting of special crops as well as product quality, opportunities for processing and marketing. Prerequisite: PLNT 0410 or the former DAGR 0420.

**PLNT 0770 Weed Management**  
4 Cr. Hrs  

Faculty of Agricultural and Food Sciences/ School of Agriculture  
141  
Undergraduate Calendar 2018-2019
General principles of weed management and pesticide use safety as they relate to weed control. Topics will include weed biology and identification, economic importance, principles of chemical, cultural, mechanical and biological weed management, introduction to herbicides including modes of action and factors influencing their use, selectivity, risks for development of herbicide-resistant weeds and how to mitigate this risk. Prerequisite: PLNT 0410 or the former DAGR 0420.

PLNT 0780 Plant Disease Management 4 Cr. Hrs
(Lab required) General principles of pest management and pesticide use safety as they relate to plant disease control. Discussion of diseases attacking field and horticultural crops in the prairies including: disease symptoms, cycles, prevention and control. Prerequisite: PLNT 0410 or the former DAGR 0420.

PLNT 0790 Landscape Horticulture 4 Cr. Hrs
Principles of the production and use of horticultural plants in the rural and urban landscape including the establishment and value of shelterbelts. Topics include basic plant propagation, the principles of choosing and establishing ornamental trees, shrubs, herbaceous perennials, annuals, lawns, and multi-use fruit-bearing plants in the landscape, and development of a landscape plan.

PLNT 0800 Diversification with Horticultural Crops 4 Cr. Hrs
Principles of the production and unique characteristics of horticultural crops including potato, vegetable, fruit, herb, spice, and nutraceutical. The potential for diversifying into and adding value to these alternate crops is examined.

PLNT 0810 Special Topics in Crop Management 3 Cr. Hrs
Selected topics of current interest in Crop Management. Prerequisite: written consent of the Director of the School of Agriculture.

PLNT 0820 Organic Crop Production on the Prairies 3 Cr. Hrs
Management principles and practices involved in the production of organic field and forage crops with a focus on the Canadian Prairie Region. Prerequisites: PLNT 0410 (or the former DAGR 0420) and SOIL 0420.

PLNT 1000 Urban Agriculture 3 Cr. Hrs
Urban environments and their importance for food production, increasing biodiversity, and reducing pollution are presented. Topics include principles of vegetable, fruit and herb production, landscape plants, and utilization of natural systems for composting, water management and reduced pesticide use. Benefits to environment, community development, and human health are discussed.

PLNT 2500 Crop Production 3 Cr. Hrs
An introduction to the principles and practices of crop production in Canada. Topics will include physiological processes and factors affecting plant yield, plant improvement, seed production, and production of the major cereal, oilseed, forage and special crops. Prerequisite: AGRI 1500.

PLNT 2510 Fundamentals of Horticulture 3 Cr. Hrs
Principles of the culture, marketing, and utilization of fruits, vegetables, and ornamentals, their contribution to the economy and well-being of consumers, and impact of horticultural activities on the environment. Prerequisites: BIOL 1020 and BIOL 1030; AGRI 1500; or consent of instructor. This course is offered in alternate years.

PLNT 2520 Genetics 3 Cr. Hrs
Basic principles of genetics and their practical application in the areas of DNA structure and function, genome organization and genetic analysis. Laboratory sessions provide practical experience in solving genetic problems and conducting genetic investigations. Not to be held with BIOL 2500 or the former BOTN 2460. Prerequisite: a minimum grade of "C" in BIOL 1020 and BIOL 1030.

PLNT 2530 Plant Biotechnology 3 Cr. Hrs
An introduction to current biotechnological techniques, including recombinant DNA, plant tissue culture, plant transformation and regeneration. A background to the techniques as well as a discussion of their applications in current biology and crop production will be examined. A laboratory will provide first hand experience with many of the techniques. Prerequisites: CHEM 2360 or Mbio 2360 or CHEM 2770 or Mbio 2770 and PLNT 2520 or BIOL 2500 or the former BOTN 2460.

PLNT 3140 Introductory Cytogenetics 3 Cr. Hrs
An introduction to the structure and function of eukaryotic genomes, from the gene to the chromosome. Topics include the cell cycle, meiosis, chromatin, chromosome and genome organization, karyotyping, changes in chromosome number and structure, physical mapping and chromosome evolution. Labs cover use of the microscope, meiosis, chromosome staining and banding, and bioinformatic analysis of chromosomes. Prerequisites: PLNT 2520 or BIOL 2500 or the former BOTN 2460.

PLNT 3400 Plant Physiology 3 Cr. Hrs
Examination and analysis of sustainable prairie cropping systems. Emphasis will be placed on integrated systems that optimize the benefits of crop rotation, and conserve soil, water and wildlife resources. Conventional, traditional and alternative crop production systems will be discussed. Includes a limited number of tutorials to allow for field tours and guest speakers. Prerequisite: PLNT 2500.

PLNT 3520 Principles of Plant Improvement 3 Cr. Hrs
Basic objectives, principles, and methods of plant genetic improvement. Traditional and modern plant breeding, genetic resources, selection, and applications of tissue culture, genetic engineering and molecular markers to plant improvement. Prerequisite: PLNT 2520 or BIOL 2500 or the former BOTN 2460.

PLNT 3540 Weed Science 3 Cr. Hrs
Identification, biology and ecology of weeds of agricultural importance in western Canada, including principles of cultural, mechanical, biological and chemical control. Topics include weed interference, effects of rotational and management practices on weed species composition, herbicide selectivity and mechanism of action, and emerging control technologies. Prerequisites: BIOL 1020 and BIOL 1030; AGRI 1500 or consent of instructor.

PLNT 3560 Organic Crop Production on the Prairies 3 Cr. Hrs
Management principles and practices involved in the production of organic field and forage crops with a focus on the Canadian Prairie region. Also available in online delivered format. Prerequisites: PLNT 2500 and SOIL 3600 or consent of instructor.

PLNT 3570 Fundamentals of Plant Pathology 3 Cr. Hrs
An introduction to the science of plant pathology. Topics include causal agents of diseases, symptoms and diagnoses, modes of infections and
spread, mechanisms in disease and control, effects of the environment on
disease development, and methods of disease control. This course is a
prerequisite for more advanced courses in plant pathology. Prerequisite:
BIOL 2260 or the former BOTN 2210.

**Plant Science Course Descriptions-4000 Level**

**PLNT 4270 Plant Disease Control**  
3 Cr. Hrs  
Diseases attacking field crops and horticultural plants: recognition of
symptoms, methods of prevention, alleviation, and control. Prerequisite:
PLNT 2500 or consent of instructor.

**PLNT 4310 Introductory Plant Genomics**  
3 Cr. Hrs  
An introduction to basic technologies in plant genomics. Topics include
DNA sequencing, molecular marker detection, genome sequencing, gene
expression analysis, gene mapping and functional analysis. A laboratory will
provide hands-on experience with several genomic techniques. Not to be
held with the former PLNT 4540. Prerequisites: PLNT 2520 OR BIOL 2500 or
the former BOTN 2460 or consent of instructor.

**PLNT 4330 Intermediate Plant Genetics**  
3 Cr. Hrs  
A study of gene behaviour as related to genetic analyses of data from plant
populations; multiple allelic systems and polygenic inheritance of
quantitative traits; extra-chromosomal inheritance and the significance of
cytoplasmic influence. Examples will be drawn from experimental data
where available. Prerequisite: PLNT 2520 or BIOL 2500 or the former BOTN
2460.

**PLNT 4380 Plant Science Thesis**  
6 Cr. Hrs  
An independent research project under the supervision of a staff member.
A thesis including a literature review, methods, results and discussion is
required. Enrollment limited. Open only to students in their 4th year. Not to
be held with SOIL 4080. Prerequisite: Consent of department head.

**PLNT 4410 Grassland Agriculture: Plant, Animal and Environment**  
3 Cr. Hrs  
Inter-relationships between the biological components of grassland
agriculture as they relate to forage production on the Canadian Prairies.
Topics include utilization by wild and domestic animals, plant community
relationships and role of forages in multiple land use planning. This course
also offered in Animal Science as ANSC 4410.

**PLNT 4550 Developmental Plant Biology**  
3 Cr. Hrs  
An introduction to mechanisms regulating morphogenesis and plant
growth and development. Emphasis will be on experimental approaches
used to investigate pattern formation at sub cellular, cellular, tissue and
organ levels. A heavy tissue culture component in the lab will implement
the lecture topics and will provide new insights into ways to study plant
development in vitro. Prerequisite: PLNT 3400 or BIOL 3400 or the former
PLNT 3500.

**PLNT 4570 Research Methods in Plant Pathology**  
3 Cr. Hrs  
Course will provide practical training in plant pathology and will cover
plant disease diagnosis, pathogen isolation, identification, inoculation, and
storage. Molecular techniques currently used in the study of plant
pathogens will be covered. The laboratory component aims at preparing
students for a professional career in plant protection and research in plant
pathology. Prerequisite: PLNT 3570 or consent of instructor.

**PLNT 4580 Molecular Plant-Microbe Interactions**  
3 Cr. Hrs  
Course will cover general principles and mechanisms related to plant-
pathogen interactions, such as in gene-to-gene and toxin models. Emphasis
will be on biochemical/molecular mechanisms of plant-microbe
recognition, pathogenesis, and plant reactions to infections. Both beneficial
and deleterious associations will be covered. Prerequisite: PLNT 3570. This
course is offered in alternate years.

**PLNT 4590 Physiology of Crop Plants**  
3 Cr. Hrs  
Concepts dealing with the physiological response of crop plants to the
environment from the time of seed germination through to reproduction.
Prerequisites: PLNT 3400 or BIOL 3400 or consent of instructor.

**PLNT 4600 Issues in Agricultural Biotechnology**  
3 Cr. Hrs  
By lecture, group discussion, individual/group projects selected topics
related to the introduction and application of modern biotechnologies in
agriculture will be examined. Acquiring a critical appreciation of the
multidimensional issues associated with the application of biotechnology
will be the goal. Students must have completed 84 Credit Hours towards a
degree, or permission of instructor. Prerequisite: PLNT 2530.

**PLNT 4610 Bioinformatics**  
3 Cr. Hrs  
An introduction to the theory, strategies, and practice of data management
and analysis in molecular biology. Topics include DNA and protein
sequence analysis, biological databases, genomic mapping, and analysis of
gene expression data. The course will include problem-solving exercises
using Unix server-based software. Prerequisites: PLNT 2530 or PLNT 3140 or
MBIO 3410 or PLNT 4310 or the former PLNT 4540 or consent of instructor.

**Soil Science Course Descriptions-0 Level**

**SOIL 0420 Soil Resources and Productivity**  
4 Cr. Hrs  
(Lab required) Soil formation; soil physical, chemical and biological
properties; soil classification systems, maps and reports; soil fertility, crop
nutrients, soil sampling and testing; agricultural productivity. A full-day
field trip is required.

**SOIL 0620 Soil and Water Management**  
4 Cr. Hrs  
(Lab required) Soil, water and crop management techniques and
considerations for: weather and climate risk; variability of soil properties
and capability; saline, sodic and acidic soils; soil erosion risk; trace element
 toxicity; maintenance of soil organic matter. Prerequisite: SOIL 0420.

**SOIL 0630 Soil Fertility**  
4 Cr. Hrs  
Soil nutrients and their behavior; evaluation of soil fertility including soil
testing for precision agriculture; crop response to fertilizers; manufacture,
properties, reactions and applications of fertilizer. Prerequisite: SOIL 0420.

**Soil Science Course Descriptions-3000 Level**

**SOIL 3060 Introduction to Agrometeorology**  
3 Cr. Hrs  
Basic description and discussion of properties of the atmosphere, radiation,
temperature, effect of temperature on plant growth, climate and animal
response, water, evapotranspiration, insect adaptation, activity in relation to
climate, climatic data.

**SOIL 3520 Pesticides: Environment, Economics and Ethics**  
3 Cr. Hrs  
A comprehensive examination of the benefits and risks of pesticide use.
Topics include: Characteristics of pesticide products and formulations used
in Western Canada; History, practice, successes and failures in the use of
pesticides in agriculture; Pesticide use for protecting human health;
Pesticide fate processes in air, soil and aquatic environments; Economical
and environmental impact of pesticide application drift; Atmospheric
pesticide contamination; Pesticide surface and groundwater contamination;
Pesticide toxicity to organisms, including humans; Pesticide
residues in food; Pesticide regulations; Pesticide risk indicators; Alternatives
to pesticides.

**SOIL 3600 Soils and Landscapes in Our Environment**  
3 Cr. Hrs  
Discover why soil is an essential resource. Explore the roles of soils and
landscapes within natural and agricultural ecosystems by learning the
fundamental biological, chemical and physical properties and processes;
soil and landscape classification and evaluation.

**SOIL 3610 Field Methods in Land Resource Science**  
3 Cr. Hrs
This course provides students with training in field methods used in soil science and related sciences (hydrology, meteorology, ecology, geomorphology, and environmental science). Students participate in a biophysical survey of a field site and in a study of the management, assessment and monitoring of land resources. Prerequisite: SOIL 3600

Soil Science Course Descriptions-4000 Level

SOIL 4060 Physical Properties of Soils 3 Cr. Hrs
Physical properties of soils and their relation to plant growth. Topics discussed include particle size distribution, soil water, soil structure, soil temperature, and soil aeration. Prerequisite: SOIL 3600 or BIOE 2110 or consent of instructor.

SOIL 4130 Soil Chemistry and Mineralogy 3 Cr. Hrs
Composition of soil materials. Reactions of nutrients and contaminants with soil organic matter, silicate clays, oxides and other soil constituents which affect their mobility and bioavailability. Prerequisite: SOIL 3600 or consent of instructor.

SOIL 4400 SOIL ECOLOGY 3 Cr. Hrs
Explore the application of soil biology to diversity in agro ecosystems, response of soil organisms to management, mediation of important environmental issues, and promotion of human health. Appreciate the vast array of soil organisms and their functions in soil ecosystems, understand cycling of nutrients by soil organisms, and discover quantitative methodology in determining soil biochemical processes. The laboratory provides hands-on experience in observing, quantifying and isolating soil organisms and the biochemical processes they conduct. Prerequisite: AGEC 2370 or Biol 2300 or SOIL 3600.

SOIL 4500 Remediation of Contaminated Land 3 Cr. Hrs
Physical, chemical and biological approaches to remediation of land including; nature of contaminants, procedures for assessing the extent of the impact, consequences to the environment, approaches to remediation and case studies of contaminant remediation. Prerequisite: SOIL 3600 or consent of the instructor.

SOIL 4510 Soil and Water Management 3 Cr. Hrs
Topics include: capability of land for agriculture; storage, movement and use of water; saline and alkaline soils; soil conservation including erosion; sustainability of soil organic matter; effect and fate of soil amendments. Prerequisite: SOIL 3600.

SOIL 4520 Soil Fertility 3 Cr. Hrs
Forms and behaviour of plants nutrients in soil; soil fertility evaluation and management, including fertilizer sources and practices. Prerequisite: SOIL 3600.

Textile Sciences Course Descriptions-1000 Level

TXSC 1600 Textiles for Living 3 Cr. Hrs
(Formerly 064.160) This course covers the fundamental knowledge of textiles in a product development context. It includes properties of fibres, yarns and fabrics; characteristics of natural and manufactured fibres; chemical structures of the most commonly used natural and manufactured fibres for apparel and non-apparel end uses; woven, knit, and non-woven structures; and dyeing and printing. Not to be held with 064.102.

TXSC 1610 Textiles, Product, and Consumers 3 Cr. Hrs
(Formerly 064.161) This course covers the structure and characteristics of the natural and manufactured fibre sectors; downstream industries which transform natural or manufactured fibres into intermediate goods; the manufacturing industry which transforms intermediate supplies to final products; and the retailing industry which distributes final textile products to consumers or organizations.

Textile Sciences Course Descriptions-2000 Level

TXSC 2420 History of Textiles 3 Cr. Hrs
(Formerly 064.242) Development and diffusion of textile fibres, fabrics, and finishes from prehistoric times to present. May not hold with 064.332.

TXSC 2500 Preparation for Product Development 1 Cr. Hrs
Designed for students with little or no background in textile product assembly or for students who require a refresher course. This course provides an orientation to textile product assembly equipment, construction, techniques, and terminology. Students must pass this course before they will be permitted to continue in TXSC 2630. For Textile Sciences students only. NOTE: The credit associated with this course will not be counted toward the minimum credit hour requirements of the Textile Sciences degree. (Pass/Fail grade).

TXSC 2600 Textiles for Apparel End Uses 3 Cr. Hrs
(Formerly 064.260) Theories of product development and their applications to creating textile products for apparel end uses including fashion apparel; apparel for consumers throughout the lifespan, including childhood, young adults, older adults; apparel for consumers with disabilities; apparel for professional sports and recreation; and apparel for the healthcare sector. Prerequisites: [064.102] or [a minimum grade of C in TXSC 1600 (064.160) and TXSC 1610 (064.161) and 3 Credit Hours of 1000-level chemistry].

TXSC 2610 Textiles for Non Apparel End Uses 3 Cr. Hrs
(Formerly 064.261) Product development theories from engineering and management perspectives to illustrate the development of textile fibres, fabrics, and products for the industrial and healthcare sectors. Industrial uses of textiles include the automotive and the aerospace industries. End uses for the healthcare sector include textiles or textile products for rehabilitation, protection from bacteria, healing of wounds, and implantable textiles. Assessment of selected fabric properties such as strength, flammability, colourfastness and air permeability will be introduced. Prerequisites: [064.102] or [a minimum grade of C in TXSC 1600 (064.160) and TXSC 1610 (064.161) and 3 Credit Hours of 1000-level chemistry].

TXSC 2620 Consumer and Organizational Behaviour Toward Textile Products 3 Cr. Hrs
(Formerly 064.262) Theories and practices of consumer and organizational decision making with respect to textile products. Prerequisites: TXSC 2600 (064.260) or TXSC 2610 (064.261). Not to be held with MKT 3230 (118.323).

TXSC 2630 Pattern Development in an Industrial Environment 3 Cr. Hrs
(Formerly 064.263) This course covers the process of communicating product design through pattern development. Students will learn the terminologies of pattern development, techniques of pattern development and manipulation, and the importance of anthropometry in creating apparel to suit its end uses. Prerequisite: TXSC 2500; TXSC 2600 (064.260). Not to be held with the former 064.348.

Textile Sciences Course Descriptions-3000 Level

TXSC 3470 SELECTED TOPICS 3 Cr. Hrs
(Formerly 064.347) Directed study in a specific area of clothing and/or textiles. Prerequisite: consent of instructor and 60 Credit Hours in the Clothing and Textiles program.

TXSC 3500 Textiles for the Healthcare Sector 3 Cr. Hrs
(Formerly 064.350) This course covers the recent developments of a range of technical textiles for the healthcare sector, including implantable textiles, barrier fabrics, and smart textiles. Prerequisite: TXSC 2610 (064.261) and [HMEC 2050 (028.205) or any 2000-level or 3000-level research method course] and CHEM 1000 (001.100) or CHEM 1300 (002.130). Not to be held

**Academic Calendar 2018-2019**

Faculty of Agricultural and Food Sciences/ School of Agriculture 145 Undergraduate Calendar 2018-2019
which have adopted these systems. Students will learn by solving a series of problems presented to them in the format of case studies. Prerequisites: TXSC 3650 and TXSC 4620. Not to be held with 064.220 or 064.221 or 064.337.

**5.2. Diploma in Agriculture Course Descriptions**

**DAGR 0410 Skills for Agricultural Communication and Decision Making** 4 Cr. Hrs (Lab required) A course designed to improve critical thinking and abilities in written and oral communication to support student success in their academic careers and as agricultural industry professionals.

**DAGR 0480 Introductory Farm Management** 3 Cr. Hrs Students will be introduced to the various roles that are carried out by farm managers. Students will be required to attend interview sessions outside of scheduled classes with an assigned Farm Management Advisor. The Advisor will support students as they apply their management skills and knowledge to a real farm business or a case farm. There will be one full day field trip. May not be held with the former DAGR 0680.

**DAGR 0510 Farm Management Practicum** 3 Cr. Hrs Students will have the opportunity for practical hands-on experience and to apply the knowledge they have acquired to intensify study of livestock or crop production management. May not be held with DAGR 0630 when titled “Glenlea.” Prerequisite: Consent of the Director of the School of Agriculture.

**DAGR 0520 Managing Agricultural Safety** 3 Cr. Hrs This course provides introductory information on farm safety. It is designed to raise awareness about safety issues and legislation in the agricultural industry, and get students thinking about safety in their own worksite or on their family farm operations. May not be held with DAGR 0660 when titled “Farm Safety.”

**DAGR 0530 Agricultural Human Resource Management** 3 Cr. Hrs Students will apply processes such as job analysis and design, recruitment and selection, training and development, performance management, and compensation management to develop a comprehensive human resource management plan for an agricultural enterprise. Human Resource legislation will be covered and resources to support human resource management decision making will be identified. Prerequisite: DAGR 0480.

**DAGR 0550 Managing Farm Business Transition** 3 Cr. Hrs This course is designed to provide students with the tools and knowledge to incorporate transition management into their farm business management planning. Students will be introduced to family profiles/dynamics, business structures as well as financial and managerial influences that affect farm and business transition options. There will be an application of real farm examples as context to the instructional material. May not be held with DAGR 0660 when titled “Succession/Transition Considerations in Farm Management” or the former DAGR 0780. Prerequisites: ABIZ 0460 and DAGR 0480. Pre- or corequisites: ABIZ 0470 and DAGR 0490.

**DAGR 0610 Advanced Communication and Rural Leadership** 3 Cr. Hrs A course designed to improve leadership potential and develop advanced communication skills for agricultural industry professionals. Prerequisite: DAGR 0410.

**DAGR 0630 Special Project** 3 Cr. Hrs This project allows a student to make practical application of scientific knowledge acquired and/or to intensify the study of a topic of particular interest. A satisfactory report is required to qualify for credit. Prerequisite: Consent of the Director of the School of Agriculture.

**DAGR 0660 Special Topics in General Agriculture** 3 Cr. Hrs Selected topics of current interest in General Agriculture. Prerequisite: Written consent of Director of the School of Agriculture. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**DAGR 0690 Management Planning Project 2** 5 Cr. Hrs Refinement of the plan developed in Management Planning Project 1 with emphasis on generating and analyzing a complete set of financial statements for a farm or off-farm business. Presentation of the management plan, in both written and verbal form. On-site visits will be used to illustrate and reinforce management principles and practices and address issues raised in class. Students may not hold credit for DAGR 0690. Prerequisite: DAGR 0680.

**DAGR 0730 Case Studies in Institutional Lending 1** 4 Cr. Hrs Students will analyze lending portfolios and the management of various enterprises. Prerequisite: ABIZ 0470. Pre- or Co requisite: ABIZ 0450.

**DAGR 0760 Agricultural Law** 3 Cr. Hrs Discussion of the complexity of the agriculture industry and the laws affecting it. The course will illustrate laws critical for effective planning and the making of sound management decisions respecting the farm operations and agribusinesses. Topics include the Manitoba and Canadian legal systems, major laws affecting agriculture, and resolution of issues in Canadian agriculture. Offered in 2005-2006 and alternate years thereafter.

**DAGR 0780 Succession and Estate Planning** 2 Cr. Hrs An in-depth look at the legal requirements necessary for asset transfer and farm continuity. Topics include wills, asset divisions, tax planning, savings and opportunities.

**DAGR 0830 Agriculture Cooperative Education Work Term** 2 Cr. Hrs Special five-month work assignment in business, industry, government or research for cooperative education students in the diploma program. Requires submission of a written report covering the work completed during the professional assignment.

1.1 Available Options

The Bachelor of Environmental Design Degree Program requires students to declare a specific Program Option after the second year of studies (ED2) in the Environmental Design Program. Of the approximately 100 students moving into the third year of studies (ED3), admission into the Options will be divided equally. Students will be required to rank their Program Options in order of preference (1st, 2nd, 3rd choice). The selection of students into these Options will be based on the GPA, a Portfolio and Statement of Intent. Students entering the Program should be aware that entry into the Options will be assigned on a competitive basis, and that not all students may be successfully placed in their first choice. Students who have not completed 2nd year studios or who still have more than 1 three credit hour lecture course to complete will not be eligible for admission into the Option years.

Architecture Option

The Architecture Option offers a program of studies that focuses on transforming the lessons of history, technology, culture, the environment, and regional and social aspirations into a program for architecture. Students have the academic freedom, one of the program’s highlights, to experiment with ideas and methods as they develop their own personal and critical approaches to architectural design. The sequential design studios and supporting courses cover a wide spectrum of investigations ranging in scale from urban design to individual buildings to their construction details, examining the impact of all of these on the environment.

Interior Environments Option

The Interior Environments Option provides an opportunity to study the design of interior spaces within the context of architecture and to investigate the design of objects within the contexts of the human body and interior spaces. Students enrol in a series of design studios and courses to explore the impact of interior environments on human beings and vice versa. The impact of technology – especially sustainable strategies – on buildings and their inhabitants is also studied.

Landscape + Urbanism Option

The departments of Landscape Architecture and City Planning offer a joint option in Landscape + Urbanism for students who have a broad interest in understanding and shaping human settlement and habitat. Design studios and supporting courses recognize that we live in an increasingly globalized world where issues of natural resource depletion, climate change and the demand for sustainable development are paramount. Design and planning issues are addressed within the social, economic, and political contexts that drive development and of the cultural and ecological forces that create the built environment.

1.2 Available Streams (ED AMP only)
ED AMP students entering either Stream One or Stream Two of the program will enter into the Architecture Option years three (ED AMP 1’s) or four (ED AMP 2’s) as outlined above.

SECTION 2: Admission Requirements

2.1 Bachelor of Environmental Design (B.Env.D)

To be considered for admission into the Bachelor of Environmental Design Program an applicant must have completed 30 credit hours of university-level coursework with an overall minimum adjusted grade point average of 2.50. All admission requirements, as well as application deadline dates and forms, are included in the applicant information bulletin that is available at the following website: http://umanitoba.ca/faculties/architecture/programs/edesign/EDAMP.html.

Required Courses

- EVDS 1600 Introduction to Environmental Design (3 credit hours) with C+ minimum grade
- EVDS 1602 Visual Literacy (3 credit hours) with C+ minimum grade
- EVDS 1680 Environmental Technology (3 credit hours) with C+ minimum grade
- University Written English Course¹ (3 credit hours) with C minimum grade
- University Mathematics Course¹ (3 credit hours) with C minimum grade
- Open Electives² (15 credit hours) with C minimum grade

Total Required Credit Hours = 30

Note 1: Students must satisfy the University Written English (W) and Mathematics (M) course at the 1000 level or higher.

Note 2: EVDS 1660 History of Culture, Ideas and Environment 1 and EVDS 1670 History of Culture, Ideas and the Environment 2 must be completed as part of the degree program prior to, or after, admission to the ED program. Students should be aware that EVDS 1670 is a prerequisite for EVDS 2600 Tectonic Precedent.

2.2 Bachelor of Environmental Design - Architecture Master Preparation Option (EDAMP)

Enrollment in the Environmental Design Master Preparation Option is competitive and limited. Students will be admitted on the basis of an annual selection process. Applicants satisfying the minimum academic requirements are eligible for consideration at the discretion of the Department of Architecture Admissions Selection Committee. For a detailed list of the admission requirements please see http://umanitoba.ca/faculties/architecture/programs/edesign/EDAMP.html.

SECTION 3: Faculty Academic Regulations

3.1 Undergraduate Scholastic Standards

A Grade Point Average (GPA) of 2.00 is required as an acceptable standard of performance.

A minimum grade of "C" is required to pass all courses offered by the Environmental Design Program and by the Departments within the Faculty. All courses offered by the Environmental Design Program stipulate a grade of "C" in the prerequisite course(s).

To be eligible for the degree of Bachelor of Environmental Design a student is required to complete a minimum of two full academic years of studies in the Environmental Design Program including Years 3 and 4.

3.2 Supplementary Regulations

SUPPLEMENTARY PROGRAM REQUIREMENTS, STRUCTURE OF PROGRAM, DEGREE PERFORMANCE REGULATIONS AND POLICY

PREAMBLE

Each faculty and school has its own supplementary regulations and requirements. These are published in the faculty or school chapters of the Academic Calendar. Some faculties and schools also have additional regulations and requirements governing their programs - these are available from the faculty or school. It is the responsibility of each student to be familiar with the academic regulations and requirements of the University of Manitoba in general and of the specific academic regulations and requirements of their faculty or school of registration. Accordingly, students are asked to seek the advice of advisors in faculty and school general offices whenever there is any question concerning how specific regulations apply to their situations. Please see the University of Manitoba Academic Calendar, General Academic Regulations.

I. ADMISSIONS and STRUCTURE OF THE PROGRAM

To be considered for admission into the Bachelor of Environmental Design Program all applicants must have completed the required 30 credit hours of university level course work with an overall minimum adjusted grade point average of 2.50. Successful applicants are likely to require an Adjusted Grade Point Average well in excess of this minimum because admission is academically competitive based on scholastic achievement. Please see the current Environmental Design Application Information Bulletin at http://umanitoba.ca/student/admissions/media/env_design_bulletin.pdf or specific entry requirements. The application deadline is March 1 of each year.

The Bachelor of Environmental Design Degree is a four-year program of studies consisting of one qualifying year plus one year of common ‘Foundation Studies’ (ED2) followed by two years of pre-professional ‘Intermediate Studies’ (ED3 and ED4). The third and fourth years are referred to as the ‘Option Years’ and include Architecture, Interior Environments, and Landscape + Urbanism. The Bachelor of Environmental Design Degree Program requires students to declare a specific program Option after the second year of studies (ED2) in the Environmental Design Program.

Of the approximately 100 students moving into the third year of studies (ED3), admission into these Options will be divided equally. Students will be required to rank their Program Options in order of preference (1st, 2nd, 3rd choice). The selection of students into these Options will be based on GPA, Portfolio and a Statement of Intent.

Students entering the program should be aware that entry into the Options will be assigned on a competitive basis, and that not all students will be placed in their first Option choice. Students who have not successfully completed studios or more than one three-credit-hour lecture course from second year will not be eligible for admission into the Option Years.

Complete 30 credit hours of university study.

Apply to Environmental Design:

Environmental Design Year 2

Option Selection:
II. ENVIRONMENTAL DESIGN PROGRAM: ARCHITECTURE MASTER PREPARATION OPTION (ED AMP)

The Faculty of Architecture offers a Bachelor of Environmental Design Architecture Master Preparation Option (ED AMP) for students who have a recognized first degree in either a non-design or a design-related field of study and who have an interest in pursuing the graduate degree in Architecture. These students may apply and be admitted through the Environmental Design Program where they will be enrolled in the Environmental Design Program: Architecture Master Preparation Option. There are two different streams available:

Stream One: ED Architecture Master Preparation Option 1 (ED AMP 1 – two years of study). For those who have no formal design education and have a recognized undergraduate first degree (or are currently enrolled in the final year of a degree program). In order to graduate students must complete the ED 3 and ED 4 Architecture Master Preparation Option (total of 66 credit hours). Upon successful completion of all the requirements for this two-year program, students will be eligible to receive a Bachelor of Environmental Design degree.

Stream Two: ED Architecture Master Preparation Option 2 (ED AMP 2 – one year of study). For those who already have an undergraduate design degree (or are currently enrolled in the final year of a degree program) in an allied design field such as Interior Design or Landscape Architecture, and wish to pursue studies in a graduate degree in Architecture. These students will be considered on a case-by-case basis for placement into the fourth year of Environmental Design Architecture Option, but will be ineligible to receive the Bachelor of Environmental Design degree.

NOTE: Upon successful completion of the undergraduate ED Architecture Master Preparation Option (ED AMP 1 and ED AMP 2), students who wish to continue into the Master of Architecture Program must officially apply for graduate admission. Evaluation is based on the student's progress in either the one or two-year ED Architecture Master Preparation Option, as evidenced in a portfolio submission, GPA and a Faculty of Graduate Studies application.

For further information on the ED AMP Option, please refer to the following website:

III. DEGREE PERFORMANCE REGULATIONS

1. Qualifications for Graduation

To be eligible for the degree of Bachelor of Environmental Design, a student must successfully complete 129 credit hours of coursework with a passing grade in each course and have attained a Degree Grade Point Average (DGPA) of at least 2.0 (C).

Students who do not achieve the minimum passing grade for each course or do not meet the 2.0 (C) Term Grade Point Average (TGPA) requirement will be permitted only one more attempt to achieve the required scholastic performance levels.

Students who fail to achieve the minimum passing grade and/or the minimum TGPA will be placed on Academic Suspension. Students who fail to achieve the minimum passing grade on the second attempt will be required to withdraw from the Environmental Design Program (see Section V below).

2. Dean’s Honour List

To qualify for the Dean’s Honour List a student must register for and successfully complete at least 80 per cent of a full year's coursework and attain a minimum TGPA of 4.0. The notation “Dean’s Honour List” will be inscribed on the Student History.

3. University Gold Medal

The University Gold Medal in Environmental Design will be awarded to the graduating student who:

a) has achieved the highest grade point average (minimum 3.75) in courses constituting the last two years of an eligible program (and including no transfer courses in the applicable years); and

b) has completed at least 80 per cent of the normal full course load in each of the last two years of the eligible program

In the event of a tie, preference will be given to the student with the higher DGPA in the final year.

IV. RESIDENCY REQUIREMENT

Students must normally complete the last 66 credit hours of the Program at the University of Manitoba. Completion of any of the 66 credit hours through participation in an International Exchange must be approved in advance by the Department Head and Program Chair.

Any student considering time away from the Program must first meet with the Student Advisor and/or Program Chair to discuss their intentions.

Students who have been admitted to the Program and who have not been in attendance for at least one term but less than two years must inform the Student Advisor in writing before June 1st of their intention to return to the Program. Requests for a leave of absence will be reviewed by the Environmental Design Program Chair prior to approval.

Students who have been absent from the Program for two (2) years or more must apply for readmission through the online application process (application deadline March 1st), and must inform the Student Advisor before June 1st. Their acceptance back into the Program will be subject to quota restrictions and compliance with existing Program requirements.

Coursework completed at a post-secondary institution ten (10) years prior to registration will not be considered for transfer credit.

V. PROBATION AND ACADEMIC SUSPENSION

Failure to meet the minimum TGPA of 2.0 (C) will result in a student being placed on probation. A student with a term grade point average (TGPA) of less than 1.5 shall be required to withdraw permanently from the program.

A student’s status is determined at the end of the Fall and Winter examination periods.

Students on probation are required to meet with a Student Advisor to discuss their program of studies prior to their next registration. When next assessed, students must exceed the minimum TGPA (2.0) to be removed from probation or they will be placed on academic suspension.

Students placed on academic suspension will be required to withdraw from the Program for a minimum of one (1) academic year. They may be required to complete a remedial program designated by the ED Program Chair. They will normally be permitted to apply for re-entry to the Environmental Design Program after one year has elapsed. Such application should be made in writing before July 1st.
**Reinstatement is not automatic**, but subject to review by the ED Program Chair.

The purpose of the remedial program is to remove the status of Academic Suspension so that he/she can complete the B.Env.D. degree or pursue career studies in another Faculty or at another university.

**VI. GENERAL REGULATIONS AND POLICY**

Students should also make themselves familiar with the General Academic Regulations and Policies described in the current Undergraduate Calendar [http://umanitoba.ca/student/resource/student_advocacy/academic-integrity-policies-and-procedures.html](http://umanitoba.ca/student/resource/student_advocacy/academic-integrity-policies-and-procedures.html).

1. **Attendance**

Students must attend and participate in all lectures, laboratories, studios and studio reviews, including final reviews in accordance with the sections assigned on the University of Manitoba website. Students who attend the wrong section or course will receive a grade of F.

Regular attendance is expected of all students in all courses. The ED Program Chair may initiate at the request of an Instructor, procedures to bar a student from attending classes, studios and final examinations and/or from receiving credit where unexcused absences exceed 10 per cent of the scheduled classes. Students so barred will have failed the course.

A medical certificate must be submitted to the General Office if a student is ill and unable to attend class and/or complete work by a specified due date. Late work will only be allowed on medical grounds with a medical certificate. Any absence not supported by a medical certificate will be considered unexcused.

2. **Accessibility**

The Environmental Design Program is committed to providing and maintaining an accessible learning environment in accordance with the University of Manitoba Accessibility Policy. In order to facilitate the appropriate accommodation of students’ disability-related needs, students with documented disabilities requesting accommodations are required to register with Student Accessibility Services.

3. **The Grading System**

The Environmental Design grading system consists of eight grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>GPA</th>
<th>Range</th>
<th>Category</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.5</td>
<td>4.26 – 4.50</td>
<td>90 – 100</td>
</tr>
<tr>
<td>A</td>
<td>4</td>
<td>3.76 – 4.25</td>
<td>80 – 89</td>
</tr>
<tr>
<td>B+</td>
<td>3.5</td>
<td>3.26 – 3.75</td>
<td>75 – 79</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
<td>2.76 – 3.25</td>
<td>70 – 74</td>
</tr>
<tr>
<td>C+</td>
<td>2.5</td>
<td>2.26 – 2.75</td>
<td>65 – 69</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
<td>1.90 – 2.25</td>
<td>60 – 64</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
<td>1.00 – 1.89</td>
<td>50 – 59</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
<td>0 – 49</td>
<td>Failure</td>
</tr>
</tbody>
</table>

Note: A minimum grade of C (2.0) is required to pass all courses offered within the Environmental Design Program in the Faculty of Architecture.

4. **Grade Points**

“Grade Point” refers to a numerical value assigned to a letter grade received in a course.

5. **Calculating the Grade Point Average**

“Grade Point Average” or “GPA” is the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted. This calculation can be applied to determine the following types of GPA:

a) “Cumulative Grade Point Average” or “CGPA” which is the calculated GPA of all courses, institutional and transferred, completed at the same Level;

b) “Degree Grade Point Average” or “DGPA” which is the calculated GPA of all courses accepted for credit by the University towards a designated degree; students who repeat a course will receive credit only once – based on the latest grade, not the highest grade;

c) “Sessional Grade Point Average” or “SGPA” which is the calculated GPA of all courses completed at the same Level during the Fall and Winter Terms of one academic year; and

d) “Term Grade Point Average” or “TGPA” which is the calculated GPA of all courses completed during a single Term at the same Level.

6. **Voluntary Withdrawal**

“Voluntary Withdrawal” or “VW” is a registration option that enables students to withdraw from a course or courses without academic penalty. The onus for initiating Voluntary Withdrawal from a course rests solely with a student. Neither a verbal request nor discontinuance from class attendance will suffice. Students who do not follow this procedure will receive a grade of F in the course. The University of Manitoba Policy on Voluntary Withdrawal can be found at [Voluntary Withdrawal](http://umanitoba.ca/student/resource/student_advocacy/academic-integrity-policies-and-procedures.html).

7. **Incomplete Term Work**

Students who are unable to complete the term’s work prescribed in a course must contact the Instructor prior to the end of lectures for consideration (based on medical or compassionate reasons) of an Incomplete grade and a time extension for work completion.

In the event a student is unable to complete the term’s work due to medical reasons, a medical certificate (indicating the period of illness or time the student is able to return to classes) must be submitted to the ED Program Student Advisor as soon as reasonably possible.

In no case will the satisfaction of the incomplete course requirements cause a grade to be lowered. However, if a student does not submit/present the outstanding work by the stipulated deadline, his/her opportunity to improve the grade will lapse. All courses that have outstanding course work will be given a letter grade with an “I” to indicate an extension has been granted. If outstanding work is not submitted or a time frame of three months passes, the “I” will automatically be removed and the letter grade will stand as is.

The following maximum time extensions are allowed:

- August 1st for courses terminated in April
- December 1st for courses terminated in May/August
- April 1st for courses terminated in December

All registration and registration revisions must be completed in Aurora by the student through the University of Manitoba website registration before the stipulated deadlines.
8. Repeating a Course

When a student repeats a course or takes an equivalent course or mutually exclusive course (for example, a course that may not be held for credit with the original course), all attempts at that course shall be used in the calculation of the CGPA. Students who repeat a course will receive credit only once – based on the latest grade, not the highest grade. All other grades for repeat courses will remain on a student’s academic record but will be eliminated from Hours Passed, Hours Earned, DGPA hours, DGPA calculation, and will be included in credit hours attempted.

A student may only repeat a required course one time, provided he/she is eligible to proceed and such repetition does not introduce a conflict with the student’s lecture, studio, examination schedule and/or space availability.

A failed Elective course may either be repeated or another Elective may be selected.

9. Communication and Record Keeping

For communication and record keeping purposes, students should make every effort to inform the Student Advisor if any part of their records and qualifications for graduation.

Students should inform the Student Advisor of any extraneous circumstances that may affect their academic performance.

VII. APPEALS ON MATTERS REGARDING ACADEMIC REGULATIONS

The Faculty of Architecture Rules, Regulations, Student Appeals and Discipline Committee meets from time to time throughout the year to consider appeals from students who request special consideration in respect of rules and regulations governing their progress in the program and qualifications for graduation.

Students who intend to appeal matters concerning Environmental Design Program Rules and Regulations affecting their registration for the next Regular Academic Session must submit a written appeal to the Committee Chair no later than August 1st.

Appeals should be addressed to the Chair of the Rules, Regulations, Student Appeals and Discipline Committee, Office of the Dean, Faculty of Architecture, University of Manitoba, Winnipeg, MB, R3T 2N2 with a copy to the Environmental Design Program Chair.

3.3 Dean’s Honour List

Students who achieve a term GPA of 4.0 or better, while registered in 80 per cent of a full course load will be included in the Dean’s Honour List for the Faculty of Architecture.

SECTION 4: Program Requirements for Bachelor of Environmental Design and Architecture Masters

4.1 Bachelor of Environmental Design

Please note: Students must complete at least 2 of the courses designated with an asterisk.

Students progressing to the Master of Landscape Architecture at the University of Manitoba are required to take courses EVLU 4002 Construction Materials and EVLU 4008 Plants, Ecosystems and Design.

### Electives

University credit courses may be taken as electives. They may come from the Faculties of Arts, Science, Engineering, Fine Arts, Management, Agricultural and Food Sciences among others, or with the permission of the Environmental Design Program Chair in special circumstances.

### Supplies and Expenses

The Faculty of Architecture has an Information Technology Program fee for all enrolling students. A portion of those fees contributes to a Technology Endowment Fund managed by a student-run committee. Remaining funds will be expended on current technology items of direct benefit to students. Further details regarding fees may be found at: [http://umanitoba.ca/student/records/fees/986.html#Arch](http://umanitoba.ca/student/records/fees/986.html#Arch)

In addition to tuition, student fees, and related expenses, the estimated cost of materials, equipment, and textbooks for students in Environmental Design is approximately $7,000 per year.

The Environmental Design Program offers Field Studies in Years 2, 3 and 4 either as stand alone courses or in conjunction with a design studio offering. These may be regional, national or international. All related costs are to be borne by the students. A valid passport is required. A visa may also be required.

Please refer to the Environmental Design website to note laptop computer and software specifications.

The Environmental Design Program has an Urban Media Lab fee. The Urban Media Lab course is offered at the start of Year 2 and is hosted off campus in advance of the regular academic session in late August.

For information about professional studies leading to the degrees of Master of Architecture, Master of City Planning, Master of Interior Design and Master of Landscape Architecture, please refer to the [University of Manitoba’s Graduate Calendar](http://umanitoba.ca/graduate/academics/).
The Faculty of Architecture offers a Bachelor of Environmental Design Architecture Master Preparation Option (ED AMP) for students who have a recognized first degree in either a non-design or a design-related field of study and who have an interest in pursuing the graduate degree in Architecture. These students may apply and be admitted through the Environmental Design Program where they will be enrolled in the Environmental Design Program: Architecture Master Preparation Option. There are two different streams available:

**Stream One:** ED Architecture Master Preparation Option 1 (ED AMP 1 - two years of study). For those who have no formal design education and have a recognized undergraduate first degree (or are currently enrolled in the final year of a degree program). In order to graduate, students must complete the ED3 and ED4 Architecture Master Preparation Option (total of 66 credit hours). Upon successful completion of all the requirements for this two-year program, students will be eligible to receive a Bachelor of Environmental Design degree.

**Stream Two:** ED Architecture Master Preparation Option 2 (ED AMP 2 - one year of study). For those who already have an undergraduate design degree (or are currently enrolled in the final year of a design degree program) in an allied design field such as Interior Design or Landscape Architecture, and wish to pursue studies in a graduate degree in Architecture. These students will be considered on a case-by-case basis for placement into the fourth year of Environmental Design Architecture Option, but will be ineligible to receive the Bachelor of Environmental Design degree.

NOTE: Upon successful completion of the undergraduate ED Architecture Master Preparation Option (ED AMP 1 and ED AMP 2), students who wish to continue into the Master of Architecture Program must officially apply for graduate admission. Evaluation is based on the student’s progress in either the one or two-year ED Architecture Master Preparation Option, as evidenced in a portfolio submission, GPA and a Faculty of Graduate Studies application.

Students seeking admission into Year 3 of the Program on the basis of work completed elsewhere must have the equivalent coursework and scholastic achievement levels to be admitted. A portfolio review will be part of the admission process along with a statement of intent (300 word maximum). Equivalencies to ED course requirements will be determined by individual instructors of relevant courses and approved by the Environmental Design Program Chair.

For further information on the ED AMP Option, please refer to the following website:

http://www.umanitoba.ca/student/admissions/media/ampp_bulletin.pdf

**Electives**

University credit courses may be taken as electives. They may come from the Faculties of Arts, Science, Engineering, Fine Arts, Management, Agricultural and Food Sciences among others, or with the permission of the Department of Architecture in special circumstances.

**Supplies and Expenses**

The Faculty of Architecture has an Information Technology Program fee for all enrolling students. A portion of those fees contributes to a Technology Endowment Fund managed by a student-run committee. Remaining funds will be expended on current technology items of direct benefit to students. Further details regarding fees may be found at: http://umanitoba.ca/student/records/fees/986.html#Arch.

The Faculty of Architecture offers Field Studies in Years 3 and 4 either as stand alone courses or in conjunction with a design studio offering. These may be regional, national or international. All related costs are to be borne by the students. A valid passport is required. Visas may also be required.

Please refer to the Faculty of Architecture website to note laptop computer and software specifications.

In addition to tuition, student fees, and related expenses, the estimated cost of materials, equipment, and textbooks for students in Environmental Design After Degree is approximately $7,000 per year.

**SECTION 5: Program Requirements for Environmental Design, Cooperative Education Integrated Work Program (Coop/1)**

Program Coordinator: Corrine Klekta
Campus Address/General Office: Room 212 J.A. Russell Building
Email Address: Corrine.klekta@umanitoba.ca
Telephone: 204 474 9432
Fax: 204 474 7532
Academic Liaison: Dr. Lisa Landrum

**Program Description**
The Faculty of Architecture offers a Cooperative Education/Integrated Work Program (Coop/I) option designed to complement and enrich our academic programs with work experience. The work term(s) provide students with practical experience, assistance in financing their education, and guidance for future career specialization.

A student in good academic standing, currently enrolled in the Faculty of Architecture who will have successfully completed 85 credit hours towards a university degree prior to the start of their work placement, may apply to participate in the Coop/I option. The Coop/I program is open to students registered in the Environmental Design Architecture Masters Preparation Program. Acceptance to the program will be based on a statement of interest, résumé, portfolio and interview with the Coop/I Program Coordinator and Academic Liaison. Acceptance will be confirmed in writing. Progress of all students through Coop/I option is dependent upon the student obtaining a job placement.

Upon securing a placement, Faculty of Architecture students enroll in the course EVDS 3800 Coop/I Term 1 (and subsequently, EVDS 3900, 4800 and 4900) for the specific work term of employment.

Students participating in the Coop/I option must complete all the degree requirements for their program of study as outlined in the Academic Course Calendar. Depending on the term and length of a Coop/I job placement, timetables may need to be altered to satisfy course/studio prerequisite requirements. This may lengthen the time to program completion.

Students should consult with the Coop/I Coordinator, Student Advisor, and Program Head prior to accepting a job placement. The Academic Liaison (ADR) and/or relevant option head will oversee curricular implications.

Students on probation or academic suspension will either be removed from Coop/I option or have their acceptance deferred until they have completed two consecutive terms with an Academic Standing of “Satisfactory”.

Students on probation are required to meet with a Student Advisor to discuss their program of studies prior to their next registration and when next assessed, must exceed the minimum TGPA (2.0).

Written reports must be completed at the end of each work term. Each successfully completed work term and its corresponding work term report receives a Pass/Fail grade and is rated at one credit hour. Students who successfully complete at least two work terms and the required work term reports will have the Coop/I Option acknowledged on their graduation parchment.

For more information regarding the Cooperative Education/Integrated Work Program option in the Faculty of Architecture see: http://umanitoba.ca/faculties/architecture/programs/cooperative_education.html

SECTION 6: Environmental Design Course Descriptions-1000 Level

**EVDS 1600 Introduction to Environmental Design**  Cr. Hrs. 3

An introduction to the philosophies, theories, practices, processes and methods that collectively compose the discipline of Environmental Design. The focus will be on the social, environmental, and technological issues that shape the built environment and on an examination of the challenges and roles facing environmental designers in the contemporary world.

**EVDS 1602 Visual Literacy**  Cr. Hrs. 3

This course examines the contemporary visual and spatial environment, its critical historical influences and emerging cultural issues. The structure of image and form, the foundations of spatial and visual knowledge and the importance of materiality as they pertain to Environmental Design will be advanced as well as disciplinary appropriate methods of communication.

**EVDS 1660 History of Culture, Ideas and Environment 1**  Cr. Hrs. 3

Historical survey of key works from the foundations of civilization to the Enlightenment, including interdisciplinary perspectives in art, architecture, interior design, landscape architecture and urban planning considered in the physical, socio-economic, political, artistic and cultural contexts. May not be held with FAAH 1030.

**EVDS 1670 History of Culture, Ideas and Environment 2**  Cr. Hrs. 3

A historical survey of western movements in art, architecture, interior design, landscape architecture and urban planning considered within the physical, socio-economic, political, artistic and cultural context. An introduction to the historical influence of the art, design and culture of non-western traditions will be included. Emphasis is on works created after the Enlightenment. May not be held with FAAH 1040. Prerequisite: EVDS 1660.

**EVDS 1680 Environmental Technology**  Cr. Hrs. 3

An examination of the scientific principles embodied in the natural laws which govern the science and technology of building, landscape and environmental design in the context of sustainable development. Factors of climate, geology and natural resource systems and their effects upon the built environment at a range of scales are introduced.

**EVDS 2100 Urban Media Lab**  Cr. Hrs. 3

An introduction to visual methods of representation and related media including drawing, photography and video. The intention is to critically engage the urban and suburban contexts as a laboratory for investigating cultural values, aesthetic issues, design principles, and representational techniques. ‘Prerequisite’ to undertaking design studio work. Course evaluated on a pass/fail basis.

**EVDS 2200 Ecology and Design**  Cr. Hrs. 3

An examination of principles of Ecology and Design works in which these tenets are considered, engaged, and/or demonstrated. Topics fundamental to the science of Ecology will structure the course content. Emphasis will be placed on understanding the forces and systems working within and between natural, social and human environments. Prerequisite: EVDS 2702.

**EVDS 2300 Materials, Structures and Assemblies**  Cr. Hrs. 3

This course provides an introduction to applied statics, construction materials and construction system assemblies for landscape, building, and interior constructions. Construction material properties and applications, including impacts on resource depletion and on sustainable building practices will be introduced along with basic strategies and methods to analyze and calculate forces in simple structures. Prerequisite: EVDS 1680 (C+).

**EVDS 2400 Visual Media 1**  Cr. Hrs. 3

An introduction to technical and free-hand drawing processes and techniques, and in various media - to develop, to express, and to communicate design intentions. The focus will be directed to abstract and concrete methods of representation. Emphasis will be placed on the integral relationship between thinking, drawing, and making in relation to critically observing the world at large, and in relation to design studio work. Prerequisite: EVDS 1602 (C+). Corequisite: EVDS 2500.

**EVDS 2500 Design Studio 1**  Cr. Hrs. 6

Introduction to the elements and principles of visual and spatial design, design process and techniques, requisite methods of representation and communication, and design intentions. Studio work will explore different ways of space and form-making, beginning at the site of the body, in both
EVDS 2600 Tectonic Precedent  Cr. Hrs. 3
An examination of seminal built works of environmental design, at a range of scales, from the 19th and 20th centuries, with an emphasis on examples that are representative of diverse positions of key issues in contemporary design practice. Methodologically, this course endeavors to critically evaluate the relationships between perception, intention, and making through the exploration of the material and tectonic nature of the work(s). Prerequisite: EVDS 1670 (C+).

EVDS 2690 Design Since 1800  Cr. Hrs. 3
An examination of key architectural treatises of the 19th and 20th centuries that are representative of the predominant ideals of their time and the influence they have had in the construction of the built environment. Prerequisite EVDS 1670.

EVDS 2702 Natural and Human Systems  Cr. Hrs. 3
An application of the scientific principles embodied in the natural laws which govern environmental design. Aspects of the bio-physical factors, energy, human physiology and perception, comfort, and resource management are reviewed in the context of sustainable planning and design practices. Prerequisite: EVDS 1680 (C+).

EVDS 2800 Visual Media 2  Cr. Hrs. 3
This course bridges technical and freehand drawing introduced in Visual Media 1, with computer/digital media. This course advances contemporary digital media in relation to emerging modes of 2, 3, and 4 dimensional modes of representation, in the context of design studio work, and in relation to graphic standards associated with professional design practice. Prerequisite: EVDS 2400. Corequisite: EVDS 2900.

EVDS 2900 Design Studio 2  Cr. Hrs. 6
An exploration of the fundamental relationships between space, form and order in the context of the built environment, from body to place. Pedagogical emphasis will be directed towards design process, cultural intentions, and environmental accountability. Prerequisite: EVDS 2500. Corequisite: EVDS 2800.

SECTION 6: Environmental Design Course Descriptions-3000 Level

EVDS 3250 Advanced Computing in Environmental Design  Cr. Hrs. 3
Advanced Computing in Environmental Design builds upon skills obtained in the introductory course. This advanced course provides an opportunity for students to explore detailed applications of computational technologies in design & planning. Prerequisite EVDS 2800 or EVDS 2650.

EVDS 3710 Special Topics  Cr. Hrs. 3
Independent study related to environmental design. Content may vary according to the interest of the community, students, profession, and the faculty. Written consent of the instructor(s) and program coordinator required.

EVDS 3740 Introduction to AutoCad in Design  Cr. Hrs. 3
The course will familiarize the student with the AutoCad program. The course content begins at an introductory level and will progress to a level which will prepare the student for work within a professional office. The course will explore the use of AutoCad for the creation of presentation drawings as well as working drawings. Prerequisite: EVDS 2800 or ARCH 6370 or written permission of Instructor.

EVDS 3800 Cooperative Education/Integrated Work Term 1  Cr. Hrs. 1
Cooperative education/work assignment in practice, business, industry or government for Faculty of Architecture students. Requires submission of a written report and portfolio covering the work completed during each four-month professional assignment. Students participating in the program must have completed at least 85 credit hours towards a university degree prior to placement. Those registering for this course must have applied for and been accepted into the Faculty of Architecture cooperative stream. Course evaluated on a pass/fail basis.

EVDS 4800 Cooperative Education/Integrated Work Term 3  Cr. Hrs. 1
Cooperative education/work assignment in practice, business, industry or government for Faculty of Architecture students. Requires submission of a written report and portfolio covering the work completed during each four-month professional assignment. Students participating in the program must have completed at least 85 credit hours towards a university degree prior to placement. Those registering for this course must have applied for and been accepted into the Faculty of Architecture cooperative stream. Prerequisite: EVDS 3800. Course evaluated on a pass/fail basis.

SECTION 6: Environmental Design Architecture Course Descriptions-3000 Level

EVAR 3000 Pre-Modern Architectural History and Theory I  Cr. Hrs. 3
Provides a historical and theoretical understanding of early Greek, Roman, Gothic and non-western architectural topics and their influence. Content is explored using primary texts where possible, and through critical analysis of selected topics. May not be held for credit with the former EVDS 2690, EVDS 2610, ARCH 6320 or ARCH 6420.

EVAR 3002 Pre-Modern Architectural History and Theory II  Cr. Hrs. 3
Provides a historical and theoretical understanding of Gothic and Renaissance architectural topics and their influence, up to the work of Claude Perrault. Content is explored using primary texts where possible, and through critical analysis of selected topics. May not be held for credit with EVDS 2620 or ARCH 6340.

EVAR 3004 ARCH TECH 1  Cr. Hrs. 3
Construction materials and structural theory in the analysis and design of simple wood-frame, masonry and light steel construction; fundamental...
EVAR 3006 Architectural Technology 2-
Building Construction, Structures & Envelopes  Cr. Hrs. 3
Architectural, environmental and technical aspects of construction focusing on low-rise and medium sized wood, steel and masonry construction including issues of material production/manufacturing, soils, foundation, envelope systems, basic mechanical systems and their integration and acoustic concerns. May not be held for credit with the former EVDS 2670, EVDS 2700, ARCH 6520 or ARCH 6530

EVAR 3008 Architecture Design Studio 1  Cr. Hrs. 9
An architectural study of the human condition in relation to the natural and built environment through design oriented research exploration, analysis, evaluation and interpretation of a selected subject of inquiry. Various ways of seeing and making are applied as tools for critical thinking to align content with modes of representation. May not be held for credit with former EVDS 2630 or ARCH 6380.

EVAR 3010 Architecture Design Studio 2  Cr. Hrs. 9
Building upon first term explorations, architectural propositions are developed that seek to clarify relations between human inhabitation and the physical environment in a regional context. Design principles influenced by programmatic, theoretical, historical, technological material and environmental criteria are examined. Prerequisite: EVAR 3008. May not be held for credit with former EVDS 2640 or ARCH 6390.

EVAR 3012 Architecture Technology Preparation:
Structural Concepts  Cr. Hrs. 3
A preparatory block course introducing the fundamentals of structural concepts in architecture that prepares students for the foundation technology courses in architecture. May not be held for credit with EVDS 2300 (or former EVDS 1690), EVDS 1700 or ARCH 6480.

EVAR 3014 Drawing: Freehand/Digital  Cr. Hrs. 3
An introduction to drawing skills that allows students to become articulate in proposing and studying architecture through drawing. The course covers a range of media. May not be held for credit with the former ARCH 6532 or ARCH 6370

SECTION 6: Environmental Design Architecture
Course Descriptions-4000 Level

EVAR 4000 Modern Architectural History and Theory I  Cr. Hrs. 3
Provides a historical and theoretical understanding of the origins of modernity in architecture. Content is explored using primary texts where possible, and through critical analysis of selected topics. May not be held for credit with the former EVAR 3700, EVAR 3470, ARCH 6460 or ARCH 6450.

EVAR 4002 Architectural Technology 3-Building Systems  Cr. Hrs. 3
Integrated building systems focusing on multi-story steel and concrete construction including: passive and active heating, cooling, and ventilation methods, strategies and designs, electrical, water, communication, security, fire protection, and vertical transportation systems; and building code constraints. May not be held for credit with the former EVAR 3560, EVAR 3570, ARCH 6500 or ARCH 6510.

EVAR 4004 Architecture Design Studio 3  Cr. Hrs. 9
This studio focuses on the broader cultural implications of social interaction and the collective inhabitation of the built and natural environments. Architecture design explorations are influenced by a thorough examination of programmatic, theoretical, historical, technological, material and environmental criteria. May not be held for credit with the former EVAR 3680 or ARCH 6400

EVAR 4006 Modern Architectural History and Theory II  Cr. Hrs. 3
Provides an historical and theoretical understanding of 20th century topics in architecture (western and non-western). Content is explored using primary texts where possible, and through critical analysis of selected topics. May not be held with the former EVAR 3330, EVAR 3480, ARCH 6440 or ARCH 6470.

EVAR 4008 Arch Tech 4: Comprehensive
Design Technology Report  Cr. Hrs. 3
A technical knowledge project-based course integrating with Arch Studio 4. Comprehensive technology issues include: site; material; energy; structures; construction; sustainability; environmental factors; building code; life safety. Student’s work will include analysis, technical drawings and calculations. Corequisite: EVAR 4010 Arch Studio 4

EVAR 4010 Architecture Design Studio 4  Cr. Hrs. 9
The previous terms investigations are further developed and synthesized into a comprehensively designed environment. Architectural propositions seek to clarify specific relations between details and the overall design, through the integration of complex social, cultural, programmatic, theoretical, historical, technological, material and environmental principles, systems and criteria. Prerequisite: EVAR 4004 Architecture Design Studio 3. May not be held with the former EVAR 3690 or ARCH 6410. Corequisite: EVAR 4008 Arch Tech 4.

SECTION 6: Environmental Design Interior
Environment Course Descriptions-3000 Level

EVIE 3000 Field Studies  Cr. Hrs. 3
This course introduces students to the field of Interior Design through firsthand experience and study of innovative and significant examples of historic and contemporary work from interior design and related fields, in a major design center. The course consists of lectures and a field trip. Location may vary from year to year.

EVIE 3002 Interior Design History and Theory 1  Cr. Hrs. 3
Examination of concepts, theories and writings related to the development of Interior Design as a discipline, to Modernism. Not to be held for credit with the former EVIE 3650.

EVIE 3004 Materials, Assemblies and Detailing  Cr. Hrs. 3
Workshop and lecture course on materials, joinery and invention. Review of the principles of framing, bracing, and tension applied to casegoods and furniture; exploration or a variety of soft and hard materials and constructions with an emphasis on sustainability. Not to be held for credit with the former EVIE 3630. Prerequisite: EVDS 2200.

EVIE 3006 Interior Design Media  Cr. Hrs. 3
This course develops a student’s ability to use drawing as a reflective, problem-solving, designing and visual communication tool; techniques for representing volume, depth and scale, and interfaces with digital photography and media are a focus.

EVIE 3008 Interior Design Studio 3.1  Cr. Hrs. 6
Interior Design studio exploring the body as the primary reference in design, and the semantic and cultural meanings of objects and architectural elements as mediators of space. Integration of drawing, design and making through projects.

EVIE 3010 Interior Design Studio 3.2  Cr. Hrs. 6
An in-depth investigation, by design, of the nature of interiors including the physical and perceptual, spatial elements and order, human involvement and experience. Exploration and development of spatial solutions using a variety of visual media. Not to be held for credit with the former EVIE 3680.

EVIE 3012 Interior Light and Colour  Cr. Hrs. 3
This course examines interior lighting and colour theories and concepts emphasizing human and ecological issues, exploration of spatial design strategies and practices. Not to be held for credit with the former EVIE 3610.

EVIE 3014 Human Factors and Environmental Experience  Cr. Hrs. 3
Theoretical and practical issues related to human characteristics, needs, behaviours, and interactions with and within the built interior environment.

EVIE 3016 Topics in Interior Design  Cr. Hrs. 3
This course will explore topics at the cutting edge of interior design, examining political, economic, sociological and technological influences on current and future directions in interior design; examination of current research, writing, projects and works from related and diverse fields.

EVIE 3670 Digital Design Media  Cr. Hrs. 3
An intermediate level computer applications elective focused on design, representation and communications. Specific course content to be determined by the areas of specialization available to the faculty and department on a yearly basis. Pre-requisite EVDS 2650.

EVIE 3680 Design Studio 5  Cr. Hrs. 6
Arch., C.P.: Studies in the principles, vocabularies and methods of approach to architectural and environmental design. Studio work with specific projects to exercise the analytical, the conceptual and the developmental stages of design. Prerequisite: EVIE 2640.

EVIE 3690 DESIGN STUDIO 6  Cr. Hrs. 6
Studio projects which explore and elaborate systems of meaning in interior place making in the public realm; developing strategies and processes in the design of transitional interior environments. Pre-requisite EVIE 3680.

SECTION 6: Environmental Design Interior Environment Course Descriptions-4000 Level

EVIE 4000 Interior Design History and Theory 2  Cr. Hrs. 3
Examinations of concepts, theories and writings related to the development of interior Design as a discipline and profession, from Modernism to the present day. Prerequisite: EVIE 3002 Interior Design History and Theory 1. Not to be held for credit with the former EVIE 3660.

EVIE 4002 Indoor Systems 1  Cr. Hrs. 3
In-depth, whole building examination of various integrated active and passive environmental controls systems. Focus on working with existing commercial building construction and environmental systems when integrating new interior design and ecological concepts and strategies. Introduction to building performance assessment, construction drawings and schedules. Prerequisite: EVIE 3004 and EVIE 3012. Corequisite: EVIE 4010. Not to be held for credit with the former EVIE 3620.

EVIE 4004 Indoor Systems 2  Cr. Hrs. 3
Broad exploration of a variety of contemporary and innovative building technologies and their integration with interior design. Focus on ecological, new building construction concepts and measure, delivered in the context of integrated design team processes and building systems innovation. Integration and coordination of interior architectural elements with active and passive building systems. Prerequisite: EVIE 4002.

EVIE 4006 Design Methods and Processes  Cr. Hrs. 3
Development of knowledge and abilities to collect, analyze, synthesize, interpret, and apply information for the purpose of identifying and solving interior design problems. Not to be held for credit with the former EVIE 3640.

EVIE 4008 Digital Media (AutoCAD)  Cr. Hrs. 3
This course focuses on the creation of two-dimensional architectural working drawings in a set of construction documents through the use of advanced features in CAD. Students will learn the concepts of formatting units, text, dimensions, multi-leaders, and layouts, using both non-annotative and annotative scaling techniques. How to use CAD software in a three-dimensional environment to create realistic shapes is also included. May not be held with EVIE 3670.

EVIE 4010 Interior Design Studio 4.1  Cr. Hrs. 6
Projects that explore the interaction between urban context, programmatic requirements and design concepts; integration of building technology and three-dimensional spatial development; development of communication skills and methods. Not to be held with the former EVIE 3690. Prerequisite: EVIE 3010. Corequisite: EVIE 4002.

EVIE 4012 Interior Design Studio 4.2  Cr. Hrs. 6
Design studio with the potential for collaboration, exploring regional and global influences, communication technology, history and temporality in the design of interior environments.

EVIE 4014 Advanced Interior Design Media  Cr. Hrs. 3
Focus on the concepts of building information modeling (BIM), parametric design, analysis, and construction documentation using current software. Demonstrates effect of this type of software on presentation and construction documentation through the use of intelligent building components and interdependent views of the building model, including acquisition of statistical and other quantitative information. Pre- or corequisite: EVIE 4008 or consent of instructor.

EVLU 3000 History of Designed Environments  Cr. Hrs. 3
A critical examination and appraisal of design for dwelling in the context of settlement with emphasis on representation of diverse positions on key issues in design practice. Studies will include consideration of cross cultural precedents and lessons from around the world.

EVLU 3002 Site Planning  Cr. Hrs. 3
An investigation of the relationship between natural and cultural processes in the formation of the built environment, including a review of the methods and strategies employed for site programming, inventory, analysis, and development at different scales of intervention.

EVLU 3004 Ecology and Design 2  Cr. Hrs. 3
This course will focus on an examination of ecological and technological perspectives on the planning, design and making of the physical environment. This will include a meshing of prediction and advocacy concerning new models of sustainable urbanization, focusing on green technology and infrastructure. Key theories and their application to landscapes at varied scales will be considered along with salient literature, current issues, design precedents and potentials for creative expression and interpretation, Prerequisite EVDS 2200.

EVLU 3006 Studio 3: Dwelling/ Precinct/ Everyday Life  Cr. Hrs. 9

Academic Calendar 2018-2019
A studio/lecture course that examines the notion of dwelling through spatial design with a concentration at the scale of the precinct in the private to semi-private realm focusing on the needs of the individual, on spatial qualities, materials, and site design detail. Theoretical, analytical, conceptual, design, planning and communication skills in landscape + urbanism will be developed and applied in distinct projects. Emphasis is on habitat by design, issues of contested space, ecological design and sustainability. The course may include a field trip (location and cost to be determined on a yearly basis) and will include an obligatory pre-term drawing workshop.

EVLU 3008 Studio 4: Networks and Infrastructure  Cr. Hrs. 9
A critical exploration of analytical, conceptual, and developmental aspects of design of the public realm in an experimental studio setting. Social, political, economic, communication, and ecological networks will be studied at the scale of neighborhood and community in the urban realm.

EVLU 3010 Landscape and Urbanism Theory  Cr. Hrs. 3
An examination through lectures, readings, seminars and essay assignments, of twentieth and twenty first century philosophical thinking, which has been influential in the theory and practice of landscape architecture, planning and urbanism. Emphasis is on ideas, paradigms, and manifestos. This will include a study of the social, political, religious, cultural, technological, and aesthetic forces behind landscape and urbanism, and the forms that these forces have generated.

EVLU 3012 Site Morphology and Grading  Cr. Hrs. 3
An examination of the means and methods used to create landscapes that are shaped by earthwork grading. This will include the study of the forces, principles, and techniques in the modelling and manipulation of the ground plane and the resolution of cultural, ecological and hydrological design considerations implicit in landform design. The course may include a pre-term drafting workshop.

EVLU 3014 Placemaking Fundamentals  Cr. Hrs. 3
An introduction to placemaking as an integrated community-based application of landscape and urbanism concepts, based on topical themes, such as the Great Neighbourhood or Edens Lost and Found.

SECTION 6: Environmental Design, Landscape + Urbanism Course Descriptions- 4000 Level

EVLU 4000 Philosophy, Ethics and Aesthetics  Cr. Hrs. 3
An examination of philosophical issues and debates regarding ethics and aesthetics, and their influence and potential upon urban design and urban form in the past and present, and to speculate upon the future. Prerequisite: EVLU 3010.

EVLU 4002 Construction Materials  Cr. Hrs. 3
A comprehensive introduction to construction materials, methods and processes. Examination of regulatory issues of human safety and techniques for communicating construction proposals with application to how this information is incorporated into contracts. Field trips to nurseries, quarries, lumber yards, and urban sites where students can observe materials transformed to comply with the requirements of designers. Prerequisite: EVLU 3012.

EVLU 4004 Inquiry by Environmental Design: Researching Space-Place Transformation  Cr. Hrs. 3
An exploration of the design/research relationship, from a critical and creative thinking perspective will be the core of this course, viewing design and research as linked forms of inquiry into space-place transformation. A focus will be on design/research methods and approaches appropriate to informing and investigating designed environments and community design contexts.

EVLU 4006 Special Topics in Community Design  Cr. Hrs. 3
This course will involve a critical examination of specific topics such as: health and community design; inner city environments; and Canadian community planning and design, and its contexts.

EVLU 4008 Plants, Ecosystems and Design  Cr. Hrs. 3
The examination of cultural and technical aspects of designing with plants will be explored in an urban context through field investigations, lectures, seminars and assignments. Issues of plant identification, planting design types, their application to contemporary landscape architecture, technical requirements, planting details and ecological integration in the urban environment will be included.

EVLU 4010 Community Design Process and Method: Advanced Placemaking  Cr. Hrs. 3
An introduction to the integration of perception, intention and placemaking associated with manifestations of community, especially communities of interest, and systems of ‘communities of communities.’ A consideration of the relationship of space-place transformation and placemaking, via participatory design processes will be examined as part of a critical design and planning process.

EVLU 4012 Studio 5: Possible Urbanism(s)  Cr. Hrs. 9
A radical exploration of analytical, conceptual, and socio-political aspects of urban public place in an experimental studio setting. An emphasis will be placed on design as mediation between competition demands. The studio incorporates the theory and application of three dimensional simulation technology in design.

EVLU 4014 Studio 6: Emergent Futures  Cr. Hrs. 9
This studio integrates planning and design from the scale of urban infrastructure through to design detail in the context of landscape and urbanism. An emphasis is placed on the challenges of relevant equitable environmental and social design in the post-industrial world. The studio incorporates the theory and application of CAD and GIS technology in design.

EVLU 4016 History of Landscape and Urbanism  Cr. Hrs. 3
An historical survey of human made landscapes and urban settlement form, patterns, and types, including major themes and movements. Prerequisite: EVLU 3000.

EVLU 4018 Principles of Urban Design  Cr. Hrs. 3
This course will examine urban design principles, practices, and applications including political and social systems, and their impacts on the contemporary urban condition.

* Admission is by direct entry from high school with portfolio or through University 1 with portfolio.

** This includes 24 to 30 credit hours of study in University 1 before admission to Art History. No portfolio required.

SECTION 2: Admission Requirements

The following is a summary of admission requirements in the School of Art. There is an annual admission quota and admission is competitive.

Entry requirements to the University of Manitoba are listed in the Admissions chapter of this Calendar.

All admission requirements, as well as application deadline dates and forms, are included in an applicant information bulletin available from the Admissions Office, Enrolment Services, 424 University Centre; this information is also posted on the School of Art's website under "Undergraduate Admission Information".

An acceptance deposit of $100 is required and will be credited towards tuition when registration is complete.

2.1 Admission Requirements: Studio Programs

Bachelor of Fine Arts - General Studio Program

Initially, all students wishing to complete a Fine Arts studio degree must be admitted to the Bachelor of Fine Arts General Program. Admission to the Bachelor of Fine Arts General Program is directly from high school or from University 1. Grade 12 Art is recommended. In addition to academic standing in high school or University 1, each applicant must submit a portfolio. Information about the admission and portfolio requirements is available on the School of Art website under "Undergraduate Admission Information".

Bachelor of Fine Arts - Honours Studio Program

To transfer to the BFA Honours Program, a student must have completed 63 credit hours in the Bachelor of Fine Arts General Program and have a minimum grade point average of 2.5 (C+). Students who wish to transfer to the BFA Honours Program must contact the Student Advisor in the School of Art.

Diploma in Art

Admission to the Diploma in Art requires a high school diploma. Applicants must submit a portfolio and satisfy high school course requirements as described in the application bulletin available from the Admissions Office.

2.2 Admission Requirements: Art History Programs

Bachelor of Fine Arts Art History - General Program
Initially, all students wishing to complete a Fine Arts Art History degree must be admitted to the Bachelor of Fine Arts Art History General Program. No portfolio is required. To be admitted to this program students must first complete 24-30 credit hours in University 1, including 12 credit hours from the list that follows, and achieve a minimum degree GPA of 2.5.

- FAAH 1030 Introduction to Art 1A (3)
- FAAH 1040 Introduction to Art 2A (3)
- English Literature: ENGL 1310 Literary Topics (3); or ENGL 1200 Representative Literature (6); or ENGL 1300 Twentieth Century Literature (6).
- HIST 1200 or PHIL 1200 or 1510 or ASIA 1420 and ASIA 1430 (6)
- FA 1020, Math in Art or MATH 1020 or any other course that meets the University of Manitoba Math requirement (3)
- A language course - French, German, or Italian recommended (6)
- Science or Social Science elective (6)

NOTE: If only 24 credit hours are completed in year one, the student must take an additional 6 credit hours elsewhere in the program.

**Bachelor of Fine Arts Art History - Honours Program**

To transfer to the Art History Honours program, a student must successfully complete 69 credit hours of study in the Art History General Program, with a degree GPA of 2.5. Students who wish to transfer to the BFA Art History Honours program must contact the Student Advisor in the School of Art.

### 2.3 Additional Admission Categories

**Mature Students:** A mature student is eligible to enter the School of Art as a student in the Diploma in Art program. A Diploma student may transfer into the Bachelor of Fine Arts General Studio Program after completing 24 credit hours in the Diploma Program.

**Transfer Students:** A student seeking transfer to the School of Art from another faculty at the University of Manitoba should contact the School of Art Student Advisor regarding transfer of credit. Academic courses completed at other institutions will be assessed for equivalency only after a student is admitted to the School and paid the deposit. The maximum transferable to the B.F.A. General Program is 30 credit hours. The maximum transferable to the B.F.A. Honours Program is 60 credit hours.

**Special Students:** A special student is someone who is permitted by the Director of the School of Art to take courses for interest and whose basis of admission is normally possession of a first Fine Arts degree. The student should check with the School of Art Student Advisor first about the application; the student’s course choice is dependent on previous courses taken as pre-requisites and space availability in the class.

**Audit Students:** Art history courses may be audited with the permission of the instructor. Studio courses cannot be audited.

**Visiting Students:** A visiting student can take courses in the School of Art on a letter of permission from the home university. The specific courses for which permission is granted must be listed in the Letter of Permission.

### SECTION 3: Faculty Academic and Other Regulations

The provisions of the chapter General Academic Regulations and Requirements University Policies apply to all students. In addition, the School of Art has the following regulations and requirements.

Students should be aware that some studio mediums will have health and safety concerns. Faculty and instructors will, for each course that they teach, provide all students with the necessary health and safety instructions for that class.

#### 3.1 Scholastic Standards

General Scholastic Standards for all Degree and Diploma Programs:

A minimum grade of “C” is required in all School of Art courses unless otherwise stated. For courses taken in other faculties, the minimum passing grade is “D”.

All students are automatically assessed by Aurora Student at the end of each term, for those students with a term GPA below 2.0, an Academic Warning will appear on their record.

Students who fall below the minimum GPA required in their program of study will be placed on probation at the end of an academic year. Students must clear the probationary status by the end of the next academic year or may be required to withdraw permanently from the School of Art.

**Studio Programs:**

Students in the BFA General degree must maintain a minimum Degree GPA of 2.0.

Students in the Diploma Program and BFA Honours degree must maintain a minimum Degree GPA of 2.5.

Students in BFA Honours Studio must obtain a minimum grade of B for STDO 4810 (Senior Studio 1), STDO 4820 (Senior Studio 2), STDO 4910 (Honours Seminar 1) and STDO 4920 (Honours Seminar 2).

**Studio First Class Honours:**

Students admitted to the School of Art prior to September 2014 upon completion of the requirements for the BFA Honours Program, a student who achieves a degree GPA of 3.5 in courses applicable to the last two years of the Honours program will be awarded the BFA Honours Degree First Class.

Students admitted to the School of Art in September 2014 and thereafter who graduate with a B.F.A.(Honours) degree will have their degree granted with “First Class Honours” if they obtain a Degree Grade Point Average of 3.75 or better in all courses required for graduation in the program.

**Art History Programs:**

Students in the BFA Art History General degree must maintain a minimum Degree GPA of 2.0.

Students in the BFA Art History Honours degree must maintain a minimum Degree GPA of 2.5.

**Art History First Class Honours:**

Students admitted to the School of Art prior to September 2014 upon completion of the requirements for a BFA Art History Honours Program, a student who achieves a degree GPA of 3.75 in courses taken in the last two years will be awarded BFA Art History Honours Degree First Class.

Students admitted to the School of Art in September 2014 and thereafter who graduate with a B.F.A. Art History (Honours) degree will have their degree granted with “First Class Honours” if they obtain a Degree Grade Point Average of 3.75 or better in all courses required for graduation in the program.

**Field Trip Policy**

The Field Trips are a requirement for all School of Art programs. It is the student’s responsibility to acquire all necessary travel documentation at least three months prior to departure. This includes a valid passport, and for international students, a travel visa for the United States. Students under the age of eighteen require written parental or guardian permission. Students with questions should check with Canada Border Services Agency to determine the correct documentation required for their citizenship status.
Exemption is granted only on compassionate, medical or legal grounds. In case of accommodation, the student must register for the field trip and pay the fee and an alternate assignment must be completed successfully for credit.

3.2 University Written English and Mathematics Requirement

Students in the BFA Studio and Art History Programs are required to complete, within the first 60 credit hours of their programs, the Written English and Mathematics requirements.

The School of Art accepts all courses from any department with a "W" designation to fulfill the Written English Requirement for BFA Studio General/Honours Students. Students in the studio programs are recommended to take FAAH 2930, Writing About Art to fulfill the "W" Requirement. Art History General and Art History Honours Degree Programs require three credit hours of any English Literature.

The Mathematics requirement for all Studio and Art History Degree Programs in the School of Art can be met through FA 1020 Mathematics in Art, or any other university course designated as satisfying the mathematics requirement.

Students in the Diploma Program do not need to fulfill the Written English or Mathematics requirement.

Refer to the chapter on General Academic Regulations and Requirements of this Calendar for the complete Written English and Mathematics policy.

3.3 Attendance

The School of Art supports and follows the University of Manitoba policies on attendance and withdrawal found in the General Calendar (General Academic Regulations - Attendance and Withdrawal) which states that regular attendance is expected of all students in all courses. Students who fail to attend class but do not withdraw by each term’s stated Voluntary Withdrawal deadline will receive a grade of F.

3.4 Voluntary Withdrawal Policy

Refer to the general policy on voluntary withdrawal from programs and courses in the chapter, General Academic Regulations and Requirements.

3.5 Residency Requirement

Studio Programs:

A student in the BFA General Studio degree may take up to 30 credit hours applicable to the program at another institution allowable for transfer. All Senior Studio courses must be taken at this University.

3.6 Dean’s Honour List

Students registered in a minimum of 9 credit hours within a single term and who achieve a Term Grade Point Average of 3.3 or better will receive the notation of “Dean’s Honour List” on their transcript for that term.

3.7 Academic Dishonesty and Inappropriate Behaviour Policy

The School of Art supports and follows the University of Manitoba policies on academic dishonesty found in the General Calendar (General Academic Regulations, Academic Dishonesty).

The School of Art will follow the University of Manitoba’s policies on inappropriate behavior, “Student Discipline Bylaw”, found in the General Calendar (University Policies, Student Discipline Bylaw).

SECTION 4: Program and Graduation Requirements

4.1 Bachelor of Fine Arts Studio Programs

The School of Art offers degrees that cover the history, theory, and techniques of art. Students may also take elective courses outside the School of Art. These programs provide a general cultural background as well as the technical education necessary to become an educator, or a professional creative artist in fine art or applied fields. The programs reflect the assumption that in a time of fluctuating cultural values, technical training alone is not sufficient for significant work in any branch of the arts.

The first two years offer basic instruction in the fundamental principles of drawing, design and representation. In the fine arts studio electives in second year, the student selects courses that provide specialization in one or more of the following: ceramics, drawing, graphic design, painting, photography, print media, sculpture and video.

The School of Art offers a General and an Honours Degree Program in Studio. In order to be transferred from the General Degree to the Honours Degree Programs, a student must have completed 63 credit hours and have a minimum grade point average of 2.5 (C). The Student Advisor will be able to transfer the student from General to Honours.

In order to be eligible to do the final fourth year Honours year (the Senior Studio and Honours Seminar courses), students in the Honours Degree must have completed 15 credit hours of Studio courses at the 3000 level and have successfully passed a minimum of 94 credit hours.

The school reserves the right to retain temporarily or permanently any work done by students in fulfilment of course requirements.

\(^{1,3}\) Refer to the chapter on General Academic Regulations and Requirements of this Calendar for the complete Written English and Mathematics policy.
4.3 Bachelor of Fine Arts - Art History Programs

The Art History program at the School of Art offers students an opportunity to consider, in a cultural context, both Western and non-Western artistic traditions with an emphasis on the former from the Renaissance to the present. While all courses acknowledge methodological issues, the program also offers courses in art theory and criticism at the second- and third-year levels. Students enrolled in this program broaden their knowledge of art production with studio electives.

Program Requirements:

**BFA Art History General Degree (90 credit hours)**

</tr>
</tbody>
</table>

**NOTES:**
1. Students are recommended to complete these requirements in the first 60 credit hours of their program.
2. The School of Art offers FA 1020 - Mathematics in Art, to fulfil this requirement. See the General Academic Regulations section of the Undergraduate Calendar for a full list of courses that meet this requirement.
3. The English Literature Requirement can be fulfilled by any course taught by the English Department under the course code ENG.
4. Studio Electives can be fulfilled by any course taught by the School of Art under the course code STDO except STDO 1510 – Art Now which is not considered a Studio Elective course for the purposes of this program.
5. Academic Electives can be fulfilled by courses from departments outside of the School of Art.
6. Most 2000 level studio courses will require completion of a minimum 21 credit hours of 1000 level studio courses therefore students should be
advised that this component is normally fulfilled by 9 credit hours of 1000 level courses.

7. The following course subjects can be used towards the Social Science or Science elective requirement. Social science: ANTH, ECON, GPE, LABR, LING, POLS, PSYC, SOC, WOMN. Science: AGRI, BIOL, CHEM, COMP, ENTM, ENVR, FORS, GEOG, MBIO, PHYS, SOIL, STAT.

4.4 Elective Subjects and Academic Requirements

In addition to the Art History courses in the School of Art, the following courses from other faculties fulfill the Art History elective requirement. Not all courses are offered every year.

SECTION 5: Fine Arts Course Descriptions- Fine Arts-1000 Level

FA 1020 Mathematics in Art  
Cr. Hrs. 3

Specific theory, structuring systems, and mathematical methods and principles used in works of art from various historical periods and contexts will be explored in relation to Euclidean and non-Euclidean geometries. Topics include linear perspective; shapes, patterns, balance and symmetry; ratio, proportion, and harmony; and order, dynamics, and chaos. The course will be one half art and one half mathematics, team-taught by faculty from the School of Art and the Department of Mathematics. This course is also given in the Department of Mathematics as MATH 1020. This is a terminal course and may not be used as a prerequisite for other Mathematics courses. This course cannot be used as part of an Honours, Major, General or Minor program in the mathematical sciences. Not available to any student already holding a grade of “C” or better in any Mathematics courses with the exception of MATH 1010, the former MATH 1190, MATH 1191. Not to be taken concurrently with any other Mathematics course with the exception of MATH 1010, the former MATH 1190, MATH 1191. Not to be held for credit with MATH 1020. No prerequisite.

FA 1990 First Year Field Trip  
Cr. Hrs. 0

A field trip conducted by members of faculty. When the field trips are destined for the United States, students requiring a visa should make arrangements to obtain the visa at least 90 days before field trip departure date. A field trip exemption is not grantable except under extreme/extraordinary/visa issues circumstances. The field trip is required for a BFA General Degree and the Diploma program. Students unable to obtain a visa should contact their student advisor.

SECTION 5: Fine Arts Course Descriptions- Fine Arts History-2000 Level

FAAH 2060 Medieval to Early Renaissance Art and Architecture  
Cr. Hrs. 3

An introduction to the study of Medieval art and architecture in Europe, from the very beginnings of a specifically Christian artistic tradition to the beginning of the Renaissance. Prerequisite: FAAH 1030.

FAAH 2070 Renaissance to Baroque Art and Architecture  
Cr. Hrs. 3

An introduction to the study of Renaissance art and architecture up to the Baroque in the context of the social, political and economic circumstances of this time. Prerequisite: FAAH 1040 or written permission of the instructor.

FAAH 2080 Modern to Contemporary Art  
Cr. Hrs. 3

A study of the major movements, themes, and media of Western Art from the late 18th century to the present. Prerequisite: FAAH 1040.

FAAH 2090 Art of the North American Aboriginal Peoples  
Cr. Hrs. 3

A study of the art and artifacts of the indigenous peoples of North America (other than the Inuit). No prerequisite.

FAAH 2110 Women and Art  
Cr. Hrs. 3

This art history course will examine the aesthetics, ideology and social conditions that have shaped women's relationships to the visual arts and to art history, as artists, as patrons, and as subject matter. No prerequisite.

FAAH 2910 Field Studies in Art History I  
Cr. Hrs. 3

This off-campus travel course will provide students with the opportunity to study firsthand the art and architecture of a particular city or region in a broad cultural context. Course location may vary from year to year. Offered during Summer Session only. Prerequisite: Written permission of instructor.

FAAH 2920 Field Studies in Art History II  
Cr. Hrs. 3

This off-campus travel course will provide students with the opportunity to study firsthand the art and architecture of a particular city or region in a broad cultural context. Course location may vary from year to year. Offered during Summer Session only. Prerequisite: Written permission of instructor.

FAAH 2930 Writing about Art  
Cr. Hrs. 3

This course is designed to give students in Art History and Studio programs the opportunity to develop their writing skills with a focus on academic and critical writing on both historical and contemporary art. The practical needs of professional artists will also be covered. Prerequisites: FAAH 1030 or FAAH 1040 or FAAH 1100. May not be held with FA 2620.

SECTION 5: Fine Arts Course Descriptions- Fine Arts History-3000 Level

FAAH 3130 Topics in Medieval Art and Architecture  
Cr. Hrs. 3

Significant topics in Medieval art and architectural history. Topic will vary from year to year. Prerequisite: FAAH 2060 or written permission of the instructor.

FAAH 3140 Topics in Renaissance and Baroque Art and Architecture  
Cr. Hrs. 3

Significant topics in Renaissance and Baroque art and architectural history. Topic will vary from year to year. Prerequisite: FAAH 2070 or written permission of the instructor.

FAAH 3150 Topics in 18th and 19th Century Art  
Cr. Hrs. 3

Significant topics in 18th and 19th century art history. Topic will vary from year to year. Prerequisite: FAAH 2070 or FAAH 2080 or written permission of the instructor.
FAAH 3160 Topics in 20th Century Art  
Cr. Hrs. 3
A study of the origin and evolution of early Byzantine Art and Architecture. Prerequisite: FAAH 1030 and FAAH 1040 or FAAH 2060 or written permission of the instructor.

FAAH 3180 History of Photography  
Cr. Hrs. 3
A study of later Byzantine Art and Architecture to the end of the Middle Ages. Special emphasis will be placed on the influence of Byzantine art on the modern traditions of Eastern Europe. Prerequisite: FAAH 3280, or (FAAH 1030 and FAAH 1040), or FAAH 2060, or written permission of the instructor.

FAAH 3190 History of Ceramics  
Cr. Hrs. 3
The history and analysis of Inuit Art. Prerequisite: FAAH 1030 and FAAH 1040 or FAAH 2090; or written permission of the instructor.

FAAH 3200 Art in New Media  
Cr. Hrs. 3
A concentration of the advent of Modernism in visual communication and subsequent graphic design movements in the twentieth century. Prerequisites: STDO 3960.

FAAH 3202 Contemporary Art History  
Cr. Hrs. 3
This lecture course is an introduction to major theoretical and critical approaches to art. The course will explore theories regarding formal aspects of art as well as social, cultural and ideological concerns, historically significant critical movements, and issues of production, exhibition and reception. May not be held with FAAH 3210. Prerequisites: FAAH 1030 and FAAH 1040; or FAAH 1050 and FAAH 1060.

FAAH 3210 Introduction to The Theory of Art  
Cr. Hrs. 3
This course will consider art produced in non-traditional media during the Modern era, i.e. since the 18th century, with emphasis on developments during the 20th century and particularly the last 40 years. Prerequisite: FAAH 1040 or written permission of the instructor.

FAAH 3220 Topics in Aboriginal Art  
Cr. Hrs. 3
This course will consider the art history of the past few decades with an emphasis on recent and contemporary developments. Prerequisite: FAAH 2080 or written permission of the instructor.

FAAH 3223 Chinese Art and Architecture  
Cr. Hrs. 3
This course will examine the history of ceramics, extending from prehistory in Asia to recent work in Europe, the United States and Canada. No prerequisite, or written permission of instructor, but STDO 2230 (Ceramics 1) will be helpful.

FAAH 3224 Japanese Art and Architecture  
Cr. Hrs. 3
This course will cover significant topics in the art of the North American Aboriginal peoples, including the Inuit. Topic will vary from year to year. Prerequisite: FAAH 2090 or FAAH 3430, as appropriate, or written permission of the instructor.

FAAH 3230 Chinese Art and Architecture  
Cr. Hrs. 3
A contextual and thematic study of Islamic art and architecture beginning in the 7th century and continuing through the present. Prerequisites: FAAH 1030 and FAAH 1040 or FAAH 2100 or FAAH 1100.

FAAH 3240 Japanese Art and Architecture  
Cr. Hrs. 3
A survey of the art and architecture of China beginning with the Shang-Yin Period (2000 BCE) and continuing to the present. Prerequisite: FAAH 2100 or FAAH 1100 or written permission of the instructor.

FAAH 3250 Topics in Art History  
Cr. Hrs. 3
A survey of the art and architecture of Japan beginning with the Jomon Period (300 BCE to 300 CE) and continuing through the Heisei Period (1989 - present). Prerequisite: FAAH 2100 or FAAH 1100 or written permission of the instructor.

FAAH 3260 Canadian Art and Architecture to World War 2  
Cr. Hrs. 3
A seminar treating special topics in Art History. Prerequisite: one 300-level in the appropriate area as defined by the instructor, or written permission of the instructor.

FAAH 3260 Canadian Art Since World War 2  
Cr. Hrs. 3
Seminar treating special topics in Art History. Prerequisite: one 300-level in the appropriate area as defined by the instructor, or written permission of the instructor.

FAAH 3280 Early Byzantine Art and Architecture  
Cr. Hrs. 3
A seminar treating special topics in Art History. The topic varies from year to year. Prerequisite: one 3000-level course in the appropriate area as defined by the instructor, or written permission of the instructor.

FAAH 3300 Seminar in Art Theory and Criticism  
Cr. Hrs. 3
A seminar treating topics in the theory and criticism of art. Prerequisite: either FAAH 3210; or written permission of the instructor.

FAAH 3370 Seminar in Art History  
Cr. Hrs. 3
A seminar treating contemporary issues in art. The topic varies from year to year. Prerequisite: one 300-level course in the appropriate area as defined by the instructor, or written permission of the instructor.

FAAH 3930 History of Visual Communication  
Cr. Hrs. 3
A contextual and thematic study of Islamic art and architecture beginning in the 7th century and continuing through the present. Prerequisites: FAAH 1030 and FAAH 1040 or FAAH 2100 or FAAH 1100.

FAAH 3940 History of Curatorial Studies  
Cr. Hrs. 3
A contextual and thematic study of Islamic art and architecture beginning in the 7th century and continuing through the present. Prerequisites: FAAH 1030 and FAAH 1040 or FAAH 2100 or FAAH 1100.
SECTION 5: Fine Arts Course Descriptions-Fine Arts Studio Courses-1000 Level

STDO 1210 Drawing: Studio 1  Cr. Hrs. 3
Students are introduced to key concepts and competencies used in contemporary drawing practice. Prerequisite for further study in fine arts studio courses. May not be held with STDO 1200.

STDO 1240 Figure Study 1  Cr. Hrs. 3
Traditional and experimental approaches to rendering the figure, culminating in the production of a portfolio of drawings. Prerequisite to further study in the Fine Arts Studio courses. May not be held with STDO 1200 or STDO 1230.

STDO 1250 Drawing: Studio 2  Cr. Hrs. 3
Building on competencies developed in STDO 1210 Drawing: Studio 1, students integrate individual research with methods and materials of contemporary drawing. Prerequisite for further study in fine arts studio courses. May not be held with STDO 1200. Prerequisite: STDO 1210.

STDO 1410 Visual Language  Cr. Hrs. 3
An introduction to communication in contemporary visual art through traditional and experimental 2D and 3D modes. Prerequisite for further study in fine arts studio courses. May not be held with the former STDO 1220.

STDO 1450 Open Studio 1  Cr. Hrs. 3
Expanding concepts and ideas developed in Visual Language, students investigate the nature of contemporary art and design. Prerequisite for further study in fine arts studio courses. May not hold with the former STDO 1220. Prerequisite: STDO 1410.

STDO 1470 Materials Studio  Cr. Hrs. 3
Students choose among individual studio area modules to learn material technologies used in art, facilitating students' ability to work in School of Art workshops. Prerequisite for further study in fine arts studio courses. May not be held with STDO 1220. Prerequisite: STDO 1410.

STDO 1480 Digital Essentials  Cr. Hrs. 3
An introduction to the core software skills and digital methods that may be applied to art, design and research practices. Topics will provide students a basic understanding of digital platforms within a creative environment.

STDO 1510 Art Now  Cr. Hrs. 3
Introduction to current activities in art practices through gallery talks/visits, journal writing, formal critique methods and research methodology. It supports FA 1990 (Field Trip) which all first year BFA students must take. Pre-requisite to further study in Fine Arts Studio courses. May not be held with STDO 1200, STDO 1220 or STDO 1430.

SECTION 5: Fine Arts Course Descriptions-Fine Arts Studio Courses-2000 Level

STDO 2210 Sculpture 1  Cr. Hrs. 6
This course introduces materials, processes and ideas informing the making of contemporary sculptural practices. Prerequisites: Successful completion of 21 credit hours of 1000-level STDO courses.

STDO 2220 Painting 1  Cr. Hrs. 6
Basic instruction in oil painting and pictorial composition. Prerequisite: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2230 Ceramics 1  Cr. Hrs. 6
Introduction to ceramic art, including contemporary processes, techniques, and history. Prerequisite: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2250 Drawing 1  Cr. Hrs. 3
Creative use of drawing with emphasis on the human figure. Prerequisites: Successful completion of 21 credit hours at 1000-level STDO courses. May not be held with STDO 2240.

STDO 2310 Beginning Wheel Throwing with Clay  Cr. Hrs. 3
This course will cover the basics of wheel throwing and gas kiln firing. Technical and conceptual content will be provided through a series of assigned projects. May not be held with STDO 2230. Prerequisite: Successful completion of 21 credit hours of 1000 level studio courses.

STDO 2320 Beginning Hand Building with Clay  Cr. Hrs. 3
This course will cover the basics of hand building with clay and electric kiln firing. Technical and conceptual content will be provided through a series of assigned projects. May not be held with STDO 2230. Prerequisite: Successful completion of 21 credit hours of 1000 level studio courses.

STDO 2400 Photography 1  Cr. Hrs. 6
Introduction to the camera and photographic techniques with problems in creative visual expression. Prerequisite: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2460 Digital Photography 1  Cr. Hrs. 3
This is a Studio course introducing the basic technical foundation and critical understanding of contemporary photo-based image production. Pre-requisites: Successful completion of 21 credit hours at 1000-level STDO courses. May not be held with STDO 2450.

STDO 2500 Printmaking Intaglio A  Cr. Hrs. 3
An introduction to the basic techniques in Intaglio. Prerequisites: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2502 Printmaking Intaglio B  Cr. Hrs. 3
A continuation in the basic techniques in Intaglio. Prerequisites: STDO 2500 or STDO 2550.

STDO 2510 Printmaking Silkscreen A  Cr. Hrs. 3
An introduction to the basic techniques in Silkscreen. Prerequisites: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2512 Printmaking Silkscreen B  Cr. Hrs. 3
A continuation in the basic techniques in Silkscreen. Prerequisites: STDO 2510 or STDO 2550.

STDO 2520 Printmaking Lithography A  Cr. Hrs. 3
An introduction to the basic techniques in Lithography. Prerequisites: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2522 Printmaking Lithography B  Cr. Hrs. 3
A continuation in the basic techniques in Lithography. Prerequisites: STDO 2520 or STDO 2550.

STDO 2530 Relief and Monoprints  Cr. Hrs. 3
This course introduces the student to working in a printshop environment, using various mediums and methods of creating works on paper. Projects are structured to explore traditional and experimental approaches to monoprinting and relief printmaking. Technical proficiency and skill will require practice and attention to detail. Prerequisites: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2610 Video 1  Cr. Hrs. 6
STDO 2630 Design Studio 1  Cr. Hrs. 3
An introduction to the creative use of design elements and principles applied to problems in Graphic Design. Prerequisite: Successful completion of 21 credit hours at 1000-level STDO course.

STDO 2640 Design Studio 2  Cr. Hrs. 3
A continuation of the investigation of the creative use of advanced design elements and principles applied to problems in Graphic Design. The course provides a grounding in the concepts, techniques and skills required to solve specific problems, develop a personal design process and acquire a deeper understanding of visual media. Prerequisite: STDO 2630.

STDO 2650 Digital Design Technology  Cr. Hrs. 3
This course is an introduction to the computer as a creative tool and to explore industry standard software for use in the creative graphic design applications. Prerequisite: Successful completion of 21 credit hours at 1000-level STDO courses.

STDO 2670 Design Theory and Criticism 1  Cr. Hrs. 3
An introduction to the nature of the design process and the principles of visual perception and visual language with a focus on the cultural and commercial roles of visual communication design practice. Prerequisite: Successful completion of 21 credit hours at 1000-level STDO courses and FAAH 1030 and FAAH 1040.

STDO 2680 Special Topics  Cr. Hrs. 3
Selected projects in Fine Art Studio of current interest. Prerequisite: Written permission of instructor and director

STDO 2690 Special Topics in Studio Practice 1  Cr. Hrs. 3
Individual three credit hour courses offered in multiple discipline areas. Courses will provide opportunities for skill building, conceptual development and depth of topics of interest. Pre-requisites: twenty-one credit hours of 1000-level Studio courses or written permission of the instructor.

STDO 2712 Interdisciplinary Studio 1  Cr. Hrs. 3
Complementary to 2000-level Studio practice courses. Students will engage in discussion, readings and practical studio work. May not hold with the former STDO 2710. Pre-requisites: Twenty-one credit hours at 1000-level Studio courses.

STDO 2740 Open Media  Cr. Hrs. 3
This interdisciplinary studio course encourages the research, creation, and presentation of works of a diverse nature. Prerequisites: Successful completion of 21 credit hours at 1000 level STDO courses.

SECTION 5: Fine Arts Course Descriptions-Fine Arts Studio Courses-3000 Level

STDO 3330 Advanced Drawing 2  Cr. Hrs. 6
An upper level drawing course with an emphasis on finished drawings and experimental techniques. Prerequisite: STDO 2250.

STDO 3370 Advanced Ceramics  Cr. Hrs. 6
Continuation of Ceramics 1 (STDO 2230). Prerequisite: STDO 2230.

STDO 3380 Advanced Wheel Throwing with Clay  Cr. Hrs. 3
A continuation of STDO 2310 Beginning Wheel Throwing with Clay. This course will focus on advanced techniques in wheel throwing and the firing of gas and atmospheric kilns. May not be held with STDO 3370. Prerequisite: STDO 2310 or permission of the School of Art.

STDO 3390 Advanced Hand Building with Clay  Cr. Hrs. 3
A continuation of STDO 2320 Beginning Hand Building with Clay with a focus on experimental and innovative practices. May not be held with STDO 3370. Prerequisite: STDO 2320 or permission of the School of Art.

STDO 3420 Advanced Painting  Cr. Hrs. 6
Continuation of Painting 1 (STDO 2220) with increasing emphasis on painting techniques, theory, and use of expressive idioms. Prerequisite: STDO 2220.

STDO 3460 Advanced Sculpture  Cr. Hrs. 6
Continuation of Sculpture 1 (STDO 2210), with emphasis on one of modeling, carving, or construction. Prerequisite: STDO 2210.

STDO 3480 Advanced Photography 1  Cr. Hrs. 6
Continuation of Photography 1 (STDO 2400) or Digital Photography (STDO 2450), with emphasis on print quality and personal imagery. Prerequisite: STDO 2400 or STDO 2450.

STDO 3490 Photography 2  Cr. Hrs. 9
Advanced instruction toward individual expression. (Major course) Prerequisite: a grade of “C+” or better in STDO 2400 or STDO 2450.

STDO 3670 Special Topics  Cr. Hrs. 6
Projects of an unusual nature. Click on View “Timetable” to see current offerings. Prerequisite: written permission of instructor and director.

STDO 3680 Special Topics in Studio Practice 2  Cr. Hrs. 3
Individual three credit hour courses offered in multiple discipline areas. Courses will provide opportunities for skill building, conceptual development and depth on topics of interest. Pre-requisites: will vary depending on the course.

STDO 3830 Advanced Printmaking A  Cr. Hrs. 3
An upper level print media course allowing students to develop work in one or more of the print process. Prerequisite: Successful completion with a minimum of a grade of “C” in one of the following courses: STDO 2500, STDO 2502, STDO 2510, STDO 2515, STDO 2520, STDO 2522 or STDO 2530.

STDO 3840 Advanced Printmaking B  Cr. Hrs. 3
An upper level print media course allowing students to develop work in one or more of the print processes. Prerequisite: a grade of C in STDO 3830.

STDO 3910 Design Studio 4  Cr. Hrs. 3
This course builds on students’ abilities to solve graphic design problems in visual communications as developed in Design Studio 3, and to increase the repertoire of design problems typically encountered in professional practice. Prerequisite: STDO 3920. May not be held with STDO 3940.

STDO 3920 Design Studio 3  Cr. Hrs. 3
This course builds on students’ abilities to solve graphic design problems in visual communications as developed in Design Studio 1, and to increase the repertoire of design problems typically encountered in professional practice. Prerequisite: C+ or better in STDO 2630 and STDO 2640. May not be held with: STDO 3930.

STDO 3950 New Media Design  Cr. Hrs. 3
An exploration of the ‘new media’ revolution within a critical graphic design context. The course is also an introduction to the tools and principles of new media content creation and information architecture. Prerequisite: STDO 2650.

STDO 3972 Interdisciplinary Studio 2  Cr. Hrs. 3
Complementary to 2000-level and 3000-level Studio practice courses. Students will engage in discussion, readings, and practical studio work. May
SECTION 5: Fine Arts Course Descriptions-Fine Arts

Studio Courses-4000 Level

STDO 4450 Advanced Drawing 3 Cr. Hrs. 6
Advanced individual instruction in creative drawing. Prerequisite: STDO 3330 or STDO 3630.

STDO 4520 Advanced Ceramics 2 Cr. Hrs. 6
Individual instruction (Ceramics) with concentration in the areas most relevant to the student's creative development. Prerequisite: STDO 3370 or STDO 3620.

STDO 4530 Advanced Painting 2 Cr. Hrs. 6
Individual instruction with concentration in the areas most relevant to the student's creative development. Prerequisite: STDO 3420 or STDO 3600.

STDO 4550 Advanced Sculpture 2 Cr. Hrs. 6
Individual instruction with concentration in the areas most relevant to the student's creative development. Prerequisite: STDO 3460 or STDO 3650.

STDO 4570 Advanced Printmaking 2A Cr. Hrs. 3
Continuation of Advanced Printmaking 2. Students may not hold credit for both STDO 4540 and STDO 4570. Prerequisite: STDO 3830 and STDO 3840, or STDO 3890 and STDO 3900.

STDO 4610 Advanced Printmaking 2B Cr. Hrs. 3
Continuation of Advanced Printmaking 2A. Students may not hold credit for both STDO 4540 and STDO 4610. Prerequisite: STDO 4570.

STDO 4670 Advanced Photography 2 Cr. Hrs. 6
Advanced individual instruction in creative photography. Prerequisite: STDO 3480 or STDO 3490.

STDO 4710 Design Senior Studio 1 Cr. Hrs. 6
(Lab required) This course provides an opportunity for students to propose and develop a self-directed term-long design project. Peer learning and collaboration will be encouraged using yearly thematic focus to frame the class research. May not be held with STDO 4810 or STDO 4820. Prerequisite: STDO 3910.

STDO 4720 Design Senior Studio 2 Cr. Hrs. 6
(Lab required) This course provides an opportunity for students to propose and develop a self-directed term-long design project. Peer learning and collaboration will be encouraged using a yearly thematic focus to frame the class research. May not be held with STDO 4810 or STDO 4820. Prerequisite: STDO 4710.

STDO 4730 Design Honours Seminar 1 Cr. Hrs. 3
Design Honours Seminar will complement the work and research in Design Honours Studio 1 and 2 and provide critical conversations around contemporary design. The course emphasizes writing about design as well as covering issues related to the documentation and dissemination of design thinking, design process and designed outcomes. May not be held with STDO 4910. Prerequisite: Successful completion of 15 credit hours of 3000 level studio courses. Corequisite: STDO 4710.

STDO 4810 Senior Studio 1 Cr. Hrs. 6
Students develop and complete a self-directed program of Studio work. Regular peer and faculty review of Studio program of work. Taught by individual faculty or two-faculty teams. May not hold with STDO 4880 or 054.488. Open only to students in fourth year Honours. Pre-requisite: 15 credit hours of 3000 level Studio courses. Co-requisite: STDO 4910.

STDO 4820 Senior Studio 2 Cr. Hrs. 6
Taken after Senior Studio 1 (STDO 4810) students develop and complete their self-directed program of Studio work. Regular peer and faculty review of Studio program of work. Taught by individual faculty or two-faculty teams. Open only to students in fourth year of Honours program. Prerequisite: STDO 4810. Corequisite: STDO 4920. May not be held with STDO 4880.

STDO 4870 Production and Professional Practice Cr. Hrs. 3
An examination of the technologies and techniques of visual communication production with a focus on the concepts of business and production management. This studio course is a part of the graphic design area sequence. Prerequisite: STDO 3920 (or STDO 3930, STDO 3910 (or STDO 3940), and STDO 3950.

STDO 4910 Honours Seminar 1 Cr. Hrs. 3
This Seminar is taken in the fourth year of the Bachelor of Fine Arts Honours Degree as the first of two Honours Seminar courses and taken co-currently with Senior Studio 1 and Senior Studio 2. Issues of professional practice are examined against contemporary art theory. Students document their work and create artist statements and interact with visiting artists. Prerequisites: 15 credit hours of 3000-level Studio courses. Co-requisite: STDO 4810. May not be held with STDO 4890.

STDO 4920 Honours Seminar 2 Cr. Hrs. 3
A continuation of STDO 4910, Honours Seminar 1. Issues of professional practice are examined against contemporary art theory. Students document their work and create artists statements and interact with visiting artists. Co-requisite: STDO 4820. Pre-requisite: STDO 4910. May not be held with STDO 4890.

</table>
Eligible students may apply to enter the Faculty of Arts upon completion of a high school diploma. Eligible students must meet the criteria listed below:

- Manitoba high school graduation, with five full credits at the Grade 12 level, in courses designated S (Specialized), G (General), or U (Dual Credit-University), or the equivalent standard from other provinces and countries will be considered.
- A minimum average of 85% in three Grade 12 S or U credits and a minimum grade of 60% in each of the three credits.

Note: High school mathematics is NOT required for admission to the Faculty of Arts. However, it is recommended students complete either applied mathematics or pre-calculus within the Manitoba high school curriculum, or equivalent, to facilitate their ability to fulfill the University’s “M” (or "mathematics") requirement for graduation and to enter certain Arts programs which require mathematics.

2.2 Transit from University 1

a) Students who have completed 30 credit hours or more of coursework and who are not admissible to other faculties or schools will be required to transit to the Faculty of Arts or the Faculty of Science.

b) Students who have completed either 24 or 27 credit hours of coursework may choose to transit to the Faculty of Arts or Faculty of Science.

Note: Students who have exceeded 36 credit hours of "F" grades will not normally be admissible until a suspension has been served. Students may contact the Faculty of Arts for further information and advice.

2.3 Admission as a Transfer Student

Students transferring to the Faculty of Arts from another faculty or school at the University of Manitoba are called "internal transfers." Students transferring to the Faculty of Arts from another university or college are called "external transfers."

Transfer students must apply for admission to the Faculty of Arts, Advanced Entry Option, online at www.umanitoba.ca/applynow by the application deadline date.

For the University of Manitoba’s general policy on external transfer students and advanced standing, see the chapter on Admission to the University of Manitoba in this Calendar.

Students who apply to transfer to the Faculty of Arts must have completed no fewer than 24 credit hours of university level coursework and must have achieved a minimum cumulative grade point average of 2.00. Students who have completed 24 credit hours or more and who have not achieved at least a 2.00 cumulative grade point average will be considered for admission on the basis of an adjusted grade point average which is a 2.00 grade point average on the best 24 credit hours. Students who have exceeded the maximum number of "F" grades permitted on courses acceptable for credit in Arts (see Section 5.10) should contact the Faculty of Arts for further information and advice.

Anyone who has been placed on academic suspension by another faculty, school, or external institution will not normally be admissible if less than one year has elapsed since he/she had been placed on suspension. The
waiting period will be increased to two years if the student has been placed on suspension more than once in consecutive years. For information regarding transfer credit see Sections 5.2.1 and 5.2.2.

2.4 Admission as a Student Seeking a Second Degree

A student who holds an undergraduate degree from a recognized university program (including the University of Manitoba) may apply for admission to pursue a second undergradu­ate degree from the Faculty of Arts. For information regarding possible transfer credit see Section 5.14.

2.5 Admission as a Visiting Student

A "visiting" student is one who is pursuing a degree at another institution and whose basis of admission is a Letter of Permission from his/her home institution granting permission to register at the University of Manitoba. Previously admitted visiting students can register in a subsequent term without applying for admission, provided they have a Letter of Permission and have not changed their home institution. Certain restrictions may be placed on the kind and number of courses in which they will be allowed to register.

2.6 Admission as a Special Student

The Faculty of Arts does not accept students under the special student category. Students seeking admission as a special student should apply to Extended Education.

SECTION 3: Basic Faculty Regulations for the B.A.

General, Advanced and Honours Degree Programs

Students are encouraged, prior to reading the faculty regulations which follow, to review the chapter, General Academic Regulations and Requirements, in this Academic Calendar.

It is highly recommended that all students entering the Faculty of Arts to pursue a General, Advanced or Honours Degree complete six credit hours in each of five different subject fields within the first 30 credit hours. If possible, they should include among those courses the subject fields in which they will probably specialize because future choices may be limited by their initial choice of courses. Also, students must meet a subject field requirement to qualify for entrance to both the Advanced and Honours programs (see Section 3.2 and 3.3).

Honours courses may be taken by students in the General or Advanced Major programs with the written consent of the department head or program coordinator.

3.1 General Degree Program

3.1.1 General Purpose

The General Degree in the Faculty of Arts involves taking courses in what are traditionally referred to as the "liberal" arts. The goal of a liberal arts education is to provide students with an education in the humanities and social sciences and at the same time prepare them for future careers. An Arts education is intended to provide students with "employability skills" that are highly valued by employers and needed in the contemporary workplace. Some of these skills include reading, writing, listening, speaking effectively, knowledge of language, critical thinking, problem solving, basic numeracy, information literacy, and an appreciation of our cultural, political, and economic milieu.

The General Degree would not normally prepare students for graduate studies. Most graduate programs require students complete a four year degree. Therefore students interested in a graduate program should complete the Bachelor of Arts Advanced or Honours Degree Program following discussion with a departmental graduate program advisor.

3.1.2 Entrance into the B.A. General Degree Program

1) At the point of entry to the Faculty of Arts all students proceeding to an undergraduate B.A. Degree are automatically in the General Degree Program. Subsequently, students may apply through the Faculty of Arts General Office for admission to either the Advanced Degree Program or the Honours Degree program.

2) All students who have completed 30 credit hours of coursework are encouraged to declare a Major and a Minor. Once the Major or Minor is declared it can be changed at some later registration. Students may also declare a second or Double Major in lieu of a Minor. Students who want to declare a Double Major must complete a Double Major declaration form available in the Faculty of Arts General Office or on the Faculty of Arts website. Students should note that for entry into Majors/Minors, the faculty requirement is a grade of “C” or better in the prerequisite course(s).

For entry into a Major requiring courses from more than one department, the faculty requirement is an average of “C” or better in all courses which are eligible to count towards the Major.

For detailed information regarding entry and specific course requirements for Majors and Minors, see the specific departmental listing in Sections 8 and 9 of this Calendar.

3.1.3 Requirements for Continuing in the B.A. General Degree Program

1) By the time students complete 60 credit hours, they should have six credit hours in each of five different subject fields and must have declared a Major and Minor. Students who have not declared a Major or Minor by the time 60 credit hours of coursework have been completed, will not be able to continue registration until a Major/Minor is declared.

2) Students admitted to the Faculty of Arts, must by the time they have completed 60 credit hours have successfully completed or be registered for at least three credit hours in a course with significant content in written English and at least three credit hours in a course in mathematics. (See the Chapter General Academic Regulations and Requirements, Appendix A: List of Approved Written English and Mathematics Courses, or search Aurora Student for the course attributes “Written English Requirement” or “Mathematics Requirement.”)

3) Students must meet the minimum performance level as outlined in Section 5.10.

3.1.4 Ten Faculty Requirements for Graduating with a B.A. General Degree

1) A student must successfully complete 90 credit hours of courses acceptable for credit in the Faculty of Arts (see Section 5.2) with a minimum grade point average of 2.00 (i.e. “C” average) on these 90 credit hours.

The 90 credit hours of passed coursework must include the remaining nine faculty requirements:

At least six credit hours from subject fields designated Humanities, at least six credit hours from subject fields designated Social Science, and at least six credit hours from the list of courses that satisfy the Science requirement (see Section 5.1.1).

2) At least six credit hours completed in each of five different subject fields (as listed in Section 5.1.1). A subject field may also satisfy other Bachelor of Arts Degree requirements such as
3.2 Advanced Degree Program

3.2.1 Its General Purpose

This program is intended primarily to serve students who desire a general education along with a reasonable degree of specialization in one area of study through the Major. In addition to the basic skills learned in the B.A. General Degree Program, an extra year of study provides the opportunity to learn more advanced skills such as research, critical thinking, information management and public speaking.

The Advanced Degree Program is also well suited to students seeking to build an academic term or year of studies abroad into their undergraduate degree. The Advanced Degree offers the time in the degree to take advantage of opportunities for international focus and experience.

3.2.2 Entrance to the B.A. Advanced Degree Program

a) To enter an Advanced Degree Program, a student must have successfully completed six credit hours in each of four different subject fields (see Section 5.1.1), and also complete an application form available in the Faculty of Arts General Office or on-line at http://umanitoba.ca/faculties/arts/student_resources/student_forms.html and have it approved by an academic advisor. At the point of entry to the Advanced Degree Program, the student must indicate their intention to complete a Single Advanced Major or a Double Advanced Major.

Once admitted to the Faculty of Arts it is possible to enter this program at any point up to one month prior to graduation.

b) All students are required, upon entering the Single Advanced Major Program, to declare a Major and Minor. Students entering the Double Advanced Major Program are required to declare two Majors. Students should note that for entry into a Major(s) requiring courses from only one department, the faculty requirement is a grade of "C" or better in the prerequisite course(s).

For entry into a Major(s) requiring courses from more than one department, the faculty requirement is that the student must have an average of "C" or better in all courses which are eligible to count towards the Major.

For additional information regarding entrance into Majors (such as which courses are eligible for counting as fulfilling the Major) see the specific listing for the relevant department in Sections 8 and 9. Students with questions about an Advanced Major in a particular subject should consult an instructor in the appropriate department.

c) For entry to the Minor a grade of "C" or better in the prerequisite course(s) is required.

3.2.3 Requirements for Continuing in the B.A. Advanced Degree Program

1) Students admitted to the Faculty of Arts, must by the time they have completed 60 credit hours have successfully completed or be registered for at least three credit hours in a course with significant content in written English and at least three credit hours in a course in mathematics. (See the Chapter General Academic Regulations and Requirements, Appendix A: List of Approved Written English and Mathematics Courses, or search Aurora Student for the course attributes "Written English Requirement" or "Mathematics Requirement.")

2) Students must meet the minimum performance level as outlined in Section 5.10.

3.2.4 Ten Faculty Requirements for Graduating with a B.A. Advanced Degree

1) A student must successfully complete 120 credit hours from among the courses acceptable for credit in the Faculty of Arts (see Section 5.2), with a minimum grade point average of 2.00 (i.e. "C" or better) on these 120 credit hours.

The 120 credit hours of passed coursework must include the remaining nine faculty requirements:

While most graduate programs require students complete an Honours Degree, it may be possible to enter a graduate program on the basis of the Advanced Degree. Students should discuss this possibility with a departmental graduate program advisor.
2) At least six credit hours from subject fields designated Humanities, at least six credit hours from subject fields designated Social Science, and at least six credit hours from the list of courses that satisfy the Science requirement (see Section 5.1.1).

3) At least six credit hours completed in each of five different subject fields (as listed in Section 5.1.1). A subject field may also satisfy other Bachelor of Arts requirements such as Humanities, or Social Sciences, or Sciences, or Mathematics, or Written English.

4) Single Advanced Major: 48 credit hours which constitute a Single Advanced Major in one of the subject fields approved by the Faculty of Arts (see Section 5.1.1). The student must have a grade point average of 2.00 (i.e. “C” average) or better in courses where a final grade is recorded that are used toward the Major including only the last grade of any course that has been repeated and excluding any failed course(s). A student who declares a Single Advanced Major must also complete a Minor with the exception of students whose Major is Global Political Economy. Students with an Advanced Major in Global Political Economy will not be required nor allowed to complete a Minor for purposes of satisfying the degree requirements.

Double Advanced Major: At least 42 credit hours which constitute a Double Advanced Major in each of two subject fields approved by the Faculty of Arts (see Section 5.1.1). The student must have a grade point average of 2.00 (i.e. “C” average) or better in courses where a final grade is recorded that are used toward each Major including only the last grade of any course that has been repeated and excluding any failed course(s). A student who declares a Double Advanced Major will not be required nor allowed to complete a Minor, but must complete the Double Advanced Major in accordance with the requirements as specified by the Major department. A Major may be declared once the prerequisite has been satisfied.

Note: No course can be used to satisfy both the Single Advanced Major and Minor requirement. Similarly no course can be used to satisfy both Double Advanced Majors. Not every department offers a Single or Double Advanced Major. See the departmental listings in Sections 8 and 9 for information.

5) Minor: 18 credit hours which are in a subject field that is different from that of the declared Single Advanced Major, which constitute a Minor approved by the Faculty of Arts (see Section 5.1.1). A student who declares a Single Advanced Major must also complete a Minor. A student who declares a Double Advanced Major will not be required nor allowed to complete a Minor. No course can be used to satisfy both the Advanced Major(s) and the Minor requirement. Only one Minor may be declared. A Minor may be declared once the prerequisite has been satisfied.

6) A student who declares a Single Advanced Major with a Minor must have at least 42 credit hours in subjects other than those used towards the Single Advanced Major and Minor. In addition, students in a Single Advanced Major must successfully complete 12 credit hours of coursework in any subject acceptable for credit in the Faculty of Arts including courses in the Major and Minor.

A student who declares a Double Advanced Major must have at least 36 credit hours in subjects other than those used towards their Double Advanced Major subject fields.

7) A student may not declare a Major/Minor combination in both Sociology and Criminology or both Italian and Italian Studies.

8) At least 81 credit hours that have been taught by the Faculty of Arts (may include up to 36 credit hours from the Department of Mathematics or Art History courses considered as Humanities, see Section 5.1.1), or which have been accepted on transfer as equivalent to courses taught by the Faculty of Arts.

9) At least 42 credit hours numbered at or above the 2000 level.

10) Residency Requirement: A student in the B.A. Advanced Degree Program must complete University of Manitoba residency requirements (see Section 5.3 for details).

3.3 Honours Degree Program

3.3.1 Its General Purpose

This program is designed to provide a high degree of specialization in a subject field. The entrance requirements and evaluation of performance are at a higher level than the General or Advanced Degree programs. The Honours Degree program is the preferred program for students seeking entrance to graduate study.

3.3.2 Entrance to the B.A. Honours Degree Program

To enter an Honours Degree program, a student must complete an application form which is available in the Faculty of Arts General Office. Students must have successfully completed six credit hours in each of four different subject fields (see Section 5.1.1), with a minimum cumulative grade point average of 3.0 (3.5 for entry to Psychology) on all courses including failed and repeated courses. In addition, students must have a cumulative grade point average of 3.0 (3.5 for entry to Psychology) or better in all course(s) in the intended Honours subject field(s) including failed and repeated courses. Students applying for Honours Psychology must have a minimum grade of “B” in PSYC 2260. Students applying for Honours History must have a grade of “B” or higher in all 3000 and 4000 level History courses.

3.3.3 Requirements for Continuing in the B.A. Honours Degree Program

1) Prior to each registration, Honours students must have their courses approved by the department in person, and then by the Faculty of Arts General Office, and cannot make any subsequent changes without receiving prior permission from their department and the Faculty General Office.

2) Students admitted to the Faculty of Arts, must by the time they have completed 60 credit hours have successfully completed or be registered for at least three credit hours in a course with significant content in written English and at least three credit hours in a course in mathematics. (See the Chapter General Academic Regulations and Requirements, Appendix A: List of Approved Written English and Mathematics Courses, or search Aurora Student for the course attributes “Written English Requirement” or “Mathematics Requirement.”).

3) To continue in an Honours Degree program, the student must maintain a degree grade point average of 3.0 (3.5 for Psychology) at each point of assessment on all courses where a final grade is recorded (as well as meet any additional departmental requirements there may be). In order to continue in Honours History students must also maintain a “B” grade or higher in each History course at the 3000 and 4000 level.

Students who fail to maintain the required minimum degree grade point average are required to withdraw from the Honours Degree program. They will be automatically placed in the General Degree Program and will have the following academic assessment permanently recorded on their transcript: “Required to Withdraw from
the Honours Program.” These students may be eligible to apply to the Advanced Degree Program.

3.3.4 Four Faculty Requirements for Graduating with a B.A. Honours Degree

It should be noted that not every department has an Honours Degree program. For specific information on available Honours programs, please consult the specific listing for the relevant department in Section 8.

Note: Students in an Honours Degree program who satisfy the requirements for a Minor (in accordance with the Minor requirements listed under the B.A. General Degree; Section 3.1.4, point 5 - Minor) may request to have the Minor recorded on their transcript. These students must come to the Faculty of Arts General Office to formally declare their intention to have their Minor recorded on their transcript.

1) The number of credit hours which a student must successfully complete in order to receive an Honours Degree is 120 (effective September 2015). Information on the specific course requirements for the individual departments will be found in Section 8.

2) In order to graduate, a student in the B.A. Honours Degree program must satisfy the University of Manitoba residency requirements (see Section 5.3 for details) and attain a minimum degree grade point average of 3.0 on all coursework where a final grade is recorded.

3) Included among the courses presented for graduation there must be at least six credit hours completed in each of five different subject fields (as listed in Section 5.1.1).

4) Among the courses presented for graduation there must be at least six credit hours from subject fields designated Humanities, at least six credit hours from subject fields designated Social Science, and at least six credit hours from the list of courses that satisfy the Bachelor of Arts Science requirement (see Section 5.1.1).

3.4 Co-operative Education in the Faculty of Arts

Co-operative Education Office
Faculty of Arts-General Office
3rd Floor Fletcher Argue Building

3.4.1 Co-operative Education in the Faculty of Arts

Co-operative Education is available to students in any of the Bachelor of Arts Advanced or Bachelor of Arts Honours degree programs whose department offers Co-operative Education as an option. Co-op is an arrangement in which students spend alternating in academic terms and employment.

There are several advantages to Co-operative Education, including but not limited to the following:

Applying theoretical knowledge gained in the classroom to real life, working situations and applying knowledge gained in the workplace to the theory being taught in class. Both the academic and practical experiences are enriched by the other.

Students who complete Co-op are successful at exploring and selecting areas of specialization within their chosen field of study.

Enhanced professional development through networking, participation in conferences and workshops, acquisition of foundational skills around strategies for seeking and obtaining employment.

Students earn competitive wages and thus have the opportunity to defray the costs of their education by participating in Co-operative Education.

3.4.2 Academic Regulations

Applying to the Co-operative Education Program

Students must check with the Faculty of Arts Co-op Coordinator for information regarding application deadlines and start dates. Students will be notified of their provisional acceptance to the program by September each year.

Acceptance to the program is dependent upon the student receiving a job placement. Employers will select the student they wish to employ and students are advised that satisfying the entrance requirements does not guarantee a place in the Co-operative option. Students are advised that satisfying entrance requirements does not guarantee a place in the Co-operative option in those departments where the demand for placements exceeds the number of places available. In such situations, the department reserves the right to identify and select the best qualified candidates.

Applicants will be interviewed and approved by the Co-op staff and departmental faculty advisors. Final acceptance to the program will be confirmed in writing by the Co-op Office.

International Students planning to complete courses or programs that require work placement must obtain a valid work permit, in addition to maintaining a valid study permit. Please contact the International Centre for further information on the requirements that need to be met in order to apply for Co-op Option work placement.

3.4.3 Entrance to the Co-operative Education Option

To enter a Faculty of Arts Co-op program, a student must be eligible to enter the specific Advanced Degree or Honours Degree Program offered by the department offering a Co-op program. Departments may also stipulate additional requirements for entering the Co-op option related to their program. See sections 3.2.2, 3.3.2, and the specific departmental calendar entry for information regarding entering the Bachelor of Arts Advanced and Honours degrees, including any related Co-operative Education options.

The Co-operative Education option is not available to students pursuing the three-year Bachelor of Arts General Degree or Bachelor of Arts Integrated Studies Degree.

The normal point of entry to a Faculty of Arts Co-op program is following the completion of second year. Students must have completed at least 48 credit hours in order to be eligible to enter Arts Co-op.

Students are required to complete an application form, available in the Faculty of Arts Co-op Coordinator’s office. Students are also required to register in the appropriate Co-op courses and pay the applicable course and administrative fees prior to beginning their work placement. Normally, no portion of the administration fee will be refunded.

3.4.4 Continuation in the Co-operative Education Option

Academic Term Requirements

All performance regulations governing Faculty of Arts degree programs apply to students in programs with Co-operative Education options. Departments may also stipulate additional requirements for continuing in the Co-op option related to their program. See sections 3.2.3, 3.3.3, and the specific departmental calendar entry for information regarding continuing in the Bachelor of Arts Advanced and Honours degrees, including the related Co-op options.

The coursework requirements of the different Co-operative education options are equivalent to the coursework requirements outlined in each Advanced or Honours degree program offering Co-op as an option.
Each work term is assigned one (1) credit hour. The combination of the minimum 3 employment terms is equal to one 3 credit hour course for use toward the Bachelor of Arts degree.

Course Load Expectations

It is recommended that students in a Co-op option maintain full time status (min. nine credit hours per academic term) when not completing a work term placement.

Employment Term Requirements

Number and Length of Terms

All Co-operative Options will include a minimum of 12 months spent in employment terms with a Department and Faculty approved employer. Normally each employment term will be completed with a single employer.

Limits on Coursework While Completing a Work Term

While completing a work term, students are not permitted to take more than one course at a time.

Grading of Work Terms

Co-operative Option students are required to submit at least three written employment reports on their employment term activities. These reports are due at times designated by the student's department and the Faculty of Arts Co-op Coordinator.

Co-operative Option work term reports are graded as Pass/Fail. In order to remain in the Co-operative Option, students must obtain a grade of “Pass” for each term work report. Each department will provide students with instructions regarding the content and format requirements of the employment reports.

Unsatisfactory Performance

Indications of unsatisfactory performance by a student in an employment term will be thoroughly investigated by the student’s department and the Faculty of Arts Co-op Coordinator. If the investigation finds that benefits from further professional training are questionable, the student may be required to withdraw from the Co-operative Option. The student would then be eligible to enter the regular Advanced or Honours program, provided the student meets the minimum academic requirements of the target program.

Schedule and Sequence

The Co-operative option consists of both academic terms and work terms. The sequence of academic terms and work terms will be variable to suit the needs of each department. In order to satisfy course and program requirements, timetables may differ from the regular program. Except where stipulated by specific Faculty and Departmental regulations related to the different Co-operative Education options, students working toward the completion of Co-op will be evaluated and assessed in the same manner as regular students and all rules and regulations of the Faculty of Arts continue to apply to students in the Co-operative Education option. Students must be aware of terms when required courses may or may not be offered and plan their timetables accordingly.

Students are expected to follow the academic/employment term sequence defined by their department, from entry to completion.

Withdrawal from the Co-operative Education Option

Students may be required to withdraw from the program for any of the following reasons:

- Failure to maintain the minimum academic requirements set out by the department offering Co-operative Education;
- Failure to maintain the minimum academic requirements of the Faculty of Arts degree they are pursuing (Advanced or Honours);
- Unsatisfactory performance in the workplace during an employment term; or,
- Any violation of the University of Manitoba Academic Integrity regulations, in any course.

Students who wish to withdraw voluntarily from the Co-op Program may do so in writing to the Faculty of Arts Co-op Coordinator prior to:

- participating in the recruitment period (applications and/or interviews);
- accepting a position for a work term placement;
- the VW deadline for the term in question.

A student who selects, or is required, to withdraw after participating in the recruitment period or after accepting a position with an employer for a work term placement without written approval of the Co-op Coordinator will have the following notation placed on their transcript: “Required to Withdraw from the Co-operative Education Option”

3.4.5 Graduation Requirements of the Co-operative Education Option

The Bachelor of Arts Advanced and Honours degrees are comprised of 120 credit hours. Students who intend to complete the Co-op Option must also successfully complete a minimum of three, four-month work term placements. Each work term is assigned one (1) credit hour. The combination of the minimum three employment terms is equal to one, three credit hour course for use toward the requirements of the Bachelor of Arts degree.

Work-term credit hours may only be used toward programs offering a Co-operative Education Option.

Except where stipulated by specific Faculty and Departmental regulations related to the various Co-operative Education options, students working toward the completion of Co-op will be evaluated and assessed in the same manner as regular students and all rules and regulations of the Faculty of Arts continue to apply to students in the Co-operative Education Option.

Faculty of Arts
### REQUIREMENT 2: Minor
(See Section 8 for Minor requirements)

- minimum 18 credit hours; except when Major is Global Political Economy or for students in a Double General Major Program
- minimum 18 credit hours; except when Major is Global Political Economy or for students in a Double Advanced Major Program
- optional Minor (see note in Section 3.3.4)

### REQUIREMENT 3: Options

- minimum 30 credit hours outside student's chosen Major(s) and Minor
- single 6 credit hours from the Major and/or Minor or other subjects
- minimum 12 credit hours from the Major and/or Minor or other subjects
- single 6 credit hours from the Major and/or Minor or other subjects
- double 12 credit hours from the Major and/or Minor or other subjects
- double Advanced Major: minimum 36 credit hours outside student's chosen Majors

Within the above 3 requirements, students must also satisfy the following requirements. Note: a course may satisfy more than one requirement.

### REQUIREMENT 4: Written English and Math

- Written English and Math Requirement (minimum 3 credit hours in each)
- Written English and Math Requirement (minimum 3 credit hours in each)
- Written English and Math Requirement (minimum 3 credit hours in each)

### REQUIREMENT 5: Humanities Requirement
(See Section 5)

- 6 credit hours from subjects identified as Humanities
- 6 credit hours from subjects identified as Humanities
- 6 credit hours from subjects identified as Humanities

### REQUIREMENT 6: Social Science Requirement
(See Section 5)

- 6 credit hours from subjects identified as Social Sciences
- 6 credit hours from subjects identified as Social Sciences
- 6 credit hours from subjects identified as Social Sciences

### REQUIREMENT 7: Science Requirement
(See Section 5)

- 6 credit hours of coursework that satisfies the Science requirement (see Section 5.1.1 for a list of courses that satisfy the Bachelor of Arts Science requirement)
- 6 credit hours of coursework that satisfies the Science requirement (see Section 5.1.1 for a list of courses that satisfy the Bachelor of Arts Science requirement)
- 6 credit hours of coursework that satisfies the Science requirement (see Section 5.1.1 for a list of courses that satisfy the Bachelor of Arts Science requirement)

### REQUIREMENT 8: General Requirements

- 60 credit hours of courses must be taken from courses taught by the Faculty of Arts (may include 24 credit hours of Mathematics or Art History courses)
- 30 credit hours must be at the 2000 level or higher
- 6 credit hours (c.h.) in each of 5 subject fields (e.g., 6 c.h. Psychology, 6 c.h. Economics, 6 c.h. Computer Science, 6 c.h. French, 6 c.h.)
- 81 credit hours of courses must be taken from courses taught by the Faculty of Arts (may include 36 credit hours of Mathematics or Art History courses)
- 42 credit hours must be at the 2000 level or higher
- 6 credit hours (c.h.) in each of 5 subject fields (e.g., 6 c.h. Psychology, 6 c.h. Economics, 6 c.h. Computer Science, 6 c.h. French, 6 c.h.)
- 6 credit hours (c.h.) in each of 5 subject fields (e.g., 6 c.h. Psychology, 6 c.h. Economics, 6 c.h. Computer Science, 6 c.h. French, 6 c.h.)
- 6 credit hours (c.h.) in each of 5 subject fields (e.g., 6 c.h. Psychology, 6 c.h. Economics, 6 c.h. Computer Science, 6 c.h. French, 6 c.h.)
- 6 credit hours (c.h.) in each of 5 subject fields (e.g., 6 c.h. Psychology, 6 c.h. Economics, 6 c.h. Computer Science, 6 c.h. French, 6 c.h.)

### REQUIREMENT 9: Residency Requirements

- Degree: 48 credit hours or the final 30 credit hours must be taken at the University of Manitoba
- Single Advanced Major: 27 credit hours at the University of Manitoba on a Double Advanced Major requiring 42 credit hours
- Single Honours: ancillary options: minimum 24 to 36 credit hours over years 2, 3, and 4
- Double Honours: ancillary options: minimum 6 credit hours over years 2, 3, and 4

- Major(s): 18 credit hours at the University of Manitoba
- Single Advanced Major: 48 to 57 credit hours; or
- 36 credit hours at the University of Manitoba on a Single Advanced Major requiring more than 57 credit hours
- Double Advanced Major: minimum 36 credit hours outside student's chosen Majors

### REQUIREMENT 10: Graduating Grade Point Average (GPA)

- 2.00 grade point average on 90 credit hours of passed coursework offered for degree credit
- 2.00 grade point average on 120 credit hours of passed coursework offered for degree credit
- 3.00 grade point average on total passed credit hours offered for degree credit

### SECTION 4: Admission Requirements and Basic Faculty Regulations for the B.A. Integrated Studies (B.A.I.S.) Degree Program

#### 4.1 General Purpose

The Bachelor of Arts Integrated Studies is a 90 credit hour degree program geared to serve working adults who have completed some post secondary education. The degree requires areas of Concentration rather than the traditional Major/Minor requirement, providing a more flexible path for degree completion but also ensuring academic rigor (e.g., appropriate writing and quantitative skills, breadth requirements, and an appropriate percentage of upper level courses).
4.2 Admission Requirements for the B.A.I.S. Degree Program

Students must complete one of the following:

1) Successful completion of a minimum of 24 credit hours of university level coursework at the University of Manitoba or elsewhere and includes: University of Manitoba certificate or diploma programs and/or diploma programs completed at another accredited post-secondary institution. A minimum cumulative grade point average of 2.0 is required where university courses are used as the basis of admission. Students who have not achieved a 2.0 cumulative grade point average may be eligible for special consideration. A minimum cumulative grade point average of 2.5 or C+ is required on a University of Manitoba certificate or diploma program.

2) Be eligible for admission as a "mature" student.

Students who have exceeded 36 credit hours of "F" grades are not admissible until a period of suspension has been served. Students may contact the Faculty of Arts for further information and advice.

Applicants must also submit the following with their application for admission:

a) Supplementary Application form
b) A résumé providing evidence of normally three (3) years of full-time workplace experience (i.e., ≥30 hours/week) preferably with the same employer. (Applicants who do not strictly fall into this definition of workplace experience may request special consideration from the B.A. Integrated Studies Admissions Committee.)

Students who hold a first undergraduate degree in the Faculty of Arts may not apply for the B.A. Integrated Studies Degree Program.

For detailed admission information, including required averages for admission and application deadline dates, please refer to the Faculty of Arts Applicant Information Brochure at http://www.umanitoba.ca/student/admissions/media/arts_bulletin.pdf.

4.3 General Structure of the B.A.I.S. Degree Program

The Bachelor of Arts Integrated Studies Program is comprised of 90 credit hours divided into three components: Foundation Courses (21 credit hours), Area of Concentration (18 credit hours) and options (51 credit hours).

Foundation Courses

<table>

A three credit hour course that satisfies the mathematics requirement

ARTS 1160 | Leadership: An Interdisciplinary Approach | 3     |

Six credit hours of introductory courses from the Departments of Psychology or Sociology or Anthropology or Political Studies

Total credit hours | 21

Notes:

- See Appendix A, List of Approved Written English and Mathematics courses found under the heading General Academic Regulations and Requirements in the Undergraduate Calendar.
- Students who wish to take courses beyond the 1000 level in these departments should consult the course descriptions to ensure the necessary prerequisites are satisfied.

Students may not substitute another course for a Foundation course.

Area of Concentration

Each student must complete the course requirements of at least one Concentration. For purposes of this degree program all Minor programs offered by the Faculty of Arts will be referred to as Concentrations. All Concentrations consist of 18 credit hours of required or specified courses. There are some Concentrations that are not offered as Minors. For a listing of the Minors and Concentrations offered by the respective departments in the Faculty of Arts, please see Section 1.2 and also refer to the departmental entries in Section 8 and 9. For entry into most Concentrations, the faculty requirement is that the student must have a grade of "C" or better in the prerequisite course(s).

A student in the B.A. Integrated Studies Degree Program may also fulfill the requirements of a Concentration by completing the specified requirements of Minor programs offered by other Faculties and Schools providing the Minor consists of a minimum of 18 credit hours. A Minor program offered by other Faculties/Schools will be referred to as a Concentration for purposes of the B.A. Integrated Studies Degree Program. For details on such Concentration (Minor) programs please refer to the relevant Faculty/School’s chapter in the Academic Calendar.

A Concentration may be declared once the prerequisite has been satisfied. A course that satisfies the Foundation requirement of the program cannot also be used towards a Concentration. An alternate course/credit hours within the Concentration field must be completed. For example, if PSYC 1200 (6) is taken to satisfy the Foundation requirement, and the student has chosen to complete a Psychology Concentration, then PSYC 1200 will not form part of the 18 credit hours required for the Concentration. The student will complete an additional 6 credit hours of other Psychology courses in lieu of PSYC 1200.

Students who wish to take additional courses from a second Concentration may do so within their elective component. Students who complete the requirements of a second Concentration may submit a written request to the Dean’s Office to have a second Concentration recorded on their transcript.

Options

Students must complete 51 credit hours of options outside the Foundation courses and those courses used to satisfy an area of Concentration.

4.4 Requirements for Continuing in the B.A.I.S. Degree Program

a) By the time students complete 60 credit hours, they must normally have three credit hours in each of five different subject fields.

b) Students must by the time they have completed 60 credit hours have successfully completed or be registered for at least three credit hours in a course with significant content in written English and at least three credit hours in a course in mathematics. (See the Chapter in the Undergraduate Calendar entitled General Academic Regulations and Requirements, Appendix A: List of Approved Written English and Mathematics Courses, or search Aurora Student for the course attributes “Written English Requirement” or “Mathematics Requirement.”)

c) Students must meet the minimum performance level as outlined in Section 5.10.

4.5 Eight Faculty Requirements for Graduating with a B.A.I.S. Degree
1) A student must successfully complete 90 credit hours of coursework acceptable for credit in the Faculty of Arts (see Section 5.2) with a minimum grade point average of 2.00 (i.e. “C” or better) on these 90 credit hours.

The 90 credit hours of passed coursework must include the remaining seven faculty requirements:

2) At least six credit hours from subject fields designated Humanities, at least six credit hours from subject fields designated Social Science, and at least six credit hours from the list of courses that satisfy the Science requirement (see Section 5.1.1).

3) At least three credit hours completed in each of five different subject fields (as listed in Section 5.1.1). In addition, a subject field may also satisfy other B.A.I.S requirements such as Humanities, or Social Sciences, or Sciences, or Mathematics, or Written English.

4) Concentration: 18 credit hours which constitute a Concentration in one of the subject fields approved by the Faculty of Arts (see Section 5.1.1) or by other Faculties and Schools. A Concentration may be declared once the prerequisite has been satisfied. A student who has 18 credit hours in more than one subject field can declare only one of them as a Concentration. No course can be used to satisfy both a Foundation requirement and the Concentration requirement. A student who has completed the requirements for a second Concentration may apply at the Faculty of Arts General Office to have the second Concentration recorded on their transcript.

5) At least 51 credit hours of options which are taken and successfully completed in subject fields outside the Foundation and Concentration courses.

6) At least 30 credit hours that have been taught by the Faculty of Arts (may include up to 12 credit hours from the Department of Mathematics or Art History courses considered as Humanities, see Section 5.1.1) or which have been accepted on transfer as equivalent to courses taught by the Faculty of Arts.

7) At least 15 credit hours numbered at or above the 2000 level plus 6 credit hours at or above the 3000 level.

8) Residency Requirement: A student in the B.A. Integrated Studies degree program must complete University of Manitoba residency requirements (see Section 5.3 for details).

4.6 Additional Faculty Regulations and Policies

Students in the B.A. Integrated Studies Degree Program are subject to the regulations and policies found in Section 5, Section 6, Section 7, Section 8 and Section 9.

SECTION 5: Additional Faculty Regulations and Policies Applicable to All Degree Programs in the Faculty of Arts

5.1 Recognized Subject Fields

5.1.1 Five-subject Field Requirement and Humanities/Social Science/Science Requirement

Faculties and Schools offer a number of courses covering a variety of subjects. To satisfy the subject field requirement for any B.A. Degree (with the exception of the B.A. Integrated Studies) a student must complete 6 credit hours in each of 5 different course subjects. For example: 6 credit hours in Psychology, plus 6 credit hours in German, plus 6 credit hours in Mathematics, plus 6 credit hours in Music, plus 6 credit hours in Biological Sciences. Students in the B.A. Integrated Studies Degree Program must complete 3 credit hours in each of 5 different course subjects.

Each course subject in the Faculty of Arts has been further categorized as either a Humanities or Social Science. All courses offered by the Faculty of Science and select courses from other faculties will satisfy the Bachelor of Arts Science requirement. Therefore a course may satisfy both the subject field requirement as well as the requirement for the Humanities/Social Science/Science.

Listed below are the categories of Humanities, Social Sciences, Sciences and the course subjects that belong to each category.

Humanities

1) Course subjects taught by the Faculty of Arts that can be used towards the Humanities requirement: Arabic, Asian Studies, Canadian Studies, Catholic Studies, Classical Studies, English (excluding ENGL 0930, ENGL 0940, ENGL 2000, ENGL 2001), Film Studies, French, German, Greek, Hebrew, History, Hungarian, Icelandic, Italian, Judaic Civilization, Latin, Native Languages, Native Studies, Philosophy, Polish, Portuguese, Religion, Russian, Spanish, Theatre, Ukrainian, Ukrainian Canadian Heritage Studies, and Yiddish. In addition the following courses may be used: American Sign Language ASLL 1000; Global Political Economy GPE 3700; Women’s and Gender Studies WOMN 1500, WOMN 2530, WOMN 2600, WOMN 2630, WOMN 3110, WOMN 3120 and WOMN 3620.

2) Course subjects offered by other units which can be used towards the Humanities requirement: Art History (i.e. all courses listed with course prefix FAAH). (For details on Art History courses, see Section 9).

Social Sciences

3) Course subjects taught by the Faculty of Arts that can be used towards the Social Science requirement: Anthropology, Economics, Global Political Economy courses GPE 1700, GPE 2700, GPE 4700, Labour Studies, Linguistics, Political Studies, Psychology, and Sociology. In addition the following courses may be used: Women’s and Gender Studies WOMN 1600, WOMN 2500, WOMN 2560, WOMN 2610, WOMN 2640, WOMN 2650, WOMN 3100, WOMN 3130, WOMN 3520, WOMN 3550, WOMN 3560 and Others ARTS 1160.

Sciences

4) Students may complete any combination of the courses listed below adding up to six credit hours to satisfy the Bachelor of Arts Science requirement.

Faculty of Science

All courses offered in these subjects in the Faculty of Science: ASTR, BIOL, CHEM, COMP, FORS, MATH, MBIO, PHYS, STAT;
or courses taught by other faculties that can be used toward the Bachelor of Arts Science requirement:

Faculty of Agricultural and Food Sciences

AGRI 1500, AGRI 1510
ENTM 1000, ENTM 2050
PLNT 1000, PLNT 2500
SOIL 3060, SOIL 3520, SOIL 3600
Clayton H. Riddell Faculty of Environment, Earth, and Resources
ENVR 1000, ENVR 2000
GEOG 1290, GEOG 2200, GEOG 2272, GEOG 2520, GEOG 2540, GEOG 2541, GEOG 2550, GEOG 2700, GEOG 3390

GEOL 1340, GEOL 1400, GEOL 1410, GEOL 1420, GEOL 2390, GEOL 2440, GEOL 2500, GEOL 2570, GEOL 3310

**Faculty of Engineering**

ENG 1440, ENG 1450, ENG 1460

For course titles and descriptions see the relevant faculty entries in this Calendar.

**5.1.2 Major, Minor (Concentration) or Honours Programs**

1) The Faculty of Arts offers various Majors, Minors (Concentrations) and Honours programs. For a listing of the programs see Section 1.2 and also refer to the respective departmental entries in Section 8 and 9.

2) Major and Minor (Concentration) programs offered by other Faculties or Schools are listed in Section 9. These include a General Major, Advanced Major and Minor (Concentration) offered by the Department of Mathematics, a Minor in Business offered by the Faculty of Management/I.H. Asper School of Business, and a General Major and Minor (Concentration) in Art History offered by the School of Art.

An Arts student may declare a Minor (Concentration) (dependent on the student’s program) offered by any Faculty and School providing the Minor (Concentration) program consists of a minimum of 18 credit hours. For details on those Minor (Concentration) programs please refer to the relevant Faculty/ School’s chapter in this Calendar.

**5.2 Courses Acceptable for Credit in the Faculty of Arts**

In addition to all courses offered by the Faculty of Arts there are two other categories of courses acceptable for credit in the Faculty of Arts:

**5.2.1 Courses Offered by Other Faculties or Schools at the University of Manitoba:**

Effective September 2007, all degree credit courses offered by other Faculties or Schools at the University of Manitoba are acceptable for credit in Arts (excludes Pass/Fail courses).

If a student was registered in another faculty or school within the University of Manitoba prior to registering in the Faculty of Arts, all courses in which the student received a final grade will be treated in the same way as they would have been had they been taken by a student already registered in the Faculty of Arts. That is, all of these courses will count in determining eligibility for admission to Arts in accordance with Sections 2.1, 2.2 and 5.10 and they will all be taken into account when determining the student’s grade point averages in accordance with Sections 5.8 and 5.10. In addition, they will all count towards the minimum number of credit hours required for graduating, provided the student received a passing grade in each of them, and the courses did not conflict with some other graduation or continuing regulation (such as the Residency Requirement).

**5.2.2 Courses Offered at Other Universities and Colleges:**

Effective September 2007, all courses offered at other universities and colleges which are evaluated as equivalent to University of Manitoba courses (excludes Pass/Fail courses) will be used when determining eligibility for admission and transfer credit.

There are two groups of courses that are taken at other universities or colleges which can be used for credit in the Faculty of Arts at the University of Manitoba, namely: a) those taken by students who are already registered in the Faculty of Arts at the University of Manitoba, and b) those taken by students prior to transferring to the Faculty of Arts at the University of Manitoba.

a) Students who are already registered in the Faculty of Arts at the University of Manitoba, and who wish to take courses at another university or college to count towards their University of Manitoba degree are required to obtain a Letter of Permission from the Registrar’s Office prior to registering at that other institution; see the chapter, General Academic Regulations and Requirements. The Letter of Permission will not be approved for a student who is in academic jeopardy or on academic suspension. As of September 1999 grades earned in courses at other universities are taken into account in the cumulative hours when determining the Grade Point Averages at the University of Manitoba. Grades earned at other universities will not be used in determining eligibility for awards (see Section 5.11 and 5.12 for details).

b) All completed courses that are deemed acceptable for credit in any degree program at the University of Manitoba (excludes Pass/Fail courses) which were taken by a student registered at another university or college prior to transferring to the Faculty of Arts, will be used when determining eligibility for admission and transfer credit. That is, all of these courses will count in determining admissibility, in accordance with Sections 2.1, 2.2 and 5.10.

As of September 1999 the applicable courses (credits and attempts) in both a) and b) are included on the University of Manitoba record, the external courses are counted as attempts and external grades are taken into account when determining the University of Manitoba grade point average as well as count towards the maximum number of “F” grades permitted in an Arts degree (see Section 5.10). Grades earned at other universities will appear on the University of Manitoba transcript and will not be used in determining eligibility for awards (see Section 5.11 and 5.12 for details). There is no limit on attempts in any degree program.

Courses completed at institutions external to the University of Manitoba taken more than 10 years prior to the point of admission will not be considered for transfer credit, except in the case of students entering the B.A.I.S. program.

Students who wish to request a review or reassessment of transfer credit must do so within eight months of the initial determination of transfer of credit to the University of Manitoba.

**5.3 Residency Requirement**

As indicated in Section 3 and Section 4, of the four undergraduate degree programs has a residency requirement which requires that a minimum number of credit hours must be taken at the University of Manitoba itself in order to qualify for the degree. Students admitted to the Faculty of Arts B.A. General, Advanced and Honours Degree Programs will also be required to satisfy a residency requirement on the Major(s), Advanced Major(s) or Honours subject(s) in addition to the residency requirement on the degree. Similarly students admitted to the B.A. Integrated Studies Degree Program will be required to satisfy a residency requirement on the Concentration in addition to a residency requirement on the degree.

1) **B.A. General Degree**

a) Degree: There are two ways in which the Residency Requirement for the B.A. General Degree may be satisfied: either by successfully completing at the University of Manitoba no fewer than 48 credit hours of the required 90 credit hours (these 48 credit hours may be taken at various points in the student’s career); or by successfully
Faculty of Arts  181 Undergraduate Calendar 2018-2019

completing at the University of Manitoba itself no fewer than the last 30 credit hours of the required 90 credit hours.

b) Major: A minimum of 18 credit hours of the 30 credit hours required for the Major must be successfully completed at the University of Manitoba or through an approved University of Manitoba Exchange Program.

2) B.A. Advanced Degree
a) Degree: To receive the B.A. Advanced Degree, the student must successfully complete at least 60 credit hours of the required 120 credit hours at the University of Manitoba.

b) Single and Double Advanced Majors: Students must successfully complete at the University of Manitoba or through an approved University of Manitoba exchange program the hours of coursework in their Major program as noted below:
   • In a Single Advanced Major requiring 48 to 57 credit hours, 30 credit hours must be completed at the University of Manitoba or through an approved University of Manitoba Exchange Program.
   • In a Single Advanced Major requiring more than 57 credit hours, 36 credit hours must be completed at the University of Manitoba or through an approved University of Manitoba Exchange Program.
   • In a Double Advanced Major requiring 42 credit hours, 27 credit hours must be completed at the University of Manitoba or through an approved University of Manitoba Exchange Program.

3) B.A. Honours Degree
1) Degree: In order to graduate with a B.A. Honours Degree, students must take and successfully complete the hours of coursework offered by the University of Manitoba as noted below:
   • In Honours programs requiring 108 credit hours, 48 credit hours must be from acceptable courses offered by the University of Manitoba;
   • In Honours programs requiring 114 credit hours, 54 credit hours must be from acceptable courses offered by the University of Manitoba;
   • In Honours programs requiring 120 credit hours, 60 credit hours must be from acceptable courses offered by the University of Manitoba.

Note: Effective September 2015, all Honours programs will require 120 credit hours.

2) Honours Subject(s): Students must successfully complete at the University of Manitoba or through an approved University of Manitoba exchange program the hours of coursework in their Honours subject(s) as noted below:
   • In a single Honours subject requiring 54 to 69 credit hours, 33 credit hours must be completed in the Honours subject.
   • In a single Honours subject requiring more than 69 credit hours, 39 credit hours must be completed in the Honours subject.
   • In a double or joint Honours subject requiring 42 to 45 credit hours in one Honours subject, 24 credit hours must be completed in that Honours subject.
   • In a double or joint Honours subject requiring less than 42 credit hours in one Honours subject, 21 credit hours must be completed in that Honours subject.

   • In a double or joint Honours subject requiring more than 45 credit hours in one Honours subject, 33 credit hours must be completed in that Honours subject.

3) Once admitted to an Honours program, students are expected to take all their courses at the University of Manitoba. For information on exceptions to this requirement, the student should consult the Faculty of Arts General Office.

4) B.A. Integrated Studies Degree
a) Degree: To receive the B.A. Integrated Studies Degree, the student must successfully complete at the University of Manitoba no fewer than 36 credit hours of the required 90 credit hours (these 36 credit hours may be taken at various points in the student’s career).

b) Concentration(s): A minimum of 9 credit hours of the 18 credit hours required for the Concentration must be successfully completed at the University of Manitoba or through an approved University of Manitoba Exchange Program.

Residency Requirement Université de Saint-Boniface:
In order to satisfy the University of Manitoba, Faculty of Arts residency requirement, students who transfer from Université de Saint-Boniface must complete the following minimum hours at the Fort Garry Campus.

1) In order to receive the B.A. (General) or (Advanced) Degree, the student must successfully complete at least 30 credit hours at the Fort Garry campus.
2) In order to receive the B.A. (Honours) Degree, the student must successfully complete the hours of coursework offered at the Fort Garry campus as noted below:
   • In Honours programs requiring 108 credit hours, 24 credit hours of acceptable coursework must be completed at the Fort Garry campus.
   • In Honours programs requiring 114 credit hours, 24 credit hours of acceptable coursework must be completed at the Fort Garry campus.
   • In Honours programs requiring 120 credit hours, 30 credit hours of acceptable coursework must be completed at the Fort Garry campus.

Note: Effective 2015, all Honours programs will require 120 credit hours.

5.4 Year-of-Study Equivalents
A student’s progress towards a degree is measured in terms of credit hours passed rather than years of study completed. The following table may be used to determine the year equivalent.

<table>
<thead>
<tr>
<th>Year Equivalent</th>
<th>Credit Hours Passed (General/Integrated Studies Degree)</th>
<th>Credit Hours Passed (Advanced/Honours Degree)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Fewer than 24 credit hours</td>
<td>Fewer than 24 credit hours</td>
</tr>
<tr>
<td>2</td>
<td>24 credit hours to fewer than 54 credit hours</td>
<td>24 credit hours to fewer than 54 credit hours</td>
</tr>
<tr>
<td>3</td>
<td>54 credit hours or more</td>
<td>54 credit hours or less than 84 credit hours</td>
</tr>
<tr>
<td>4</td>
<td>Not applicable</td>
<td>84 credit hours or more</td>
</tr>
</tbody>
</table>

5.5 Maximum Number of Courses During a Term
Normally a student may attempt a maximum of 15 credit hours during a Fall or Winter term or a maximum of 18 credit hours during the Summer Session. If a student has taken the maximum credit hours in the previous
term and has obtained a degree grade point average of 2.75 and is in good standing, he/she may apply at the Faculty of Arts General Office to be allowed to take 3 additional credit hours per term.

5.6 Prerequisite, Corequisite, and Course Availability
Prerequisite: Minimum grades of "C" are required in all courses listed as prerequisites, except as otherwise noted in the course descriptions published in each department and program section of this chapter. If a course is a prerequisite for a second course, the prerequisite must be met in order to continue in the second course.

Some course descriptions will indicate that a specific course is a pre- or corequisite for the course in which you wish to register. If you have not previously taken the specific course, you may register for it in the same term.

Corequisite: Where a course identifies another course as a corequisite, both courses must be taken at the same time.

Course availability: Not all courses listed in this Calendar are offered every year. The course(s) being offered for the current terms are available for review by accessing the Class Schedule in Aurora.

5.7 Challenge for Credit
Some departments in the Faculty of Arts offer courses by means of challenge for credit. Since the courses offered in this manner may vary from year to year, students interested in this method of attaining credit should consult the Challenge for Credit section in the Faculty of Arts Registration Information located on the Faculty of Arts website. The Academic Schedule in the front of this Calendar contains the relevant registration deadline dates appropriate to challenge for credit.

5.8 Repeating a Course
Effective 2018 Winter Term - Limited Access Policy in Effect
Limited Access is a registration rule that allows students who have never completed or voluntarily withdrawn from a course (or its equivalent) the opportunity to register for the course before students who are repeating or have previously withdrawn from the course in question.

If a student has previously taken a course and received a final grade, or voluntarily withdrawn from the course (VW)*, any future attempt to take that course or its equivalent is considered a repeated course.

*A previous VW is only considered a repeat if you withdrew in Winter 2017 or later.

Effective Winter 2018, Limited Access will prevent a student from registering or waitlisting for a course (or equivalent) being repeated until the "Limited Access Term Expiry Date" has passed.

Limited Access applies for three consecutive terms following the term that the course in question was last completed or voluntarily withdrawn (VW).

During these three terms of Limited Access, a student may register to repeat a course, without permission, only when the Limited Access Term Expiry Date has passed.

Once the three terms of Limited Access has expired, any student wishing to repeat a course will need to request permission to do so from the Faculty of Arts General Office.

Students who wish to repeat a course for which they have obtained a grade of "C" or better are encouraged to discuss their choice to do so with an Arts Academic Advisor prior to registration.

- All completed courses will appear on the student's transcript and will be used to calculate the student's attempted hours.
- Repeating a course will not remove the original course or grade from the transcript.
- All courses with "F" grades that are repeated count towards the limit of "F" grades permitted in an Arts degree as outlined in Section 5.10.

5.9 Statute of Limitations
Students who have not been registered at the University of Manitoba (or any other post-secondary institution) for a period of five years or longer immediately preceding an admission to Arts may submit a written appeal to the General Office to be allowed to "start afresh" a Faculty of Arts degree. If the appeal is granted, all courses listed on the University of Manitoba record will remain but all previous work will not count/apply towards satisfying degree requirements nor affect the degree GPA calculation. The following notation will appear under the term of readmission:

"Having discontinued attendance at post-secondary institutions for a period of five years or more, this student has been permitted to start afresh on recommendation of the Dean. All previous credits have been forfeited."

5.10 Maximum Number of "F" Grades Permitted on Courses Acceptable for Credit in Arts
Each student in the Faculty of Arts will be placed on academic suspension for one year despite evidence of improved performance if they have more than 36 credit hours of "F" grades.

Following a one year suspension, the student may return upon applica­tion to the Faculty of Arts General Office by selecting one of the following irreversible options:

(a) to continue with no possibility of further "F" grades. Any further "F" grades will result in academic suspension for two years. (Following the two year suspension, the student may apply to the Faculty of Arts General Office to return to start afresh.)

Or

(b) start afresh, with their previous work not counting towards satisfying degree requirements.

(In either case this does not mean that the previous coursework will be re­moved from the student history or transcript.)

5.11 Dean’s Honour List and Graduating with Distinction or First Class Honours
Dean’s Honour List
To qualify for this list a student must be registered in one of the four degree programs offered by the Faculty of Arts and complete at least 12 credit hours offered by the University of Manitoba during a term and attain a minimum term grade point average of 3.75. The notation: “Dean’s Honour List”, will be included on the student's transcript specific to that term.

Degree with Distinction (Bachelor of Arts Integrated Studies and 3-Year General Degree)
To obtain a Bachelor of Arts General or a Bachelor of Arts Integrated Studies "Degree with Distinction" a student must achieve a final minimum Degree Grade Point average of 3.80, and must complete a minimum of 60 credit hours at the University of Manitoba. The term "Degree with Distinction" will appear on the student’s parchment and the student’s transcript of marks.

Degree with Distinction (Bachelor of Arts Advanced Degree)
To obtain a Bachelor of Arts Advanced “Degree with Distinction” a student must achieve a final minimum Degree Grade Point average of 3.80, and must complete a minimum of 90 credit hours at the University of Manitoba. The term “Degree with Distinction” will appear on the student’s parchment and the student’s transcript of marks.

First Class Honours (Honours Degree Only)

To obtain a Bachelor of Arts Honours Degree with “First Class Honours”, a student must achieve a final minimum Degree Grade Point average of 3.80, and must complete a minimum of 90 credit hours at the University of Manitoba. The term “First Class Honours” will appear on the student’s parchment and the student’s transcript of marks.

5.12 University Gold Medal and Program Medals

Gold Medal

The Faculty of Arts will award the University Gold Medal to the student graduating with an Arts degree who:

1) has the highest grade point average of all graduating students on all courses creditable in Arts attempted at the University of Manitoba over the last two Fall/Winter terms prior to graduation (with each Fall/Winter consisting of a minimum 24 credit hours completed at the University of Manitoba) including any courses taken in the Summer Session between the last two Fall/Winter terms and

2) has a minimum grade point average of 3.85 which is determined on the basis of all courses creditable in Arts attempted in completing the degree, including courses approved on transfer from other faculties/schools at the University of Manitoba.

Students who have up to 30 hours of external transfer credit (including failed courses) would be eligible providing they attain the minimum grade point average of 3.85 on all courses completed at the University of Manitoba which are acceptable for credit in Arts.

The Gold Medal winner is ineligible for Faculty of Arts Program Medals.

For specific details on the tiebreaking mechanism, contact the Faculty of Arts General Office.

Program Medals

The Faculty of Arts will award a Program Medal to the student graduating in each of the General, Integrated Studies, Advanced and Honours Degree programs who:

1) has the highest grade point average of all graduating students on all courses creditable in Arts attempted at the University of Manitoba over the last two Fall/Winter terms prior to graduation (with each session consisting of a minimum of 24 credit hours completed at the University of Manitoba) including any courses taken in the Summer Session between the last two Fall/Winter terms and

2) has a minimum grade point average of 3.75 which is determined on the basis of all courses creditable in Arts attempted in completing the degree, including courses approved on transfer from other faculties/schools at the University of Manitoba.

Students who have up to 30 hours of external transfer credit (including failed courses) are eligible providing they attain the minimum grade point average of 3.75 on courses completed at the University of Manitoba which are acceptable for credit in Arts.

The Gold Medal winner is ineligible for Faculty of Arts Program Medals.

For specific details on the tiebreaking mechanism, contact the Faculty of Arts General Office.

5.13 Evaluation of Undergraduate Student Coursework

A copy of the Faculty of Arts Regulations for the Academic Evaluation of Undergraduate Student Coursework is available to students for perusal in the Faculty of Arts General Office or website. This document includes regulations concerning student evaluation, final examinations and/or term tests, final grades, etc. It should in particular be noted that there are no Supplemental Examinations in the Faculty of Arts. For information on Incomplete Coursework, Deferred Examinations, Debarment, Academic Misconduct, etc., see the chapter General Academic Regulations and Requirements in this Calendar.

5.14 Seeking a B.A. as a Second Degree

Once a Bachelor of Arts degree has been awarded by the University of Manitoba Senate, it cannot be revoked or “turned in” towards another degree.

Students who have completed an undergraduate degree may apply and be admitted to the Faculty of Arts seeking a second undergraduate degree. Students who hold a first degree from the Faculty of Arts may not apply for the B.A. Integrated Studies Degree Program as a second degree.

Students who have graduated with a first undergraduate degree from the University of Manitoba will be allowed to transfer up to 60 credit hours of coursework from their first degree toward a second degree program in the Faculty of Arts. Courses taken in a qualifying program will be considered part of the first degree. Courses extra to the first degree, excluding courses taken in a qualifying program or another awarded degree, diploma or certificate, may be transferred in addition to the 60 credit hours.

Students with first degrees awarded by external institutions will be eligible for up to 60 credit hours of transfer credit providing the degree was awarded and the courses were taken within the 10 year period prior to admission and registration in the Faculty of Arts (see Section 5.22).

Once admitted students must satisfy all relevant undergraduate degree requirements except for the Written English and Mathematics requirements.

Students may not be admitted to the Faculty of Arts or complete a Bachelor of Arts Degree while concurrently pursuing a degree in another Faculty or School.

No transfer credit will be awarded to students seeking a third, fourth, etc., degree.

Students cannot obtain a second degree in the same discipline at the same or lower level as any of their previously awarded degree(s).

5.15 Application to Graduate with a B.A. Degree

In order to officially receive a degree in any of the four programs leading to a B.A., students must declare their intention to graduate by the relevant deadline date listed below. This process applies to students in each of the following three categories.

Category 1: Those students currently registered in the Faculty of Arts in either the B.A. General Degree, B.A. Integrated Studies Degree or the B.A. Advanced Degree Program must declare their intention to graduate using Aurora Student.

Those students currently registered in the Faculty of Arts in the B.A. Honours Degree program must declare their intention to graduate at the point of registration for their last set of courses when they complete the Registration Worksheet.
Category 2: Those students currently registered in the Faculty of Arts in either the B.A. Advanced or a B.A. Honours Degree program who decide to revert to the B.A. General Degree Program in order to graduate, must submit a request in writing to graduate to the General Office, Faculty of Arts. For graduation in May, the request must be received by April 30. For graduation in October, the request must be received by September 30. For graduation in February, the request must be received by January 30.

Category 3: Those students previously admitted to and registered in one of the respective degree programs in the Faculty of Arts and who have completed all of the requirements for the degree while registered in the Faculty of Arts, but who are currently registered in another Faculty or School at the University of Manitoba (excluding Extended Education) may submit a request in writing to graduate to the Faculty of Arts General Office.

Deadline Dates to declare expected Graduation Date by Aurora Student:

May Graduation: end of registration revision period for Winter Term

October Graduation: August 1

February Graduation: end of registration revision period for Fall Term

SECTION 6: Student Responsibilities

6.1 Students’ Code of Responsibilities

6.1.1 A Community of Scholars

The Faculty of Arts at the University of Manitoba defines itself as a community of scholars, all citizens of which must commit themselves to the advancement of learning, the dissemination of knowledge, and the wellbeing of all its members. Essential to these goals is each individual’s commitment to the following values:

The affirmation of the dignity, worth, and equality of all citizens in the community;

The importance of reasoned debate and inquiry in all academic pursuits;

The practice of ethical conduct and personal integrity in all aspects of academic life.

Students who enrol in the Faculty of Arts voluntarily choose to join this community of scholars, and in doing so they accept the responsibilities as well as the benefits of living within it.

The Faculty of Arts offers its students remarkable opportunities for the acquisition of knowledge, the development of skills, and the free exchange of ideas that will shape their future lives. The scholarly community also provides a forum for extracurricular activities, personal growth and social relationships that are equally important to one’s sense of fulfillment. This should be an exciting process of discovering new goals, new points of view, and, indeed, a new and better sense of one’s ideals and potential. But it is also a process of coming to recognize the value and special nature of the academic community itself.

The dynamic freedom of student life in the Faculty of Arts carries a special obligation that each individual act in such a way as to promote the wellbeing of other members — to accept willingly the categorical imperative of behaving in such a way that, if everyone else did the same, the good of all would prevail. This is a matter of accepting the differences of others, respecting the rights of others, and not abusing the resources that the faculty and the university put at your disposal. It is also a matter of acting honourably in all personal and academic relationships, and not tolerating through diffidence or neglect any violations of such obligations on the part of others. Our common commitment as citizens of the scholarly community will then work to enhance every individual member’s experience and likelihood of success. Only with such a commitment from everyone can the Faculty of Arts fulfill its mission at the core of a public institution charged with educating the leaders of tomorrow’s society. And only with such a commitment can we make wise use of the public funds for which we are accountable.

6.1.2 Rights and Responsibilities

As a student in the Faculty of Arts you are entitled to the use of all appropriate resources (human and other) for the successful completion of your studies. But you are also responsible for the use of those resources in a manner that is honest, fair and equitable. For example, when you enrol in a course you implicitly accept the terms of a contract whereby the professor is committed to teaching to the best of his/her ability, while you and the other students are committed to learning to the best of yours. Repeated absences, or the neglect of reading or writing assignments, are not just matters of individual concern; because they undermine the effectiveness of discussion for others as well, they are a failure to honour the academic and social contract that is implicitly a part of your membership in this community. Similarly, borrowing a book from the library is a direct commitment to honour the rules and regulations governing the circulation of such material. To damage a library book by writing in it, highlighting, or worse, is not just an act of individual vandalism; it is the wilful partial destruction of a resource that other students (and even other generations of students) have the right and the need to consult. It is to forget, in other words, that public property is not no one’s property; it is everyone’s property.

Similar obligations to ethical conduct are an inherent part of all the academic work you do as requirements of your program. Participation in the free exchange of ideas, upon which the scholarly community depends, obligates all members of that community to complete honesty and to adequate documentation of their intellectual debts. Plagiarism, the representing of someone else’s words or ideas as your own, or any other form of academic dishonesty such as cheating, is a betrayal not just of individual honour, but of the whole basis of civilized discourse upon which all other members of the community depend.

The Manitoba Code of Human Rights guarantees everyone the right to be free of discrimination on the basis of ancestry, nationality or nation origin, ethnic background or origin, religion or creed, age, sex, including pregnancy, gender determined characteristics, sexual orientation, marital or family status, income, political belief, association or activity and physical or mental disability. The rights and responsibilities of students thus go well beyond the classroom, library, or computer facility. Every student in the Faculty of Arts is at all times entitled to pursue his/her activities and program of study free of any social discrimination, harassment, exploitation or abuse of power on the part of others, staff or students. Consequently, every student also has a reciprocal obligation to act in a similarly ethical fashion toward all other members of the community. In order that we all be fully empowered to take advantage of the pursuit of knowledge, the development of skills and the special opportunities for personal growth offered by the faculty, there must be on everyone’s part a commitment to avoid irresponsible behaviour that damages the academic potential or self-esteem of others.

6.1.3 Rules and Regulations

It is the intention of the Faculty of Arts to discourage any conduct that is detrimental to the welfare of the scholarly community and its individual members. In this Undergraduate Calendar there are many regulations governing the expectations and standards of academic work in the faculty, and there are mechanisms of appeal at the department and faculty level for those who feel that the application of these regulations has been unfair or unjust. There are also rules and regulations governing the use of university resources and facilities, and others governing the social conduct of...
members of the community — for example, a policy on sexual harassment and a policy banning weapons from campus. Any violations of these rules and regulations should be reported to the appropriate administrative agency or authority (e.g., the director of Libraries, the sexual harassment investigation officer or the Security Services). It must be remembered, too, that all federal, provincial and municipal laws (regarding, for example, violence, alcohol, and drugs) are enforced on campus.

There are, however, some kinds of behaviour that fall between these academic and legal concerns, which are nevertheless inappropriate in the context of an academic community. Any disruptive action or physically or verbally aggressive behaviour that serves to threaten or intimidate another member of the community (staff or student) should be immediately reported to the relevant head of department or dean. Persons who are found to have violated the rights of other individuals, or to have subverted the welfare of the academic community, will face disciplinary action, which may include expulsion from the faculty. It is important to recognize, though, that such discipline is always less effective than a common commitment to respect the rights of others.

6.1.4 Conclusion

The foregoing statement of responsibilities applies to all student members of the Faculty of Arts. Faculty members and support staff are governed by a number of university, Senate and faculty policies that set out similar standards of ethical and professional conduct. This code is meant to give the students in the Faculty of Arts a sense of the relation that exists between their rights and their responsibilities and how these rights and responsibilities in turn sustain the welfare of the whole academic community.

6.2 General Responsibilities

Every effort is made to ensure that students in the Faculty of Arts have access to sound information and individual advice and guidance. Within this context and within the framework of faculty and department requirements indicated above, students are personally responsible for course selection and conforming to regulations regarding continuation in, and graduating from, the four undergraduate programs.

Students should take special care to ensure:

That each time they register that the courses they choose meet all requirements for graduation;

- That the courses they choose meet prerequisite conditions;
- That the courses they choose are not exclusions of, or the equivalent of, other courses already taken;
- The accuracy of their registration records, including all changes; and
- That they have noted and are following all deadlines and procedures published in the Calendar and elsewhere.

A copy of the Policy on Disclosure and Security of Student Academic Records is available for students to read in the Faculty of Arts General Office.

SECTION 7: Special Circumstances and Appeals of Matters Regarding Academic Regulations

Students should promptly consult the Faculty of Arts General Office when special circumstances warrant consideration of exceptions to regulations. In addition, the Academic Regulations Appeals Committee meets throughout the year to consider appeals from students who request special consideration with respect to rules and regulations governing their programs of study and qualifications for graduation.

Students who intend to appeal matters concerning regulations or decisions of the Faculty which may affect their registration must arrange to submit a written appeal including all pertinent documentation to the secretary nor-mally within three months following the term in which the course was taken or from the date of the academic decision. Appeals will not be considered beyond three years after the end of the course or from the date of the academic decision:

<table>

<td>Third week of February</td>
</tr>
<tr>
<td>April 1</td>
<td>Third or fourth week of May</td>
</tr>
</tbody>
</table>

Deadlines falling on a Saturday or Sunday will be observed on the preceding Friday.

Meeting dates are subject to change by the chair.

Appeals should be addressed to: The Secretary of the Academic Regulations Appeals Committee, c/o Faculty of Arts General Office. Special forms are available in the General Office.

SECTION 8: Departments in, and Programs and Courses Offered by, the Faculty of Arts

8.1 Department of Anthropology

Head: (Acting Head) Derek Johnson
Campus Address/General Office: 432 Fletcher Argue Building
Telephone: 204 474 9361
Email Address: um-anthro@cc.umanitoba.ca
Website: umanitoba.ca/anthropology/

8.1.1 Program Information

Anthropology is a science that examines human issues from both cultural and biological perspectives. The most fundamental concern of this discipline is the survival of humanity and the conditions of continuity and change for all human life. The department offers courses in socio-cultural anthropology or ethnology, archaeology, language and culture, and biological or physical anthropology. While academic staff of the department have research interests that range from northern climates to the tropics and from Asia to the Americas, the department is also involved in research that sheds light on Manitoba and its people.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in both ANTH 1210 and ANTH 1220 (or ANTH 1520). For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in both ANTH 1210 and ANTH 1220 (or ANTH 1520).
## Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

## Introductory Courses

The general introductory courses (ANTH 1210, and ANTH 1220 or ANTH 1520) present the major ideas and findings of Anthropology. It is equally appropriate for those planning to take further courses in this field and for students from other departments or faculties.

<tbody>
<tr>
<td>ANTH 1210 Human Origins and Antiquity</td>
</tr>
<tr>
<td><strong>Cr. Hrs. 3</strong></td>
</tr>
</tbody>
</table>

An introduction to physical anthropology and archaeology. Topics include: biological evolution, evolution and comparative behaviour of primates, fossil evidence for human evolution, and the emergence of human culture. Students may not hold credit for both ANTH 1210 and ANTH 1211.

| **ANTH 1220 Cultural Anthropology** |
| **Cr. Hrs. 3** |

8.1.3 Anthropology Course Descriptions-1000 Level

ANTH 1210 Human Origins and Antiquity  
Cr. Hrs. 3  
An introduction to physical anthropology and archaeology. Topics include: biological evolution, evolution and comparative behaviour of primates, fossil evidence for human evolution, and the emergence of human culture. Students may not hold credit for both ANTH 1210 and ANTH 1211.

ANTH 1220 Cultural Anthropology  
Cr. Hrs. 3
Description  The comparative study of human societies and cultures, including language, economic and political organization, family and kinship, ritual and belief systems, cultural stability and change. Students may not hold credit for ANTH 1220 and any of: ANTH 1221 or ANTH 1520.

**ANTH 1520 Critical Cultural Anthropology**  **Cr. Hrs. 3**
An introduction to social cultural anthropology that critically examines production and exchange systems, age, gender, kinship and other social distinctions, belief systems, politics, and interactions between cultural systems. Learning and performance assessment is based upon supervised reading and essay writing. Students may not hold credit for ANTH 1520 and any of: ANTH 1220 or ANTH 1221.

8.1.3 Anthropology Course Descriptions-2000 Level

**ANTH 2000 Culture, Society, and Power**  **Cr. Hrs. 3**
An advanced introduction to cultural anthropology that focuses on anthropological approaches to the cross-cultural organization, dynamics, and tensions of social relationships at individual, group, and societal levels. Students may not hold credit for ANTH 2000 and any of: ANTH 2001 or the former ANTH 2390 or the former ANTH 2391. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 2020 Relatedness in a Globalizing World**  **Cr. Hrs. 3**
Anthropological approaches to diverse practices of human relatedness across cultures and over time, including 21st century reconfigurations or marriage, family, reproduction and kinship.

**ANTH 2040 Native North America: A Sociocultural Survey**  **Cr. Hrs. 3**
An ethnographic survey of the cultures of Native North American peoples. Students may not hold credit for both ANTH 2100 and ANTH 2041. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 2060 European Archaeology**  **Cr. Hrs. 3**
This course will survey the archaeological record of Europe from the earliest human occupation through the rise of early cities and complex societies. Case studies will be used to examine the social, political, economic, and technological adaptations of early human societies in the region. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2100 Introduction to Archaeology**  **Cr. Hrs. 3**
A general introduction to the principles of archaeology and the materials, analyses, and interpretations encountered in archaeological study. Students may not hold credit for both ANTH 2100 and ANTH 2101. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2230 Title Anthropology of Travel and Tourism**  **Cr. Hrs. 3**
Anthropological approaches to the study of cultural practices and phenomena of travel and tourism. Travel is examined in various social, historical, and cultural contexts as a way of seeing and experiencing the world. Emphasis is placed on the intersection of culture, colonialism, capitalism, and globalization, with practices of travel, including mass tourism. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 2240 Plagues and People**  **Cr. Hrs. 3**
Examines selected plagues in evolutionary, ecological, and epidemiological context, and considers the complex biological, social, and economic repercussions for human populations. Foci include past, present, and emerging infectious disease epidemics.

**ANTH 2300 Anthropology of Childhood**  **Cr. Hrs. 3**
Anthropological approaches to the study of children and childhood. Childhood is examined as a social and historical construction, and children are analyzed as active contributors to their social worlds. Cross-cultural ethnographic material relating to children and youth is critically read and discussed. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 2350 Ethnology of Sub-Saharan Africa**  **Cr. Hrs. 3**
A survey of culture and society in traditional and contemporary Africa. Students may not hold credit for both ANTH 2350 and the former ANTH 2351. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520 or the former ANTH 2360 or the former ANTH 2361] or written consent of instructor.

**ANTH 2370 Language and Culture**  **Cr. Hrs. 3**
The investigation of the complex interaction of language and culture, including linguistic perspectives on prehistory, ethnosemantics, and sociocultural correlations of linguistic variation. Students may not hold credit for both ANTH 2370 and ANTH 2011. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 2600 Old World Prehistory**  **Cr. Hrs. 3**
A survey of the archaeological evidence and cultural interpretations of Old World cultures from the beginning of the Pleistocene to the development of agriculture. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2610 Old World Civilizations**  **Cr. Hrs. 3**
Archaeological evidence and cultural interpretations of the origins of complex societies from the development of agriculture to the beginnings of written history in the Old World. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2620 New World Prehistory**  **Cr. Hrs. 3**
Archaeological evidence and cultural interpretations of those New World cultures which did not develop civilizations, from the earliest inhabitants until the period of initial European contact. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2630 New World Civilizations**  **Cr. Hrs. 3**
Archaeological evidence and cultural interpretations of the growth and development of complex societies in the New World from the origins of agriculture to the period of initial European contact. Emphasis will be placed on the "high cultures" of Central and South America. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2640 Manitoba Prehistory**  **Cr. Hrs. 3**
Archaeological evidence and culture history of prehistoric populations which inhabited the various environmental zones of Manitoba. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2690 Peoples and Cultures of Contemporary Latin America**  **Cr. Hrs. 3**
An ethnographic survey of the cultural diversity of contemporary Latin America with selected case study examples drawn from Mexico and Central America, South America, and the Hispanic Caribbean. Case studies are selected to represent a variety of anthropological perspectives.
Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 2820 Human Osteology**  
Cr. Hrs. 3  
An examination of normal and pathological skeletal anatomy. Quantitative methods of analysis for archaeological and forensic applications. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2860 Evolution and Human Diversity**  
Cr. Hrs. 3  
An introduction to the interacting roles of heredity, culture and environment in human families and populations. Introduces the biological bases for variation within/between human populations. Students may not hold credit for both ANTH 2860 and ANTH 2861. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2880 Human Evolution**  
Cr. Hrs. 3  
Intensive study of human organic evolution within hominid primates. Consideration of the relationships of socio-cultural adaptation to human evolution. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2890 Human Population Biology**  
Cr. Hrs. 3  
Intensive study of the evolutionary implications of genetic variation within/between human populations in relationship to ecological and cultural variation. Prerequisite: [a grade of "C" or better in ANTH 2860] or written consent of instructor.

**ANTH 2910 Historical Archaeology**  
Cr. Hrs. 3  
An archaeological survey of the early post-European period in North America. Case studies will emphasize selected regions, time periods, and topics that may include: the western Canadian fur trade; European colonialism in North America; international colonialism. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 2930 Archaeology of a Selected Area**  
Cr. Hrs. 3  
Detailed examination of the archaeology of a geographical area that is of current interest to faculty and students. The areas will rotate annually and will include but not be limited to the Caribbean, Europe, the Northwest Coast, Canada, the Arctic and the sub-Arctic. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

### 8.1.3 Anthropology Course Descriptions-3000 Level

**ANTH 3200 Anthropology of Food**  
Cr. Hrs. 3  
Considers the diversity of ways that anthropologists have used food as a productive entry point for understanding culture, society, and human ecology. The course will survey highpoints in the history of the anthropology of food and address current topics such as food security and food movements. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 3320 Women in Cross-Cultural Perspective**  
Cr. Hrs. 3  
Critical perspectives on the role of women cross-culturally, with ethnographic reference to non-Western societies and cultures. Students may not hold credit for both ANTH 3320 and ANTH 3321. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 3330 Sex and Sexualities**  
Cr. Hrs. 3  
Comparative approaches to the study of human sexuality and the diversity of sexual expression and identification from a feminist and cross-cultural ethnographic perspective. Sex and sexualities are examined as social and cultural constructions, experiences, discourses, identities, and practices located in specific local contexts and shaped by wider social processes including colonialism and globalization. Students may not hold credit for ANTH 3330 and any of: the former WOMN 3330 or the former ANTH 3350 or WOMN 3500 with the topic "Anthropology of Sex and Sexualities." Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Anthropology or Women's and Gender Studies courses] or written permission of instructor.

**ANTH 3380 Anthropology and Contemporary Social Issues**  
Cr. Hrs. 3  
Anthropological perspectives on poverty, social accountability, colonialism, racism, education, ecological degradation and violence. Students may not hold credit for both ANTH 3380 and ANTH 3381. Prerequisite: [a grade of "C" or better in each of ANTH 2000 (or ANTH 2001) and 3 credit hours from the following: ANTH 2020 or ANTH 2530 or ANTH 2831] or [a grade of "C" or better in the former ANTH 2390 or the former ANTH 2391] or written consent of instructor.

**ANTH 3470 History of Anthropology**  
Cr. Hrs. 3  
A temporal survey of the development of major paradigms and theoretical movements in anthropological thought and method. Students may not hold credit for both ANTH 3470 and ANTH 3471. Prerequisite: [a grade of "C" or better in each of ANTH 2000 (or ANTH 2001) and 3 credit hours from the following: ANTH 2020 or ANTH 2530 or ANTH 2831] or [a grade of "C" or better in the former ANTH 2390 or the former ANTH 2391] or written consent of instructor.

**ANTH 3500 Peoples of the Arctic**  
Cr. Hrs. 3  
Ethnographic survey of the aboriginal peoples of the circumpolar regions of Asia, North America, and Greenland. Attention will be given to the aboriginal and post-contact situations among such peoples. Students may not hold credit for both ANTH 3500 and ANTH 3501. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

**ANTH 3550 Canadian Subcultures**  
Cr. Hrs. 3  
An anthropological study of dimensions of community, ethnicity, and social class in Canadian society. Students may not hold credit for both ANTH 3550 and ANTH 3551.

**ANTH 3600 Archaeological Method and Theory**  
Cr. Hrs. 3  
The historical development and current application of theoretical and methodological frameworks for archaeological interpretation. Prerequisite: [a grade of "C" or better in ANTH 2100] or written consent of instructor.

**ANTH 3720 Demography of Past Populations**  
Cr. Hrs. 3  
This course provides students with a basic understanding of demographic methods and techniques applied in analysis of long term changes in the demographic patterns of anthropological populations. Prerequisite: [a grade of "C" or better in ANTH 1210 or ANTH 1211] or written consent of instructor.

**ANTH 3730 Forensic Anthropology**  
Cr. Hrs. 3  
This course provides the theory, methods, and techniques for forensic identification of human skeletal remains, including estimation of sex, age-at-death, stature, population affinities and features of personal biology. The laboratory component of this course, where students work with actual human skeletal remains, is a major component. Prerequisite: a grade of "C" or better in ANTH 2820.

**ANTH 3740 Human Growth and Variation**  
Cr. Hrs. 3
An examination of variation in human body form and composition in the context of normal growth and development viewed in an evolutionary perspective. Prerequisite: [a grade of "C" or better in ANTH 2860] or written consent of instructor.

ANTH 3750 Anthropological Perspectives on Globalization and the World-System  Cr. Hrs. 3

An anthropological perspective on the modern world-system and the expansion of capitalism into peripheral areas of the world; the transformation of indigenous societies and cultures; the rise of ethnic conflict, protest and resistance; and a comparative examination of selected global and transnational processes. Students may not hold credit for both ANTH 3750 and ANTH 3751. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520 or ANTH 2000 or ANTH 2001 or the former ANTH 2390 or the former ANTH 2391] or written consent of instructor.

ANTH 3810 Anthropology of Belief Systems  Cr. Hrs. 3

A comparative study of belief systems, rituals, and ceremonies in non-Western and Western societies and cultures. Students may not hold credit both ANTH 3810 and ANTH 3811. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor.

ANTH 3910 Archaeological Field Training  Cr. Hrs. 3

Theory and practical field experience in the investigation of archaeological sites from the formulation of research designs through data analysis in the field. Offered in alternate summers. See Anthropology Department for details. Prerequisite: [a grade of "C" or better in ANTH 2100] and written consent of instructor.

ANTH 3930 Ethnographic Research Methods  Cr. Hrs. 3

Survey of ethnographic research methods with an emphasis on qualitative approaches, including both field and analytical techniques. Students may not hold credit for both ANTH 3930 and the former ANTH 3390.

ANTH 3950 Artifact Analysis  Cr. Hrs. 3

Analytic and interpretive methods for treating archaeologically recovered materials such as lithics, ceramics and other artifacts are addressed through lectures, demonstrations and other laboratory exercises. Prerequisite: [a grade of "C" or better in ANTH 2100] or written consent of instructor.

ANTH 3960 Cultural Resource Management  Cr. Hrs. 3

A survey of the concepts, methods, and techniques used in the management of cultural, especially archaeological, heritage resources. The roles of public agencies, private contractors, and heritage legislation in Canadian CRM are reviewed. Prerequisite: [a grade of "C" or better in ANTH 2100] or written consent of instructor.

ANTH 3970 Ethnography of a Selected Region  Cr. Hrs. 3

An ethnographic survey of the culture(s) of a selected geographical area currently of interest to faculty and students. The areas to be studied may differ from year to year. Students may not hold credit both ANTH 3970 and ANTH 3971. Prerequisite: [a grade of "C" or better in one of: ANTH 1220 or ANTH 1221 or ANTH 1520] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ANTH 3980 Botanical Analysis in Archaeology  Cr. Hrs. 3

Analytic and interpretive methods for treating archaeologically recovered plant remains and soils are addressed through lectures, demonstrations, and laboratory exercises. Prerequisite: [a grade of "C" or better in ANTH 2100] or written consent of instructor.

ANTH 3990 Faunal Analysis in Archaeology  Cr. Hrs. 3

Analytic and interpretive methods of treating archaeologically recovered faunal remains are addressed through lectures, demonstrations, and laboratory exercises. Prerequisite: [a grade of "C" or better in ANTH 2100] or written consent of instructor.

8.1.3 Anthropology Course Descriptions-4000 Level

ANTH 4760 Practicum in Archaeology  Cr. Hrs. 3

This course is designed to provide advanced undergraduate students in archaeology with individualized practical experience in different aspects of archaeology by working with professional archaeologists. Prerequisite: [a grade of "C" or better in ANTH 2100] and written consent of instructor.

ANTH 4780 Selected Topics in Cultural Anthropology  Cr. Hrs. 3

Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ANTH 4790 Selected Topics in Archaeology  Cr. Hrs. 3

Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ANTH 4800 Seminar in Applied Anthropology  Cr. Hrs. 3

A review of the history of applied anthropology and investigation of major case studies, research methodologies, intervention strategies, and substantive areas of application. Prerequisite: written consent of instructor or department head.

ANTH 4830 Advanced Reading and Research  Cr. Hrs. 3

Prerequisite: written consent of instructor and department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ANTH 4840 Advanced Independent Work  Cr. Hrs. 3

Prerequisite: written consent of instructor and department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ANTH 4850 Advanced Seminar in Anthropological Theory  Cr. Hrs. 3

An analysis of the process of theory formation in the social sciences in general and in cultural (social) anthropology in particular. The theoretical content of various contemporary "schools" in anthropology is critically analyzed. Prerequisite: [a grade of "C" or better in ANTH 3470 or ANTH 3471] or written consent of instructor or department head.

ANTH 4860 Selected Topics in Biological Anthropology  Cr. Hrs. 3

Topics in biological anthropology which will vary depending on the needs of students and the interest of the instructor. Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
8.2 Asian Studies

Director: William Lee
Campus Address/General Office: 452A University College
Telephone: 204 474 7047
Email Address: Asian_studies@umanitoba.ca
Website: umanitoba.ca/Asian_studies/

8.2.1 Program Information

Asia is home to approximately 60 percent of the world’s population. Asian nations have emerged as major economic powers while their populations are asserting their own cultural and historical identities. With this comes an expectation that Western nations will take an interest not only in the economic potential of the continent but also in its rich cultural heritage.

The Asian Studies Centre was established in 1990 to stimulate and organize teaching and research on Asia. Faculty attached to the centre offer instruction in the languages and culture of China, India and Japan. As well, specialists in other departments offer Asia-related courses that can be used for a Major or Minor in Asian Studies.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in both ASIA 1420 (HIST 1420) and ASIA 1430 (HIST 1430). For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in both ASIA 1420 (HIST 1420) and ASIA 1430 (HIST 1430).

8.2.2 Asian Studies

### 8.2.3 Asian Studies Course Descriptions-1000 Level

**ASIA 1420  Asian Civilizations to 1500 (B)**  Cr. Hrs. 3  
A study of major themes in the history and culture of China and Japan, the Indian subcontinent and Southeast Asia from ancient times to around 1500. Also offered as History HIST 1420. May not hold credit with HIST 1420.

**ASIA 1430  Asian Civilization from 1500 (B)**  Cr. Hrs. 3  
A study of major themes in the history and culture of China and Japan, the Indian subcontinent and Southeast Asia in modern times. Also offered as History HIST 1430. May not hold credit with HIST 1430.

**ASIA 1750  Introduction to Korean**  Cr. Hrs. 6
(Lab required) An introduction to spoken and written Korean for students with little or no previous knowledge of the language. Students will be taught basic pronunciation, vocabulary, and grammar, as well as the Hangul writing system. Students who have received all or a portion of their elementary or secondary education in the Korean language may not normally enrol. Not open to students who have previously obtained credit in ASIA 2750.

ASIA 1760 Introduction to Chinese (Mandarin)  Cr. Hrs. 6
An introduction to modern vernacular (Mandarin) Chinese in spoken and written form. Grounding in pronunciation, basic grammar, vocabulary, and some written characters. Students who have received all or a portion of their elementary or secondary education in the Chinese language may not normally enrol. Not open to students who have previously obtained credit for ASIA 2760 or ASIA 3760 or the former ASIA 2360.

ASIA 1770 Introduction to Japanese  Cr. Hrs. 6
An introduction for non-Japanese speakers to Hiragana, Katakana, and some written characters. Students who have received all or a portion of their elementary or secondary education in the Chinese language may not normally enrol. Not open to students who have previously obtained credit for ASIA 2760 or ASIA 3760 or the former ASIA 2360.

ASIA 1770 Introduction to Japanese  Cr. Hrs. 6
An introduction for non-Japanese speakers to Hiragana, Katakana, and some Kanji. Students will be taught pronunciation, grammar, vocabulary, and about 250 written characters. Not open to students who previously obtained credit for ASIA 2770 or ASIA 3770. Students who have obtained Grade 12 Japanese in Canada or abroad must obtain written consent of instructor.

ASIA 1780 Basic Sanskrit  Cr. Hrs. 6
Students will first learn the Devanagari script then proceed to reading, writing, conversation, grammar and vocabulary. Not open to students who previously obtained credit for ASIA 2780.

ASIA 1790 Basic Hindi-Urdu  Cr. Hrs. 6
Training in conversation, reading and writing of modern standard Hindi and some elements of Urdu. Students will learn to read and write the Devanagari script, and learn the basic grammar of the language. Not open to students who have previously obtained credit for the former ASIA 2790 or the former ASIA 3790.

8.2.3 Asian Studies Course Descriptions-2000 Level

ASIA 2080 South Asian Civilization  Cr. Hrs. 3
Description An interdisciplinary study of the Indian subcontinent from the ancient to the contemporary period, focusing on geographic, religious, historic, sociological, and political developments. Students may not hold credit for both ASIA 2080 and the former ASIA 2070.

ASIA 2570 History, Culture, and Society in Chinese Film  Cr. Hrs. 3
This course will focus on the presentation of various aspects of twentieth century Chinese culture through the medium of film. Films will be selected largely from those recently produced in China, Taiwan, and Hong Kong, with some attention to recent North American movies by ethnic Chinese directors.

ASIA 2580 Women in Chinese Film  Cr. Hrs. 3
This course will focus on the cinematic presentation of women in Chinese films. Films will be selected largely from those produced recently in China, Taiwan, and Hong Kong, as well as in North America by ethnic Chinese directors. The intention is to review how the image of women as reflected in Chinese cinema has changed with time, place, and modern technology.

ASIA 2580 Women in Chinese Film  Cr. Hrs. 3
This course will focus on the cinematic presentation of women in Chinese films. Films to be studied will be drawn from the work of Mizoguchi, Ozu, Kurosawa, the "New Wave" directors of the 1960s, the comedies of Itami, and films of contemporary directors such as Kitano and Miyazaki.

ASIA 2600 Japanese Film  Cr. Hrs. 3
A survey of cinematic art in Japan, with emphasis on the major directors and trends of the postwar period. Films to be studied will be drawn from the work of Mizoguchi, Ozu, Kurosawa, the "New Wave" directors of the 1960s, the comedies of Itami, and films of contemporary directors such as Kitano and Miyazaki.

ASIA 2610 Modern Chinese Literature in Translation  Cr. Hrs. 3
A study of 20th and 21st century Chinese literature (in English translation) from the May 4th Movement to the present. With a special focus on prose fiction, students will be introduced to the historical and critical context of literary production in modern China. Lectures and texts in English. Students may not hold credit for both ASIA 2610 and the former ASIA 2660.

ASIA 2620 Japanese Civilization  Cr. Hrs. 3
An interdisciplinary study of Japanese civilization from earliest times to the Meiji Restoration. All aspects of traditional Japanese culture will be examined, including geography, religion, philosophy, history, sociology, economics and politics. The nature of Japanese cultural identity will be taken as a unifying theme. Students may not hold credit for ASIA 2620.

ASIA 2630 Chinese Civilization  Cr. Hrs. 3
An interdisciplinary study of Chinese civilization from earliest times to the Opium War. All aspects of traditional Chinese culture will be examined, including geography, religion, philosophy, history, sociology, economics, and politics. A central unifying theme will be the examination of Chinese cultural identity. Students may not hold credit for ASIA 2630.

ASIA 2650 Premodern Chinese Literature in Translation  Cr. Hrs. 3
A study of pre-modern Chinese literature up to 1911. Includes writings in early history and philosophy, essays, poetry, short stories and novels. Lectures and texts in English.

ASIA 2662 Chinese Diaspora Literature  Cr. Hrs. 3
This course focuses on the contemporary literature of the Chinese diaspora. Through a reading of prose fiction by writers of Chinese ethnicity living in locations like Taiwan, Hong Kong, Southeast Asia, Australia and North America, we will explore the notion of "different ways of being Chinese." Some of the material studied will have been originally written in English, but much of it will be read in English translation. Lectures and texts in English.

ASIA 2670 Modern Japanese Literature in Translation  Cr. Hrs. 3
This course is intended as an introduction to Japanese Literature from the Meiji era (1868-1912) to the present day. Although some attention will be paid to poetry, the emphasis will be on short stories and the novel.

ASIA 2750 Intermediate Korean  Cr. Hrs. 6
(Lab required) A continuation of the study of spoken and written Korean for students who have successfully completed ASIA 1750. Students will be taught advanced pronunciation, vocabulary, and grammar. Students who have received all or a portion of their elementary or secondary education in the Korean language may not normally enrol except by special permission of the instructor. Prerequisite: [a grade of "C" or better in ASIA 1750] or written consent of instructor.

ASIA 2760 Intermediate Chinese (Mandarin)  Cr. Hrs. 6
Continues the introduction of basic vocabulary, grammatical structures, and written characters. Emphasis will be given to the development of aural/oral skills. Not open to students who have previously obtained credit for ASIA 3760 or the former ASIA 2360. Prerequisite: [a grade of "C" or better in ASIA 1760] or written consent of instructor.

ASIA 2770 Intermediate Japanese  Cr. Hrs. 6
For students who have taken Japanese ASIA 1770. Continues the introduction of basic vocabulary, grammatical structures and more written characters. Greater emphasis will be given to the development of aural/oral skills. Not open to students who have previously obtained credit in ASIA 3770. Prerequisite: [a grade of "C" or better in ASIA 1770] or written consent of instructor.
ASIA 2780 Intermediate Sanskrit  
Cr. Hrs. 6
Advanced grammar, vocabulary, and syntax to enable the student to read epic and pauranic materials. Prerequisite: [a grade of "C" or better in ASIA 1780] or written consent of instructor.

8.2.3 Asian Studies Course Descriptions-3000 Level

ASIA 3480 Selected Topics in Asian Studies 1  
Cr. Hrs. 3
An intensive study of specially selected authors or themes in Asian Studies. The particular subject will vary year to year. Prerequisite: written consent of Asian Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ASIA 3490 Selected Topics in Asian Studies 2  
Cr. Hrs. 3
An intensive study of specially selected authors or themes in Asian Studies. The particular subject will vary year to year. Prerequisite: written consent of Asian Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ASIA 3520 The Japanese Theatre  
Cr. Hrs. 3
(Lab required) An overview and practical introduction to the Japanese theatre. Combines the study of theatre history and representative traditional and modern genres (kagura, nō, kyōgen, kabuki, bunraku, shingeki) with training in traditional movement and dance, and the performance of short, kyōgen plays. Prerequisite: [a grade of "C" or better in at least one of: ASIA 1770 or ASIA 2620 or THTR 1220] or written consent of instructor.

ASIA 3560 Themes and Genres in Asian Literature  
Cr. Hrs. 3
A study of selected works of Asian literature organized around specific themes or genres in English translation. Content may vary from year to year, but will include literary works from two or more regions and two or more historical periods. Prerequisite: [a grade of "C" or better in ASIA 1420 (or HIST 1420) or ASIA 1430 (or HIST 1430)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ASIA 3600 Japanese Popular Culture  
Cr. Hrs. 3
This course examines various examples of popular culture in contemporary Japan, including popular literature, film, television, popular music, and leisure activities. Attention will also be paid to popular culture theory and methods of analysis. Prerequisite: [a grade of "C" or better in ASIA 2620] or written consent of instructor.

ASIA 3750 Advanced Korean  
Cr. Hrs. 6
A continuation of the study of spoken and written Korean for students who have successfully completed ASIA 2750. Students will engage in group projects, discussions, and presentations on topics covered in the course and in a range of communicative situations. Students will also be introduced to authentic examples of Korean novels, essays, journal articles, movies, TV dramas, and selections from Korean history and arts. Students who have received all or a portion of their elementary or secondary education in the Korean language may not normally enroll except by special permission of the instructor. Prerequisite: [a grade of "C" or better in ASIA 2750] or written consent of instructor.

ASIA 3760 Advanced Chinese (Mandarin)  
Cr. Hrs. 6
This course is for those who have taken Intermediate Chinese or who have obtained basic language skills in Mandarin Chinese elsewhere. A balanced approach to reading, writing, and aural/oral skills will be employed. Students will use advanced prepared texts and will also be introduced to selected examples of contemporary Chinese literature. Not open to students who previously obtained credit for the former ASIA 3660 or the former ASIA 2360. Prerequisite: [a grade of "C" or better in ASIA 2760] or written consent of instructor.

ASIA 3770 Advanced Japanese  
Cr. Hrs. 6
This course is designed for those who have taken ASIA 2770 Intermediate Japanese or have basic linguistic skills in Japanese and wish to improve their ability in the Japanese language previously acquired. Prerequisite: [a grade of "C" or better in ASIA 2770] or written consent of instructor.

ASIA 3780 Advanced Reading in Japanese  
Cr. Hrs. 3
This course allows students to further develop their skills in the Japanese language through a focus on reading. Course material will be drawn from examples of modern literature and film scripts. Prerequisite: [a grade of "C" or better in ASIA 3770] or written consent of instructor.

ASIA 3792 Linguistic Analysis of Japanese  
Cr. Hrs. 3
This course analyses structures and usage of the Japanese language, using linguistic methodology to understand the language and associated social, cultural, psychological, and cognitive factors. Prerequisite: [a grade of "C" or better in ASIA 2770] or written consent of instructor.
8.3 Canadian Studies Program

Program Coordinator: Barry Ferguson

Telephone: 204 474-6407
E-mail: Barry.Ferguson@ad.umanitoba.ca
Website: umanitoba.ca/canadian_studies/

8.3.1 Program Information

This is an interdisciplinary program that offers a comprehensive and focused approach to the study of Canada. Students will examine Canadian politics, economics, society and culture within a national and international context. A knowledge of French is an asset but it is not required.

The “List of Approved Courses in Canadian Studies” below identifies courses that may be used toward partial fulfillment of the requirements for Canadian Studies. These courses are also identified on Aurora Student with the course attribute of “Canadian Studies Requirement.”

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Program.

Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in six credit hours from the list of approved courses in Canadian Studies. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in six credit hours from the list of approved courses in Canadian Studies.

Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

A reading knowledge of French, while not required, is recommended. Students should note that, for certain specific Honours courses in the Canadian field, a reading knowledge of French is, in fact, a prerequisite.

Each of the participating departments is represented by at least one member on the Canadian Studies Program Committee. The initial academic advisor for the program is the committee as a whole or any one of its members. Students who are interested in Canadian Studies may obtain further information from the Canadian Studies Program Coordinator. Students should consult the appropriate department upon entering the program regarding prerequisites for specific courses.

8.3.3 Canadian Studies Course Descriptions

CDN 1130 Introduction to Canadian Studies Cr. Hrs. 6
This course will introduce students to an interdisciplinary study of Canadian themes and issues from early exploration to the present. The emergence of Canada as a nation will be studied within the context of four themes: the aboriginal past; the land; political and economic structures; art and culture. As a first-year course in Canadian studies students will be encouraged to develop their writing, research and library skills.

CDN 3730 Canadian Identity: An Interdisciplinary Approach Cr. Hrs. 3
An interdisciplinary lecture/seminar (art, economics, history, literature) course which will explore Canadian identity. Themes to be studied include the Aboriginal past, French/British colonization, land/regions and ethnic diversity. Prerequisite: a grade of “C” or better in a minimum of 24 credit hours of courses at the 1000-level or above.

CDN 4410 Seminar in Canadian Studies Cr. Hrs. 6
A seminar course whose content may vary from year to year. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.4 Catholic Studies Program

Program Coordinator: (Acting) Daniel C. MacLeod
Program Office: 118 St. Paul’s College
Telephone: 204 474 9165
E-mail: catholic@umanitoba.ca
Website: umanitoba.ca/catholic_studies

8.4.1 Program Information
The historical relationships and ongoing encounters that the members of the Roman Catholic Church have had with disciplines such as history, the arts and sciences, as well as human thought comprise the framework around which the Catholic Studies program is formed. It seeks to explore the Catholic tradition in ways that do justice to its full contributions and challenges as a historical and contemporary phenomenon.

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in CATH 1190 and a grade of “C” or better in at least three credit hours from the List of Approved Courses in Catholic Studies.

8.4.2 Catholic Studies

8.4.3 Catholic Studies Course Descriptions

**CATH 1190 Introduction to Catholic Studies**  
Cr. Hrs. 3  
An initiation into diversity, richness, and significance of Roman Catholicism in its many different forms and expressions, seeking to highlight the resources and techniques available for pursuing an interdisciplinary study of Catholicism as a field of intellectual inquiry.

**CATH 2000 Special Topics in Catholic Studies**  
Cr. Hrs. 3  
The subject matter of this course will vary from year to year, but it will deal with a special topic of current interest in the interdisciplinary program in Catholic Studies. Prerequisite: [a grade of “C” or better in CATH 1190] or written consent of program coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**CATH 2100 Field Studies in Catholic Culture**  
Cr. Hrs. 6  
Offered as part of the Summer Session, this course consists of on-campus study followed by travel to major sites and museums. Prerequisite: none, but CATH 1190 is recommended.

**CATH 2200 Catholicism and Human Sexuality**  
Cr. Hrs. 3  
This course explores the Catholic Church’s understanding of sexual expression with a focus on topics such as reciprocity and performance, fidelity, romantic love, sexual identities, and intimacy with special attention given to the works of Pope John Paul II and other contemporary Catholic thinkers. Students may not hold credit for both CATH 2200 and CATH 2000 when titled “Catholicism and Sexual Expression.” Prerequisite: [a grade of “C” or better in CATH 1190] or written consent of instructor.

**CATH 2300 The Jesuits: Their Legacy and Influence**  
Cr. Hrs. 3  
The Society of Jesus (the Jesuit order) has aroused admiration and respect as well as fear and suspicion throughout its eventful history. The Jesuits have left an indelible mark on the Catholic Church as well as the modern world itself in their roles as explorers, intellectuals, artists, scientists, and teachers. This course focuses on Jesuit contributions to science, education, the fine arts, politics, and social reform since the order’s foundation in 1534. Students may not hold credit for both CATH 2300 and CATH 2000 when titled “The Jesuits: Their Legacy and Influence.” Prerequisite: [a grade of “C” or better in CATH 1190] or written consent of instructor.

**CATH 2400 Mystics, Saints, and Sinners: The Quest for Holiness in the Catholic Church**  
Cr. Hrs. 3  
This course will explore the Roman Catholic notion of sanctity as it developed over the course of history. From martyr to mystic and ascetic to activist, variations of holiness will be examined in relation to the regions, periods, and interests that shaped them. It provides both a chronological and an interdisciplinary overview of sanctity from the New Testament to the present with a special focus on the lives of the saints, relics, shrines, and canonization treatises. Prerequisite: [a grade of “C” or better in CATH 1190] or written consent of instructor.
A survey of Catholic identity in Canada as it has shifted from the arrival of French missionaries in the 17th century until today. Emphasis will be placed on the roles that early Catholic immigrants from Europe played in the development of both the Church and the national character of Canada as well as how recent immigrants from South America, the Caribbean, Asia, and Africa continue to shape them. Prerequisite: [a grade of "C" or better in CATH 1190] or written consent of instructor.

CATH 2600 Pilgrimage and the Localization of Catholic Devotion  Cr. Hrs. 3
The historical and contemporary fascination with holy places continues to permeate Catholic tradition. This course focuses on the identification and analysis of regions in which localized piety has either once existed or thrives today. It also places a strong emphasis on how the quest for sacred space remains a fundamental part of wider devotion within the Church. Prerequisite: [a grade of "C" or better in CATH 1190] or written consent of instructor.

CATH 2700 Catholicism and the Paranormal  Cr. Hrs. 3
A critical introduction into the Catholic Church’s historical and contemporary reactions to the supernatural with a focus on topics such as apparitions, levitation, ghosts and possession, mystical visions, Eucharistic miracles, bilocation, the occult, stigmata, as well as other unexplained religious phenomena. Students may not hold credit for both CATH 2700 and CATH 2000 when titled “Catholicism and the Paranormal.” Prerequisite: [a grade of "C" or better in CATH 1190] or written consent of instructor.

CATH 3900 Catholic Social Teaching  Cr. Hrs. 3
An introduction to Catholic social teaching with a dual focus on critical theory and praxis. Students will engage the Church’s position on issues such as human dignity, solidarity with minority and oppressed populations, the common good, subsidiarity, rights and responsibilities, as well as the preferential option for the poor. Prerequisite: [a grade of "C" or better in each of CATH 1190 and an additional 3 credit hours of CATH courses] or written consent of instructor.

8.5 Central and East European Studies Program

Acting Program Coordinator: Iryna Konstantiuk
Program Office: 321 Fletcher Argue
Telephone: 204 474 8298
E-mail: Iryna.Konstantiuk@umanitoba.ca
Website: umanitoba.ca/european_studies/

8.5.1 Program Information
The disintegration of the former Soviet Union has altered the social, political, and economic environment of Central and Eastern Europe. The emergence of new independent countries and the transition from an environment dominated by communist political and economic structures continue to reshape Europe. This program offers an array of courses from five departments. It explores past and present issues in the region.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program
For entry to the Major, the prerequisite is a grade of "C" or better in both six credit hours of Russian, German, Polish, Ukrainian, Hungarian or Yiddish and six credit hours from the list of approved courses in Central and East European Studies below. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program
For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in both six credit hours of Russian, German, Polish, Ukrainian, Hungarian or Yiddish and six credit hours from the list of approved courses in Central and East European Studies below.

Honours Program (Double Honours Only)
For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

This program is only available to students registered in the Honours program in Economics, History or Political Studies.

Courses used toward the Major, Minor (Concentration) or Honours may not also be used toward a Major, Minor (Concentration) or Honours in the department in which they are offered.

### SINGLE ADVANCED MAJOR TOTAL: 48 CREDIT HOURS

- 6 credit hours in a language from courses numbered at the 1000 or 2000 level in Russian, German, Ukrainian, Polish, Hungarian or Yiddish
- 6 credit hours from the List of Approved Courses in Central and East European Studies
- 30 credit hours from the List of Approved Courses in Central and East European Studies. Within these 30 credit hours, a minimum of 6 credit hours must be completed in each of two different subject fields
- 6 credit hours from the List of Approved Courses in Central and East European Studies or from language courses numbered at the 1000, 2000, or 3000 level in Russian, German, Ukrainian, Polish, Hungarian or Yiddish

### DOUBLE ADVANCED MAJOR TOTAL: 42 CREDIT HOURS

- 6 credit hours in a language from courses numbered at the 1000 or 2000 level in Russian, German, Ukrainian, Polish, Hungarian or Yiddish
- 6 credit hours from the List of Approved Courses in Central and East European Studies
- 24 credit hours from the List of Approved Courses in Central and East European Studies. Within these 24 credit hours, a minimum of 6 credit hours must be completed in each of two different subject fields
- 6 credit hours from the List of Approved Courses in Central and East European Studies or from language courses numbered at the 1000, 2000, or 3000 level in Russian, German, Ukrainian, Polish, Hungarian or Yiddish

### MINOR (CONCENTRATION) TOTAL: 18 CREDIT HOURS

- 6 credit hours in a language from courses numbered at the 1000 or 2000 level in Russian, German, Ukrainian, Polish, Hungarian or Yiddish
- 6 credit hours from the List of Approved Courses in Central and East European Studies
- 5 credit hours from the List of Approved Courses in Central and East European Studies

### DOUBLE HONOURS

- 6 credit hours in a language from courses numbered at the 1000 or 2000 level in Russian, German, Ukrainian, Polish, Hungarian or Yiddish
- 6 credit hours from the List of Approved Courses in Central and East European Studies
- 12 credit hours from courses numbered at the 4000 level in Economics, German, History, Political Studies, Russian Ukrainian or Fine Arts (Art History)
- 6 credit hours in a language from courses numbered at the 3000 level in Russian, German, Ukrainian or Polish
- 6 credit hours from courses numbered at the 3000 level in Economics, German,

### NOTES:

1. Students must ensure that all course prerequisites are met when selecting courses for the Double Honours program. Students should consult the program coordinator when selecting courses in Year 1 and 2 of the program.

2. Students should note that while the majority of students begin language instruction with courses numbered at the 1000 level, in exceptional circumstances and with the approval of the committee, students may begin language instruction with courses numbered at the 2000 level.

3. Students who begin their language instruction in Year 1 with 6 credit hours of courses numbered beyond the 1000 level may take 6 credit hours at the 1000, 2000 or 3000 levels in a different language approved by the program coordinator.

4. Students who have declared a Major in Russian, German or Ukrainian can either take 6 credit hours from each of two different subject fields from the List of Approved Courses in Central and East European Studies, or 6 credit hours from courses numbered at the 1000 or 2000 level in a language (Russian, German, Ukrainian, Polish, Hungarian or Yiddish) other than their declared Major and 6 credit hours from the List of Approved Courses in Central and East European Studies.

5. Courses must be individually approved by the program coordinator as relevant to Central and East European Studies. For information on available courses, please contact the program coordinator.

6. Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Central and East European Studies courses).

7. Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including Central and East European Studies courses).

### 8.6 The Changing Workplace Program

Program Coordinator: Arts General Office  
Program Office: 3rd Floor Fletcher Argue  
Telephone: 204 474 9100  
E-mail: arts_inquiry@umanitoba.ca

### 8.6.1 Program Information
The Changing Workplace is a Concentration only available to students in the B.A. Integrated Studies degree program. This program is not available as a Minor program.

The Changing Workplace is an interdisciplinary concentration and has been developed in response to information received from employees and mid-career working adults interested in pursuing a degree. Successful completion of this concentration provides learners with an understanding of the workplace in its current context and its changing nature.

Concentration Program

For entry to the Concentration, the prerequisite is a minimum grade of “C” or better in the first 6 credit hours of courses required for the Concentration.

The Concentration in The Changing Workplace will consist of 18 credit hours from the following list of courses. Students must meet the departmental prerequisites for entry into any course in this list. No course can be used to satisfy more than one Concentration.

### 8.7 Department of Classics

Head: Lea Stirling  
General Office: 364 University College  
Telephone: 204 474 9502  
E-mail: classics@umanitoba.ca  
Website: umanitoba.ca/classics

#### 8.7.1 Program Information

Classics programs focus on the languages, literature and material cultures of ancient Greece and Rome. The two cultures are considered for their formative role at the beginnings of western civilization and for their continuing influence on modern civilization. Although courses, and entire programs, are available to students without any Latin or Greek, those intending to pursue specialist studies in any field of classical studies are urged to begin study of the languages as early as possible. The department, through academic staff members with expertise in art history and archaeology, offers a variety of opportunities for travel courses and fieldwork overseas.

The Department of Classics offers Major and Minor (Concentration) programs in Classical Studies, Greek, and Latin.

#### 8.7.2 Classical Studies

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

### Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in the first six credit hours in Classical Studies (CLAS), Greek (GRK) or Latin (LATN) or the first six credit hours from List A below. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

#### Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in both CLAS 1270 and CLAS 1280, or written permission of the department head.

#### 8.7.3 Classical Studies

<tr>
<td>CLAS 1270 Introduction to Ancient Greek Culture</td>
<td>3 Hrs.</td>
</tr>
</tbody>
</table>

Ancient archaeological and literary evidence (in English translation) is the basis for a survey of the major social, political, religious, intellectual, artistic and literary institutions and achievements of the Greeks from the Bronze Age to the early Roman Imperial Period. The Greeks are studied in the context of the ancient Mediterranean world but also with reference to their continuing contributions to world civilization.
Ancient archaeological and literary evidence (in English translation) is the basis for a survey of the major social, political, religious, intellectual, artistic and literary institutions and achievements of the Romans, from the period of the monarchy to the onset of the Middle Ages. The Romans are studied in the context of the ancient Mediterranean world but also with reference to their continuing contributions to world civilization.

8.7.8 Classics Course Descriptions-Classical Studies-2000 Level

CLAS 2140 Greek History: Pre-Classical Greece, 1200-479 BC  Cr. Hrs. 3
This course covers the crucial formative centuries which prefigured the Classical period of Greek history. It focuses upon the Dark Age (ca. 1200-700), when the political framework of later Greece was established, and the subsequent cultural renaissance of the seventh and sixth centuries BC.

CLAS 2150 Greek History: Classical Greece, 479-323 BC  Cr. Hrs. 3
This course covers the heyday of imperial, democratic Athens, her crushing defeat by Sparta, now allied with Persia, and the ensuing crisis of the city-state which culminated in Greek subjection to Macedonian kings, Philip and Alexander.

CLAS 2160 Roman History: The Roman Republic, 753-30 BC  Cr. Hrs. 3
This course covers the history of Rome from its supposed foundation in 753 BC to the end of the Republic in 30 BC. The course considers not only the events of Roman Republican history but also how historians of ancient Rome interpreted these events.

CLAS 2170 Roman History: The Roman Empire, 30 BC-AD 337  Cr. Hrs. 3
This course covers the history of Rome under emperors, from the ascension of Augustus to the death of Constantine, the first Christian emperor, in AD 337. An important theme in the course is the rise of Christianity.

CLAS 2210 Women in Ancient Greece and Rome  Cr. Hrs. 3
This course analyzes the changing roles of women in ancient Greek and Roman society (roughly 800 BCE to 400 CE). Using ancient texts, inscriptions, artworks, and archaeological remains, students will examine women's roles in family life, marriage practices, religion, politics, and the economy. Although the majority of ancient evidence about women is created by men and concerns the upper classes, the course will also seek evidence of female viewpoints and the lives of lower-class women.

CLAS 2460 Field Studies in Greek Archaeology and History  Cr. Hrs. 6
Offered as part of the Summer Session, the course consists of three weeks of on-campus study followed by three weeks of travel to major sites and museums. Prerequisite: none, but one or more of CLAS 1270 or CLAS 1280 or CLAS 2140 or CLAS 2150 or CLAS 2670 is recommended. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

CLAS 2490 Field Studies in Roman Archaeology and History  Cr. Hrs. 6
Offered as part of the Summer Session, the course consists of three weeks of on-campus study followed by three weeks of travel to major sites and museums. Prerequisite: none, but one or more of CLAS 1270 or CLAS 1280 or CLAS 2160 or CLAS 2170 or CLAS 2680 is recommended. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

CLAS 2500 Aspects of Classical Culture and Languages  Cr. Hrs. 3
The content of this course will vary, being devoted each time to surveying a special area of Classical civilization such as athletics, technology, warfare, death, slavery, education, or reception in modern film or literature. Ancient textual and archaeological evidence will form the basis of discussion. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

CLAS 2520 Greek and Roman Mythology  Cr. Hrs. 3
A survey of Greek and Roman myths of creation and the gods with attention to the nature and definition of myth; Greek and Roman legends; the connections of mythology with religious beliefs and cults; and with the literature and arts of Western civilization.

CLAS 2612 Greek Literature in Translation  Cr. Hrs. 3
A survey in English of selected works of such major figures in Greek literature as Homer, Aeschylus, Sophocles, Euripides, Aristophanes, Herodotus, Thucydides, and Plato. The course includes discussion of the influence of these and other works on the arts and literature of the world. Students may not hold credit for both CLAS 2612 and the former CLAS 3610.

CLAS 2622 Latin Literature in Translation  Cr. Hrs. 3
A survey in English of selected works of such major figures in Latin literature as Vergil, Ovid, Terence, Livy, Cicero, Horace and Senecha. The course includes discussion of the influence of these and other works on the arts and literature of the world. Students may not hold credit for both CLAS 2622 and the former CLAS 3620.

CLAS 2670 Greek Art and Archaeology  Cr. Hrs. 3
A survey, illustrated with slides, of the Minoan, Mycenaean, and classical Greek civilizations. The relevant archaeological sites and artistic works will be studied.

CLAS 2680 Roman Art and Archaeology  Cr. Hrs. 3
A survey, illustrated with slides, of the civilization and art of the Roman world. The Etruscan civilization and archaeological sites of Hellenistic Greece as they influence the art of Republican and Imperial Rome will be studied.

CLAS 2710 Greek and Latin Elements in English  Cr. Hrs. 3
A systematic study of the contribution of the classical languages to modern English, including the vocabulary of the sciences. The course is intended as a practical means of enhancing English vocabulary while it also emphasizes that the linguistic contributions are a reflection of the broad historical and cultural influences of classical antiquity on the modern world.

8.7.8 Classics Course Descriptions-Classical Studies-3000 Level

CLAS 3250 Aegean and Italian Prehistory  Cr. Hrs. 3
This course provides a detailed archaeological and historical view of Mediterranean culture and society from the Neolithic period of the sixth millennium BC through the early centuries of the first millennium BC. The course ends with a look ahead to the Early Iron Age. Prerequisite: [a grade of “C” or better in one of: CLAS 1270, CLAS 2140, CLAS 2150, ANTH 2060, FAAH 1030, HIST 1200, HIST 1201, HIST 1350] or written consent of department head.

CLAS 3260 Hellenistic Civilization: History and Archaeology  Cr. Hrs. 3
The Hellenistic period spans the years from the death of Alexander the Great in 323 BC to the death of the Ptolemaic queen Cleopatra VII in 31 BC. This course explores both the political and, more generally, the cultural history of the period using both textual and archaeological sources. Prerequisite: [a grade of “C” or better in one of: CLAS 1270, CLAS 1280, CLAS 2140, CLAS 2150, FAAH 1030, HIST 1200, HIST 1201, HIST 1350] or written consent of department head.

CLAS 3264 Pompeii and Herculaneum  Cr. Hrs. 3
This course will study the art and archaeology of Pompeii, Herculaneum, and other sites destroyed by Mount Vesuvius in 79 C.E., with attention to social history, artistic developments, and daily life. Students may not hold credit for both CLAS 3264 and the former CLAS 3730 when titled “Pompeii and Herculaneum.” Prerequisite: [a grade of “C” or better in one of: CLAS 1270, CLAS 1280, CLAS 2160, CLAS 2170, CLAS 2680, FAAH 1030, HIST 1200, HIST 1201, HIST 1350] or written consent of department head.

**CLAS 3270 The World of Late Antiquity: History and Archaeology**  
Cr. Hrs. 3

This course examines the later Roman Empire, beginning with the reign of Constantine in the early fourth century and ending in the early fifth century. It combines historical and archaeological sources for the study of political, religious and social developments within the period. Prerequisite: [a grade of “C” or better in one of: CLAS 1270, CLAS 1280, CLAS 2170, CLAS 2680, FAAH 1030, HIST 1200, HIST 1201, HIST 1350] or written consent of department head.

**CLAS 3270 The World of Late Antiquity: History and Archaeology**  
Cr. Hrs. 3

The core readings in this course will consist of contemporary English translations of a substantial portion of the Greek and Latin epic corpus, including complete or partial works by Homer, Apollonius Rhodius, Vergil, Ovid, Lucan and Statius. The classical epics will be studied with reference to their place in literary and cultural history. Students may not hold credit for both CLAS 3682 and CLAS 3680 when titled “Greek and Roman Epic Poetry.”

**CLAS 3680 Studies in a Classical Literary Genre 1**  
Cr. Hrs. 3

The religious beliefs and practices of the Romans from earliest times until the reign of Constantine as related to their political, social, intellectual, and domestic institutions; based on the study of both literary and archaeological evidence. Prerequisite: [a grade of “C” or better in one of: CLAS 1270, CLAS 1280, CLAS 2170, CLAS 2520, CLAS 2670, CLAS 3670, RLGN 3640] or written consent of department head.

**CLAS 3660 Religion in Ancient Rome**  
Cr. Hrs. 3

This course explores the wide variety of religious traditions, practices, and beliefs of the Mediterranean region in the Hellenistic and Roman period (c. 300 BCE to 300 CE). This period is exemplified by a great deal of continuity, but it was also a time of experimentation, innovation, and cultural entrepreneurship. Also offered by Religion as RLGN 3640. Students may not hold credit for both CLAS 3670 and RLGN 3640.

**CLAS 3670 Religion in the Hellenistic and Roman Mediterranean**  
Cr. Hrs. 3

This period is exemplified by a great deal of continuity, but it was also a time of experimentation, innovation, and cultural entrepreneurship. Also offered by Religion as RLGN 3640. Students may not hold credit for both CLAS 3670 and RLGN 3640.

**CLAS 3680 Studies in a Classical Literary Genre 1**  
Cr. Hrs. 3

The content of this course will vary, being devoted each time to a particular type of Greek and Roman literature such as epic, tragedy, comedy, satire, rhetoric, the novel, historical writings, scientific writing, etc. Lectures and discussions of the literature and its influence will be based on readings in English translation. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**CLAS 3682 Greek and Roman Epic**  
Cr. Hrs. 3

The content of this course will vary, being devoted each time to a particular type of Greek and Roman literature such as epic, tragedy, comedy, satire, rhetoric, the novel, historical writings, scientific writing, etc. Lectures and discussions of the literature and its influence will be based on readings in English translation. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**CLAS 3684 Greek and Roman Tragedy**  
Cr. Hrs. 3

This course examines the tragic drama of fifth-century Athens and imperial Rome (in translation), with particular emphasis on the extant plays of Aeschylus, Sophocles, Euripides, and Seneca in their respective historical, intellectual and cultural contexts. Students may not hold credit for both CLAS 3684 and CLAS 3680 when titled "Greek and Roman Tragedy.”

**CLAS 3710 Aspects of Classical Culture 1**  
Cr. Hrs. 3

The content of this course will vary, being devoted each time to the investigation of a special area of Classical civilization such as athletics, technology, the erotic, the occult, cuisine, law, medicine, architecture, education. Lectures and discussions will be based on the study of both archaeological and literary evidence. Prerequisite: [a grade of “C” or better in CLAS 1270 or CLAS 1280] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**8.7.8 Classics Course Descriptions-Greek-1000 Level**

**GRK 1010 Introduction to the Reading of Ancient Greek 1**  
Cr. Hrs. 3

Readings in Ancient Greek poetry and prose with related exercises in grammar and composition intended to prepare students to read Classical and Hellenistic Greek.

**GRK 1020 Introduction to the Reading of Ancient Greek 2**  
Cr. Hrs. 3

Continued study and practice in oral and written communication in Modern Greek. Course work includes conversation, prose composition and reading of selected texts from Greek literary works and popular media. Not for credit towards a Major or Minor in Classical Studies. Prerequisite: [a grade of “C” or better in GRK 1010] or written consent of department head.

**GRK 1030 New Testament Greek**  
Cr. Hrs. 6

The grammar and syntax of New Testament Greek. Normally taught only in the Approved Teaching Centres. May be used for credit towards the Major or Minor in Greek only with written consent of department head. Students may not hold credit for GRK 1030 and any of: GRK 1010 or GRK 1020.

**GRK 1060 Introductory Modern Greek 1**  
Cr. Hrs. 3

A practical introduction to the written and spoken language for those with little or no knowledge of Modern Greek. Personal instruction in script, vocabulary, aural comprehension, pronunciation and syntax is supplemented with the use of audio recording in the laboratory or via other media such as the internet. Not for credit towards the Major or Minor in Classical Studies.

**GRK 1070 Introductory Modern Greek 2**  
Cr. Hrs. 3

The continuation of GRK 1060 with further personal instruction in vocabulary, aural comprehension, pronunciation and syntax supplemented with the use of audio recordings in the laboratory or via other media such as the internet. Not for credit towards the Major or Minor in Classical Studies. Prerequisite: [a grade of “C” or better in GRK 1060] or written consent of department head.

**8.7.8 Classics Course Descriptions-Greek-2000 Level**

**GRK 2060 Intermediate Modern Greek 1**  
Cr. Hrs. 3

Continued study and practice in oral and written communication in Modern Greek. Course work includes conversation, prose composition and reading of selected texts from Greek literary works and popular media. Not for credit towards a Major or Minor in Classical Studies. Prerequisite: [a grade of “C” or better in GRK 1070] or written consent of department head.

**GRK 2070 Intermediate Modern Greek 2**  
Cr. Hrs. 3

Continued study and practice in oral and written communication in Modern Greek. Course work includes conversation, prose composition and reading of selected texts from Greek literary works and popular media. Not for credit towards a Major or Minor in Classical Studies. Prerequisite: [a grade of “C” or better in GRK 2060] or written consent of department head.
GRK 2700 Intermediate Readings in Ancient Greek  Cr. Hrs. 3
Further readings in ancient Greek poetry and prose with related exercises in grammar and composition intended to advance the student’s skill at reading Classical and Hellenistic Greek. Students may not hold credit for both GRK 2700 and the former GRK 1310. Prerequisite: a grade of "C" or better in GRK 2700 or the former GRK 1310.

GRK 2710 The Acts of the Apostles  Cr. Hrs. 3
Description The complete Book of Acts is read in Greek with attention to related textual, linguistic and historical matters. Students may not hold credit for both GRK 2710 and the former GRK 1330. Prerequisite: a grade of "C" or better in GRK 2700 or the former GRK 1310 or written consent of department head.

GRK 2732 Readings in Greek Poetry  Cr. Hrs. 3
Readings from the works of selected poets of the Archaic and Classical periods. Students may not hold credit for both GRK 2732 and the former GRK 1310. Prerequisite: a grade of "C" or better in GRK 2700 or the former GRK 1310.

GRK 2752 Readings in Greek Prose Literature  Cr. Hrs. 3
Readings from the works of selected prose authors of the Classical period. Students may not hold credit for both GRK 2752 and the former GRK 2750. Prerequisite: a grade of "C" or better in GRK 2700 or the former GRK 1310.

GRK 2770 Greek Prose Composition and Sight Translation  Cr. Hrs. 3
Assignments in writing Greek prose and practice in the techniques for effective reading of prose and poetry at sight. Prerequisite: a grade of "C" or better in GRK 2700 or the former GRK 1310.

GRK 2790 History of the Greek Language  Cr. Hrs. 3
A survey of the language from its Indo-European pre-history to the modern era. The phonological, morphological and lexical aspects of the language are investigated in the light of Greek literary and inscriptive documents and some comparative evidence from cognate languages. Prerequisite: a grade of "C" or better in GRK 2700 or the former GRK 1310 or a working knowledge of Modern Greek and written consent of department head.

GRK 2810 Prose Writings of the Hellenistic and Greco-Roman Periods  Cr. Hrs. 3
Reading of selected literary and historical documents relating to Judaism and early Christianity. Prerequisite: a grade of "C" or better in any of: GRK 2700 or GRK 2710 or the former GRK 1310 or the former GRK 1330.

8.7.8 Classics Course Descriptions-Greek-3000 Level

GRK 3750 Homer  Cr. Hrs. 3
Description At least three complete books of the Iliad or Odyssey are read with attention to compositional technique and metre. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3770 Greek Poetry of the Archaic Period  Cr. Hrs. 3
Reading of selections from Hesiod, the Homeric Hymns and such lyric poets as Sappho, Alcaeus, Anacreon, Pindar and Bacchylides. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3790 The Greek Tragedians  Cr. Hrs. 3
Reading of at least one tragedy from among those of Aeschylus, Sophocles or Euripides. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3810 Aristophanes  Cr. Hrs. 3
Reading of at least one complete comedy. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3830 The Greek Historians  Cr. Hrs. 3
Selected readings from the works of Herodotus and Thucydides and/or the historical works of Xenophon. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3850 Plato  Cr. Hrs. 3
Readings of two of the shorter dialogues or of selections from several dialogues. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3870 The Attic Orators  Cr. Hrs. 3
Readings from the works of such orators as Isocrates, Lysias and Demosthenes. Prerequisite: a grade of "C" or better in GRK 2732 or GRK 2752 or the former GRK 2730 or the former GRK 2750 or written consent of department head.

GRK 3890 Advanced Studies in Greek Poetry  Cr. Hrs. 3
Readings in a particular genre such as epic, tragedy, comedy, lyric or epigram with substantial reading in secondary critical or interpretive literature. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

GRK 3940 Advanced Studies in Greek Poetry  Cr. Hrs. 3
Readings in a particulargenre such as epic, tragedy, comedy, lyric or epigram with substantial reading in secondary critical or interpretive literature. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.7.8 Classics Course Descriptions-Latin-1000 Level

LATN 1080 Introduction to the Reading of Latin 1  Cr. Hrs. 3
Readings in Latin poetry and prose with related exercises in grammar and composition intended to prepare students to read Classical and Medieval Latin.

LATN 1090 Introduction to the Reading of Latin 2  Cr. Hrs. 3
Further readings in Latin poetry and prose with related exercises in grammar and composition intended to prepare students to read Classical and Medieval Latin. Prerequisite: a grade of "C" or better in LATN 1080.

8.7.8 Classics Course Descriptions-Latin-2000 Level

LATN 2700 Intermediate Readings in Latin  Cr. Hrs. 3
Further readings in Latin prose and poetry with related exercises in grammar and syntax as continued preparation for the reading of Classical and Medieval Latin. Students may not hold credit for both LATN 2700 and the former LATN 1320. Prerequisite: a grade of "C" or better in LATN 1090 or written consent of department head.

LATN 2720 Selected Readings in Republican and Augustan Poetry  Cr. Hrs. 3
Readings from among the comedies of Plautus and Terence, the shorter poems of Catullus, and the Metamorphoses of Ovid. Prerequisite: a grade of "C" or better in LATN 2700 or the former LATN 1320.
LATN 2740  Selected Readings in Republican and Augustan Prose  Cr. Hrs. 3
Readings from among the works of Livy and Caesar and the letters and philosophical writings of Cicero. Prerequisite: a grade of "C" or better in LATN 2700 or the former LATN 1320.

LATN 2760  Latin Prose Composition and Sight Translation  Cr. Hrs. 3
Assignments in writing Latin prose and practice in the techniques for effective reading of poetry and prose at sight. Prerequisite: a grade of "C" or better in LATN 2700 or the former LATN 1320.

LATN 2780  History of the Latin Language  Cr. Hrs. 3
A survey of the language from its Indo-European pre-history to its position as the matrix of the Romance languages. Phonological, morphological and lexical aspects of the language are investigated in the light of Latin documents and some comparative evidence from cognate languages. Prerequisite: a grade of "C" or better in LATN 2700 or the former LATN 1320.

LATN 2800  Readings in Medieval or Renaissance Latin  Cr. Hrs. 3
Selections of prose and poetry written after the beginning of the fourth century after Christ. Prerequisite: a grade of "C" or better in LATN 2700 or the former LATN 1320.

8.7.8 Classics Course Descriptions-Latin-3000 Level

LATN 3740  Roman Comedy  Cr. Hrs. 3
Reading of at least two plays from among the comedies of Plautus and Terence. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3760  Orations of Cicero  Cr. Hrs. 3
Description Reading of at least two complete speeches from among the political and forensic works of Cicero. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3780  Roman Satire  Cr. Hrs. 3
Reading of selected Satires of Horace and Juvenal and of excerpts from the Apocolocyntosis of Seneca and the Satyricon of Petronius. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3800  Lyric and Elegiac Poetry of the Augustan Age  Cr. Hrs. 3
Selected Odes and Epodes of Horace and amatory elegies of Propertius, Ovid and Tibullus. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3820  Vergil's Aeneid  Cr. Hrs. 3
Reading of at least three books of the Aeneid. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3840  Vergil's Eclogues and Georgics  Cr. Hrs. 3
Reading of the Eclogues in their entirety and at least two books of the Georgics. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3860  The Roman Historians  Cr. Hrs. 3
Reading of selected passages from the works of Livy, Caesar, Sallust and Tacitus. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3880  Poetry of the Silver Age  Cr. Hrs. 3
Reading of one or two tragedies of Seneca with selections from the works of Martial, Statius or Lucan. Prerequisite: [a grade of "C" or better in LATN 2720 or LATN 2740] or written consent of department head.

LATN 3932  Advanced Studies in Latin Prose Literature  Cr. Hrs. 3
Readings in a particular genre such as philosophy, history, or rhetoric with substantial reading in secondary critical or interpretive literature. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

LATN 3942  Advanced Studies in Latin Poetry  Cr. Hrs. 3
Reading in a particular genre such as epic, lyric, comedy or elegy with substantial reading in secondary critical or interpretive literature. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
8.8 Cross-Disciplinary Programs

8.9 Department of Economics

Acting Head: Wayne Simpson
General Office: 501 Fletcher Argue Building
Telephone: 204 474 9207
E-mail: economics@umanitoba.ca
Website: umanitoba.ca/economics

8.9.1 Program Information

The economy is important to all Canadians, and economics is the field of study that helps us understand our world: wages and employment, economic growth, productivity, wealth and poverty, government budgets and taxation, resource exploitation, business practices, inflation, recession, regional economic differences. In economics we study the history and current reality of these issues. We learn the principles and techniques necessary to gain a sound understanding of the choices and problems facing us during our lifetime.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

General Major Program

For entry to the General Major, the prerequisite is a grade of "C" or better in both ECON 1010 and ECON 1020, or both ECON 1210 and ECON 1220. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Advanced Major Program

For entry to the Advanced Major, the prerequisite is a grade of "C" or better in both ECON 1010 and ECON 1020, or both ECON 1210 and ECON 1220. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

When entering the four-year Advanced Major program in Economics, students are required to select from one of two available streams: Economics and Econometrics stream or Economics and Society stream. For information on the courses required in the different streams, please review the stream-specific program charts found below in section 8.9.2. Students who decide to switch streams are eligible to do so and are responsible for ensuring that they will meet the specific requirements of the stream they select.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in both ECON 1010 and ECON 1020, or both ECON 1210 and ECON 1220.

Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.
When entering the four-year Single Honours program in Economics, students are required to select from one of two available streams: Economics and Econometrics stream or Economics and Society stream. For information on the courses required in the different streams, please review the stream-specific program charts found below in section 8.9.2. Students who decide to switch streams are eligible to do so and are responsible for ensuring that they will meet the specific requirements of the stream they select.

Honours students are advised to select their ancillary options from the Honours stream ancillary option chart. Students who pursue the Economics and Society stream are advised to confirm what stream will obtain good background knowledge of mathematics, statistics, and econometrics, as well as core theory courses in economics. Students who pursue the Economics and Econometrics stream will obtain good background knowledge of mathematics, statistics, and econometrics, as well as core theory courses in economics. Students who pursue the Economics and Society stream are advised to confirm what stream will obtain good background knowledge of mathematics, statistics, and econometrics, as well as core theory courses in economics. Students who pursue the Economics and Econometrics stream will obtain good background knowledge of mathematics, statistics, and econometrics, as well as core theory courses in economics.

### Preparation for Graduate Studies

Students contemplating graduate work are advised to complete the Honours program. Students who pursue the Economics and Econometrics stream will obtain good background knowledge of mathematics, statistics, and econometrics, as well as core theory courses in economics. Students who pursue the Economics and Society stream are advised to confirm what undergraduate econometrics or statistics courses may be necessary for admission to a future Economics graduate program at this or another institution, and plan their optional courses accordingly.

  - 3 credit hours of Mathematics courses at the 3000 or 4000 level |

NOTES:
1 Students in the General Major may choose to apply for admission to the Single Advanced Major, Single Honours or Double Honours programs in Economics. Such students are recommended to take MATH 1500 or MATH 1520 as an elective as it may be a prerequisite to upper level Economics courses in those programs. Students in the Single Advanced Major Economics and Society stream are strongly encouraged to complete either MATH 1500 or MATH 1520 to satisfy their University Math (M) requirement as it is good preparation for many other optional upper level Economics courses and is required for students who may switch to the Economics and Econometrics stream or who wish to proceed to either of the Honours streams.
2 Students contemplating Double Honours in Economics and Mathematics, or Economics and Statistics are referred to the Economics-Mathematics Joint Honours Program or the Economics-Statistics Joint Honours Program.
3 Students contemplating graduate work in Economics should refer to the notes above under "Preparation for Graduate Studies".
4 Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Economics courses).
5 Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including Economics courses).
6 Students electing to take ECON 4822 are advised that ECON 3010 (C) is prerequisite to this course

8.9.5 Economics-Statistics Joint Honours Program

The Department of Economics and the Department of Statistics (Faculty of Science) offer a Joint Honours program for students wishing in-depth study in Economics and Statistics. For Statistics course listings, refer to the Faculty of Science chapter in the Calendar.

Joint Honours Program

Students in the Joint Honours program will follow the regulations outlined in the Honours program, see Section 3.3: Honours Degree Program.

NOTES:
1 Students in this program must achieve a minimum grade of "B" in MATH 1230, MATH 1232, MATH 1220, and MATH 1240. Students are strongly advised to take MATH 1220, MATH 1230, and MATH 1232. The following substitutions are allowed (but not advised), provided the grades indicated in brackets are achieved: MATH 1300 (A) in place of MATH 1220, MATH 1500 (A) in place of MATH 1230, MATH 1700 (A) in place of MATH 1232, MATH 1690 (B) in place of MATH 1230 and MATH 1232. With permission from the department, students may be able to substitute STAT 1000 and STAT 2000 in place of STAT 1150.
2 Some courses may be taken in a different year than indicated; STAT 1150, COMP 1010, ECON 3040 may be taken in Year 2. The normal prerequisite for ECON 3040 is ECON 2040, which will be waived for students in this program who have completed Year 1.
3 Of the 24 credit hours in electives in Economics in Years 3 and 4, no more than 6 credit hours may be at the 2000 level or below and at least 6 credit hours must be at the 4000 level. Students are encouraged to take ECON 4010, ECON 4020 and ECON 4040.
8.9.7 Economics Course Descriptions-1000 Level

ECON 1010 Introduction to Microeconomic Principles Cr. Hrs. 3
This course introduces students to the study of microeconomics. Topics include: demand and supply, price determination, market structure and resource allocation; the behaviour of consumers and firms; and market intervention by government. Selected economic topics are examined such as: welfare programs, environmental regulation, the economics of discrimination, pay equity, and taxation. Students may not hold credit for ECON 1010 and any of: ECON 1011 or ECON 1210 or ECON 1211 or ECON 1220 or ECON 1221 or the former ECON 1200 or the former ECON 1201.

ECON 1210 Introduction to Canadian Economic Issues and Policies Cr. Hrs. 3
Description A survey of some major principles underlying, and influences acting upon the Canadian economy and its regions. Students may not hold credit for ECON 1210 and any of: ECON 1211 or ECON 1210 or ECON 1220 or ECON 1221 or the former ECON 1200 or the former ECON 1201.

ECON 1020 Introduction to Macroeconomic Principles Cr. Hrs. 3
This course introduces students to the study of macroeconomics. Topics include: aggregate performance and policy; the determinants of national income, employment and the price level, the role of monetary and fiscal policies in stabilizing the economy and promoting economic growth. Students may not hold credit for ECON 1020 and any of: ECON 1021 or ECON 1210 or ECON 1220 or ECON 1221 or the former ECON 1200 or the former ECON 1201.

ECON 2010 Microeconomic Theory 1 Cr. Hrs. 3
This course builds on ECON 1010 to examine in greater detail microeconomic concepts of supply, demand, and industry structure. The course also includes the study of externalities, public goods, information asymmetries, and risk and uncertainty. Students may not hold credit for ECON 2010 and any of: ECON 2451, the former ECON 2450, or the former ECON 2700. Prerequisite: [a grade of "C" or better in ECON 1010 or ECON 1011 or the former ECON 1200 or the former ECON 1201] or [a grade of "C" or better in both ECON 1210 (or ECON 1211) and ECON 1220 (or ECON 1221)].

ECON 2020 Macroeconomic Theory 1 Cr. Hrs. 3
A study of classical macroeconomic models of the determination of economic aggregates such as national income, consumption, investment, government spending, exports, imports, and economy-wide variables such as the interest rate, the foreign exchange rate, the price level and inflation, and the unemployment rate. The influence of fiscal and monetary policies on the aggregate economy is examined. Students may not hold credit for ECON 2020 and any of: ECON 2471, the former ECON 2470, or the former ECON 2800. Prerequisite: [a grade of "C" or better in ECON 1020 or ECON 1021 or the former ECON 1200 or the former ECON 1201] or [a grade of "C" or better in both ECON 1210 (or ECON 1211) and ECON 1220 (or ECON 1221)].

ECON 2040 Quantitative Methods in Economics Cr. Hrs. 3
Introduction to mathematical methods used in economic analysis including differentiation, matrix algebra, comparative statics, and optimization. Students may not hold credit for both ECON 2040 and the former ECON 2530. Prerequisite: [a grade of "C" or better in six credit hours of 1000 level Economics] and [a grade of "C" or better in MATH 1230 or MATH 1500 or MATH 1501 or MATH 1520].

ECON 2050 Economic Analytics Using Computer-based Methods Cr. Hrs. 3
This computer-based course will introduce basic economic analytics such as index numbers, cost-revenue-profit relationships, demand/supply dynamics, decision-making using probability models, investment decisions, time-value of money, seasonal adjustment of data, forecasting, measures of poverty/inequality, and optimization methods such as linear programming. Students will also gain proficiency in numerical computation such as Excel, an important analytical tool used in business, government, and academic research for managing and analyzing data. Students may not hold credit for both ECON 2050 and the former ECON 2610 when titled "Measurement and Computation in Economics." Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 2310 Canadian Economic Problems Cr. Hrs. 6
Application of economic theory to a broad range of problems such as agriculture, trade, foreign ownership, regional disparities, competition policy, education. Students may not hold credit for both ECON 2310 and ECON 2311. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 2350 Community Economic Development Cr. Hrs. 3
Description A study of the economic development problems of northern and native communities in Manitoba. Students may not hold credit for ECON 2350 and any of: NATV 3120 or the former NATV 4310. Prerequisite: none.

ECON 2362 Economics of Gender Cr. Hrs. 3
This course will use both neo-classical and feminist economic theory to explore how gender differences may lead to different economic outcomes for men and women, both within families and in the marketplace. Topics covered may include gender aspects of production (both inside and...
outside the household), leisure, marriage and divorce, fertility, childcare, education, migration, aging and development. Students may not hold credit for both ECON 2362 and the former ECON 2360. Prerequisite: a grade of "C" or better in ECON 1010 or ECON 1011 or ECON 1210 or ECON 1211 or the former ECON 1200 or the former ECON 1201.

ECON 2390 Introduction to Environmental Economics Cr. Hrs. 3
The economics of management of water, air and land resource quality, and the economics of conservation. The economic implications of environmental standards, licensing, criteria and pollution charges will be illustrated by current issues. Students may not hold credit for both ECON 2390 and ABIZ 2390. Prerequisite: [a grade of "C" or better in ECON 1010 or ECON 1011 or the former ECON 1200 or the former ECON 1201] or [a grade of "C" or better in both ECON 1210 (or ECON 1211) and ECON 1220 (or ECON 1221)].

ECON 2400 Introduction to Energy Economics Cr. Hrs. 3
A study of the economic relationships in energy production, consumption, demand and supply, pricing and conservation, energy policy and the development of new and renewable energy sources. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 2410 The Manitoba Economy Cr. Hrs. 3
Application of economic theory to the historical development and present structure of the provincial economy. Prerequisite: none.

ECON 2510 The Economy of Ukraine Cr. Hrs. 3
A study of the Ukrainian economy in Eastern Europe: socioeconomic history, state and structure of the Ukrainian economy within the former Soviet Union, prospects and problems of economic restructuring. Prerequisite: none.

ECON 2520 Economics of Sports and Leisure Cr. Hrs. 3
Economic analysis of current issues in professional and amateur sports, and leisure. Prerequisite: none.

ECON 2540 Political Economy 1: Production and Distribution Cr. Hrs. 3
A study of the theories, institutions, policies and relations of power in national and global economic society with reference to the production of market and non-market goods and services and the distribution of necessary and surplus output. Particular attention will be given to the role of the state in the regulation of markets and the distribution of surplus. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 2550 Political Economy 2: Economic Growth and Fluctuations in a Global Economic Environment Cr. Hrs. 3
A study of the theories, institutions, policies and relations of power in national and global economic society with reference to economic growth, international trade and finance, economic fluctuations, inflation and unemployment. Particular attention will be given to the role of the state in the regulations of macroeconomic activity. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 2610 Special Topics in Economics Cr. Hrs. 3
This course will vary from year to year depending on the needs of students and the interests and availability of instructors. Prerequisite: [a grade of "C" or better in six credit hours of 1000 level Economics] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 2620 Special Topics in Economics Cr. Hrs. 6
This course will vary from year to year depending on the needs of students and the interests and availability of instructors. Prerequisite: [a grade of "C" or better in six credit hours of 1000 level Economics] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 2630 An Introduction to the World’s Economies Cr. Hrs. 6
An examination of the world’s economies from a broad-based economics perspective (including economic theories, institutional perspectives and historical evidence) to explain the development and limits of the world’s changing and differing economies, and economic growth patterns in the light of the private business sector, labour relations and the role of the state. Students may not hold credit for both ECON 2630 and ECON 2620 Special Topics in Economics when titled Introduction to the World’s Economies. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

8.9.7 Economics Course Descriptions-3000 Level

ECON 3010 Microeconomic Theory 2 Cr. Hrs. 3
This course uses basic calculus and optimization techniques to study consumer and firm behaviour, demand and supply theory, monopoly, monopolistic competition, oligopoly, and the Edgeworth Box analysis of an exchange economy. Students may not hold credit for ECON 3010 and any of: ECON 2461, the former ECON 2460, or the former ECON 3700. Prerequisite: [a grade of "C-" or better in ECON 2100 or ECON 2451 or the former ECON 2450 or the former ECON 2700] and [a grade of "C" or better in MATH 1230 or MATH 1500 or MATH 1501 or MATH 1520].

ECON 3020 Macroeconomic Theory 2 Cr. Hrs. 3
Theories of national income, employment, inflation, balance of payments, stabilization policy, and economic growth within the framework of macroeconomic models of an open economy with particular attention to empirical evidence from Canada, the U.S., and other countries. This course requires the use of calculus. Students may not hold credit for ECON 3020 and any of: ECON 2481, the former ECON 2480, or the former ECON 3800. Prerequisite: [a grade of "C-" or better in ECON 2100 or ECON 2471 or the former ECON 2470 or the former ECON 2800] and [a grade of "C" or better in MATH 1230 or MATH 1500 or MATH 1501 or MATH 1520].

ECON 3030 Mathematical Economics 2 Cr. Hrs. 3
Mathematical methods used in economic analysis. Topics will include optimization with constraints, exponential and logarithmic functions, integrals, dynamic analysis, basic differential equations, and Hamiltonians. Students may not hold credit for both ECON 3030 and the former ECON 3730. Prerequisite: [a grade of "C" or better in ECON 2030 or the former ECON 2530] or written consent of instructor.

ECON 3040 Introduction to Econometrics Cr. Hrs. 3
This course builds on ECON 2040 by introducing: multivariate ordinary least squares regression using matrices; heteroscedasticity; and autocorrelation. Additional topics may include: instrumental variables; binary choice models; and panel data models. Students may not hold credit for ECON 3040 and either ABIZ 3080 or the former ECON 3180. Prerequisite: [a grade of "C-" or better in ECON 2040 or the former ECON 3170] or [a grade of "C" or better in STAT 2000 or STAT 2001].

ECON 3160 Managerial Economics Cr. Hrs. 3
An introduction to the economic foundations of managerial decision making, which includes pricing strategies, boundaries of the firm, investment in human capital, and incentive contract design. Also offered by Management as GMGT 3160. May not be held with GMGT 3160. Prerequisite: [a grade of "C" or better in both ECON 1010 (or ECON 1011) and ECON 1020 (or ECON 1021), or the former ECON 1200, or the former
ECON 1201 and (a grade of "C" or better in MATH 1230 or MATH 1500 (or MATH 1501) or MATH 1510 or MATH 1520).

ECON 3362 Labour Economics 1 Cr. Hrs. 3
An introduction to labour economics, including labour supply, labour demand and the determination of wages and employment. Students may not hold credit for both ECON 3362 and the former ECON 3360. Prerequisite: a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700.

ECON 3364 Labour Economics 2 Cr. Hrs. 3
Analysis of topics in labour economics such as unemployment, immigration, gender discrimination and the impact of unions. Students may not hold credit for both ECON 3364 and the former ECON 3360. Prerequisite: a grade of "C" or better in ECON 3362.

ECON 3374 Public Expenditure Analysis and Policy Evaluation Cr. Hrs. 3
The study of the role of government in the economy, government budget and expenditure evaluation issues, benefit-cost analysis, as well as government intervention regulation, public pricing, and ownership issues. Students may not hold credit for both ECON 3374 and the former ECON 3370. Prerequisite: a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700.

ECON 3376 Taxation, Tax Policy and Inter-government Public Finance Issues Cr. Hrs. 3
A study of the principles of taxation, tax policy in Canada and elsewhere, government deficit and debt issues and fiscal federalism with emphasis on inter-governmental finance issues. Students may not hold credit for both ECON 3376 and the former ECON 3370. Prerequisite: a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700.

ECON 3392 An Introduction to Development Economics Cr. Hrs. 3
The definition and major challenges of development and an introduction to theories of growth and development. Students may not hold credit for both ECON 3392 and the former ECON 3390. Prerequisite: (a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700) and (a grade of "C" or better in ECON 2020 or ECON 2471 or the former ECON 2470 or the former ECON 2800) or written consent of instructor.

ECON 3394 Development Economics: Problems and Policies Cr. Hrs. 3
Processes and problems of development policies to accelerate change. Economic relations between developed and developing regions. Students may not hold credit for both ECON 3394 and the former ECON 3390. Prerequisite: (a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700) and (a grade of "C" or better in ECON 2020 or ECON 2471 or the former ECON 2470 or the former ECON 2800) or (a grade of "C" or better in ECON 3392 or ECON 2630) or written consent of instructor.

ECON 3610 Special Studies Cr. Hrs. 3
This reading course will vary from year to year depending on the needs of students and the interests of instructors. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 3620 Special Studies Cr. Hrs. 6
This reading course will vary from year to year depending on the needs of students and the interests of instructors. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 3640 Economics of the Financial System Cr. Hrs. 3
Flows of funds through the financial system; savings and investment and asset choices of households and firms; intermediation by financial institutions; arbitrage between and within countries, government financial policy, with special reference to Canada. Students may not hold credit for ECON 3640 and any of: ECON 3641 or FIN 3460. Prerequisite: a grade of "C" or better in one of: ECON 2010 or ECON 2451 or ECON 3010 or ECON 2461 or the former ECON 2450 or the former ECON 2460 or the former ECON 2700 or the former ECON 3700.

ECON 3650 Monetary Macroeconomics and Policy Cr. Hrs. 3
Demand for and supply of money; term structure of interest rates; tools of central banking; design and conduct of monetary policy. Students may not hold credit for both ECON 3650 and ECON 3651. Prerequisite: a grade of "C" or better in one of: ECON 2020 or ECON 2471 or ECON 3020 or ECON 2481 or the former ECON 2470 or the former ECON 2480 or the former ECON 2800 or the former ECON 3800.

ECON 3670 International Trade Cr. Hrs. 3
Description A study of the theory of international trade and modern trade issues including the effect of economic integration on growth, distribution, national policy and the environment. Prerequisite: a grade of "C" or better in one of: ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700, ECON 3010 or ECON 2461 or the former ECON 2460 is recommended.

ECON 3680 International Finance Cr. Hrs. 3
A study of the theory of international financial markets and issues in open economy macroeconomics focusing on the balance of payments, exchange rates and the effects of international financial integration on national economies. Prerequisite: a grade of "C" or better in one of: ECON 2020 or ECON 2471 or the former ECON 2470 or the former ECON 2800. ECON 3020 or ECON 2481 or the former ECON 2480 is recommended.

ECON 3690 Economic Issues of Health Policy Cr. Hrs. 3
The structure, functioning and financing of the Canadian health care delivery system and the demand for health care in Canada. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 3692 Economic Determinants of Health Cr. Hrs. 3
The objective of this course is to provide an economics perspective on the epidemiological transition from infectious to chronic disease. This course will contrast the biomedical, consumer choice and political economy approaches and their policy implications. Prerequisite: a grade of "C" or better in ECON 1010 or ECON 1011 or ECON 1210 or ECON 1211 or the former ECON 1200 or the former ECON 1201.

ECON 3710 Sustainable Development: Issues and Policy Cr. Hrs. 3
An examination of the theory and practice of economic sustainability, ecological sustainability, and social sustainability, with emphasis on analysing current issues and designing policies to achieve sustainable development. Prerequisite: a grade of "C" or better in six credit hours of 1000 level Economics.

ECON 3720 Urban and Regional Economics and Policies Cr. Hrs. 3
An introduction to the study of the determinants of the spatial distribution of economic activity among urban centres and regions. Particular attention will be paid to such contemporary Canadian problems as regional disparities, urban and environmental decay, and urban renewal, and the policy issues involved in dealing with these problems. Prerequisite: a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700.

ECON 3742 Industrial Organization and Firm Strategy Cr. Hrs. 3
Market structure and firms' strategic decisions will be analyzed. Topics may cover monopoly pricing strategies such as price discrimination; non-pricing strategies such as advertising, quality decisions and differentiated products; dynamic oligopoly models; mergers; anti-competitive behaviour; and auctions. This course assumes students have a sound background in economic theory, as well as single-variable calculus and basic statistics. Students may not hold credit for both ECON 3742 and the former ECON 3740. Prerequisite: [a grade of "C" or better in ECON 2010 or ECON 2451 or the former ECON 2450 or the former ECON 2700] or written consent of instructor.

ECON 3810 Alternative Approaches to Macroeconomic Analysis Cr. Hrs. 3
Description A survey of Post-Keynesian, Cambridge, Marxian, and institutionalist approaches to macroeconomic fluctuations, contrasting their theoretical and policy frameworks with those of mainstream macroeconomics. Prerequisite: a grade of "B" or better in ECON 2020 or ECON 2471 or the former ECON 2470 or the former ECON 2800.

8.9.7 Economics Course Descriptions-4000 Level

ECON 4010 Advanced Microeconomic Theory Cr. Hrs. 3
An intensive study of advanced microeconomic analysis using optimization techniques involving multivariate calculus. Topics will include consumer theory, producer theory, general equilibrium, intertemporal choice, risk and insurance markets, and asymmetric information (moral hazard and adverse selection). Prerequisite: a grade of "B" or better in ECON 3010 or ECON 2461 or the former ECON 2460 or the former ECON 3700.

ECON 4012 Topics in Advanced Microeconomic Theory Cr. Hrs. 3
An intensive review of selected topics in advanced microeconomic theory. Prerequisite: a grade of "B" or better in ECON 3010 or ECON 2461 or the former ECON 2460 or the former ECON 3700. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 4020 Topics in Advanced Macroeconomic Theory Cr. Hrs. 3
An intensive review of selected topics in advanced macroeconomic theory. Prerequisite: a grade of "B" or better in ECON 3020 or ECON 2481 or the former ECON 2480 or the former ECON 3800. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 4040 Seminar in Applied Econometrics Cr. Hrs. 3
An applied course with a research component that incorporates real-world data and contemporary econometric software with an emphasis on the application of econometrics to a range of microeconomic and macroeconomic problems. Topics may include: endogeneity; instrumental variables; generalized method of moments; generalized least squares; limited dependent variable models; univariate and multivariate time series models; and panel data models. Students may not hold credit for ECON 4040 and any of: ABIZ 4120 or the former ECON 4120. Prerequisite: a grade of "C+" or better in ECON 3040 or the former ECON 3180.

ECON 4042 Topics in Econometrics Cr. Hrs. 3
This is a theoretical course that addresses more advanced econometric topics with the intent of preparing students for graduate-level studies in econometrics. Standard topics will be examined in more depth. Students may not hold credit for both ECON 4042 and the former ECON 4130. Prerequisite: a grade of "C+" or better in ECON 3040 or the former ECON 3180.

ECON 4050 History of Economic Thought 1 Cr. Hrs. 3
A seminar course on the history of economic thought up to 1870. Attention is given to the evolution and significance of major theoretical concepts and approaches, the people who developed them and the attendant social, intellectual and economic context. Students may not hold credit for both ECON 4050 and the former ECON 4410. Prerequisite: written consent of department head.

ECON 4052 History of Economic Thought 2 Cr. Hrs. 3
A seminar course on the history of economic thought since 1870. Attention is given to the evolution and significance of major theoretical concepts and approaches, the people who developed them, and the attendant social, intellectual and economic context. Students may not hold credit for both ECON 4052 and the former ECON 4410. Prerequisite: a grade of "C" or better in ECON 4050.

ECON 4140 Evaluation of Economic Policy and Programs Cr. Hrs. 3
This is a course in applied micro-economic policy analysis using the techniques of cost-benefit analysis as its foundation. Students will learn the welfare foundations of cost-benefit analysis, techniques for decision-making under conditions of risk and uncertainty, and how these techniques may be applied to public policy. The course will include examples from all areas of public policy, including health, education, social services criminal justice, etc. Prerequisite: written consent of department head.

ECON 4430 Theories of Economic Development Cr. Hrs. 6
A study of theories, problems, and policies of economic growth and development both for advanced and underdeveloped countries. Prerequisite: written consent of department head. ECON 2020 (or the former ECON 2800) and ECON 3020 (or the former ECON 3800) are recommended but not required.

ECON 4490 Special Studies Cr. Hrs. 3
This readings course will vary from year to year depending on the needs of students and the interests of instructors. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 4500 Special Studies Cr. Hrs. 6
This readings course will vary from year to year depending on the needs of students and interests of instructors. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ECON 4820 Workshop on Canadian Economic Policy Cr. Hrs. 6
In depth examination of policy issues on selected topics such as unemployment, inflation, international trade, transfer payments, health care, the environment. A major research paper will be expected of all students. Prerequisite: a grade of "C" or better in each of ECON 2040 (or the former ECON 3170) and ECON 3040 (or the former ECON 3180) and [a grade of "C" or better in ECON 2040 or the former ECON 2450 or the former ECON 2700] and [a grade of "C" or better in ECON 3010 (or ECON 2461 or the former ECON 2460 or the former ECON 3700)] and [a grade of "C" or better in ECON 4820 or the former ECON 4830]. Prerequisite: [a grade of "C" or better in each of ECON 2040 (or the former ECON 3170) and ECON 3040 (or the former ECON 3180)] and [a grade of "C" or better in ECON 2040 or the former ECON 2450 or the former ECON 2700] and [a grade of "C" or better in ECON 3010 (or ECON 2461 or the former ECON 2460 or the former ECON 3700)] and [a grade of "C" or better in ECON 4820 or the former ECON 4830]. Registration is restricted to students who have formally declared an Advanced Major in Economics or Honours Economics.

ECON 4822 Economic Research and Communication Cr. Hrs. 6
This is the capstone course for students in their final year of the B.A. (Adv.) major in Economics. The aim of this course is to develop some of the research, analytical, and writing skills that will allow students to utilize knowledge and quantitative skills acquired in previous economics courses.
Students may not hold credit for ECON 4822 and any of: ECON 4820 or the former ECON 4830. Prerequisite: [a grade of "C" or better in each of ECON 2040 (or the former ECON 3170) and ECON 3040 (or the former ECON 3180)] and [a grade of "C" or better in ECON 2010 (or ECON 2451 or the former ECON 2450 or the former ECON 2700)] and [a grade of "C" or better in ECON 3010 (or ECON 2461 or the former ECON 2460 or the former ECON 3700)] and [a grade of "C" or better in ECON 2020 (or ECON 2471 or the former ECON 2470 or the former ECON 2800)] and [a grade of "C" or better in ECON 3020 (or ECON 2481 or the former ECON 2480 or the former ECON 3800)]. Registration is restricted to students who have formally declared an Advanced Major in Economics or Honours Econo

8.10 English, Theatre, Film & Media

Head: Brenda Austin-Smith
General Office: 625 Fletcher Argue Building
Telephone: 204 474 9678
E-mail: english@umanitoba.ca
Website:

8.10.1 English Program Information

Literature, and related graphic media, connects us in vital ways to times, places, and cultures, including our own; engages us in important moral and social questions; encourages us to reflect upon the capacities of the human mind and imagination; invites us to probe connections between language, form, structure, and meaning; asks us to think critically about arts of representation; and, not least, entertains, surprises, shocks, and moves us. With its wide range of courses in English-language literature, historical and contemporary, and in creative writing, our program fosters the study of literary works from these myriad perspectives and approaches.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of "C" or better in ENGL 1200 or ENGL 1300 or both ENGL 1400 and ENGL 1340. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate, including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in ENGL 1200 or ENGL 1300 or both ENGL 1400 and ENGL 1340.

Honours Program

For entry to the Honours program see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs. A grade of "B" or better is required in ENGL 1200 or ENGL 1300 or both ENGL 1400 and ENGL 1340; ENGL 1200 is strongly recommended. Students may also be admitted to Honours in English in the third year of undergraduate study, in consultation with the department. Honours students must have their programs approved by the department each year. Normally, to continue in the Honours program, a minimum grade of "B" must be obtained in all English courses.

Honours courses are also open to students who have been accepted into the pre-M.A. program and to students who have obtained the written consent of the department head.

Honours students who revert to a General program in English must meet the literature prior to the 1900 requirement for a Major or Minor, and they should consult the department head before continuing.

Students taking Single Honours should, if possible, take at least 12 credit hours in one of the following languages: French, German, Greek, Icelandic, Italian, Latin, Russian, Spanish.
Notes
ENGL 0930, ENGL 0940, ENGL 1061 and ENGL 1071 are not designed to teach English as a second language.

For students who need help with basic writing skills, the Department of English, Theatre, Film & Media offers two half courses: ENGL 0930 English Composition and ENGL 0940 Writing About Literature. These courses are limited in size. Both ENGL 0930 and ENGL 0940 are acceptable for credit towards a degree in Arts or Science, but they may not be counted for credit in the 48 hours for a Single Advanced Major, the 42 hours for a Double Advanced Major, the 30 hours for a General Major, or the 18 hours for a Minor (Concentration). Either or both will, however, be included in the total number of hours a student is allowed to take in the combined Major and Minor. There is no prerequisite for entry into ENGL 0930 or ENGL 0940, and these courses are not required for admission to subsequent English courses.

Study Resources
All students taking English should own a writing handbook and a good dictionary such as Webster's New Collegiate, Funk and Wagnall's Standard College, The Concise Oxford, The Gage Canadian, or The New World. Students will also find useful The MLA Handbook and M.H. Abrams, A Glossary of Literary Terms.

| TOTAL: 42 CREDIT HOURS | | |
|------------------|-----------------|-----------------|-----------------|
| ENGL 1264 (in Year 2)10 | 6 credit hours in other English courses at the 2000 level and above (of the credit hours listed above, at least 6 credit hours must be at the 3000 level) | | |

| TOTAL: 36 CREDIT HOURS | | |
|------------------|-----------------|-----------------|-----------------|
| ENGL 1264 (in Year 2)10 | 6 credit hours in Honours courses (4000 level) | | |

NOTES:
1 Students may offer up to 6 credit hours in Film Studies or Theatre courses, with the exception of FILM 1290, FILM 1310 (or the former FILM 1300), THTR 1220, THTR 2170, THTR 2180 and THTR 2490, toward the General Major, Single Advanced Major, Double Advanced Major and Single Honours in English. Any Film Studies or Theatre courses so applied may not also be offered toward a Minor (Concentration) in Film Studies or Theatre.

2 Film Studies course FILM 2280 may be used as an English course to satisfy the English course requirements. If it is used as such, it may not also be applied to a Minor (Concentration) in Film Studies or as an ancillary option in Honours.

3 Credit in ENGL 2000 may be offered toward the 48 hours in general courses required for a Single Advanced Major only.

4 Students may offer up to 6 credit hours of literature in translation courses (ENGL 2490, CLAS 2612, CLAS 2622, ICEL 3320, ICEL 3330) to satisfy requirements for a General Major, Single Advanced Major, Double Advanced Major, Single Honours or Double Honours. Students may offer up to 3 credit hours of literature in translation courses to satisfy the "literature prior to 1900" requirement for a General Major, Single Advanced Major, Double Advanced Major, Single Honours or Double Honours. Students may not offer literature in translation courses to satisfy the requirements for a Minor (Concentration).

5 Certain courses that vary in content from year to year, such as Honours courses and Special Topics courses, may also satisfy this requirement, as determined by the Department.

6 Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding English courses).
8.10.3 English Course Descriptions-1000 Level

**ENGL 1200 Representative Literary Works**  
Cr. Hrs. 6  
An introduction to the study of literature, with emphasis on the development of reading and writing skills. Poetry, prose and drama from various historical periods. Texts for each section will be announced. Students may not hold credit for both ENGL 1200 and ENGL 1201. English 40S or the former English 300 are strongly recommended, but English 40G or the former 301 or 305 will also be accepted.

**ENGL 1300 Literature since 1900**  
Cr. Hrs. 6  
An introduction to the study of literature, with emphasis on the development of reading and writing skills. Poetry, prose and drama from Canada, Britain, the United States and other countries. Texts for each section will be announced. Students may not hold credit for both ENGL 1300 and ENGL 1301. English 40S or the former English 300 are strongly recommended, but English 40G or the former 301 or 305 will also be accepted.

**ENGL 1340 Introduction to Literary Analysis**  
Cr. Hrs. 3  
This course is intended to provide students with reading, writing, and analytic skills required for literary studies.

**ENGL 1400 Thematic Approaches to the Study of Literature**  
Cr. Hrs. 3  
An introduction to the study of literature, with emphasis on the development of reading and writing skills. Poetry, prose, and drama from various thematic perspectives. Texts for each section will be announced. English 40S or the former English 300 are strongly recommended, but English 40G or the former 301 or 305 will also be accepted. Students may not hold credit for both ENGL 1400 and the former ENGL 1310.

**NOTE:** Restrictions apply to the following courses regarding their use for credit in English (ENGL 2490) and for fulfillment of the literature prior to 1900 requirement. See program note 4. Contact the department for further information on restrictions.
Designed to teach students how to read, write, and research at the university level, this course stresses effective expository writing, prose reading, and research skills. There is no prerequisite for this course. Students may not hold credit for both ENGL 2000 and ENGL 2001. NOTE: Credit in ENGL 2000 is acceptable toward a degree in Arts or Science, but does not satisfy the humanities requirement in the Faculty of Arts. It may not be offered for credit in the 30 hours for a Major (General) or the 18 hours for a Minor but may be offered for credit in the 48 hours for the Major (Advanced).

**ENGL 2070 Literature of the Sixteenth Century**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Students may not hold credit for both ENGL 2070 and ENGL 2071. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2080 Medieval Literature**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2090 Literature of the Seventeenth Century**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Students may not hold credit for both ENGL 2090 and ENGL 2091. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2110 Literature of the Restoration and Eighteenth Century**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2120 Literature of the Romantic Period**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2130 Literature of the Victorian Period**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2160 British Literature since 1900**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Students may not hold credit for both ENGL 2160 and ENGL 2161. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2170 American Literature to 1900**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2180 American Literature since 1900**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2190 Special Topics**  
Cr. Hrs. 3  
Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 2270 Canadian Literature**  
Cr. Hrs. 6  
A survey of poetry, prose and drama by major and minor writers in historical context. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2490 Literature in Translation**  
Cr. Hrs. 3  
Content of this course will vary from year to year and from section to section. See the course descriptions available from the English Department. Each section of this course will be double-numbered with the department of the instructor teaching the course. Restrictions: See note 4 in the program table under section 8.10.2 English. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 2550 Critical Practise**  
Cr. Hrs. 3  
An introduction to the critical idioms and methods for the analysis of literary texts. This course emphasizes the application of critical idioms and methods in the analysis of literary texts. Students may not hold credit for both ENGL 2550 and the former ENGL 2800. Prerequisite: [a grade of “C” or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of “C” or better in each of ENGL 1400 (or the former ENGL 1310) and ENGL 1340].

**ENGL 2760 Introductory Creative Writing**  
Cr. Hrs. 3  
Offers students the chance to explore the basic forms of creative writing - poetry, fiction, and drama - whether or not they have made previous formal attempts to write in these forms. A sample of the student’s writing is not required for admission to this course. The format is seminar and workshop and will include, as needed, lectures on the fundamentals of creative
writing. Students may not register concurrently for ENGL 2760 and ENGL 3500. Not open to students who have previously earned credit for any of ENGL 3500 or the former ENGL 3790. Prerequisite: [a grade of "C" or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of "C" or better in each of ENGL 1400 (the former ENGL 1310) and ENGL 1340].

**ENGL 2830 Literature of Africa and/or the Caribbean** **Cr. Hrs. 3**
This course will explore the literatures of Africa and the Caribbean by writers from Nigeria, South Africa, Kenya, Zimbabwe, Grenada, Jamaica, and/or Trinidad. We will also examine the theories often associated with postcolonialism - theories of marginality, power, alterity, ethnicity, race, locality, space, the subaltern, mimicry, hybridity, nationalism, diaspora, class, migration, multiculturalism, minority discourse, resistance, and historical revisionism - in a comparative context. Accordingly, we will be reading both fictional and theoretical works. The central objective of this course is to offer an overview of some contemporary world literature written in English. Students will also be encouraged to examine the texts from a variety of complimentary literary perspectives including new historicism, feminism, and Marxism. Prerequisite: [a grade of "C" or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of "C" or better in each of ENGL 1400 (the former ENGL 1310) and ENGL 1340].

**ENGL 2900 Genre** **Cr. Hrs. 3**
Selections in literature of a particular genre. Prerequisite: [a grade of "C" or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of "C" or better in each of ENGL 1400 (the former ENGL 1310) and ENGL 1340]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 2940 Short Fiction I** **Cr. Hrs. 3**
Representative writers. Prerequisite: [a grade of "C" or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of "C" or better in each of ENGL 1400 (the former ENGL 1310) and ENGL 1340].

**ENGL 2960 Drama I** **Cr. Hrs. 3**
An introduction to dramatic forms and conventions. Students may not hold credit for both ENGL 2960 and ENGL 2961. Prerequisite: [a grade of "C" or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of "C" or better in each of ENGL 1400 (the former ENGL 1310) and ENGL 1340].

**ENGL 2980 Poetry I** **Cr. Hrs. 3**
Introduction to poetic language and forms. Prerequisite: [a grade of "C" or better in ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or [a grade of "C" or better in each of ENGL 1400 (the former ENGL 1310) and ENGL 1340].

**8.10.3 English Course Descriptions-3000 Level**

**ENGL 3000 Chaucer** **Cr. Hrs. 6**
Critical study of the works of this author, including historical context. Prerequisite: a grade of "C" or better in six hours of English at the 2000 level.

**ENGL 3010 Shakespeare** **Cr. Hrs. 6**
Critical study of the works of this author, including historical context. Students may not hold credit for both ENGL 3010 and ENGL 3011. Prerequisite: a grade of "C" or better in six hours of English at the 2000 level.

**ENGL 3020 Milton** **Cr. Hrs. 6**
Critical study of the works of this author, including historical context. Students may not hold credit for both ENGL 3020 and the former ENGL 3021. Prerequisite: a grade of "C" or better in six hours of English at the 2000 level.

**ENGL 3030 Studies in Sixteenth-Century Literature** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3050 Studies in Old English** **Cr. Hrs. 6**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3080 Studies in Medieval Literature** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3090 Studies in Seventeenth-Century Literature** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3120 Studies in Restoration and Eighteenth-Century Literature** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3130 Studies in the Romantics** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3140 Studies in the Victorians** **Cr. Hrs. 3**
Students may not hold credit for both ENGL 3140 and ENGL 3141. Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3170 Studies in American Literature** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**ENGL 3180 Studies in Renaissance Literature** **Cr. Hrs. 3**
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. NOTE: The content of this course will vary from year to year. Students are asked to consult the Department of English, Theatre, Film & Media website for detailed course descriptions. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
ENGL 3190 Studies in Special Topics  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3270 Studies in Canadian Literature  
Cr. Hrs. 3  
Students may not hold credit for both ENGL 3270 and ENGL 3271. 
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
The course content may vary. Students can earn multiple credits for this 
course only when the topic subtitle is different.

ENGL 3500 Creative Writing  
Cr. Hrs. 6  
This advanced seminar will include practical and theoretical components 
and will focus on the generation and revision of work within the main 
literary genres: prose, poetry, drama, and memoir, with an emphasis on 
preparing pieces for publication. Students may not hold credit for both 
ENGL 3500 and the former ENGL 3790. Prerequisite: [a grade of "C" or better 
in ENGL 2760] or written consent of instructor, based on a letter of 
application and a writing sample to be submitted electronically to the 
Department general office no later than one month prior to the start of the 
course.

ENGL 3530 Special Topics in Creative Writing  
Cr. Hrs. 3  
This advanced studies course will include practical and theoretical 
components and will focus on a particular area of writing craft or poetics 
without an emphasis on end-of-term publication or production. Possible 
topics include prose fiction, poetry, memoir, dramaturgy, and 
screenwriting. Prerequisites: [a grade of "C" or better in ENGL 2760] or 
written consent of instructor, based on a letter of application and a writing 
sample to be submitted electronically to the Department general office no 
later than one month prior to the start of the course. The course content 
may vary. Students can earn multiple credits for this course only when the 
topic subtitle is different.

ENGL 3540 Special Topics in Creative Writing 2  
Cr. Hrs. 6  
This advanced studies course will include practical and theoretical 
components and will focus, in a more sustained way than does ENGL 3530, 
on a particular area of writing craft or poetics without an emphasis on end-
of-term publication or production. Possible topics include prose fiction, 
poetry, memoir, dramaturgy, and screenwriting. Prerequisites: [a grade of 
"C" or better in ENGL 2760] or written consent of instructor, based on a 
letter of application and a writing sample to be submitted electronically to 
the Department general office no later than one month prior to the start of 
the course. The course content may vary. Students can earn multiple credits 
for this course only when the topic subtitle is different.

ENGL 3550 Studies in British Literature since 1900  
Cr. Hrs. 6  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3630 Studies in Critical Theory  
Cr. Hrs. 3  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3660 Special Studies  
Cr. Hrs. 6  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3670 Studies in the Novel  
Cr. Hrs. 6  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3800 Special Studies 1  
Cr. Hrs. 3  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3890 Studies in Writing and Gender  
Cr. Hrs. 3  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3960 Drama 2  
Cr. Hrs. 3  
Advanced study of selected topics. Students may not hold credit for both 
ENGL 3960 and ENGL 3961. Prerequisite: a grade of "C" or better in six hours of 
English at the 2000 level. NOTE: The content of this course will vary from 
year to year. Students are asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3970 Poetry 2  
Cr. Hrs. 3  
Advanced study of selected topics. Prerequisite: a grade of "C" or better in 
six hours of English at the 2000 level. NOTE: The content of this course will 
vary from year to year. Students are asked to consult the Department of 
English, Theatre, Film & Media website for detailed course descriptions. 

ENGL 3980 Studies in Modernism  
Cr. Hrs. 3  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 3990 Studies in Post-Modernism  
Cr. Hrs. 3  
Prerequisite: a grade of "C" or better in six hours of English at the 2000 level. 
NOTE: The content of this course will vary from year to year. Students are 
asked to consult the Department of English, Theatre, Film & Media website 
detailed course descriptions. The course content may vary. Students can 
earn multiple credits for this course only when the topic subtitle is different.

ENGL 4630 Honours Seminar 1  
Cr. Hrs. 3  
This course may vary from year to year depending on the needs and 
interests of instructors and students. Prerequisite: written consent of 
department head. The course content may vary. Students can earn multiple 
credits for this course only when the topic subtitle is different.

ENGL 4640 Honours Seminar 2  
Cr. Hrs. 3  
This course may vary from year to year depending on the needs and 
interests of instructors and students. Prerequisite: written consent of 
department head. The course content may vary. Students can earn multiple 
credits for this course only when the topic subtitle is different.

8.10.3 English Course Descriptions-4000 Level

ENGL 4630 Honours Seminar 1  
Cr. Hrs. 3  
This course may vary from year to year depending on the needs and 
interests of instructors and students. Prerequisite: written consent of 
department head. The course content may vary. Students can earn multiple 
credits for this course only when the topic subtitle is different.

ENGL 4640 Honours Seminar 2  
Cr. Hrs. 3  
This course may vary from year to year depending on the needs and 
interests of instructors and students. Prerequisite: written consent of 
department head. The course content may vary. Students can earn multiple 
credits for this course only when the topic subtitle is different.
This course may vary from year to year depending on the needs and interests of instructors and students. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

### 8.10.7 Film Studies Course Descriptions-1000 Level

**FILM 1290 The Art of the Film 1**  
Cr. Hrs. 3

The study of film as an art form, entertainment and document.

**FILM 1310 Film History**  
Cr. Hrs. 3

In this course students will examine films from more than one period in film history, exploring the relationships among and between films in terms of genre, style, theme, structure, and other aesthetic elements. Students will study films selected from various periods of world cinema, taking into consideration how and in what ways films bear the traces of their time and place, or are affiliated with relevant movements in art, history, or society, or have been shaped by technical and artistic developments in the art of film. Students may not hold credit for both FILM 1310 and the former FILM 1300. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

### 8.10.7 Film Studies Course Descriptions-2000 Level

**FILM 2280 Film and Literature**  
Cr. Hrs. 6

The interrelationships between literature and film through an analysis of significant films, novels, poems and plays. Special attention to adaptations of Shakespeare, modern drama, the 19th century novel, the modern novel, and popular fiction. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 2300 The Popular Film**  
Cr. Hrs. 3

Current trends in film as a form of culture. Emphasis on recently released films as mirrors of existing social myths and values. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 2330 Film and Contemporary Thought**  
Cr. Hrs. 3

Recent films viewed in the light of current intellectual developments. Screenings are complemented by readings in contemporary political theory, philosophy, art, psychology, critical theory, etc. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 2370 Experimental Cinema**  
Cr. Hrs. 3

Formal innovations in avant-garde and underground films and videos, their significance and influence on the feature film industry.

**FILM 2380 The International Cinema 1**  
Cr. Hrs. 3

An examination of major works of international cinema, focusing upon the contributions of individual countries, or relevant global issues. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**FILM 2390 The International Cinema 2**  
Cr. Hrs. 3

An examination of major works of international cinema, focusing upon the contributions of individual countries, or relevant global issues. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**FILM 2400 The American Film to 1950**  
Cr. Hrs. 3

The aesthetic development of the American Film from the early days until the beginning of television. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 2410 The American Film from 1950**  
Cr. Hrs. 3

An examination of the Hollywood film from the decline of the studio system. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 2420 Realism and Film**  
Cr. Hrs. 3

Theories and forms of the non-fiction film as an art form, an information carrier and a propaganda tool.

**FILM 2430 The Canadian Film**  
Cr. Hrs. 3

The development of the film industry in Canada in its varied forms, with emphasis upon key films, regional differences and Manitoba contributions.

**FILM 2460 Film Genres**  
Cr. Hrs. 3

An examination of a major cinematic genre (e.g, the gangster film, the western, the musical) with emphasis upon the permanence and evolution of generic conventions and the ability of filmmakers to register personal visions within these conventions. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

### 8.10.7 Film Studies Course Descriptions-3000 Level

**FILM 3250 Special Topics in Film 1**  
Cr. Hrs. 3

An intensive examination of selected topics in film. Contents of the course will vary according to the needs and interests of students and faculty. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**FILM 3260 Special Topics in Film 2**  
Cr. Hrs. 3

An intensive examination of selected topics in film. Contents of the course will vary according to the needs and interests of students and faculty. Prerequisite: [a grade of “C” or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
**FILM 3270 Special Topics in Film**  
Cr. Hrs. 6  
An intensive examination of selected topics in film including creative filmmaking projects. Contents of the course will vary according to the needs and interests of students and faculty. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] and written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**FILM 3400 The Director's Cinema 1**  
Cr. Hrs. 3  
An intensive critical look at the career of one or two major filmmakers. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**FILM 3410 The Director's Cinema 2**  
Cr. Hrs. 3  
An intensive critical look at the career of one or two major filmmakers. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**FILM 3420 Film Theory**  
Cr. Hrs. 3  
A survey of Film Theory from its beginnings to the present: Eisenstein to André Bazin to Christian Metz and others (film theories, not reviewers). Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 3430 Screenwriting**  
Cr. Hrs. 3  
Description: An introduction to the techniques and procedures of screenwriting. Students will be expected to complete a screenplay. Students may not hold credit for both FILM 3430 and Screenwriting as previously offered under the title of Special Topics. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 3440 Filmmaking**  
Cr. Hrs. 3  
Basic 16mm filmmaking equipment is used to understand the rudiments of cinematography, editing, and lighting. Students will make two films and edit some pre-shot footage. Students may not hold credit for both FILM 3440 and Filmmaking previously offered under the title of Special Topics. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 3450 The Animated Film**  
Cr. Hrs. 3  
The art of animation from early cell and puppet films to computer animation and current experimentation. Special attention is given to the "Golden Age of Animation" and to Canada's continuing contribution. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 3460 Acting for the Camera**  
Cr. Hrs. 3  
This course is a practical exploration of the acting techniques appropriate for work in film and television. Each student will be required to perform a significant number of scene bits and a few full scenes on video camera. Students will develop skills connected with directing actors in film; intensive preparatory scene analysis, storyboarding, and camera operation during performance. Students may not hold credit for both FILM 3460 and Acting for the Camera as previously offered under the title of Special Topics. Prerequisite: [a grade of "C" or better in each of FILM 1290 and FILM 1310 (or the former FILM 1300)] or written consent of instructor.

**FILM 3650 Advanced Filmmaking**  
Cr. Hrs. 3  
This course is for students who have taken FILM 3440 Basic Filmmaking and offers an opportunity to pursue longer, more technically ambitious work. Students are required to shoot one (1) 10 minute 16mm film; transfer that film to video; edit and soundtrack it. Prerequisite: [a grade of "C" or better in FILM 3440] and written consent of instructor.

**8.10.8 Theatre Program**  
Program Chair: William Kerr  
Program Office: 360 University College  
Telephone: 204 474 9581  
E-mail: theatre@umanitoba.ca

**8.10.9 Theatre Program Information**  
Theatre is a way of finding out what it means to be human and is therefore a very effective component of a liberal, humanist education. The Theatre Program is focused yet multi-faceted, offering both creative and intellectual opportunities. An intensive, hands-on experience in every aspect of play creation is a hallmark of University of Manitoba Theatre. The interrelationship between the academic program and the Black Hole Company provides students with excellent balance in the creation and interpretation of theatre.

The program provides excellent preparation for professional acting and technical training, while also offering a particular focus on new play development and directing. Many University of Manitoba Theatre graduates have gone on to pursue professional careers in theatre, opera, and film, with or without further study. Many other students have pursued graduate studies or have taken the skills of theatre and applied them in making an impact in careers as diverse as education, advertising, the media, law, business, politics, psychology, fine arts, and design.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 4: Basic Faculty Regulations for the Three Programs Leading to a B.A.

**Major Program**  
For entry to the General Major and Double Advanced Major, the prerequisite is a grade of "C" or better in THTR 1220. For entry to the Single Advanced Major, the prerequisite is a grade of "C" or better in THTR 1220 and a grade of "C" or better in ENGL 1200 or ENGL 1300 or both ENGL 1400 and ENGL 1340. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

It is not possible for students who have previously completed a Major in Drama to complete a Minor in Theatre.

Courses used toward the Major in Theatre may not be used for a Minor in the other areas (English or Film Studies) and no more than 6 credit hours numbered at the 1000 level in addition to THTR 1220, may be credited towards a Theatre Major.

**Minor (Concentration) Program**  
For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in THTR 1220.

**8.10.10 Theatre**
The content of English “Studies” courses varies from year to year; when the proportion of dramatic literature studied is acceptably high, that offering of the course may be used for credit toward a Theatre Major.

**English, Theatre, Film & Media**

**8.10.11 Theatre Course Descriptions-1000 Level**

**THTR 1220 Introduction to Theatre**  

A study of plays both as literature and as texts for stage presentation. The course will include practical work in studio sessions.
8.10.11 Theatre Course Descriptions-2000 Level

THTR 2150 Theatrical Techniques: Onstage  Cr. Hrs. 6
Advanced acting and an introduction to the fundamentals of directing. Lectures on dramatic and theatrical theory, and the analysis of representative plays; workshops on acting and directing, including the presentation of scenes; participation in the current Black Hole Theatre season. Prerequisite: [a grade of "C" or better in THTR 1220] and written consent of instructor.

THTR 2160 Theatrical Techniques: Backstage  Cr. Hrs. 6
An introduction to the backstage arts and crafts of the Theatre: set, props, costume design and construction; lighting and sound design and execution; stage management; company management. Practical projects required in conjunction with the current Black Hole Theatre season, the nature of the projects to be determined by the student's interests and the need of the company. Prerequisite: [a grade of "C" or better in THTR 1220] and written consent of instructor.

THTR 2170 Specialized Practical Training 1  Cr. Hrs. 3
Two special workshops, such as voice, stage movement, mime, or directing, from the Prairie Theatre ExchangeAdult Program and approved in advance by the University of Manitoba Theatre Program. Students may hold credit for only two of: THTR 2170 or THTR 2180 or THTR 2490. Prerequisite: [a grade of "C" or better in THTR 1220] and written consent of the Theatre program chair.

THTR 2180 Specialized Practical Training 2  Cr. Hrs. 3
Two special workshop courses, other than those credited for THTR 2170, from the Prairie Theatre Exchange Adult Program and approved in advance by the University of Manitoba Theatre Program. Students may hold credit for only two of: THTR 2170 or THTR 2180 or THTR 2490. Prerequisite: [a grade of "C" or better in THTR 1220] and written consent of the Theatre program chair.

THTR 2470 Fundamentals of Dramatic Analysis  Cr. Hrs. 3
This course aims at developing critical and analytic skills specific to the understanding of dramatic texts, through an introduction to key concepts, terminology and critical methods. Prerequisite: [a grade of "C" or better in THTR 1220 or ENGL 1200 or ENGL 1201 or ENGL 1300 or ENGL 1301] or written consent of instructor.

THTR 2480 Theatre History  Cr. Hrs. 3
A study of plays, theatre architecture, dramatic theory, acting theory, and the social context in which theatre was presented in an era in the history of the theatre (e.g. Classical Greek and Roman, British Medieval and Tudor, Restoration and Seventeenth Century French). Prerequisite: [a grade of "C" or better in THTR 1220] or written consent of instructor.

THTR 2490 Specialized Practical Training 3  Cr. Hrs. 3
An alternative method of taking THTR 2170 or THTR 2180. Two special workshops, other than those credited for THTR 2170 or THTR 2180, taken one each term in a single academic year, from the Prairie Theatre Exchange Adult Program and approved in advance by the University of Manitoba Theatre Program. Students may hold credit for only two of: THTR 2170 or THTR 2180 or THTR 2490. Prerequisite: [a grade of "C" or better in THTR 1220] and written consent of the Theatre program chair.

THTR 2600 Special Studies  Cr. Hrs. 3
An extensive examination of selected topics that will vary from year to year, depending upon the needs and interests of the instructor and students. Prerequisite: [a grade of "C" or better in THTR 1220] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.10.11 Theatre Course Descriptions-3000 Level

THTR 3460 Theory of Drama and Performance  Cr. Hrs. 3
Studies in major theories of drama, performance and its reception from Aristotle to the present day. Theories will be studied in conjunction with an in-depth analysis of a number of dramatic texts. Prerequisite: [a grade of "C" or better in one of: THTR 2470 or ENGL 2960 or ENGL 2961] or written consent of instructor.

THTR 3470 Text and Performance  Cr. Hrs. 3
Explores the works of a significant playwright or group of playwrights, the appropriate dramatic theory/ies, the production and performance style involved. Students may be required to direct, act and/or design. Prerequisite: [a grade of "C" or better in THTR 2150] or [a grade of "C" or better in six credit hours from: THTR 2170 or THTR 2180 or THTR 2490] or written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

THTR 3610 Special Studies 3  Cr. Hrs. 3
An extensive examination of selected topics that will vary from year to year, depending upon the needs and interests of the instructor and students. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

THTR 3620 Special Studies 4  Cr. Hrs. 3
An extensive examination of selected topics that will vary from year to year, depending upon the needs and interests of the instructor and students. Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

THTR 3630 Practicum 1  Cr. Hrs. 3
Theatre Practicum in which the student works with a professional mentor on a production at the Prairie Theatre Exchange. Openings contingent on a match between student's theatrical field and interest and PTE's needs. Prerequisite: [a grade of "C" or better in six credit hours from: THTR 2150 or THTR 2160 or THTR 2170 or THTR 2180 or THTR 2490] or written consent of the Theatre program chair.

THTR 3640 Practicum 2  Cr. Hrs. 6
Theatre Practicum in which the student works with a professional mentor on a production at the Prairie Theatre Exchange. Openings contingent on a match between student's theatrical field and interest and PTE's needs. Prerequisite: [a grade of "C" or better in six credit hours from: THTR 2150 or THTR 2160 or THTR 2170 or THTR 2180 or THTR 2490; and written consent of the Theatre program chair.]

Faculty of Arts  225 Undergraduate Calendar 2018-2019
### 8.11 French, Spanish and Italian

Head: Maria Inés Martínez  
Campus Address/General Office: 430 Fletcher Argue Building  
Telephone: 204 474 9313  
Email Address: fsi@umanitoba.ca  
Website: [http://umanitoba.ca/faculties/arts/departments/fsi/](http://umanitoba.ca/faculties/arts/departments/fsi/)

#### 8.11.1 French Program Information

Romance languages — French, Spanish and Italian — are descendants of Latin and are the most widely spoken of the Romance languages. The department offers language instruction and a rich variety of literature and culture courses, with a particular emphasis on French Canadian literature. Language instruction also includes translation courses in French, Spanish and Italian.

#### 8.11.2 French

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**Major Program**

For entry to the Major, the prerequisite is a grade of “C” or better in FREN 1190 or FREN 1200. Only one of FREN 1190 or FREN 1200 may be used for credit in the 30 hour Major. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

**Minor (Concentration) Program**

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in FREN 1190 or FREN 1200. Only one of FREN 1190 or FREN 1200 may be used for credit in the 18 hour Minor (Concentration).

**Honours Program**

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

1. Head: Maria Inés Martínez  
2. Department offers language instruction and a rich variety of literature and culture courses, with a particular emphasis on French Canadian literature. Language instruction also includes translation courses in French, Spanish and Italian.  
3. For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.  
4. For entry to the Major, the prerequisite is a grade of “C” or better in FREN 1190 or FREN 1200. Only one of FREN 1190 or FREN 1200 may be used for credit in the 30 hour Major. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.  
5. A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.  
6. For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in FREN 1190 or FREN 1200. Only one of FREN 1190 or FREN 1200 may be used for credit in the 18 hour Minor (Concentration).  
7. For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

   7. For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.
The content of this course will vary from year to year depending on the needs and interests of instructors and students. Prerequisite: [a grade of "C" or better in FREN 1200 or FREN 1250] or written consent of department head.

FREN 2640 Special Studies (B) Cr. Hrs. 3

The content of this course will vary from year to year depending on the needs and interests of instructors and students. Prerequisite: [a grade of "C" or better in FREN 1190] or [a grade of "C+" or better in FREN 1200] or [a grade of "C" or better in FREN 1190] or [a grade of "C+" or better in FREN 1200] or [a
grade of “C” or better in FREN 2620) or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

FREN 2660 Analyses textuelles (A) Cr. Hrs. 3
A partir de textes courts en prose et en vers, l’étudiant(e) apprendra à reconnaître les moyens linguistiques et stylistiques dont dispose l’auteur pour créer l'expressivité de son texte. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2680 Littérature féminine française (B) Cr. Hrs. 3
Une étude de textes écrits par des femmes et analysés selon la perspective des théories féministes contemporaines. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2700 Poésie et théâtre canadiens-français (B) Cr. Hrs. 3
Introduction à la poésie et au théâtre canadiens-français. Parmi les poètes se trouveront Nelligan, Saint-Denis Garneau et Anne Hébert. Sur la liste des dramaturges figureront Michel Tremblay, Marcel Dubé et Gratien Gélinas. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2720 Roman français du vingtième siècle (B) Cr. Hrs. 3
Ce cours est destiné à initier l’étudiant(e) au roman français du vingtième siècle. Les romanciers étudiés seront choisis parmi les plus connus, tels que Proust, Gide, Colette, Mauriac, Cocteau, Camus, Robbe-Grillet, Duras, Cardinal et Yourcenar. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2740 Théâtre et poésie du dix-neuvième siècle (B) Cr. Hrs. 3
Initiation aux poètes et aux dramaturges représentatifs des mouvements romantique, symboliste et réaliste. Parmi les auteurs choisis figurent Hugo, Vigny, Musset, Baudelaire, Rimbaud, Scribe, Dumas fils, Rostand. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2770 Littératures francophones d’Afrique et des Antilles (B) Cr. Hrs. 3
Études des principales tendances littéraires de l’Afrique et des Antilles francophones depuis l’époque coloniale jusqu’à nos jours: négritude, engagement anticolonial, post-indépendance et désillusion, créolité, immigration. Lecture d’œuvres marquantes. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2780 Idéologie et oppression dans le roman français contemporain (B) Cr. Hrs. 3
Étude du thème de divers genres d’oppression dans le roman français contemporain. Analyse philosophique du concept de l’idéologie. Students may not hold credit for both FREN 2780 and FREN 2640 when titled “Idéologie et oppression.” Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2810 Civilisation française moderne (A, B, C) Cr. Hrs. 3
Ce cours a pour objet l’étude de la civilisation française au plus tôt depuis le XVIIe siècle, au plus tard depuis la Révolution. Il portera sur les transformations connues par la France dans ses structures politiques, sociales et ses modes de vie. Il s’attacherà simultanément au mouvement des idées et à la création artistique dans les domaines de l’architecture, de la sculpture, de la peinture et de la musique. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2820 Le cinéma africain (B) Cr. Hrs. 3
Ce cours est destiné à initier l’étudiant(e) au cinéma africain. Les films étudiés, choisis parmi les plus connus, serviront à illustrer la diversité des options thématiques, esthétiques et idéologiques des cinéastes africains. Students may not hold credit for both FREN 2820 and FREN 2640 when titled “Cinéma africain.” Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2870 Stylistique comparée 1 (A) C r. Hrs. 3
Initiation à la stylistique comparée du français et de l’anglais. Ce cours comporte des exercices de traduction et d'analyse de traductions. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 2910 Expression écrite 1 (A) Cr. Hrs. 3
Description Une étude des techniques de composition libre. Le cours comportera notamment une révision de la phrase complexe et une analyse d’éléments de rhétorique particulièrement utiles pour la rédaction en français. Prerequisite: [a grade of “C” or better in FREN 1190] or [a grade of “C+” or better in FREN 1200] or [a grade of “C” or better in FREN 2620] or written consent of department head.

FREN 3020 Révision intensive de la grammaire française (A) Cr. Hrs. 3
Description Étude systématique et avancée de la grammaire française avec révision de vocabulaire. Ce cours est la suite logique de FREN 2620 (Grammaire et lexique) mais on peut s’y inscrire sans l’avoir suivi. Dans ce cours-ci, nous parlerons des nuances de la langue qui ne sont pas traitées en deuxième année mais nous reverrons aussi quelques-unes des questions fondamentales examinées auparavant. Prerequisite: [a grade of “C” or better in any 2000-level French course] or written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3022 Les communications au bureau (A) Cr. Hrs. 3
Ce cours vise à acquérir, analyser et pratiquer le vocabulaire du français des affaires et de l’administration. Un accent sera mis sur la maitrise des outils linguistiques et des techniques spécifiques propres à la rédaction en français. Students may not hold credit for both FREN 3022 and FREN 2630 with the topic “Français commercial.” Prerequisite: [a grade of “C” or better in any 2000-level French course] or written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3100 Littérature française du dix-huitième siècle (B) Cr. Hrs. 3
Après une introduction portant sur le dix-huitième siècle en France, on étudiera quelques-uns des grands auteurs et dramaturges de ce siècle, tels Montesquieu, Voltaire, Prévost, Marivaux, Beaumarchais et Rousseau. Prerequisite: [a grade of “C” or better in any 2000-level French course] or written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3140 Roman canadien-français (B) Cr. Hrs. 3
Ce cours est destiné à initier l’étudiant(e) au roman canadien-français. Parmi les auteurs étudiés se trouveront Hubert Aquin, Marie-Claire Blais, Roch Carrier. Un accent particulier sera mis sur l’interprétation historique. Prerequisite: [a grade of “C” or better in any 2000-level French course] or
written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3160 Roman et nouvelle français du dix-neuvième siècle (B) Cr. Hrs. 3
État des principaux romanciers romantiques, réaliste et naturalistes: un choix de Chateaubriand, Constant, Balzac, Sand, Flaubert, Zola, Maupassant. Prerequisite: [a grade of "C" or better in any 2000-level French course or written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3350 Français oral 3 (A) Cr. Hrs. 3
Ce cours vise au perfectionnement de la facilité d’expression, de la correction et de la compréhension du français oral. Le professeur se servira de certains aspects de la culture canadienne-française, et dans une moindre mesure de la culture française, pour stimuler la conversation. Prerequisite: [a grade of "C" or better in FREN 2610] or written consent of department head.

FREN 3500 Littérature du 17e siècle (B) Cr. Hrs. 3
Ce cours constitue une analyse d’ouvrages marquants tirés du domaine de la littérature française classique. Prerequisite: [a grade of "C" or better in any 2000-level French course or written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3580 Travail indépendant (A, B) Cr. Hrs. 3
Ce demi-cours s’étendra sur toute la durée des deux trimestres. Chaque étudiant sera placé sous la direction d’un professeur qui l’assistera dans l’établissement d’un programme de lectures relatif à un domaine d’intérêt particulier pour l’étudiant en question. À la fin du cours l’étudiant présentera un mémoire à son directeur. Not available for credit towards a Major or Minor in French. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

FREN 3830 Special Studies (A) Cr. Hrs. 3
The content of this course will vary from year to year depending on the needs and interests of instructors and students. Prerequisite: [a grade of "C" or better in any 2000-level French course], FREN 2610 may not be used as a prerequisite. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

FREN 3840 Special Studies (B) Cr. Hrs. 3
The content of this course will vary from year to year depending on the needs and interests of instructors and students. Prerequisite: [a grade of "C" or better in any 2000-level French course], FREN 2610 may not be used as a prerequisite. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

FREN 3850 Civilisation canadienne-française (A, B, C) Cr. Hrs. 3
Aspects du développement de la culture du Canada français. Éléments de la vie politique, sociale et artistique des Québécois et des francophones hors Québec surtout au 20e siècle. Prerequisite: [a grade of "C" or better in any 2000-level French course] or written consent of department head.

FREN 3860 Études sur Beauvoir (B) Cr. Hrs. 3
Le but de ce cours est d’étudier l’œuvre et la pensée de Simone de Beauvoir dont l’importance dans les études féministes continue d’être très marquée. Un choix de textes sera effectué parmi ses essais philosophiques, ses romans et son autobiographie. Prerequisite: [a grade of "C" or better in any 2000-level French course] or written consent of department head. FREN 2610 may not be used as a prerequisite.

FREN 3870 Stylistique comparée 2 (A) Cr. Hrs. 3
Étude approfondie des principes et techniques de la traduction accompagnée d’exercices et d’analyses de traductions d’un niveau élevé. Prerequisite: [a grade of "C" or better in FREN 2870] or written consent of department head.

FREN 3910 Expression écrite 2 (A) Cr. Hrs. 3
Ce cours est une étude des techniques de composition libre à un niveau avancé. Il comportera notamment des exercices avec la phrase complexe et l’étude et la pratique d’un certain nombre de genres de français écrit. Prerequisite: [a grade of "C" or better in any 2000-level French course] or written consent of department head.

FREN 3920 Enjeux majeurs en littératures francophones postcoloniales (B) Cr. Hrs. 3
L’objectif de ce cours est d’approfondir un aspect important en littératures francophones postcoloniales d’Afrique et des Caraïbes ou d’étudier les œuvres d’un auteur francophone majeur originaire d’Afrique ou des Caraïbes. Students may not hold credit for both FREN 3920 and FREN 3840 when titled "Littérature africaine.” Prerequisite: [a grade of "C" or better in any 2000-level French course] or written consent of department head. FREN 2610 may not be used as a prerequisite.

8.11.4 French Course Descriptions-4000 Level

FREN 4610 Études spécialisées Cr. Hrs. 3
Le contenu de ce cours variera d’année en année selon les besoins et les intérêts des étudiants et du professeur. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

FREN 4620 Pratiques et théories critiques (B) Cr. Hrs. 3
Ce cours est destiné à initier l’étudiant(e) à l’analyse critique de textes littéraires. Le choix des pratiques et des théories critiques dépendra de l’instructeur. Prerequisite: written consent of department head.

FREN 4640 Séminaire: Littérature française du vingtième siècle (B) Cr. Hrs. 3
Le but de ce cours est d’offrir à l’étudiant(e) une introduction à certaines œuvres littéraires complexes, mais essentielles, de ce siècle, dans les différents ordres de la poésie, du théâtre et du roman. Elles pourraient être prises à des auteurs comme Claudel, Valéry, Saint-John Perse, Antonin Artaud, Proust, Gide, Sartre, Yvonne Arnaud. Prerequisite: written consent of department head.

FREN 4650 Études sur l’Ancien Régime (B) Cr. Hrs. 3
L’étude des œuvres d’un auteur, d’une période ou d’un thème d’avant la Révolution française, du XVIe au XVIIIe siècles. Le choix des œuvres, de la période ou du thème dépendra des besoins et des intérêts des étudiants et de l’instructeur. Prerequisite: written consent of department head.

FREN 4710 Séminaire de langue (A) Cr. Hrs. 3
L’objet de ce cours est d’affermir la maîtrise du français chez l’étudiant(e) par des études de grammaire approfondie, une approche méthodique des problèmes majeurs de rhétorique et de la stylistique, ainsi que par une pratique régulière de l’expression orale destinée à en assurer l’aisance et la correction. Prerequisite: written consent of department head.

FREN 4730 Traduction (A) Cr. Hrs. 3
Une formation dans la traduction d’extraits tirés d’œuvres de prosateurs anglais et français. Seront également traduits des textes de nature technique traitant de l’actualité politique, sociale, économique, juridique, etc. Prerequisite: written consent of department head.

8.11.5 Spanish
For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**Major Program**

For entry to the Major, the prerequisite is a grade of “C” or better in SPAN 1180, or a grade of “C” or better in both SPAN 1190 and SPAN 1262 (or SPAN 1290), or a grade of “C” or better in both SPAN 1280 and 3 credit hours from Spanish courses numbered at the 2000 level. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

It is recommended that students who wish to Major in Spanish take the introductory course in the Summer Session prior to entering the fall program, or take SPAN 1262 and SPAN 1272 (or SPAN 1290) in the Summer Session prior to their entry into the second year. This will allow for a wider variety of course selections in the final two years.

**Minor (Concentration) Program**

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in SPAN 1180, or a grade of “C” or better in both SPAN 1190 and SPAN 1262 (or SPAN 1290), or a grade of “C” or better in both SPAN 1280 and 3 credit hours from Spanish courses numbered at the 2000 level.

**Other**

Students entering the university with prior knowledge of Spanish may be allowed ‘prerequisite standing’ in course SPAN 1180 by the Spanish section of the department. Special permission is required to enter a higher numbered course.

All Spanish courses except SPAN 1180 and SPAN 1190 are taught in Spanish.

With written permission of the department head, students registered on the Fort Garry campus may take courses in Spanish language and literature at Université de Saint-Boniface.

For information regarding the Minor program in Latin American Studies, see Section 8.19.

Spanish Course Descriptions-1000 Level

SPAN 1180 Introductory Spanish Cr. Hrs. 6

(Lab required) A course designed for those with little or no previous knowledge of Spanish. The course includes grammar, reading and oral practice, with language laboratory exercises. An oral approach is utilized. The student is given glimpses of cultural aspects of Spain and Spanish America. Students with Senior 4 Spanish may not normally take the course for credit. Not open to students with native oral fluency. Students may not hold credit for SPAN 1180 and any of: SPAN 1171 or SPAN 1190 or SPAN 1191 or the former SPAN 1181 (former TRAD 1181). Not open to students who have previously obtained credit in SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1271. Prerequisite: [a grade of "C" or better in SPAN 1117] or [Senior 4 Spanish] or written consent of instructor or department head.

SPAN 1190 Introductory Spanish 2 Cr. Hrs. 3

(Lab required) The second term of SPAN 1180 Introductory Spanish. This course is intended for students who have already knowledge of the alphabet and the sound system, as well as elementary comprehension, communication and writing skills equivalent to those that would be achieved in the first term of SPAN 1180. Students may not hold credit for SPAN 1190 and any of: SPAN 1191 or SPAN 1180 or the former SPAN 1181 (former TRAD 1181). Not open to students who have previously obtained credit in SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1271. Prerequisite: [a grade of "C" or better in SPAN 1117] or [Senior 4 Spanish] or written consent of instructor or department head.

SPAN 1262 Intermediate Spanish Grammar and Conversation 1 Cr. Hrs. 3

(Lab required) This course is the first of the intermediate Spanish language sequence. Focus is on developing intermediate skills in reading, writing, speaking and listening. The primary goals are to build communicative competence and enhance social and cultural awareness of the Spanish-speaking world. Not open to students with native oral fluency. Students may not hold credit for SPAN 1262 and any of: SPAN 1263 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former TRAD 1261. Prerequisite: [a grade of "C" or better in SPAN 1180 (the former SPAN 1181 or the former TRAD 1181) or SPAN 1190 or SPAN 1191] or written consent of instructor or department head.

SPAN 1272 Intermediate Spanish Grammar and Conversation 2 Cr. Hrs. 3

(Lab required) This course is the second of the intermediate Spanish language sequence. Focus is on continued development of intermediate skills in reading, writing, speaking and listening. The primary goals are to further enhance communicative competence and social and cultural awareness of the Spanish-speaking world. Not open to students with native oral fluency. Students may not hold credit for SPAN 1272 and any of: SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271. Prerequisite: [a grade of "C" or better in SPAN 1262 or SPAN 1263 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261] or written consent of instructor or department head.

SPAN 1280 Spanish for Native Speakers Cr. Hrs. 3

A survey of grammar and writing for people with an advanced level of oral Spanish. All the class exercises, readings, activities and examinations will be in Spanish. Students may not hold credit for SPAN 1280 and any of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271. Prerequisite: written consent of instructor or department head.

SPAN 1290 Accelerated Intermediate Spanish Cr. Hrs. 6

(Lab required) This is a one term accelerated course which combines the content of SPAN 1262 and SPAN 1272 (or the former SPAN 1260 and the former SPAN 1270). It is a review of grammar and pronunciation structured around extensive writing practice and conversation of contemporary issues relating to the Spanish speaking world. There will be six hours of classroom instruction with a two hour laboratory per week. This course is not open to students with native oral fluency. Students may not hold credit for SPAN 1290 and any of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271. Prerequisite: [a grade of "C" or better in SPAN 1180 (the former SPAN 1181 or the former TRAD 1181) or SPAN 1190 or SPAN 1191] or written consent of instructor or department head.

SPAN 2200 Spanish American Culture and Civilization Cr. Hrs. 3

A picture of the geographical, political, economic, social, artistic and cultural forces in Latin America. Essays, cultural readings, newspaper articles, magazines and films are utilized to enhance awareness and to stimulate discussion. Prerequisite: [a grade of "C" or better in one of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former TRAD 1270 or the former TRAD 1271].
or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271) or written consent of department head.

SPAN 2210 Voices and Images of Latin America  Cr. Hrs. 3
A study of the important figures that have influence on social and artistic movements of the Latin American culture such as Frida Kahlo, Diego Rivera, Che Guevara, and Fernando Botero. Prerequisite: [a grade of “C” or better in one of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271] or written consent of department head.

SPAN 2520 Survey of Spanish Civilization  Cr. Hrs. 3
A study of the history of Spanish culture with special stress on its non-literary arts, and selected aspects of Spanish life. Prerequisite: [a grade of “C” or better in one of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271] or written consent of department head.

SPAN 2550 Advanced Spanish Composition  Cr. Hrs. 3
Description Designed to enhance the student’s ability in writing Spanish. Emphasis on advanced grammatical concepts and clarity of expression. Students may not hold credit for both SPAN 2550 and SPAN 2551. Prerequisite: [a grade of “C” or better in one of: SPAN 1262 or SPAN 1263 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261] or written consent of department head.

SPAN 2560 Advanced Spanish Conversation  Cr. Hrs. 3
Designed to enhance the student’s conversational skills. Intensive oral practise as well as written exercises based on contemporary issues. Not open to students with native oral fluency. Prerequisite: [a grade of “C” or better in both SPAN 1262 (the former SPAN 1260) and SPAN 1272 (the former SPAN 1270)] or [a grade of “C” or better in both SPAN 1263 (the former SPAN 1261 or the former TRAD 1261) and SPAN 1273 (the former SPAN 1271 or the former TRAD 1271)] or [a grade of “C” or better in SPAN 1290] or written consent of department head.

SPAN 2570 Special Studies  Cr. Hrs. 3
The content of this course is variable, depending on the needs and interests of students and instructors. A tutorial format is used. Prerequisite: [a grade of “C” or better in any 1000-level Spanish course] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

SPAN 2580 Contemporary Spanish Female Playwrights  Cr. Hrs. 3
This course introduces students to the study of Spanish theater written by contemporary women writers. The course will explore how they use their work and the stage to denounce a contemporary Spanish society that needs to be reexamined. Analysis will underscore how these playwrights treat/dis/similar subject matters: search for identity, gender, sexuality, relationships, patriarchal values, feminism, among others. The course will be taught in Spanish. All class readings and examinations are in Spanish. Prerequisite: [a grade of “C” or better in one of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1261 or the former TRAD 1271] or written consent of department head.

8.11.7 Spanish Course Descriptions-3000 Level

SPAN 3070 Dali, Lorca, Bunuel  Cr. Hrs. 3
Study of the three most representative members of Spanish surrealism and avant-gardism in the twentieth century. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3080 Contemporary Latin American Novel  Cr. Hrs. 3
This course will concentrate on the major writers of the Latin American “Boom” such as: Gabriel Garcia Marquez, Carlos Fuentes, Julio Cortazar and Mario Vargas Llosa. It may also include other authors connected with the Boom such as: Alejo Carpentier, Juan Rufio, Jorge Luis Borges, Manuel Puig. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3220 Contemporary Spanish Cinema  Cr. Hrs. 3
A survey of Contemporary Spain through its cinema and other cultural manifestations. All the class readings, class lectures, movies and examinations are in Spanish. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3270 Special Studies  Cr. Hrs. 3
The content of this course is variable, depending on the needs and interests of students and instructors. A tutorial format is used. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

SPAN 3290 The Art of Translation  Cr. Hrs. 3
A course on the basic techniques of translation and a study of specialized vocabulary related to the professions. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3300 Cinema and Literature  Cr. Hrs. 3
A survey of the culture (Spain and Latin America) through its literature and cinema. The course will be taught in Spanish. All the readings, movies, activities and examinations will be in Spanish. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3310 Advanced Spanish Vocabulary and Composition  Cr. Hrs. 3
A survey of grammar and vocabulary, the course also emphasizes and enhances students’ writing abilities. The course will be taught in Spanish. All the class exercises, readings, activities and examinations will be in Spanish. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3320 Testimony and Human Rights in Latin America  Cr. Hrs. 3
A survey of the culture of human rights in Latin America through its testimonial literature. The course will be taught in Spanish. All readings, activities and examinations will be in Spanish. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.

SPAN 3330 Spanish Phonetics and Pronunciation  Cr. Hrs. 3
This course includes a thorough study of advanced Spanish phonetics and pronunciation. Students may not hold credit for both SPAN 3330 and the former SPAN 3280. Prerequisite: [a grade of “C” or better in any 2000-level Spanish course] or written consent of department head.
This course includes a thorough study of advanced Spanish syntax and grammar. Students may not hold credit for SPAN 3340 and any of: SPAN 3441 or the former SPAN 3280. Prerequisite: a grade of “C” or better in any 2000-level Spanish course or written consent of department head.

SPAN 3670 Poetry and Novel of the Golden Age Cr. Hrs. 3
This course will concentrate on major poets and novelists of the sixteenth and seventeenth centuries such as Garcilaso de la Vega, Fray Luis de Leon, S. Juan de la Cruz, Lope de Vega, Gongora, and Cervantes. Prerequisite: a grade of “C” or better in any 2000-level Spanish course or written consent of department head.

SPAN 3680 Drama of the Golden Age Cr. Hrs. 3
A study of representative works by the principal dramatists of the Spanish classical period, such as Lope de Vega, Tirso de Molina, Vélez de Guervara, and Calderon de la Barca. Prerequisite: a grade of “C” or better in any 2000-level Spanish course or written consent of department head.

SPAN 3780 Short Fiction in Spanish Cr. Hrs. 3
A study of short narrative fiction as a genre in Spain and Latin America through the close reading of representative works. Prerequisite: a grade of “C” or better in any 2000-level Spanish course or written consent of department head.

SPAN 3790 Latin American Cinema and Society Cr. Hrs. 3
A survey of contemporary Latin American society through its cinema. The course will be taught in Spanish. All class readings, movies and examinations are in Spanish. Prerequisite: a grade of “C” or better in any 2000-level Spanish course or written consent of department head.

8.11.8 Italian
For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Minor (Concentration) Program
For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in ITLN 1080.

It is not possible to have a Minor in Italian and a Major in Italian Studies.

Other
All Italian courses except ITLN 1080 and ITLN 3780 are taught in Italian.
Travel/study courses in Italian may be offered in the Summer Session; see department for information.

### 8.11.12 Italian Course Descriptions

**ITLN 1080 Introductory Italian**  
**Cr. Hrs. 6**  
An introduction to the Italian language for students with little or no knowledge of Italian. The course emphasizes the learning and practical use of vocabulary, grammar, and the development of both written and spoken Italian. A language laboratory will help students practice and improve their oral Italian. Not open to students who have previously obtained credit in ITLN 2080.

**ITLN 2080 Intermediate Italian**  
**Cr. Hrs. 6**  
This course consists of a thorough review of grammatical structures for students with previous knowledge of Italian. Readings of a number of twentieth-century Italian authors are used as a basis for discussion. Language study and practice is emphasized in the classroom and in the language laboratory. Prerequisite: [a grade of "C" or better in ITLN 1080] or written consent of department head.

**ITLN 2090 Speaking in Italian**  
**Cr. Hrs. 3**  
Offers extensive practice in idiomatic spoken language. Grammar review with a focus on oral fluency. Conversation will be based on social, political, and cultural aspects of Italian life. Prerequisite: [a grade of "C" or better in ITLN 1080] or written consent of department head.

**ITLN 2100 Writing in Italian**  
**Cr. Hrs. 3**  
This course strengthens writing skills in Italian, with special emphasis on the grammatical structure of the Italian language for effective communication. Prerequisite: [a grade of "C" or better in ITLN 1080] or written consent of department head.

**ITLN 2200 Let's Get Graphic: Italian through Graphic Novels**  
**Cr. Hrs. 3**  
In this language course you will learn the four basic skills (speaking, listening, reading and writing) in the context of popular fumetti (graphic novels) in Italian culture. By the end of the course you will be able to describe people, events and situations, in the present, past and future, and you will have acquired the necessary vocabulary to communicate about everyday situations. Prerequisite: [a grade of "C" or better in ITLN 1080] or written consent of department head.

**ITLN 3050 Italian Through Literature**  
**Cr. Hrs. 3**  
Through the study of selected works and authors, students will gain a better understanding of Italy's history and culture. Prerequisite: [a grade of "C" or better in ITLN 2080] or [a grade of "C" or better in each of ITLN 2090 and ITLN 2100] or written consent of department head.

**ITLN 3060 Italian Through Film**  
**Cr. Hrs. 3**  
The aim of this course is to better understand modern and contemporary Italy, by viewing, meditating upon and discussing those films produced in Italy which most reflect the country, its language and culture, and its literature. Prerequisite: [a grade of "C" or better in ITLN 2080] or [a grade of "C" or better in each of ITLN 2090 and ITLN 2100] or written consent of department head.

**ITLN 3760 Italian Translation Workshop**  
**Cr. Hrs. 3**  
A practical course on translating many types of text from and into Italian, as well as terminology development. Special emphasis on the use of the Internet and other computer-mediated resources. Prerequisite: [a grade of "C" or better in ITLN 2080] or [a grade of "C" or better in each of ITLN 2090 and ITLN 2100] or written consent of department head.

**ITLN 3770 Modern Italian Usage**  
**Cr. Hrs. 3**  
Polish your Italian for business and professional work situations from client relations to terminology, including e-mail and Internet. Course will be customized according to students' professional interests. Prerequisite: [a
grade of “C” or better in ITLN 2080) or [a grade of “C” or better in each of ITLN 2090 and ITLN 2100] or written consent of department head.

**ITLN 3780 A Voyage through the Italian Mind: An Italian Culture Course**  
Cr. Hrs. 3

This course aims to portray what it means to be Italian from an Italian’s point of view. You will discover the exciting richness of the people, trends and passions, food, and pop culture of Italy, while also exploring the extraordinary contribution that Italy has made to the world. The course will be taught in English and has no prerequisite.

8.11.13 Portuguese Course Descriptions

**PORT 1170 Introductory Portuguese**  
Cr. Hrs. 6  
(Lab required) A course designed for those with little or no previous knowledge of Portuguese. The course includes grammar, reading and oral practice, with language laboratory exercises. An oral approach is utilized. The student is given glimpses of cultural aspects of Portugal and Brazil. Students with high school Portuguese or its equivalent may not normally take the course for credit. Not open to students who have previously obtained credit in PORT 1282.

**PORT 1282 Intermediate Portuguese Grammar and Conversation 1**  
Cr. Hrs. 3  
(Lab required) This course is the first of the intermediate Portuguese language sequence. Focus is on developing intermediate skills in reading, writing, speaking and listening. The primary goals are to build communicative competence and enhance social and cultural awareness of Portugal and Brazil. Not open to students with native oral fluency. Prerequisite: [a grade of “C” or better in PORT 1170] or written consent of instructor or department head.

**8.12 German and Slavic Studies**

Head: Stephan Jaeger  
Campus Address/General Office: 328 Fletcher Argue Building  
Telephone: 204 474 9370  
Email Address: german_slavic@umanitoba.ca  
Website: umanitoba.ca/german_and_slavic/

**8.12.1 Program Information**

This department’s program covers two European cultural and language groups. German is the official language of five European countries and an understanding of German language and culture is essential to any understanding of European history. Courses are offered in German language, literature and culture. In Slavic Studies, the department offers language, literature and culture courses in Russian, Ukrainian and Polish — the three largest Slavic language groups. The Slavic countries of Eastern Europe exert an important influence on international affairs. In Canada, immigration from both German and Slavic language groups has contributed greatly to the country’s cultural mosaic. The department also offers language courses in Hungarian.

**8.12 German**

For entry, continuation and graduation requirements for the General Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**General Major Program**

For entry to the Major, the prerequisite is a grade of “C” or better in 6 credit hours in German courses at any level. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate, including the higher grade of repeated courses and excluding failed courses.

**Minor (Concentration) Program**

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in 6 credit hours in German.

**Honours Program**

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**Other**

German courses are arranged into categories as follows:

Category A: Language courses

Category B: Literature, Culture and Applied Linguistics courses conducted in German

Category C: Literature, Culture and Applied Linguistics courses conducted in English

**SINGLE HONOURS**

- 36 credit hours of German (of which at least 24 credit hours must be German courses numbered at the 2000, 3000 or 4000 level) to include:
  - GRMN 11201
  - GRMN 21002
  - GRMN 2120 or GRMN 2130
  - GRMN 2140
  - GRMN 3200
  - In years 2 and 3 students must also complete 24 credit hours of ancillary options
  - Advanced language proficiency can be demonstrated by 
  - 6 credit hours in German courses numbered at the 4000 level
  - Additional language proficiency can be demonstrated by 
  - 6 additional credit hours in German courses numbered at the 3000 or 4000 level

**DOUBLE HONOURS**

- 30 credit hours of German (of which at least 18 credit hours must be German courses numbered at the 2000, 3000 or 4000 level) to include:
  - GRMN 11201
  - GRMN 21002
  - GRMN 2120 or GRMN 2130
  - GRMN 2140
  - GRMN 3200
  - In years 2 and 3 students must also complete 6 credit hours of ancillary options
  - In years 2 and 3 students must also complete 6 credit hours in second Honours field

**NOTES:**

1. Students with superior language ability will not be required to complete

**8.12.4 German Course Descriptions-1000 Level**

**GRMN 1120 Beginning German (A) Cr. Hrs. 6**

(Will be offered in a 12 week format). Three hours of lectures, plus one hour of language lab class per week. Course is intended for students with little or no previous knowledge of German. Grammar review, exercises, development of oral skills and emphasis is placed on the development of broad reading and speaking skills. Satisfactory completion of this course enables program to proceed to GRMN 2100 or GRMN 2103. Students may hold credit for GRMN 1120 and any of: GRMN 1123 or GRMN 1125 or the former GRMN 1121. Students with Grade 12 German or its equivalent may normally take the course for credit. Not open to students who have previously obtained credit for GRMN 2100 or GRMN 2103 or GRMN 2105 or the former GRMN 2101.

**GRMN 1300 Masterpieces of German Literature in English Translation (C) Cr. Hrs. 3**

Language of instruction: English. The course introduces students to representative works (prose, poetry, and drama) by German-speaking writers such as Goethe, Kleist, Thomas Mann, Kafka, and Rilke, with an emphasis on the ages of Classicism, Romanticism, and Modernism. Stresses the development of English reading and writing skills. The course is designed for students who have little or no prior knowledge of German literature.

**GRMN 1310 Love in German Culture in English Translation (C) Cr. Hrs. 3**

Language of instruction: English. An introduction to the discourse and meaning of love through German culture from the Middle Ages to the present; analyzes the expression of different concepts of love (spiritual, courtly, erotic, romantic, sexual, free, same-sex, familial, virtual) in literature and other cultural forms. Stresses the development of English reading and writing skills. The course is designed for students who have little or no prior knowledge of German culture.

**8.12.4 German Course Descriptions-2000 Level**

**GRMN 2100 Intermediate German (A) Cr. Hrs. 6**

Grammar review, exercises, development of oral skills, conversation and modern usage. Introduction to German poetry and prose. Students may not hold credit for GRMN 2100 and any of: GRMN 2103 or GRMN 2105 or the former GRMN 2101. Prerequisite: [German 405] or [a grade of “C” or better in GRMN 1120 or GRMN 1125 or the former GRMN 1121] or written consent of department head.

**GRMN 2120 Introduction to German Culture from 1918 to the Present (C) Cr. Hrs. 3**

Language of instruction: English. An introduction to the culture of contemporary German-speaking countries; analyzes literature and other
cultural forms since the end of World War I, including the Weimar Republic, the Third Reich and the Holocaust, divided Germany, Re-Unification, and the European Union.

**GRMN 2130 Introduction to German Culture from the Beginnings to 1918 (C)**  
Cr. Hrs 3
Language of instruction: English. An introduction to the culture of the German-speaking countries from the Romans to the end of World War I; analyzes literature and other cultural forms and their relation to the rise of the German Nation in the 19th century and its first "fall" in the 20th century.

**GRMN 2140 Exploring German Literature (B)**  
Cr. Hrs. 3
Language of instruction: German. In this intermediate course, we will read and discuss a number of works belonging to different literary genres by major German-speaking authors, such as Kafka, Mann, Brecht, Böll, Grass, Jelinek, Wolf, and others. Activities and assignments in this course will focus on the development of reading competency in different literary genres, the expansion of students’ German vocabulary, and the development of German written and oral expression. Prerequisite: [a grade of "C" or better in GRMN 2100 or GRMN 2105 or GRMN 3200 or GRMN 3201 or the former GRMN 2101] or written consent of department head.

**GRMN 2480 Special Topics in German (B)**  
Cr. Hrs. 3
Language of instruction: German. Topics dealing with different literary genres and cultural forms since the end of World War I, including the Weimar Republic, the Third Reich and the Holocaust, divided Germany, Re-Unification, and the European Union.

**GRMN 2500 Special Topics in German in English Translation (C)**  
Cr. Hrs. 3
Language of instruction: English. Topics dealing with German literature and culture. Course content will vary from year to year depending on the interests and needs of students and faculty. Prerequisite: [a grade of "C" or better in GRMN 2100 or GRMN 2105 or GRMN 3200 or GRMN 3201 or the former GRMN 2101] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**GRMN 2510 German Fairy Tales from the Brothers Grimm to Hollywood (C)**  
Cr. Hrs. 3
Language of instruction: English. Study of the German fairy tales with a specific emphasis on the "folk fairy tales" collected by the Brothers Grimm and their adaptations in the 20th and 21st centuries in film (Disney, DEFA, among others), literature, and music. The course familiarizes students with the historical, cultural, and national contexts of the original fairy tales, and trains students in different approaches to understanding those fairy tales (gender, psycho-analysis, child developmental psychology, horror, and others).

**8.12.4 German Course Descriptions-3000 Level**

**GRMN 3200 Deutsche Sprachpraxis 1 (A)**  
Cr. Hrs. 6
Modern German usage through conversation, writing and practical exercises; study of contemporary fictional and non-fictional texts and films. Emphasis on vocabulary and structural and stylistic problems. Students may not hold credit for both GRMN 3200 and GRMN 3201. Prerequisite: a grade of "C" or better in GRMN 2100 or GRMN 2105 or the former GRMN 2101.

**GRMN 3220 Deutsche Sprachpraxis 2 (A)**  
Cr. Hrs. 3
Advanced work on various aspects of the German language, involving intensive practice in writing and conversational skills; translation of literary and non-literary materials from and into German; and exercise in stylistic and structural analysis of literary and non-literary German in a variety of registers and contexts. Prerequisite: a grade of "C" or better in GRMN 3200 or GRMN 3201.

**GRMN 3230 Business German (A)**  
Cr. Hrs. 3
An introduction to the contemporary terminology and usage of German in the workplace. Listening, speaking, reading, and writing skills will be developed through a variety of activities. This course also aims at developing cross-cultural awareness. The course prepares the student for the business exam Zertifikat für den Beruf. Students may not hold credit for both GRMN 3230 and GRMN 3211. Prerequisite: [a grade of "C" or better in GRMN 2100 or GRMN 2105 or GRMN 3200 or GRMN 3201 or the former GRMN 2101] or written consent of department head.

**GRMN 3232 Introduction to German Translation (A)**  
Cr. Hrs. 3
Language of instruction: German. An introduction to the art of translation (German to English) with a focus on translation principles, language analysis, and hands-on translation of texts from a variety of fields. Prerequisite: [a grade of "C" or better in GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3234 Special Topics in German Language (A)**  
Cr. Hrs. 3
Language of instruction: German. Topics dealing with learning the German language. Advanced German language practice. Course content will vary from year to year depending on the interests and needs of students and staff. Prerequisite: [a grade of "C" or better in GRMN 3200 or GRMN 3201] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**GRMN 3240 German Enlightenment and Classicism (B)**  
Cr. Hrs. 3
Language of instruction: German. A study of selected texts of the German Enlightenment and Classicism, including works by Lessing, Schiller, Goethe and others; advanced language practise. Prerequisite: [a grade of "C" or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3250 German Romanticism (B)**  
Cr. Hrs. 3
Language of instruction: German. Study of selected fairy tales, novellas, letters, poetry and other texts by authors such as Novalis, Tieck, E.T.A. Hoffmann, and Kleist; topics discussed include the relationship between Enlightenment and Romanticism, the role of women, the discovery of the uncanny, the role of the fantastic, and romantic vampires, advanced language practise. Prerequisite: [a grade of "C" or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3260 Representations of the Holocaust (B)**  
Cr. Hrs. 3
Language of instruction: German. This course will focus on the literary rendering, including film versions and German memorial culture, of the Holocaust experience by authors from the German-speaking countries, such as Anna Seghers, Jurek Becker, Paul Celan, Max Frisch, Peter Weiss, Ruth Klüger, W.G. Sebald, and others. Students may not hold credit for both GRMN 3260 and GRMN 3262. Prerequisite: [a grade of "C" or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3262 Representations of the Holocaust in English Translation (C)**  
Cr. Hrs. 3
Language of instruction: English. This course will focus on the literary rendering, including film versions and German memorial culture, of the Holocaust experience by authors from the German-speaking countries, such as Anna Seghers, Jurek Becker, Paul Celan, Max Frisch, Peter Weiss, Ruth Klüger, W.G. Sebald, and others. Students may not hold credit for both GRMN 3262 and GRMN 3260. Prerequisite: [a grade of "C" or better in a
minimum of 24 credit hours of university level coursework) or written consent of department head.

**GRMN 3270 Studies in Contemporary German Cinema (C) Cr. Hrs. 3**
Language of instruction: English. Studies the major accomplishments of East and West German cinema of the postwar period, as well as cinematic trends since German unification. We will consider questions of narrative, genre, and authorship, examine film’s relationship to other media, and focus on the dynamic interaction between film history and social history. Films to be studied include features by prominent directors such as Wolf, Fassbinder, Wenders, von Trotta, Carow, Dörrie, and Tykwer. Prerequisite: [a grade of “C” or better in a minimum of 24 credit hours of university level coursework] or written consent of department head.

**GRMN 3280 Sex, Gender and Cultural Politics in the German-Speaking World (B) Cr. Hrs. 3**
Language of instruction: German. Explores a wide range of literary and cultural texts that deal with sex and gender in the German-speaking world. Discussion will address topics such as representation of women and men in literature and the social and historical climate in which the literature was and is produced. Students may not hold credit for both GRMN 3280 and GRMN 3282. Prerequisite: [a grade of “C” or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3282 Sex, Gender and Cultural Politics in the German-Speaking World in English Translation (C) Cr. Hrs. 3**
Language of instruction: English. Explores a wide range of literary and cultural texts that deal with sex and gender in the German-speaking world. Discussion will address topics such as representation of women and men in literature and the social and historical climate in which the literature was and is produced. Students may not hold credit for both GRMN 3280 and GRMN 3280. Prerequisite: [a grade of “C” or better in a minimum of 24 credit hours of university level coursework] or written consent of department head.

**GRMN 3290 History in Literature in German-Speaking Countries (B) Cr. Hrs. 3**
Language of instruction: German. Analyzes how history is represented and remembered in literature and other genres. The course will focus on the representation of one historical period such as the Weimar Republic or the Nazi Third Reich. Please consult the instructor for details on which historical period as it appears in literature will be considered. Prerequisite: [a grade of “C” or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3390 German Representations of War (C) Cr. Hrs. 3**
Language of instruction: English. Focuses on representations of war, particularly World War II from a German and European perspective in fiction, historiography, film, photography, and memorial culture. Students may not hold credit for both GRMN 3390 and GRMN 3392. Prerequisite: [a grade of “C” or better in a minimum of 24 credit hours of university level coursework] or written consent of department head.

**GRMN 3392 German Representations of War (B) Cr. Hrs. 3**
Language of Instruction: German. Focuses on representations of war, particularly World War II from a German and European perspective in fiction, historiography, film, photography, and memorial culture. Students may not hold credit for GRMN 3392 and GRMN 3390. Prerequisite: [a grade of “C” or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head.

**GRMN 3500 Special Topics in German (B) Cr. Hrs. 3**
Language of instruction: German. Topics dealing with German literature and culture. Course content will vary from year to year depending on interests and needs of students and staff. Prerequisite: [a grade of “C” or better in GRMN 2140 or GRMN 3200 or GRMN 3201] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**GRMN 3510 Special Topics in German in English Translation (C) Cr. Hrs. 3**
Language of instruction: English. Topics dealing with German literature and culture. Course content will vary from year to year depending on interests and needs of students and staff. Prerequisite: [a grade of “C” or better in a minimum of 24 credit hours of university level coursework] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**GRMN 3530 Special Topics in Comparative German and Slavic Studies (C) Cr. Hrs. 3**
Language of instruction: English. Topics comparing German and Slavic – Ukrainian, Russian, Polish – literatures and cultures. Course is co-taught by a member from the German and one from the Slavic Section. Course content will vary from year to year depending on interests and needs of students and staff. Possible topics include Memory of World War II, Cold War and Post-Cold War, and Modernism. Students may not hold credit for both GRMN 3530 and SLAV 3530 when topic is the same. Prerequisite: [a grade of “C” or better in a minimum of 24 credit hours of university level coursework] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.12.4 German Course Descriptions-4000 Level

**GRMN 4200 Literary and Cultural Theory (C) Cr. Hrs. 3**
Language of instruction: English. A survey of the major theoretical approaches to German literatures and cultures. Discusses the aesthetics of Enlightenment and Idealism, Nietzsche, Freud, Prague Structuralism, hermeneutics, semiotics, the Frankfurt School, collective memory, gender studies, and multi-culturalism; application of theories to German literary texts and other cultural examples. Prerequisite: written consent of department head.

**GRMN 4210 Survey of Second Language Acquisition and Methods of Language Teaching in German (B) Cr. Hrs. 3**
Language of instruction: German. For advanced undergraduate students with a high proficiency in German who are interested in the learning and teaching of German as a foreign / second language; the course provides a general introduction to theories and approaches in second language acquisition (SLA) and to methods of the teaching of German as a foreign language. This course is not acceptable for credit in a Bachelor of Education program. Prerequisite: written consent of department head.

**GRMN 4540 Introduction to German Language Structure (B) Cr. Hrs. 3**
Language of instruction: German. An introduction to the scientific study of the German language and to the role of the language teacher in the examination, analysis, and description of the German language. Topics include grammar, word formation, meaning, sound systems, language acquisition and change, and language in society. Prerequisite: written consent of department head.

**GRMN 4570 Honours Thesis in German Studies (B,C) Cr. Hrs. 3**
The Thesis presents the results of an independent research project supervised by a faculty member. The thesis can be written in German or in English. Prerequisite: written consent of department head.

**GRMN 4600 Senior Seminar in German Studies (B) Cr. Hrs. 3**
Language of instruction: German. Introduces basic methodology of German literary and cultural studies (genres, periods, resources, bibliographical methods). Examines German culture during critical periods in German history with specific emphasis on literature. Students work closely with a faculty advisor during the semester and are expected to produce a major research paper. Prerequisite: written consent of department head.

**GRMN 4610 Independent Work (B)  Cr. Hrs. 3**
Language of instruction: German. Each student will work with an instructor to prepare a reading program in an appropriate area and present written assignments as required. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**GRMN 4660 Special Topics in German (B)  Cr. Hrs. 3**
Language of instruction: German. The specific content of this course will vary from year to year. A description of the course is available in advance at the Department Office. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**GRMN 4670 Special Topics in German in English Translation (C)  Cr. Hrs. 3**
Language of instruction: English. The specific content of this course will vary from year to year. A description of the course is available in advance at the Department Office. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**8.12.5 Russian**

**8.12.5 Program Information: Slavic Studies - Russian**
For entry, continuation and graduation requirements for the General Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**8.12.7 Russian Course Descriptions 1000 Level**

**RUSN 1300 Introductory Russian  Cr. Hrs. 6**
(Lab required) Three hours of lectures plus one hour of lab per week. Basic grammar, conversation and reading with emphasis on communication skills. Cultural content is introduced through a range of audio-visual materials. Not open to native speakers and students with high school Russian 41G credit. Students may not hold credit for both RUSN 1300 and RUSN 1330.

**RUSN 1330 Introductory Russian 2  Cr. Hrs. 3**
(Lab required) Three hours of lectures plus one hour of lab per week. Intended for students who have already a knowledge of the alphabet and the sound system, as well as elementary comprehension, communication and writing skills equivalent to those that would be achieved in the first term of RUSN 1300. Students may not hold credit for both RUSN 1330 and RUSN 1300. Prerequisite: successful completion of a placement test administered by the department.

**RUSN 1400 Masterpieces of Russian Literature in Translation  Cr. Hrs. 3**
An introduction to representative works by major Russian writers, with emphasis on key paradigms in literary and socio-political thinking in Russia. Early 19th century to the present. The course is designed for students who have little or no prior knowledge of Russian literature. Lectures and readings in English. Students may not hold credit for both RUSN 1400 and the former RUSN 2770.

RUSN 1410 Love in Russian Culture in English Translation  Cr. Hrs. 3
An introduction to the discourse of love in Russian culture from the Middle Ages to the present. The course explores different meanings of love (spiritual, erotic, romantic, same-sex, familial) in Russian culture by means of examining a variety of portrayals of the interactions of love, sex, religion, and politics in literature and other cultural forms. The course is designed for students who have little or no prior knowledge of Russian culture. Language of instruction: English.

8.12.7 Russian Course Descriptions-2000 Level

RUSN 2280 Russian Culture until 1900  Cr. Hrs. 3
A survey of the Russian cultural heritage from the pre-Christian era to the end of the nineteenth century. Mythology, the arts and literature. Lectures in English. Readings are available in both English translation and in the original.

RUSN 2290 Russian Culture from 1900 to the Present  Cr. Hrs. 3
Russian culture from the end of the 19th century to the present day. Major developments in Russian art, film and literature. Readings are available in both English translation and in the original.

RUSN 2310 Exploring Russia through Film  Cr. Hrs. 3
A survey of Russian cinema from its origins to the present. The course focuses on the role of film in Russian culture, ideological uses of film, and cinema as a medium of cultural dissent and witness to social change. Lectures in English; all films are in Russian with English subtitles; no prior knowledge of Russian language or culture is required.

RUSN 2410 Russian Literature after Stalin  Cr. Hrs. 3
A survey of Russian literature from the period of High Stalinism to the present. The course examines effects of ideological and political change on literary production. Lectures in English. Readings in English or in the original.

RUSN 2600 Special Topics in Russian Culture in English Translation  Cr. Hrs. 3
Language of Instruction: English. Topics dealing with Russian culture. The course content may vary. Students may earn multiple credits for this course only when the course subtitle is different.

RUSN 2630 Russian Language Seminar Abroad  Cr. Hrs. 3
The study of Russian language, literature and culture at an intensive language school in Eastern Europe. Designed for students aiming at near-native fluency. Prerequisite: [a grade of “C” or better in RUSN 1300 or RUSN 1330] and written consent of department head.

RUSN 2740 Literature and Revolution  Cr. Hrs. 3
Responses to the 1917 Revolution, focusing on writers of the twenties. Mayakovsky, Kollontai, Babel, Olesha, Zamyatin, Pilnyak, Bulgakov. References to art, cinema and cultural politics of the period. Lectures in English.

RUSN 2810 Intermediate Russian  Cr. Hrs. 6
Grammar review, conversation, translation and reading of selected texts. Development of communication skills through practical exercises. Cultural content is introduced through use of audio-visual and internet materials. Students may not hold credit for both RUSN 2810 and RUSN 2820. Prerequisite: [a grade “C” or better in RUSN 1300 or RUSN 1330] or [Russian 41G] or written consent of department head.

RUSN 2820 Intermediate Russian  Cr. Hrs. 3
Intended for students who already have basic comprehension, communication and writing skills equivalent to those that would be achieved in the first term of RUSN 2810. Students may not hold credit for both RUSN 2820 and RUSN 2810. Prerequisite: successful completion of a placement test administered by the department.

RUSN 2830 Special Topics in Russian  Cr. Hrs. 3
A study of the Russian language through listening, reading, writing, and conversation, with a strong cultural component. The content of this course will vary from year to year, depending on the needs and interests of the students and staff. Prerequisite: [a grade “C” or better in one of: RUSN 1300 or RUSN 1330 or RUSN 2810 or RUSN 2820] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.12.7 Russian Course Descriptions-3000 Level

RUSN 3200 Advanced Russian 1  Cr. Hrs. 3
Advanced composition, translation, reading and study of selected literary and other texts. Development of overall communication skills. Students may not hold credit for both RUSN 3200 and the former RUSN 3930. Prerequisite: [a grade “C” or better in RUSN 2810 or RUSN 2820] or written consent of department head.

RUSN 3210 Advanced Russian 2  Cr. Hrs. 3
Continues RUSN 3200. Further work in advanced composition, translation, reading and study of selected literary and other texts. Development of overall communication skills. Students may not hold credit for RUSN 3210 and any of: the former RUSN 3930 or the former RUSN 3940. Prerequisite: [a grade “C” or better in RUSN 3200] or written consent of department head.

RUSN 3220 Selected Topics in Russian  Cr. Hrs. 3
Language of instruction: Russian. Advanced study of the Russian language through reading and analysis of literary or/and non-fictional texts including academic writing. The content of this course will vary from year to year, depending on the needs and interests of instructors and students. Prerequisite: [a grade “C” or better in one of: RUSN 2810, RUSN 2820, RUSN 3200, RUSN 3210, the former RUSN 3930, the former RUSN 3940] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RUSN 3330 Chekhov  Cr. Hrs. 3
The study of selected short stories and plays. Lectures in English. Readings are available in both Russian and English translation.

RUSN 3380 Russian Poetry  Cr. Hrs. 3
A study of major Russian poetry of the 19th and 20th centuries, including works by Pushkin, Lermontov, Tiutchev, Fet, Blok, Mayakovsky, Akhmatova, Esenin, Evtushenko, Vinokurov, Kazakova. Lectures and readings in Russian. Prerequisite: [a grade of “C” or better in one of: RUSN 3200 or RUSN 3210 or the former RUSN 3930 or the former RUSN 3940] or written consent of department head.

RUSN 3770 Tolstoy  Cr. Hrs. 3
A study of the novelist that focuses on the development of the aesthetic views and intellectual biography. Representative works from his early, middle and late period will be selected for analysis. Lectures in English. Readings in the original or in English.
RUSN 3780 Dostoevsky
A study that focuses on the writer's art, in particular on his development of the polyphonic novel. Lectures in English. Readings in the original or in English.

RUSN 3790 Special Studies
The content of this course will vary from year to year, depending on the needs and interests of instructors and students. A description of the course is available in advance at the department office. Prerequisite: [a grade of “C” or better in a minimum of 21 credit hours of courses at the 1000-level or above] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RUSN 3900 Tolstoy's War and Peace
This writer's art, view of history and human nature. References to film versions. Lectures in English. Readings in the original or in English.

8.12.7 Russian Course Descriptions-4000 Level
RUSN 4620 Selected Topics 1
A program of independent reading and/or research on selected topics to 1900, undertaken by a student in consultation with his or her prospective instructor. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

UKRN 2620 Ukrainian Culture Seminar Abroad
This course is offered as part of the Summer Session. It is a study experience in Ukraine. The course features extensive exploration of contemporary Ukrainian culture. The course is taught in English. Students are given the maximum individual attention. Mornings are spent in class. Excursions are
planned in Kyiv and neighboring sites. Prerequisite: [a grade of "C" or better in UKRN 1310 or UKRN 1320 (or equivalent)] and written consent of the department head.

UKRN 2410 Ukrainian Canadian Cultural Experience     Cr. Hrs. 3
A study of the legacy left by several generations of Ukrainian Canadians in literature and the performing arts, music, art and architecture, with particular attention to the construction of identity and the critique of culture. Lectures and readings in English. Students may not hold credit for both UKRN 2410 and the former UKRN 2420.

UKRN 2590 Ukrainian Literature and Film     Cr. Hrs. 3
An examination of the relationship of Ukrainian literature and film. Students read literary works which have inspired films and analyze the unique formal qualities of each. The course considers the stylistic influence of film on literature and vice versa; the relationship between writer and director, especially in the case where they are one and the same person. Readings in the original and/or in English. Films in Ukrainian with English subtitles or plot summaries.

UKRN 2600 Special Topics in Ukrainian Studies     Cr. Hrs. 3
Language of Instruction: English. Study of selected topics in Ukrainian literature or culture. The course content may vary. Students can earn multiple credits for the course only when the topic subtitle is different.

UKRN 2720 Intermediate Ukrainian     Cr. Hrs. 6
Grammar review, conversation, translation and reading of selected texts. Development of communication skills through practical exercises. Cultural content is introduced through audio-visual materials. Students may not hold credit for both UKRN 2720 and UKRN 2730. Prerequisite: [a grade of "C" or better in UKRN 1310 or UKRN 1320] or [Ukrainian 40S] or written consent of department head.

UKRN 2730 Intermediate Ukrainian 2     Cr. Hrs. 3
This course is the second term of UKRN 2720 Intermediate Ukrainian, and is intended for students who already have basic oral comprehension and reading, writing, and speaking skills equivalent to those that would be achieved in the first term of UKRN 2720. Students may not hold credit for both UKRN 2730 and UKRN 2720. Prerequisite: successful completion of a placement test administered by the department.

UKRN 2770 Ukrainian Culture until 1900     Cr. Hrs. 3
A survey that examines the Ukrainian Culture Heritage from the pre-Christian era, through medieval times and the baroque to the end of the 19th century. Issues in mythology, religion, the arts and literature are discussed. Lectures in English. Readings are available in both English translation and the original.

UKRN 2780 Ukrainian Culture from 1900 to the Present     Cr. Hrs. 3
Major trends in thought, the visual arts, film and literature from the end of the 19th century to the present day. Lectures in English. Readings are available in both English translation and Ukrainian.

UKRN 2800 Literature and Revolution in Ukraine     Cr. Hrs. 3
A study of literature and its relationship to the arts in the decade that followed the Revolution of 1917. Lectures in English. Readings available in English and in the original. Viewing and discussion of films.

UKRN 2820 Holodomor and Holocaust in Ukrainian Literature and Culture     Cr. Hrs. 3
A study of how the Holodomor (Famine) of 1932-33 and the Holocaust have been represented, and of the international impact of these representations. References to art and film. Lectures and readings in English.

8.12.10 Ukrainian Course Descriptions-3000 Level

UKRN 3100 Ukrainian Story Writing Through the Ages     Cr. Hrs. 3
Masterpieces of the short story genre from early modern times to the present. Focusing on great works and writers, the course provides insights into the genre and into different periods in Ukrainian literature. Film adaptations of some works will be viewed and discussed. Students may not hold credit for both UKRN 3100 and the former UKRN 3850.

UKRN 3300 Literature of Independent Ukraine     Cr. Hrs. 3
A study of the highest works of the post-1991 period. References to art and film of the period.

UKRN 3440 Ukrainian Poetry     Cr. Hrs. 3
A study of some of the best Ukrainian poetry with a particular emphasis on the modern period. Lectures and readings in Ukrainian. Prerequisite: [a grade of "C" or better in UKRN 1310 or UKRN 1320] or written consent of department head.

UKRN 3840 Ukrainian Novel     Cr. Hrs. 3
A study of representative novels of the 19th and 20th centuries. The course begins with the Romantic period and ends with contemporary writing. Lectures in English. Readings in the original or in English.

UKRN 3880 Special Studies     Cr. Hrs. 3
The content of this course will vary from year to year, depending on the needs and interests of instructors and students. A description of the course is available in advance at the department office. Prerequisite: [a grade of "C" or better in a minimum of 24 credit hours of courses at the 1000-level or above] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

UKRN 3910 Shevchenko     Cr. Hrs. 3
A study of the greatest works, focusing on the writer's intellectual and artistic development. References to his art and the imperial context. Lectures in English. Prerequisite: [a grade of "C" or better in a minimum of 24 credit hours of courses at the 1000-level or above] or written consent of department head.

UKRN 3950 Advanced Ukrainian 1     Cr. Hrs. 3
Advanced composition, translation, readings and study of selected literary and other texts. Development of oral and comprehension skills through study of contemporary film, television and other audio-visual materials. Prerequisite: [a grade of "C" or better in UKRN 2720 or UKRN 2730] or written consent of department head.

UKRN 3960 Advanced Ukrainian 2     Cr. Hrs. 3
A continuation of UKRN 3950 Advanced Ukrainian 1. Continued work in advanced composition, translation, readings and study of selected literary and other texts. Continued development of oral and comprehension skills through study of contemporary film, television and other audio-visual materials. Prerequisite: [a grade of "C" or better in UKRN 3950] or written consent of department head.

UKRN 3970 Women and Ukrainian Literature     Cr. Hrs. 3
A study of the literature produced by Ukrainian women writers in the nineteenth, twentieth, and twenty-first centuries. Lectures in English. Readings in the original and/or in English.

8.12.10 Ukrainian Course Descriptions-4000 Level

UKRN 4640 Selected Topics 1     Cr. Hrs. 3
A program of independent reading and/or research on selected topics to 1900, undertaken by a student in consultation with his or her prospective instructor. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

#### 8.12.13 Polish Course Descriptions-1000 Level

**POL 1890 Introductory Polish**  
Cr. Hrs. 6  
Basic grammar, conversation, composition, readings, language laboratory sessions.

**POL 1900 Love, Heroes and Patriotism in Contemporary Poland**  
Cr. Hrs. 3  
A study of the impact of Romanticism on contemporary Polish national consciousness, images of love, and the role of art and the artist in society. The course explores diverse written and visual sources representing Polish and European Romanticism and its mutual influences. Lectures and readings in English.

#### 8.12.14 Polish Course Descriptions-2000 Level

**POL 2600 Polish Culture until 1918**  
Cr. Hrs. 3  
An introductory survey from the beginnings of the Polish state to 1918. This is a lecture style course devoted to studying the achievements of Polish culture and their impact on world culture. Students will observe the creation of Polish national identity through the examination of documents from literature and culture. Lectures and readings in English. Students may not hold credit for both POL 2600 and the former POL 2530.

**POL 2610 Polish Culture 1918 to the Present**  
Cr. Hrs. 3  
An introductory survey from 1918 to the present. This is a lecture style course devoted to studying the achievements of Polish culture and their impact on shaping of the contemporary Polish society. Students will observe the cultural changes that defined Poland following one hundred years of non-existence as a nation. The re-examining of the Polish national identity will be studied through documents from literature, art, mythology and music. Lectures and readings in English. Students may not hold credit for both POL 2610 and the former POL 2530.

**POL 2660 Special Topics in Polish Literature and Culture**  
Cr. Hrs. 3  
Topics dealing with Polish literature and culture. Content of this course will vary from year to year, depending on the needs and interests of instructors and students. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**POL 2690 Polish Language and Culture**  
Cr. Hrs. 6  
Offered as part of the Summer Session, this course is a study experience in Poland. The program features practical language training and an exploration of the Polish culture. Prerequisite: written consent of instructor.

**POL 2890 Intermediate Polish**  
Cr. Hrs. 6  
Grammar review, composition, translation, readings of selected prose and poetry. Prerequisite: [a grade of "C" or better in POL 1890] or written consent of department head.

#### 8.12.15 Hungarian Course Descriptions

**HUNG 1000 Introduction to Hungarian 1**  
Cr. Hrs. 3  
(Lab required) The course is intended for students with little or no previous knowledge of Hungarian. Students are introduced to basic grammar and vocabulary as well as aspects of Hungarian culture. Emphasis is placed on communication skills. Satisfactory completion of this course enables students to proceed to HUNG 1002 Introduction to Hungarian 2.

**HUNG 1002 Introduction to Hungarian 2**  
Cr. Hrs. 3  
(Lab required.) The course is intended for students with some elementary knowledge of Hungarian. Students will expand their understanding of basic grammar and vocabulary, as well as aspects of Hungarian culture. Emphasis is placed on communication skills. Prerequisite: [a grade of "C" or better in HUNG 1000] or written consent of department head.
8.13 Global Political Economy Program

Program Coordinator: Mark Hudson

8.13.1 Program Information

Global Political Economy (GPE) is an interdisciplinary program offered through five departments: History, Sociology and Criminology, Economics, Anthropology, and Political Studies. The program draws on multiple disciplinary perspectives to develop critical understanding of complex, contemporary global events and issues, and to build the research, analytical, and communication skills necessary to address them. Faculty from each participating discipline collaborate to create Major and Advanced Major degree programs focused on analyzing changes in global political and economic relations, and linking them with local issues, cultures, and political economies.

For entry to the General Major, the prerequisite is a grade of “C” or better in the following: both ECON 1010 and ECON 1020, or both ECON 1210 and ECON 1220; and 6 credit hours from GPE 1700 (or GEOG 1700), HIST 1370, HIST 1380, HIST 1500, HIST 2730, HIST 2732, HIST 2734.

For entry to the Single Advanced Major, the prerequisite is a grade of “C” or better in the following: both ECON 1010 and ECON 1020, or both ECON 1210 and ECON 1220; and 6 credit hours from GPE 1700 (or GEOG 1700), HIST 1370, HIST 1380, HIST 1500, HIST 2730, HIST 2732, HIST 2734, POLS 1000.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Note: Students who declare and complete a Major will not be required or allowed to complete a separate field for a Minor for purposes of satisfying degree requirements.

NOTES:
1 Students in the General Major are very strongly advised to include in their elective courses a minimum of 6 credit hours from the following list (if not already taken in the core requirements): ANTH 2530, ANTH 3750, ECON 2630, HIST 1370, HIST 1380, HIST 1500, HIST 2670, HIST 2680, HIST 2730, HIST 2732, HIST 2734, POLS 1000, POLS 2040, POLS 3250, POLS 3810, SOC 3380, SOC 3838, SOC 3840, SOC 3890.
2 Students are advised to take ANTH 1220 or ANTH 1520 as an elective in Year 1 as it is the prerequisite for some upper level Anthropology courses. Otherwise, students will require written consent of Anthropology department head prior to registration.
3 Students are advised to take SOC 1200 as an elective in Year 1 as it is the prerequisite for upper level Sociology courses. Otherwise, students will require written consent of Sociology and Criminology department head prior to registration.
4 Students are advised to take POLS 2040 as an elective in Year 2 as it is the prerequisite for upper level Political Studies courses. Otherwise, students will require written consent of Political Studies department head prior to registration.

8.13.3 Global Political Economy Course Descriptions

**GPE 1700 Social Justice in the 21st Century: Global Political Economy and Environmental Change**

Introduces students to political economy and cultural geography through the close analysis of contemporary world events, including but not limited to instances of violent conflict, environmental change, international negotiations, political processes and events, social movements, and policy developments. A multimedia approach will advance students' understanding of geopolitical events from political economy and spatial perspectives. Specific content of the course will change year-by-year in response to developments in national and world politics. Also offered by Clayton H. Riddell Faculty of Environment, Earth, and Resources as GEOG 1700. Students may not hold credit for both GPE 1700 and GEOG 1700.

**GPE 2700 Perspectives on Global Political Economy**

An interdisciplinary seminar exploring issues in political economy at the global level from the perspectives of Anthropology, History, Economics, Political Studies, and Sociology. Prerequisite: written consent of Global Political Economy coordinator.

**GPE 3700 A Survey of Global Political Economy**

Provides students with a systemic intellectual history of the field of Global Political Economy. The course delineates Global Political Economy as a distinctive scholarly tradition, discusses the separation of economics and politics, and surveys the tradition from classical political economy through historical materialism, development economics, imperialism, world systems theory, and more. Students will relate these approaches to contemporary issues in GPE such as economic and ecological crises, inequality, or...
corporate power. Prerequisite: [a grade of "C" or better in GPE 1700 or GEOG 1700] or written consent of instructor.

**GPE 4700 Studies in Global Political Economy**  
**Cr. Hrs. 6**

An advanced interdisciplinary seminar that will study the effects of institutions, structures, and dynamics operating in the current global political economy. Students, working in groups, will be expected to do case studies on selected local (or regional) political economies. Prerequisite: written consent of Global Political Economy coordinator.

---

### 8.14 Department of History

**Head:** Tina Chen  
**Campus Address/General Office:** 403 Fletcher Argue Building  
**Telephone:** 204 474 8401  
**Email Address:** history@umanitoba.ca  
**Website:** umanitoba.ca/history

#### 8.14.1 Program Information

The study of history provides essential background for many disciplines and professions where research analysis, communications skills and an understanding of how past events influence the present are important. The department includes specialists in intellectual, cultural, social, medieval, Aboriginal, women’s, and international history. A particular area of departmental specialization is Canadian and western Canadian history.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**Major Program**

For entry to the Major, the prerequisite is a grade of "C" or better in the first six credit hours of History. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

When selecting 2000-level courses in Year 2, students should anticipate their future interests.

**Minor (Concentration) Program**

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in the first six credit hours of History.

**Honours Program**

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

In addition, students are to have a grade point average of 3.0 or better in all History courses completed before admission.

To continue in the Honours program a 3.0 grade point average, with minimum grades of "B" in all 3000- and 4000-level History courses, must be maintained. Normally, students who fail to maintain a minimum grade of "B" in all 3000- and 4000-level courses will be required to withdraw from the Honours program.

It is recommended that students complete HIST 4400 or HIST 4580 in Year 4 if they intend to do graduate work.

**Other**

At most, 12 credit hours at the 1000-level in History may count for a B.A. General, B.A. Advanced, or B.A. Honours Degree credit.

Courses CLAS 2140, CLAS 2150, CLAS 2160 and CLAS 2170 offered by the Department of Classics count for credit towards a General Major, Single Advanced Major, Minor (Concentration), Single Honours or Double Honours in History.

#### 8.14.2 History

Students, particularly those intending to proceed to a graduate program, are encouraged to study a second language during the course of their Honours program.

Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding History courses).

Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including History courses). It is recommended students register for additional History courses at the 2000 level or higher.

Honours courses: all 4000 level courses.
8.14.3 History Course Descriptions-1000 Level

**HIST 1200 An Introduction to the History of Western Civilization (G)**  
Cr. Hrs. 6  
An introductory survey of the cultural history of the Western world from the ancient Greeks to the present. Students may not hold credit for HIST 1200 and any of: HIST 1201 or HIST 1350 or HIST 1360.

**HIST 1260 New Directions in History: Inquiries into the Cultural Basis of the Modern World (G)**  
Cr. Hrs. 3  
The history of cultural change focusing on such topics as leisure and popular culture, sexuality and history, and the social consequences of creativity and genius. The specific content will vary from year to year.

**HIST 1270 New Directions in History: Inquiries into the Power Relations of the Modern World (G)**  
Cr. Hrs. 3  
The history of the social and cultural impact of factors such as changes in technology and communication, warfare, and revolution. The specific content will vary from year to year.

**HIST 1350 An Introduction to the History of Western Civilization from 1500 (G)**  
Cr. Hrs. 3  
An introductory survey of the cultural history of the Western World from the earliest civilizations to 1500. Students may not hold credit for HIST 1350 and any of: HIST 1200 or HIST 1201.

**HIST 1360 An Introduction to the History of Western Civilization from 1500 (G)**  
Cr. Hrs. 3  
An introductory survey of the cultural history of the Western World from 1500 to the present. Students may not hold credit for both HIST 1360 and any of: HIST 1200 or HIST 1201.

**HIST 1370 An Introduction to Modern World History: 1500-1800 (M)**  
Cr. Hrs. 3  
A study of the forces which created the modern world, including the rise of capitalism and the encounter of Western and non-Western societies. Students may not hold credit for both HIST 1370 and HIST 1500.

**HIST 1380 An Introduction to Modern World History: 1800-Present (M)**  
Cr. Hrs. 3  
A study of the forces which created the modern world, including industrialization, imperialism, decolonization, and the emergence of revolution and counter-revolution. Students may not hold credit for both HIST 1380 and HIST 1500.

**HIST 1390 History of Colonial Canada: 1500-1885 (C)**  
Cr. Hrs. 3  
A study of the development of Canada from its colonial origins to the completion of national and transcontinental unification. Emphasis is on French Canada, Indian-European cultural contact, regional life and social organization, impact of colonialism, and the creation of a national state. Students may not hold credit for HIST 1390 and any of: HIST 1440 or HIST 1441.

**HIST 1400 History of the Canadian Nation since 1867 (C)**  
Cr. Hrs. 3  
A study of the national development of Canada to the present. Emphasis is placed on French Canada, the regional life and social organization of the country, the impact of continentalism, the development of the economy, and the rise of a national sentiment. Students may not hold credit for HIST 1400 and any of: HIST 1440 or HIST 1441.

**HIST 1420 Asian Civilizations to 1500 (B)**  
Cr. Hrs. 3  
A study of major themes in the history and culture of China and Japan, the Indian subcontinent and Southeast Asia from ancient times to around 1500. Also offered as Asian Studies ASIA 1420. May not be held with ASIA 1420 or the former HIST 1410.

**HIST 1430 Asian Civilizations from 1500 (B)**  
Cr. Hrs. 3  
A study of major themes in the history and culture of China and Japan, the Indian subcontinent and Southeast Asia in modern times. Also offered as Asian Studies ASIA 1430. May not be held with ASIA 1430 or the former HIST 1410.

**HIST 1440 History of Canada (C)**  
Cr. Hrs. 6  
A study of Canadian development from earliest days to the present. Emphasis is placed on Aboriginal societies, the history of French Canada, the regional life and social organization of the country, the impact of colonialism and continentalism, and the rise of nationalisms. Students may not hold credit for HIST 1440 and any of: HIST 1441 or HIST 1390 or HIST 1400.

**HIST 1500 An Introduction to Modern World History: 1500-Present (M)**  
Cr. Hrs. 6  
A study of the forces which created the modern world, including the rise of capitalism, colonial expansion from the 15th Century on, and the emergence of revolution and counter-revolution in the 20th Century. Students may not hold credit for both HIST 1500 and any of: HIST 1370 or HIST 1380.

8.14.3 History Course Descriptions-2000 Level

**HIST 2050 South Asia since 1947 (B)**  
Cr. Hrs. 3  
A comparative history of India, Pakistan, Bangladesh and Sri Lanka since their achievement of independence in the late 1940s.

**HIST 2130 Emergence of Modern South Asia: 1757-1947 (B)**  
Cr. Hrs. 3  
A survey of major developments in the modern history of the Indian subcontinent with particular reference to colonialism and nationalism and to the 20th Century emergence of India, Pakistan, and Bangladesh.

**HIST 2140 Colonial Latin America (A)**  
Cr. Hrs. 3  
A survey of the major developments in Latin America from the Indigenous cultures and European Conquest to Independence in 1821.

**HIST 2150 Independent Latin America (A)**  
Cr. Hrs. 3  
A survey of the major developments in Latin America from Independence in 1821 to the present.

**HIST 2180 The History of Catholicism to 1540 (G)**  
Cr. Hrs. 3  
The history of Roman Catholicism from the first century to 1540. Emphasis will be placed on the external forces and internal developments that have shaped Catholicism.

**HIST 2200 Labour History: Canada and Beyond (C)**  
Cr. Hrs. 3  
This course explores the history of working people's struggles, victories and defeats in Canada, with attention to gender, "race" and ethnicity. Topics include the origins and evolution of labour unions and workplace rights and the role of politics and social movements. Also offered as LABR 2200. May not be held with LABR 2200.

**HIST 2210 History of Britain, 1485 to the Present (E)**  
Cr. Hrs. 6
A general survey of British history from 1485 to the present. Emphasis is placed on constitutional, political, and diplomatic themes; social, economic, and cultural factors are also discussed. Students may not hold credit for both HIST 2210 and HIST 2211.

HIST 2220 The Shaping of Modern Ireland, 1500-Present (E) Cr. Hrs. 6
The history of Ireland from 1500 to the end of the twentieth century focusing on changes in political, social, religious, economic and cultural relationships in shaping Modern Ireland.

HIST 2230 History of the United States from 1607 (A) Cr. Hrs. 6
A survey of the development of the American people and their institutions from Colonial times to the present day. Students may not hold credit for HIST 2230 and any of: HIST 2750 or HIST 2760 or HIST 2761.

HIST 2240 History of Antisemitism and the Holocaust (E) Cr. Hrs. 6
A survey of the role of the Jewish minority in Christian Europe over the past two thousand years. First term will focus on the evolution of anti-Jewish ideas and policies. Second term will be a study of the Nazi German Holocaust and, in particular, the role of antisemitism as a causal factor therein. Students may not hold credit for both HIST 2240 and the former JUD 2940.

HIST 2250 Social History of the Jews: Antiquity to Present (G) Cr. Hrs. 6
A social, economic, and political history of the Jewish experience from the beginnings of the Jewish diaspora to the present, covering Jewish communities in medieval and modern Europe, the Middle East, and North America.

HIST 2280 Aboriginal History of Canada (C) Cr. Hrs. 6
A historical survey of Aboriginal peoples in Canada from early times to the present. The course will cover pre-contact peoples, responses to the European arrival, military alliances, the fur trade, the Métis, treaties, government policies and Aboriginal responses, and cultural resurgence and political organizing since 1945.

HIST 2282 Inventing Canada (C) Cr. Hrs. 3
This course examines the "invention" and "reinvention" of Canada both before and after Confederation. It examines the process of invention from a range of different perspectives: political, cultural, economic, and social.

HIST 2286 Modern Canada (C) Cr. Hrs. 3
This course addresses the history of Canada since the First World War with attention to social, political, economic, diplomatic and cultural topics such as: interwar and postwar life, struggles for equality, international and internal conflict, immigration, new technologies, nationalism, aboriginal affairs, the arts and Canada's role in the world. Students may not hold credit for HIST 2286 and any of: HIST 2971 or HIST 3050 or the former HIST 2970.

HIST 2288 History of Social Movements in Canada (C) Cr. Hrs. 3
This course examines how Canadian democracy has historically been contested, debated, and challenged. It will focus on the post-Confederation history of social movements, citizen engagement, and state responses to dissent. The course will discuss grassroots movements of workers, the poor, women, indigenous peoples, and racial and ethnic minorities. Students may not hold credit for both HIST 2288 and the former HIST 2284.

HIST 2350 Europe 1789-1870 (E) Cr. Hrs. 3
The History of Europe during the French Revolution and the conservative reaction to it, focusing on political ideologies and national and international politics. Students may not hold credit for both HIST 2350 and HIST 2370.

HIST 2360 Europe 1870 to the Present (E) Cr. Hrs. 3
The history of Europe since 1870, focusing on industrialisation, imperialism, political ideologies, and national and international politics. Students may not hold credit for both HIST 2360 and HIST 2370.

HIST 2370 History of Europe since the French Revolution (E) Cr. Hrs. 6
The history of Europe since 1789, focusing on industrialization, political ideologies, and national and international politics. Students may not hold credit for HIST 2370 and any of: HIST 2350 or HIST 2360.

HIST 2390 Early Modern Europe, 1450-1789 (D,E) Cr. Hrs. 6
This course is a survey of early modern European history. It will include such major topics as the Renaissance, the printing revolution, the Reformation, European interactions with the rest of the world and imperialism, the military revolution, the witch trials and the Enlightenment.

HIST 2400 History of Human Rights and Social Justice in the Modern World (G,M) Cr. Hrs. 3
Introductory course examining the emergence of the modern human rights era and social justice movements globally. Possible topics of study: human rights as global norm; non-Western conceptions of rights; workplace rights; indigenous rights; women's and gender rights.

HIST 2410 History of India (B) Cr. Hrs. 6
The aim of the course is to introduce students to Indian history. It provides a broad survey of major developments in Indian history from its origins in Indus valley to the present.

HIST 2420 The Medieval World (D) Cr. Hrs. 6
A survey of the society and culture of the Middle Ages, from 500-1500.

HIST 2490 History of Russia (E) Cr. Hrs. 6
A survey of Russian history from its origins to the present. Students may not hold credit for HIST 2490 and any of: HIST 2660 or HIST 2661 or HIST 2840 or HIST 2841.

HIST 2500 History of Africa (R) Cr. Hrs. 6
A broad survey of African history from pre-colonial times through colonialism to the post-colonial present.

HIST 2502 The Modern Middle East: A Critical Survey (R) Cr. Hrs. 6
Survey of the major issues in the history of the modern Middle East. Emphasis on understanding today's social and political context in the Middle East through the lens of history. Students may not hold credit for both HIST 2502 and HIST 2900 with the topic "The Middle East from the Rise of Islam to the Nation State."

HIST 2520 A History of Germany since the Reformation (E) Cr. Hrs. 6
A survey of German history from the 16th Century to the present day.

HIST 2570 Nationalism in Modern Times (M) Cr. Hrs. 3
A study of the ideology and practices of national movements in the 19th and 20th Centuries. Attention will be given in particular to the development of the idea of the nation, and nation-building in the twentieth-century world.

HIST 2600 Introduction to Ukraine (E) Cr. Hrs. 3
A history of Ukraine and its people, beginning with medieval Kievan Rus’ and ending in the 18th century with Ukraine’s absorption into Russian and Austrian empires.

HIST 2610 Making of Modern Ukraine (E) Cr. Hrs. 3
A history of cultural, religious, economic and political forces, in the period 1800 to the present, that stimulated Ukraine's struggle for national independence from foreign domination.

HIST 2650 Modern China and Japan (B)  Cr. Hrs. 6
An examination of the major developments in East Asian history from the mid-1800s to the present. Topics to be studied include Western imperialism in East Asia, the Chinese revolutions, Japanese and Chinese approaches to modernization, democracy movements in Japan and China, and how Sino-Japanese relations shape the history of region.

HIST 2654 History of the People's Republic of China, 1949-Present (B)  Cr. Hrs. 3
This course examines the history of the People's Republic of China from its founding in 1949 through the present day. The course considers continuity and change between the Maoist and post-1976 periods as well as changing meanings of socialism and their impact on state power and social orders.

HIST 2660 History of the Soviet Union (E)  Cr. Hrs. 3
Attention will be given in particular to the Russian Revolution, the nature of the Soviet political system, the major social and economic experiments, and the Soviet role in international politics. Students may not hold credit for HIST 2660 and any of: HIST 2661 or HIST 2490 or the former HIST 3471.

HIST 2670 History of Capitalism (M)  Cr. Hrs. 3
A study of the emergence and evolution of the capitalist system stressing its effects on human culture from the 15th to the 20th Centuries. Students may not hold credit for both HIST 2670 and HIST 2671.

HIST 2680 A History of Socialism from the French Revolution to the Present (M)  Cr. Hrs. 3
The history of socialism, both revolutionary and nonrevolutionary from the French Revolution to the present. The course covers the history of theory and political action, and of both European and non-European socialism.

HIST 2730 Modern World History, 1914-1945: The 30 Years' Crisis (G, M)  Cr. Hrs. 3
A global economic, social, political and cultural history of the twentieth century history from World War I to the eve of the Cold War, emphasizing the impact of war and economic crisis. Students may not hold credit for HIST 2730 and any of: HIST 2381 or the former HIST 2380.

A global, economic, social, political and cultural history of the twenty-first century from the onset of the Cold War and decolonization to the collapse of the Soviet Union. Students may not hold credit for HIST 2732 and any of: HIST 2381 or the former HIST 2380 or the former HIST 2720.

A global, economic, social, political and cultural history of the twenty-first century, emphasizing the on-going development of the post-Cold War international economic and political order. Students may not hold credit for HIST 2734 and any of: HIST 2381 or the former HIST 2380 or the former HIST 2720.

HIST 2750 History of the United States from 1607 to 1877 (A)  Cr. Hrs. 3
A survey of the development of the American people and their institutions from Colonial times to Reconstruction. Students may not hold credit for HIST 2750 and any of: HIST 2230 or HIST 2041.

HIST 2760 History of the United States from 1877 (A)  Cr. Hrs. 3
A survey of the development of the American people from Reconstruction to the present. Students may not hold credit for HIST 2760 and any of: HIST 2761 or HIST 2230.

HIST 2820 An Introduction to Historical Method (G)  Cr. Hrs. 6
This course is intended mainly for prospective history and social science teachers but also will be useful for History Major and Honours students. It combines a survey of approaches to the writing of history, past and present, and, through the presentation of a research paper, an introduction to the use and assessment of historical evidence. Students may not hold credit for both HIST 2820 and the former HIST 2821.

HIST 2840 A History of Russia to 1917 (E)  Cr. Hrs. 3
A survey of the historical development of Russia from its beginnings to the end of the Imperial period. Students may not hold credit for HIST 2840 and any of: HIST 2841 or HIST 2490 or the former HIST 3471.

HIST 2900 Topics in Social History (G)  Cr. Hrs. 6
The content of this course will vary from year to year. A description of the course is available in advance at the History Department Office. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 2930 The History of the British Isles, 412-1485 (D)  Cr. Hrs. 6
A survey of the political, social, religious and cultural history of the British Isles (with special emphasis on England) from the end of the Roman occupation to the conclusion of the Wars of the Roses.

HIST 2990 The History of Catholicism since 1540 (G)  Cr. Hrs. 3
Description The history of Roman Catholicism from about 1540 to the present. Emphasis will be placed on Catholic responses to the modern world and to movements of theological and institutional reform. Students may not hold credit for both HIST 2990 and HIST 2991.

HIST 3052 Canada since the 1960s (C)  Cr. Hrs. 3
Major developments since 1945, with special emphasis on changes in the Mexican revolutionary system, the crisis in Central America, and the Cuban Revolution. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3040 Mexico, Central America, and Cuba since 1945 (A)  Cr. Hrs. 3
Major developments since 1945, with special emphasis on changes in the Mexican revolutionary system, the crisis in Central America, and the Cuban Revolution. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3050 Canada since 1945 (C)  Cr. Hrs. 6
A problems approach to recent Canadian history involving lectures and seminars. Emphasis will be placed on political, social and economic issues of national interest during the last 40 years. Students may not hold credit for both HIST 3050 and HIST 2286. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3052 Canada since the 1960s (C)  Cr. Hrs. 3
Examines fundamental topics and themes in Canada's politics, economy and society from the 1960s to the present, including: Quebec nationalism after 1960; western regionalism and the reassessment of provincial rights since the 1970s; the women's movement and first nations' activism since the 1960s; constitutional reform, patriation and the Charter of Rights and Freedoms in the 1980s and 1990s; free trade and globalization since the
HIST 3054 Canada and the United States (C)  Cr. Hrs. 3
This course will undertake a detailed and comprehensive study of Canada's relationship with its neighbour from the eighteenth century to the present. Students may not hold credit for both HIST 3054 and the former HIST 3220. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3062 German and German-Jewish History, 1618 to the Present (E)  Cr. Hrs. 6
The history of Germany from 1618 to the present with a focus on the experience of German Jewry. Students may not hold credit for HIST 3062 and any of: HIST 3064 or HIST 3066 or the former HIST 3060. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3064 German and German-Jewish History, 1618-1900 (E)  Cr. Hrs. 3
Description The history of Germany from 1618 to 1900 with a focus on the experience of German Jewry. Students may not hold credit for HIST 3064 and any of: HIST 3062 or the former HIST 3060. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3066 German and German-Jewish History, 1900 to the Present (E)  Cr. Hrs. 3
The history of Germany from 1900 to the present with a focus on the experience of German Jewry. Students may not hold credit for both HIST 3066 and HIST 3062. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3070 History of the United States from 1877 to 1939 (A)  Cr. Hrs. 6
This course will trace the political, social, economic, and cultural history of the United States from the period of Reconstruction to the start of the Second World War. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3080 History of American Consumer Culture (A)  Cr. Hrs. 3
This course will trace the development of American consumer society from the colonial era to the present. Topics addressed include the histories of: branding, mass distribution, department stores, advertising, mass-market magazines, consumer organizing, and consumer protest. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3090 Studies in Asian History (B)  Cr. Hrs. 3
The content of this course will vary. It is designed to provide in-depth examination of specialized themes or areas in modern Asian history. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 3110 Topics in History 1 (G)  Cr. Hrs. 3
An opportunity for the intensive study of selected topics or themes in history. The content varies, but may include work in social and cultural history or on specialized subjects. Consult the History Department and the Registration Guide for particulars. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 3136 History of Medieval Italy, 568-1300 (D)  Cr. Hrs. 3
An examination of the political, social, economic and cultural history of the Italian peninsula from the arrival of the Lombards to the development of city republics. Students may not hold credit for both HIST 3136 and HIST 3140. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3138 History of Medieval Italy, 1300-1500 (D)  Cr. Hrs. 3
An examination of the political, social, economic and cultural history of the Italian peninsula during the later Middle Ages. Students may not hold credit for both HIST 3138 and HIST 3140. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3140 Medieval Italy (D)  Cr. Hrs. 6
A study of topics in the history of the Italian peninsula between the 6th and 15th centuries, with emphasis on urban life, gender, and religious culture. Students may not hold credit for HIST 3140 and any of: HIST 3136 or HIST 3138. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3210 The History of Popular Radicalism in the Twentieth Century (M)  Cr. Hrs. 6
Studies in the history of popular radicalism since the Bolshevik Revolution. Topics will include the development of communist and social democratic movements in the West, socialist revolutions in the underdeveloped world, the nature of communist workers’ states and the development of radical theory. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3212 Global Sweatshops, Global Struggles (M)  Cr. Hrs. 3
This course explores the past and present of sweatwork in various industries in the Global North and South. We explore circumstances that support sweatshops, including off-shoring and the new international division of labour, migrant, child and female labour forces; global supply chains and the role of retailers and contractors. We also compare and evaluate strategies to eliminate sweatshops, include NGO activities, government regulations, consumer boycotts and the international labour, student and social justice movements. Also offered as Labour Studies LABR 3220. Students may not hold credit for both HIST 3212 and LABR 3220. Prerequisite: [a grade of "C" or better in six credit hours of history or written consent of the department head] or [a grade of "C" or better in three credit hours of 1000 level Labour Studies or written consent of the Labour Studies coordinator].

HIST 3214 Canada's Left: Rebellion and Repression (C)  Cr. Hrs. 3
This course traces the emergence and evolution of Canada's left from the late nineteenth century to the present, with an emphasis on its two main streams, communism and social democracy. Topics include the relationship between popular, party, labour, and ethnic lefts; left parties and mainstream politics; the left in the evolution of human rights and in other public policies; the treatment within various lefts of gender, race, sexuality and ethnicity; popular movements; legal constraints and state repression. Also offered as LABR 3214. Not to be held with LABR 3214. Prerequisite: [a grade of "C" or better in six credit hours of History or written consent of the department head] or [a grade of "C" or better in three credit hours of 1000 level Labour Studies or written consent of Labour Studies coordinator].

HIST 3250 Canada and the World, 1867 to the Present (C)  Cr. Hrs. 6
A study of selected aspects of Canada's external relations since Confederation. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3260 Commerce, Rights and Empire in European Thought, 500-2000 (M)  Cr. Hrs. 3
This course will scrutinize the intersection of commerce and governance in Europe from c.500 to the present, paying particular attention to the way that debates about commerce, war and peace have generated notions of human rights over the past three centuries. We will explore whether and how debates about the proper way to govern trade played important roles not only in the creation of the modern categories of the "state" and the "economy," but also in understandings of the person as a rational actor of politics with substantial rights. Prerequisite: a grade of "C" or better in six credit hours of history or written consent of department head.

HIST 3290 The United States since 1939 (A) Cr. Hrs. 6
A survey of political, social, economic, and cultural history of the United States since the beginning of the Second World War. Prerequisite: a grade of "C" or better in six credit hours of history or written consent of department head.

HIST 3340 Studies in the History of Digital Culture (G) Cr. Hrs. 3
This course will examine the social-cultural meanings of computer and communications technologies. The course will predominantly treat the twentieth and twenty-first centuries, examining the evolution of technologies from the 1930s to today. Focused on the global west, the course will also consider the worldwide implications and reach of digital cultures and technologies. Students may not hold credit for both HIST 3340 and the former HIST 3120 with the topic "History of Digital Culture." Prerequisite: a grade of "C" or better in six credit hours of history or written consent of department head.

HIST 3430 Britain, 1714-1815 (E) Cr. Hrs. 6
An examination of the political structure, constitutional developments, colonial problems, and social and religious changes, the impact of the industrial revolution, and the reaction to the French Revolution in Britain during this period. Prerequisite: a grade of "C" or better in six credit hours of history or written consent of department head.

HIST 3442 Race, Ethnicity, Immigration, and Nation in Canadian History (C) Cr. Hrs. 3
This course examines topics in the history of immigration, colonization, race, and ethnicity in Canada. Beginning with the incursions of European immigrants onto First Nations territories, the course investigates attitudes and policies concerning immigration, the interaction of colonization and immigration, discourses of race and ethnicity, and race and ethnic relations within Canadian society. Students may not hold credit for both HIST 3442 and HIST 3780 with the topic "Race and Immigration in Canadian History." Prerequisite: a grade of "C" or better in six credit hours of history or written consent of department head.

HIST 3480 The Margins of the Middle Ages (D) Cr. Hrs. 3
A study of groups and movements situated on the periphery of European society between 1100 and 1500. Prerequisite: a grade of "C" or better in HIST 2420) or written consent of department head.

HIST 3504 Apartheid South Africa and the Struggle for Human Rights (R) Cr. Hrs. 3
An examination of the apartheid system and its impact with special emphasis on local and international struggles against the system. Students may not hold credit for both HIST 3504 and HIST 3110 with the topics "Nelson Mandela from Prisoner to President" and "Apartheid and the Struggle for Democracy and Human Rights." Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.

HIST 3506 History of South Africa: From Jan van Riebeck to Nelson Mandela (R) Cr. Hrs. 3
This course explores the various intersections of statecraft, the economy, society and identity by looking at how resources, labour and political control played out in changing mechanisms of power, accommodation and resistance in South Africa during the colonial and apartheid eras. Students may not hold credit for both HIST 3506 and HIST 3110 with the topic "History of South Africa: from Jan van Riebeck to Nelson Mandela." Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.

HIST 3550 Popular Culture, Crime and Punishment in England, 1550-1850 (E) Cr. Hrs. 3
A history of crime and the institutions for its control and punishment in England from the Tudor period to the turn of the nineteenth century. We will trace the connections between crime and larger processes such as war, the economy and urbanization. Topics will include the changing patterns of crime, the role of gender in the application of law, the reform of the criminal law and the emergence of imprisonment. Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.

HIST 3572 The History of Women, Gender, and Sexuality in Canada (C) Cr. Hrs. 6
This course examines the history of women, gender, and sexuality in Canada's past and how gender and sexuality have structured the histories of Indigenous people, English and French colonization, nation-building, immigration and urbanization, politics, war, and protest. Students may not hold credit for both HIST 3572 and the former HIST 3570. Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.

HIST 3574 Disease and Society in the Modern World (G,M) Cr. Hrs. 3
This course will emphasize the relationship between disease and imperialism, capitalist development, and war; and examine social and state responses. The course will explore connections between the biological and the cultural aspects of infectious disease experiences. Students may not hold credit for both HIST 3574 and HIST 3110 with the topics "History of Disease" and/or "History of Health and Disease." Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.

HIST 3580 Topics in Recent World History (M) Cr. Hrs. 3
An in-depth treatment of selected topics in world history since 1945. The content of the course will vary from year to year, and a precise description is available in advance from the History department office. Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 3680 Europe, 1870-1945 (E) Cr. Hrs. 6
Europe at the zenith of its power. The course examines the dominant forces and personalities of the period between Bismarck and Hitler. It emphasizes nationalism and minorities questions; the origins and events of the two world wars; and the domestic concerns of the major European states. Students may not hold credit for HIST 3680 and any of HIST 3682 or HIST 3684. Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.

HIST 3682 Europe 1870-1918 (E) Cr. Hrs. 3
Europe at the zenith of its power. The course examines the dominant forces and personalities of the period from Bismarck to the end of the First World War. It emphasizes the domestic and international concerns of the major European powers, the industrial revolution, and the partition of Africa, as well as the causes and events of the First World War. Students may not hold credit for both HIST 3682 and HIST 3680. Prerequisite: a grade of "C" or better in six credit hours of history) or written consent of department head.
HIST 3684 Europe 1918-1945 (E)  Cr. Hrs. 3
Europe in decline. The course examines the peace settlement of 1919, and the balance of power generally. It also considers fascism, the Russian Revolution, the rise of Nazism, the Spanish Civil War in addition to the origins and events of the Second World War. Students may not hold credit for both HIST 3684 and HIST 3680. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3690 History of Northern Canada (C)  Cr. Hrs. 6
A regional history of northern Canada with particular emphasis on native people. Themes will include culture contact, economic exploitation of northern territories, and the political relationship of metropolis and hinterland in Canada. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3700 History of Working People and Labour Movements 1700 to the Present (G)  Cr. Hrs. 6
A survey of working class history with emphasis upon the varieties of labour movements and trade unions. The course will refer to the social and political experience of working people in Great Britain, Europe and the United States and will devote one term to Canadian topics. Also offered as Labour Studies LABR 3700. May not be held with LABR 3700. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3730 A History of Western Canada (C)  Cr. Hrs. 6
A regional history emphasizing the development of a Western perspective upon the nation. Topics include the fur trade and Red River Settlement, transition to Canadian institutions, the wheat economy, immigration, labour and political movements, cultural changes. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3740 Topics in Latin American History (A)  Cr. Hrs. 3
The contents of this course will be announced each year. Consult the History Department. It is designed to provide in-depth studies of specialized subjects and themes in modern Latin American history. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 3750 Indigenous Peoples in Modern Latin America (A)  Cr. Hrs. 3
A study of indigenous peoples in modern Latin America. Topics to be discussed will include the construction of racial hierarchies and exclusionary nation-states, indigenous engagements with leftist politics and revolution as well as struggles for political autonomy and cultural rights. Students may not hold credit for both HIST 3750 and HIST 3740 with the topic "Indigenous Peoples and the Nation-State in Modern Latin America." Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3760 Problems in American History 1 (A)  Cr. Hrs. 3
The subject matter of this course will be announced each year. Consult the History department. Students may not hold credit for both HIST 3760 and HIST 3761. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 3780 Studies in Canadian History 1 (C)  Cr. Hrs. 3
The content of this course will vary. It is designed to provide in-depth studies of specialized topics and themes in Canadian history. A precise description of the course is available in advance at the History department office. Students may not hold credit for both HIST 3780 and HIST 3781.

HIST 3800 History of Winnipeg from 1870-2000 (C)  Cr. Hrs. 3
A study of the social history of the city of Winnipeg from its origins through to the Aboriginal Justice Inquiry (1991). Students may not hold credit for both HIST 3800 and the former HIST 3790 with the topic "History of Winnipeg." Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3880 Europe in Transition: 1348-1648 (E)  Cr. Hrs. 6
A study of the transition from the medieval to the modern world. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3910 The Ukrainians in Canada (C)  Cr. Hrs. 3
A history of the Ukrainian community in Canada. Topics to be discussed will include immigration, social and political organizations, churches, cultural assimilation, Ukrainian contributions to Canada, and relations with Ukraine. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3980 Nationalism on the Indian Sub-Continent in the Twentieth-Century (B)  Cr. Hrs. 3
A study of the emergence and consolidation of the nations of India, Pakistan and Bangladesh, 1909 to the present. Prerequisite: [a grade of "C" or better in six credit hours of history] or written consent of department head.

HIST 3990 Seminar in Selected History Topics (G)  Cr. Hrs. 6
This course will provide a systematic introduction to advanced research seminars, paying particular attention to the development of: oral skills and public presentation of ideas and research; focused historiographical discussion and analysis; and advanced historical research and writing skills. This course provides the skills and preparation for Year IV of the History Honours program. Prerequisite: [a grade of "C" or better in six credit hours of History] and written consent of department head.

8.14.3 History Course Descriptions-4000 Level

HIST 4000 Topics in History (G)  Cr. Hrs. 3
The content of this course will vary. It is designed to provide students with specialized topics and themes in History. A description of the course is available in advance at the History Department Office. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

HIST 4010 Imperialism, Decolonization and Neo-Colonialism, 1700 to the Present (G,M)  Cr. Hrs. 6
Studies in the theories and practise of imperialism from an historical perspective. Prerequisite: written consent of department head.

HIST 4040 The Later Middle Ages (D)  Cr. Hrs. 6
Selected topics in economics, social, cultural, art, and religious history of the later medieval world. Prerequisite: written consent of department head.

HIST 4050 England in the Long Eighteenth Century (E)  Cr. Hrs. 6
Selected themes in the history of England's long eighteenth century, from 1660-1840. Specific topics will vary from year to year, but will generally include the transformation of political culture, the consequences of war, the question of national identities, the emergence of commercial society and the changes in social structure. Prerequisite: written consent of the department head.

Gender history explores the roles, images, and experiences of masculinity and femininity in the past. This course will familiarize students with the changing theoretical and historiographical terrain of gender history. It will draw on the international literature but focus on the history of gender in Canada, examining how historians analyse masculinity, femininity, the family, sexuality, politics, race/ethnicity, moral regulation, class, nation, and colonialism. Prerequisite: written consent of department head.

The content of this course may vary. Emphasis will be on analysis of important issues and recent developments in the history and historiography of modern Asia. Consult the History Department for particulars. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

An examination of selected topics in American history from Reconstruction to the present. Particular topics will be announced each year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

A seminar course whose content will vary. A description of the course is available in advance at the History department office. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

A study of Aboriginal rights from early contact to the present with a particular emphasis on treaties, the courts, and Aboriginal efforts to enforce specific forms of rights. Prerequisite: written consent of department head.

Readings on the history of Latin America since colonial times, focused on the dynamic relationship between different social groups and the state. Based on an interdisciplinary theoretical framework, this historical overview will cover different geographical areas, issues, and social factors. Prerequisite: written consent of department head.

Studies in Canadian cultural, communications, and intellectual history. Topics will vary from year to year but a description is available in advance at the History department office. Prerequisite: written consent of department head.

A study of selective historical problems from 1861 to the present. The focus will shift from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

The content of this course may vary. A comparative approach to recent world history, utilizing area and thematic studies. Prerequisite: written consent of department head.

A thorough introduction to archival theory and practise with special emphasis on the history and development of archives and their place in modern society, terminology, collection development, appraisal arrangement, access, conservation, research aids and related archival principles. Prerequisite: written consent of department head.

A study of historical methods and historiography. Prerequisite: written consent of department head.

This seminar examines issues relating to Jewish history and historiography in the context of European history and historiography. Prerequisite: written consent of department head.

The readings of a select number of modern and classical historians. Preparation of a research paper on a particular historiographic problem. Prerequisite: written consent of department head.

Introduction to some of the principal issues and approaches in the history of health and disease. It is not meant to be a strictly chronological survey. Topics and themes may include the development of nursing and medical professions; transformation of the hospital; mental health; alternative therapies; colonization, infectious disease and aboriginal health; and health and the state. Prerequisite: written consent of department head.

This course explores the history of health and health care in Canada, with a focus on the late 19th and 20th centuries. Topics will include colonization, infectious disease, and Aboriginal health; the evolution of medical and nursing professions; the emergence of the modern hospital; mental health, psychiatry and the asylum; cancer; alternative therapies; childhood; health and old age; and health and the state. Analytical categories of gender, race, ethnicity, class, and sexuality will run throughout the material. Prerequisite: written consent of department head.

A study of selected historical developments in Latin America since the Cuban Revolution, with emphasis on most recent themes. Prerequisite: written consent of department head.

A study of the evolution of Canadian society with intensive analysis of topics such as the pioneer community, immigration, ethnic history, urban development. Prerequisite: written consent of department head.

A seminar course whose content will vary from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

A study of selected historical developments in Latin America since the Cuban Revolution, with emphasis on most recent themes. Prerequisite: written consent of department head.
A program of independent reading and/or research on selected topics, undertaken and arranged by a student in consultation with prospective instructor, upon the written approval of the department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.15 Department of Icelandic

Head: Peter Buchan
Campus Address/General Office: 357 University College
Telephone: 204 474 8487
Email Address: mailto:um_icelandic@umanitoba.ca
Website:umanitoba.ca/icelandic

8.15.1 Program Information

The department offers a study of a cultural heritage that crosses centuries, oceans and continents, which includes courses in Icelandic language and literature and the poetics of immigration. The study of Icelandic prepares students for opportunities in research, teaching, translation, writing, interpretation and publishing.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in either ICEL 1200 or ICEL 2200. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in ICEL 1400 and ICEL 1410, or ICEL 1200 or ICEL 2200.

Honours Program

The Honours program is not currently offered.

For information on reciprocal recognition of credit for Scandinavian/Icelandic courses given by the University of Alberta and the University of Manitoba, see the department.

The course is intended for beginners. Emphasis will be placed on conversation skills and reading comprehension, and students will also learn the basic grammatical structures of the language and how to write short compositions. Pronunciation is developed in weekly language laboratory exercises. Open to all students.

ICEL 1400 Introduction to Contemporary Culture in Iceland Cr. Hrs. 3

The aim of this course is to study and explore a selection of literature, music, and visual art, and cultural critique. Students will also get an opportunity to study and explore both global and local Icelandic cultural characteristics and the fusion of cultural influences in contemporary Iceland. Open to all students. Taught in English. Students may not hold credit for both ICEL 1400 and the former ICEL 1220.

ICEL 1410 Introduction to Culture in Medieval Iceland Cr. Hrs. 3

The aim of this course is to study a selection of sagas, history fragments and mythological sources. Students will also get an opportunity to explore the way in which world-renowned modern poets and writers have been drawn to, and seriously seduced by, the culture of medieval Iceland. Open to all students. Taught in English. Students may not hold credit for both ICEL 1410 and the former ICEL 1220.

8.15.3 Icelandic Course Descriptions-2000 Level

ICEL 2200 Intermediate Icelandic 1 Cr. Hrs. 6

Emphasis on expanding the vocabulary. Students are trained to read texts with more complex grammatical structures by studying both fictional texts and more complex non-fictional texts. Conducted in Icelandic. Students may not hold credit for both ICEL 2200 and the former ICEL 2240. Prerequisite: a grade of "C" or better in ICEL 1200 or the former ICEL 1240 or written consent of instructor.

ICEL 2220 Modern Icelandic Literature in Translation Cr. Hrs. 3

A study of modern Icelandic literature through an analysis of a selection of works by Icelandic writers in English translation from around 1900 until the present.

ICEL 2230 Contemporary Icelandic-Canadian Literature Cr. Hrs. 3

An examination of contemporary Icelandic-Canadian literature in English, its individual characteristics and place within the broader field of Canadian literature.

ICEL 2310 An Introduction to Old Icelandic Language and Literature Cr. Hrs. 6

ICEL 2400 Icelandic Folktales in a European Context Cr. Hrs. 3

Reading of Icelandic legends and fairy tales and how they compare with stories from Northern and Central Europe. For the analysis, students will be introduced to central concepts and approaches to the study of folktales. Open to all students. Taught in English. Students may not hold credit for both ICEL 2400 and the former ICEL 2250 (012.225).

ICEL 2410 Special Topics Cr. Hrs. 3

Topics dealing with Icelandic literature, culture or language. Course content will vary from year to year depending on interest and needs of students and staff. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

ICEL 2420 Poetics of Immigration in Icelandic-Canadian Literature Cr. Hrs. 3

A study of Icelandic-Canadian literature, focusing on the poetics of immigration in the writings of Icelandic settlers and the first generation of Icelandic-Canadians. As a special assignment, students will study the voice

---

### Notes:

1. Students with superior language ability will not be required to complete ICEL 1200 upon successful completion of a written test administered by the department.
2. Honours courses: ICEL 2310, ICEL 2420, ICEL 2430, ICEL 3400 and all 4000 level courses.
3. Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Icelandic courses).
4. Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including Icelandic courses).

### 8.15.3 Icelandic Course Descriptions-1000 Level

#### ICEL 1200 Introduction to Icelandic

Cr. Hrs. 6

The course is intended for students with little or no previous knowledge of Icelandic. Emphasis will be placed on reading comprehension and conversation skills, and students will also learn the basic grammatical structure of Icelandic and how to write short compositions. Pronunciation is developed in weekly language laboratory exercises. Students may not hold credit for both ICEL 1200 and the former ICEL 1240.

#### ICEL 1210 Conversational Icelandic

Cr. Hrs. 3

This course is offered as part of the Summer Session course offerings. Intensive study of conversational Icelandic during a field trip to Iceland. Students will be trained in groups in a classroom setting before they try their language skills in authentic situations. The course is designed for beginners as well as intermediate students. Regular attendance is obligatory. Taught in English. Open to all students.

#### ICEL 1300 Introduction to Swedish

Cr. Hrs. 3

The aim of this course is to study a selection of sagas, history fragments and mythological sources. Students will also get an opportunity to explore the way in which world-renowned modern poets and writers have been drawn to, and seriously seduced by, the culture of medieval Iceland. Open to all students. Taught in English. Students may not hold credit for both ICEL 1400 and the former ICEL 1220.

#### ICEL 1400 Introduction to Contemporary Culture in Iceland

Cr. Hrs. 3

The aim of this course is to study and explore a selection of literature, music, and visual art, and cultural critique. Students will also get an opportunity to study and explore both global and local Icelandic cultural characteristics and the fusion of cultural influences in contemporary Iceland. Open to all students. Taught in English. Students may not hold credit for both ICEL 1400 and the former ICEL 1220.

#### ICEL 1410 Introduction to Culture in Medieval Iceland

Cr. Hrs. 3

The aim of this course is to study a selection of sagas, history fragments and mythological sources. Students will also get an opportunity to explore the way in which world-renowned modern poets and writers have been drawn to, and seriously seduced by, the culture of medieval Iceland. Open to all students. Taught in English. Students may not hold credit for both ICEL 1410 and the former ICEL 1220.

---

#### ICEL 2200 Intermediate Icelandic 1

Cr. Hrs. 6

Emphasis on expanding the vocabulary. Students are trained to read texts with more complex grammatical structures by studying both fictional texts and more complex non-fictional texts. Conducted in Icelandic. Students may not hold credit for both ICEL 2200 and the former ICEL 2240. Prerequisite: a grade of "C" or better in ICEL 1200 or the former ICEL 1240 or written consent of instructor.

#### ICEL 2220 Modern Icelandic Literature in Translation

Cr. Hrs. 3

A study of modern Icelandic literature through an analysis of a selection of works by Icelandic writers in English translation from around 1900 until the present.

#### ICEL 2230 Contemporary Icelandic-Canadian Literature

Cr. Hrs. 3

An examination of contemporary Icelandic-Canadian literature in English, its individual characteristics and place within the broader field of Canadian literature.

#### ICEL 2310 An Introduction to Old Icelandic Language and Literature

Cr. Hrs. 6

#### ICEL 2400 Icelandic Folktales in a European Context

Cr. Hrs. 3

Reading of Icelandic legends and fairy tales and how they compare with stories from Northern and Central Europe. For the analysis, students will be introduced to central concepts and approaches to the study of folktales. Open to all students. Taught in English. Students may not hold credit for both ICEL 2400 and the former ICEL 2250 (012.225).

#### ICEL 2410 Special Topics

Cr. Hrs. 3

Topics dealing with Icelandic literature, culture or language. Course content will vary from year to year depending on interest and needs of students and staff. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

#### ICEL 2420 Poetics of Immigration in Icelandic-Canadian Literature

Cr. Hrs. 3

A study of Icelandic-Canadian literature, focusing on the poetics of immigration in the writings of Icelandic settlers and the first generation of Icelandic-Canadians. As a special assignment, students will study the voice
of the poet, philosopher, and social prophet Stephan G. Stephansson, and the universal references of his poetics. Taught in English. Open to all students. Students may not hold credit for both ICEL 2420 and the former ICEL 2300.

**ICEL 2430 Translation of Cultures in Icelandic-Canadian Literature**  
**Cr. Hrs. 3**

Description: A study of Icelandic-Canadian literature, focusing on the translation of cultures in the writings of modern and contemporary Icelandic-Canadian poets and writers. Students will read a selection of prose and poetry. They will also study ideas on the indispensable role of the translation of cultures in the context of world literature. Open to all students. Taught in English. Students may not hold credit for both ICEL 2430 and the former ICEL 2300.

**8.15.3 Icelandic Course Descriptions-3000 Level**

**ICEL 3200 Intermediate Icelandic 2**  
**Cr. Hrs. 6**

Reading of selected fictional and non-fictional texts. Translation exercises and composition followed by relevant review of grammar. A special focus is placed on syntax, word formation, and the use of idiomatic phrases. Conducted in Icelandic. Students may not hold credit for both ICEL 3200 and the former ICEL 3230. Prerequisite: [a grade of "C" or better in ICEL 2200 or the former ICEL 2240] or written consent of instructor. Prerequisite or corequisite: [LING 1200 or LING 1440 or the former ENGL 2470] or written consent of instructor.

**ICEL 3210 Romanticism in Icelandic Literature**  
**Cr. Hrs. 3**

The aim of this course is to study the concept of Romanticism in Icelandic literature and the key players in the Romantic movement in nineteenth century Iceland. A selection of poems, prose texts, and fragments will be read carefully, in particular the writings of Jónas Hallgrímsson. Taught in English. Prerequisite: [a grade of "C" or better in a minimum of 30 credit hours of university level coursework] or written consent of department head.

**ICEL 3320 Old Norse Mythology**  
**Cr. Hrs. 3**

The myths and cults of the pre-Christian gods in the Nordic countries studied on the basis of the original sources (in English translation) and related to pre-Christian Nordic society. Open to all students; taught in English.

**ICEL 3330 Icelandic Sagas in Translation**  
**Cr. Hrs. 3**

The Medieval Icelandic sagas tell stories of outlaws, blood feuds and epic Viking battles. They also contain evidence of Norse pagan practices, the arrival of Christianity in Northern Europe, as well as the earliest documented contact between Europeans and North America’s Indigenous peoples. In this course students will explore several of the Icelandic sagas in English translation through a variety of literary, historical and cultural contexts. Open to all students; taught in English. ICEL 3320 is recommended, but not required.

**ICEL 3400 Old Icelandic Literature**  
**Cr. Hrs. 6**

A study of selected Icelandic sagas and Eddic poems. Prerequisite: written consent of department head.

**8.15.3 Icelandic Course Descriptions-4000 Level**

**ICEL 4420 History of the Icelandic Language**  
**Cr. Hrs. 3**

A study of the development of the Icelandic language from the twelfth century to the present day. Prerequisite: written consent of department head.

**ICEL 4440 The Icelanders in Canada**  
**Cr. Hrs. 3**

A history of the emigration of Icelanders to North America and the Icelandic communities in Canada, their social and political organizations, churches, and cultural assimilation. Prerequisite: written consent of department head.

**ICEL 4460 Special Topics**  
**Cr. Hrs. 3**

A seminar course whose content will vary from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
8.16 Interdisciplinary Courses

The Faculty of Arts offers a number of interdisciplinary courses designed by a course committee consisting of members of a number of departments. Interdisciplinary courses are free options, and a student may register for more than one.

8.16.1 Interdisciplinary-Others Course Descriptions

ARTS 1110 Introduction to University Cr. Hrs. 3
A seminar course designed to help students make the transition to university by imparting the knowledge, skills, and attitudes requisite for success in university study. Each section limited to 30 students. Open only to students who have completed fewer than 60 credit hours of course work. Students may not hold credit for both ARTS 1110 and ARTS 1111.

ARTS 1160 Leadership: An Interdisciplinary Approach Cr. Hrs. 3
This course provides an introduction to the key issues and concerns of leadership and leadership studies, focusing on the central question of "what is leadership." Students will examine the philosophical and historical foundations of leadership theory and practice, along with the more contemporary (and often more theoretical) reflections on both leadership practices and the varied disciplines that study them. This course will satisfy the Faculty of Arts Social Science requirement. Students may not hold credit for both ARTS 1160 and LEAD 1111.

ARTS 3010 Arts Co-operative Option 1 Cr. Hrs. 1
Work assignments in business, industry, or government for students admitted to the Arts Co-operative Option, Required submission of a written report covering the work completed during the work term. Prerequisite: written consent of the Arts Co-operative Option Coordinator and the Faculty of Arts. Graded pass/fail.

ARTS 3020 Arts Co-operative Option 2 Cr. Hrs. 1
Work assignments in business, industry, or government for students admitted to the Arts Co-operative Option, Required submission of a written report covering the work completed during the work term. Prerequisite: ARTS 3010 and written consent of the Arts Co-operative Option Coordinator and the Faculty of Arts. Graded pass/fail.

ARTS 3030 Arts Co-operative Option 3 Cr. Hrs. 1
Work assignments in business, industry, or government for students admitted to the Arts Co-operative Option, Required submission of a written report covering the work completed during the work term. Prerequisite: ARTS 3020 and written consent of the Arts Co-operative Option Coordinator and the Faculty of Arts. Graded pass/fail.

8.17 Judaic Studies

Program Coordinator: Haskel Greenfield
General Office: 328 Fletcher Argue
Telephone: 204 474 6691
E-mail: Judaic_Studies@umanitoba.ca
Website: umanitoba.ca/judaic_studies

8.17.1 Program Information

The Judaic Studies Program promotes the study of Jewish civilization, of Jewish religious expressions and traditions, and of Jewish cultural, social, linguistic, and political formations and movements in all their variety. It supports teaching and research on Jewish life and Judaism from the Biblical period to the twenty-first century, in all parts of the world where Jews have lived. Judaic Studies approaches these subjects from all disciplinary angles and scholarly perspectives, and equally welcomes Jewish and non-Jewish scholars and students. The program includes the official non-English languages of Israel (Hebrew and Arabic).

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

Effective the 1989-1990 Regular Session, the General Major and Single Advanced Major in Judaic Studies will not be offered until further notice.

Minor (Concentration) Program

A) Judaic Studies

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in the first six credit hours of Judaic Studies and/or List A courses.

B) Yiddish

Effective with the 1989-1990 Regular Session, the Minor (Concentration) in Yiddish will not be offered until further notice.

**8.17.3 Judaic Studies Course Descriptions-Arabic**

**ARA 1000 Elementary Arabic**  | **Cr. Hrs. 6**
--- | ---
(Lab required) An introductory course in written and oral Arabic, for students with little or no previous knowledge of the language. Language laboratory exercises will be included in addition to class time. Students may not hold credit for ARA 1000 and any of: the former ARA 2260 or the former SEM 2260. Not open to students who have previously obtained credit in ARA 2000. Prerequisite: written consent of instructor.

**ARA 2000 Intermediate Arabic**  | **Cr. Hrs. 6**
--- | ---
Description (Lab required) This intermediate class will improve writing, reading, conversation and listening comprehension for everyday Arabic, and cover many of the important grammatical features of the language. By the end of this course, the learner should be able to communicate in many situations with fluency or near fluency. Prerequisite: a grade of “C” or better in ARA 1000 or the former ARA 2260 or the former SEM 2260 or written consent of instructor.

**ARA 3000 Advanced Arabic**  | **Cr. Hrs. 6**
--- | ---
Students who have already mastered beginning and intermediate vocabulary and grammar will learn to use the language in a broader cultural context, developing their skills in reading and writing Arabic. The course utilizes communication-based activities and interactive learning techniques. Prerequisite: a grade of “C” or better in ARA 2000 or written consent of instructor.

**8.17.3 Judaic Studies Course Descriptions-Hebrew**

**HEB 1120 Biblical Hebrew (A)**  | **Cr. Hrs. 6**
--- | ---
(Formerly SEM 1120) An introductory course with emphasis on basic grammar and syntax. Students will learn to read simple biblical narratives. Students may not hold credit for HEB 1120 and any of: RLGN 1120 or the former SEM 1120.

**HEB 1250 Hebrew 1**  | **Cr. Hrs. 6**
--- | ---
(Formerly SEM 1250) For students with a minimal experience with the language yet with a basic ability to read it. Following current methods in the teaching of a second/ foreign language, the listening-comprehension, speaking, reading and writing skills are developed. Language lab and organized conversation are part of the course. Intended for students with a strictly elementary standing. Students may not hold credit for both HEB 1250 and the former SEM 1250. Prerequisite: written consent of program coordinator.

**HEB 1260 Hebrew 2**  | **Cr. Hrs. 6**
HEB 2210 Modern Hebrew Literature Cr. Hrs. 6
(Formerly SEM 2210) Uri Zvi Greenberg, Lamdan, Sholonsky, Agnon, Burla, Hazzaz, Yizhar, Shamir Amihay, S. Shalom - poetry and prose. The modern Isreal short story. Students may not hold credit for both HEB 2210 and the former SEM 2210. Prerequisite: written consent of program coordinator.

HEB 2220 Rabbinic Hebrew Cr. Hrs. 6
(Formerly SEM 2220) Study of the style, vocabulary, grammar, and syntax of halakhic and aggadic rabbinic texts. A representative selection of Talmud, Midrashim Codes, and Responsa will be drawn from both the medieval and modern periods. Students may not hold credit for both HEB 2220 and the former SEM 2220. Prerequisite: written consent of program coordinator.

HEB 2250 Modern Hebrew Literature Cr. Hrs. 6
(Formerly SEM 2250) Study of the style, vocabulary, grammar, and syntax of halakhic and aggadic rabbinic texts. A representative selection of Talmud, Midrashim Codes, and Responsa will be drawn from both the medieval and modern periods. Students may not hold credit for both HEB 2250 and the former SEM 2250. Prerequisite: written consent of program coordinator.

HEB 2280 Introduction to Hebrew Literature Cr. Hrs. 6
(Formerly SEM 2280) A study of the history and forms of Hebrew Literature from biblical to modern times. Students may not hold credit for both HEB 2280 and the former SEM 2280 (055.228). Prerequisite: [a grade of "C" or better in HEB 1260 or the former SEM 1260] or written consent of program coordinator.

HEB 2350 Hebrew 3 Cr. Hrs. 6
(Formerly SEM 2350) For students who have taken HEB 1260 or the former SEM 1260 or the equivalent. Further oral practise, vocabulary expansion and grammar review, and development of reading and writing skills. Students may not hold credit for both HEB 2350 and the former SEM 2350. Prerequisite: written consent of program coordinator.

HEB 3360 Hebrew Communication Arts Cr. Hrs. 6
(Formerly SEM 3360) A study of all aspects of Hebrew communication. For advanced students with reasonable fluency in the language. The writing skill on general subjects will be developed as well as comprehension and vocabulary expansion in the reading of more technical texts. Students may not hold credit for both HEB 3360 and the former SEM 3360. Prerequisite: written consent of program coordinator.

HEB 3370 Hebrew Language and Literature Cr. Hrs. 6
(Formerly SEM 3370) A study of the structure and usage of modern Hebrew, examination of selections of Major modern writers and development of speaking and writing skills. Review of the history of Hebrew and the application of linguistics to the understanding of the language. Students may not hold credit for both HEB 3370 and the former SEM 3370. Prerequisite: written consent of program coordinator.

HEB 3380 The Creation of Modern Hebrew Cr. Hrs. 6
(Formerly SEM 3380) An advanced study of the revival of Hebrew as a spoken language. Other attempts at language planning and revival will be observed. Lectures and discussions will be in Hebrew. Students may not hold credit for both HEB 3380 and the former SEM 3380. Prerequisite: written consent of program coordinator.

JUD 2370 Jewish-Gentile Relations Cr. Hrs. 3
A socio-historical study of the cultural, religious, and intellectual interaction between Jewish and non-Jewish cultures, e.g., the relationship of Judaism with other cultures of the ancient Near East and Hellenism, with medieval and modern Christendom and Islam, and with modern/contemporary secularism.

JUD 2650 Field Studies in Biblical Lands Cr. Hrs. 6
Offered as a Travel/Study course, the course consists of an on-campus orientation session followed by a period of travel while visiting and studying at some major sites and points of interest. Prerequisite: written consent of instructor.

YDSH 1220 Yiddish Cr. Hrs. 6
This course is intended for those who have little or no experience with the Yiddish language, and may not normally be taken by students who have attended a Yiddish day school. Emphasis on conversational Yiddish and reading comprehension. Prerequisite: written consent of program coordinator.

YDSH 2320 Yiddish Literature and Language Cr. Hrs. 6
Survey of Yiddish literature; review of Yiddish language skills. This course is intended for graduates of Yiddish day schools, those who have completed YDSH 1220 or equivalent, and students with other previous training in Yiddish. Prerequisite: [a grade of "C" or better in YDSH 1220] or written consent of program coordinator.

8.17.3 Judaic Studies Course Descriptions-Judaic Civilization

JUD 2340 Contemporary Israel Cr. Hrs. 3
A study of the history and development of modern Israel. Topics discussed include the economic, social, cultural and religious structures of the contemporary Jewish state. Attention will also be focused on the status of Israeli minorities such as Moslems and Christians.

8.17.3 Judaic Studies Course Descriptions-Yiddish

JUD 3010 Topics in Jewish Studies Cr. Hrs. 3
Description An opportunity for the study of selected topics or themes in Jewish Studies. Consult the Judaic Studies program office or website for details. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
8.18 Labour Studies Program

Program Coordinator: David Camfield
Program Office: 218 Isbister
Telephone: 204 474 8356
E-mail: labour_studies@umanitoba.ca
Website: umanitoba.ca/labour_studies

8.18.1 Program Information

This interdisciplinary program examines the social, economic and political realities of work. Social justice and fundamental rights, the way work is organized, the dynamics of power in the workplace and the political economy of labour are examined critically. We explore the past, present and future of the labour movement and the wide-ranging effects of globalization on our daily lives. Using theoretical and practical approaches, we examine the forces that shape working people’s lives and our responses to them.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in both LABR 1260 and LABR 1290. For students who have taken additional courses toward the Major, a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor, the prerequisite is a grade of “C” or better in both LABR 1260 and LABR 1290.

All Programs

Courses used towards a Labour Studies Major or Minor (Concentration) may not be used towards a Major/Minor (Concentration) or Honours in the second field.

For course descriptions, see departmental listings.

8.18.3 Labour Studies Course Descriptions-1000 Level

LABR 1260 Working for a Living Cr. Hrs. 3
An introduction to the study of working lives in the contemporary world and the global transformation that has made working for wages central to human existence. Students may not hold credit for both LABR 1260 and the former LABR 1270.

LABR 1290 Introduction to the Canadian Labour Movement Cr. Hrs. 3
An introduction to the development of the contemporary working-class movement in Canada and to workplace issues today.

8.18.3 Labour Studies Course Descriptions-2000 Level

LABR 2100 The Political Economy of Labour Cr. Hrs. 3
This course examines the social, economic and political contexts of work and the roles of politics and social movements. Also offered as HIST 2200. Students may not hold credit for both LABR 2100 and any of: the former LABR 2100 or the former ECON 2400. Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 2110 Special Topics in Labour Studies Cr. Hrs. 3
This course will vary from term to term depending on the needs of students and the interests of the instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

LABR 2200 Labour History: Canada and Beyond (C) Cr. Hrs. 3
This course explores the history of working people’s struggles, victories and defeats in Canada, with attention to gender, “race” and ethnicity. Topics include the origins and evolution of labour unions and workplace rights and the role of politics and social movements. Also offered as HIST 2200. May not be held with HIST 2200.

LABR 2300 Workers, Employers and the State Cr. Hrs. 3
This course examines the social, economic and political contexts of work and the relations, rules and structures that shape the interactions between workers, employers and the state. Topics include workers’ management rights, the rights, obligations and functions of unions, the legal contexts of labour/management relations, and initiatives for increasing equity. Students may not hold credit for both LABR 2300 and the former LABR 3300. Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

8.18.3 Labour Studies Course Descriptions-3000 Level

This course examines the social, economic and political contexts of work and the relations, rules and structures that shape the interactions between workers, employers and the state. Topics include workers’ management rights, the rights, obligations and functions of unions, the legal contexts of labour/management relations, and initiatives for increasing equity. Students may not hold credit for both LABR 2300 and the former LABR 3300. Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.
LABR 3010 Labour Law Cr. Hrs. 3
An introduction to legislation and interpretation, legal procedures, and quasi-judicial boards as they concern the organization of trade unions, collective bargaining, settlement of disputes, labour standards, workers' compensation, unemployment insurance and human rights. Prerequisite: [a grade of "C" or better in both LABR 1260 (the former LABR 1270) and LABR 1290] or [a grade of "C" or better in both HRIR 3450 and 6 credit hours of other HRIR courses] or written consent of the Labour Studies coordinator.

LABR 3030 Labour and the Bargaining Process Cr. Hrs. 3
A course to explain labour's involvement in the negotiation process including the mechanics and the theoretical issues of bargaining. The course focuses on contemporary issues. Prerequisite: [a grade of "C" or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3050 Issues in Occupational Health and Safety and Workers' Compensation Cr. Hrs. 3
This course will explore historical, legal and political issues surrounding health and safety in Canadian workplaces with an emphasis on Manitoba. It will critically examine both the Workers' Compensation and the Workplace Health and Safety systems as they currently exist and review the role of workers, employers, unions and government in these processes. It will investigate various challenges and emerging issues in health and safety including but not limited to industrial disease, gender concerns, precarious employment and globalization. Prerequisite: [a grade of "C" or better in three credit hours of 1000 level Labour Studies] or [a grade of "C" or better in both LABR 3450 and 6 credit hours of other HRIR courses] or written consent of the Labour Studies coordinator.

LABR 3060 Workplace Health and Safety Cr. Hrs. 3
An introduction to occupational health, industrial hygiene and industrial safety emphasizing the impact of chemical hazards on the body, the measure and control of hazards and the causes and prevention of industrial accidents. Prerequisite: [a grade of "C" or better in both LABR 1260 (the former LABR 1270) and LABR 1290] or [a grade of "C" or better in both HRIR 3450 and 6 credit hours of other HRIR courses] or written consent of the Labour Studies coordinator.

LABR 3070 Labour Relations and Occupational Health and Safety Law Cr. Hrs. 3
The economic costs of workplace injuries and sickness; the history of occupational health and safety laws and their implementation; the history and functions of workers' compensation; collective bargaining on health and safety. Prerequisite: [a grade of "C" or better in both LABR 1260 (the former LABR 1270) and LABR 1290] or [a grade of "C" or better in both HRIR 3450 and 6 credit hours of other HRIR courses] or written consent of the Labour Studies coordinator.

LABR 3080 Labour and Community Organizing Cr. Hrs. 3
This course examines the theory and practice of collaborative community and labour organizing, with particular emphasis on Latin America, to identify the strengths and limitations of this approach for reviving unions, protecting workers' rights and advancing social justice. Prerequisite: [a grade of "C" or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3090 Globalization and Labour Cr. Hrs. 3
An examination of the impact of global capitalism on the lives of workers (both paid and unpaid) in the Global South and North in the early 21st century. Using concepts of class, gender and "race," the course addresses key challenges facing working people, the crisis of workers' movements, and new movements emerging in response to this crisis. Prerequisite: written consent of instructor.

LABR 3110 Special Studies in Labour Studies Cr. Hrs. 3
This course will vary from year to year depending on the needs of students and the interests of the instructor. Prerequisite: [a grade of "C" or better in six credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

LABR 3120 Special Studies in Labour Studies Cr. Hrs. 3
This course will vary from year to year depending on the needs of students and the interests of the instructor. Prerequisite: [a grade of "C" or better in six credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

LABR 3130 Employment Legislation and the Protection of Workers Cr. Hrs. 3
An examination of the legal rights and obligations of workers and employers, and the enforcement mechanisms for the non-unionized workplace, over the course of the employment relationship from hiring through to termination or retirement. Special emphasis will be placed on statutory and common law, personal employment contracts, wrongful and constructive dismissal, human rights legislation and jurisprudence. Prerequisite: [a grade of "C" or better in both LABR 1260 (the former LABR 1270) and LABR 1290] or [a grade of "C" or better in both HRIR 3450 and 6 credit hours of other HRIR courses] or written consent of the Labour Studies coordinator.

LABR 3140 Pensions and Benefits Cr. Hrs. 3
The nature and role of pensions in the life cycle of workers and the issue of pension funds control on distribution. The role of non-wage benefits in the labour compensation package. Prerequisite: [a grade of "C" or better in three credit hours of 1000 level Labour Studies] or [a grade of "C" or better in both HRIR 3450 and 6 credit hours of other HRIR courses] or written consent of the Labour Studies coordinator.

LABR 3200 Workers' Self-Management Cr. Hrs. 3
An examination of historical and contemporary examples of self-managed workplaces and the theory of a participatory economy based on workers' self-management. Prerequisite: [a grade of "C" or better in six credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3210 Working People in Hard Times Cr. Hrs. 3
What have recent changes in work and society meant for people who work for wages or who live with those who do? How did these changes happen? What do they mean for youth today? How do the growing demands of our jobs affect our lives with family and friends? How have employers' actions affected unions, and how have unions responded? This course will explore these questions and others that arise from them. Prerequisite: [a grade of "C" or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3214 Canada's Left: Rebellion and Repression (C) Cr. Hrs. 3
This course traces the emergence and evolution of Canada's left from the late nineteenth century to the present, with an emphasis on its two main streams, communism and social democracy. Topics include the relationship between popular, party, labour, and ethnic lefts; left parties and mainstream politics; the left in the evolution of human rights and in other public policies; the treatment within various lefts of gender, race, sexuality and ethnicity; popular movements; legal constraints and state repression. Also offered as HIST 3214. Not to be held with HIST 3214. Prerequisite: [a grade of "C" or better in six credit hours of History or written consent of department head] or [a grade of "C" or better in three credit hours of 1000 level Labour Studies or written consent of Labour Studies coordinator].
LABR 3220 Global Sweatshops, Global Struggles  Cr. Hrs. 3
This course explores the past and present of sweated work in various industries in the Global North and South. We explore circumstances that support sweatshops, including off-shoring and the new international division of labour, migrant, child and female labour forces; global supply chains and the role of retailers and contractors. We also compare and evaluate strategies to eliminate sweatshops, including NGO activities, government regulations, consumer boycotts and the international labour, student and social justice movements. Also offered as HIST 3212. Students may not hold credit for both LABR 3220 and HIST 3212. Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies or written consent of the Labour Studies coordinator] or [a grade of “C” or better in six credit hours of History or written consent of the department head].

LABR 3230 Human Rights at Work  Cr. Hrs. 3
This course is an introduction to the basic human rights protections in Canadian workplaces that have developed as a result of collective bargaining, human rights legislation, The Charter of Rights and Freedoms and decisions of courts and tribunals. The course will also examine the concept of human rights on a broader, international and national level. Students may not hold credit for both LABR 3230 and LABR 3110 when titled “Human Rights at Work.” Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3240 Becoming an Advocate  Cr. Hrs. 3
This course introduces students to concepts and structures pertaining to workers’ advocacy and administrative law, including areas such as human rights, occupational health and safety, Workers’ Compensation, and the duty of fair representation. Students may not hold credit for LABR 3240 and any of LABR 3110 or LABR 3120 when titled “Becoming an Advocate.” Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3400 Racism and Work  Cr. Hrs. 3
This course explores three central questions: What are racism and colonialism? How do racism and colonialism shape work in Canada? What strategies exist for combating racism at work, and which are most effective? Students may not hold credit for both LABR 3400 and LABR 3110 when titled “Racism and Work.” Prerequisite: [a grade of “C” or better in three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.

LABR 3510 Industrial Relations  Cr. Hrs. 6
A study of comparative employer-employee relationships in Canada and other selected countries as affected by market forces, social traditions, and government action. Students may not hold credit for both LABR 3510 and the former ECON 3510. Prerequisite: [a grade of “C” or better in both LABR 1260 (the former LABR 1270) and LABR 1290] or [a grade of “C” or better in six credit hours of 1000 level Economics].

LABR 3700 History of Working People and Labour Movements 1700 to the Present (M)  Cr. Hrs. 6
A survey of working class history with emphasis upon the varieties of labour movements and trade unions. The course will refer to the social and political experience of working people in Great Britain, Europe and the United States and will devote one term to Canadian topics. Also offered as History HIST 3700. May not be held with HIST 3700. Prerequisite: [a grade of “C” or better in six credit hours of Labour Studies or History] or written consent of the Labour Studies coordinator.

LABR 4110 Selected Topics in Labour Studies  Cr. Hrs. 3
This course will vary from year to year depending on the needs of students and the interests of the instructor. Prerequisite: written consent of the Labour Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

LABR 4510 Labour Studies Field Placement Seminar  Cr. Hrs. 3
A seminar to be taken concurrently with LABR 4520 in which each student will relate theory and practice. Co-requisite: LABR 4520. Prerequisite: formal declaration of the Labour Studies Advanced Major and written consent of the Labour Studies coordinator.

LABR 4520 Labour Studies Field Placement  Cr. Hrs. 6
An educationally directed field experience in which the student will undertake specific tasks and assignments in some aspects of labour relations. Field placement options include a labour union, professional association, employer, provincial department of labour, public archives. Co-requisite: LABR 4510. Prerequisite: formal declaration of the Labour Studies Advanced Major and written consent of the Labour Studies coordinator.
8.19 Latin American Studies Program

Program Coordinator: Maria Inés Martinez
Program Office: 424 Fletcher Argue Building
Telephone: 204 474 9311
E-mail: Marines.Martinez@umanitoba.ca

8.19.1 Program Information

Through varied courses students may explore the cultural, political, historical, economic, and social structures and dynamics of Latin America. This interdisciplinary Minor includes courses from different departments and allows students to gain a deeper understanding of the subject field without being restricted to one discipline. Students are encouraged to participate in international exchange programs in Latin America which may also count toward the Minor.

A Minor (Concentration) in Latin American Studies consists of at least 18 credit hours from a minimum of two different departments chosen from the following list.

**NOTE:**
Written consent of program coordinator required to use course in the Minor (Concentration).

For entry to the Minor (Concentration) in Latin American Studies, the prerequisite is a grade of “C” or better in six credit hours from the approved list.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

For course descriptions, see departmental listings.
8.20 Department of Linguistics

Head: Terry Janzen
Campus Address/General Office: 534 Fletcher Argue Building
TelephoneNumber: 204 474 9596
Email Address: lingdpt@cc.umanitoba.ca
Website: umanitoba.ca/linguistics

8.20.1 Program Information

The linguistics approach to language is based on the analysis of sound, the structure of words and sentences, and the meanings they transmit. But it also has to deal with the way sounds change, words come and go, and meanings shift. Linguistics is the humanities discipline that is closest to being a science in the generally accepted sense of the word. Partly because human language, the subject of linguistics, is almost entirely acquired subconsciously, it is a massive and intricate structure that is free to develop in accordance with natural rather than with consciously determined social laws.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of "C" or better in LING 1200 or written consent of the department head. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in LING 1200, or written consent of the department head.

Other

In addition to its core concentration in Linguistic Theory and Analysis and such other areas of study as Applied Linguistics, Verbal Arts, etc., Linguistics also offers:

A pre-professional concentration in Applied Linguistic Science, which will be of special interest to students planning a career in speech/language pathology; contact department general office for information; and

A program in American Sign Language/English Interpretation, offered jointly with Red River College; see below for details.

Students intending to Major in Linguistics are strongly encouraged to undertake the in-depth study of a second language.

SINGLE ADVANCED MAJOR TOTAL: 48 CREDIT HOURS

LING 12001 | at least 12 credit hours chosen from the core courses numbered at the 2000 level |
| | LING 3200 or LING 3300 or LING 3400 |
| | LING 3120 or LING 3140 |
| | 3 additional credit hours chosen from the core courses numbered at the 3000 level |
| | 12 additional credit hours of Linguistics (LING) |

DOUBLE ADVANCED MAJOR TOTAL: 52 CREDIT HOURS

LING 12001 | at least 6 credit hours chosen from the core courses numbered at or above the 2000 level |
| | 6 additional credit hours of Linguistics (LING) |

MINOR (CONCENTRATION) TOTAL: 18 CREDIT HOURS

LING 12001 | at least 6 credit hours chosen from the core courses numbered at or above the 2000 level |

NOTES:

1 Students are advised to take LING 1380 General Phonetics as early as possible in their program (ideally during their first year, in addition to LING 1200 Introduction to Linguistics) as this course is a prerequisite for many of the advanced courses.

2 All students are advised to consult the Linguistics department at the beginning of each academic year.
Program in Linguistics and American Sign Language/English Interpretation taught jointly with Red River College leading to a B.A. General Degree Program in Linguistics and American Sign Language/English Interpretation (RRC) and the Linguistics Department of the University of Manitoba (U of M) will be considered acceptable for university degree credit, will satisfy a humanities requirement, and will become the declared Minor for purposes of the degree. For the purposes of satisfying the distribution requirement, completion of the Deaf Studies Certificate will qualify as six hours in a field and completion of the Joint ASL Program will qualify as six hours in a field.

The entire joint program is described below:

8.20.3 Linguistics Course Descriptions-1000 Level

LING 1200 Introduction to Linguistics  
Cr. Hrs. 6
Language as a communication system composed of sound, grammatical and semantic subsystems. Development of a theoretical framework. Exercises in a variety of languages.

LING 1420 Language and Gender  
Cr. Hrs. 3
In exploring the relationship between language and gender, this course addresses such questions as: how are gender differences manifested and perpetuated through language use; is there such a thing as "women's language"; how do gender differences influence communication between women and men; how does gender interact with (for example) race, class and sexuality with respect to language use? In addition, we consider issues of language structure, including sexism in English and the relative success of gender-based language reform efforts.

LING 1360 Languages of Canada  
Cr. Hrs. 3
A survey of languages and linguistic problems encountered in North America, with particular attention to questions of relationship and classification. Examples will be drawn from both indigenous and immigrant languages.

LING 1440 Rules of English Grammar  
Cr. Hrs. 3
What are the criteria that are used to distinguish "good" from "bad" grammar? What are the rules we need to know in order to speak and write "properly"? In focusing on basic concepts in traditional grammar, this course reviews parts of speech, the English tense system, sentence types (active vs. passive), question formation and types of embedded clauses. It examines the rules of traditional grammar and explores the linguistic structures that lie behind the rules. This course is not intended for students learning English; it presupposes native or near-native competence in English. Not open to students who are currently enrolled in, or have previously obtained credit in LING 2200.

8.20.3 Linguistics Course Descriptions-2000 Level

LING 2200 Syntax  
Cr. Hrs. 6
Sentences are complex arrangements of words and other elements, and syntactic structures have long been at the centre of theoretical controversy. A typological survey of syntactic patterns, introducing formal and functional approaches to syntactic analysis. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2202 Multilingualism  
Cr. Hrs. 3
Study of various aspects of multilingualism from a sociolinguistic perspective. The course will introduce concepts such as bilingualism, diglossia, pidgins and creoles, code-switching, language maintenance, language loss and language shift, language policy and planning, language revitalization, and linguistic landscape. Students will be expected to explore specific case studies, and collect and analyze original data. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2420 Phonology  
Cr. Hrs. 3
Each language relies on a finite set of distinctive sounds. Based on physical features which are universal, sound systems are language-specific, abstract structures. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2440 Analytic Techniques  
Cr. Hrs. 3
Techniques for recognizing the structure of words and sentences in a variety of languages. The formulation of linguistic rules, especially at the interface of morphology and phonology. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2460 Morphology  
Cr. Hrs. 3
The internal structure of words: the traditional distinction between inflection and derivation, types of word structures, word-formation rules, levels of word-formation. The relationship of morphology to phonology and syntax. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2600 Verbal Art  
Cr. Hrs. 3
Puns, punchlines, slogans and the chant of the auctioneer are as much instances of verbal art as are rhetorical flourishes and formal literary structures. With spoken language as its major focus, this course draws on a variety of languages, sources and genres to study artistic and playful uses of language. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2620 Language in Society  
Cr. Hrs. 3
Language is embedded in a social context: dialect variability, the choice of speech registers, the use of special-purpose languages, code-switching, sexual specialization are instances of language behaviour reflecting non-linguistic reality. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2640 Comparative Linguistics  
Cr. Hrs. 3
Language change and its consequences; aspects of historical linguistics, language classification and linguistic prehistory. Examples from Indo-European and North American Indian languages. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.
LING 2720 Applied Linguistics Cr. Hrs. 3
The practical implications of linguistic analysis in such areas as the formal or informal acquisition of a second language, the establishment of standards for spoken and written usage, language maintenance and other aspects of language planning. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2740 Introduction to Interpretation Theory Cr. Hrs. 3
A survey of interpretation theory, including specifics of language use and problems in the transfer of cultural context for both source and target language, the history of language awareness on the part of the interpreter, and the development of theories of interpretation. This course will draw heavily on the field of ASL/English interpretation for illustration. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor

LING 2800 Communication Disorders Cr. Hrs. 3
A general introduction to the major pathologies of speech, language and hearing as viewed against the background of normal linguistic structures and functions. The distinction between mechanically- and neurologically-based disorders is illustrated in terms of aetiology, diagnosis and approaches to treatment. Prerequisite: [a grade of "C" or better in LING 1200] or written consent of instructor.

LING 2830 Linguistic Anatomy and Physiology 1 Cr. Hrs. 3
An intensive survey of the principal organs of speech and hearing, their embryology, and the general features of their evolutionary history. Some consideration will also be given to their pathological impairment. Prerequisite: [a grade of "C" or better in both LING 1200 and LING 1380] or written consent of instructor.

LING 2850 Linguistic Anatomy and Physiology 2 Cr. Hrs. 3
A survey of the structures of the central and peripheral nervous systems as they relate to the production and perception of speech and the processing of language. Includes a survey of linguistic aphasology and a review of neurological deficits associated with abnormal language behaviour. Prerequisite: [a grade of "C" or better in both LING 1200 and LING 1380] or written consent of instructor.

LING 2880 Acoustic Phonetics Cr. Hrs. 3
The physical principles involved in the production, propagation and reception of sound. The subjective characteristics of sounds (loudness, pitch and quality) are related to their objective parameters (intensity, frequency and spectrum). The physical methods and the types of equipment used to analyze the basic physical properties of sounds will be demonstrated. Prerequisite: [a grade of "C" or better in both LING 1200 and LING 1380] or written consent of instructor.

8.20.3 Linguistics Course Descriptions-3000 Level

LING 3120 Syntactic Theory Cr. Hrs. 3
Formal and functional analyses of specific syntactic issues, such as the representation of grammatical relations, the formulation and explanation of universals, the "learnability criterion" as a test for theoretical adequacy and the rôle of semantics and pragmatics in syntactic theory. Prerequisite: [a grade of "C+" or better in LING 2200] or written consent of instructor.

LING 3140 Phonological Theory Cr. Hrs. 3
The nature of phonological representations: prosodic hierarchies, multi-tiered structures, the underspecification of segments. Types of phonological rules, rule ordering, the cycle. Prerequisite: [a grade of "C+" or better in LING 2420] or written consent of instructor.

LING 3200 The Structure of a non-Indoeuropean Language Cr. Hrs. 6
Every "new" language challenges accepted doctrine and helps us to evaluate competing hypotheses: in this course, a non-Indoeuropean language (which may vary from Hua to Hungarian) is systematically explored on the basis of field records and descriptions which have become classics. Prerequisite: [a grade of "C+" or better in each of LING 2200 and LING 2420 and LING 2440] or written consent of instructor.
8.21 Medieval and Early Modern Studies Program

Program Advisor: Roisin Cossar
Program Office: 454 Fletcher Argue Building
Telephone: 204 474 8885

8.21.1 Program Information

The millennium from the end of the Roman empire to the Renaissance is the formative period of European civilization. The Middle Ages and the Dark Ages were periods of human drama full of change and growth and a struggle to regain a civilized way of life. The Age of Chivalry with its crusades, the flowering of the arts and architecture, and the emergence of new philosophical concepts and ideologies found culmination in the Renaissance. For those interested in the pre-modern world, this program permits a broad approach to the subject.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

The following entries contain information which is not contained in Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in HIST 2390 or HIST 2420, and 6 credit hours in Greek (GRK) or Latin (LATN) courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in HIST 2390 or HIST 2420.

Other

Students should note that courses used towards the Major(s) or Minor (Concentration) in this area may not be used for Major, Minor (Concentration) or Honours in a second field.

YEAR 1 YEAR 2 YEAR 3 YEAR 4

GENERAL MAJOR 1, 2 TOTAL: 30 CREDIT HOURS

- 6 credit hours in Greek (GRK) or Latin (LATN) courses
- HIST 2390 or HIST 2420

- 6 credit hours from Group 1 courses listed below
- 6 credit hours from Group 2 courses listed below
- 6 credit hours from Group 1 or Group 2 courses listed below

SINGLE ADVANCED MAJOR 1, 2 TOTAL: 48 CREDIT HOURS

- 6 credit hours in Greek (GRK) or Latin (LATN) courses
- HIST 2390 or HIST 2420

- 6 credit hours from Group 1 courses listed below
- 6 credit hours from Group 2 courses listed below
- 9 credit hours from Group 1 or Group 2 courses listed below
- 9 additional credit hours in Greek (GRK) or Latin (LATN) courses
- 6 credit hours from a modern language (any language offered by the Faculty of Arts outside of courses offered in Greek and Latin)

MINOR (CONCENTRATION) 1, 2 TOTAL: 18 CREDIT HOURS

HIST 2390 or HIST 2420

12 credit hours to be selected from Group 1 or Group 2 courses below,
Greek (GRK) courses 3, or Latin (LATN) courses 3

NOTES:
1 Students may not use individual courses to satisfy both Major and Minor (Concentration) requirements.
2 Students are strongly encouraged to complete introductory courses from subject areas from the Group 1 and Group 2 listings in order to satisfy possible prerequisites for courses they may select in Years 2, 3 and 4.
3 If Latin (LATN) or Greek (GRK) courses are selected to satisfy the Minor (Concentration) requirements, a minimum of 6 credit hours must be selected from either LATN or GRK.

Group 1: History, Philosophy and Religions

See the departmental Calendar section for full course descriptions. With written consent of the program coordinator courses not on this list may be used to satisfy the Group 1 requirement.

Classics

CLAS 1280 Introduction to Ancient Roman Culture 3

8.22 Department of Native Studies

Head: Cary Miller

Campus Address/General Office: 204 Isbister Building
Telephone: 204 474 9266
Email Address: mailtonative_studies@umanitoba.ca
Website: umanitoba.ca/native_studies

8.22.1 Program Information

Courses in this department examine the history, art, literature, and the philosophical and religious traditions of Canada's original inhabitants. Other courses explore the legal, political, and health care systems in relation to Aboriginal people. Aboriginal and non-Aboriginal students may specialize in either Native studies or Native languages, Cree and Ojibway.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of "C" or better in NATV 1200 or "C" or better in both NATV 1220 and NATV 1240. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

A) Native Studies

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in one of NATV 1200 or "C" or better in both NATV 1220 and NATV 1240.

B) Native Languages

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in both NATV 1250 and NATV 1260 or "C" or better in both NATV 1270 and NATV 1280 or "C" or better in NATV 2250, and both NATV 2272 and NATV 2274 (the former NATV 2270).

Other

Students will be permitted to register for a Major in Native Studies and a Minor in Native Languages but may not complete both a Major and Minor in Native Studies.

Before registering for approved cross-listed courses, students should consult the Calendar or the departments regarding prerequisites for specific courses.

| NATV 2250, or both NATV 2272 and NATV 2274 | NATV 2300 and NATV 2320, or NATV 2310 and NATV 2330, or 6 credit hours approved by the department1,4 |

NOTES:

The following courses count as Native Language courses: NATV 1250, NATV 1260, NATV 1270, NATV 1280, NATV 1290, NATV 2250, NATV 2272, NATV 2274, NATV 2300, NATV 2310, NATV 2320, NATV 2330 and NATV 3300.

1 Students may substitute up to 12 credit hours from the approved cross-listed courses and/or 12 hours of Native Language courses numbered at the 1000 or 2000 level in lieu of Native Studies but must have six credit hours in Native Studies or Native Languages courses offered by Native Studies numbered at the 3000 level or above.

2 Students may substitute up to six credit hours from the list of approved courses and/or six hours of Native Language courses in lieu of Native Studies courses.

3 No more than 12 credit hours may be taken from NATV 1200, NATV 1220, NATV 1240, NATV 1250, NATV 1260, NATV 1270, NATV 1280, NATV 2250, NATV 2272, NATV 2274.

4 Six credit hours may be from related linguistics courses approved by the department.

5 Students who wish to declare a Minor should consult with the department head.

8.22.3 Native Studies Aboriginal Governance Stream

Students interested in pursuing an Single Advanced Major in Aboriginal Governance are required to take a Minor in Business. The requirements for both are set out below. For course descriptions, including any prerequisites and/or restrictions see the appropriate departmental listing in this Calendar. The conditions for entry, continuation and graduation
requirements may be found in Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Advanced Major, Aboriginal Governance Stream, the prerequisite is a grade of “C” or better in NATV 1200 or a “C” or better in both NATV 1220 and NATV 1240.

For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

Minor Program

For entry to the required Minor in Business for students who wish the Aboriginal Governance Stream, the prerequisite is 6 credit hours from ACC 1100, GMGT 2060, HRIR 2440 or MKT 2210 with a grade of “C” or better in each.

For information on this program contact the Department of Native Studies.

8.22.5 Native Studies Course Descriptions-1000 Level

NATV 1000 Orientation Course: The Colonizers and the Colonized Cr. Hrs. 3

The course which is offered as part of the summer session consists of an introduction to the colonization process as it regards Aboriginal people and the processes of decolonization undertaken by the people since 1970. Prerequisite: this is a special course designed for first year entering Aboriginal students. Registration is restricted and written consent must be obtained from the instructor prior to registration.

NATV 1200 The Native Peoples of Canada Cr. Hrs. 6

A survey of the political, social, and economic situations of the contemporary First Nations, Métis, and Inuit Peoples of Canada. Students may not hold credit for both NATV 1200 and any of: NATV 1220 or NATV 1240.

NATV 1220 The Native Peoples of Canada, Part 1 Cr. Hrs. 3

A survey of the political, social, and economic situations of the contemporary First Nations, Métis, and Inuit Peoples of Canada from pre-contact to 1945. Students may not hold credit for both NATV 1220 and NATV 1200.

NATV 1240 The Native Peoples of Canada, Part 2 Cr. Hrs. 3

A survey of the political, social, and economic situations of the contemporary First Nations, Métis, and Inuit Peoples of Canada from 1945 to the present. This course may include a field trip component. Students may not hold credit for both NATV 1240 and NATV 1200.

NATV 1250 Introductory Cree 1 Cr. Hrs. 3

(Compulsory) Practical course intended for students who are not fluent in Cree. Emphasis will be on oral work for the purpose of learning basic sounds and grammatical patterns. Some attention will be given to the structural differences between Cree and English. Regular attendance and active participation are obligatory. This course is a prerequisite for NATV 1260 Introductory Cree 2.

NATV 1260 Introductory Cree 2 Cr. Hrs. 3

(Compulsory) Continuation of NATV 1250 Introductory Cree 1. Practical course intended for students who are not fluent in Cree. Emphasis will be on oral work for the purpose of learning basic sounds and grammatical patterns. Some attention will be given to the structural differences between Cree and English. Regular attendance and active participation are obligatory. Prerequisite: a grade of “C” or better in NATV 1250.

NATV 1270 Introductory Ojibway 1 Cr. Hrs. 3

Practical course intended for students who are not fluent in Ojibway. Emphasis will be on oral work for the purpose of learning basic sounds and grammatical patterns. Some attention will be given to the structural differences between Ojibway and English. Regular attendance and active participation are obligatory. This course is a prerequisite for NATV 1280 Introductory Ojibway 2.

NATV 1280 Introductory Ojibway 2 Cr. Hrs. 3

Continuation of NATV 1270 Introductory Ojibway 1. Practical course intended for students who are not fluent in Ojibway. Emphasis will be on oral work for the purpose of learning basic sounds and grammatical patterns. Some attention will be given to the structural differences between Ojibway and English. Regular attendance and active participation are obligatory. Prerequisite: a grade of “C” or better in NATV 1270.

NATV 1290 Introductory Inuktitut Cr. Hrs. 3

A practical course in conversational Inuktitut focusing on basic grammatical structures, everyday vocabulary, and using syllabics. This course is offered as part of the Pangnirtung Summer Travel/Study Program. Prerequisite: written consent of department head.

8.22.5 Native Studies Course Descriptions-2000 Level
NATV 2000 Selected Topics in Native Studies Cr. Hrs. 3
The content of this course will vary. Depending on instructor, this course may have a field component. Contact the Department of Native Studies for details. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

NATV 2020 The Métis of Canada Cr. Hrs. 3
A history of the Métis of Canada.

NATV 2030 Working with Aboriginal Elders Cr. Hrs. 3
This course provides an opportunity for students to develop culturally relevant community service skills in Native Studies and to acquire an understanding of traditional teachings by Elders from the Cree and Ojibway traditions. The course includes participation in the annual Elders and Traditional Teachers Gathering conference. Students may not hold credit for both NATV 2030 and NATV 2000 when titled "Working with Elders." Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 2040 The Native Peoples of the Northern Plains Cr. Hrs. 3
An interdisciplinary study of the history and traditional cultures of the Native Peoples of the Northern Plains. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2060 The Native Peoples of the Eastern Woodlands Cr. Hrs. 3
An interdisciplinary study of the history and traditional cultures of the Native peoples of the Great Lakes and Maritimes. Emphasis will be on the Anishinabe (Ojibway, Saulteaux). Depending on instructor, this course may have a field component. Contact the Department of Native Studies for details. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2070 The Native Peoples of the Subarctic Cr. Hrs. 3
This course will examine the subsistence organization, social organization and cosmology of both the Cree and Dene. We will further examine the history of the aboriginal-European encounter and the impact of colonialism on contemporary political and land rights struggles. While we will consider the region as a whole, we will specifically focus on the James Bay Cree and Rock Cree of Northern Manitoba, and secondly on the Sayisi Dene, north of the Churchill River. This course may include a field trip component. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2080 Inuit Society and Culture Cr. Hrs. 3
An examination of the subsistence organization, social organization, cosmology and ceremonies of Inuit from a regional and comparative perspective. While this course will focus on Eastern Arctic Inuit comparison will also be made to Greenlanders, Inuvialuit, Inuitiat and Yupik. We will conclude the course by examining colonial history and the rise of Nunavut. The course may include a field trip component. Students may not hold credit for both NATV 2080 and NATV 2000 with the topic "Inuit Society and Culture." Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2100 Aboriginal Spirituality Cr. Hrs. 3
This course allows students to work with Aboriginal elders or traditional teachers, exposing them to cultural and spiritual concepts. Emphasis is on Anishinabe or Cree teachings, though other First Nations approaches may be offered. This course may include a field trip component. Students may not hold credit for both NATV 2100 and NATV 3000 when titled "Aboriginal Wisdom and Spirituality."

NATV 2110 Introduction to Aboriginal Community Development Cr. Hrs. 3
Community development is the main strategy available for achieving the level of governance that most Aboriginal communities seek. It involves a plan that captures the spirit of a community and stirs the imagination of the members. Obstacles include lack of time, resources, vision and understanding of what a community plan for development can accomplish. This course will examine community development within an Aboriginal context. Students may not hold credit for both NATV 2110 and NATV 2000 when titled "Introduction to Aboriginal Community Development." Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2220 Native Societies and the Political Process Cr. Hrs. 3
An analysis of contemporary Canadian (and U.S.) political and administrative processes as they affect Native people. Depending on instructor, this course may have a weekend field trip. Contact the Department of Native Studies for details.

NATV 2250 Intermediate Cree Cr. Hrs. 6
Continuation of introductory courses and entry-level course for fluent speakers. Development of conversational fluency. Cree orthography, composition and translation, introduction to the linguistic structure of Cree. Prerequisite: [a grade of "C" or better in both NATV 1250 and NATV 1260] or [Matriculation Cree] or written consent of instructor or department head.

NATV 2272 Intermediate Ojibway 1 Cr. Hrs. 3
This course is a continuation of Introductory Ojibway 1 and 2 and the entry-level course for fluent speakers. It focuses on development of conversational fluency, Ojibway orthography, composition and translation. Students may not hold credit for both NATV 2272 and the former NATV 2270. Prerequisite: [a grade of "C" or better in both NATV 1270 and NATV 1280] or [Matriculation Ojibway] or written consent of instructor or department head.

NATV 2274 Intermediate Ojibway 2 Cr. Hrs. 3
This course is a continuation of Intermediate Ojibway 1. It focuses on the further development of conversational fluency, Ojibway orthography, translation and also offers an introduction to the linguistic structure of Ojibway. Students may not hold credit for both NATV 2274 and the former NATV 2270. Prerequisite: [a grade of "C" or better in NATV 2272] or written consent of instructor or department head.

NATV 2300 Cree Literature Cr. Hrs. 3
A survey of Cree literature based on the expansive study of particular texts in cultural, historical and spiritual contexts. Prerequisite: [a grade of "C" or better in NATV 2250 or NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2310 Ojibway Literature Cr. Hrs. 3
A survey of Ojibway (Eastern, Western, Chippewa, Saulteaux, Odawa, others) literature based on the extensive study of particular texts in cultural, historical and spiritual contexts. Prerequisite: [a grade of "C" or better in both NATV 2272 and NATV 2274] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or [a grade of "C" or better in both NATV 1200 or the former NATV 2270] or written consent of department head.

NATV 2320 Structure of the Cree Language Cr. Hrs. 3
A detailed structural analysis of Cree with special attention to the problem of dialect variation and to the contrastive analysis of Cree and English. Prerequisite: [a grade of "C" or better in NATV 2250] or written consent of department head.

NATV 2330 Structure of the Ojibway Language  Cr. Hrs. 3
A detailed structural analysis of Ojibway with special attention to the problem of dialect variation and to the contrastive analysis of Ojibway and English. Prerequisite: [a grade of "C" or better in both NATV 2272 and NATV 2274] or [a grade of "C" or better in the former NATV 2270] or written consent of department head.

NATV 2410 Canadian Native Literature  Cr. Hrs. 3
A study of literature by and about Canadian Native peoples, Indian mythology, personal narratives, protest literature, poetry, plays and novels will be explored to give an appreciation of Native philosophies, experiences, traditions and cultures. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 2420 Inuit Literature in Translation  Cr. Hrs. 3
An examination of various literary forms produced by Inuit including traditional myths and songs, life histories, contemporary novels and modern political writings. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 2430 Indigenous Women's Stories  Cr. Hrs. 3
This course will investigate through the medium of literature - life writing, fiction, creative non-fiction, poetry - and film experiences of Indigenous women in North America, particularly in Canada, as articulated in their own voices. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 2450 Images of Indian People in North American Society  Cr. Hrs. 3
Will trace the portrayal of Indian peoples 1492 to the present. Emphasis will be on material and theoretical depictions, and will require reading as well as study of art pieces, tourist objects, cartoons, movies and so forth. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

8.22.5 Native Studies Course Descriptions-3000 Level

NATV 3000 Selected Topics  Cr. Hrs. 3
The content of this course will vary. Contact the department for a course description. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

NATV 3100 Aboriginal Healing Ways  Cr. Hrs. 3
This course allows students to work with Aboriginal elders or traditional teachers on concepts of healing and wellness. Emphasis is on Anishinabe or Cree healing practices, though other First Nations approaches may be offered. This course may include a field trip component. Students may not hold credit for both NATV 3100 and NATV 3000 when titled "Exploring Aboriginal Healing." Prerequisite: [a grade of "C" or better in NATV 2100] or written consent of the department head.

NATV 3110 Indigenous Environmental Discourse  Cr. Hrs. 3
This course is designed to further an in-depth understanding of Indigenous perspectives on the environment (rural and urban) through the critical analysis of poetry, essays, fiction, film and art by Indigenous writers, scholars and (media) artists. Prerequisite: [a grade of "C" or better in NATV 2410] or written consent of instructor or department head.

NATV 3120 Exploring Aboriginal Economic Perspectives  Cr. Hrs. 3
Explore the impact of legal, constitutional and governance issues on the internal and external operating environment affecting economic development by Aboriginal peoples. Current strategies for successful partnerships between industry and Aboriginal peoples will also be examined. Students may not hold credit for NATV 3120 and any of: ECON 2350 or the former IDM 3000 or the former NATV 4310. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 3130 International Indigenous Literatures  Cr. Hrs. 3
This course will compare selected texts by Indigenous authors from Canada, U.S.A., New Zealand and Australia. Following the history of the respective literature in each country, it will examine the role of Indigenous writing – poetry, fiction, plays – in de/colonization processes in settler societies. Prerequisite: [a grade of "C" or better in NATV 2410] or written consent of instructor or department head.

NATV 3140 Aboriginal Resistance Writing  Cr. Hrs. 3
Description This course will trace and explore the history and practice of Canadian Aboriginal resistance writing. Attention will be given to political and creative writing in contrapuntal response to the Canadian colonial situation. Classes will be based largely on seminar discussions and readings. Prerequisite: [a grade of "C" or better in NATV 2410] or written consent of instructor or department head.

NATV 3150 Residential School Literature  Cr. Hrs. 3
This course focuses on the analysis of literary responses to Residential Schools in the form of memoirs, fiction, poetry, and plays; it will also include aesthetic representations of school experiences through other media like film and art. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 3160 Fundraising for Aboriginal Organizations  Cr. Hrs. 3
This course examines effective fundraising skills as critical for the longevity of many programs in the Aboriginal community. While government fundraising is an important source, understanding grantsmanship and other funding strategies are critical for sustained program existence and effective use of scarce human and financial resources. Students may not hold credit for both NATV 3160 and NATV 3000 when titled "Financing Strategies for Aboriginal Non-Profit Initiatives." Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 3170 Aboriginal Peoples and Racism in Canada  Cr. Hrs. 3
This course will trace the historical and colonial roots of racism as experienced by Aboriginal Peoples in Canada as well as examine its practices in contemporary society and culture. Concepts such as systemic racism, cultural difference and anti-racist education may be explored. Class format will include readings, seminar discussions, some films and lectures. Critical reading and analysis is expected. Students may not hold credit for both NATV 3170 and NATV 3000 when titled "Racism and Aboriginal Peoples." Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 3240 Native Medicine and Health  Cr. Hrs. 3
The health, disease, and medical practices of North American Native peoples. A survey of the health and health care of North American Native people from pre-contact to modern times. Special attention will be paid to traditional concepts of health and healing practices.

NATV 3270 The Métis Nation: The Modern Era  Cr. Hrs. 3
A study of the dispossession of the Métis Nation after 1870, their resurgence in the 1950s and contemporary issues affecting Métis people in Canada. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 3280 Aboriginal Peoples and the Canadian Justice System  Cr. Hrs. 3
A study of Native peoples’ relationships to civil and criminal law in modern Canadian society. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 3290 Independent Research  Cr. Hrs. 3
Supervised research or field work. Results will be presented in a form appropriate to the subject of study. Written consent of department head, based on a written research proposal, must be obtained before registration. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

NATV 3300 Native Language Planning and Development  Cr. Hrs. 3
The social and political setting of the indigenous languages of North America. Issues and methods in language policy development, maintenance, standardization, and innovation. Prerequisite: a grade of "C" or better in six credit hours of Native Languages at the second year level.

NATV 3310 Canadian Law and Aboriginal Peoples  Cr. Hrs. 3
A survey of laws relating to Native peoples in Canada. Topics will include legal aspects of aboriginal title, Indian treaties, Indian and Métis land claims, the Indian Act, hunting and fishing rights, self-government, and constitutional issues. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 3330 Aboriginal People, Science and the Environment  Cr. Hrs. 3
This course will examine current Aboriginal environmental and development issues both locally and internationally. The basic principles of Aboriginal philosophy and how present forms of development on Aboriginal land has conflicted with this philosophy will be examined. Prerequisite: written consent of department head.

NATV 3340 Circumpolar Cultures and Lifestyles  Cr. Hrs. 3
An interdisciplinary study of inter-relationships between the history, traditional lifestyles, politics, and environment of circumpolar Indigenous peoples. Prerequisite: written consent of department head.

NATV 3350 Aboriginal Organizations  Cr. Hrs. 6
A study of local, regional and national Aboriginal organizations in contemporary North America and their interaction with government and private agencies. A field component may be included depending on instructor. Contact the Department of Native Studies for details. Students may not hold credit for both NATV 3350 and the former NATV 3320. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of department head.

NATV 3360 Aboriginal Women of Canada  Cr. Hrs. 3
This course explores and critically examines from interdisciplinary and post-colonial perspectives historical and contemporary processes, representation, experiences and social issues specific to Aboriginal women of Canada. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor or department head.

NATV 3370 Political Development in the North  Cr. Hrs. 3
An examination of historical and contemporary political processes in Nunavut, Northwest Territories, and Yukon including the negotiation and implementation of Aboriginal land claims. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor.

NATV 3380 Cultural Constructions of Gender in Canadian Aboriginal Societies  Cr. Hrs. 3
An examination of the theoretical issues that surround the cultural construction of gender leading into detailed ethnographic and historical case studies. Prerequisites: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor.

NATV 3390 Cultural Continuity and Change in Cumberland Sound  Cr. Hrs. 3
This course examines the rich and complex history of Cumberland Sound. The course also discusses the specific character of Inuit culture in Cumberland Sound and, in a series of lectures on contemporary community dynamics, looks at recent expressions of culture. Students may not hold credit for both NATV 3390 and NATV 3000 when titled "Culture and History in Cumberland Sound."

NATV 4210 Seminar in Contemporary and Historical Métis Issues  Cr. Hrs. 3
A study of the literature, both primary and secondary, dealing with the Métis people in Canada. Prerequisite: written consent of department head.

NATV 4220 Environment, Economy and Aboriginal Peoples  Cr. Hrs. 3
An analysis of sustainable development issues discussed within a cultural context. Depending on the instructor, this course may have a field component. Contact the Department of Native Studies for details. Prerequisite: written consent of department head.

NATV 4230 Traditional Knowledge and Native Studies Research  Cr. Hrs. 3
A study of issues influencing oral histories, case studies, interviews, and other techniques used in research with Aboriginal people. Depending on instructor this course may have a field component. Contact the Department of Native Studies for details. Prerequisite: written consent of department head.

NATV 4240 Arctic Lifestyles  Cr. Hrs. 3
An interdisciplinary study of the interrelationships between culture, economy, and ecology in the Arctic region. Depending on instructor, this course may have a field component. Contact the Department of Native Studies for details. Prerequisite: written consent of department head.

NATV 4250 Topics on Aboriginal Identities  Cr. Hrs. 3
An interdisciplinary study of Aboriginal values, cultures and contemporary identities with emphasis on the impact of colonization. Prerequisite: [a grade of "C+" or better in NATV 1200 or "C+" or better in both NATV 1220 and NATV 1240] and [a grade of "C+" or better in 6 credit hours in Native Studies] or written consent of instructor.

NATV 4280 Missionaries, Colonialism and Aboriginal Peoples Cr. Hrs. 3
A study of Aboriginal responses to Christian missions with a particular emphasis on resistance, syncretism, and "prophet" movements. Prerequisite: [a grade of "C" or better in NATV 1200] or written consent of instructor.

NATV 4290 Independent Research Cr. Hrs. 3
Supervised research or field work. Results will be presented in a form appropriate to the subject of study. Prerequisite: written consent of department head, based on a written research proposal, must be obtained before registration. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

NATV 4300 Advanced Selected Topics in Native Studies Cr. Hrs. 3
The content of this course will vary from year to year. Contact the Department for a course description. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

NATV 4320 Aboriginal Economic Leadership Cr. Hrs. 3
An analysis of current leadership strengths and challenges facing Aboriginal organizations. Out of this analysis will come understanding of strategies for working effectively with Aboriginal organizations. Students may not hold credit for both NATV 4320 and the former IDM 4090. Prerequisite: [a grade of "C" or better in NATV 1200] or [a grade of "C" or better in both NATV 1220 and NATV 1240] or written consent of instructor.

NATV 4330 Indigenous Aesthetics Cr. Hrs. 3
This course will be centered on Indigenous philosophies and aesthetic theories regarding literature, film, theatre and visual arts produced by Indigenous writers, artists and filmmakers in Canada with special emphasis on conceptualizations of an oral "communitist," activist and resistance aesthetics. Prerequisite: [a grade of "C" or better in 15 credit hours of Native Studies courses which must include NATV 2410] or written consent of instructor or department head.

NATV 4340 Text, Representation and Discourse Cr. Hrs. 3
This course examines the discourse of representation surrounding Aboriginal Peoples and Canada’s historical and cultural productions. Although the focus is on Canadian material and experience, the course draws on international post-colonial approach in the critical study of archival and historical records, literary works and contemporary Aboriginal expressions. Method of study includes historiography, film and literary criticism and post-colonial theory. Prerequisite: [a grade of "C" or better in NATV 2410 (032.241)] or written consent of instructor or department head.

8.23 Department of Philosophy

Head: Rhonda Martens
Campus Address/General Office: 450 University College
Telephone: 204 474 6878
Email Address: Philosophy@umanitoba.ca
Website: umanitoba.ca/philosophy

8.23.1 Program Information

Philosophy is composed of several areas of study: these include logic, metaphysics, ethics, political philosophy, philosophy of science, philosophy of language, and aesthetics. Philosophers use the tools of rigorous logic and clear conceptual analysis. Their goal is to understand things such as the nature of reason, the physical universe, right and wrong, the human mind, and sometimes even the meaning of life. There are good arguments and bad arguments. Training in philosophy will help the student not only consider these important questions but also to improve his or her clarity of expression and ability to think critically.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of "C" or better in six credit hours in Philosophy. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

The General Major may consist entirely of courses numbered beyond the 1000 level.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in six credit hours in Philosophy.

The Minor (Concentration) may consist entirely of courses numbered beyond the 1000 level.

Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

8.23.3 Philosophy Course Descriptions-1000 Level

**PHIL 1200 Introduction to Philosophy**  
An introduction to five main areas of philosophy. Topics are logical thinking; the criteria and limits of human knowledge; and three of: God, right and wrong, free will and the nature of consciousness, scientific inquiry, and social justice. Students may not hold credit for PHIL 1200 and any of: PHIL 1511 or the former PHIL 1510 or the former PHIL 1261.

**PHIL 1290 Critical Thinking**  
A course which helps students to think clearly and critically, and to present, defend, and evaluate arguments. The instructor will discuss good and bad reasoning, everyday fallacies, some specific argument forms such as the categorical syllogism, and ways and means of defining words. Students may not hold credit for PHIL 1290 and any of: PHIL 1291 or PHIL 1320 or PHIL 1321.

**PHIL 1320 Introductory Logic**  
A course which helps students to think clearly and critically, and to present, defend and evaluate arguments. The course deals with categorical logic, non-formal fallacies, definition, modern symbolic logic and scientific method. Not open to students who have previously obtained credit for PHIL 2200 or the former PHIL 2430 or the former PHIL 3750. Students may not hold credit for PHIL 1320 and any of: PHIL 1321 or PHIL 1290 or PHIL 1291 or the former PHIL 1330.

8.23.3 Philosophy Course Descriptions-2000 Level

**PHIL 2140 Theory of Knowledge**  
This course challenges and investigates our view of knowledge and rationality. Problems dealt with normally include: the nature of knowledge, sense experience, truth and necessary truth, the analytic-synthetic distinction, memory, induction, etc. Students may not hold credit for both PHIL 2140 and the former PHIL 2760. Prerequisite: [a grade of "C" or better in six credit hours of Philosophy] or written consent of department head.

**PHIL 2150 Mind and Body**  
An introduction to theories of the mind and body, including dualism, identity theory and functionalism. The course deals with topics such as consciousness, thought, and desire. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level philosophy] or [successful completion of 30 hours of university credit].

**PHIL 2160 Fundamentals of the Philosophy of Language**  
An introduction to theories of language, including those of Gottlob Frege and Bertrand Russell. The course deals with a variety of linguistic phenomena pertaining to names, definite descriptions, demonstratives, identity sentences, and belief reports. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level philosophy] or [successful completion of 30 hours of university credit].

**PHIL 2170 Special Topics**  
Topics will vary. Prerequisite: [a grade of "C" or better in three credit hours of philosophy] or [successful completion of 30 hours of university credit]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**PHIL 2190 Philosophy and Sexuality**  
Course examines various moral and legal issues related to sexuality. Topics may include: casual sex, monogamy, love, and commitment; the definition of marriage; the meaning of gender; the nature of consent; the moral and legal status of prostitution and pornography; the scope of sexual privacy and other moral challenges presented by new technology. Students may not hold credit for both PHIL 2190 and PHIL 2170 when titled "Sexuality." Prerequisite: successful completion of 24 hours of university credit.

**PHIL 2200 Intermediate Logic**  
A systematic investigation of the theory and techniques of modern symbolic logic, with an examination of contributions made by contemporary philosophers in dealing with philosophical problems closely connected with logic. Students may not hold credit for both PHIL 2200 and the former PHIL 2430.

**PHIL 2290 Ethics and Society**  
An examination of some contemporary ethical theories and their application to a number of practical issues. Current issues to be discussed may include: ethics and the environment; abortion and euthanasia; sexual freedom and human equality; civil disobedience; individual liberty vs. state authority; punishment; and, justice and utility. Students may not hold credit for PHIL 2290 and any of: PHIL 2531 or PHIL 2740 or PHIL 2741 or PHIL 2750 or PHIL 2751. Prerequisite: successful completion of 30 hours of university credit.

**PHIL 2300 Political Philosophy**  
An analysis and evaluation of the main ideals - justice, freedom, happiness, equality, and self-realization - of the great political philosophers (e.g., Plato, Hobbes, Locke, Mill, and Marx) and of their theories of human nature and their blueprints for society. Students may not hold credit for both PHIL 2300 and PHIL 2301. Prerequisite: successful completion of 30 hours of university credit.

**PHIL 2580 Metaphysics**  
A study of some fundamental problems relating to the nature of reality, e.g., mind and body, cause and effect, human freedom, and the problem of universals. Students may not hold credit for both PHIL 2580 and the former PHIL 2450. Prerequisite: a grade of "C" or better in six credit hours of Philosophy at the 1000 level.

**PHIL 2612 A Philosophical History of Science**  
A philosophical study of the evolution of science and scientific methodology from the ancient Greeks to the present. A background in science is not required. Students may not hold credit for both PHIL 2612 and the former PHIL 2610. Prerequisite: successful completion of 30 hours of university credit.

**PHIL 2614 Philosophy of Science**  
A critical study of the nature of scientific knowledge. A background in science is not required. Students may not hold credit for both PHIL 2614 and the former PHIL 2610. Prerequisite: successful completion of 30 hours of university credit.

**PHIL 2630 Continental Rationalism**  
A study of the great Continental philosophers, Descartes, Spinoza, and Leibniz, who viewed reason, rather than experience, as the key to knowledge of the universe. Students may not hold credit for both PHIL 2630 and PHIL 2631. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level Philosophy] or written consent of department head.

**PHIL 2640 British Empiricism**  
The course surveys and analyzes the theories of the great British empiricists, Locke, Berkeley, and Hume, on the nature and foundations of human knowledge and its relation to experience. Students may not hold credit for
both PHIL 2640 and PHIL 2641. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level Philosophy] or written consent of department head.

PHIL 2650 Plato Cr. Hrs. 3
An examination of Plato’s views on reality, “man”, politics, and morals through a study of his most significant dialogues. The course will begin with a discussion of the main pre-socratic philosophers. Students may not hold credit for both PHIL 2650 and the former PHIL 2651. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level Philosophy] or written consent of department head.

PHIL 2660 Aristotle Cr. Hrs. 3
A study of Aristotle's most important views on reality, knowledge, morals, and politics, and of the late classical philosophies: epicureanism and stoicism. Students may not hold credit for both PHIL 2660 and PHIL 2661. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level Philosophy] or written consent of department head.

PHIL 2710 Twentieth-Century European Philosophy: Existentialism Cr. Hrs. 3
This course will be devoted to a study of existentialist themes as they appear in the writings, both literary and philosophical, of some of the following: Beckett, Camus, de Beauvoir, Hesse, Heidegger, Kafka, Kierkegaard, Marcel, Nietzsche, Sartre, Buber, R.D. Laing, and various existential psychologists. Students may not hold credit for PHIL 2710 and any of: the former PHIL 2820 or the former PHIL 2821.

PHIL 2730 Fundamentals of the Philosophy of Religion Cr. Hrs. 3
A critical study of some fundamental problems in the philosophy of religion, such as the existence and nature of God, the justification of religious discourse. Students may not hold credit for PHIL 2730 and any of: the former PHIL 2820 or the former PHIL 2821.

PHIL 2740 Ethics and Biomedicine Cr. Hrs. 3
An examination of some important ethical issues arising out of recent developments in biology and medicine. Examples of topics to be covered include: the allocation of scarce medical resources; genetic engineering; euthanasia vs. the prolongation of life; abortion and infanticide, and experimentation on human subjects. Students may not hold credit for PHIL 2740 and any of: PHIL 2741 or PHIL 2290 or PHIL 2531. Prerequisite: successful completion of 30 hours of university credit.

PHIL 2750 Ethics and the Environment Cr. Hrs. 3
An examination of some important ethical issues connected with environmental pollution and resource depletion. Examples to be covered include: the ideal of liberty and environmental limits; scarcity and the ideal of justice; growth vs. steady-state economics; animal rights, and survival ethics vs. welfare ethics. Students may not hold credit for PHIL 2750 and any of: PHIL 2751 or PHIL 2290 or PHIL 2531. Prerequisite: successful completion of 30 hours of university credit.

PHIL 2770 Philosophy of Art Cr. Hrs. 6
An introductory analysis of some contemporary aesthetic theories and an examination of such problems as the relation between art and morality, meaning and expression in art, the nature and functioning of criticism, and the justification of standards of aesthetic evaluation.

PHIL 2780 Thomas Aquinas Cr. Hrs. 3
A study of Aquinas’ views on topics such as humans, universals, truth, the existence and nature of God, morality and natural law, and the relation of philosophy to religious faith. Students may not hold credit for PHIL 2780 and any of: PHIL 2320 or the former PHIL 2321.

PHIL 2790 Moral Philosophy Cr. Hrs. 6
An introduction to moral philosophy and influential moral philosophers of the past and present. The main emphasis will be on the nature and justification of moral judgement. Philosophers such as Plato, Hobbes, Hume, Kant, Moore, Stevenson, Hare and Rawls will be discussed. Prerequisite: [a grade of "C" or better in six credit hours of 1000-level Philosophy] or written consent of department head.

PHIL 2800 Contemporary Political Philosophy Cr. Hrs. 3
An examination of recent theories about whether there should be political authority, who should wield it, what is its proper scope and what are the duties and rights of citizens. The course will deal with representatives of such positions as anarchism, communism, conservatism, liberalism. Students may not hold credit for both PHIL 2800 and the former PHIL 3710. Prerequisite: successful completion of 30 hours of university credit.

PHIL 2830 Business Ethics Cr. Hrs. 3
The course will explore the application of ethical theory to business. Topics to be discussed will normally include: theories of justice, corporate responsibility, the ethics of advertising, consumer and environmental protection, and preferential hiring. Students may not hold credit for both PHIL 2830 and PHIL 2831. Prerequisite: successful completion of 30 hours of university credit.

PHIL 2840 The Ethics of War and Peace Cr. Hrs. 3
A study of the ethical issues connected with war and the securing of peace, as articulated in the writings of major philosophers and selected political and military thinkers. Relevant moral theories, such as non-violence, holy war, the just war, the ethical reasoning underlying policies of deterrence, will be critically examined in historical and contemporary context. Students may not hold credit for both PHIL 2840 and PHIL 2841.

PHIL 2860 Philosophy of Law Cr. Hrs. 3
An introduction to the philosophy of law and to rule systems generally. Sample topics include the concept of law (law and religion; natural law; the "laws of the books"); the connection, if any, between law and morality; and the politics of law in Canada and elsewhere. Students may not hold credit for both PHIL 2860 and PHIL 2861.

PHIL 2870 Philosophy and Law Cr. Hrs. 3
An inquiry into the philosophy of law, on issues not covered in PHIL 2860. Students will examine such topics as: guilt and responsibility; theories of punishment; the right to dissent; legal reasoning; and, "professional ethics." Students may not hold credit for both PHIL 2870 and PHIL 2871.

8.23.3 Philosophy Course Descriptions-3000 Level

PHIL 3220 Feminist Philosophy Cr. Hrs. 3
An examination of philosophical issues of special interest to students of feminism and women’s issues. Topics typically include: feminist epistemology, metaphysical implications of feminism, and feminist ethics. Prerequisite: [a grade of "C" or better in six credit hours in Philosophy] or written consent of department head.

PHIL 3290 Self-Transformation in Religion and Philosophy Cr. Hrs. 3
This course examines contemporary expressions of spiritual exercises by tracing their traditions across an array of western religious and philosophical schools. The course explores themes of death, asceticism, aestheticism, everydayness and community. In particular, it explores how dialogue, reading, and writing have constituted tools for the cultivation of mental, physical and emotional states leading to self-transformation. Also offered as RLGN 3290. May not be held with RLGN 3290.

PHIL 3430 Problems in Legal Philosophy Cr. Hrs. 3
A treatment of some problems arising in the philosophy of law including responsibility and the doctrine of mens rea, theories of punishment, law and morality, and the concept of law. Prerequisite: written consent of department head.

PHIL 3440 Problems in Social and Political Philosophy Cr. Hrs. 3
A treatment of selected problems arising in social and political philosophy, e.g., the philosophy of the state, distributive justice, and the ethics of revolution. Prerequisite: written consent of department head.

PHIL 3580 Kant Cr. Hrs. 3
A study of the 18th-century German thinker, Immanuel Kant, focusing on the revolutionary theories about reality and human knowledge contained in his major metaphysical work, The Critique of Pure Reason. Prerequisite: [a grade of "C" or better in one of: PHIL 2630 or PHIL 2631 or PHIL 2640 or PHIL 2641] or written consent of department head. PHIL 3580 counts as a Group 2 and Group 4 course.

PHIL 3630 Contemporary Epistemology Cr. Hrs. 3
A critical examination of contemporary issues in the theory of knowledge including recent empiricist attempts to resolve the problem of justifying belief. Typical topics include foundations of knowledge, the concept of "truth", radical scepticism, the new riddle of induction, normative epistemology, the psychology and sociology of knowledge. Prerequisite: [a grade of "C" or better in PHIL 2140 or the former PHIL 2760] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PHIL 3650 Contemporary Metaphysics Cr. Hrs. 3
An intensive investigation of the most significant recent scholarly research into metaphysics, including issues of ontology, reference and existence, ontological commitment, realism vs. nominalism, Quine's notion of ontological relativity, etc. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PHIL 3760 Topics in Moral Theory 1 Cr. Hrs. 3
A critical examination of such issues in moral theory as moral scepticism, contractarianism, moral realism, utilitarianism and justice. Prerequisite: [a grade of "C" or better in PHIL 2790] or written consent of department head.

PHIL 3770 Topics in Moral Theory 2 Cr. Hrs. 3
A critical examination of such issues in moral theory as moral realism, naturalism, moral epistemology, feminist ethics, moral language, egoism and justice. Prerequisite: [a grade of "C" or better in PHIL 2790] or written consent of department head.

PHIL 4460 Contemporary Issues Cr. Hrs. 3
An intensive study of specially selected topics in contemporary philosophy. The subject matter of the course will vary from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PHIL 4490 Philosophy of Mind Cr. Hrs. 3
A seminar concentrating on the analysis of consciousness. Topics include: mind and brain, the explanation of human behaviour, and whether or not machines and animals can think. Prerequisite: written consent of department head.

PHIL 4510 Philosophy of Language Cr. Hrs. 3
An examination of problems such as the nature of meaning, grammar, semantics, reference, truth, and methodology in the study of language. Prerequisite: written consent of department head.

PHIL 4520 Historical Topics 1 Cr. Hrs. 3
Selected topics in the history of philosophy. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PHIL 4580 Honours Seminar Cr. Hrs. 6
A seminar course with subject matter varying from year to year, designed to meet special needs of Honours Philosophy students. Prerequisite: written consent of department head.

PHIL 4600 Science and Philosophy since Newton Cr. Hrs. 3
This course traces the major threads of humankind's intellectual evolution from the time of Newton to the present. Figures studied include Newton, Kant, Maxwell, Darwin, Peirce, and Einstein. Issues include the nature of space and time, of matter and energy, of living organisms, and the nature and evolution of human consciousness. Prerequisite: fourth year standing in any faculty or written consent of department head.

PHIL 4610 Directed Reading in Philosophy Cr. Hrs. 3
Subject matter will vary from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PHIL 4630 Symbolic Logic 1 Cr. Hrs. 3
Selected topics in mathematical logic, including propositional and quantificational logic, number theory, and the major metatheoretical results. Prerequisite: written consent of department head.

PHIL 4640 Symbolic Logic 2 Cr. Hrs. 3
Selected topics in mathematical logic, including propositional and quantificational logic, number theory, and the major metatheoretical results. Prerequisite: written consent of department head.

#### 8.24.1 Program Information

Political Studies examines the dynamics of human interaction in which individuals and groups compete to achieve their goals. The study of politics involves a consideration of the interactions between the individual, the state, government, public affairs and public policy. Political Studies examines the dynamics of these interactions in the context of competing visions, values and interests, particularly in the pursuit of varying public goals, including the quest for political power and the control of government. Politics is thus both a study of conflict between competing interests and a study of how these competing interests achieve compromise and cooperation.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**Major Program**

For entry to the Major, the prerequisite is a grade of “C” or better in six credit hours in Political Studies. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

A maximum of six credit hours in Political Studies courses numbered at the 1000 level may be used towards the 30 credit hours for a General Major or the 48 credit hours for a Single Advanced Major.

**Minor (Concentration) Program**

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in six credit hours in Political Studies.

A maximum of six credit hours in Political Studies courses numbered at the 1000 level may be used toward the 18 credit hours for a Minor.

**Honours Program**

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Honours in Political Studies may be taken in combination with the program of Central and East European Studies. See Section 8.5.

**Other**

Combinations of courses for the Major, Minor and Honours programs, other than those listed above may be permitted by written consent of the department head. Similarly, Honours courses may be taken by students in the General or Advanced Major programs with the written consent of the department head.

Honours courses are open to Honours students and other advanced undergraduate students with written consent of instructor or department head.

**NOTES:**

1. A student must include at least six credit hours in political theory (POLS 2510, POLS 3240, POLS 3510, POLS 3600, POLS 3710, POLS 3810, POLS 4510, POLS 4610, POLS 4710).

2. A student in Single or Double Honours may, with written permission of the department head, substitute: six credit hours in Honours courses numbered at the 4000-level in place of six credit hours numbered at the 3000-level.

3. Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Political Studies courses).
8.24.3 Political Studies Course Descriptions-1000 Level

POLS 1000 Democracy and Development Cr. Hrs. 3
An examination of development and democracy as desiderata of good societies and an examination of historical conditions in which individual and collective freedom on the one hand, and economic prosperity on the other, have been achieved in the various countries of the world.

POLS 1502 Introduction to Political Studies Cr. Hrs. 3
(Lab required) This course introduces students to fundamental concepts in the analysis of political phenomena, as well as problems and issues associated with the exercise of authority and the construction of political legitimacy. Students may not hold credit for POLS 1502 and any of: POLS 1503 or the former POLS 1500 or the former POLS 1501.

POLS 1506 Survey of Political Studies Cr. Hrs. 3
(Lab required) This class introduces students to the academic study of politics. A primary objective of the course is that students will learn to differentiate among the various fields of Political Science including Political Theory, Canadian Politics, Global Politics, Public Administration and International Relations. The course thus prepares students to select coursework within the Political Studies major appropriate to their interests and career goals. Students may not hold credit for POLS 1506 and any of: the former POLS 1500 or the former POLS 1501.

8.24.3 Political Studies Course Descriptions-2000 Level

POLS 2000 Introduction to Comparative Politics Cr. Hrs. 6
An introduction to the methodology and scope of comparative politics, examining political processes and public policies in a variety of political systems, including liberal democracies, post-Communist, newly industrializing, and developing nations. Students may not hold credit for POLS 2000 and any of: POLS 2003 or POLS 2005.

POLS 2040 Introduction to International Relations Cr. Hrs. 6
An introduction to the analysis of international political action and interaction. The course examines the manner in which the foreign policies of states are formulated and the conflict, competition and cooperation produced by state interaction. Examples are drawn mainly from international events since 1945, with appropriate references to earlier periods. Students may not hold credit for POLS 2040 and any of: POLS 2043 or POLS 2045 or the former POLS 2041.

POLS 2070 Introduction to Canadian Government Cr. Hrs. 6
A survey of the Canadian political institutions and processes including contemporary Canadian federalism, the parliamentary system, political parties and interest groups. Students may not hold credit for POLS 2070 and any of: POLS 2073 or POLS 2075 or the former POLS 2071.

POLS 2510 Great Political Thinkers Cr. Hrs. 6
A survey and evaluation of major political theorists from ancient to modern times. Students may not hold credit for POLS 2510 and any of: POLS 2513 or POLS 2515 or the former POLS 2511.

8.24.3 Political Studies Course Descriptions-3000 Level

POLS 3100 Gender and Politics in Canada Cr. Hrs. 3
This course introduces the principal themes in the study of gender and politics in Canada. Topics may include women’s political organizing and activism, representation in political institutions, the gendered division of labour in the private and public spheres, gender and public policy, and the gendered nature of political behaviour. Prerequisite: [a grade of “C” or better in POLS 2070 or the former POLS 2071] or [a grade of “C” or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 3140 Selected Topics in Politics 1 Cr. Hrs. 3
Description The content of this course will vary. Contact the department for a course description. Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

POLS 3150 Selected Topics in Politics 2 Cr. Hrs. 3
The content of this course will vary. Contact department for a course description. Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

POLS 3160 Human Rights and Civil Liberties Cr. Hrs. 3
An examination of the foundations of modern human rights systems in liberal democracies. Topics addressed include the main philosophical arguments on human rights, dominant legal theories of rights, and international conventions and systems of human rights protection. Students may not hold credit for both POLS 3160 and POLS 3161. Prerequisite: [a grade of “C” or better in one of: POLS 2070 or POLS 2510 or POLS 2515 or the former POLS 2071 or the former POLS 2511] or [a grade of “C” or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 3170 The Canadian Charter of Rights and Freedoms Cr. Hrs. 3
A systematic examination of the rights and freedoms contained in the Charter through Supreme Court decisions. Additional topics addressed include the historical, political and intellectual sources of rights protection in Canada and a review of Canadian human rights legislation. Students may not hold credit for both POLS 3170 and POLS 3171. Prerequisite: [a grade of “C” or better in POLS 2070 or the former POLS 2071] or [a grade of “C” or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 3200 International Security and Conflict Management Cr. Hrs. 6
A study of contemporary world conflict, conflict management, and issues of global security. Prerequisite: [a grade of “C” or better in POLS 2040 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3220 Globalization and the World Economy Cr. Hrs. 3
An exploration of issues relating to globalization, including regionalism, economic structures and regimes, multinational corporations, global debt, problems in the developing world, and the future for leadership in the international system. Prerequisite: [a grade of “C” or better in POLS 2040 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3240 Feminist Political Theory Cr. Hrs. 3
An examination of feminist approaches to the status and participation of women in political life. The course also includes feminist discourse on ethical issues and state policy.

POLS 3250 International Political Economy Cr. Hrs. 3
A survey of the relationship between political authority and the production and distribution of global wealth. Emphasis is placed on the historical development of international political economy, its fundamentals, as well as major theoretical perspectives. Students may not hold credit for both POLS 3250 and POLS 3251. Prerequisite: [a grade of “C” or better in POLS
POLS 3270 Theories of the Capitalist World Order  Cr. Hrs. 3
A critical survey of major theories that have successively dominated understandings of the modern capitalist world order including mercantilism, free trade, imperialism, hegemonic stability theory, globalization, regionalism, empire and multipolarity, paying particular attention to the political economy underlying each. Prerequisite: [a grade of "C" or better in POLS 2040 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3330 Politics of the European Union  Cr. Hrs. 3
A study of the creation and evolution of the "European movement" which began after World War II as well as the various stages of European integration to the present day. Topics include institutional development; economic, monetary, and political union; and the global relations of the modern EU. Students may not hold credit for both POLS 3330 and the former POLS 2430. Prerequisite: [a grade of "C" or better in one of: POLS 2000 or POLS 2040 or POLS 2005 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3340 Middle East Politics  Cr. Hrs. 3
An examination of the Middle East as a region of global strategic significance, with an emphasis on the major issues related to war and peace in selected Middle Eastern conflicts. Students may not hold credit for both POLS 3340 and POLS 3140 when offered with the topic "Arab Israeli Conflict."

POLS 3342 Arab-Israeli Conflict  Cr. Hrs. 3
An examination of the history and politics of the longstanding conflict between Israel and the Arab world with particular focus on the Israeli-Palestinian context. Students may not hold credit for both POLS 3342 and POLS 3140 when offered with the topic "Arab-Israeli Conflict."

POLS 3470 Canadian Public Management  Cr. Hrs. 3
An introduction to the internal and external factors affecting contemporary public sector management in Canada. The course will examine the primary values, policies, processes, and structures within the civil service. Prerequisite: [a grade of "C" or better in one of: POLS 2070 or POLS 2571 or the former POLS 2071 or the former POLS 2570] or [a grade of "C" or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 3510 Political Doctrines of the Twentieth Century  Cr. Hrs. 6
A survey of major contemporary systems of ideas which seek to explain or justify political behaviour.

POLS 3520 Canadian Foreign and Defence Policy  Cr. Hrs. 6
An examination of Canadian foreign and defence policy, with attention to contemporary events and issues. The course is designed to examine both foreign and defence policies as interdependent issues for Canadian interests. The course will assess the evolution and changing priorities of Canadian foreign and defence issues, with particular attention to Canada's relations with the United States, Europe, Asia and the Third World. Students may not hold credit for POLS 3520 and any of: POLS 3563 or the former POLS 3561. Prerequisite: [a grade of "C" or better in POLS 2040 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3570 Administrative Theory in the Public Sector  Cr. Hrs. 3
A study of the fundamental principles with which to understand human behaviour inside public organizations. The course addresses a diverse but comprehensive set of historical and current theories, concepts and approaches in the field of public administration. Prerequisite: [a grade of "C" or better in one of: POLS 2000 or POLS 2070 or POLS 2005 or POLS 2571 or the former POLS 2071 or the former POLS 2570] or [a grade of "C" or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 3600 Political Concepts  Cr. Hrs. 3
An exposition and analysis of the role and meaning of terms central to political discourse. Among concepts to be studied are power, community, justice, freedom, equality and obligation. Prerequisite: [a grade of "C" or better in POLS 2510 or POLS 2515 or the former POLS 2511] or written consent of instructor or department head.

POLS 3640 Comparative Defence Policy  Cr. Hrs. 3
The examination within a comparative framework of the factors determining the making and implementation of the defence policies of a number of representative and significant countries. Prerequisite: [a grade of "C" or better in POLS 2040 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3670 Canadian Political Parties  Cr. Hrs. 3
This course provides students with an understanding of the origins, evolution, operation and programmes of Canadian political parties. Topics addressed include party types, party systems, party organization and financing, electoral activities and party leadership. Prerequisite: [a grade of "C" or better in POLS 2070 or the former POLS 2071] or [a grade of "C" or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 3710 Distributive Justice  Cr. Hrs. 3
A study of the question of whether, and to what extent, inequalities of various kinds are compatible with the demands of both justice and community. This course examines contending answers to the question by investigating classical and/or contemporary theories of distributive justice. Prerequisite: a grade of "C" or better in POLS 2510 or POLS 2515 or the former POLS 2511.

POLS 3720 Politics, Government and Society in Ukraine  Cr. Hrs. 3
An analysis of political transition and development in Ukraine. Ukraine's international relations will also be examined. Students may not hold credit for both POLS 3720 and POLS 3140 when offered with the topic "Government Politics in Ukraine" or the former POLS 2920. Prerequisite: [a grade of "C" or better in one of: POLS 2000 or POLS 2040 or POLS 2005 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.

POLS 3810 Introduction to Marxism  Cr. Hrs. 3
An overview of the thought of Karl Marx and Fredrick Engels, focusing on its philosophical origins, key concepts and ideas of their historical materialism, critique of political economy, political theory and philosophy. The development of Marxism after Marx and Engels, particularly in the tradition of Western Marxism, will be traced in the case of each concept and idea. Students may not hold credit for both POLS 3810 and the former POLS 4810.

POLS 3840 Approaches to the Study of International Relations  Cr. Hrs. 3
An overview of the various competing theoretical approaches used in the analysis of international relations, as well as the methodologies used by international politics analysts. Students may not hold credit for both POLS 3840 and POLS 3841. Prerequisite: [a grade of "C" or better in POLS 2040 or POLS 2045 or the former POLS 2041] or written consent of instructor or department head.
POLS 3860 Canadian Federalism  Cr. Hrs. 3
An examination of Canadian federal structures and processes with emphasis on constitutional influences, the evolution of jurisdictions, province-building and contemporary federal issues.

POLS 3880 Comparative Foreign Policy  Cr. Hrs. 3
A comparative study of the factors affecting foreign policy in selected countries including, but not limited to, Canada, the United States, Russia, China, Japan, Great Britain, France, and Germany. The course also includes an examination of international, regional, and domestic factors affecting the creation of foreign policy by states. Students may not hold credit for both POLS 3880 and POLS 3881. Prerequisite: [a grade of “C” or better in POLS 2040 or POLS 2041] or written consent of instructor or department head.

POLS 3920 American Politics  Cr. Hrs. 6
An examination of institutions, processes, public policies, and current public affairs in the United States. Prerequisite: [a grade of “C” or better in POLS 2000 or POLS 2005] or written consent of instructor or department head.

POLS 3930 Foreign Policy Decision-Making  Cr. Hrs. 6
The analysis and construction of selected theoretical models of the foreign policy decision-making process. The case studies examined will refer primarily, but not exclusively, to U.S. foreign policy decision-making. Students may not hold credit for both POLS 3930 and the former POLS 3931.

POLS 3950 Research Methods in the Study of Politics  Cr. Hrs. 3
An introduction to the major quantitative and qualitative research strategies employed in the study of politics. The topics addressed include interviewing, content analysis, comparative studies, survey design, sampling, research ethics and basic statistical analysis. Students may not hold credit for both POLS 3950 and POLS 3951. Prerequisite: [a grade of “C” or better in six credit hours of Political Studies at the 2000 level] or written consent of instructor or department head.

POLS 3960 Canadian Politics  Cr. Hrs. 6
An examination of recurrent issues and problems in the Canadian political culture including the evolution of parties and ideologies, and issues such as regionalism, dualism, continentalism, civil liberties and the interventionist state. Prerequisite: [a grade of “C” or better in POLS 2070 or the former POLS 2071] or [a grade of “C” or better in both POLS 2073 and POLS 2075] or written consent of instructor or department head.

POLS 4070 Advanced Seminar: Canadian Government  Cr. Hrs. 3
Examines the core institutions of Canadian government and politics including parliamentary government, federalism, the Constitution and the Charter of Rights and Freedoms. Prerequisite: written consent of instructor or department head.

POLS 4080 Advanced Seminar: Canadian Democracy  Cr. Hrs. 3
Examines the core institutions and processes of Canadian democracy including political parties, elections, social movements and interest groups, representation and public opinion. Students may not hold credit for both POLS 4080 and POLS 4160 when offered with the topic “Canadian Democracy.” Prerequisite: written consent of instructor or department head.

POLS 4140 Canadian Political Ideas  Cr. Hrs. 3
An examination of the ideas that underlie Canadian politics. What are the values at the centre of political movements in Canada and where do they come from? How have these values changed over time and why? We will attempt to answer these questions by exploring the development of Canadian political ideas as well as our current ideological context in Canada. Effort will be made to reflect on ideological debate on contemporary issues of the day. Prerequisite: written consent of instructor or department head.

POLS 4150 Indigenous Governance  Cr. Hrs. 3
An examination of Indigenous governance before and since the ‘European invasion’ which introduces key themes, debates and controversies pertaining to Indigenous governance and its study. Students may not hold credit for both POLS 4150 and POLS 4160 when offered with the topic “Indigenous Governance.” Prerequisite: written consent of instructor or department head.

POLS 4160 Selected Topics in Politics  Cr. Hrs. 3
The content of this course will vary. Contact department for a course description. Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

POLS 4170 Selected Topics in Politics  Cr. Hrs. 3
The content of this course will vary. Contact department for a course description. Prerequisite: written consent of instructor or department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

POLS 4180 Provincial Politics in Canada  Cr. Hrs. 3
The course focuses on politics at the provincial level in Canada and on the politics of the regions: Atlantic, Quebec, Ontario, the West and BC. Emphasis is on a comparison of political cultures, governments, budgets, parties, elections, and political change across the regions. Prerequisite: written consent of instructor or department head.

POLS 4190 Manitoba Politics and Government  Cr. Hrs. 3
An examination of politics and government in modern Manitoba. Topics addressed include federal-provincial relations, parties and elections, political culture, the legislative process and public policy. Prerequisite: written consent of instructor or department head.

POLS 4200 Politics of Development  Cr. Hrs. 3
A survey of the problems and prospects facing developing countries with a particular focus on the changes in international economic governance in the aftermath of the financial crisis and the Great Recession, the role of the state in development and the political economy of emerging economies. Students may not hold credit for both POLS 4200 and POLS 4160 when titled “Politics of Development.” Prerequisite: written consent of instructor or department head.

POLS 4370 Comparative Public Administration  Cr. Hrs. 3
A study of the systems, processes, and values of public administration in an international comparative context. Topics include public sector organization and reform, international standards of policy and practice, and the role of international institutions in promoting public sector modernization. The course covers countries from several geographic zones and places domestic issues in the larger, global political economy. Prerequisite: written consent of instructor or department head.

POLS 4470 Managing Modern Government  Cr. Hrs. 3
A study of the skills required to effectively manage in the public sector. Topics covered include: managerial effectiveness, written and interpersonal communication, gaining power and influence, working with political staff and politicians, conflict management, risk management, performance management, creating and working through teams, decision-making,
motivation, and empowerment. Students may not hold credit for both POLS 4470 and the former POLS 4570. Prerequisite: written consent of instructor or department head.

**POLS 4510 Advanced History of Political Ideas**  Cr. Hrs. 3
An in-depth analysis of selected texts in the history of political theory with a focus on ideas and concerns relevant to contemporary political life. Prerequisite: written consent of instructor or department head.

**POLS 4530 Regionalism in International Relations**  Cr. Hrs. 3
This course examines the nature and substance of political relations among states in the international system to institutionalize relations for economic, political, or security reasons. Emphasis is given to post-1945 and contemporary regional relationships. Regional arrangements studied in the course include, but are not necessarily limited to, North America, Europe, the Asia-Pacific rim, the Middle East, Latin America, and Africa. Students may not hold credit for both POLS 4530 and the former POLS 4830. Prerequisite: written consent of instructor or department head.

**POLS 4610 Contemporary Political Theory**  Cr. Hrs. 3
An examination of recent developments in the analysis of political ideas, institutions, and behaviour. Prerequisite: written consent of instructor or department head.

**POLS 4660 The State in the Economy**  Cr. Hrs. 6
Drawing from literature in Canadian political economy, this course will examine historical and contemporary patterns and forms of Canadian state involvement in the economy. Both federal and provincial contexts will be studied and selected areas of current interest, such as the role of crown corporations and industrial policy, will be emphasized. Prerequisite: written consent of instructor or department head.

**POLS 4710 Political Theory and the Family**  Cr. Hrs. 3
An examination of the normative aspects of the relations between children, families and the state. Prerequisite: written consent of instructor or department head.

**POLS 4730 Strategic Studies**  Cr. Hrs. 6
An examination of the role, management, and politics of organized force in the international system. Prerequisite: written consent of instructor or department head.

**POLS 4860 The Canadian Policy Process**  Cr. Hrs. 6
This course will examine a number of conceptual frameworks for the analysis of the policy process, will analyze the role of different institutions and actors in the policy process, and will appraise current government responses to problems within Canadian society. Prerequisite: written consent of instructor or department head.

**POLS 4940 American Foreign Policy**  Cr. Hrs. 6
An analysis of the foreign policy of the United States from 1945 to the present, focusing on the explanation of the foreign policy decisions taken and the policy-making process giving rise to them. Prerequisite: written consent of instructor or department head.

---

### 8.25 Department of Psychology

**Head:** Dan Bailis  
Campus Address/General Office: P404 Duff Roblin Building  
Telephone: 204 474 9338  
Email Address:  pneumaghead@umanitoba.ca  
Website:  umanitoba.ca/psychology

#### 8.25.1 Program Information

Psychology is a discipline that examines questions concerning behaviour and mental processes. Cognitive processes such as perceiving, learning, remembering, thinking, talking, and social interactions as well as the biological basis for behaviour and human development are among the issues explored. Psychology on the one hand helps us understand human and animal behaviour, but on the other also provides insights that can help and benefit individuals and society. A degree program is also offered in the Faculty of Science.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**Major Program**

For entry to the Major, the prerequisite is a grade of “C” or better in PSYC 1200 or a grade of “C” or better in both PSYC 1211 and PSYC 1221. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

**Single Advanced Major Co-operative Option**  **AVAILABLE SUMMER 2019**

Entry and continuance in the Single Advanced Major Co-operative Option require completion of PSYC 2260 with a grade of “C” or better, and a cumulative GPA of 3.00 or higher. Students who fail to maintain the cumulative GPA of 3.00 while enrolled in the Co-operative Option will be required to withdraw from the option and revert to the Single Advanced Major or General Major program.

**Minor (Concentration) Program**

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in PSYC 1200 or a grade of “C” or better in both PSYC 1211 and PSYC 1221, or written consent of the department head.

**Honours Program**

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

PSYC 2360 Brain and Behaviour Cr. Hrs. 3
This course explores the relationship between brain and behaviour. The student will first learn about the fundamental elements of the nervous system. Lectures will integrate these elements into discussions of systems responsible for sensation, motor control, emotion, sleep, learning and memory. Clinical scenarios will be used to illuminate function. Students may not hold credit for PSYC 2360 and any of: PSYC 2361, or PSYC 3530 or PSYC 3531 or PSYC 3540 or the former PSYC 3541 when titled Brain and Behaviour. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2380 Psychology of Gender Cr. Hrs. 3
A critical examination of the similarities and differences between women and men with a particular emphasis on gender roles and gender identity. Students may not hold credit for both PSYC 2380 and the former PSYC 2400. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2430 Humanistic and Transpersonal Psychology Cr. Hrs. 3
A survey of such topics as search for meaning, personal growth, self-actualization, electric stimulation of the brain, meditation, and extrasensory perception. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2440 Behaviour Modification Principles Cr. Hrs. 3
The fundamental assumptions, principles, and procedures of behaviour modification are described and illustrated by applications to normal and abnormal human behaviour. Students may also conduct supervised projects in applied areas or in basic behavioural research. Students may not hold credit for both PSYC 2440 and PSYC 2441. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2470 Learning Foundations of Psychology Cr. Hrs. 3
Examines basic learning processes, along with examples of how psychologists study them. Emphasis is placed on how knowledge of basic learning processes can help us understand complex human behaviour. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2480 Cognitive Processes Cr. Hrs. 3
An introduction to the higher mental processes from an information processing perspective. Topics include attention, cognitive development, imagery, language, memory and problem-solving. Extensive reference will be made to recent experimental findings. Students may not hold credit for both PSYC 2480 and PSYC 2481. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2490 Abnormal Psychology Cr. Hrs. 3
The study of theory and research on abnormal human behaviour. The major forms of psychological disturbance are discussed. An introduction to the prevention and treatment of psychological disturbances is given. Students may not hold credit for PSYC 2490 and any of: PSYC 2491 or the former PSYC 3460 or the former PSYC 3461. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2500 Elements of Ethology Cr. Hrs. 3
This course involves one three-hour lecture meeting and one laboratory per week and concerns the study of animal behaviour through lectures, films, and field trips. Parakeets, flies, and/or ducklings plus one animal of the student’s choice will be observed. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2510 Comparative Psychology Cr. Hrs. 3
This course examines the viability of comparative psychology today, the type of subjects used in comparative psychology research, its history and background, some applications and contemporary viewpoints, and its current status. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2520 Orientations to Psychological Systems Cr. Hrs. 3
Examines and contrasts humanistic, psychodynamic, cognitive, and behavioural psychology with regard to consciousness vs. the unconscious, free-will vs. determinism, holism vs. analysis, purpose vs. past influences, transcendentism vs. physicalism, and focus on the person vs. focus on problems. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2530 Psychology of Personality Cr. Hrs. 3
The study of theory and research on the principles affecting personality development and structure. Students may not hold credit for PSYC 2530 and any of: PSYC 2531 or the former PSYC 3450 or the former PSYC 3451. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2540 Social Psychology Cr. Hrs. 3
This course provides a basic introduction to the ways in which we affect and are affected by the behaviour of others. Topics typically include: attitudes and attitude change, social beliefs and judgements, conformity, persuasion, social norms and roles, group dynamics, prejudice, aggression, altruism, attraction and close relationships, and intergroup conflict. Students may not hold credit for PSYC 2540 and any of: PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 2660 Sport Psychology Cr. Hrs. 3
This course examines the use of psychological knowledge to enhance the development of performance and satisfaction of athletes and others associated with sports. Topics include improving skills of athletes, motivating practice performance, increasing the effectiveness of coaches, and mental preparation for competition. Students may not hold credit for both PSYC 2660 and the former PSYC 3660. Prerequisite: [a grade of “C” or better in PSYC 1200 or the former PSYC 1201] or [a grade of “C” or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

8.25.3 Psychology Course Descriptions-3000 Level

PSYC 3070 Adult Development Cr. Hrs. 3
This course deals with psychological changes during young adulthood, middle age, and old age. Students may not hold credit for both PSYC 3070
and the former PSYC 2370. Prerequisite: [a grade of "C" or better in PSYC 2290 or PSYC 2291] or written consent of department head.

**PSYC 3110 Research in Social Psychology**  Cr. Hrs. 3

This course will provide an introduction to conducting research in social psychology. Students will gain experience in all facets of the research process including experimental design and preparation, human ethical review, data collection and analysis, and report writing. Prerequisite: [a grade of "C" or better in PSYC 2260 or PSYC 2261] and [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2421 or the former PSYC 2420 or the former PSYC 2421].

**PSYC 3130 Introduction to Health Psychology**  Cr. Hrs. 3

This course offers a survey of psychological issues in health and illness. Major topics will include the biopsychosocial approach, mental models of illness, pain, stress and coping, health-damaging and health-promoting behaviours, and psychological issues in medical care. Students may not hold credit for PSYC 3130 and any of: PSYC 3131 or PSYC 3530 when titled "Health Psychology." Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] or written consent of department head.

**PSYC 3150 Behaviour Modification Applications**  Cr. Hrs. 3

Guidelines for designing, implementing, and evaluating behaviour modification applications are described in detail. Students may also conduct supervised projects in applied areas or in basic behavioural research. Students may not hold credit for PSYC 3150 and any of: PSYC 3151 or the former PSYC 2450 or the former PSYC 2451. Prerequisite: [a grade of "C" or better in PSYC 2440 or PSYC 2441] or written consent of department head.

**PSYC 3160 Perception and Attention**  Cr. Hrs. 3

This lecture course will provide you with a basic introduction to the characteristics and processes of human perception. A scientific approach will be used with specific emphasis on exploring the relation between experimental evidence and theory. Topics to be covered include transmission of information through the visual and auditory systems, visual and auditory pattern recognition, selective and divided attention, and the role of attention and interpretation in perception. Students may not hold credit for both PSYC 3160 and PSYC 3441. Prerequisite: [a grade of "C" or better in PSYC 2480 or PSYC 2481] or written consent of department head.

**PSYC 3170 Research in Cognitive Psychology**  Cr. Hrs. 3

This course will provide an introduction to conducting research in human perception and cognition. Students will gain experience in all facets of the research process including: critical reading of relevant literature, experimental design and preparation, data collection and analysis, and report writing. Activities may include critiques of published research, research proposals, individual and/or group projects, research reports, and individual and/or group presentations. Prerequisite: [a grade of "C" or better in PSYC 2460 or PSYC 2481] or written consent of department head.

**PSYC 3200 Thinking Critically About Psychological Research**  Cr. Hrs. 3

This course will teach students to apply critical thinking skills in the evaluation of psychological research. Core components will include the logic of research design, analysis and interpretation, the description of psychological studies, and the critical reading of published research. Activities will include the preparation of critiques of research claims published in both academic journals and in the main-stream press, sample research proposals, individual and/or group projects, and individual and/or group presentations. Prerequisite: [a grade of "B" or better in PSYC 2260 or PSYC 2261 or the former PSYC 2300] and written consent of department head.

**PSYC 3310 Adolescent Development**  Cr. Hrs. 3

This course deals with normal psychological development from puberty until adulthood. Results of scientific research are emphasized. Students may not hold credit for PSYC 3310 and any of: PSYC 3311 or the former PSYC 2310 or the former PSYC 2311. Prerequisite: [a grade of "C" or better in PSYC 2290 or PSYC 2291] or written consent of department head.

**PSYC 3340 Design and Analysis for Psychological Experiments**  Cr. Hrs. 3

Methods for controlling sources of internal validity in psychological experiments, such as randomization, blocking, factorial configuration, and repeated measurements, will be discussed. Descriptive and multivariate methods of analysis will also be introduced. The use of statistical packages will be illustrated. Students may not hold credit for PSYC 3340 and any of: PSYC 3341 or the former PSYC 4570. Prerequisite: [a grade of "B" or better in PSYC 2260 or PSYC 2261 or the former PSYC 2300] and written consent of department head.

**PSYC 3350 Behavioural Neuroscience**  Cr. Hrs. 3

This course presents the fundamentals of the neurobiology of behaviour. Special importance is placed on the information-processing properties of the nervous system in order to provide a uniform framework for the understanding of such topics as perception, attention, sleep and wakefulness, motivation, and learning. Students may not hold credit for PSYC 3350 and any of: PSYC 3351 or the former PSYC 3330 or the former PSYC 3331. Prerequisite: [a grade of "C" or better in PSYC 2360 or PSYC 2361] or written consent of department head.

**PSYC 3360 Experimental Child Psychology**  Cr. Hrs. 3

Research methods for developmental psychology are reviewed: ethics, conducting experiments with child participants in a group project, research design, data analysis, writing research papers in APA format, and creating a poster presentation. Prerequisite: a grade of "C" or better in PSYC 2290 or PSYC 2291.

**PSYC 3380 Nature, Nurture and Behaviour**  Cr. Hrs. 3

This course provides an overview of behavioural genetics. It will introduce students to the basic principles of Mendelian, population, and quantitative genetics, as well as how they are used for the study of neuro-behavioural phenotypes, characteristics and traits in human, animal and insect systems, and how genes contribute to behaviour. Societal and ethical implications of the results of behavioural genetics are considered. Students may not hold credit for both PSYC 3380 and PSYC 3530 when titled "Nature, Nurture, and Behaviour." Prerequisite: [a grade of "C" or better in PSYC 2360 or PSYC 2361] or written consent of department head.

**PSYC 3390 Thinking**  Cr. Hrs. 3

The class surveys work in cognitive science. Topics include probabilistic reasoning, heuristics and biases, artificial neural networks, mental representation of number, and the cognitive unconscious. Prerequisite: [a grade of "C" or better in PSYC 2480 or PSYC 2481] or written consent of department head.

**PSYC 3430 Sensory Processes**  Cr. Hrs. 3

A review of the structure and function of biological receptor systems and how they mediate information about the environment. It includes such topics as receptor transduction, neural correlates of sensation, and neural models of sensory discrimination. Prerequisite: [a grade of "C" or better in PSYC 2360 or PSYC 2361] or written consent of department head.

**PSYC 3470 Dyadic Relations**  Cr. Hrs. 3
This course covers friendship formation and dyadic relations – linking, liking, loving, and leaving – from an empirically oriented psychological perspective. Students may not hold credit for both PSYC 3470 and the former PSYC 2460. Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] or written consent of department head.

PSYC 3490 Individual Differences Cr. Hrs. 3
This course is concerned with the systematic way in which individuals vary. Topics include individual differences as a function of sex, age, race, and socioeconomic status. Specific behaviours to be studied include reaction-time differences, differences in intelligence, differences in aptitudes and interests, and differences in motor abilities. The reasons for some of these differences will also be delineated. Hence genetic and physiological factors, as well as psychological explanations for individual differences, will be studied. Prerequisite: [a grade of "C" or better in PSYC 1200 or the former PSYC 1201] or [a grade of "C" or better in both PSYC 1211 and PSYC 1221] or written consent of department head.

PSYC 3520 Independent Research in Psychology 1 Cr. Hrs. 3
Students carry out a research project and write a paper. Research may include historical, theoretical or experimental analyses of psychological problems. Normally available only to third and fourth year students who are in Honours Psychology or who are Psychology Majors and have completed one of: both PSYC 2250 and PSYC 2260, or both PSYC 2251 and PSYC 2261, or the former PSYC 2300. A student may not hold credit for more than two of PSYC 3520 or PSYC 3560 or PSYC 3590. Prerequisite: prearranged written consent of an individual instructor and written consent of department head.

PSYC 3530 Contemporary Issues 1 Cr. Hrs. 3
The content of this course will vary from year to year, but in general it will entail either some specific topic of prominent interest in psychology or a psychological analysis of some problem of current public interest. Students may not hold credit for both PSYC 3530 and PSYC 3531. Prerequisite: [a grade of "C" or better in PSYC 1200 or the former PSYC 1201] or [a grade of "C" or better in both PSYC 1211 and PSYC 1221] and written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PSYC 3540 Contemporary Issues 2 Cr. Hrs. 3
The content of this course will vary from year to year, but in general it will entail either some specific topic of prominent interest in psychology or a psychological analysis of some problem of current public interest. Students may not hold credit for both PSYC 3540 and the former PSYC 3541. Prerequisite: [a grade of "C" or better in PSYC 1200 or the former PSYC 1201] or [a grade of "C" or better in both PSYC 1211 and PSYC 1221] and written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PSYC 3560 Supervised Field Study in Psychology Cr. Hrs. 3
Description Students usually do supervised field work in a community setting and write a paper. Normally available only to third and fourth year students who are in Honours Psychology or who are Psychology Majors. A student may not hold credit for more than two of: PSYC 3520, PSYC 3560, PSYC 3590. Prerequisite: prearranged written consent of an individual instructor and written consent of department head.

PSYC 3570 Psychology of Women Cr. Hrs. 3
Examines the unique experiences of women from a psychological perspective. Psychological theory and empirical research will inform course content. Students may not hold credit for both PSYC 3470 and the former PSYC 2390. Prerequisite: [a grade of "C" or better in PSYC 2380 or the former PSYC 2400] or written consent of department head.

PSYC 3580 Language and Thought Cr. Hrs. 3
An examination of recent investigations of human language behaviour. Emphasis will be placed on natural language phenomena, which will be examined within the framework of modern theories of thought. Some of the topics considered include communication, the development of language, and natural language comprehension. Prerequisite: [a grade of "C" or better in PSYC 2480 or PSYC 2481] or written consent of department head.

PSYC 3590 Independent Research in Psychology 2 Cr. Hrs. 3
Students carry out a research project and write a paper. Research may include historical, theoretical or experimental analysis of psychological problems. Normally available only to third and fourth year students who are in Honours Psychology or who are Psychology Majors and have completed one of: both PSYC 2250 and PSYC 2260, or both PSYC 2251 and PSYC 2261, or the former PSYC 2300. A student may not hold credit for more than two of: PSYC 3520, PSYC 3560, PSYC 3590. Prerequisite: prearranged written consent of an individual instructor and written consent of department head.

PSYC 3610 Memory Cr. Hrs. 3
Selected topics in human memory are reviewed, including the physiological and chemical bases for learning and memory, primary determinants of forgetting, memory models, nonverbal memory, organization in memory, and the use of mnemonic schemes to improve memory. Prerequisite: [a grade of "C" or better in PSYC 2480 or PSYC 2481] or written consent of department head.

PSYC 3630 Psychological Measurement and Assessment Cr. Hrs. 3
A study of the basic concepts of measurement in psychology and the application of these concepts in selected areas of psychology. The principal topics of the course will be historical foundations, basic concepts such as reliability, validity, and invariance, the use of different tests and instruments, scaling, and the unique aspects of measurement encountered in different areas of psychology. Students may not hold credit for both PSYC 3630 and PSYC 3631. Prerequisite: [a grade of "B" or better in PSYC 2260 or PSYC 2261 or the former PSYC 2300] and written consent of department head.

PSYC 3650 Introduction to Clinical Psychology Cr. Hrs. 3
Clinical psychology is presented as both a scientific and an applied discipline. Such topics as assessment, intervention, research, and professional issues are covered. Prerequisite: [a grade of "C" or better in PSYC 2490 or PSYC 2491 or the former PSYC 3460 or PSYC 3461] or written consent of department head.

PSYC 3860 Language Acquisition Cr. Hrs. 3
The study of first language acquisition from infancy through childhood. Aspects of phonology, morphology, pragmatics and syntax acquisition are discussed, as well as formal theories of acquisition, second language and bilingual acquisition, atypical development and the relationship of language acquisition with literacy. Also offered as LING 3860. Students may not hold credit for PSYC 3860 and any of: LING 3860 or the former PSYC 2860 or the former LING 2860. Prerequisite: [a grade of "C" or better in PSYC 2290 or PSYC 2291] or [a grade of "C" or better in 9 credit hours of Linguistics courses] or written consent of department head.

8.25.3 Psychology Course Descriptions-4000 Level
PSYC 4370 Brain Plasticity Cr. Hrs. 3
The course will feature the relationship between the brain and experience. Brain plasticity refers to the ability of the brain to change its structure and function. Experience, which includes development, learning, and damage, is a major cause of plasticity in all organisms. Students will be exposed to theories on how much plasticity is possible, how it can be measured, how it can be used, and whether it can be enhanced. Students may not hold credit for both PSYC 4370 and PSYC 4540 when titled "Brain Plasticity." Prerequisite: [a grade of "C" or better in PSYC 2350 or PSYC 2361] and written consent of department head.

**PSYC 4400 Theories of Close Relationships**  
*Cr. Hrs. 3*

Students will be exposed to theories that apply to the initiation, development, maintenance, and dissolution of relationships. The primary focus will be on evolutionary theory, attachment styles, communal and exchange relationships, equity theory, interdependence theory and the investment model, attributional theories, and theories of love. Students may not hold credit for both PSYC 4400 and PSYC 4540 with the topic “Theories of Close Relationships.” Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.

**PSYC 4410 Cross-cultural Social Psychology**  
*Cr. Hrs. 3*

Cross-cultural psychology is the critical and comparative study of the linkages between cultural norms and thoughts, feeling and behaviour. This course focuses on Cross-cultural Social Psychology. Therefore the assigned readings deal with topics that Social Psychology, in general, examines. Students may not hold credit for both PSYC 4410 and PSYC 4540 with the topic “Cross-cultural Social Psychology.” Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.

**PSYC 4420 Neuroimaging: Imaging Thoughts**  
*Cr. Hrs. 3*

This course will explore how neuroimaging can illuminate our models of various aspects of cognition, including attention, vision, language, memory and learning, executive functions, emotion and various neuropathologies. Students may not hold credit for both PSYC 4420 and PSYC 4540 with the topic “Imaging Thoughts.” Prerequisite: written consent of department head.

**PSYC 4430 Vision: Perception and Action**  
*Cr. Hrs. 3*

An intensive review of current research and theories in visual processes. Both behavioural and physiological aspects of vision will be considered. Course goals are directed at offering a better understanding of visual perception and the visual control of action. Students may not hold credit for both PSYC 4430 and PSYC 4540 with the topic "Vision Science." Prerequisite: written consent of department head.

**PSYC 4440 Readings in Autism Spectrum Disorders**  
*Cr. Hrs. 3*

Students will read recent research in Autism Spectrum Disorders, acquire skills to critically evaluate empirical evidence, and examine implications for practice. Among the topics covered will be assessment, diagnosis, epidemiology, and applied behaviour analysis early intervention. Students may not hold credit for both PSYC 4440 and PSYC 4540 with the topic "Autism Spectrum Disorders." Prerequisite: written consent of department head.

**PSYC 4450 Animal Behaviour 1**  
*Cr. Hrs. 3*

The nature-nurture controversy will be discussed, followed by a survey of the diverse behaviours relating to the physical environment (e.g., food storage); predation (e.g., trapping); defence (e.g., camouflage); and migration. Prerequisite: written consent of department head.

**PSYC 4460 Animal Behaviour 2**  
*Cr. Hrs. 3*

A more detailed analysis of selected topics including communication, animal populations, and the social use of space in humans and infrahumans. Prerequisite: written consent of department head.

**PSYC 4490 Comparative Psychology**  
*Cr. Hrs. 3*

A survey of similarities and differences of behaviour at various phylogenetic levels. Topics include evolution, genetics, sensory processes, neuropsychology, learning processes, and social behaviour. Prerequisite: written consent of department head.

**PSYC 4492 Psychology of Addiction**  
*Cr. Hrs. 3*

This course will introduce the psychology of addictive disorders, including their history, prevalence and incidence, and basic drug actions. It will also survey research on biological, psychological, and social factors that contribute to the development and maintenance of addictive disorders. Students may not hold credit for both PSYC 4492 and PSYC 4540 when titled "Introduction to the Psychology of Addiction." Prerequisite: written consent of department head.

**PSYC 4510 Applied Behaviour Analysis in Developmental Disabilities**  
*Cr. Hrs. 3*

Students will read recent applied behaviour analytic research in behavioural assessments and interventions for people with developmental disabilities, acquire skills to critically evaluate empirical evidence, and examine implications for practice. Students may not hold credit for both PSYC 4510 and PSYC 4540 with the topic "Research in Developmental Disabilities." Prerequisite: written consent of department head.

**PSYC 4520 Honours Research Seminar**  
*Cr. Hrs. 6*

In first term there will be an examination of important experimental issues, and several experimental assignments. In addition, each student will propose a research project of greater scope to be conducted under the supervision of a Psychology staff member. In second term, students will carry out their projects and report their findings. Prerequisite: [90 credit hours towards honours program, including a grade of "C" or better in PSYC 3200, and three credit hours in PSYC 3340 or PSYC 3341 or the former PSYC 4570, and three credit hours in PSYC 3630 or PSYC 3631 or the former PSYC 4500] and written consent of department head.

**PSYC 4540 Contemporary Issues 1**  
*Cr. Hrs. 3*

Course content may vary from year to year, but in general it will entail either some specific topic of prominent interest in psychology or a psychological analysis of some problem of current public interest. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**PSYC 4560 Health Psychology**  
*Cr. Hrs. 3*

This course focuses on understanding how psychological factors contribute to the promotion and maintenance of good health, to the prevention and treatment of illness, and to recovery from or adjustment to existing illness. Prerequisite: written consent of department head.

**PSYC 4562 Social Psychology and Health**  
*Cr. Hrs. 3*

This course uses theories and concepts from social/personality psychology to gain a better appreciation of what health is and how to achieve it, at the individual and population levels. Students may not hold credit for both PSYC 4562 and PSYC 4540 with the topic "Social Psychology and Health." Prerequisite: [a grade of "C" or better in one of: PSYC 2530 or PSYC 2531 or PSYC 2540 or PSYC 2541 or PSYC 3130 or PSYC 3131 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421 or the former PSYC 3450 or the former PSYC 3451] and written consent of department head.
PSYC 4564  Self-regulation and Health  Cr. Hrs. 3
This course examines how self-regulatory processes such as goal-setting and self-awareness can affect behaviours that promote or undermine human health. A wide range of health-related behaviours is considered such as smoking, exercise, safe-sex practices, and eating. Students may not hold credit for both PSYC 4564 and PSYC 4540 with the topic "Self-regulation and Health." Prerequisite: written consent of department head.

PSYC 4566  Psychology of Health and Aging  Cr. Hrs. 3
This course considers how adults adapt to the challenges of aging and the accompanying health problems. Seminar discussions will focus on selected psychological theories and related empirical literature regarding belief systems that operate in the face of health- and age-related challenges. Students may not hold credit for both PSYC 4566 and PSYC 4540 with the topic "Health and Aging." Prerequisite: written consent of department head.

PSYC 4580  Elements of Behavioural Pharmacology  Cr. Hrs. 3
Data and theories related to psychoactive agents are introduced, with emphasis on therapeutic drug classes, drugs of abuse, and methodological issues in drug research. The focus is on the behavioural analysis of drug action, but a neuropharmacological analysis is developed where it has a firm relationship to the behavioural analysis. Prerequisite: written consent of department head.

PSYC 4600  Selected Topics in Developmental Psychology  Cr. Hrs. 3
The specific content of this course will vary from year to year. A description of the course is available in advance at the Psychology general office. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PSYC 4610  Social Cognition  Cr. Hrs. 3
Focus on the processes determining how people perceive themselves and others in their social world. From topics such as causal attribution, psychological control, person memory, and social inference, the course will address selected issues from theoretical and empirical perspectives. Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.

PSYC 4620  Community Mental Health  Cr. Hrs. 3
A seminar covering contemporary issues in community mental health and their relation to psychological services. Topics include the history of the community mental health movement, de-institutionalization as a social policy, the etiology and epidemiology of mental disorders, recognition of and response to mental disorders, mental health systems, community-based mental health services, and prevention of mental disorders. Students may not hold credit for both PSYC 4620 and PSYC 4540 offered as Community Mental Health. Prerequisite: written consent of department head.

PSYC 4630  Behavioural Endocrinology  Cr. Hrs. 3
A comparative approach is adopted to examine how hormones influence a diversity of behaviours through their actions on brain function, the physiological substrates of the behaviours, and their development as evolutionary adaptations. Techniques used by behavioural neuroscientists to study the behavioural and neuroendocrine interactions are surveyed. Prerequisite: [a grade of "C" or better in PSYC 3350 or PSYC 3351 or the former PSYC 3330 or the former PSYC 3331] and written consent of department head.

PSYC 4640  Person X Situation Interactionism  Cr. Hrs. 3
We will first explore research demonstrating the impact of personality and situations, separately, on behaviour. We then examine the debate that arose about whether understanding the person or situation would have the most scientific merit. We spend the remainder (and the majority) of the course discussing the theories and research that arose from that debate. The majority of this research has an interactionist perspective, taking both the person and his/her situation into account. Students may not hold credit for both PSYC 4640 and PSYC 4540 with the topic "Person X Situation Interactionism." Prerequisite: written consent of department head.

PSYC 4650  The Self and Social Perception  Cr. Hrs. 3
This course examines: 1) bases of self-knowledge such as social comparison, feedback from others, and introspection, 2) recent perspectives on the nature of the self-concept and self-presentation, and 3) motivational and cognitive mechanisms guiding self-relevant information processing. Students may not hold credit for both PSYC 4650 and the former PSYC 4590 when titled "Self and Social Perception." Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.

PSYC 4660  Intergroup Relations  Cr. Hrs. 3
This course examines intergroup relations from a social psychological perspective. Key topics include sources of prejudice and discrimination, the "target's" perspective, and strategies for reducing prejudice and discrimination. Students may not hold credit for both PSYC 4660 and PSYC 4540 when titled "Intergroup Relations." Prerequisite: [a grade of "C" or better in PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.
8.26 Department of Religion

Head: Ian Whitcher
Campus Address/General Office: 328 Fletcher Argue Building
Telephone: 204 474 9516
Email Address: religion@umanitoba.ca
Website: ucanitoba.ca/religion

8.26.1 Program Information

We are a world religions department. Our approach is interdisciplinary and engages a wide range of human activity commonly deemed "religious," seeking to understand how religions function, how religious discourse evolves, why certain religious perspectives gain prominence and how they are contested. We research and teach about a range of religions, past and present, from around the world, investigating the languages, ethical systems, practices, organizations, and institutions within which such religions are defined, refined, rejected, or renewed. Given the diversity of this study, such theoretical and methodological questions are viewed as central to the coherence of our courses, programs, and fields.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of "C" or better in six credit hours in Religion. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in six credit hours in Religion.

Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Other

In addition to courses numbered at the 1000-level, the Department of Religion offers a number of upper-level courses for which there are prerequisites; see course descriptions.

It is not necessary for students to enter the offerings in Religion by way of courses numbered at the 1000-level. Students in any year or program may register for any course in Religion provided they satisfy course and program prerequisites. With written permission of the department head students may take courses numbered at the 4000-level.

In cooperation with St. Paul’s College, the Department of Religion offers an arrangement of courses with special emphasis in Catholic studies as an option for students intending to Major or Minor in Religion. This special emphasis involves completing course RLGN 2850 Contemporary Issues in Roman Catholicism and selecting relevant courses offered in the Faculty of Arts and the School of Art. Contact the Department of Religion prior to registration in order to select appropriate courses.

</table>
RLGN 1120  Biblical Hebrew        Cr. Hrs. 6
Reading and translation of selected prose portions of the Hebrew Bible. Vocabulary building and review of basic Hebrew grammar. Prerequisite: [a grade of “C” or better in RLGN 1120 or HEB 1120 or the former SEM 1120] or written consent of instructor or department head.

RLGN 1390 Readings in Biblical Hebrew 1        Cr. Hrs. 3
Reading and translation of selected prose portions of the Hebrew Bible. Vocabulary building and review of basic Hebrew grammar. Prerequisite: [a grade of “C” or better in RLGN 1120 or HEB 1120 or the former SEM 1120] or written consent of instructor or department head.

RLGN 1390 Readings in Biblical Hebrew 2        Cr. Hrs. 3
Reading and translation of selected poetic portions of the Hebrew Bible. Vocabulary building and advanced grammar. Prerequisite: [a grade of “C” or better in RLGN 1390] or written consent of instructor or department head.

RLGN 1410 Death and Concepts of the Future        Cr. Hrs. 3
The course investigates theories, images, and rituals of death, dying and the afterlife in selected world religions.

RLGN 1420 Ethics in World Religions        Cr. Hrs. 3
Examination of the ethical teachings of world religious traditions. Attention will be given to such questions as the nature of the good or virtue, the place of law or commandments, the relationship between religion and morality, the concepts of moral community and the moral self. Students may not hold credit for both RLGN 1420 and RLGN 1421.

RLGN 1424 Religion and Sexuality        Cr. Hrs. 3
An introduction to world religions through the lens of sexuality, exploring how sexual desires and practices are celebrated, regulated, imagined and constructed in different religions. Topics may include pleasure, procreation, sexual and gender identities, marriage, asceticism, erotic imagery of divine beings and divine-human relations.

RLGN 1430 Food: Religious Concepts and Practices        Cr. Hrs. 3
This course explores the cultural (communal and social) dimensions of the major world religions through examination of food concepts and practices. Topics studied include: food symbols and rituals in the theory of religion; food proscription and endorsements ("dietary laws"); food in ritual time and space ("menus" and "liturgies"); concepts of plenty and concepts of dearth (ethics of food distribution); food and communication; food and gender/food and the body; feasting and fasting; food, religion and "consumer culture."

RLGN 1440 Evil in World Religions        Cr. Hrs. 3
The course introduces students to perspectives on evil in selected world religions.

RLGN 1450 Religion and the Media        Cr. Hrs. 3
This course investigates representations of religion in popular media. Through study of a range of media, from newspapers to the internet, the course explores cultural stereotypes about religion, asking how religions are represented, and how they represent themselves, in popular culture.

RLGN 2010 Introduction to Hinduism        Cr. Hrs. 3
An overview of the rich and multi-faceted tradition of Hinduism, dealing with its history and development from ancient to modern times. Students may not hold credit for both RLGN 2010 and the former RLGN 2860.

RLGN 2020 Introduction to Buddhism        Cr. Hrs. 3
A general introduction to the beliefs, practices, and history of the main forms of Buddhism, including Indian Buddhism, Tibetan Buddhism, and Zen. Students may not hold credit for both RLGN 2020 and the former RLGN 2830.

RLGN 2030 Psychology and Religion        Cr. Hrs. 3

8.26.3 Religion Course Descriptions-1000 Level

RLGN 1120 Biblical Hebrew        Cr. Hrs. 6
An introductory course with emphasis on basic grammar and syntax. Students will learn to read simple biblical narratives. (Not acceptable for credit towards a Major or Minor in Religion.) Students may not hold credit for RLGN 1120 and any of: RLGN 1120 or HEB 1120 or the former SEM 1120.

RLGN 1322 Introduction to Eastern Religions        Cr. Hrs. 3
This course provides a general introduction to the origins, central teachings and practice, key developments and contemporary expressions of Hinduism, Buddhism, Taoism, and Confucianism. Students may not hold credit for RLGN 1322 and any of: RLGN 1323 or the former RLGN 1320 or the former RLGN 1321.

RLGN 1324 Introduction to Western Religions        Cr. Hrs. 3
This course provides a general introduction to the origins, central teachings and practice, key developments and contemporary expressions of Judaism, Christianity, and Islam. Students may not hold credit for RLGN 1324 and any of: RLGN 1325 or the former RLGN 1320 or the former RLGN 1321.

RLGN 1350 The History of Eastern Christianity        Cr. Hrs. 6
This course examines the general history of Eastern Christianity. It studies the doctrines and organization of the churches, their spirit and attitude to church unity.

RLGN 1390 Readings in Biblical Hebrew 1        Cr. Hrs. 3
Reading and translation of selected prose portions of the Hebrew Bible. Vocabulary building and review of basic Hebrew grammar. Prerequisite: [a grade of “C” or better in RLGN 1120 or HEB 1120 or the former SEM 1120] or written consent of instructor or department head.

RLGN 1410 Death and Concepts of the Future        Cr. Hrs. 3
The course investigates theories, images, and rituals of death, dying and the afterlife in selected world religions.

RLGN 1420 Ethics in World Religions        Cr. Hrs. 3
Examination of the ethical teachings of world religious traditions. Attention will be given to such questions as the nature of the good or virtue, the place of law or commandments, the relationship between religion and morality, the concepts of moral community and the moral self. Students may not hold credit for both RLGN 1420 and RLGN 1421.

RLGN 1424 Religion and Sexuality        Cr. Hrs. 3
An introduction to world religions through the lens of sexuality, exploring how sexual desires and practices are celebrated, regulated, imagined and constructed in different religions. Topics may include pleasure, procreation, sexual and gender identities, marriage, asceticism, erotic imagery of divine beings and divine-human relations.

RLGN 1430 Food: Religious Concepts and Practices        Cr. Hrs. 3
This course explores the cultural (communal and social) dimensions of the major world religions through examination of food concepts and practices. Topics studied include: food symbols and rituals in the theory of religion; food proscription and endorsements ("dietary laws"); food in ritual time and space ("menus" and "liturgies"); concepts of plenty and concepts of dearth (ethics of food distribution); food and communication; food and gender/food and the body; feasting and fasting; food, religion and "consumer culture."

RLGN 1440 Evil in World Religions        Cr. Hrs. 3
The course introduces students to perspectives on evil in selected world religions.

RLGN 1450 Religion and the Media        Cr. Hrs. 3
This course investigates representations of religion in popular media. Through study of a range of media, from newspapers to the internet, the course explores cultural stereotypes about religion, asking how religions are represented, and how they represent themselves, in popular culture.

RLGN 2010 Introduction to Hinduism        Cr. Hrs. 3
An overview of the rich and multi-faceted tradition of Hinduism, dealing with its history and development from ancient to modern times. Students may not hold credit for both RLGN 2010 and the former RLGN 2860.

RLGN 2020 Introduction to Buddhism        Cr. Hrs. 3
A general introduction to the beliefs, practices, and history of the main forms of Buddhism, including Indian Buddhism, Tibetan Buddhism, and Zen. Students may not hold credit for both RLGN 2020 and the former RLGN 2830.

RLGN 2030 Psychology and Religion        Cr. Hrs. 3

8.26.3 Religion Course Descriptions-2000 Level

RLGN 2020 Introduction to Buddhism        Cr. Hrs. 3
A general introduction to the beliefs, practices, and history of the main forms of Buddhism, including Indian Buddhism, Tibetan Buddhism, and Zen. Students may not hold credit for both RLGN 2020 and the former RLGN 2830.

RLGN 2030 Psychology and Religion        Cr. Hrs. 3

NOTES:
1 Religious traditions are categorized as follows:

Buddhism includes:
RLGN 2020, RLGN 3150, RLGN 3260, RLGN 3266, RLGN 4100.

Christianity includes:
RLGN 1350, RLGN 2036, RLGN 2040, RLGN 2050, RLGN 2170, RLGN 2520, RLGN 2530, RLGN 2550, RLGN 2560, RLGN 2840, RLGN 2850, RLGN 3200, RLGN 3230, RLGN 3240, RLGN 3780, RLGN 3870, RLGN 4200, RLGN 4280.

Hinduism includes:
RLGN 2010, RLGN 3210, RLGN 4060, RLGN 4190.
Islam includes:
RLGN 2100, RLGN 2780, RLGN 2790, RLGN 3190, RLGN 3194, RLGN 4180.
Judaism includes:
RLGN 1120, RLGN 1390, RLGN 1400, RLGN 2140, RLGN 2160, RLGN 2730, RLGN 2760, RLGN 2770, RLGN 3280, RLGN 3800, RLGN 3810, RLGN 3824.

2 Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Religion courses).

3 Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including Religion courses).

4 Honours courses: all 4000 level courses.
An examination of selected modern and contemporary psychology and religion interactions. Students may not hold credit for both RLGN 2030 and the former RLGN 2211.

RLGN 2036 Introduction to Christianity Cr. Hrs. 3
This course provides an introduction to the history of Christianity from its earliest beginnings to the present. It will also focus on Christianity's main ideas and practices. Students will also be introduced to key concepts and debates in the study of religion using Christianity as a test case.

RLGN 2040 Early Modern/Modern Christianity Cr. Hrs. 3
A chronological survey of Christian practices and teachings from 1500-1900. This course examines dimensions of the "modernization" of Western Christianity, giving particular emphasis to the Protestant and Catholic Reformations, including changes in ritual practice, major theological and other doctrinal disputes, social formations, "elite" and "popular" religion, institutional developments, artistic and literary production. These will be considered in the larger context of the development of "national" churches and the complicated role of Christian ideas and institutions in colonial enterprises, with attention given both to propagation of Western Christianity and its establishment as a "world religion", and to particular local varieties and conditions of Western Christianity.

RLGN 2050 Modern and Contemporary Christianity Cr. Hrs. 3
A survey of 20th century Christianity. The course will include an examination of the changing religious, social, and political practices and institutional forms of Christianity since 1900.

RLGN 2060 Religion and Violence Cr. Hrs. 3
Violence of many kinds - physical and non-physical, by and against individuals, within and amongst religious groups - plays an integral role in all religious traditions and systems. This course explores this role within the framework of an historical approach to world religions. Themes covered may include: theories of religion and violence; sacrifice; martyrdom; symbolic violence; iconoclasm; blasphemy; heterodoxy and discipline; religious toleration; religious warfare; religion and cultural resistance; religion and domestic violence; religion and non-violence.

RLGN 2072 Storytelling and Religion Cr. Hrs. 3
Description Storytelling is a way of making sense of, and transforming, the world: so is religion. This course explores story, imagination, and performance in the context of religion and spirituality. Course work may involve textual study, writing, and the practice of storytelling. Students may not hold credit for both RLGN 2072 and the former RLGN 3850.

RLGN 2090 Issues in Science and Religion Cr. Hrs. 3
A consideration of some of the major issues arising from the intersection of the concepts and interests of the natural sciences with those of the religions of the world.

RLGN 2100 Approaches to the Qur'an Cr. Hrs. 3
An introduction to the main features, structure, and contents of the Qur'an as a text and to the manifold ways it has been received, understood, and interpreted by Muslims for over 1400 years.

RLGN 2110 Religion and Healing Cr. Hrs. 3
A study of concepts of illness, health and healing, of therapeutic rituals, and of healing figures, in selected world religions.

RLGN 2112 Medicine, Magic, and Miracle in the Ancient World Cr. Hrs. 3
This course introduces students to the world of healing in antiquity. It explores the full range of healing options available to people in the ancient world from approximately 500 BCE to 500CE, focusing in particular in the Greek and Roman Mediterranean. This range includes professional medicine and its many kinds of practitioners and sub-specialists, religious forms of healing, popular or folk remedies, and more "magical" approaches to healing such as spells, amulets, and other forms of as hoc rituals. Furthermore, it presents students with evidence for the practices and social settings of ancient healthcare. This evidence includes medical and pharmacological texts, accounts of miraculous healing, manuals of natural science, ancient "magical" texts, as well as archaeological evidence such as site maps of healing shrines, votives, amulets, medical instrumentation, human remains, and inscriptions.

RLGN 2120 Problems of Faith and Reason Cr. Hrs. 3
An historical and critical study of selected attempts to solve problems concerning the relationship between religious faith and natural reason. Students may not hold credit for both RLGN 2120 and the former RLGN 2630.

RLGN 2130 Religion and Dance Cr. Hrs. 3
An examination of the role of movement and dance in world religions and of attempts to establish a theoretical framework for the study of movement within the discipline.

RLGN 2140 Introduction to Judaism Cr. Hrs. 3
An exploration of Jewish religious experience: the rhythms of time, the sensory life, sacred texts, collective memory, rules and resistance to rules. The course will introduce Jewish ways of learning, and consider Judaism as a test case for concepts in religious studies, including "religion" itself.

RLGN 2160 Introduction to the Hebrew Scriptures Cr. Hrs. 3
An introduction to the historical and critical study of the writings of the "Old Testament," the Hebrew Scriptures. Students may not hold credit for both RLGN 2160 and RLGN 2161.

RLGN 2170 Introduction to the New Testament Cr. Hrs. 3
An introduction to the historical and critical study of the Christian "New Testament." Students may not hold credit for both RLGN 2170 and RLGN 2171.

RLGN 2180 Theory of Nature Cr. Hrs. 3
While the content of this course will vary year-to-year, its constant purpose will be to introduce students to some of the many ways in which "nature" has been theorized. The course will explore historical and cultural contexts in which selected theories of nature have developed. It will also explore implications of different theories of nature for environmental ethics.

RLGN 2222 The Supernatural in Popular Culture Cr. Hrs. 3
This course provides a survey of the supernatural, superhuman, and paranormal in popular culture, focusing on non-institutionalized forms of religious thought and practice as well as in the popular media (comic books, movies, music, fantasy and science fiction novels, television). Topics may include phenomena such as divination, ghosts, and speaking with the dead as well as fascination with apocalypses, superheroes, time travel, vampires, and zombies. Emphasis will be given to religious expressions not usually recognized as "religious."

RLGN 2520 Eastern Christianity in North America Cr. Hrs. 3
A survey of the history and institutions of the major Eastern Christian bodies in North America. Particular reference will be made to the sociological and economic problems, the question of identity and survival, the problem of unity. Prerequisite: [a grade of "C" or better in RLGN 1350] or written consent of department head.

RLGN 2530 Eastern Christianity in the Contemporary World Cr. Hrs. 3
A study of some modern-day problems such as: politics, nationalism, geography, culture, secularization, and the question of unity. Particular reference will be made to the problem of the church in Eastern Europe. Prerequisite: [a grade of "C" or better in RLGN 1350] or written consent of department head.

**RLGN 2550 History of Early Christian Thought**  
Christian thought from the second century to Augustine.  
Cr. Hrs. 3

**RLGN 2560 History of Medieval Christian Thought**  
Christian thought from Augustine to the end of the medieval period.  
Cr. Hrs. 3

**RLGN 2570 Indian Religious Art and Architecture**  
A survey of Major periods and themes in Indian art and architecture (Buddhist, Jain, Hindu); iconography, temples, canons of Indian art; life of Buddha, Rama-cycle and Krsna-complex; socioeconomic background.  
Cr. Hrs. 3

**RLGN 2590 Religion and Social Issues**  
The course examines selected ethical-social issues such as abortion, euthanasia, new genetic and reproductive technologies, and environmental and ecological issues, with reference to one or more of the world's religious traditions. Students may not hold credit for both RLGN 2590 and RLGN 2591.  
Cr. Hrs. 3

**RLGN 2610 Animals and Ethics**  
The course surveys the emerging field of 'critical animal studies.' The course centers on questions of human and nonhuman animal difference as these have been debated in a number of religious and cultural traditions. It also engages traditional and contemporary approaches to animal ethics. Discussions will also focus on such pressing issues as global warming, species extinction, loss of biodiversity, pollution, and threats to population health – all of which can be traced to multinational industrialized breeding and marketing of animals and/or of experimentally developed animal "biocapital." Students may not hold credit for both RLGN 2610 and the former RLGN 2600.  
Cr. Hrs. 3

**RLGN 2660 Women and Religion 1**  
Content of this course may vary from year to year. It will address, through contemporary interpretive models, topics of current and ongoing interest in relation to the understanding and role of women in the world's religious traditions. Students may not hold credit for both RLGN 2660 and RLGN 2681.  
Cr. Hrs. 3

**RLGN 2690 Women and Religion 2**  
Content of this course may vary from year to year. It will address, through contemporary interpretive models, topics of current and ongoing interest in relation to the understanding and role of women in the world's religious traditions.  
Cr. Hrs. 3

**RLGN 2700 Religions of China and Japan**  
A study of the history, teachings and developments of Confucianism, Taoism, Shinto and Buddhism in China and Japan from their beginning to the present.  
Cr. Hrs. 6

**RLGN 2730 Jews and Judaism in Antiquity**  
The study of the Jewish people and their civilization from its origins in the ancient Near East to the completion of the Hebrew Bible and the redaction of the Talmud.  
Cr. Hrs. 3

**RLGN 2760 Rabbinic Judaism**  
A study of the development of classical rabbinic Judaism from its roots in the Hebrew Bible and the Talmud to the end of the 18th century. Talmud, Law, Mysticism, Theology and Biblical Exegesis are some of the subjects examined.  
Cr. Hrs. 3

**RLGN 2770 Contemporary Judaism**  
A study of contemporary denominational Judaism and its origins in the classical rabbinic tradition. The focus will be on the denominations active in North America.  
Cr. Hrs. 3

**RLGN 2780 Classical Islam**  
An examination of the formation, development and expression of classical Islam. Emphasis is placed on the life and teachings of the Prophet Muhammad, the Qur’an, the Sunna, and the Shi’a schism.  
Cr. Hrs. 3

**RLGN 2790 Contemporary Islam**  
A study of the responses of Islamic communities to the pressures of the modern world. Special note will be taken of the relation between Islam and power.  
Cr. Hrs. 3

**RLGN 2840 The Second Vatican Council**  
An historical and theological analysis of the Second Vatican Council, beginning with the situation of the Roman Catholic Church subsequent to the French Revolution. The course will include study of major Vatican II documents. Particular attention will be given to the legacy of Vatican II and to assessment of the Council’s impact on the life of the Roman Catholic Church.  
Cr. Hrs. 3

**RLGN 2850 Contemporary Issues in Roman Catholicism**  
A survey of major movements, thinkers, debates and issues in twentieth-century post-Vatican II Roman Catholicism. Particular attention will be given to the following: magisterium and dissent, social justice; women in the church, ecumenical and inter-religious dialogue, and emergent theologies.  
Cr. Hrs. 3

**8.26.3 Religion Course Descriptions-3000 Level**

**RLGN 3100 Rituals of Death and Mourning**  
An exploration of the ritual dimensions of death and mourning in selected religious traditions, including such topics as: burial rites, cremation, funeral ceremonies, gender and mourning, grave goods and grave markers, lamentation and social protest, mortuary practices.  
Cr. Hrs. 3

**RLGN 3110 Issues in the Study of Religion and Evil**  
An examination of the construction of evil in discourse and ritual, including such topics as: purity and pollution; social boundaries and identity; norms of conformity and non-conformity; institutions of power and authority; morality and evil.  
Cr. Hrs. 3

**RLGN 3120 Religion and Bioethics**  
An examination of theoretical and practical bioethical issues and how these are engaged by various religious traditions.  
Cr. Hrs. 3

**RLGN 3130 Religion and Modern Thought**  
The idea that religion is a distinct and unique aspect of human activity is a defining feature of modern thought. This course explores aspects of this understanding of religion in various modern intellectual movements from the sixteenth century to the nineteenth century, considering these movements in their particular historical contexts. Topics covered may include: skepticism, northern humanism, religion and European expansion, atheism, religion and the nation state, religion and early modern science, enlightenment, religion and bourgeoisie, imperialism, religion and revolution, religion and evolution. Students may not hold credit for RLGN 3130 and any of: RLGN 3131 or RLGN 3251.  
Cr. Hrs. 3

**RLGN 3150 Buddhism in East Asia**  
An examination of the history and teachings of Buddhism in China and Japan, giving particular attention to processes of adaptation and transformation within the East Asian context.  
Cr. Hrs. 3
RLGN 3160 Tibetan Religious Traditions  
A study of the religious traditions, particularly Buddhism, that have developed from antiquity in Tibet. Students may not hold credit for both RLGN 3160 and the former 020.374.

RLGN 3170 Eastern Religions in the West  
This course considers historical Western interactions with, and representations of, Asian religious traditions. Students may not hold credit for both RLGN 3170 and the former 020.374.

RLGN 3190 Images of the Prophet Muhammad: Classical and Contemporary Perspectives  
This course addresses the central place of the Prophet Muhammad in Muslim life and religious practice. It examines sources for the life of Muhammad, considers the Prophet as a model of piety, and gives careful attention to methodological approaches to the study of Islam.

RLGN 3194 Islamic Philosophy  
This course explores the history of Islamic philosophy (falsafa) from the translation movement of Greek philosophical, scientific and medical texts under the Abbasid dynasty (8-9th Centuries), until the golden age of interdisciplinary intellectual, scientific and theological debates in the post-classical period of Islamic intellectual history.

RLGN 3200 Paul and the Letters  
A study of Paul of Tarsus and his writings, this course will address topics pertaining to the historical Paul, the Pauline and deutero-Pauline letters, the social history of Pauline communities, and approaches to the study of Paul and his communities. Students may not hold credit for both RLGN 3200 and the former RLGN 3770. Prerequisite: written consent of instructor or department head.

RLGN 3210 Indian Philosophy  
This course introduces some of the main philosophical schools of Hindu and Buddhist thought, emphasizing the living history of interaction and debate between the various traditions.

RLGN 3220 Indian Religion and Society  
This course investigates selected topics in religion and society in the region of the Indian sub-continent. Topics will vary from year to year, ranging from a focus on marriage to a study of Buddhist monks and the politics of civil war in Sri Lanka.

RLGN 3230 Gender in Early Christianity  
This course examines the light shed by ancient writings on the role(s) of women in ancient Christian groups, and on the ideologies of gender promoted or assumed by these groups. Thus the focus, while predominately on women, will extend to the way in which gender identities were constructed and adhered to by males and females in early Christianity.

RLGN 3240 Jesus and the Gospel Writings  
The aim of this course is to develop a sophisticated understanding of the New Testament Gospels and their sources, and the ideas these writings were intended to communicate; also to reconstruct the outlines of a history of the earliest traditions about Jesus based on the analysis of these writings.

RLGN 3260 Indian Buddhism  
A thematic and historical study of Indian Buddhism from its origin to its disappearance. Topics covered include early Buddhism, Buddhist doctrine and philosophy, and the development of Mahāyāna and Vajrayāna.

RLGN 3266 Readings in Buddhist Texts  
This is a course intended for students who have completed RLGN 2020 Introduction to Buddhism, and are interested in pursuing a more in-depth study of Buddhism. Following a discussion format, we will investigate Buddhist texts and ethnographic case studies and material from a range of traditions and historical periods. Prerequisite: [a grade of “C” or better in RLGN 2020] or written consent of instructor.

RLGN 3270 Guru and Disciple  
A study of the role of the guru in India, and of the dynamic of guru and disciple, utilizing traditional Hindu sources as well as contemporary writings.

RLGN 3280 Hasidism  
Hasidic Jews, known for their tales, melodies, distinctive garb and strict traditionalism, belong to one of the most successful modern Jewish religious movements. This course explores Hasidism, from its origins in eighteenth-century Ukraine to the present, through its own stories and spiritual teachings as well as scholarly perspectives.

RLGN 3290 Self-Transformation in Religion and Philosophy  
This course examines contemporary expressions of spiritual exercises by tracing their traditions across an array of western religious and philosophical schools. The course explores themes of death, asceticism, aestheticism, everydayness and community. In particular, it explores how dialogue, reading, and writing have constituted tools for the cultivation of mental, physical and emotional states leading to self-transformation. Also offered as PHIL 3290. May not be held with PHIL 3290.

RLGN 3300 Zionism: Religious Perspectives  
Zionism is a modern political and social movement which has a close but ambivalent relationship with the Jewish religious tradition. This course will explore topics such as secular adaptations of religious motifs; religious critiques of Zionism; religious Zionism as a new form of Judaism; and Christian approaches to Zionism and the State of Israel.

RLGN 3530 Contemporary Issues 1  
Content of this course will vary from year to year but it will deal with some specific topic of current interest in religion, some aspect of methodology in the study of religion, or an analysis from a religious perspective of some problem of current public interest. Students may not hold credit for both RLGN 3530 and RLGN 3531. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RLGN 3540 Contemporary Issues 2  
Content of this course will vary from year to year but it will deal with some specific topic of current interest in religion, some aspect of methodology in the study of religion, or an analysis from a religious perspective of some problem of current public interest. Students may not hold credit for RLGN 3540 and RLGN 3541. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RLGN 3560 Texts in Original Languages  
The subject matter of this course will vary from year to year. It will give students the opportunity to study texts in languages other than English and to develop reading skills in those languages. The emphasis may be on language learning or on working with texts in a language already studied. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RLGN 3640 Religion in the Hellenistic and Roman Mediterranean  

This course explores the wide variety of religious traditions, practices, and beliefs of the Mediterranean region in the Hellenistic and Roman period (c. 300 BCE to 300 CE). This period is exemplified by a great deal of continuity, but it was also a time of experimentation, innovation, and cultural entrepreneurship. Also offered by Classics as CLAS 3670. Students may not hold credit for both RLGN 3640 and CLAS 3670.

**RLGN 3750 Topics in Indian Religious Art and Architecture**  
Cr. Hrs. 3

The course will focus on one or more of the religious dimensions of the following: selected motifs in Indian art, the art and architecture of a particular region or epoch, the theoretical assumptions underlying Indian art.

**RLGN 3780 Selected New Testament Literature and Themes**  
Cr. Hrs. 6

An intensive study of selected documents and/or themes from the New Testament. Prerequisite: [a grade of "C" or better in RLGN 2160 or RLGN 2161] and [a grade of "C" or better in RLGN 2170 or RLGN 2171] or written consent of instructor or department head.

**RLGN 3800 Selected Old Testament Literature and Themes**  
Cr. Hrs. 6

An intensive study of selected writings or themes of the Old Testament (the Tanach). Prerequisite: [a grade of "C" or better in RLGN 2160 or RLGN 2161] and [a grade of "C" or better in RLGN 2170 or RLGN 2171] or written consent of instructor or department head.

**RLGN 3810 The Talmud**  
Cr. Hrs. 3

The Talmud is as important as the Bible in Jewish life and thought. It is not simply a book to read; it has to be studied with other people. Students will learn the skills of studying this polyvocal text, and engage with scholarship on the Talmud's literary techniques, laws, folklore, gender politics, and theology. Students may not hold credit for both RLGN 3810 and the former RLGN 2150.

**RLGN 3824 Kabbalah**  
Cr. Hrs. 3

Kabbalah is a centuries-old stream of Jewish thought and practice which encompasses mysticism, ethics, spiritual practice and magic. Students will come away from this course with a working knowledge of the Zohar, the central text of Kabbalah, its radical theology and its mythical-symbolic mode of expression. The course also explores the influence of the Zohar within Judaism and beyond and related scholarly debates. Students may not hold credit for both RLGN 3824 and the former JUD 3390.

**RLGN 3830 The Bible as Story**  
Cr. Hrs. 3

A study of the manner in which biblical storytellers present their tales and the ways in which these narratives have been retold ever since. Particular attention will be paid to Midrash, the tradition of creative retelling of biblical tales. Students may not hold credit for both RLGN 3830 and the former RLGN 3840. Prerequisite: written consent of instructor or department head.

**RLGN 3870 The Thought of Bernard Lonergan**  
Cr. Hrs. 3

A study of the thought of the twentieth-century Canadian Jesuit, Bernard Lonergan, including his work on method in theology, on ways of knowing and on ethics.

8.26.3 Religion Course Descriptions-4000 Level

**RLGN 4060 The Yoga Tradition**  
Cr. Hrs. 3

This course explores the rich, diverse, and highly complex Yoga tradition, emphasizing classical and medieval forms of Yoga philosophy and practice within Hinduism. As well as tracing historical development of the Yoga tradition, the course highlights the meaning and purpose of Yoga in its classical expression and considers the growing popularity and relevance of Yoga in the modern world. Prerequisite: written consent of department head.

**RLGN 4080 Critical Theory and Religion**  
Cr. Hrs. 3

An examination of the work of the Frankfurt School (Theodor Adorno, Max Horkheimer, and Herbert Marcuse) and Jürgen Habermas as it relates to the study of religion. Topics will include: the nature and scope of reason and enlightenment, disenchantment and modernity, ideology and ideology critique, and the separation of science, morality, and art. Prerequisite: written consent of department head.

**RLGN 4100 Advanced Studies in Buddhism**  
Cr. Hrs. 3

An in-depth study of selected topics from the wide cultural and historical range of Buddhist traditions. Prerequisite: written consent of department head.

**RLGN 4110 Studies in Religion and Cultural Memory**  
Cr. Hrs. 3

An examination of selected cultural memory and religion topics. Prerequisite: written consent of department head.

**RLGN 4160 Religion and Philosophy**  
Cr. Hrs. 3

An examination of the relationship between philosophical and religious thought through in-depth study of a selected thinker or thinkers. Prerequisite: written consent of department head.

**RLGN 4180 Advanced Studies in Islam**  
Cr. Hrs. 3

An in-depth study of selected topics in Islamic philosophy and tradition. Prerequisite: written consent of department head.

**RLGN 4190 Advanced Studies in Hinduism**  
Cr. Hrs. 3

An in-depth study of selected topics in the philosophy, history, literature, and practices of Hinduism. Prerequisite: written consent of department head.

**RLGN 4200 Early Christian Gnosticism**  
Cr. Hrs. 3

This course constitutes a partial introduction to the historical and critical study of earliest Christianity and the writings of the Christian "New Testament." The main emphasis will lie on a study of the New Testament and contemporary writings that show strong mystical and Gnostic-leaning tendencies. Above all, the course will focus on the Gospel of Thomas, the Gospel of John, and other New Testament writings related to the Gospel of John. Prerequisite: written consent of the department head.

**RLGN 4230 Studies in Body History**  
Cr. Hrs. 3

A study in the religious-cultural history of the body, this course explores the multiple meanings given to the body, sexuality and sexual difference in historical and contemporary religious traditions. The course gives particular attention to theories of representation of body, and includes study of both written and performative sources. Prerequisite: written consent of the department head.

**RLGN 4280 Advanced Studies in Christian Origins**  
Cr. Hrs. 3

With content varying year to year, this course will engage topics pertaining to the first 300 years of Christianity. Theoretical and methodological issues will be considered, as well as literary and archaeological data for the study of nascent Christianity. Prerequisite: written consent of instructor or department head.

**RLGN 4290 Advanced Studies in Mysticism**  
Cr. Hrs. 3

With religious traditions of focus varying year to year, this course considers current scholarly approaches to the understanding of mysticism and sainthood. It includes study of mystic texts and treatises; the mystic body; mystical communities; ascetic ritual and practice. Prerequisite: written consent of instructor or department head.
RLGN 4300 Advanced Topics in Judaism  Cr. Hrs. 3
An in-depth study of selected Jewish texts from the fields of halakhah, aggadah or spirituality, drawing on various theoretical perspectives. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RLGN 4310 Method and Theory: History of the Study of Religion  Cr. Hrs. 3
An intensive overview of the history of the study of religion, with an emphasis on developments starting in the 18th and the 19th centuries. The contributions of numerous disciplines will be discussed in relation to the political and historical contexts that shape and give rise to the "world religions" paradigm. In any given year, emphasis may be given to developments in a particular field (e.g., Buddhism, Christianity, Islam, Judaism, Hinduism, etc.). Prerequisite: written consent of department head.

RLGN 4320 Theoretical Approaches to the Study of Religion  Cr. Hrs. 3
This course will engage theoretical approaches to the study of religion in its historical and contemporary cultural contexts. The course will follow a seminar format. Content of this course may vary from year to year, depending on the tradition(s) on which the course is focused (e.g., Buddhism, Islam, Hinduism, Judaism, Christianity). Prerequisite: written consent of department head.

RLGN 4330 Selected Topics in Religion 1  Cr. Hrs. 3
An intensive study of specially selected topics in the field of religion. The subject matter of the course will vary from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

RLGN 4440 Selected Topics in Religion 2  Cr. Hrs. 3
An intensive study of specially selected topics in the field of religion. The subject matter of the course will vary from year to year. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

8.27.1 Sociology Program Information

Sociology examines the patterns of interaction among individuals and the group activity that emerges from such interaction. A basic premise is that social behaviour, and society itself, cannot be fully understood simply by studying the individuals involved. Sociology has a special interest in all those intermediate forms of association between the family and the state which together comprise much of the basis for social solidarity and cohesion. Whether individuals cooperate, compete, or fight is in large measure determined by forces outside themselves, by social forces that encourage or restrain their behaviour.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of "C" or better in SOC 1200 or a grade of "C" or better in both SOC 1211 and SOC 1221. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of "C" or better in SOC 1200 or a grade of "C" or better in both SOC 1211 and SOC 1221.

Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

8.27.3 Criminology Program Information

Criminology is concerned with the complex social phenomena of crime and criminalization. The criminology program engages students in a systematic study of the nature and extent of crime and criminalization along with the array of agencies and programs designed to prevent, control, and respond to criminal activity over time and place. Attention is given to specific issues related to gender, race, class and crime, youth and crime, violence and victimization, criminal law and procedure, policing and crime prevention, restorative justice, and global criminology. Courses in the criminology program are taught primarily from a sociological perspective, with emphasis placed on research, program development, and policy analysis.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

**NOTES:**

1 Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Sociology courses).

2 Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including Sociology courses).

3 Honours courses: SOC 2010 and all 4000 level courses.
8.27.5 Sociology Course Descriptions-1000 Level

SOC 1200 Introduction to Sociology  Cr. Hrs. 6
A systematic introduction to the scientific perspective of sociology. The following areas will be treated: culture, socialization, groups, social stratification, associations, collective behaviour, and urban and political institutions. Students may not hold credit for SOC 1200 and any of: SOC 1211 or SOC 1221 or the former SOC 1201.

SOC 2200 Sociology Through Film  Cr. Hrs. 3
Using film as a method, this course will be organized around the broad themes of social inequality and social justice. It will engage in a critical sociological analysis of issues such as health and well-being, poverty, genocide and violence, globalization and consumer culture.

SOC 2220 Sociological Theoretical Foundations  Cr. Hrs. 3
A review of classical sociological theory. The focus will be on the central figures and schools of thought in Sociology. Students may not hold credit for both SOC 2220 and SOC 2221. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2240 Sociology of Globalization  Cr. Hrs. 3
Explores various sociological theories of globalization, stratification, local-global linkages, transnational social movements, and migration, in order to grasp what globalization is, its extent, its driving forces, and its effects. Students may not hold credit for both SOC 2240 and SOC 3460 when titled "Sociology of Globalization." Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2260 Cities and Urban Life  Cr. Hrs. 3
A consideration of the social, cultural and urban processes and their relationship to urban life, with an emphasis on urban experience, sociality, and social inequality. Students may not hold credit for SOC 2260 and any of: SOC 2261 or the former SOC 2270 or the former SOC 2271. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2290 Introduction to Research Methods  Cr. Hrs. 6
An introduction to quantitative and qualitative scientific methods of investigating social phenomena. The course will include introductions to the assumptions of scientific inquiry, the conceptualization of research problems and basic statistical analysis. Students may not hold credit for both SOC 2290 and SOC 2291. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2310 Selected Social Problems  Cr. Hrs. 3
An examination of one or more contemporary social problems, other than crime and delinquency. Issues that might be addressed include poverty, war, environment, licit and illicit drugs, and death and dying. Consult the Registration Guide or contact the instructor for specific content in any particular academic year. Students may not hold credit for both SOC 2310 and SOC 2311. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

SOC 2320 Canadian Society and Culture  Cr. Hrs. 3
A sociological analysis of Canadian institutions with reference to historical, cultural, economic, and political perspectives. Students may not hold credit for both SOC 2320 and SOC 2321. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2330 Social Psychology in Sociological Perspective  Cr. Hrs. 3
The course examines the interrelations of the individual, the group, and society, with emphasis on interaction as the process that gives form, direction, and meaning to the everyday lives of people. Topics to be discussed may include: self-esteem, identity, impression management, motivation and emotion. Students may not hold credit for both SOC 2330 and SOC 2331. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2350 Collective Behaviour  Cr. Hrs. 3
The analysis of various forms of collective behaviour, such as crowds, mobs, and social movements. The underlying social conditions, action processes, and consequences of such behaviour will be considered. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2360 Small Group Interaction  Cr. Hrs. 3
The basic sociological concepts and methods used in analyzing and designing small groups such as the family, children's groups, work groups, and friendship groups. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221]. SOC 2330 or SOC 2331 is recommended.

SOC 2370 Ethnic Relations  Cr. Hrs. 3
Introduction to the social and social psychological aspects of ethnic relations in Canada. Students may not hold credit for both SOC 2370 and SOC 2371. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2380 Sociology of Religion  Cr. Hrs. 3
A study of the nature and function of religion as a social institution with emphasis on early theorists, primitive religions, belief systems, and typologies. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2390 Social Organization  Cr. Hrs. 3
The process of ordering social life and the structures that result. Power, conflict, social control, bureaucracy, industrialization, urbanization, and centralization. Students may not hold credit for both SOC 2390 and SOC 2391. Prerequisite: [a grade of “C” or better in SOC 1200 or the former SOC 1201] or [a grade of “C” or better in both SOC 1211 and SOC 1221].

SOC 2450 Sociology of the Body  Cr. Hrs. 3
Despite its centrality in social life, the human body is too often taken-for-granted. This course explores a variety of sociological perspectives on the socially constructed nature of bodies to understand how society and social relations both shape and are shaped by the human body. Prerequisite: [a...
the courts, prisons and other correctional agencies. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2460 The Family**  Cr. Hrs. 3
A sociological analysis of the various family arrangements and practices in contemporary societies and their historical roots. An examination of the relationships between family and other institutions in the context of widespread social changes. Students may not hold credit for both SOC 2460 and SOC 2461. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2470 Courtship and Marriage**  Cr. Hrs. 3
Mate selection, marital interaction, adjustment, changing roles of wives and husbands, with special emphasis on division of labour, power relations, and sexual adjustment in contemporary Western marriage and across cultures. Experimental marriage forms will be examined. Students may not hold credit for both SOC 2470 and the former SOC 2471. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2480 Population Problems**  Cr. Hrs. 3
A survey of the impact of population growth, contraction, density and distribution on the social, political and economic institutions of developing and developed societies. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2490 Sociology of Health and Illness**  Cr. Hrs. 3
A general introduction to health sociology. The course examines health and illness as social concepts by exploring the personal and structural determinants of health status, and everyday health care practices in which people engage to maintain their health and to manage illness. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2510 Criminology**  Cr. Hrs. 3
A general introduction to theories of deviant behaviour and criminology. The explanation of crime with reference to physical, psychological, and social factors. Students may not hold credit for both SOC 2510 and SOC 2511. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2510 Sociology of Criminal Justice and Corrections**  Cr. Hrs. 3
The sociological study of the criminal justice system, including the police, the courts, prisons and other correctional agencies. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

**SOC 2620 The Sociology of Aging**  Cr. Hrs. 3
This course explores sociological approaches to the study of age-related phenomena and processes, and aging societies, with a focus on Canadian issues. Associations will be drawn between individual aging experiences and outcomes, and broader political, economic, sociocultural, demographic and historical contexts (including globalization). Strategies to promote the social inclusion of older adults and reduce age-based social inequalities will be discussed. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 2630 Social Change**  Cr. Hrs. 3
Major trends of social changes in society, revolutionary and evolutionary change; problems in the measurement and prediction of social change patterns, consequences and problems of future change. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**8.27.5 Sociology Course Descriptions-3000 Level**

**SOC 3100 Practicum in Criminological/Sociological Research**  Cr. Hrs. 6
This course is designed to develop students' research skills and experience through placement in a criminal justice or other social service agency having a mandate relevant to the study of sociology. The course consists of supervised work within the agency and classroom instruction, culminating in the production of a research report. Enrolment is competitive and special advance permission is required to register. To be considered for admission, students must complete an application form (available from the Department of Sociology website) by the last day of May preceding the Fall term in which the student intends to take the course. Students may not hold credit for both SOC 3100 and the former SOC 3760. Prerequisite: written consent of department head.

**SOC 3310 Theorizing Crime, Law, and Social Justice**  Cr. Hrs. 3
Through investigation of a variety of theoretical approaches, this course fosters an appreciation of the relevance of theorizing for addressing contemporary issues related to crime, law, and social justice. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

**SOC 3330 Origins of Sociological Thought**  Cr. Hrs. 3
A systematic introduction to sociological thought from ancient philosophy to the middle of the 19th century. Emphasis is placed on social thought that is to become the foundations of sociological theory. Students may not hold credit for both SOC 3330 and SOC 3331. Prerequisite: [a grade of "C" or better in SOC 2220 or SOC 2221] or written consent of department head.

**SOC 3350 Feminism and Sociological Theory**  Cr. Hrs. 3
A critical examination of how gender has been addressed in classical and contemporary sociological theories, with consideration of how sociological inquiry is being transformed through feminist theory and practice. Prerequisite: [a grade of "C" or better in SOC 2220 or SOC 2221] or written consent of department head.

**SOC 3360 Theories in Social Psychology**  Cr. Hrs. 3
A review of the predominant theoretical perspectives currently utilized in social psychology in relation to contemporary sociological concerns. Prerequisite: [a grade of "C" or better in SOC 2220 or SOC 2221] or written consent of department head.

**SOC 3370 Sociology of Work**  Cr. Hrs. 3
An examination of work as a central aspect of human social life; its changing nature and content in response to technological, political, and social change; how work is organized and understood by employers and workers; its consequences for individuals, social institutions, and society. Students may not hold credit for both SOC 3370 and SOC 3371. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

**SOC 3380 Power, Politics and the Welfare State**  Cr. Hrs. 3
A critical evaluation of sociological theory and research focusing on power and politics in society. Topics covered include: the dimensions of power (economic, political, ideological), classes and class conflict, political socialization, the origin and nature of the state, and the welfare state. Students may not hold credit for SOC 3380 and any of: SOC 3471 or the former SOC 3470. Prerequisite: [a grade of "C" or better in SOC 1200 or SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221] or written consent of department head.
SOC 3390 Contemporary Sociological Theory | Cr. Hrs. 3
A critical examination of contemporary theoretical perspectives and developments in sociology, highlighting the contributions of some major theorists. Course content may vary from year to year depending upon the instructor's interest. Students may not hold credit for both SOC 3390 and SOC 3391. Prerequisite: [a grade of "C" or better in SOC 2220 or SOC 2221] or written consent of department head.

SOC 3400 Policing and Crime Prevention | Cr. Hrs. 3
The sociological study of the organization and operation of the police and the evidence-based prevention of crime. Topics include the history and role and functions of the police, police culture and socialization, strategies and tactics, police deviance and ethics, future policing trends, and methods of crime prevention. Students may not hold credit for both SOC 3400 and SOC 3740 with topic "Policing and Crime Prevention." Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3410 Critical Victimology | Cr. Hrs. 3
Through investigating a variety of theoretical perspectives, this course fosters an appreciation of forms of and factors leading to victimization and the experiences of victims in the criminal justice system. Students may not hold credit for both SOC 3410 and SOC 3740 when titled "Victims and the Criminal Justice System." Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3450 Sociological Perspectives on the Social Determinants of Health | Cr. Hrs. 3
This course will apply a sociological perspective to a critical and theoretically informed study of the social structures influencing personal and population health, including intersections of class, gender, ethnicity, and aging as sources of health inequities. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

SOC 3460 Selected Topics | Cr. Hrs. 3
The content of this course will vary from year to year, but will consist of a thorough sociological treatment of some topic of current interest. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

SOC 3540 The Sociology of Health Care Systems | Cr. Hrs. 3
An analysis of the social organization of formal and informal health care, including topics such as professionalism and health care, the nature of therapeutic relationships, institutional vs. community-based care, social reform and health care policy, medicine and the state, and emerging patterns of health care. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221]. SOC 2490 is recommended.

SOC 3580 Media, Culture and Society | Cr. Hrs. 3
A consideration of the influence of media on contemporary society, analyzing the production, circulation and consumption of various media forms and their relationship to social life. Students may not hold credit for SOC 3580 and any of: SOC 3581 or the former SOC 3590 or the former SOC 3591. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221]; SOC 2330 or SOC 2331 is recommended.

SOC 3660 Sociology of Mental Disorder | Cr. Hrs. 3
A study of the social processes involved in becoming and being mentally ill. Topics such as the public imagery of madness, decision-making rules in psychiatry, life in the mental hospital, and community attitudes toward the mentally ill will be considered. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221]; SOC 2490 is recommended.

SOC 3700 Sociology of Law | Cr. Hrs. 3
Description The aim of this course is to gain an understanding of the law-society relationship. Different theoretical approaches will be used to investigate substantive issues that pertain to the role of law in (re)producing social inequalities and its potential for alleviating them. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3710 Sociology of Criminal Careers | Cr. Hrs. 3
An examination of patterns of criminal behaviour focusing on the sociological aspects of selected offences, the criminal career of the offender, and on societal reaction and legal processing. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3720 The Criminal Law and Its Procedure | Cr. Hrs. 3
An introduction to the criminal law and an overview of the system by which the criminal law is administered. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3730 Society and Education | Cr. Hrs. 3
A critical examination of schools at all levels and the challenges they face. Issues such as, curriculum, classroom interaction, gender, race, class and equality of educational opportunities will be explored. The course should be useful to students interested in careers in education and counselling. Students may not hold credit for both SOC 3730 and SOC 3731. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

SOC 3740 Selected Topics in Criminology | Cr. Hrs. 3
The specific content of this course will vary, but in general it will consist of an examination of a specialized topics relevant to Criminology. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

SOC 3750 Institutional Responses to Violence in Family and Intimate Relationships | Cr. Hrs. 3
This course will focus on the growing public awareness of the prevalence of interpersonal violence in Canada, examining studies of prevalence from victimization surveys and criminal justice statistics. We examine various criminological and sociological theories of the causes, dynamics and interventions in family and interpersonal violence, legislation and policy and assess these changes from the perspective of victims and accusers. Students may not hold credit for both SOC 3750 and SOC 3460 when titled "Interpersonal Violence and Institutional Responses." Prerequisite: a grade of "C" or better in SOC 2510 or SOC 2511.

SOC 3770 Women, Health and Medicine | Cr. Hrs. 3
A systematic sociological analysis of women’s participation in the health care system, as consumers as well as providers. Historical and contemporary health issues of women are explored, as are women’s efforts to control their experiences and improve their well-being. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221]; SOC 2490 is recommended.

SOC 3790 Women, Crime and Social Justice | Cr. Hrs. 3
The course examines gender differences in crime, theories of women's crime and the treatment of women offenders and victims by the criminal
justice system. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3810 Sociological Perspectives on Gender and Sexuality Cr. Hrs. 3
An exploration of the relations between men and women in contemporary society. This course will use historical and cross-cultural standpoints to examine the social construction of gender and sexuality, and the ideological and material structures which (re)produce gender difference. Students may not hold credit for both SOC 3810 and SOC 3811. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

SOC 3820 Qualitative and Historical Methods in Sociology Cr. Hrs. 3
An introduction to a variety of data gathering techniques such as participant observation, interviewing, life histories, archival research, document analysis, and the use of case studies. Emphasis will be placed on the use of inductive/deductive procedures in the transformation of raw data into theoretical interpretations. Prerequisite: [a grade of "C" or better in SOC 2290 or SOC 2291] or written consent of department head.

SOC 3830 Youth, Crime, and Society Cr. Hrs. 3
An analysis of issues surrounding the treatment of children and youth in the Canadian criminal justice system. Topics include: historical changes in the role of children and youth; young offender legislation; young offenders and media; and current research on youth crime and its prevention in Canada and other countries. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3838 Ecology and Society Cr. Hrs. 3
Examines changing patterns of social organizations of civilizations, the resultant social constructions of the human/nature interface, the human social contribution to the global ecological crisis, and possible strategies to create sustainable societies. Consideration of topics such as population, consumption, capitalism, and agricultural practices. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

SOC 3840 Community and Social Reconstruction Cr. Hrs. 3
An examination of the changing relationships between the global economic market, the declining resource base of the nation state, and the shift to local control within civil society. Topics may include: the central role of the household in civil society, the informal sector, local initiatives (e.g., co-housing, cooperative, land trusts), and community development. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

SOC 3850 Restorative Justice Cr. Hrs. 3
A general introduction to the social theory and practice of restorative justice. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.

SOC 3860 Genocide, Crime and Society Cr. Hrs. 3
A critical sociological and criminological examination of comparative genocide studies. Emphasis is placed on the utility of sociological and criminological theoretical frameworks for understanding and explaining genocide, as well as the conceptual and moral failings of criminology and sociology in the face of genocide. Students may not hold credit for both SOC 3860 and SOC 3740 when titled "Genocide." Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

SOC 3880 Global Criminology and Criminal Justice Cr. Hrs. 3
This course examines current developments and issues in the field of global criminology and criminal justice. Topics include: crime and globalization; transnational policing and security; world criminal justice systems; global criminal justice policy transfer; and international criminal justice. Students may not hold credit for both SOC 3880 and the former SOC 3780. Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head. SOC 2610 is strongly recommended.

SOC 3890 Power and Inequality in Comparative Perspective Cr. Hrs. 3
Engaging in a cross-temporal and cross-national investigation, this course critically surveys classical and contemporary debates around the inevitability of social inequality, and explores the ways that inequalities have been reproduced and rationalized, or attenuated and challenged, throughout human history. Key facets and indicators of inequality (such as poverty, homelessness, social exclusion and the distribution of income and wealth) and their relation to central axes of social inequality (class, gender, race/ethnicity and age) are considered. Put simply, this course is concerned with ‘who gets what and why?’ Students may not hold credit for SOC 3890 and any of: SOC 3871 or the former SOC 3870. Prerequisite: [a grade of "C" or better in SOC 1200 or the former SOC 1201] or [a grade of "C" or better in both SOC 1211 and SOC 1221].

8.27.5 Sociology Course Descriptions-4000 Level

SOC 4450 Honours Seminar Cr. Hrs. 6
An intensive discussion of selected sociological problems, culminating in a major Honours thesis. Prerequisite: written consent of department head.

SOC 4460 Advanced Sociological Theory Cr. Hrs. 3
A critical examination and analysis of sociological theories. Prerequisite: written consent of department head.

SOC 4490 Advanced Seminar in Criminology Cr. Hrs. 3
A critical examination of the field of criminology and the work of criminologists in shaping modern sensibilities about crime, law, and social justice. Topics include the origins of modern criminology, the development of competing knowledge frameworks in criminology (including the impact of feminist, post-modern, and post-colonial criminologies), and trajectories of 21st century criminology (including scientific, global, and public criminology). Prerequisite: written consent of department head.

SOC 4530 Readings in Sociology Cr. Hrs. 3
A reading course for undergraduates and pre-Master's in sociology. Prerequisite: written consent of department head. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

SOC 4560 Advanced Sociological Theory Cr. Hrs. 3
A critical examination and analysis of selected sociological theories. Course content may vary from year to year depending upon the instructor's interest. Prerequisite: written consent of department head.

SOC 4570 Quantitative Social Analysis Cr. Hrs. 3
The application of quantitative data analysis in the social sciences, including the following procedures: multiple regression, dummy variable regression, simple analysis of variance and covariance, and an introduction to path analysis. Students may not hold credit for both SOC 4570 and the former SOC 4480. Prerequisite: written consent of department head.

SOC 4580 Social Research Methods Cr. Hrs. 3
An introduction to the philosophy of science and logic of scientific method, as well as a survey of research methods and issues. Students are expected to gain a working knowledge of the research process. Students may not hold credit for both SOC 4580 and the former SOC 4470. Prerequisite: written consent of department head.
8.28 Ukrainian Canadian Heritage Studies Program

Program Director: (Acting) Orest Cap
Campus Address/General Office: 207 St. Andrew’s College
Telephone: 204 474 8907
Email Address: cucs@umanitoba.ca
Website: http://umanitoba.ca/ukrainian_canadian_studies/

8.28.1 Program Information

Canada is a multicultural nation to which people of Ukrainian origin have made a significant contribution. The study of this community, its past and present, provides a general understanding of the Ukrainian heritage and its role in Canadian society. The program is cross-disciplinary and leads to a Major, Advanced Major, or Minor. In addition to its Canadian focus, the program also examines historical and contemporary issues in Ukraine.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in six credit hours from List A below. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in six credit hours from List A below.

## 8.29 Women's and Gender Studies Program

**Program Coordinator:** Shawna Ferris  
**Program Office:** 218 Isbister Building  
**Telephone:** 204 474 6984  
**E-mail:** womens_gender_studies@umanitoba.ca  
**Website:** umanitoba.ca/womens_gender_studies

### 8.29.1 Program Information

Fundamental questions of equality and social justice are still very much with us, and as a dynamic interdisciplinary program, we explore both current and historical debates about women's experiences, gender relations, and feminism. Courses take diverse theoretical and practical approaches, including feminist cultural studies and studies of popular culture, violence against women, lesbian and queer studies, women in science and technology, gendered violence in urban spaces, sex work and sex workers, feminist geography, indigenous feminisms, masculinity studies, and reconstructing indigenous art histories that recontextualize museum collections and reclaim women's voices and lives.

For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

The following entries contain information which is not contained in Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

### Major Program

For entry to the Major, the prerequisite is a grade of “C” or better in each of two 3 credit hour courses in Women's and Gender Studies. It is suggested that students wishing to Major in Women's and Gender Studies take both WOMN 1500 and WOMN 1600. For students who have taken additional courses toward the Major, then a minimum cumulative GPA of 2.00 is required on all courses including the higher grade of repeated courses and excluding failed courses.

A minimum cumulative GPA of 2.00 in all courses that comprise the Major is required to graduate including the higher grade of repeated courses and excluding failed courses.

### Minor (Concentration) Program

For entry to the Minor (Concentration), the prerequisite is a grade of “C” or better in each of two 3 credit hour courses in Women's and Gender Studies.

### Honours Program

For entry to the Honours program, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs.

### Coordinated Programs in Women's and Gender Studies

Students may take courses in the Women's and Gender Studies program at the University of Winnipeg and, where applicable, have these courses credited to their degree at the University of Manitoba. The coordinated program offers students access to more faculty resources, greater course selection and additional library facilities and thus can enrich their Women's and Gender Studies program.

Students are advised to consult with the Women's and Gender Studies coordinator for information on courses available for credit in Women's and Gender Studies.

In addition, special courses under the rubric of selected topics or contemporary issues may be available in various Arts departments,
particularly Anthropology, English, Psychology, and Sociology, for Women’s and Gender Studies credit in any given academic term.

### 8.29.2 Women’s and Gender Studies

#### GENERAL MAJOR TOTAL: 30 CREDIT HOURS

| WOMN 1500 or WOMN 1600 | WOMN 2000 and WOMN 3000 | 21 credit hours from Women’s and Gender Studies courses and/or List A |

#### SINGLE ADVANCED MAJOR TOTAL: 48 CREDIT HOURS

| WOMN 1500 or WOMN 1600 | WOMN 2000 and WOMN 3000 | 9 credit hours from Women’s and Gender Studies courses |
| | | 9 credit hours from courses numbered at or above the 3000 level from Women’s and Gender Studies courses and/or List A |
| | | 21 credit hours from Women’s and Gender Studies courses and/or List A |

#### DOUBLE ADVANCED MAJOR TOTAL: 42 CREDIT HOURS

| WOMN 1500 or WOMN 1600 | WOMN 2000 and WOMN 3000 | 9 credit hours from Women’s and Gender Studies courses |
| | | 9 credit hours from courses numbered at or above the 3000 level from Women’s and Gender Studies courses and/or List A |
| | | 15 credit hours from Women’s and Gender Studies courses and/or List A |

#### MINOR (CONCENTRATION) TOTAL: 18 CREDIT HOURS

| WOMN 1500 or WOMN 1600 | WOMN 2000, WOMN 3000, WOMN 4100, WOMN 4200 |
| | 18 credit hours from Women’s and Gender Studies courses |
| | 12 credit hours from courses numbered at or above the 3000 level from Women’s and Gender Studies courses and/or List A |
| | 12 credit hours from Women’s and Gender Studies courses and/or List A |
| | 24 credit hours in ancillary options1 |
| | 12 credit hours in free options2 |

#### SINGLE HONOURS3

| WOMN 1500 or WOMN 1600 | WOMN 2000, WOMN 3000, WOMN 4100, WOMN 4200 |
| | 12 credit hours from Women’s and Gender Studies courses |
| | 12 credit hours from courses numbered at or above the 3000 level from Women’s and Gender Studies courses and/or List A |
| | 36 credit hours in other Honours field |
| | 6 credit hours in ancillary options1 |
| | 12 credit hours in free options2 |

#### DOUBLE HONOURS3

| WOMN 1500 or WOMN 1600 | WOMN 2000, WOMN 3000, WOMN 4100, WOMN 4200 |
| | 12 credit hours from courses numbered at or above the 3000 level from Women’s and Gender Studies courses and/or List A |
| | 36 credit hours in other Honours field |
| | 6 credit hours in ancillary options1 |
| | 12 credit hours in free options2 |

**NOTES:**

1. Ancillary options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (excluding Women’s and Gender Studies courses).

2. Free options are to be chosen from courses that are acceptable for credit in the Faculty of Arts (including Women’s and Gender Studies courses). WOMN 4120 is strongly recommended although not required.

3. Honours courses: all 4000 level courses.

### 8.29.3 Women’s and Gender Studies Course Descriptions-1000 Level

**WOMN 1500 Introduction to Women's and Gender Studies in the Humanities**  
Cr. Hrs. 3  
Examination of the central concerns of women and gender in the Humanities. A focus on representation, voice, knowledge, and subjectivity. Students may not hold credit for both WOMN 1500 and the former WOMN 1530.

**WOMN 1600 Introduction to Women's and Gender Studies in the Social Sciences**  
Cr. Hrs. 3  
Examination of women's historical and contemporary roles in the economy, family, and society from the perspective of the social sciences. Introduction of feminist theories, with emphasis on the role of gender. Topics covered focus on the social conditions of women’s lives: work, health, violence and organizing for change. Students may not hold credit for both WOMN 1600 and the former WOMN 1540.

### 8.29.3 Women’s and Gender Studies Course Descriptions-2000 Level

**WOMN 2000 Feminist Thought**  
Cr. Hrs. 3  
Survey of the varieties of historical and contemporary feminist ideas. Students may not hold credit for both WOMN 2000 and the former WOMN 2520. Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of the Women’s and Gender Studies coordinator.

**WOMN 2500 Race, Class and Sexuality**  
Cr. Hrs. 3  
An exploration of the various ways race, class, and sexual orientation impact on women’s lives and identities. Focus is on how racism, classism and heterosexism are produced and reproduced both within and outside of the feminist movement. Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of the Women’s and Gender Studies coordinator.

**WOMN 2530 Writing Women’s Lives**  
Cr. Hrs. 3  
Examination of the ways that traditional scripts for women have been rewritten in literature and film. Topics include coming-of-age, madness, utopia, motherhood, and romantic love as represented in fairytales, autobiographies, documentaries, contemporary novels, and Hollywood films.

**WOMN 2540 Special Topics in Women’s Studies**  
Cr. Hrs. 3  
Course content will vary according to the needs and interests of students and instructors. Consult the Women’s and Gender Studies Program office for information as to specific topics offered. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**WOMN 2560 Women, Science and Technology**  
Cr. Hrs. 3  
Acceptable for credit only when the topic is "Women Artists."
WOMN 2600 Sex, Gender, Space and Place  Cr. Hrs. 3
An examination of how we use places and spaces in our everyday lives to produce and maintain social differences of gender, sexuality, race, class, and citizenship. Drawing on perspectives from feminist geography and history, this course explores ideas about places (for example, homes) and spaces (for example, regions), as well as historical claims that women belong in place but men should control space. Students may not hold credit for both WOMN 2600 and WOMN 2540 with the topic "Sex, Gender, Space and Place."

WOMN 2610 Gender, Transport and Social Justice  Cr. Hrs. 3
Examines the gendered impact of uneven access to transportation. Using feminist theories of gender and mobility, it considers claims that mobile women are in danger, and that different forms of transportation have gendered cultures. It studies the links between imperialism, development, and transportation. The course also examines the particular ways in which transportation disadvantage, automobility, limited public transit services, and aging in place affect women as well as initiatives to promote sustainable transportation. Students may not hold credit for both WOMN 2610 and WOMN 2540 with the topic "Gender, Transport and Social Justice."

WOMN 2620 Feminism and Popular Culture  Cr. Hrs. 3
This course introduces critical skills and a theoretical framework or "toolkit" in feminist popular cultural studies in order to facilitate more critically aware participation, analysis, and production in/of popular culture. It is a feminist examination, using various popular cultural and media forms, of how normative and revolutionary social relations of power are/may be constituted in and through popular culture. Students may not hold credit for both WOMN 2620 and the former WOMN 2570.

WOMN 2630 Indigenous Feminisms  Cr. Hrs. 3
With reference to scholarship, activism, and literary, narrative, and/or creative works, this course examines Indigenous Feminisms past and present, including the development and framing of what Kwakwaka'wakw scholar Sarah Hunt has called "an emerging Indigenous feminist field."

WOMN 2640 Issues in Gender and the Body  Cr. Hrs. 3
Using a feminist critical lens, this course examines issues relating to gender, the body, and embodiment. Topics to be considered include (but are not limited to) social and scientific constructions of the body; constructions of beauty, health, fitness, and fatness; intersectionality and embodiment; incongruence of sex and gender identification; symbolic and literal cultural discipline and punishment of gendered bodies; artistic representations of and responses to gendered bodies; embodiment in trans and queer communities; embodiment in Indigenous and racialized communities.

WOMN 2650 Issues in Gender and Sexualities  Cr. Hrs. 3
Using a feminist critical lens, this course examines issues relating to gender and sexuality. Of particular interest will be considerations of how social, political, historical, and popular cultural forces influence representations and constructions of gender and sexuality, as well as how we understand ourselves, others, and our relationships to each other and the world around us.

WOMN 3000 Interdisciplinary Research in Women's and Gender Studies  Cr. Hrs. 3
An introduction to the approaches scholars use to challenge the dominant theories of knowledge and the major methodologies used to produce it. The course examines the influence of gender theory and feminism on the research questions we ask, the types of materials we use, and the methods we employ. Students may not hold credit for both WOMN 3000 and the former WOMN 3580. Prerequisite: [a grade of “C” or better in a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of the Women’s and Gender Studies coordinator.

WOMN 3100 Sex Work in Contemporary Canadian Culture  Cr. Hrs. 3
This course examines cultural linkages between femininity and prostitution in the context of contemporary Canadian culture. The course begins by considering historical cultural and feminist discourses about sex work and sex workers. Keeping in mind that the actual exchange of sexual services for money is currently legal in Canada, course discussions will interrogate enduring representations of sex work/ers. The course also examines some prostitution-related legislation, ideological and "real world" linkages between violence and prostitution, and ongoing activism that reinforce or resist negative representations and the violent realities of sex work/ers in Canada today. Students may not hold credit for both WOMN 3100 and WOMN 2540 with the topic "Sex Work in Contemporary Canadian Culture." Prerequisite: [a grade of “C” or better in a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of the Women’s and Gender Studies coordinator.

WOMN 3110 Women and the Military  Cr. Hrs. 3
The course will: introduce feminist theoretical analyses of militarization; explore the mobilization of women in wartime and its relation to postwar battles over women's on-going access to well-paid occupations inside and outside the armed forces; through case studies, examine the processes by which women challenged their exclusions from particular roles; compare women's experiences in different armed forces and their recruitment strategies; analyse sexual misconduct policies and the treatment of military families and veterans; consider the relationship between the feminist peace movement and women in the military; and study the struggles to commemorate women's wartime contributions. Students may not hold credit for WOMN 3110 and WOMN 3500 with the topic "Women in the Military." Prerequisite: [a grade of “C” or better in a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of instructor.

WOMN 3120 Indigenous Women and the Camera  Cr. Hrs. 3
Indigenous women have had a long and problematic relationship with the camera. The colonial lens created a visual legacy of exoticism and objectification, creating images that continue to haunt us. However, women also sought the camera for their own purposes, seizing control of their own representation, and ‘speaking back’. Now photography and film are among the strongest modes of women's contemporary artistic expression. This course will explore both legacies from Indigenous women worldwide. Whenever possible, the class will integrate with the Native Women & Film festival, a film event that brings women filmmakers to Winnipeg. Students may not hold credit for WOMN 3120 and WOMN 2540 with the topic “Indigenous Women and the Camera." Prerequisite: [a grade of “C” or better in a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of instructor.

WOMN 3130 Gender, Race and Environmental Justice  Cr. Hrs. 3
Relying on interdisciplinary feminist and Indigenous perspectives, this course examines how historical and present-day environmental issues do not exist "out there," but profoundly shape our bodies and lives, and in turn are shaped by social structures and inequities. It includes study of relationships between human and non-human beings in different places and times, and invites students to consider both the interconnection between social and environmental struggles and the misperception that
humans and environments somehow exist in isolation from one another. It also provides room to study, envision and enact alternative planetary relationships. Students may not hold credit for both WOMN 3130 and WOMN 3500 with the topic "Nature, Culture, Gender." Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women's and Gender Studies courses] or written consent of instructor.

**WOMN 3500 Selected Topics in Women's Studies**  
Cr. Hrs. 3  
Course in which content varies from year to year according to needs and interests of students and instructors. Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**WOMN 3520 Transnational Feminisms**  
Cr. Hrs. 3  
Introduction to transnational feminist perspectives in order to analyse our contemporary world, including gendered, racialized, and classed power relations and inequalities. Focus is placed on how current global phenomena such as neoliberalism, structural adjustment, and migration shape people's lived experiences in different regions of the world. Students may not hold credit for both WOMN 3520 and the former WOMN 3510. Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women's and Gender Studies courses] or written consent of instructor.

**WOMN 3530 Readings in Women's Studies**  
Cr. Hrs. 6  
Directed readings in a range of Women's Studies literature. This is an independent study course. Prerequisite: written consent of instructor and Women's and Gender Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**WOMN 3540 Readings in Women's Studies**  
Cr. Hrs. 3  
Directed readings in a range of Women's Studies literature. This is an independent study course. Prerequisite: written consent of instructor and Women's and Gender Studies coordinator. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**WOMN 3550 Feminist Community Organizing: Theories and Practices**  
Cr. Hrs. 3  
Overview of organizing efforts and techniques, community issues and strategies that women have developed in North American and especially Canadian communities. Focus is on synthesis of thought and action, theory and practice. Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.

**WOMN 3560 Feminist Perspectives on Violence Against Women**  
Cr. Hrs. 3  
An overview of feminist research and theories on violence against women as an integral component of our social structure, and on issues of social change to alleviate the problem. Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.

**WOMN 3620 Masculinities**  
Cr. Hrs. 3  
An introduction to the key debates in masculinity studies from a feminist perspective. Considering the idea of "hegemonic masculinity" and the practice of creating a typology of masculinity, this course examines the changing forms of masculinity as a political and cultural category, using historical examples from the 19th century and the 1970s and considers the influence of feminist theories on men's engagement with masculinity in North America. Students may not hold credit for both WOMN 3620 and WOMN 3500 with the topic "Masculinities." Prerequisite: [a grade of "C" or better in a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.

**8.29.3 Women's and Gender Studies Course Descriptions-4000 Level**

**WOMN 4100 Honours Thesis**  
Cr. Hrs. 6  
Description The Thesis presents the results of an independent research project supervised by a faculty member. Prerequisite: written consent of the Women's and Gender Studies coordinator.

**WOMN 4120 Practicum in Feminist Organizing**  
Cr. Hrs. 6  
Between September and March, the student will complete a minimum of 80 hours of unpaid independent work in a feminist or woman-centered organization and meet regularly with the instructor and other practicum students. Students will reflect critically on the work experience in course assignments. Prerequisite: [a grade of "C" or better in at least 24 credit hours in Women's and Gender Studies courses] and written consent of the Women's and Gender Studies coordinator.

**WOMN 4200 Seminar in Women's and Gender Studies**  
Cr. Hrs. 3  
An advanced seminar on a contemporary theme in Women's and Gender Studies. The theme will vary from year to year in accordance with the research interests of the instructor and new developments in the field. Student presentations and discussions will be emphasized. Students may not hold credit for both WOMN 4200 and the former WOMN 4110. Prerequisite: [a grade of "C" or better in WOMN 2000 or the former WOMN 2520] and written consent of the Women's and Gender Studies coordinator.

**SECTION 9: Courses and Programs Offered by Other Faculties and Schools for Credit in Arts**

**Courses**

All degree credit courses offered by other Faculties or Schools at the University of Manitoba are acceptable for credit in Arts (excludes Pass/Fail courses) subject to the Faculty of Arts overall degree requirements. Such courses taken prior to admission to Arts will be included on transfer and will also be used in determining eligibility for admission. For details see Section 5.3. For course descriptions see the departmental listing in this Calendar.

**Programs**

Also listed below are eight programs which can be used by Faculty of Arts students to satisfy the Major or Minor requirement for graduation with a Bachelor of Arts degree. These programs are:

<table>
<thead>
<tr>
<th>Program</th>
<th>Department</th>
</tr>
</thead>
<tbody>
<tr>
<td>History of Art General Major</td>
<td>Mathematics General Major</td>
</tr>
<tr>
<td>History of Art Minor</td>
<td>Mathematics Advanced Major</td>
</tr>
<tr>
<td>Minor in Management</td>
<td>Mathematics Minor</td>
</tr>
</tbody>
</table>

Effective September 2009 Arts students may complete Minor programs offered by other Faculties/Schools not listed above providing the Minor program consists of a minimum of 18 credit hours and all other degree requirements are satisfied.

**9.1 School of Art: Art History**

Program Coordinator: L. Stirling  
Program Office: 349 University College  
Telephone: 204 474 7357

**9.1.1 Program Information**
For entry, continuation and graduation requirements for the General Degree, Advanced Degree and Honours Degree, see Section 3: Basic Faculty Regulations for the B.A. General, Advanced and Honours Degree Programs. NOTE: It is strongly recommended that students majoring in Art History have competence in a second language.

9.2 Faculty of Management/I.H. Asper School of Business

All courses offered by the Asper School of Business in the Faculty of Management are acceptable for credit in the Faculty of Arts. Management courses may be taken by Faculty of Arts students subject to availability of space and satisfaction of prerequisites.

Minor in Management

For entry to the Minor, the prerequisite is a grade of “C” or better in the first 6 hours of Management courses. The Management Minor will consist of any 18 credit hours in the Faculty of Management/Asper School of Business courses.
9.3 Faculty of Science

All Minors offered by the Faculty of Science can be used as satisfying the Faculty of Arts requirement of a Minor (Concentration); (for details, see the Faculty of Science chapter of this Calendar). In addition, Arts students may also choose a General or Advanced Major, or a Minor in Mathematics as described below.

The Mathematics General Major offered at the Université de Saint-Boniface differs from the one offered at the Fort Garry campus. For a complete description, consult the Université de Saint-Boniface’s Calendar.

<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

NOTES:
1 MATH 1500 or MATH 1510 may be taken in place of MATH 1230; MATH 1300 or MATH 1310 may be taken in place of MATH 1220; MATH 1700 or MATH 1710 may be taken in place of MATH 1232; MATH 1200 may be taken in place of MATH 1240, but these courses are not equivalent, i.e., students should note that MATH 1240 is a prerequisite to some 2nd year Mathematics courses for which MATH 1200 is not a prerequisite.

For entry to either Major in Mathematics, the prerequisite is a grade of “C+” or better in six hours of Mathematics courses taken.

For entry to the Minor in Mathematics, the prerequisite is a grade of “C” or better in six hours of Mathematics courses taken.

A detailed listing of courses in the Department of Mathematics is available in the Calendar entries of the Faculty of Science.

9.4 Interfaculty Option in Aging

Program Coordinator: Laura Funk
Program Office: 307 Isbister Building
Telephone: 204 474 6678
E-mail: laura.funk@ad.umanitoba.ca

The Interfaculty Option in Aging Concentration is available to students in all B.A. degree programs.

This Concentration is offered by: Arts, Nursing, Kinesiology and Recreation Management, and Social Work. To complete the Concentration, Arts students will need to complete each of the following: a) The Social Aspects of Aging, HMEC 2650 or REC 2650 or SWRK 2650; and b) Health and Physical Aspects of Aging, NURS 2610 or KIN 2610; and c) an additional twelve credit hours from the following courses:

<table>
<thead>
<tr>
<th>English, Theatre, Film &amp; Media</th>
<th>Psychology</th>
<th>Religion</th>
<th>Sociology and Criminology</th>
</tr>
</thead>
<tbody>
<tr>
<td>FILM 3420 Film Theory</td>
<td>PSYC 2360 Brain and Behaviour</td>
<td>PSYC 4420 Neuroimaging: Imaging and Thoughts</td>
<td>SOC 2310 Selected Social Problems (acceptable for credit only when topic is “Canadian Social Issues”)</td>
</tr>
<tr>
<td></td>
<td>PSYC 2490 Abnormal Psychology</td>
<td>PSYC 4430 Vision: Perception and Action</td>
<td>SOC 2490 Sociology of Health and Illness</td>
</tr>
<tr>
<td></td>
<td>PSYC 3070 Adult Development</td>
<td>PSYC 4566 Psychology of Health and Aging</td>
<td>SOC 2620 Sociology of Aging</td>
</tr>
<tr>
<td></td>
<td>PSYC 3350 Behaviour Neuroscience</td>
<td></td>
<td>SOC 3540 The Sociology of Health Care Systems</td>
</tr>
</tbody>
</table>

Upon completion of these requirements, the Option in Aging will be recorded as a concentration on the student’s official transcript. For information concerning the option, interested students are directed to faculty general offices.

* Requires previous degree for entry.

** This includes two years (67 credit hours) of study in the Marcel A. Desautels Faculty of Music and includes two May-June school placements.

The educational objective of the Faculty of Education is to prepare students for a career in the teaching profession. Attaining the Bachelor of Education (B.Ed.) degree leads to professional certification by Manitoba Education and Advanced Learning and the opportunity to attain employment as a classroom teacher in Manitoba and elsewhere. Those desiring other roles in education can achieve the professional requirements via the Post Baccalaureate Diploma in Education (PBDE) or graduate degrees in education (M.Ed. or Ph.D.)

1.1.1 After-Degree Bachelor of Education: Early Years, Middle Years and Senior Years

Following the completion of a first bachelor’s degree of at least 90 credit hours (three years in duration), the After-Degree B.Ed. is a two year program consisting of 60 credit hours of coursework taken within the Faculty of Education and leads to general certification and a B.Ed. degree. Current certification requirements for the Province of Manitoba require twenty-four weeks of practicum which are completed as part of the 60 credit hours required for the After-Degree B.Ed.

1.1.2 Integrated Bachelor of Music/Bachelor of Education Degrees (Intake for this program is currently suspended)

The Marcel A. Desautels Faculty of Music offers a degree program that integrates the requirements of its degree program with those of the Faculty of Education After-Degree B.Ed. program. The integrated program is five years in length, leading to general certification and preparing of teachers for specialist Music and classroom teaching. Both degrees are awarded upon completion of the five year program. See sections 1 and 5 of the chapter for the Marcel A. Desautels Faculty of Music for information.

1.1.3 Post Baccalaureate Diploma in Education

Designed for teacher professional development, the Post Baccalaureate Diploma in Education (PBDE) is a 30 credit hour program following completion of an undergraduate degree, normally a B.Ed. degree.

1.2 Professional Teacher Certification Requirements for Manitoba Education and Advanced Learning

During the final year of the B.Ed. degree, the university will provide a list of potential B.Ed. graduates to the Professional Certification Unit, Manitoba Education and Advanced Learning and make a recommendation that they be granted the Professional Certificate which is permanent and entitles the holder to teach any subject at any level (K-12) in Manitoba. Students are required to apply for certification. The application form and specific requirements for certification can be found at http://www.edu.gov.mb.ca/k12/profcert/certificates/bedgradap.html.

1.3 Certificate in Adult and Continuing Education

The following four courses in addition to 100 hours in elective courses offered through Extended Education will complete a Certificate in Adult and Continuing Education (CACE). For further information contact Extended Education @ (204) 474-8917.

EDUA 1560 Adult Learning and Development (3)
EDUA 1570 Foundations of Adult Education (3)
EDUA 1580 Program Planning in Adult Education (3)
EDUA 1590 Facilitating Adult Education (3)

SECTION 2: Admission to Bachelor of Education & Integrated Bachelor of Music/Bachelor of Education Programs

2.1 Admission Requirements for After-Degree Program

All After-Degree B.Ed. applicants must choose a stream: Early, Middle or Senior and must meet the requirements outlined below (see 2.1.1 and 2.1.2). In addition, see sections 2.3 Other Admission Requirements; 2.4 Diversity Admission Category; and 2.5 Criminal Records and Child Abuse Registry.

2.1.1 Early and Middle Years Programs

A recognized bachelor’s degree of a minimum of 90 credit hours and the requirements for two different subjects plus a breadth component as follows:

- 18 credit hours in a teachable major
- 12 credit hours in a teachable minor
- 6 credit hours English literature or French literature
- 6 credit hours Social Studies (History or Geography)
- 6 credit hours Mathematics (or Statistics)
- 6 credit hours Science (Biology, Chemistry, Environmental Science, Geology or Physics).

1See Chart 2.1.1.1 below.

2.1.2 Senior Years Programs

A recognized bachelor’s degree of a minimum of 90 credit hours and the requirements for two different subjects:

- 30 credit hours in a teachable major
- 18 credit hours in a teachable minor

2See Chart 2.1.2.1 below.

2.2 Admission Requirements for Integrated Bachelor of Music/Bachelor of Education Degrees

Intake for this program has been temporarily suspended.

2.3 Other Admission Requirements for After-Degree Bachelor of Education

Minimum admission GPA for consideration: 2.50 on university coursework with a minimum grade of "C" in each teachable major/minor course and in breadth component coursework, if required. The admission GPA is calculated on the most recent 30 credit hours of university coursework available at February 1 of admission year. Courses graded 'Satisfactory' or
‘Pass’ will be used within the teachable courses, but excluded from the GPA calculation. International Baccalaureate (IB) and Advanced Placement (AP) will follow the University of Manitoba regulations and will be calculated if part of the above mentioned 30 credit hours.

To be eligible for the After-Degree program, applicants must have a conferred bachelor's degree and all course requirements as stipulated in 2.1 at the 1000 level or higher completed from a recognized institutions by May 1 of the year of application.

In addition to criteria outlined above, all applicants must complete:

- writing skills exercise
- references

Selection criteria: 69.0% on GPA; and 31.0% on writing skills.

2.4 Other Admission Requirements for After-Degree Bachelor of Education and Integrated Bachelor of Music/Bachelor of Education

In addition to criteria outlined above, all applicants must complete:

- writing skills exercise
- references

Selection criteria: 69.0% on GPA; and 31.0% on writing skills.

2.5 Diversity Admission Category

The Faculty of Education has a Diversity Admissions Category. The Faculty recognizes the importance of providing the highest quality of education to all students in Manitoba via a teaching force that is fully representative of the cultural, ethnic and racial diversity of the province.

As the largest teacher education institution in the province, the Faculty recognizes its responsibility to facilitate the development of such a teaching force. Furthermore, the Faculty recognizes the need to ensure that its recruitment and admission policies and procedures do not inappropriately obstruct the achievement of such a goal, but rather actively promote its attainment.

In keeping with the above, the Faculty will admit up to forty-five percent (45%) of the After-Degree B.Ed. applicants under this policy. For the purposes of self-identification, the Diversity Admissions Categories include: Canadian Indigenous Peoples, Racialized Persons, Persons with Gender Identity/Sexual Orientation Difference, Persons with Disabilities, and Disadvantaged Persons.

Canadian Indigenous Peoples (Allocations 15% of each stream) – This includes Canadian First Nations, Metis, and Inuit peoples.

Racialized Persons (Allocation 7.5% of each stream) – This includes those who have been treated differently by people or institutions on the basis of their perceived racial backgrounds, colour, and/or ethnicity. This diversity category includes non-Canadian Indigenous peoples.

Persons with Gender Identity/Sexual Orientation Difference (Allocation 7.5% of each stream) – This includes persons who self-identify as lesbian, gay, bisexual, transgender/transsexual, two spirit or queer (LGBTIQ).

Persons with Disabilities (Allocation 7.5% of each stream) – This includes those who have a diagnosed physical, mental, psychological, sensory or diagnosed learning disability.

Disadvantaged Persons (Allocation 7.5% of each stream) – A student graduating from the University of Manitoba ACCESS1 Program from an Undergraduate Degree Program in May of the application year or in October of the preceding year. For those applying to the Integrated Music/Education Program, a student currently registered in the University ACCESS1 Program or those who have experienced systemic barriers and/or inequalities on the basis of their religion, creed, language or state of social disadvantage.

All information on admission requirements are described in detail in the applicant information bulletin that includes application deadline dates and information about applying online. This material is available from Student Affairs: Enrolment Services: Admissions, 424 University Centre or online at: http://umanitoba.ca/student/admissions/application/programs/education-application.html

1 For the purpose of admission, the Faculty of Education follows the University of Manitoba criteria for ACCESS Program applicants, that is: those who have not had the opportunity for university studies at the degree level because of social, economic and cultural reasons, lack of formal education or residence in remote areas.

2.6 Criminal Records and Child Abuse Registry

All applicants offered admission to the After-Degree Bachelor of Education and the Integrated Bachelor of Music/Bachelor of Education programs are required to complete the "Self-Declaration for Newly Admitted Students: Child Abuse Registry and Statement of Criminal Records" form as a condition of final acceptance to the program. Only adult convictions must be disclosed, and the existence of such a record will not automatically exclude applicants.

In addition to the above self-declaration, all successful applicants will be conditionally admitted pending clearance of an official Criminal Record Search (including vulnerable sector screening) and clearance from the Child Abuse Registry. Both documents must be current (dated April 1 or later of admit year). Registration will not be permitted until these clearances are received. Failure to clear or failure to provide these documents by the stated deadline (see Applicant Bulletin) will result in admission offer being revoked. It is strongly recommended that applicants order these documents immediately following admission offer.

SECTION 3: Program Requirements After-Degree Bachelor of Education

The following program requirements are for students accepted into the After-Degree B.Ed. program commencing September 2015.

For students admitted prior to September 2015, please refer to 2014-2015 Academic Calendar - Undergraduate PDF or Archived Academic Calendars at: http://umanitoba.ca (Studying at the U of M / Academic Calendar).

REMINIDER: While Education Academic Advisors are available to clarify faculty and university regulations and degree requirements, it is the student’s responsibility to ensure that degree and program requirements are met.

3.1 Program Requirements for After-Degree Bachelor of Education

3.1.1 Application Deadline for School Placement

Actively registered After-Degree B.Ed. students will be contacted by February via email requesting that they complete an online “Request for School Placement” and must reply by the date specified in the email.

Part time students or students not currently in attendance must contact the B.Ed. Student Services office no later than February 1 to make their intentions known. Failure to reply or make contact by the specified dates may result in students being denied a school placement.
After-Degree B.Ed. students who anticipate needing special accommodations are required to register with Student Accessibility Services and to speak with an Academic Advisor about the kinds of supports they may need. Once students have registered with Student Accessibility Services, reasonable accommodations for practicum can be made in consultation with the Director of the School Experience Office (SEO).

3.1.2 Student Criminal Background Check

Applicants should also be aware that the Professional Certification Unit will require students graduating from the Bachelor of Education program to undergo a criminal record check, including vulnerable sector screening as part of the certification process. Information on the “Self-Declaration for Newly Admitted Students: Child Abuse Registry and Statement of Criminal Records” form is included in the applicant information bulletin available from Student Affairs: Enrolment Services: Admissions, 424 University Centre or at: http://umanitoba.ca/student/admissions/application/programs/education-application.html.

All continuing students will be required to complete and submit a “Self-Declaration for Continuing Students: Child Abuse Registry and Statement of Criminal Records” form prior to registration for every year they are enrolled in the After-Degree B.Ed. program.

3.1.3 Orientation and Faculty Program Days

All After-Degree B.Ed. and Integrated B.Mus./B.Ed. students registered for the current academic year must attend the annual Orientation session (late August/early September) in order to proceed to Practicum. The date will be provided to new students following their submission of their deposit (April/May), to returning students via the B.Ed. Newsletter (in the previous March-May), and to all students via their registration information in June/July. Orientation dates will also be available on the Faculty website.

The Faculty sponsors a number of lectures, workshops and forums. Details will be posted on the faculty’s website: http://umanitoba.ca/education.

3.5 Practicum Dates

The practicum dates are provided in the B.Ed. Newsletter (in the previous March-May), to returning students via the B.Ed. Newsletter (in the previous March-May), and to all students via their registration information in June/July. Practicum dates will also be available on the Faculty website.

After-Degree B.Ed. students who anticipate needing special accommodations are required to register with Student Accessibility Services and to speak with an Academic Advisor about the kinds of supports they may need. Once students have registered with Student Accessibility Services, reasonable accommodations for practicum can be made in consultation with the Director of the School Experience Office (SEO).
SECTION 4: Program Requirements Integrated Bachelor of Music/Bachelor of Education

For students admitted 2016 and earlier

REMINDER: While Education Academic Advisors are available to clarify faculty and university regulations and degree requirements, it is the student’s responsibility to ensure that degree and program requirements are met.

4.1 Program Requirements for Integrated Bachelor of Music/Bachelor of Education (Intake Suspended)

4.1.1 Application Deadline for School Placement

Actively registered Year 3 & 4 Integrated Bachelor of Music/Bachelor of Education (B.Mus./B.Ed.) students will be contacted in October regarding their intentions for the upcoming summer session practicum via email, and must reply by the date specified in the email. Part time students or students not currently in attendance should contact the B.Ed. Student Services office no later than November 1 to make their intentions known. Failure to reply by the specified dates may result in students being denied a school placement.

Actively registered Integrated B.Mus./B.Ed. students intending to proceed to Year 5 (final year) will be contacted by February via email requesting that they complete an online “Request for School Placement” and must reply by the date specified in the email. Part time students or students not currently in attendance who intend to proceed to Year 5 (final year) should contact the B.Ed. Student Services office no later than February 1 to make their intentions known. Failure to reply by the specified dates may result in students being denied a school placement.

Integrated B.Mus./B.Ed. students who anticipate needing special accommodations are required to register with Student Accessibility Services and to speak with an Academic Advisor about the kinds of supports they may need. Once students have registered with Student Accessibility Services, reasonable accommodations for practicum can be made in consultation with the Director of the School Experience Office (SEO).

4.1.2 Student Criminal Background Check

Newly admitted Integrated B.Mus./B.Ed. students should also be aware that the Professional Certification Unit will require students graduating from the Bachelor of Education program to undergo a criminal record check, including vulnerable sector screening as part of the certification process. Information on the “Self-Declaration for Newly Admitted Students: Child Abuse Registry and Statement of Criminal Records” form is included in the applicant information bulletin available from Enrolment Services: Admissions, 424 University Centre and the website:

http://umanitoba.ca/student/admissions/application/programs/education-application.html

All continuing students will be required to complete and submit a “Self-Declaration for Continuing Students: Child Abuse Registry and Statement of Criminal Records” form prior to registration for every year they are enrolled in the Integrated B.Mus./B.Ed. program.

4.1.3 Orientation and Faculty Program Days

All After-Degree B.Ed. and Integrated B.Mus./B.Ed. students registered for the current academic year must attend the annual Orientation session (late August/early September) in order to proceed to Practicum. The date will be provided to new students following submission of their deposit (April/May), to returning students via the B.Ed. Newsletter (in the previous March-May), and to all students via their registration information in June/July. Orientation dates will also be available on the Faculty website.

The Faculty sponsors a number of lectures, workshops and forums. Details will be posted on the faculty's website: http://umanitoba.ca/education.

4.2 Integrated Music/Education Program/Course Chart

Students choose a specialization in Music (see chart 4.2.1 below) for their teachable major and a subject other than Music for their teachable minor.

Students who complete the program of studies satisfactorily receive a Bachelor of Music (B.Mus.) degree and a Bachelor of Education (B.Ed.) degree. Students are expected to maintain academic standards consistent with the granting of the degrees in non-integrated programs.

1 3 credit hours chosen from EDUB 3110, EDUB 3120, EDUB 3130 or EDUB 3140 dependent on Major subject area.

2 3 credit hours chosen from EDUB 4110, EDUB 4112, EDUB 4114, EDUB 4120, EDUB 4122, EDUB 4124, EDUB 4130, EDUB 4132, EDUB 4134, EDUB 4140, EDUB 4142, EDUB 4144, EDUB 4146, EDUB 4148, EDUB 4150, EDUB 4152, EDUB 4154 as required for major and as required for minor. Not all courses are offered every year.

3 Registration in EDUB 4XXX is dependent on scheduling. May require 6 credits of EDUB 4XXX for both subject areas to be taken in second term of program.

4 See Sa: Education Electives
SECTION 5: Academic Regulations for Bachelor of Education

The following academic regulations are for students accepted into the After-Degree B.Ed. program commencing September 2015 and Integrated B.Mus./B.Ed. program.

For students admitted prior to September 2015, please refer to 2014-2015 Academic Calendar - Undergraduate PDF or Archived Academic Calendars at: http://umanitoba.ca (Studying at the U of M, Academic Calendar)

The provisions of the Academic Calendar chapters, General Academic Regulations and University Policies and Procedures, apply to all students. In addition, the Faculty of Education has regulations and requirements, published below, that apply specifically to its students.

5.1 Academic Regulations of All Bachelor of Education Programs

5.1.1 Academic Requirement for Graduation

A DGPA of 2.50 is required for graduation in the B.Ed.

5.1.2 Academic Standing

A minimum DGPA of 2.50 must be maintained in the B.Ed. program for clear standing. A grade of “C” or a Pass (P) is a passing grade for Education courses including practicum.

5.1.3 Additional Academic Considerations

Each student in the Faculty of Education is presumed to be generally suited to a teaching program. Should this prove not to be the case, the Faculty reserves the right, at any time, to require a student to withdraw from the B.Ed. program. Unsatisfactory performance in Practicum courses may be considered reason to require a B.Ed. student to withdraw from the faculty. See Professional Unsuitability By-Law in this section.

5.1.4 Appeal Procedures
The general university policy for appeal of assigned grades applies to the Faculty of Education. See the Academic Calendar chapter, General Academic Regulations, Appeals of Assigned Grades. Information about admission decision appeals may be found in the Academic Calendar chapter, Admissions.

5.1.5 Assessment of Student Academic Performance

Academic performance is assessed at the end of each regular term in which the B.Ed. student is registered in all courses that are used for credit towards the B.Ed. degree. Decisions concerning academic standing are normally made upon initial completion of 15 credit hours.

Based on the DGPA attained in these courses, the following decisions with respect to the student’s eligibility to continue as a Faculty of Education B.Ed. student will be made.

5.1.5.1 Eligible to Proceed

The student with a minimum of 2.50 is eligible to proceed.

5.1.5.2 Academic Probation

The student who passes all courses, but whose DGPA is below 2.50 but above 1.99 is placed on academic probation.

The student with failing grades whose DGPA is below 2.50 but above 1.99 may be granted permission to repeat and/or replace the failed courses and permission to proceed on probation until completion of an additional 15 credit hours of Education coursework.

Students placed on academic probation may continue on probation until they have completed an additional 15 credit hours of required degree coursework. To clear probation, a student must raise their DGPA to 2.50 by the end of the probationary period. Students on probation who fail to raise the DGPA to at least 2.50 will be required to withdraw on academic grounds (suspension) for a period of two years.

5.1.5.3 Academic Suspension

The student whose DGPA is below 2.00 shall be required to withdraw on academic grounds (suspension) from the Faculty of Education for a period of two academic years.

Students who have been required to withdraw on academic grounds will be informed via registered mail. These students may not register at the university for two academic years. Following this period, students wishing to pursue a B.Ed. degree, must make a written request for reinstatement. The following will apply in such cases:

No application for reinstatement will be considered before a minimum period of two academic years has lapsed from the effective date of the required withdrawal to the effective date of the requested reinstatement.

The applicant will be expected to demonstrate that he or she will now be able to meet the academic requirements of the program.

If the student is reinstated after the time limit for program completion has expired (see Statute of Limitation section below), the Associate Dean (Undergraduate) shall determine which, if any, courses previously successfully completed shall be repeated or replaced.

5.1.6 Attendance at Class/Debarment

Regular attendance is expected for all students in all courses, including practicum. An instructor (including the Director of School Experience) can initiate procedures to debar a student from attending classes, practicum, and final examinations where unexcused absences exceed three hours of scheduled classes in any one term. See Attendance Policy (http://umanitoba.ca/faculties/education/media/BEd_Attendance_Policy_Sep17_2014.pdf) for details.

See the Academic Calendar chapter General Academic Regulations, Attendance and Withdrawal.

5.1.7 Authorized Withdrawals

Authorized Withdrawals (AWs) may be permitted on medical or compassionate grounds, subject to satisfactory documentation. Students must contact an Education Academic Advisor to initiate an authorized withdrawal.

5.1.8 Dean’s Honour List

Students registered in a minimum of 12 credit hours within a single term and who achieve a Term Grade Point Average of 3.90 or better will be included in the Dean’s Honour List. Grades for coursework taken on a Letter of Permission and used towards the B.Ed. degree will be used in meeting the eligibility requirements of the Dean’s Honour List.

Students receiving failing grades where such coursework is required to earn the B.Ed. degree and/or practicum will not be eligible for the Dean’s Honour List.

Eligible students must be enrolled in either the After-Degree B.Ed. program or the Integrated B.Mus./B.Ed. programs.

5.1.9 Degree with Distinction

A student graduating from the After-Degree B.Ed. program will have the degree granted “With Distinction” if a minimum DGPA of 4.20 has been attained on all courses that are used for credit towards the B.Ed. degree. This distinction will be noted on the parchment and on the student’s transcript.

5.1.10 Gold Medal

The Gold Medal is awarded each year to the B.Ed. graduate who has the highest GPA (minimum 3.75) in the last 60 credit hours of the B.Ed. degree and who has completed at least 80 percent of what is considered to be the normal full course load in each of the last two years of the program.

5.1.11 Grading Scale

</tbody>
</table>

The required B.Ed. Practicum courses are marked on a Pass/Fail basis.

A minimum grade of “C” or a Pass (P) is required for all B.Ed. courses.

5.1.12 Incompletes
5.1.13 Leave of Absence and Part-Time Studies

Although most students will complete the After-Degree B.Ed. program in two years, the Faculty recognizes that individual circumstances may arise that require a student to take one or more full years away from study. In such cases a student should meet with an Education Academic Advisor as early as possible to discuss their particular situation and to map out plans for completing their program. It is important to note that in such cases the following applies:

- Newly admitted students must successfully complete a minimum of 3 credit hours of required B.Ed. coursework in the fall or winter term of the year of admission. That is, a leave of absence is not permitted in the first year.
- The normal maximum time allowed for completion of the B.Ed. program is six years from the date of admission.
- Application to return for a practicum following a leave must be made by the deadline stated under “Application Deadline for School Placement” in the “Program Requirements” sections.
- Any student returning to resume studies after a leave of absence is expected to conform to any new requirements that have been approved during their absence.
- A student who is on a leave of absence is still considered to be within the B.Ed. program and therefore, cannot take courses at another post-secondary institution unless approved on a Letter of Permission (see the academic calendar, General Academic Regulations, Academic Evaluation 2.1).

Students considering part-time options should note that required B.Ed. courses may not always be offered each term or each year (for example, Senior Years C & I in Physics is offered in alternate years). Therefore, students should consult with an Academic Advisor when considering part-time options.

5.1.14 Professional Unsuitability By-Law

The Senate of the University has approved a by-law granting authority to the Faculty of Education to require a student to withdraw from the Faculty for reasons of professional unsuitability. A student may be required to withdraw from the Faculty or may face other disciplinary action when, at any time, the Professional Unsuitability Committee has determined that the student is unsuited, on consideration of competence or professional fitness, for the practice of teaching.

Copies of this by-law may be obtained from the Faculty of Education website.

5.1.15 Repeating a Course

Required courses which receive a grade of “F” or “D” must be repeated. Education elective courses which receive a grade of “F” or “D” must be repeated or replaced with other education elective courses. Courses which receive a “C” grade or higher may be repeated; but only with the consent of the Associate Dean, Undergraduate Program.

Education courses may only be repeated once. When a course is repeated, the last grade achieved will be used in calculating the DGPA.

Effective September 2016, students admitted to the After-Degree B.Ed. program will be required to withdraw from the B.Ed. program on academic grounds upon failure (receipt of a grade of “F”) of any 3 (of the 4) required practicum courses.

Applicable to After-Degree B.Ed. students admitted prior to September 2015 and Integrated B.Mus./B.Ed. students only:

Senior Years and Integrated B.Mus./B.Ed. students who fail a school experience practicum will normally be required to repeat the Curriculum and Instruction courses associated with that practicum. Students who fail a Practicum course will normally be required to repeat all of the Curriculum and Instruction courses related to that year’s practicum.

5.1.16 Statute of Limitation

The normal maximum time allowed for the completion of the B.Ed. program is six years from the date of admission.

5.1.17 Supplemental Examinations

Supplemental examinations are not permitted in Education courses.

5.1.18 Voluntary Withdrawals

See the Academic Calendar chapter, General Academic Regulations.

5.1.19 Voluntary Withdrawal from Practicum Limit

All students admitted are permitted one voluntary withdrawal from each of the practicum courses.

5.1.20 5000-Level Courses

Students enrolled in the After-Degree B.Ed. program and the Integrated B.Mus./B.Ed. programs are not permitted to take 5000-level courses.

5.2 Academic Regulations for the After-Degree Bachelor of Education

In addition to 5.1 the following regulations apply to the After-Degree B.Ed. program.

5.2.1 Maximum Course Load

The maximum credit hour load for After-Degree B.Ed. students is 30 credit hours in the regular session (September-April). The following requests for exception will apply:

- Requests to register for 33 credit hours, from students who are in good standing, do not need approval but the student must contact an Academic Advisor for assistance.
- Requests to register for 36 credit hours are approved by an Academic Advisor provided the student’s minimum DGPA is 3.50.
- Requests to register for 3 credit hours above the maximum load but where the student’s DGPA is below 2.50 are not permitted.
- Requests to register for more than 36 credit hours must be submitted, in writing, to the Associate Dean, Undergraduate Programs.

5.2.2 Transfer of Credit

Students may transfer a maximum of five full courses (30 credit hours) from another recognized university or college Professional Education program toward the After-Degree B.Ed. provided the courses are comparable and acceptable to the program, and they have not been applied to another degree program.
Students will not receive advance standing for any Education course which is more than six years old at the point of their admission to the Faculty of Education.

Courses taken as part of the Certificate in Teaching English as a Second Language (CTESL) (completed by end of Winter 2017) or Certificate in Adult and Continuing Education (CACE) through Extended Education, U of M, may receive credit for some coursework. See PBDE 6.5 Transfer of Credit section for a listing of equivalents.

Those students who are currently in the program and wish to transfer for a course at another university or college must complete an application for “Letter of Permission” prior to registering. Further information can be found at http://umanitoba.ca/student/records/forms.html

Courses at the 5000-level cannot be transferred to the B.Ed. After-Degree program (see 5.1.21).

5.3 Academic Regulations for the Integrated Bachelor of Music/Bachelor of Education

In addition to 5.1 the following regulations apply to the Integrated B.Mus./B.Ed. program.

5.3.1 Major/Minor Academic Requirements

In addition to Education courses, students must achieve a grade of C or greater in courses which apply to the major and minor.

5.3.2 Maximum Course Load

The maximum credit hour load for Integrated B.Mus./B.Ed. students in the regular session (September-April) are:

- 34 credit hours (Year 3)
- 37 credit hours (Year 4)
- 30 credit hours (Year 5)

The following requests for exception will apply:

- Requests to register for an additional 3 credit hours above the maximum load for students who are in good standing do not need approval but the student must contact an Academic Advisor for assistance.
- Requests to register for 6 credit hours above the maximum load are approved by an Academic Advisor provided the student’s minimum DGPA is 3.50.
- Requests to register for 3 credit hours above the maximum load where the student’s DGPA is below 2.50 are not permitted.
- Requests to register for more than 6 credit hours above the maximum load must be submitted, in writing, to the Associate Dean, Undergraduate Programs (Education).

5.3.3 Part-Time

Integrated B.Mus./B.Ed. students must complete Years 1 to 4 inclusive before proceeding to Year 5. When exceptions are permitted, they would normally only be allowed as a result of scheduling conflicts, unavailability of courses scheduled on a rotating basis, compassionate grounds or other exceptional circumstances.

5.3.4 Transfer of Credit

Students may transfer a maximum of ten full courses (60 credit hours) from another recognized university or college toward the Integrated B.Mus./B.Ed. degree provided the courses are comparable and acceptable to the program. Those students who are currently in the B.Ed. program and wish to register for a course at another university or college must complete an “Application for Letter of Permission” prior to registering.

5.3.5 University Written English and Mathematics

All Integrated B.Mus./B.Ed. students are required to complete the university written English and Mathematics requirement. This requirement is described in the Academic Calendar chapter, General Academic Regulations.

SECTION 5a: Education Elective Courses

Education Electives

Not all courses are offered every year.

All students admitted to the Bachelor of Education degree programs for September 2015 or later are required to complete education elective courses as part of their program (see 3.2, 3.3, or 3.4)

Students can choose from the lists of electives below. Students may seek permission to have other B.Ed. courses considered as an elective in their program by making a request to the instructor, the department head and an Academic Advisor. Forms are available from the Student Services Office (203 Education) or from the Faculty of Education website. (Note: If permission is being sought to take courses with a prerequisite and/or those intended for Senior Years teachable major or minor subjects, evidence of having appropriate background in the area as acquired through coursework or related experiences should be provided on the “Registration Permission” form).

PBDE students can request permission to enrol in B.Ed. courses by following the procedure outlined above.

Education Electives (restricted to B.Ed. students):

- EDA 3400 Aboriginal Education
- EDA 3420 Cross-Cultural Education
- EDA 3500 Recent Developments in Educational Administration & Foundations
- EDA 3502 Recent Developments in Educational Psychology
- EDA 3506 Foundations of Moral & Religious Education
- EDA 3508 Measurement and Evaluation
- EDA 3510 Communication & Interpersonal Relationships in Education
- EDA 1610 CyberPedagogy: Technology Production in Education
- EDA 1614 K-8 Curriculum Studies
- EDA 2160 Teaching Music in Early/Middle Years

SECTION 6: Post Baccalaureate Diploma in Education

The Faculty of Education offers a Post Baccalaureate Diploma in Education (PBDE) designed for teachers and other professionals. The unique features of the PBDE program are that students can: design their own program of study and tailor it to their own areas of interest; take courses at the Faculty of Education as well as at other faculties and schools at the U of M or other approved institutions. A wide selection of courses are available through Summer Session, distance education, and summer institutes.

This program is also used for Internationally Educated Teachers who require additional coursework to meet Manitoba Teacher Certification requirements.

The PBDE is recognized by Manitoba Education and Advanced Learning for salary classification purposes. Further, the PBDE program provides the opportunity for teachers to follow courses of study leading to the school counsellor, special education and special education coordinator certificates, certificate in school leadership, and to partial fulfilment of the requirements of the school administrators’ (Level 1) and principals’ (Level 2) certificates, all of which are issued by Manitoba Education and Advanced Learning. For information regarding specialist certificates, contact: Professional Certification Unit, Manitoba Education and Advanced Learning, Box 700, Russell, Manitoba, R0J 1W0; telephone toll free at: 1-800-667-2378, or 1-204-773-2998, or e-mail certification@gov.mb.ca, or web: www.edu.gov.mb.ca/k12/profcert/.

6.1 Admission Requirements

Applicants for Admission must possess:

- A bachelor's degree and one of the following types of certificates granted by Manitoba Education and Advanced Learning: Permanent Professional Certificate, Provisional Professional Certificate, or Clinicians’ Certificate; or equivalent from other provinces [See note 1 on teacher certification] or a bachelor's degree and two years of appropriate teaching/work experience (see note 2);
- A Grade Point Average of 2.00 in the bachelor's degree (including any after degree certification program).

Note 1: Teacher Certification

The majority of applicants will possess a valid teaching certificate before being admitted to the Post Baccalaureate Diploma in Education Program.

The granting of a certificate to teach in the public schools of Manitoba is the prerogative of Manitoba Education and Advanced Learning and is based on a recognized program of teacher education. Individuals wishing to apply for such certification should contact the Professional Certification Unit, Manitoba Education and Advanced Learning.

Note 2: Individuals must also complete a Supplementary Application and include a brief statement as to educational plans and a resume showing evidence of two years of appropriate full-time teaching or work experience.

6.2 Admission Procedure

Applications may only be completed online and the form is available at http://umanitoba.ca/faculties/education/future/index.html. The deadlines are:

Application Deadlines*

April 1/June 1 for classes beginning Summer (May-July)**
August 1 for classes beginning Fall (September)
December 1 for classes beginning Winter (January)

*International Applicants should apply at least five (5) months in advance of the above deadlines.

**Students who wish to enrol in courses that start in May should apply by April 1.
6.3 Readmission, Continuing, and Returning Students

All students who were admitted and who did not follow through with course registration or who voluntarily withdrew from their first year of studies must reapply for admission (www.umanitoba.ca/applynow).

All students who were admitted to the PBDE and who have not been in attendance for three consecutive terms, must request permission to re-register in the program and pay the re-admission fee. The "Request for Permission to Re-Register in the Post Baccalaureate Diploma in Education" is available at http://umanitoba.ca/education/

6.4 Program Requirements

REMEMBER: While Education academic advisors are available to clarify faculty and university regulations and degree requirements, it is the student's responsibility to ensure that diploma and program requirements are met.

The Post Baccalaureate Diploma in Education consists of 30 credit hours of coursework, subject to the following regulations:

a) A minimum of 12 credit hours must be taken in the Faculty of Education at the 5000-level;

b) A maximum of 18 credit hours may be taken in the Faculty of Education below the 5000-level;

c) A maximum of 18 credit hours may be taken outside the Faculty of Education at the introductory or higher level of which six credit hours may be taken at the 1000-level. In the case of language study other than English or French, a maximum of 12 credit hours may be taken at the 1000-level provided both are in the same language.

d) A maximum of six credit hours may be earned through approved external field-led courses. These courses are Faculty-approved courses offered by approved partner organizations. Prior approval through the "Application for Letter of Permission" will be required before taking courses and only students enrolled in the PBDE may take these courses.

e) PBDE students are not permitted to take graduate courses.

6.5 Academic Regulations

Appeal Procedures

The general university policy for appeal of assigned grades applies to the Faculty of Education. See the chapter, General Academic Regulations and Policy, of this Calendar, Appeals of Grades. Information about admission decision appeals may be found in the chapter, Admissions.

Assessment of Student Academic Performance

Academic performance is normally assessed at the completion of nine credit hours of course work and at the end of every session thereafter. A minimum grade of "C" is required for each course that is to be included in the student's diploma program. Effective September 2011, a student must maintain a minimum Degree Grade Point Average (DGPA) of 2.50 to continue in the program. A student whose DGPA falls below 2.50 will be placed on academic suspension for two years. Reapplication is required for readmission to the program.

Attendance at Class and Debarment

Regular attendance is expected of all students in all courses. An instructor can initiate procedures to debar a student from attending classes and from final examinations where unexcused absences exceed three hours of scheduled classes in any one term. See the chapter, General Academic Regulations and Requirements, Attendance at Class and Withdrawal.

Continuing Students

See the chapter, University of Manitoba Admissions.

Incompletes

See the chapter, General Academic Regulations and Requirements, Academic Evaluation. Students who are unable to complete the term work prescribed in a course may apply to the instructor prior to the end of term for consideration of a grade classification of 'incomplete.' It is understood that the student is to write the final examination if one is scheduled for the course.

Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work, the instructor shall calculate the temporary grade using a zero value for incomplete work.

Normally, the following maximum extensions are allowed:

August 1 for courses terminated in April

December 1 for courses terminated in August

April 1 for courses terminated in December

If a final grade is not reported within one month of the extension deadline, the incomplete (I) classification will be dropped and the grade will remain as awarded. The student will no longer have an opportunity to improve the grade. In no case will the satisfaction of the incomplete requirements result in a lower grade being awarded.

Maximum Time Limits

The maximum time allowed for completing the PBDE is six* years from the time of admission. In addition, a student will not be permitted to count toward the diploma any course completed more than six* years prior to the time of admission. Students will be permitted to retake and use as PBDE credit Education courses beyond the six* years provided they have not been previously used elsewhere for credit toward a degree or diploma program. Courses from other faculties will need to be dealt with on an individual basis.

* For students admitted prior to September 2015, the maximum time allowed to complete the PBDE is nine years and courses cannot be older than nine years at the completion of the PBDE.
Repeating a Course

Courses for which a grade of “F” or “D” is obtained, must be repeated or replaced; however, courses may only be repeated once. Courses in which a grade of “C” or higher is obtained may not be repeated. Courses may be repeated once. When a course is repeated, the last grade achieved will be used in calculating the Degree Grade Point Average.

Supplemental Examinations

Supplemental examinations are not permitted in education courses.

Voluntary Withdrawals

See the chapter, General Academic Regulations and Requirements.

Authorized Withdrawals (AWs) may be permitted on medical or compassionate grounds, subject to satisfactory documentation. Students must contact an Education Student Advisor to initiate an authorized withdrawal.

6.6 Transfer of Credit

Subject to approval by the Faculty, transfer of credit may be granted on the basis of:

- completed university level courses that have not been previously used towards a degree,
- completed M.Ed. courses not used to satisfy requirements for the M.Ed. degree, and
- the following courses completed through the Certificate in Adult and Continuing Education (CACE), University of Manitoba:
  
  ADED 0170 Foundations of Adult Education transferred as EDUA 1570 Foundations of Adult Education (3); ADED 0180 Program Planning in Adult Education transferred as EDUA 1580 Program Planning in Adult Education (3); ADED 0160 Adult Learning and Development transferred as EDUA 1560 Adult Learning and Development (3); ADED 0190 Facilitating Adult Education transferred as EDUA 1590 Facilitating Adult Education (3).

Completion of the CACE certificate is not required to receive individual credit.

Courses taken as part of the Certificate in Teaching English as a Second Language (CTESL), University of Manitoba (completed by end of Winter 2017) may receive a maximum of 15 credit hours. Transfer will be awarded as follows:

CTSL 0100 Principles and Procedures of Second Language transferred as EDUB 1620 Principles and Procedures of Second Language Teaching (3); CTSL 0102 Teaching ESL Vocabulary and Pronunciation as EDUB 1640 Teaching ESL Vocabulary and Pronunciation (3); CTSL 0104 Teaching ESL Grammar as EDUB 1650 Teaching ESL Grammar (3); CTSL 0120 Practicum in Teaching English as a Second Language (TESL) as EDUB 1860 Practicum in Teaching English as a Second Language (TESL) (3); CTSL 0108 Content-based Second Language Instruction as EDUB 1820 Language and Content Instruction of ESL/Bilingual Students (3); 39306 Computers in Second Language Teaching as EDUB 1660 Computers in Second Language Teaching (3); CTSL 0106 Teaching ESL Literacy as EDUB 1606 Teaching ESL Foundational Literacy, Academics & Language (3); CTSL 0110 Adult ESL & the Canadian Language Benchmarks as EDUB 1612 Adult ESL and the Canadian Language Benchmarks (3); CTSL 0114 Assessment and Teaching of ESL Learners as EDUB 1608 Assessment and Testing of EAL/ESL Learners.

Completion of the CTESL certificate is not required to receive individual credit.

A maximum of 12 credit hours may be transferred from an institution other than the University of Manitoba. There is no maximum credit limit for courses completed at the University of Manitoba. Transferred courses must have a grade of C or better. Students will not be permitted to count toward the diploma any course completed more than six years prior to the time of admission.

*For students admitted prior to September 2015, courses transferred to the PDBE must fall within the nine year statute of limitation at the completion date, must be within the program requirements, and must have a grade of C or better.

6.7 Extension of Time to Complete Program of Study

All requests for extensions must be made to the Associate Dean (Undergraduate), and must be made within the final term prior to the expiration. The student must complete the “Request for Extension” form available at available at http://umanitoba.ca/education/ and submit it to the Office of Graduate & Professional Programs and Research, Faculty of Education at least three, but no more than four, months prior to expiration of the respective maximum time limit. Requests for an extension are reviewed by Associate Dean (Graduate & Professional Programs and Research) on a case by case basis.

Requests for extension must be accompanied by a realistic timeline for completion.

The normal time requested for extensions is one term. More than one extension period may be considered; however, the total approved for all extensions will not normally exceed one year. Students requesting extensions should consult with an Academic Advisor.

6.8 Leave of Absence

6.8.1 Regular Leave

A request for a leave of absence must be made to the Associate Dean (Undergraduate) who may grant a leave for a maximum of one year. While on leave of absence, a student would not be expected to maintain study. Students on a Regular Leave of Absence will be required to register for courses at the end of the leave period. A Regular Leave of Absence status does not extend the time limits as outlined in the Faculty regulations.

Fees: No Re-Admission fee will be levied upon return to study at the end of a 12 month leave.

6.8.2 Exceptional Leave

In exceptional circumstances, at the request of the PDBE student, the Associate Dean (Undergraduate) may grant an exceptional leave of absence for a period of time not to exceed one year. While on leave of absence for exceptional reasons, a student would not be expected to maintain study nor pay the Re-Admission fee. In addition, the leave period would not be included in the time period allowed for the completion of the diploma.

Fees: No Re-Admission fee will be levied upon return to study at the end of a 12 month leave.

6.8.3 Parental Leave

A PDBE student who is bearing a child or who has primary responsibility of the care of an infant or young child immediately following a birth or adoption of a child is eligible for parental leave. The request should be made to the Associate Dean (Undergraduate) and may be granted for up to one year. While on leave of absence for parental reasons, a student would not be expected to maintain study. The leave period is not included in the time period allowed for completion of the diploma.
Fees: No Re-Admission fee will be levied upon return to study at the end of a 12 month leave.

**Note:** At the time of approval of an application for leave, the procedures for the return of the student to the Faculty at the completion of the leave must be stipulated.

The **Leave of Absence Application Form** is available at [http://umanitoba.ca/education/](http://umanitoba.ca/education/).

### 6.8.4 Awards & Leave of Absence

Students granted exceptional or parental leave will retain the full value of an award whose terms and conditions are established by the Faculty of Education. Such an award will be suspended at the onset of the leave and reinstated at the termination of the leave period (4 to 12 months) provided that the student returns to full time study at that time. Other awards will be paid according to the conditions established by the donor or granting agency.

### 6.9 Courses Grouped by Subject

#### Ungrouped courses

- EDUA 5012 Legal and Administrative Aspects of Schools for Clinicians Cr.Hrs.3
- EDUB 5870 Mentoring for Teachers Cr.Hrs.3
- EDUB 5940 Instructional Product Development Cr.Hrs.3

#### Counselling Psychology

- EDUA 5480 Counselling Skills Cr.Hrs.3
- EDUA 5490 Field Placement in Counselling Cr.Hrs.3
- EDUA 5500 Theories and Issues in School Counselling Cr.Hrs.3
- EDUA 5510 Elementary School Counselling Cr.Hrs.3
- EDUA 5520 Ethics in Counselling Cr.Hrs.3
- EDUA 5530 Secondary School Counselling Cr.Hrs.3
- EDUA 5540 Groups in Guidance Cr.Hrs.3
- EDUA 5550 Psychology of Human Relationships Cr.Hrs.3
- EDUA 5570 Family Life Education Cr.Hrs.3
- EDUA 5580 Career Development Cr.Hrs.3
- EDUA 5590 Career Information Cr.Hrs.3

#### Cross-cultural, Sociological, and Philosophical Foundations in Education

- EDUA 5200 Readings in Educational Foundations Cr.Hrs.3
- EDUA 5210 Recent Developments in Educational Foundations 1 Cr.Hrs.3
- EDUA 5230 Studies in International Education Cr.Hrs.3

#### Early Years Education

- EDUA 5930 Observing Child Behaviour Cr.Hrs.3
- EDUA 5940 Language and Symbolic Process Cr.Hrs.3

#### Educational Administration

- EDUA 5010 Introduction to Educational Administration Cr.Hrs.3
- EDUA 5020 Principles of Curriculum Development Cr.Hrs.3
- EDUA 5030 Management of Educational Institutions Cr.Hrs.3
- EDUA 5040 Personnel Administration in Education Cr.Hrs.3
- EDUA 5060 Principles of Instructional Supervision Cr.Hrs.3
- EDUA 5070 Organizational Behaviour in Educational Institutions Cr.Hrs.3
- EDUA 5080 Recent Developments in Educational Administration 1 Cr.Hrs.3
- EDUA 5090 Recent Developments in Educational Administration 2 Cr.Hrs.3
- EDUA 5100 Issues in the Administration of Education Cr.Hrs.3

#### Educational Psychology

- EDUA 5710 Readings in Educational Psychology 1 Cr.Hrs.3
- EDUA 5730 Recent Developments in Educational Psychology 1 Cr.Hrs.3
- EDUA 5740 Recent Developments in Educational Psychology 2 Cr.Hrs.3
- EDUA 5760 Psychology of Instruction in Educational Contexts Cr.Hrs.3

#### Educational Technology

- EDUB 5840 Internet Pedagogy Cr.Hrs.3
- EDUB 5850 Theory and Practice of Designing and Developing Web-based Courses Cr.Hrs.3
- EDUB 5860 Project Management in Education and Training Cr.Hrs.3

#### Expressive Arts

- EDUB 5012 Video Art, Culture and Education Cr.Hrs.3
- EDUB 5040 Theory and Practice of Teaching Art (Elementary) Cr.Hrs.6
- EDUB 5060 Theory and Practice of Teaching Art in the Senior Years 1 Cr.Hrs.3
- EDUB 5120 Music in the Early Years/Middle Years School 1 Cr.Hrs.3
- EDUB 5130 Music in the Early Years/Middle Years School 2 Cr.Hrs.3
- EDUB 5140 Special Methods in Music 1 Cr.Hrs.3
- EDUB 5150 Special Methods in Music 2 Cr.Hrs.3
- EDUB 5160 School Band Cr.Hrs.3
- EDUB 5190 School Music Productions Cr.Hrs.3
- EDUB 5250 Music: Advanced Choral Methods Cr.Hrs.3

#### Inclusive Education

- EDUA 5600 Introduction to Inclusive Special Education Cr.Hrs.6
- EDUA 5610 Field Experience in Inclusive Special Education Cr.Hrs.6
- EDUA 5620 Teaching Children Through Alternative and Augmented Communication Cr.Hrs.3
- EDUA 5630 Assessment and Instruction in Inclusive Special Education Cr.Hrs.6
- EDUA 5640 Inclusive Special Education: Early and Middle Years Cr.Hrs.3

**SECTION 7: Additional Information**

Scheduling changes to courses and practicum will be updated to Aurora Student. Students are expected to check their Week-At-A-Glance on Aurora Student to confirm location, time, and instructor changes. Cohort meetings and faculty events will be posted on the faculty website. Students are encouraged to regularly refer to the website.

**7.2.1 Continuing Students**

See the Academic Calendar chapter, Admissions, Section 5: Other Admission Categories.

**7.2.2 Part-Time Students**

Opportunities for part-time study are available in all B.Ed. After-Degree streams as well as the Integrated B.Mus./B.Ed. program. In addition to 5.1.16 and 5.3.3, the following should be noted:

- Students can begin part-time studies in the first year provided they successfully complete 3 credit hours of Education coursework from the Year 1 program requirements. Failure to do so will result in ineligibility to continue in program and require re-application and re-admission.
- Part-time students should note that not all Curriculum and Instruction courses are offered every year.
- Part-time students should work with an Academic Advisor for program planning.

**7.2.3 Special Students**

The Faculty of Education does not admit students to this category.

**7.2.4 Students enrolled in Other Faculties/Schools**

Students currently enrolled in other faculties/schools at the University of Manitoba may take some 1000-level Education courses. Students who hold a recognized degree from an accredited institution may also take 5000-level courses, however, students must obtain permission by completing the Registration Permission form available @
SECTION 8: Department of Curriculum, Teaching and Learning Course Descriptions-1000 Level

EDUB 1520 Education in the Senior Years Integrated Programs 1  Cr. Hrs. 2
An examination of the assumptions about and goals of Senior Years education, the role of the Senior Years teacher, and the Senior Years curriculum in the schools. For students in the integrated B.Ed. programs. Not to be held with EDUB 1500. Corequisite: EDUB 1940.

EDUB 1530 Education in the Senior Years Integrated Programs 2  Cr. Hrs. 1
An examination of the assumptions about and goals of Senior Years education, the role of the Senior Years teacher, and the Senior Years curriculum in the schools. For students in the integrated B.Ed. programs. Not to be held with EDUB 1500. Prerequisite: EDUB 1520. Corequisite: EDUB 1950.

EDUB 1600 Teaching General Music  Cr. Hrs. 3
A study of teaching music in Early and Middle Years schools. For both classroom teachers and Music specialists, the course covers all traditional areas of music instruction as well as music's role across the curriculum.

EDUB 1606 Teaching ESL Foundational Literacy, Academics and Language (LAL) Students  Cr. Hrs. 3
This course focuses on the theoretical and practical aspects of teaching foundational English Literacy, numeracy, academics, oral language and schooling routines to English language learners. Definitions, assessment, and instructional strategies will be examined with a view to meeting the diverse needs of EAL/bilingual literacy learners.

EDUB 1608 Assessment and Testing of EAL/ESL Learners  Cr. Hrs. 3
Assessment and Testing of ESL/EAL Learners. This course will examine various methods in assessment and testing of English language learners, including formative, summative and alternative assessment strategies. Attention will be paid to the following areas: initial and ongoing needs assessment, evaluating without tests, evaluating with tests, and questioning the educative value of assessment and testing. Not to be held with EDUB 1840 where the course taken was "Assessment & Testing of ESL Learners".

EDUB 1610 CyberPedagogy: Technology Production in Education  Cr. Hrs. 3
An examination of technologies in education focusing on the production, and creation of educational computer-based new media.

EDUB 1612 Adult ESL Curriculum and the Canadian Language Benchmarks  Cr. Hrs. 3
This course will examine the Canadian Language Benchmarks and its use in Adult EAL programs. Attention will be paid to the following areas: format, features, and key principles of the CLB, communicative competence, language tasks and task-based instruction, thematic module planning, language assessment and evaluation.

EDUB 1614 K-8 Curriculum Studies  Cr. Hrs. 3
A focused study of the philosophy, purposes and content of K-8 provincial curriculum documents; current learning theories, teaching approaches and instructional planning in both discipline-based and interdisciplinary contexts; and assessment and evaluation of student learning. Not to be held with EDUB 1840 where the course section taken was "General Curriculum."

EDUB 1620 Principles and Procedures of Second Language Teaching  Cr. Hrs. 3
Examination of principles and demonstration of procedures for developing basic second language knowledge and skills in various contexts, e.g., ESL, EFL, AL, HL, IL.

EDUB 1640 Teaching ESL Vocabulary and Pronunciation  Cr. Hrs. 3
Systematic and principled procedures for teaching English vocabulary, and for teaching comprehensible and acceptable English pronunciation (vowels, diphthongs, semi-vowels, consonants, stress, rhythm, and intonation).

EDUB 1650 Teaching ESL Grammar  Cr. Hrs. 3
Examination of English sentence and discourse grammar, and demonstration of procedures of teaching grammar in communicative and academic contexts.

EDUB 1660 Computers in Second Language Teaching  Cr. Hrs. 3
Concepts and methodology in computer assisted language learning (CALL), with emphasis on using the Internet.

EDUB 1820 Language and Content Instruction of ESL/Bilingual Students  Cr. Hrs. 3
Principles and procedures of teaching ESL/bilingual students in subject-area classrooms, using content-based language instruction and language sensitive content instruction.

EDUB 1860 Practicum in Teaching English as a Second Language (TESL)  Cr. Hrs. 3
Practical second language teaching experiences, including: observing recorded and live teaching, planning lessons and units, micro and live teaching, and reflective practice. This course is graded pass/fail. Not to be held with EDUB 5510. Pre- or corequisites: EDUB 1620, EDUB 1640, and EDUB 1650.

EDUB 1940 Integrated Programs School Experience 1  Cr. Hrs. 3
For students in the Integrated Bachelor of Human Ecology/Bachelor of Education and Bachelor of Music/Bachelor of Education programs. Practical teaching experience in schools under the guidance and supervision of faculty members and collaborating teachers. This course is graded pass/fail. Prerequisite: EDUB 1200 for Integrated B.Mus./B.Ed. and EDUB 1240 for Integrated B.H.Ecol./B.Ed. Corequisite: EDUB 1520.

EDUB 1950 Integrated Programs School Experience 2  Cr. Hrs. 3
For students in the Integrated Bachelor of Human Ecology/Bachelor of Education and Bachelor of Music/Bachelor of Education programs. A continuation of practical teaching experience in schools under the guidance and supervision of faculty members and collaborating teachers.
This course is graded pass/fail. Prerequisite: EDUB 1940; EDUB 2240 for Integrated B.Mus./B.Ed. and EDUB 2290 for Integrated B.H.Ecol./B.Ed. corequisite: EDUB 1530.

**SECTION 8: Department of Curriculum, Teaching and Learning Course Descriptions-2000 Level**

**EDUB 2160 Teaching Music in Early/Middle Years**  
Cr. Hrs. 3  
The specialized study and application of curriculum, instructional approaches and techniques relevant to music education at the early and middle years levels (K-8). This course is intended for music specialists (music majors/minors, or with permission or instructor). Prerequisite: EDUB 1200 and EDUB 1940 or permission of instructor.

**EDUB 2970 Middle Years School Experience 2**  
Cr. Hrs. 9  
A continuation of practical teaching experience in Middle Years schools under the guidance and supervision of faculty members and collaborating teachers. The practicum will be closely integrated with the study of curriculum and instruction at the Middle Years level. This course is graded pass/fail. Prerequisite: successful completion of year one; Co-requisite: EDUB 2100, EDUB 2110, EDUB 2120, EDUB 2130, EDUB 2140, EDUB 2150, and EDUB 2400.

**SECTION 8: Department of Curriculum, Teaching and Learning Course Descriptions-3000 Level**

**EDUB 3010 Classroom Community and Early Years Literacy**  
Cr. Hrs. 3  
This course is designed to provide an introductory study of English language and literacy in Early Years education and how it relates to development of classroom communities. May not be held with EDUB 1010.

**EDUB 3012 Early Years Mathematics and Quantitative Reasoning for All Learners**  
Cr. Hrs. 3  
This course addresses mathematical sense making, quantitative reasoning, and practical instructional approaches in the context of the Manitoba Early Years mathematics curriculum towards a developing mathematics teacher identity. May not be held with EDUB 1000 or EDUB 1050.

**EDUB 3014 Early Years Science and Social Studies: Pedagogy and Curriculum**  
Cr. Hrs. 3  
Instructional approaches to helping young children construct knowledge about the natural world and the human society they inhabit. Attention is given to planning for learning in science and in social studies represented by current research, and provincial outcomes documents. May not be held with EDUB 1040 or EDUB 1060.

**EDUB 3016 Creative Collaboration in the Arts**  
Cr. Hrs. 3  
An exploration of art, drama, and music. An emphasis will be placed on the value of play in early childhood development, the creative process, aesthetics, constructivism and the emergent curriculum. May not be held with EDUB 1030 or EDUB 2030.

**EDUB 3018 Multi-Language Development in Early Years**  
Cr. Hrs. 3  
This course examines English as an Additional Language (EAL) development related to early years education. Issues to be addressed include: trends in EAL education, orienting newcomer students and parents to the school context, EAL-inclusive lesson/ unit planning, the new EAL curriculum, cooperative learning, and other related issues.

**EDUB 3050 Middle Years Learners & Learning**  
Cr. Hrs. 3  
This course will explore the theoretical concepts of learning and development, both for Middle Years students and teachers as adult professional learners. This is a professional inquiry into practice and learning to observe students to assess their social and emotional, cognitive, and physical development, and how this information impacts learning and classroom dynamics. May not be held with EDUA 1800.

**EDUB 3052 Middle Years: Teaching for Learning Developing a Responsive Pedagogy**  
Cr. Hrs. 3  
This course focuses on effective teaching across curriculum areas with emphasis on classroom-based assessment to develop a learner-responsive pedagogy. Strategies for integrating educational technologies into teaching and assessing for learning will be addressed. May not be held with EDUB 2100. Prerequisite EDUB 3050.

**EDUB 3054 Introduction to Teaching Mathematics in Middle Years 1**  
Cr. Hrs. 3  
This course introduces Middle Years teacher candidates to pedagogically appropriate teaching in Mathematics. May not be held with EDUB 1140.

**EDUB 3056 Teaching English Language Arts in Middle Years**  
Cr. Hrs. 3  
A study of curriculum, theories, and instructional approaches and techniques relevant to teaching English Language Arts in the Middle Years. This course will include a focus on teacher candidates’ literacy practices and the processes of Middle Year students’ literacy learning. May not be held with EDUB 1100.

**EDUB 3058 Teaching Science in Middle Years**  
Cr. Hrs. 3  
This course facilitates the development of teacher candidates’ view of (1) themselves as educators of science and (2) science as a learning area. The course focus is on the learning and teaching practices that contribute to engagement and learning for diverse student populations in Middle Years science. May not be held with EDUB 2130.

**EDUB 3060 Teaching Social Studies in Middle Years**  
Cr. Hrs. 3  
The course focus is on the learning and teaching practices that contribute to engagement and learning for diverse student populations in Middle Years social studies. Contemporary learning, teaching and assessment models and practices are investigated with integrated inquiry unit planning as the central activity. May not be held with EDUB 2110.

**EDUB 3062 Teaching the Arts in Middle Years**  
Cr. Hrs. 3  
A study of current arts curricula (dance, drama, music, visual arts) and pedagogical practices. Emphasis will be placed on the critical role that the arts play in creating rich classroom learning communities, as well as the role of technology in arts teaching and learning. May not be held with EDUB 1120 or EDUB 2120.

**EDUB 3064 Teaching Physical Education/Health Education in Middle Years**  
Cr. Hrs. 3  
Engagement in physical activities in the gymnasium/ classroom that highlight teaching learning strategies in PE/HE pedagogy. A central theme in this course is the promotion and understanding of physical and health literacies in our classes. May not be held with EDUB 1130 or EDUB 2150.

**EDUB 3100 Senior Years: Principles and Processes for Teaching**  
Cr. Hrs. 3  
A general curriculum and instruction course designed to illuminate the connections between theory and practice and offers a practical approach to planning, teaching, and learning regardless of subject area specialty. Teacher candidates will critically consider the qualities of an effective Senior Years learning environment and recognize the elements at work. May not be held with EDUB 1510.

**EDUB 3102 Senior Years: Language and Literacy Across the Curriculum**  
Cr. Hrs. 3
A deeper examination of the relationship between language, literacy and learning through an interdisciplinary approach, including how to understand language and literacy as a part of multiple sociocultural practices that are interconnected within various identities and contexts. May not be held with EDUB 2510.

EDUB 3110 Senior Years Curriculum & Instruction: The Arts Cr. Hrs. 3
A curriculum and instruction course for the clustered subject areas of Arts: Visual Arts, Dance, Drama and Music with opportunities to examine the pedagogical possibilities of their particular art form. The course will explore foundational principles for the study of curriculum, instructional strategies, and assessment in the Arts. May not be held with EDUB 1200. Pre- or Corequisite: EDUB 3100.

EDUB 3120 Senior Years Curriculum & Instruction: Languages Cr. Hrs. 3
A curriculum and instruction course for the cluster subject areas for languages. This course provides an introduction to the study of curriculum, instructional strategies and assessment in teaching languages and how to make connections between research, theory, and practice in the teaching/learning of languages in the Manitoba context. May not be held with EDUB 1210, EDUB 1280, EDUB 1350. Pre- or Corequisite: EDUB 3100.

EDUB 3130 Senior Years Curriculum & Instruction: Social Sciences Cr. Hrs. 3
A curriculum and instruction course for the cluster subject areas for the Social Sciences: History, Geography, Native Studies. This course provides the foundational principles for the study of curriculum, instructional strategies and assessment in the Social Sciences. May not be held with EDUB 1230. Pre- or Corequisite: EDUB 3100.

EDUB 3140 Senior Years Curriculum & Instruction: Sciences Cr. Hrs. 3
A curriculum and instruction course for the cluster subject areas for the Natural Sciences includes: General Science, Biology, Chemistry, Physics, Mathematics, Human Ecology, Physical Education/Health Education, and Computer Science. This course provides teacher candidates with the foundational principles for the study of curriculum, instructional strategies and assessment in the Natural Sciences. May not be held with EDUB 1240, EDUB 1250, EDUB 1260, EDUB 1270. Pre- or Corequisite: EDUB 3100.

EDUB 3310 Early Years: Practicum 1 Cr. Hrs. 3
Practical teaching experience for Early Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 1960. Pre- or corequisites: [3 credit hours from EDUA 3400, EDUB 3402, EDUB 3018] and [3 credit hours from EDUB 3010, EDUB 3012].

EDUB 3312 Early Years: Practicum 2 Cr. Hrs. 3
Practical teaching experience for Early Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 1960. Prerequisite: EDUB 3310. Pre- or Corequisites: [EDUA 3400 or EDUB 3402] and EDUB 3010, EDUB 3012, EDUB 3018.

EDUB 3320 Middle Years: Practicum 1 Cr. Hrs. 3
Practical teaching experience for Middle Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 1970. Pre- or corequisites: [3 credit hours from: EDUA 3400, EDUB 3402] or [3 credit hours from: EDUB 1620, EDUB 1820, EDUB 3420, EDUB 3426] and EDUB 3050.

EDUB 3322 Middle Years: Practicum 2 Cr. Hrs. 3
Practical teaching experience for Middle Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 1970. Pre- or corequisites: [3 credit hours from: EDUA 3400, EDUB 3402] and EDUB 3052.

EDUB 3330 Senior Years: Practicum 1 Cr. Hrs. 3
Practical teaching experience for Senior Years in a Manitoba school with the guidance and under supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 1980. Pre- or corequisites: EDUB 3100 and [3 credit hours from: EDUA 3400, EDUB 3402] or [3 credit hours from: EDUB 1620, EDUB 1820, EDUB 3420, EDUB 3426] and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

EDUB 3332 Senior Years: Practicum 2 Cr. Hrs. 3
Practical teaching experience for Senior Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 1980. Prerequisite: EDUB 3330. Pre-or corequisites: [3 credit hours from: EDUB 3400, EDUB 3402] and [3 credit hours from: EDUB 1620, EDUB 1820, EDUB 3420, EDUB 3426] and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].
A survey of the literature available for children. The course includes reading and a discussion of the literature, and consideration of techniques for encouraging extensive reading. May not be held with EDUB 1720.

**EDUB 3516 Art Across the Curriculum**  
Cr. Hrs. 3

This course will emphasize the importance of visual learning and its potential for teaching in the various curriculum areas at all levels. Opportunities for studio work, discussion and planning will be provided. May not be held with EDUB 1730.

**EDUB 3518 Drama Across the Curriculum**  
Cr. Hrs. 3

For all students, specialist and non-specialist, who wish to develop a greater understanding and practice of drama in the classroom across the curriculum. May not be held with EDUB 1740.

**EDUB 3520 Historical Development of Physical Science up to the 20th Century**  
Cr. Hrs. 3

The major ideas and discoveries in science of the Ionians and the Greeks, the scientific revolution of the 16th and 17th centuries, and the 'modern' period of science, up to the 20th century will be explored with an emphasis on science education and scientific literacy. May not be held with EDUB 1760, PHYS 2700.

**EDUB 3522 Recent Developments in Learning and Teaching Senior Years Mathematics**  
Cr. Hrs. 3

The study of selected topics in mathematics in Senior Years. May not be held with EDUB 1800.

**EDUB 3524 Practical Work in School Science**  
Cr. Hrs. 3

This course, which is appropriate for early, middle and senior teacher candidates, will critically examine the role of practical work in the teaching and learning of school science. Topics will include: demonstrations, experiments, investigations, field experiences, simulations, data collection and interpretation, new educational technologies, assessment and laboratory safety. May not be held with EDUB 1870.

**EDUB 3526 Integration of Technological Literacy Across the K-12 Curriculum**  
Cr. Hrs. 3

Training teachers to analyze and teach about technological principles within the content area, and to develop specific teaching and learning interventions to infuse technological literacy across content areas. May not be held with EDUB 1780.

**EDUB 3528 Media Literacy**  
Cr. Hrs. 3

The role of media in society, designed to assist educators in all disciplines and levels to develop an informed and critical understanding of the mass media and its impact on teaching and learning. May not be held with EDUB 1680.

**EDUB 3530 Beyond Schools: Experiencing Teaching and Learning in Community Settings**  
Cr. Hrs. 3

This course provides a community-based field experience. Students will attend a weekly seminar and spend 20 hours a week for six weeks at a host site. The focus of the course is to consider, challenge, and broaden understandings of education, curriculum, and pedagogy within the context of social justice. Site examples: arts programs, nature reserves, youth programs. This is a pass/fail course. May not be held with EDUB 1840 when titled "Beyond Classrooms: Teaching and Learning in Community- Based Settings". Prerequisites: 3 credit hours from: EDUB 3312, EDUB 3322, EDUB 3332.

**EDUB 3532 Basic Experiences in Movement and Dance Education**  
Cr. Hrs. 3

A study of teaching movements/ dance education in Early (K-4) and Middle Years (5-8) schools. For both classroom teachers and physical education specialists, the course covers all traditional areas of movement instruction as well as movements' role across the curriculum. May not be held with EDUB 1750.

### SECTION 8: Department of Curriculum, Teaching and Learning Course Descriptions-4000 Level

**EDUB 4140 Senior Years: Teaching Biology**  
Cr. Hrs. 3

An exploration of the Manitoba Science Curriculum Framework for Biology in grades 11 and 12, focusing particularly on the foundational principles underlying the learning and teaching of science in these documents, as well as the key scientific concepts in each unit of the curriculum. Following contemporary approaches to teaching and learning, particularly conceptual change and socio-scientific issues (SSI), readings and discussions will focus on content-specific issues related to teaching and learning biology at the senior level. May not be held with EDUB 2260. Prerequisites: EDUB 3100 and (3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140).

**EDUB 4142 Senior Years: Teaching Chemistry**  
Cr. Hrs. 3

An exploration of the Manitoba Science Curriculum Framework for Chemistry in grades 11 and 12, focusing particularly on the foundational principles underlying the learning and teaching chemistry. May not be held with EDUB 2270. Prerequisites: EDUB 3100 and (3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140).

**EDUB 4144 Senior Years: Teaching Computer Science**  
Cr. Hrs. 3

A study of the curriculum, instructional approaches, and assessment as they pertain to teaching computer science at the secondary level. Teacher candidates will compare and contrast technical, educational, assessment and professional development aspects of computer-related secondary school courses. This involves knowing and understanding the strengths and limitations of current curriculum documents. May not be held with EDUB 2330. Prerequisites: EDUB 3100 and (3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140).

**EDUB 4146 Senior Years: Teaching General Science**  
Cr. Hrs. 3

An overview of the theory and practice of teaching General Science in the context of the Manitoba Curriculum Framework at the Grade 9- 10 level. General principles of science and education, conceptual development, cognitive and learning theories, and scientific literacy, are presented and discussed. Emphasis is placed on using conceptual development models to help science teachers present concepts and topics. May not be held with EDUB 2280. Prerequisites: EDUB 3100 and (3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140).

**EDUB 4148 Senior Years: Teaching Human Ecology**  
Cr. Hrs. 3

A study of the planning and teaching of home economics. Emphasis will be placed on the new research on teaching, learning, assessment, principles of educational change, ICT, inclusivity, current brain research and how it affects learning, differentiated instruction, and multiple intelligences. May not be held with EDUB 2290. Prerequisites: EDUB 3100 and (3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140).

**EDUB 4150 Senior Years: Teaching Mathematics**  
Cr. Hrs. 3

A study of the curriculum and instructional approaches to teaching mathematics, including how mathematics is learned, how to structure learning opportunities for students, and developing and expressing, pedagogically sound approaches to teaching mathematics courses in secondary schools. May not be held with EDUB 2300. Prerequisites: EDUB 3100 and (3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140).
EDUB 4010 Pedagogy for Sustainable Well-being: Science, Mathematics and Social Studies  Cr. Hrs. 3
An exploration and critical reflection on theory, research, and practice in education for sustainability in science, mathematics, and social studies and the ways in which multiple literacies can assist children in consolidating their knowledge and understanding of sustainable well-being. Course offered off-campus. May not be held with EDUB 2040, EDUB 2050 or EDUB 2060. Prerequisites: EDUB 3012, EDUB 3014, EDUB 3312. Corequisite: EDUB 4012.

EDUB 4012 Pedagogy in Multiple Literacies: Children as Meaning Makers  Cr. Hrs. 3

EDUB 4014 Early Years: Physical Education/Health Education  Cr. Hrs. 3
The focus of this course is to promote the development of movement and personal management skills for lifelong activity and fitness. Teacher candidates will learn to create activities and strategies within the gymnasium/classroom that incorporate physical activity into daily routines. May not be held with EDUB 1020 or EDUB 2020.

EDUB 4050 Middle Years: Creating Classroom Learning Environments  Cr. Hrs. 3
A study of the effective teaching practices which are essential for creating positive learning environments in middle-years classroom communities. Emphasis is placed on the social processes and pedagogy, especially the use of formative assessment and integrated curriculum approaches. May not be held with EDUB 1110 or EDUB 2400. Prerequisite: EDUB 3052.

EDUB 4152 Senior Years: Teaching Physical Education/Health Education  Cr. Hrs. 3
A course designed to prepare teacher candidates to work with students in ways that enable and encourage them to develop the commitment and capacity to lead an active healthy lifestyle. The course will also develop and enhance students' life skills to promote physical and health literacy, and health related behaviours. May not be held with EDUB 2310. Prerequisite: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

EDUB 4154 Senior Years: Teaching Physics  Cr. Hrs. 3
An exploration of the Manitoba Science Curriculum Framework for Physics in grades 11 and 12, focusing particularly on the foundational principles underlying the learning and teaching of physics. May not be held with EDUB 2320. Prerequisite: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

EDUB 4310 Early Years Practicum 3  Cr. Hrs. 3
Practical teaching experience for Early Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 2960. Prerequisite: EDUB 3312.

EDUB 4312 Early Years Practicum 4  Cr. Hrs. 3
Practical teaching experience for Early Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 2960. Prerequisite: EDUB 3312.
The study of emerging topics in curriculum, teaching and learning not studied in regular program courses.

**EDUB 4322 Middle Years: Practicum 4**  
Cr. Hrs. 3  
Practical teaching experience for Middle Years in a Manitoba school with the guidance and under the supervision of a faculty advisor and cooperating teacher(s). This is a pass/fail course. May not be held with EDUB 2970. Prerequisite: EDUB 4320. Pre- or Corequisite: EDUA 4000.

**EDUB 4120 Senior Years: Teaching English Language Arts**  
Cr. Hrs. 3  
An in-depth study of the curriculum and pedagogy relevant to inquiries into curriculum and pedagogy relevant to teaching English Language Arts in diverse, 21st century classrooms. May not be held with EDUB 2210. Prerequisites: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

**EDUB 4122 Senior Years: Teaching French**  
Cr. Hrs. 3  
A course that will focus on theory and practices as well as strategies in teaching French as a Secondary Language. Students will address issues and challenges faced in FSL literacy and spend time focusing on inclusion in the FSL classroom and benefits of allphone students in the FSL classroom. May not be held with EDUB 2340. Prerequisites: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

**EDUB 4124 Senior Years: Teaching Languages**  
Cr. Hrs. 3  
A course that will focus on theory and practices as well as strategies in teaching Heritage, Aboriginal, or International Languages. Students will address issues and challenges faced in literacy and spend time focusing on inclusion in the classroom. May not be held with EDUB 2350. Prerequisites: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

**EDUB 4130 Senior Years: Teaching Geography**  
Cr. Hrs. 3  
Designed to prepare students to become teachers of Geography using the Manitoba Senior Years Social Sciences curriculum. May not be held with EDUB 2220. Prerequisites: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

**EDUB 4132 Senior Years: Teaching History**  
Cr. Hrs. 3  
Designed to prepare students to become teachers of history with expertise to help students acquire historical knowledge, historical thinking, and attain the enduring understanding (topics) listed in the Manitoba Curriculum documents for history/ social studies. May not be held with EDUB 2230. Prerequisites: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

**EDUB 4134 Senior Years: Teaching Native Studies**  
Cr. Hrs. 3  
An examination of the curricular and pedagogical issues relating to the teaching of Native Studies in Senior Years. Includes the study of trends and current issues relevant to the Canadian indigenous experience. Prerequisites: EDUB 3100 and [3 credit hours from: EDUB 3110, EDUB 3120, EDUB 3130, EDUB 3140].

**SECTION 8: Department of Curriculum, Teaching and Learning Course Descriptions-5000 Level**

**EDUB 5012 Video Art, Culture, and Education**  
Cr. Hrs. 3  
This course will focus on fostering students pedagogical, historical, theoretical, and sociological knowledge, as well as creative video skills. Students will learn about developing and implementing video across the curricula from grade 1 to grade 12 in order to incorporate video making and current viewing practices into classrooms. May not be held for credit with EDUB 1840 or EDUB 5220 where the title is 'Video Art, Culture, and Education.'

**EDUB 5040 Theory and Practice of Teaching Art (Elementary)**  
Cr. Hrs. 6  
The theory and practice of teaching Art in the Elementary School will be examined through an inquiry into both the development of the child through his/her art expression and related curricular experiences.

**EDUB 5060 Theory and Practice of Teaching Art in the Senior Years 1**  
Cr. Hrs. 3  
An overview of major aspects of Art Education in the context of Senior Years 1 curriculum through a study of current theory, a variety of studio areas and related aesthetic concepts.

**EDUB 5100 Developing Competency Skills in Enterprise Education 1**  
Cr. Hrs. 3  
Promotes the development and integration of skills of creativity, innovation, self-reliance and responsibility in students, within the framework of an enterprise education/entrepreneurship paradigm. Participants develop teaching strategies and materials and learn to integrate these skills into current educational practices. Corequisite: EDUB 5110.

**EDUB 5110 Developing Competency Skills in Enterprise Education 2**  
Cr. Hrs. 3  
This course continues the promotion and application of student competency skills, within the framework of an enterprise education/entrepreneurship paradigm. Participants plan and organize a school, community or business venture, develop plans for the promotion and marketing of the product or service, arrange financial support, and make a presentation of their venture plan to a panel of evaluators. Corequisite: EDUB 5100.

**EDUB 5120 Music in the Early Years/Middle Years School 1**  
Cr. Hrs. 3  
A course to assist classroom teachers plan for music making activities based on knowledge and proficiency in the use of Orff instruments and recorder.

**EDUB 5130 Music in the Early Years/Middle Years School 2**  
Cr. Hrs. 3  
A course to assist classroom teachers plan for music making activities based on knowledge and proficiency in the use of a wide range of string instruments (guitar, baritone ukulele, dulcimer, etc.

**EDUB 5140 Special Methods in Music 1**  
Cr. Hrs. 3  
An advanced study of the Orff method as it applies to Early and Middle Years schools with emphasis on ensemble performance. The course is designed for the music specialist.

**EDUB 5150 Special Methods in Music 2**  
Cr. Hrs. 3  
An advanced study of the Kodaly method as it applies to Early and Middle Years schools with emphasis on the contributions of the method to fine choral performance. The course is designed for the music specialist.

**EDUB 5160 School Band**  
Cr. Hrs. 3  
An advanced study of the methods for initiating and continuing a band in Middle and Senior Years schools with emphasis on the contributions of a band program to Middle Years education.

**EDUB 5190 School Music Productions**  
Cr. Hrs. 3  
A study of the principles and procedures for presenting school music productions.

**EDUB 5200 Readings in Curriculum, Teaching and Learning 1**  
Cr. Hrs. 3  
Readings and research in special areas of curricular study related to curriculum, teaching and learning.
EDUB 5210 Readings in Curriculum, Teaching and Learning 2 Cr. Hrs. 3
Readings and research in special areas of curricular study related to
curriculum, teaching and learning.

EDUB 5220 Recent Developments in Curriculum,
Teaching and Learning 1 Cr. Hrs. 3
An opportunity to examine the theoretical bases for, and practical
application of, recent or emerging developments in the area.

EDUB 5230 Recent Developments in Curriculum,
Teaching and Learning 2 Cr. Hrs. 3
A continuation of certain topics of EDUB 5220 to extend and develop the
study previously undertaken in these areas.

EDUB 5250 Music: Advanced Choral Methods Cr. Hrs. 3
Advanced methods in choral instruction and conducting through a study of
choral literature related to school music programs.

EDUB 5330 Teaching Language and Literacy in the
Content Areas Cr. Hrs. 3
An examination of approaches to literacy in the content areas (science,
 mathematics, social studies, etc); emphasis on strategies for reading,
 writing, and studying, materials, and material assessment, procedures, and
 supporting research.

EDUB 5350 Current Issues in Language and Literacy
A special topics course designed to update students on the most recent
developments in Language and Literacy Education.

EDUB 5360 Children's Literature Cr. Hrs. 3
The nature and psychology of literature for children in the elementary
grades. Areas for consideration include an examination of materials, use of
evaluative criteria to assess the materials, and research findings concerning
development, interest and use of the material. Not to be held with EDUB
5361.

EDUB 5370 Adolescent Literature Cr. Hrs. 3
The nature and psychology of literature for students in Grades 7-12. Areas for
consideration include an examination of materials, use of evaluative
criteria to assess the materials, and research findings concerning
development, interest and use of the material. Not to be held with EDUB
5371.

EDUB 5380 Theory and Practice in Written Composition Cr. Hrs. 3
A course designed to explore the nature of written composition and to
provide practice in various types of writing.

EDUB 5390 The Teaching of Written Composition Cr. Hrs. 3
A course designed to assist teachers in organizing and implementing
writing programs. Consideration will be given to motivational strategies,
useful writing activities and exercises, and practice in editing and
evaluation.

EDUB 5400 Diagnostic and Remedial Techniques in
Language Arts Cr. Hrs. 6
Diagnosis and correction at the classroom level. Opportunities for detailed
analysis of diagnostic instruments. Practical aspects include diagnosis of
language arts problems, prescriptions, and correction on the basis of
evaluation.

EDUB 5470 Recent Developments in Curriculum:
Mathematics and Natural Sciences 1 Cr. Hrs. 3
This course will provide an opportunity to examine the theoretical bases for,
and practical application of, recent or emerging developments in the area.

EDUB 5480 Recent Developments in Curriculum:
Mathematics and Natural Sciences 2 Cr. Hrs. 3
A continuation of certain topics of EDUB 5470 to extend and develop the
previous study undertaken in these areas.

EDUB 5510 ESL Materials Development and Practicum Cr. Hrs. 3
A general survey of published ESL instructional materials will form the basis
for students to develop lesson materials to be demonstrated in a
supervised practicum. Not to be held with EDUB 1860. Prerequisites or co-
requisite: EDUB 5580 (C) and instructor’s permission.

EDUB 5512 Teacher Development and Leadership
in Second Language Education Cr. Hrs. 3
This course explores current approaches in the development of second
language teachers and initiatives to facilitate leadership in programs
inclusive of language learners.

EDUB 5520 Grammar in ESL Learning and Instruction Cr. Hrs. 3
A survey of English grammar and its applications to teaching all levels of
ESL, from beginning to very advanced. Lectures, readings, group
discussions, and demonstrations are designed to develop knowledge and
skills necessary to teach oral and written grammar in traditional and
innovative ways.

EDUB 5530 ESL and Content Instruction Cr. Hrs. 3
Principles and procedures of teaching ESL/bilingual students in subject-
area classrooms, using context-based language instruction and language
sensitive content instruction.

EDUB 5540 Vocabulary and Pronunciation Instruction Cr. Hrs. 3
Principles and procedures in teaching English vocabulary and
pronunciation for effective communication (sounds, spellings, word and
sentence stress, rhythm, intonation, connected speech, integration). Not to
be held with EDUB 1640.

EDUB 5550 Library Reference and Informational Materials Cr. Hrs. 6
Principles of reference and research with special emphasis on
interdisciplinary investigation; the problems of access to information; types
of reference sources, their evaluation and selection for library reference
collections; services to library users.

EDUB 5580 Fundamentals of ESL (English Second Language)
Instruction Cr. Hrs. 3
Examination of principles and demonstration of procedures for teaching
ESL in Canada and EFL overseas.

EDUB 5600 The Teaching of Social Studies in the
Early and Middle Years Cr. Hrs. 3
This course concentrates on the teaching of social studies in schools from
Kindergarten to approximately Grade Nine, with particular reference to the
implications of social studies teachers of the characteristics of students at
those levels.

EDUB 5660 Theoretical Foundations of Social Studies Cr. Hrs. 3
This course examines recent developments in social studies education. It
aims to familiarize students with the debates, the research and the
innovations (successful and otherwise) that have characterized social
studies curriculum.

EDUB 5690 Seminar in Business Education Cr. Hrs. 6
Curriculum development; methodologies; evaluation and measurement; research.

EDUB 5760 Recent Developments in Mathematics Education Cr. Hrs. 3
Reading and research in mathematics education (selected topics).

EDUB 5770 Diagnosis and Remediation in Elementary School Mathematics Cr. Hrs. 3
Diagnostic and remedial methods in elementary school mathematics. Not to be held with EDUB 5771.

EDUB 5840 Internet Pedagogy Cr. Hrs. 3
Theory and practice of teaching and learning with the Internet. Focus on instructional applications of the Internet, for all levels from K-12 as well as adult, post-secondary and training settings. Current research will be examined and monitored for its relevance to this fast-changing field.

EDUB 5850 Theory and Practice of Designing and Developing Web-based Courses Cr. Hrs. 3
Theory and practice of the design, development and evaluation of on-line web-based distance education courses for K-12 through adult/post-secondary programs.

EDUB 5860 Project Management in Education and Training Cr. Hrs. 3
Theory and practice of project management principles in education and training. Emphasis on application of concepts and procedures of educational project management including planning and proposal creation for developmental and/or research activities in educational agencies.

EDUB 5870 Mentoring for Teachers Cr. Hrs. 3
An examination of mentoring practices with particular focus on educative ways of mentoring teacher candidates and new teachers

EDUB 5940 Instructional Product Development Cr. Hrs. 3
Systematic development of an instructional product. Includes needs assessment, goal setting, writing objectives, task analyses, product development, evaluation techniques.

SECTION 8: Department of Educational Administration, Foundation and Psychology Course Descriptions-3000 Level

EDUA 3000 Canadian School Systems and Their Public Purpose Cr. Hrs. 3
The purpose of the course is to explore with teacher candidates the ways in which schooling and teachers work is shaped by, and shapes, particular administrative, social, political, economic, historical, legal, organizational, and professional contexts. May not be held with EDUA 2810.

EDUA 3002 Contested Spaces in Education Cr. Hrs. 3
An examination of educational ideas and practices that are often contested in the context of a diverse society. The course also focuses on understanding schooling through historical, philosophical, sociological, and cross-cultural perspectives. May not be held with EDUA 1810.

EDUA 3400 Aboriginal Education Cr. Hrs. 3
A study of fundamental issues, philosophies, and models of Aboriginal education. Within a multi-modal and interactive setting, cultural, spiritual, social, and political perspectives regarding Aboriginal education will be critically explored. May not be held with EDUA 1500.

EDUA 3420 Cross-Cultural Education Cr. Hrs. 3
Theory and practical applications related to understanding the complexities of culture, race, ethnicity, social inequality in classrooms, focusing on Aboriginal groups, immigration, and the needs of students in culturally diverse classrooms. May not be held with EDUA 1540.

EDUA 3500 Recent Developments in Educational Administration and Foundations Cr. Hrs. 3
Topics will vary depending on the needs and interests of students, and will include specialized topics in educational administration and foundations.

EDUA 3502 Recent Developments in Educational Psychology Cr. Hrs. 3
Topics will vary depending on the needs and interested of teacher candidates, and will include specialized topics in educational psychology not studied in regular program courses.

EDUA 3506 Foundations of Moral and Religious Education Cr. Hrs. 3
Examination of the theory and practice of moral and religious education, including curricular and pedagogical issues in both humanistic and religious perspectives. May not be held with EDUA 1510.

EDUA 3508 Measurement and Evaluation Cr. Hrs. 3
Theory and practical applications are stressed in the preparation, use, and interpretation of various approaches to assessing student learning. May not be held with EDUA 1502.

EDUA 3510 Communication and Interpersonal Relationships in Education Cr. Hrs. 3
The purpose of this course is to help teacher candidates increase their awareness, understanding and proficiency in communication and interpersonal relationships. Emphasis in this course is on the integration of theory, research and practice in the areas of communication and interpersonal relationships in schools. May not be held with EDUA 1550.

SECTION 8: Department of Educational Administration, Foundations and Psychology Course Descriptions-5000 Level

EDUA 5010 Introduction to Educational Administration Cr. Hrs. 3
A study of the basic concepts, tasks and processes of administration as they apply to education. Not to be held with EDUA 5011.

**EDUA 5012 Legal and Administrative Aspects of Schools for Clinicians**  
Cr. Hrs. 3
This course will involve an examination of the form, functioning and organizational aspects of schooling through the lenses of legislation, policy, and public expectations. Students will gain an understanding of The Public Schools Act and The Education Administration Act (and associated Regulations), as well as other pertinent statutes, and their individual and collective application to, and impact upon, the work of school personnel in Manitoba. May not be held for credit with EDUA 5080 where title is "Legal and Administrative Aspects of Schools for Clinicians.

**EDUA 5020 Principles of Curriculum Development**  
Cr. Hrs. 3
An examination of approaches to curriculum design. Influences on the design process, and aspects of implementation. Emphasis is given to teacher participation in creating curriculum. Not to be held with EDUA 5021.

**EDUA 5030 Management of Educational Institutions**  
Cr. Hrs. 3
A study of basic patterns of organization and the administrator's role in educational institutions. The focus is on decision making, communicating, planning and evaluating in educational institutions. Not to be held with EDUA 5031.

**EDUA 5040 Personnel Administration in Education**  
Cr. Hrs. 3
An examination of the administrator's relationships with other personnel in education, with emphasis on personnel policy, staff development and motivation. Not to be held with EDUA 5041.

**EDUA 5060 Principles of Instructional Supervision**  
Cr. Hrs. 3
An analysis of theoretical models of instruction and supervision and their application in education. Not to be held with EDUA 5061.

**EDUA 5080 Recent Developments in Educational Administration 1**  
Cr. Hrs. 3
An opportunity to examine the theoretical bases for, and application of, recent or emerging developments in educational administration.

**EDUA 5090 Recent Developments in Educational Administration 2**  
Cr. Hrs. 3
A continuation of certain topics of EDUA 5080 to extend and develop studies previously undertaken in these areas.

**EDUA 5100 Issues in the Administration of Education**  
Cr. Hrs. 3
An analysis of issues in the administration of educational organizations. Not to be held with EDUA 5101.

**EDUA 5200 Readings in Educational Foundations**  
Cr. Hrs. 3
Readings and research in selected areas of the study of education.

**EDUA 5210 Recent Developments in Educational Foundations 1**  
Cr. Hrs. 3
An opportunity to examine the theoretical bases for, and application of, recent or emerging developments in educational foundations.

**EDUA 5230 Studies in International Education**  
Cr. Hrs. 3
An examination of educational issues and practices in other countries, especially those of the third world. Emphasis will be given to teaching and administration in developing countries.

**EDUA 5480 Counselling Skills**  
Cr. Hrs. 3
Emphasis will be on the development of counselling skills such as attending and listening, reflection of content and feelings, feedback and self-disclosure, focusing and summarization. Not to be held with EDUA 5481. Prerequisite or co-requisite: EDUA 5500 or EDUA 5501 (C). Course evaluated on a pass/fail basis. Enrolment limited.

**EDUA 5490 Field Placement in Counselling**  
Cr. Hrs. 3
A field-based counselling situation for students to apply counselling skills under qualified professionals in the field, and supported by university instructors. Not to be held with EDUA 5491. Prerequisite or co-requisite: (EDUA 5500 or EDUA 5501 (C)) and (EDUA 5480 or EDUA 5481 (P)). Course evaluated on a pass/fail basis. Enrolment limited.

**EDUA 5500 Theories and Issues in School Counselling**  
Cr. Hrs. 3
A study of the philosophy and theories of counselling, issues in school guidance and counselling. Not to be held with EDUA 5501.

**EDUA 5510 Elementary School Counselling**  
Cr. Hrs. 3
An examination of the role and functions of the counsellor in the elementary school. Not to be held with EDUA 5511. Prerequisite or co-requisite: EDUA 5500 or EDUA 5501 (C).

**EDUA 5520 Ethics in Counselling**  
Cr. Hrs. 3
In this course, participants will be introduced to the Codes of Ethics for counsellors. Major ethical issues related to the following topics will be discussed: informed consent, confidentiality, record-keeping, boundary issues, training and competence, clinical supervision and multicultural and diversity issues. Participants will get an opportunity to practice various ethical decision-making models.

**EDUA 5530 Secondary School Counselling**  
Cr. Hrs. 3
A study of counselling as related to secondary-school practice. Emphasis on the secondary-school counsellor's role and functions. Examination of the various counsellor services: educational, orientation, staff, etc. Not to be held with EDUA 5531. Prerequisite or co-requisite: EDUA 5500 or EDUA 5501 (C).

**EDUA 5540 Groups in Guidance**  
Cr. Hrs. 3
A study of groups, group leadership and related skill development, especially as related to a counsellor's functioning in the schools. Not to be held with EDUA 5541. Prerequisite or co-requisite: EDUA 5500 or EDUA 5501 (C).

**EDUA 5550 Psychology of Human Relationships**  
Cr. Hrs. 3
A study of interpersonal relationships. A laboratory approach is used to increase the personal sensitivity of the participants to people. Particularly suitable for teachers, school administrators, and other professionals. Not to be held with EDUA 5551.

**EDUA 5570 Family Life Education**  
Cr. Hrs. 3
A study of human sexuality and family relationships. Consideration is given to research findings, teaching resources and the methods, development, and cooperation with home and community. Not to be held with EDUA 5571.

**EDUA 5580 Career Development**  
Cr. Hrs. 3
Study and application of theories of career development, occupational choice, and decision making; evaluation and design or self-knowledge programs in counselling for decision. Not to be held with EDUA 5581.

**EDUA 5590 Career Information**  
Cr. Hrs. 3
A study of work, local employment, and training; analysis of career information; evaluation and design of career resource centres; a development study of career education.
EDUA 5600 Introduction to Inclusive Special Education  Cr. Hrs. 6
A survey course for educators interested in inclusive special education - legislative, pedagogical, attitudinal and systemic barriers to inclusion and exemplary inclusive provisions are covered. Not to be held with EDUA 5601.

EDUA 5610 Field Experience in Inclusive Special Education  Cr. Hrs. 6
A field-based situation for full and part-time students to apply inclusive special education skills under the supervision of qualified school staff and supported by professional peer mentors and university instructors. Approximately 160 hours of field-based service required. Prerequisite or co-requisite: [EDUA 5600 or EDUA 5601 (C) or equivalent] and [EDUA 5630 or EDUA 5631 (C) or equivalent] and [EDUA 5660 or EDUA 5661 (C) or equivalent]. Course evaluated on a pass/fail basis.

EDUA 5620 Teaching Children Through Alternative and Augmented Communication  Cr. Hrs. 3
An examination of alternative and augmented communication issues, services, supports, and inclusive teaching and learning strategies.

EDUA 5630 Assessment and Instruction in Inclusive Special Education  Cr. Hrs. 6
An examination of curriculum-based and classroom-based assessment to guide the instruction of students experiencing learning or behavioural difficulties in inclusive classrooms. Not to be held with EDUA 5631. Prerequisite or co-requisite: EDUA 5600 or 5601 (C) or equivalent.

EDUA 5640 Inclusive Special Education: Early and Middle Years  Cr. Hrs. 3
This course is designed for educators responsible for the integration of students with special learning needs into the early and/or middle years classroom.

EDUA 5650 Inclusive Special Education: High School and Transition to Adult Life  Cr. Hrs. 3
This course is designed for those responsible for the education of students with special learning needs into high school.

EDUA 5660 Organization and Delivery of Resource Program and Support Services  Cr. Hrs. 3
A critical study of the nature of resource teacher programs and an analysis of factors influencing program development and effectiveness. Not to be held with EDUA 5661. Prerequisite or co-requisite: EDUA 5600 (C).

EDUA 5670 Strategies for Organizing Inclusive Classrooms and Schools  Cr. Hrs. 3
An examination of the organization and implementation of school-wide supports for access, learning, socialization, behaviour, family liaison, clinical engagement, and community services. Organizational strategies to enhance consultation, cooperation, collaboration and professional development are included. Not to be held with EDUA 5671. Prerequisite or co-requisite: [EDUA 5600 or EDUA 5601 (C) or equivalent].

EDUA 5680 Promoting Responsible Behaviour in Educational Settings  Cr. Hrs. 3
The course is designed to provide teachers with an understanding of the needs of children who display maladaptive behaviours in a school setting. Conceptualization of behaviour disorders, identification/assessment procedures, and intervention strategies will be studied. The purpose of the course is to enable teachers to generate intervention strategies which are appropriate in an educational setting. Not to be held with EDUA 5681.

EDUA 5690 Focus on Exceptionality: Gifted and Talented  Cr. Hrs. 3
Students will be introduced to various topics and issues in the realm of gifted education, including theoretical models; relevant research, and appropriate teaching and assessment practices.

EDUA 5710 Readings in Educational Psychology 1  Cr. Hrs. 3
Directed readings and study of topics in various aspects of education from the psychological viewpoint.

EDUA 5730 Recent Developments in Educational Psychology 1  Cr. Hrs. 3
An opportunity to examine the theoretical bases for, and practical application of, recent or emerging developments in this area.

EDUA 5740 Recent Developments in Educational Psychology 2  Cr. Hrs. 3
An opportunity to examine the theoretical bases for, and practical application of, recent or emerging developments in this area.

EDUA 5760 Psychology of Instruction in Educational Contexts  Cr. Hrs. 3
Designed primarily, although not exclusively, for classroom teachers and school personnel. A critical examination of major theoretical foundations and models of instruction. The course aims at the integration and application of traditional and emerging approaches and strategies of classroom instruction. Prerequisite: [EDUA 1800 (C)] or [PSYC 1200 (C)], or equivalent.

EDUA 5770 Focus on Exceptionality: An Ecological Approach to FAS/E  Cr. Hrs. 3
Students will be introduced to an ecological or multidisciplinary approach regarding children with FAS/E. Theoretical frameworks and evidence based assessment and instructional practices will be covered.

EDUA 5800 Introduction to Educational Research  Cr. Hrs. 3
A study of scientific inquiry in the field of education. Research and statistical methods are surveyed within the context of educational research. Particularly recommended for students interested in the evaluation and application of research findings. Not to be held with EDUA 5801.

EDUA 5810 Theory of Test Construction  Cr. Hrs. 3
Particular attention is given to problems of item analysis, validity, reliability, and test evaluation in the educational setting. Norm and criterion referenced tests are considered. Not to be held with EDUA 5811.

EDUA 5930 Observing Child Behaviour  Cr. Hrs. 3
The use of qualitative observation techniques, especially in educational settings, to understand children’s behaviour, thinking, and motivations. Not to be held with EDUA 5930.

EDUA 5940 Language and Symbolic Process  Cr. Hrs. 3
The focus in this course is on the role of symbolic learning in the development of the young child. A study of theories on symbolic formation is intended to serve as a framework for examining the emergence of representational capacities in movement, gesture, play, drawing and three dimensional media.
Faculty of Engineering

Dean: Dr. Jonathan Beddoes, Ph.D., P.Eng.
Associate Dean(s): Nariman Sepehri, Ph.D., P.Eng. (Undergraduate Programs); Dr. Cyrus Shafai, Ph.D., P.Eng. (Research and Graduate Programs; Dr. Marcia Friesen, Ph.D., P.Eng., Design Education).
Campus Address/General Office: E2-290 EITC (Engineering and Information Technology Complex)
Email Address: eng_info@umanitoba.ca
Telephone: (204) 474 9809
Fax: (204) 275-3773

*One year in Preliminary Program (36 credit hours) for direct admission students or in Preliminary Program courses (or equivalent) taken while in other faculties or University I, plus three years in a departmental program.

1.1 The Profession of Engineering

Engineers use fundamental principles and energy sources from the natural world and direct them to the benefit of people. They interpret science in terms of material, human needs and, managing personnel, cost, and supplies. The profession is involved in all aspects of construction and manufacturing, including conceptualization, design, preparation of plans and specifications, and fabrication of products to meet predetermined standards of reliability and performance. Engineers acquire competence through instruction in basic sciences, mathematics, and engineering sciences; by introduction to the processes of synthesis and design; by complementary studies in the humanities, social sciences, and management; by learning from the skills and experience of more senior engineers during the early years of employment.

The educational objective in the Faculty of Engineering is to prepare students for positions of leadership in a world where engineering, science, and management are of major importance.

1.2 Available Majors

- Biosystems Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Mechanical Engineering

1.3 Available Minors

- Arts
- Computer Science
- Geological Sciences
- Management
- Mathematics
- Music
- Recreational Studies

SECTION 2: Admission to the Faculty of Engineering

The following is a summary of the admission requirements. Equivalent academic courses completed at recognized universities elsewhere will be considered. All admission requirements, as well as application deadline dates and forms, are included in an applicant information bulletin that is available from the Admissions Office, Enrolment Services, 424 University Centre; this information is also posted on the university’s website.

Direct admission into the Faculty of Engineering from high school:

Applicants may apply directly to the Preliminary Engineering Program from a Manitoba high school (or the equivalent) and must meet the General Entrance and Specific Admission Requirements for the Faculty of Engineering. The General Admission Requirement is a Manitoba (or equivalent) high school graduation. The Specific Admission Requirement is a minimum 85% average over the following three subjects, with no less than 60% in each course: Chemistry 40S, Precalculus Mathematics 40S, and Physics 40S. In cases where the number of eligible applicants exceeds the available spaces, applicants will require higher averages than stipulated to be successful in the admissions competition.

This information is on the following web site:  
http://umanitoba.ca/student/admissions/media/direct_entry_bulletin.pdf

All other admissions:

A minimum of 8 of the 12 courses in the Preliminary Engineering Program, section 4.2, each with a minimum grade of “C”, and a minimum Adjusted Grade Point Average (AGPA) of 2.0. In addition, if the total number of credit hours attempted by the student in all courses that apply in the Faculty of Engineering meets or exceeds 72, then the ratio of those credit hours passed (from all courses with a grade of “C” or better that are applicable to the student’s potential Engineering program) to total credit hours attempted must be greater than or equal to 75%. Furthermore, if the student has attempted less than 72 credit hours, the total number of failed credit hours (from all courses with a grade of “D” or “F” that are applicable to the student’s potential Engineering program) must not exceed 18 credit hours in order to be eligible for consideration for admission.

Acceptance to Engineering programs is competitive. Courses must be completed within ten years of the application date in order to be considered for transfer credit.

English and mathematics requirements:

All students are required to complete the University written English and mathematics requirements within the first 60 credit hours of their program. The requirement is described in the chapter General Academic Regulations and Requirements of this Calendar. In the Engineering programs the mathematics requirement is satisfied by one of MATH 1510 or MATH 1710 (or an equivalent); the written English requirement is satisfied by completing a course selected from the list of approved Written English Courses for Engineering Students (see 4.2.1).

Chemical Engineering at the University of North Dakota

The University of Manitoba has an agreement with the University of North Dakota, Grand Forks, N.D., which allows students to obtain a degree in chemical engineering from the University of North Dakota by taking the Preliminary Engineering program at the University of Manitoba and three years at the University of North Dakota. The chemical engineering program at the University of North Dakota is accredited by the Accreditation Board for Engineering and Technology in the United States and is recognized by the Engineers Geoscientists Manitoba (formerly the Association of Professional Engineers and Geoscientists of Manitoba).

SECTION 3: Academic Regulations

The provisions of the chapter, General Academic Regulations and Requirements, and the chapter, University Policies, apply to all students. In
addition, the Faculty of Engineering has regulations and requirements, published below, which apply specifically to its students. Notwithstanding the regulations given in this section, the Faculty Council of Engineering reserves the right to rule on individual cases in exceptional circumstances.

3.1 Appeals
Students who feel that they have received unfair treatment in a course should appeal to the instructor. If the matter is not thereby resolved, it should be raised with the Department Head and subsequently the Associate Dean (Undergraduate Programs).

A student's academic status is based on academic performance. Students who feel that there are circumstances that have affected their academic performance should write to the Associate Dean (Undergraduate Programs), Chair of the Committee on Standing and Appeals, E1-284 EITC. Information regarding this process is available from the Undergraduate Student Services Office, E1-284 EITC and may be viewed through the following web site:

3.2 Attendance
When the number of unexcused absences recorded against a student in the Faculty of Engineering in any course exceeds 10 percent of the number of lectures and laboratories for that course the instructor may report the case to the Dean of Engineering. When a student's attendance or work continues to be unsatisfactory, the instructor has the authority to exclude the student from classes, or examinations, or both. Such cases shall be reported to the Faculty Council of Engineering at the first opportunity.

Students who are excluded from an examination for inadequate attendance in a compulsory course will receive a failing grade and be required to repeat the course.

3.3 Categories of Students
A student shall normally register for three to six courses in a term. Registration for more than six or fewer than three courses in a term must be approved by the Department Head or, in the preliminary program, by the Associate Dean (Undergraduate Programs). Students must also receive approval for registration in courses that are not part of the regular degree program.

All undergraduate programs offered by the Faculty of Engineering are full-time programs. Engineering considers registration in 15 credit hours per term to be a full course load. Full-time status is defined as being registered in at least 60 percent of this load, or 9 credit hours per term. Scholarships and other awards may require registration in more than this minimum.

3.4 Complementary Studies Electives
Complementary studies electives are an integral part of the curriculum. Their purpose is to broaden the student's experience beyond the purely scientific and technical content of engineering. They include studies in engineering economics and the impact of technology on society, as well as the central issues, methodologies and thought processes characteristic of the humanities and social sciences. Opportunities for development of the student's oral and written communication skills are also provided. The complementary studies elective requirements may vary from one program to another. Course numbers beginning with a 0 (i.e. ENGL 0930) are not allowed as complementary studies electives and ARTS 1110 Introduction to University cannot not be used for credit in the Faculty of Engineering.

3.5 Procedure Regarding the Inclusion of Elective Courses Taken Towards a Student's Degree Requirements

Upon Admission Into Engineering
At the time of admission, students may choose to apply (transfer) some or all eligible non-Engineering elective courses (i.e., complementary studies electives, science electives, free electives) taken prior to their admission to the Faculty towards their current Engineering degree program. All attempts for those selected courses shall be applied to the student's degree program and included in the calculation of Degree Grade Point Average (DGPA).

After Admission Into Engineering
Grades for all eligible courses (i.e., technical electives, complementary studies electives, science electives, free electives) attempted following admission to Engineering shall be included in and applied to a student's current degree program. Special cases for either circumstance may be considered at the discretion of the Faculty of Engineering Associate Dean (Undergraduate Programs).

3.6 Course Selection
When arranging a program of study, a student must satisfy the following requirements:

- All prerequisite and corequisite course requirements must be met.
- All previously failed compulsory courses must be repeated. Students repeating a course previously taken are subject to Limited Access. Limited Access information may be viewed on the Registrar's Office web site as follows: http://umanitoba.ca/student/records/academicpolicychanges/limited_accessfaq.html
- Students are not normally allowed to repeat courses graded "C" or higher, except under special circumstances with the approval of the Department Head, or for students in the Preliminary Engineering Program, of the Associate Dean (Undergraduate Programs).
- Failed elective courses may be repeated or replaced with alternative elective courses, however, all attempts will be included in the degree grade point average calculation.
- Prerequisite Course: A prerequisite course must have been completed with a "C" grade or better before a subsequent course can be attempted. Under exceptional circumstances, a course instructor may waive, subject to approval by the Department Head (or designate), a prerequisite requirement.
- Corequisite Course: A corequisite course must be taken concurrently or before its companion course. Under exceptional circumstances, a course instructor may waive, subject to approval by the Department Head (or designate), a corequisite requirement.

3.7 Examinations

Deferred Examinations
If you miss a final examination for medical or compassionate reasons, you may be granted a deferred examination. Applications for a deferred examination after the examination has been missed must be filed within 48 hours of the date of the missed examination. A medical certificate or other appropriate documentation may be required.

(See Chapter, General Academic Regulations and Requirements of this Calendar for more details)

Deferred Examinations are normally scheduled to take place within 30 working days from the end of the examination series from which the
examination was deferred. The date of the deferred examination for a particular course will be set by the Dean’s Office no later than January 15, May 15 or Sept 15 and in consultation with the instructor.

Supplemental Examinations

A student who has attempted to meet all requirements for the degree and has a single failure in their final academic year, in an Engineering course, may apply for a supplemental examination in that course. Supplemental examinations may not be requested for any other reason. A student shall only be permitted to exercise the privilege of writing a supplemental examination once in their degree program.

The grade for a course in which a supplemental examination is written shall be calculated in the following manner, with the grade reported being the greater of these two calculations:

- The supplemental examination shall have the same percentage weighting as the original examination, and shall be combined with all term marks;
- The supplemental examination shall have the percentage weighting equal to the combined weight of the original examination and all term tests, and shall be combined with all other term marks.

Both the original course grade and the supplemental examination course grade are retained on the student’s record, and both are used in the calculation of TGPA and DGPA.

In the event that the supplemental examination is not successfully passed, the course must be repeated again in a subsequent term.

The results of supplemental examinations must be reported to the Faculty Council of Engineering. The supplemental examination privileges apply only to courses offered by the Faculty of Engineering.

Challenge for Credit

Courses offered in Engineering may not be challenged for credit.

3.8 Grading and Assessment

All grades awarded by instructors for undergraduate courses offered in the Faculty of Engineering are reviewed by examiners’ boards, which comprise all of the instructors in the student’s program year. After approval by department councils, grades are presented to the Faculty Council of Engineering for acceptance. Grades are published subsequent to their approval by the Faculty Council of Engineering.

Following are the descriptions of grade point averages used for evaluation at end of each of the terms (Fall, Winter, and Summer):

Term Grade Point Average (TGPA)

The Term Grade Point Average (TGPA) is computed from all of the final grades in all undergraduate courses completed during a given academic term.

Degree Grade Point Average (DGPA)

The Degree Grade Point Average (DGPA) is computed from the final grades obtained in all courses attempted, including applicable courses transferred from other faculties and other institutions, as part of a student’s current degree program. Where a course has been repeated or replaced by an approved substitution or equivalent course, all attempts shall be included in the computation.

Cumulative Grade Point Average (CGPA)

The Cumulative Grade Point Average (CGPA) is computed from the final grades in all undergraduate courses attempted at the University of Manitoba and courses transferred from other faculties and other institutions.

Dean’s Honour List

A continuing student who achieves a Term Grade Point Average (TGPA) of 3.50 or higher in their most recent academic term will be placed on the Dean’s Honour List. The assessment is based on a minimum of 12 credit hours completed in that term. In addition, a graduating student who achieves a Degree Grade Point Average (DGPA) of 3.5 or higher in their final academic evaluation will graduate on the Dean’s Honour List and receive a notation indicating this on their final term transcript.

Awards

A number of scholarships, bursaries and other academic awards are available to Engineering students. For information concerning awards (prizes, scholarships, and bursaries), please visit the Faculty website, umanitoba.ca/faculties/engineering/student_resources/sr_finances_undergradawards.html

3.9 Minors in Engineering

In meeting the specific requirements for any minors available to Engineering students, no more than 50% of the credit hours required for a minor may be common with those forming part of a student’s regular Engineering program. Normal pre-requisites and class size restriction apply to courses taken towards minors.

Arts Minor

A Minor in Arts is available to Engineering students. The minor consists of 18 credit hours of Arts courses, including a minimum of 6 credit hours in the Humanities and 6 credit hours in the Social Sciences; students must meet all pre-requisite requirements and all courses must be at the 1000 level or higher. ARTS 1110 Introduction to University may not be included in the minor. Depending on the approval of the Engineering department, courses used for the minor may also be used to fulfill program requirements in Engineering.

Computer Science Minor

A Minor in Computer Science is available to Engineering students. The minimum requirement is 18 credit hours of computer science courses subject to the following constraints: (1) Courses COMP 1012, COMP 1020, and COMP 2140 are compulsory; (2) 9 additional credit hours of COMP courses at the 2000 or 3000 level; and (3) registration in computer science courses will be controlled by normal pre-requisites and class size restrictions.

Geological Sciences Minor

The Minor in Geological Sciences includes the following set of courses: (1) GEOL 1340; (2) One of the following three courses: GEOL 1400, GEOL 1410 or GEOL 1420; (3) Twelve (12) credit hours of 2000-level or above courses in Geological Sciences

Management Minor

The Minor in Management offered by the Faculty of Management is available to Engineering students. The minor consists of any 18 credit hours of Management courses; students must meet all prerequisite requirements. Depending on the approval of the Engineering department, courses used for the minor may also be used to fulfill program requirements in Engineering. Admission requirements for the minor are based on all courses transferred to Engineering or completed while in Engineering; the
requirements are a minimum of 30 credit hours applied to their degrees with a minimum Degree Grade Point Average (DGPA) of 3.00. Up to 10 spaces are available each year for engineering students on a competitive basis. Applications can be made in the Engineering Dean’s office by May 30th.

Note 1. Civil Engineering student only may use CIVL 2780 for credit towards the Management Minor in Engineering.

Note 2. Mechanical Engineering students only may use MECH 3170 for credit towards the Management Minor in Engineering.

**Mathematics Minor**

A Minor in Mathematics is available to Engineering students. The minimum requirement is 24 credit hours of mathematics courses subject to the following constraints: (1) the students must notify their home department that they are pursuing the minor; (2) up to 12 credit hours of mathematics courses in a student’s engineering program may be counted toward the minor; (3) the student must complete at least 6 credit hours of courses from the mathematics department at the 3000 level or higher that are not included as part of the curriculum in the student’s engineering program; and (4) approval of the Department of Mathematics is required for courses outside of the regular engineering program.

**Music Minor**

The Minor in Music requires 18 credit hours of MUSC courses and students are subject to the regulations set by the Marcel A. Desautels Faculty of Music. Please see SECTION 4.7 Music Minors for students in the Faculty of Engineering, Faculty of Arts and Faculty of Science under the Marcel A. Desautels Faculty of Music section.

**Recreational Studies Minor**

The Minor in Recreational Studies requires 18 credit hours of approved coursework. Students are subject to the regulations set by the Faculty of Kinesiology and Recreational Management. Please see SECTION 4.6 Minor in Recreational Studies under Faculty of Kinesiology and Recreational Management.

**3.10 Professional Registration**

In order to practice engineering in any province or territory in Canada, it is necessary to be a member of the professional engineering association of that province or territory. The requirements for membership are acceptable academic preparation and a subsequent period of acceptable engineering experience gained under the supervision of a registered professional engineer. The undergraduate programs in Biosystems, Civil, Computer, Electrical, and Mechanical Engineering are accredited by the Canadian Engineering Accreditation Board (CEAB), reflecting acceptable academic preparation for membership in the association of professional engineers in any province or territory in Canada. Through a mutual recognition agreement, these programs are also recognized as satisfying accreditation requirements in many other countries such as the United States, the United Kingdom, Ireland, New Zealand, Australia, and Hong Kong.

Graduates of an accredited program are eligible to apply for membership as an engineering intern, in the association of professional engineers in their province of residence in Canada. After a period of acceptable experience, they are eligible to apply to the association for registration as a professional engineer in that province.

**3.11 Requirements for the Bachelor’s Degree**

The requirement for a Bachelor of Science degree in Engineering is a grade of “C” or better in all courses in the student’s program. All students are governed by the rules in effect at the time of their first registration in Engineering.

A student must complete at least 50 per cent of an engineering degree program as a full-time student in the Faculty of Engineering. Unless otherwise approved by the Dean of Engineering, students must complete all degree requirements within seven calendar years after being accepted into an Engineering departmental program.

**3.11.1 Degree with Distinction**

A student who on graduation achieves a Degree Grade Point Average (DGPA) of 3.80 or higher is awarded the degree “With Distinction.”

**3.11.2 Criteria for Medal Awards**

The Faculty of Engineering Program Medal shall be awarded to the graduating student in each engineering program who has achieved the highest Degree Grade Point Average (DGPA) (minimum of 3.80) with no distinction as to full- or part-time status. The Program Medal will be awarded at spring convocation to the student who has completed that program in the past academic year (including October and February graduands).

The University Gold Medal for the Faculty of Engineering shall be awarded to the graduating student in the Faculty of Engineering who has achieved the highest Degree Grade Point Average (DPGA) (minimum of 3.80) for the entire program with no distinction as to full- or part-time status.

**3.12 Student Progress and Academic Status**

Students shall be evaluated at the conclusion of each academic term in which they receive a final grade in a minimum of 6 credit hours of course material (excluding Special Student credit hours), with the assessment being based on the resulting Term Grade Point Average (TGPA) in those courses. This assessment shall be based on only those courses which form part of the student's Engineering Program. The academic assessments are as follows:

**Good Academic Standing**

A student with a TGPA of 2.00 or higher is in Good Academic Standing. This will be notated as “Faculty Minimum Met” or “Satisfactory” on the student academic transcript.

**Academic Warning**

The first time the student’s TGPA drops below 2.00, he/she will receive an Academic Warning. Students who receive such a warning are required to meet with an academic advisor from their department or, in the Preliminary Engineering Program, from the Dean’s Office.

**Academic Probation**

The second time that a student’s TGPA drops below 2.00, the student will be placed on Academic Probation.

**Required to Withdraw**

The third time that a student’s TGPA drops below 2.00, the student will be Required to Withdraw. Students who receive such a suspension shall be ineligible to take courses offered by programs in the Faculty of Engineering from the end of the term for which the suspension was issued through to the start of that same term in the subsequent academic year (normally, a period of 8 months.)

In order to be reinstated following the suspension period, the student must submit a written request for reinstatement to the Associate Dean.
Applications must be received between 30-60 days in advance of the effective date of reinstatement; requests made earlier than 60 days in advance will not be accepted.

Ineligible to Proceed in Engineering

A student shall be Ineligible to Proceed in Engineering under either of the following conditions:

a) The student’s TGPA drops below 2.00 for a fourth time, or;

b) The ratio of credit hours passed (from all courses with a grade of “C” or better that are applicable to the student’s Engineering program) to total credit hours attempted for that student drops below 75%, and the student has attempted a minimum of 72 credit hours.

Starting Afresh

Students who have become Ineligible to Proceed in Engineering may apply to the Dean for permission to start their degree afresh, should they wish to return to the Faculty of Engineering.

At the discretion of the Dean, a student may start afresh in an engineering program after a minimum period of two years from their last academic assessment by the Faculty of Engineering, and may request to transfer up to 40 credit hours in which a minimum grade of “C+” was achieved. All previous courses will remain on the student’s academic transcript, but will not be applied to their new program.

3.13 Limit on Time in the Preliminary Engineering Program

Students admitted to the Preliminary Engineering Program shall have two years to complete the minimum course requirements and submit an application for possible acceptance into an Engineering program. In the case of students admitted to the program through the Engineering Access Program the limit shall be three years.

Students who fail to meet this criterion shall be required to withdraw from Engineering. Such students may subsequently apply to an engineering program after successfully completing all courses forming the Preliminary Engineering Program.

3.14 Students Applying to an Engineering Program

Students will be accepted into department programs based on the following criteria. Students who have completed 8-12 Preliminary Engineering Program courses by May 1st of each academic year will be ranked and admitted on a competitive basis based on the average of the best eight marks in courses in the Preliminary Engineering Program.

Students applying from programs, faculties, colleges, or other institutions will have all courses or equivalent courses that are required in a particular engineering program transferred in, including failed grades (“D’s” and “F’s”) in those courses. In addition, if the total number of credit hours attempted by the student in all courses that apply in the Faculty of Engineering meets or exceeds 72, then the ratio of those credit hours passed (from all courses with a grade of “C” or better that are applicable to the student’s potential Engineering program) to total credit hours attempted must be greater than or equal to 75%. Furthermore, if the student has attempted less than 72 credit hours, the total number of failed credit hours (from all courses with a grade of “D” or “F” that are applicable to the student’s potential Engineering program) must not exceed 18 credit hours in order to be eligible to be considered for admission. Students are advised to consult with the Engineering Undergraduate Student Affairs Office if there is concern as to their standing under this rule.

Direct entry engineering students must submit an application for admission through umanitoba.ca/applynow indicating their program(s) of choice. The application fee for direct entry engineering students applying to an engineering program is waived. Students from University 1 and other faculties must apply for admission through umanitoba.ca/applynow and will be subject to an application fee.

3.15 Use of Calculating Devices

For courses offered by the Faculty of Engineering in which the use of devices capable of calculations is permitted in tests or examinations, such devices must be incapable of receiving and/or transmitting signals. Instructors wishing to restrict devices to certain capabilities must inform students, in writing, within the first week of term. Questions concerning the suitability of any given device should be directed to the course instructor(s).

3.16 Withdrawal from Courses

The responsibility for initiating withdrawals rests solely with the student, and no voluntary withdrawals are permitted after the deadlines for voluntary withdrawal without academic penalty (see the chapter, General Academic Regulations and Requirements, of this Calendar). For documented medical or compassionate reasons, Authorized Withdrawals may be permitted by the Dean’s Office, Faculty of Engineering.

A student who, after registering for courses, in any term, becomes ineligible to proceed in Engineering will be withdrawn from his or her courses for the effective term as well as any subsequent terms, including Summer Session.

SECTION 4: Program Requirements

4.1 Engineering Access Program

Campus Address: E2–442 EITC
Email address: engap@cc.umanitoba.ca
Telephone: 1 204 474 9872
Toll free Phone No. 1 204 432 1960 ext 9872
Fax No. 1 204 474 7518.
Web Site www.engap.com

The Engineering Access Program (ENGAP) recognizes that students of First Nation, Metis, and Inuit ancestry may be challenged with geographic and economic barriers, and/or lack of access to academic preparation, which may make them unable to meet the faculty’s admission requirements. ENGAP serves as a specifically designed post-secondary program that provides an opportunity for students to complete their Bachelor of Science degree in Engineering. The program accomplishes this objective by offering upgrading courses in mathematics, chemistry, physics, and computer science, as well as providing academic advice, personal and family counselling along with financial supports. First Nation, Metis, and Inuit students who do meet the regular entrance requirements may still wish to join the program to benefit from these supports.

4.2 Preliminary Engineering Program

Campus Address/General Office: E1-284 EITC
Email Address: eng_info@umanitoba.ca
Telephone: (204) 474 9807
Website: umanitoba/faculties/engineering

The Preliminary Engineering Program is common to all programs in engineering. Students in the direct entry engineering program or University 1 must complete a minimum of 8 courses to be eligible to apply to one of the five degree granting engineering programs. A student must complete the following list of 12 courses in order to graduate with a BSc degree from any of the engineering programs.
Prior to the 2016/2017 academic year, students were required to complete ENGL 1400 (or equivalent) to satisfy the written English course requirement within all engineering programs. Beginning with the 2016/2017 academic year these requirements may now be satisfied by completing any course selected from the list of Written English Courses for Engineering Students (which includes ENGL 1400). This change applies to all students entering the Faculty of Engineering, as well as all continuing students who have yet to complete this program requirement.

Notes:
(1) MATH 1500 and MATH 1510 are regarded as equivalent to each other.
(2) MATH 1700 and MATH 1710 are regarded as equivalent to each other.
(3) MATH 1690 may be regarded as being equivalent to one course from (1) and one course from (2).
(4) MATH 1300 is not an acceptable equivalent to MATH 1210.
(5) Course selected from the list of approved Written English Courses for Engineering Students (See 4.2.1).
(6) Three credit hours are required to satisfy the written English course requirement. Should a student complete a six credit hour course, the additional three credit hours may be used to satisfy general complementary studies requirements within a student's program.
(7) PHIL 1290 Critical Thinking is the recommended complementary studies elective. However, students may select any course from the Faculties of Arts or Management at the 1000 level or above, with the exception of ARTS 1110 Introduction to University which may not be held for credit within the Faculty of Engineering.

4.2.1 University Written English and Mathematics Requirements

All students are required to complete the university written English and mathematics requirement within the first 60 credit hours of their program. This requirement is described in the chapter General Academic Regulations and Requirements of this Calendar. In the Engineering programs the mathematics requirement is satisfied by one of MATH 1510 or MATH 1710 (or an equivalent); the written English requirement is satisfied by completing a course selected from the following list of approved Written English Courses for Engineering Students:

** This course requires a laboratory.

4.3 Common Courses Taught by the Faculty of Engineering- ENG 1000 Level

ENG 1420 Engineering Processes for Non-Engineering Students  Cr. Hrs. 3
Develops a basic understanding of the engineering profession with emphasis on basic technical principles, Systems Engineering, and Project Management. Special emphasis will be placed upon the interface between management and engineering and the role management plays in the conduct of technical projects and manufacturing. NOTE: This course is not available for credit to students registered in the Faculty of Engineering.

ENG 1430 Design in Engineering  Cr. Hrs. 3
The creative process; the design process; working in a team. The engineering profession from the perspective of students and professionals. Academic, legal and ethical considerations. Prerequisites: [A minimum grade of 60% in Pre-Calculus Mathematics 40S (or a minimum grade of "C" in MSKL 0100 or MATH 0401)] and [a minimum grade of 60% in Physics 40S (or passing grade in PHYS 0900 or PSKL 0100; or a minimum grade of "C" in PHYS 1050 or PHYS 1051)] and [a minimum grade of 60% in Chemistry 40S (or passing grade in CHEM 0900 or CSKL 0100; or minimum grade of "C" in CHEM 1300 or CHEM 1301)] or their equivalents.

ENG 1440 Introduction to Statics  Cr. Hrs. 3
Statics of particles; rigid bodies, equilibrium of rigid bodies; analysis of structures; distributed forces. Not to be held with ENG 1441. Prerequisites: [A minimum grade of 60% in Pre-Calculus Mathematics 40S (or a minimum grade of "C" in MSKL 0100 or MATH 0401)] and [a minimum grade of 60% in Physics 40S (or passing grade in PHYS 0900 or PSKL 0100; or minimum grade of "C" in PHYS 1050 or PHYS 1051)] and [a minimum grade of 60% in Chemistry 40S (or passing grade in CHEM 0900 or CSKL 0100; or minimum grade of "C" in CHEM 1300 or CHEM 1301)] or their equivalents.

ENG 1450 Introduction to Electrical and Computer Engineering  Cr. Hrs. 3
( Lab required) Part I; Current, voltage, energy, potential, power Ohm’s law; independent sources; capacitor, inductor, ideal diode, op-amp; Kirchhoff’s law; simple circuits (Resistive, RC, RL, OP-Amp; Diode); introduction to ac theory (Sinusoidal waveform, phase relations of voltage and current waveforms for RL, LC, RL and RC circuits). Part II; Applications (Digital Logic, motors). Prerequisites: [A minimum grade of 60% in Pre-Calculus Mathematics 40S (or a minimum grade of "C" in MSKL 0100 or MATH 0401)] and [a minimum grade of 60% in Physics 40S (or passing grade in PHYS 0900 or PSKL 0100; or a minimum grade of "C" in PHYS 1050 or PHYS 1051)] and [a minimum grade of 60% in Chemistry 40S (or passing grade in CHEM 0900 or CSKL 0100; or minimum grade of "C" in CHEM 1300 or CHEM 1301)] or their equivalents.

ENG 1460 Introduction to Thermal Sciences  Cr. Hrs. 3
Properties of pure substances; first law for closed systems; first law for open systems; second law; examples of power cycles and refrigeration cycles. Prerequisites: [A minimum grade of 60% in Pre-Calculus Mathematics 40S (or a minimum grade of "C" in MSKL 0100 or MATH 0401)] and [a minimum grade of 60% in Physics 40S (or passing grade in PHYS 0900 or PSKL 0100; or minimum grade of "C" in PHYS 1050 or PHYS 1051)] and [a minimum grade of 60% in Chemistry 40S (or passing grade in CHEM 0900 or CSKL 0100; or minimum grade of "C" in CHEM 1300 or CHEM 1301)] or their equivalents.

ENG 1900 Occupational Health and Safety Awareness  Cr. Hrs. 3
Occupational health and safety will be discussed from the perspectives of various professions to understand 1) the issues relevant to individual professions and 2) how these individual perspectives may conflict. The overall goal for the course is to ensure that the student gains an appreciation for the importance of occupational health and safety to society.

4.3 Common Courses Taught by the Faculty of Engineering- 2000 + Level

ENG 2022 Engineering CAD Technology for Biosystems  Cr. Hrs. 3
( Lab required) Instruction in the use of current CAD technology for conveying design through the use of graphics. Students will gain knowledge in technical drawing, 3D modelling techniques, production technology, and visual communication. Registration restricted to students in Engineering. Prerequisite: BIOE 2900 or the former BIOE 2580.

ENG 2030 Engineering Communication: Strategies for the Profession  Cr. Hrs. 3
Students work in a team-based environment to produce deliverables comparable to the engineering workplace. In-class tutorials focus on the sharpening of individual students' writing skills through an analytical, problem-solving and critical thinking approach. Students are exposed to a variety of communicative scenarios and emphasis is placed on development of a repertoire of skills necessary for effective communication in the engineering profession. Not to be held with the former ENG 210. Prerequisites: ENG 1430 and one of the courses from the list of Written English Courses for Engineering Students.

ENG 2040 Engineering Communication: Strategies, Practice and Design  Cr. Hrs. 3
This team-based course focuses on a rhetorical approach, communication strategies and guided practice in the design of engineering communications. May not be held with the former ENG 210. Prerequisites: ENG 1430 and one of the courses from the list of Written English Courses for Engineering Students.

ENG 3000 Engineering Economics  Cr. Hrs. 3
accounting. Accommodating capital limitations. Dealing with inflation. Risk management and uncertainty. Restricted to students registered in the Faculty of Engineering. May not be held with CIVL 4050.

**ENG 3020 Technology, Society and the Future**  
Cr. Hrs. 3  
Impact of technology and technological change on society-past, present, future; specific technologies, e.g. construction, machine power, computers, communications, medical, military; the process of technological change; invisible effects of technology; technology and resource use; sustainable development, limits to growth and the role of technology. May not be held with CIVL 4460 or ANTH 2430. Prerequisites: A grade of "C" or better in one of the courses from the list of Written English Courses for Engineering Students, or the former ENGL 1310.

**ENG 4010 Practicing Professional Engineering in Manitoba**  
Cr. Hrs. 3  
An introduction to the practice of professional engineering in Manitoba, including culture, professional organization and regulation, employability aspects, engineering ethics and law. Prerequisite: Must be enrolled in the Internationally-Educated Engineers Qualification Program (IEEQ).

**ENG 4012 IEEQ CO-OP ASSIGNMENT**  
Cr. Hrs. 3  
Professional work assignment in business, industry, or government for cooperative education students in the IEEQ Program. Requires submission of a written report covering the work completed during a minimum 16-week work period. (Pass/Fail grade only). Prerequisite: enrolled in IEEQ Program with 80% of courses complete, including ENG 4010; good academic standing.

**ENG 4020 Professional Engineering Practice in Manitoba**  
Cr. Hrs. 3  
An introduction to the practice of professional engineering in Manitoba. Professional culture, organization and regulation; industry topics; engineering ethics and law. Emphasis on professional communication development. Restricted to students enrolled in the IEEQ Program. May not be held with ENG 4010.

**ENG 4100 Contemporary Topics in Engineering Practice**  
Cr. Hrs. 3  
This course will cover contemporary topics relating to the practice of professional engineering. The specific topics and a detailed outline will be available prior to the start of the registration period for the session in which the course will be offered. Prerequisite: Permission of the Centre for Professional Practice and Engineering Education. As the course content will vary from year to year, students may take this course more than once for credit.

**ENG 4110 Operational Excellence**  
Cr. Hrs. 3  
( Lab required) Methodical application of operational excellence and engineering principles and theory to address real industry problems, with emphasis on the data and fact-based engineering method of problem solving. Grounded in the Plan-Do-Study-Act system. Covers the seven step problem solving method (problem definition, examine the current situation, root cause analysis, action planning and testing, study the results, standardize the changes, and draw conclusions), applied concepts (Lean Six Sigma Management) and the fundamentals of teamwork, team dynamics and change management. It is expected that students will be challenged in terms of their understanding of the method, concepts, analytics, and the tools, and their application to solving “real” operational problems. Students must attend both lecture and tutorial. Students will be required to attend meetings at industrial partner facilities. May not be held with MECH 4342 where the topic is Operational Excellence. Pre- or Co-requisites: STAT 2220 or (STAT 1000 and STAT 2000).

**ENG 4800 Co-operative Work 1**  
Cr. Hrs. 1  
Work assignment in business, industry, or government for the Faculty of Engineering co-operative education stream students. Requires submission of a written report covering the work completed during the four-month professional assignment. It is assumed that courses ENG 4800, ENG 4810, ENG 4820, ENG 4830, ENG 4840 will be taken in order. Those registering for this course must have applied for and been accepted into the Faculty of Engineering co-operative stream. Not to be held with: CIVL 4920, CIVL 2900, ECE 4720, MECH 2050 or ENG 4012. This course is graded on a pass/fail basis.

**ENG 4810 Co-operative Work 2**  
Cr. Hrs. 1  
Work assignment in business, industry, or government for the Faculty of Engineering co-operative education stream students. Requires submission of a written report covering the work completed during the four-month professional assignment. It is assumed that courses ENG 4800, ENG 4810, ENG 4820, ENG 4830 and ENG 4840 will be taken in order. Those registering for this course must have applied for and been accepted into the Faculty of Engineering co-operative education stream. Not to be held with: BIOE 2000, CIVL 2900, ECE 4720, or MECH 3050. This course is graded on a pass/fail basis.

**ENG 4820 Co-operative Work 3**  
Cr. Hrs. 1  
Work assignment in business, industry, or government for the Faculty of Engineering co-operative education stream students. Requires submission of a written report covering the work completed during the four-month professional assignment. It is assumed that courses ENG 4800, ENG 4810, ENG 4820, ENG 4830 and ENG 4840 will be taken in order. Those registering for this course must have applied for and been accepted into the Faculty of Engineering co-operative education stream. Not to be held with: BIOE 4000, CIVL 4920, ECE 4720, or MECH 4050. This course is graded on a pass/fail basis.

**ENG 4830 Co-operative Work 4**  
Cr. Hrs. 1  
Work assignment in business, industry, or government for the Faculty of Engineering co-operative education stream students. Requires submission of a written report covering the work completed during the four-month professional assignment. It is assumed that courses ENG 4800, ENG 4810, ENG 4820, ENG 4830, ENG 4840 will be taken in order. Those registering for this course must have applied for and been accepted into the Faculty of Engineering co-operative education stream. Not to be held with: CIVL 4930, ECE 4720, or MECH 4060. This course is graded on a pass/fail basis.

**ENG 4840 Co-operative Work 5**  
Cr. Hrs. 1  
Work assignment in business, industry, or government for the Faculty of Engineering co-operative education stream students. Requires submission of a written report covering the work completed during the four-month professional assignment. It is assumed that courses ENG 4800, ENG 4810, ENG 4820, ENG 4830 and ENG 4840 will be taken in order. Those registering for this course must have applied for and been accepted into the Faculty of Engineering co-operative education stream. Not to be held with: CIVL 4940. This course is graded on a pass/fail basis.

### 4.4 Biosystems Engineering

Head: Dr. D. Mann, P.Eng.
Associate Head: Dr. N. Cicek, P.Eng
Campus Address/General Office: E2-376 EITC
Telephone: 204 474 6033
Fax: 204 474 7512
Website: [umanitoba.ca/faculties/engineering/departments/biosystems](http://umanitoba.ca/faculties/engineering/departments/biosystems)

**Academic Staff:**

**Biosystems Engineering:**
For a complete listing of academic staff, please refer to the following website: [http://umanitoba.ca/faculties/engineering/departments/biosystems/facstaff/acadstatic.html](http://umanitoba.ca/faculties/engineering/departments/biosystems/facstaff/acadstatic.html)
The Department of Biosystems Engineering offers an accredited degree program in Biosystems Engineering. Biosystems Engineering emphasizes the application of engineering principles to biologically-based systems (plants, animals, humans, and microorganisms). The program is designed to give students knowledge of the fundamental principles of engineering and to introduce biological concepts to enable these engineers to successfully interact with relevant professionals when solving engineering problems involving biological systems. The program is offered in both a traditional and a co-operative education format. The department offers three Specializations (Biomedical, Bioresource and Environmental) and one Minor (Agribusiness). A bachelor’s degree in Biosystems Engineering meets the requirements for admission to the Faculty of Medicine.

The undergraduate curriculum in Biosystems Engineering is an academic program in the Faculty of Engineering. Students wishing to study in Biosystems Engineering must be admitted to the Faculty of Engineering. They are required to complete the Preliminary Engineering Program as a prerequisite to the courses in Biosystems Engineering.

### 4.4.1 Biosystems Engineering Degree Program

#### Preliminary Engineering Program

Common to all engineering programs (see Section 4.2 for details).

#### Program Core Courses

Note: Students are encouraged to consult the department for eight- and ten-term program models. Students are strongly encouraged to follow the model programs when possible, as timetabling and course offerings are based on these program models.

#### Specializations

MBIO 1220 or MBIO 1010: Essentials of Microbiology

MECH 2150: Mechanical Engineering Modelling and Numerical Methods

MECH 3482: Kinematics and Dynamics

STAT 2220: Contemporary Statistics for Engineers

BIOE 1410 or SOIL 4060: Anatomy of the Human Body

BIOE 1412 or BIOE 2600: Physiology of the Human Body

One course in Technology and Society (ENG 3020 or ANTH 2430) is required.

Two Complementary Studies Electives

Three Biosystems Engineering Design Electives (see list below)

Two Free Electives

**Total credit hours for graduation:** 150 to 153

Please note the combination of BIOL 1020 (Biology 1: Principles and Themes) and BIOL 1030 (Biology 2: Biological Diversity, Function and Interactions) can be used in place of BIOE 2590 (Biology for Engineers).

Design elective courses offered vary from year to year. Courses offered in the current year are listed on the online timetables on the department website.

### 4.4.3 Complementary Studies Electives
Complementary studies electives are required to give the engineering student exposure to topics outside the fields of science and engineering. Many university courses fulfill the complementary studies requirement:

- Any course at the 1000-level or above from the faculties of Arts or Management;
- Any course at the 1000-level or above from the Department of Agribusiness and Agricultural Economics;
- Any course listed in Group C of our 3 specializations

ARTS 1100 Introduction to University may not be used for credit in the Faculty of Engineering. Other university courses, which do not cover topics of science or engineering, may also be acceptable. Please consult with the department head (or his/her designate) for approval of such courses.

**Free Electives**

Any university course at the 1000-level or above can be used as a free elective. However, ARTS 1100 Introduction to University may not be used for credit in the Faculty of Engineering. Students are permitted to take additional design electives or engineering courses from other departments to fulfill free elective requirements.

**4.4.4 Specializations**

**Specializations in Biosystems Engineering**

Students wishing to pursue more focused studies in a Biosystems Engineering subject area have the choice of completing one of three specializations: 1) Biomedical, 2) Bioresource, or 3) Environmental. To complete a specialization, you will be required to complete two science electives (identified as Group A), three Biosystems Engineering design electives (identified as Group B), two complementary studies electives (identified as Group C), and two free electives (selected from Groups B, C or D). The similarly-themed courses that have been identified for each specialization take the place of two science electives, three Biosystems Engineering design electives, two complementary studies electives, and two free electives in the general Biosystems Engineering program (i.e., completing a specialization does not require any additional coursework).

**Biomedical Specialization**

The biomedical specialization provides engineers with knowledge of human anatomy and physiology to enhance the understanding of the role to be played by engineers in specific areas within biomedical engineering such as rehabilitation engineering, clinical engineering, medical imaging, and orthopaedics.

Students who obtain a grade of “C” or better in the courses listed below will receive a notation of “Biomedical Specialization” on their transcript at the time of graduation.

**Group A: Science Electives (choose both courses)**

BIOL 1410 Human Anatomy

BIOL 1412 Physiology of the Human Body

**Group B: Biosystems Engineering Design Electives (choose 3 from the list)**

BIOE 4414 Imaging and Spectroscopy for Biosystems

BIOE 4610 Design of Assistive Technology Devices

BIOE 4640 Bioengineering Applications in Medicine

**Group C: Complementary Studies Electives (choose 2 from the list)**

ENG 1900 Occupational Health and Safety Awareness

ENVR 3400 Introduction to Environment and Health

HIST 4660 History of Health and Disease (6) (counts as 2)

HIST 4680 Social History of Health and Disease in Modern Canada (6) (counts as 2)

HNSC 1210 Nutrition for Health and Changing Lifestyles

NATV 3240 Native Medicine and Health

PERS 1200 Physical Activity, Health and Wellness

PHIL 2740 Ethics and Biomedicine (or PHIL 2741 Éthique et biomédecine)

**Group D: Free Electives (choose 2 from the list)**

(Note: additional courses from Group C can be used to fulfill Group D electives.)

BIOE 4650 Textiles in Healthcare and Medical Applications

BIOL 2410 Human Physiology 1

BIOL 2420 Human Physiology 2

BIOL 4470 Sensory-Motor Physiology

CHEM 2210 Introductory Organic Chemistry 1

CHEM 2360 Biochemistry 1

CHEM 2370 Biochemistry 2

ECE 4610 Biomedical Instrumentation and Signal Processing

KIN 2330 Biomechanics

KIN 4330 Advanced Biomechanics

MECH 4322 Design of Biomechanical Devices

MECH 4360 Biomaterials for Medical Applications

PHYS 3220 Medical Physics and Physiological Measurement

PHYS 4400 Medical Imaging

Note: Special permission may be granted by the Head of Department for courses not appearing on the list for Group C or Group D.

**Bioresource Specialization**

Challenges remain in the production of food and renewable resources for a world of ever-increasing population. The bioresource specialization provides the educational background to enable engineers to devise strategies and technologies for producing food, fibre, bio-based products, and renewable energy efficiently and sustainably.

Students who obtain a grade of “C” or better in the courses listed below will receive a notation of “Bioresource Specialization” on their transcript at the time of graduation.

**Group A: Science Electives (choose both courses)**

BIOL 1410 Human Anatomy

BIOL 1412 Physiology of the Human Body

**Group B: Biosystems Engineering Design Electives (choose 3 from the list)**

BIOE 4414 Imaging and Spectroscopy for Biosystems

BIOE 4610 Design of Assistive Technology Devices

BIOE 4640 Bioengineering Applications in Medicine

**Group C: Complementary Studies Electives (choose 2 from the list)**

ENG 1900 Occupational Health and Safety Awareness

ENVR 3400 Introduction to Environment and Health

HIST 4660 History of Health and Disease (6) (counts as 2)

HIST 4680 Social History of Health and Disease in Modern Canada (6) (counts as 2)

HNSC 1210 Nutrition for Health and Changing Lifestyles

NATV 3240 Native Medicine and Health

PERS 1200 Physical Activity, Health and Wellness

PHIL 2740 Ethics and Biomedicine (or PHIL 2741 Éthique et biomédecine)
Group B: BIOSYSTEMS ENGINEERING DESIGN ELECTIVES (CHOOSE 3 FROM THE LIST)

BIOE 4390 Unit Operations 1
BIOE 4412 Design of Light-Frame Building Systems
BIOE 4420 Crop Preservation
BIOE 4440 Bioprocessing for Biorefining
BIOE 4590 Management of By-Products from Animal Production
BIOE 4600 Design of Water Management Systems

Group C: COMPLEMENTARY STUDIES ELECTIVES (CHOOSE 2 FROM THE LIST)

ABIZ 1000 Introduction to Agribusiness Management
ABIZ 1010 Economics of World Food Issues and Policies
ABIZ 3530 Farm Management
FOOD 1000 Food Safety Today and Tomorrow
GEOG 2520 Geography of Natural Resources

Group D: FREE ELECTIVES (CHOOSE 2 FROM THE LIST)

(Note: additional courses from Group B or C can be used to fulfill Group D electives.)

AGRI 1500 Natural Resources and Primary Agricultural Production
AGRI 1510 Production, Distribution and Utilization of Agricultural Products
BIOE 2090 Machinery for Agricultural Production
BIOE 2222 Precision Agriculture Concepts and Applications
ENTM 3170 Crop Protection Entomology
FOOD 3010 Food Process 1
FOOD 4260 Water Management in Food Processing
PLNT 2500 Crop Production
PLNT 2510 Fundamentals of Horticulture
PLNT 3560 Organic Crop Production on the Prairies
SOIL 3520 Pesticides: Environment, Economics and Ethics

Note: Special permission may be granted by the Head of Department for courses not appearing on the list for Group C or Group D.

Environmental Specialization

There are numerous environmental issues faced by society. The environmental specialization provides engineers with the knowledge to predict environmental impacts due to human developments and to solve problems associated with the environment (soil contamination, pollution of rivers and lakes, air pollution, wastewater treatment).

Students who obtain a grade of “C” or better in the courses listed below will receive a notation of “Environmental Specialization” on their transcript at the time of graduation.

Group A: SCIENCE ELECTIVES (CHOOSE BOTH COURSES)

BIOE 2600 Plant and Animal Physiology for Engineers
SOIL 4060 Physical Properties of Soil

Group B: BIOSYSTEMS ENGINEERING DESIGN ELECTIVES (CHOOSE 3 FROM THE LIST)

BIOE 4460 Air Pollution Assessment and Management
BIOE 4590 Management of By-Products from Animal Production
BIOE 4600 Design of Water Management Systems
BIOE 4620 Remediation Engineering
BIOE 4700 Alternative Building Design

Group C: COMPLEMENTARY STUDIES ELECTIVES (CHOOSE 2 FROM THE LIST)

ABIZ 2390 Introduction to Environmental Economics (or equivalent)
ENVR 1000 Environmental Science 1 – Concepts
ENVR 2000 Environmental Science 2 - Issues
ENVR 2810 Environmental Critical Thinking and Scientific Research
ENVR 3160 Environmental Responsibilities and the Law
ENVR 3400 Introduction to Environment and Health
ENVR 3750 Green Building and Planning
ENVR 3850 Sustainable Manitoba
ENVR 4050 Ecosystem Management
ENVR 4400 Advanced Issues in Environment and Health
GEOG 2520 Geography of Natural Resources
PHIL 2750 Environmental Ethics

Group D: FREE ELECTIVES (CHOOSE 2 FROM THE LIST)

(Note: additional courses from Group B or C can be used to fulfill Group D electives.)

AGEC 2370 Principles of Ecology (or equivalent)
CIVL 3690 Environmental Engineering Analysis
CIVL 3700 Environmental Engineering Design
CIVL 4350 Hazardous Waste Treatment
ENVR 2550 Environmental Chemistry
ENVR 3110 Environmental Conservation and Restoration
GEOG 3730 Geographic Information Systems

Note: Special permission may be granted by the Head of Department for courses not appearing on the list for Group C or Group D.

Agribusiness Minor

A minor in agribusiness is available to Biosystems Engineering students. The minimum requirement is 18 credit hours consisting of ECON 1010 Introduction to Microeconomic Principles (3 credit hours), ECON 1020 Introduction to Macroeconomic Principles (3 credit hours), ABIZ 1000 Introduction to Agribusiness (3 credit hours), ABIZ 2510 Introduction to Agricultural and Food Marketing (3 credit hours), ABIZ 2520 Introduction to Management Sciences (3 credit hours) and at least three additional credit
hours from the Department of Agribusiness and Agricultural Economics (students must meet all prerequisite requirements). A maximum of 3 courses (9 credit hours) of courses used for the minor may also be used to fulfill course requirements in Biosystems Engineering.

Admission to Medicine

The Bachelor of Science degree in Biosystems Engineering provides the background to meet eligibility requirements for admission into the Max Rady College of Medicine at the University of Manitoba. Students planning to apply for entrance to Medicine after completing the B.Sc. in Biosystems Engineering are advised to consult with the Max Rady College of Medicine for admission requirements.

Co-operative Education Program in Biosystems Engineering

Please refer to SECTION 5: Co-operative Education and Industrial Internship Programs

4.5 Biosystems Engineering Course Descriptions-2000 Level

BIOE 2090 Machinery for Agricultural Production Cr. Hrs. 4

BIOE 2110 Transport Phenomena Cr. Hrs. 3
Principles of heat transfer, solar radiation, psychrometrics, molecular diffusion, mass transfer and refrigeration and their application to biosystems. Prerequisite: ENG 1460.

BIOE 2222 Precision Agriculture Concepts and Applications Cr. Hrs. 4
Precision agriculture is a philosophy of agricultural management that has been enabled by modern technology. This course examines the technology and the techniques of precision agriculture including GPS, GIS, variable rate technologies, and yield monitoring that can be used to improve the efficiency of agricultural operations by decreasing costs, increasing profits, and decreasing hazards to the environment.

BIOE 2480 Impact of Engineering on the Environment Cr. Hrs. 3
Students will gain an understanding of overall sustainability of industrial activities, life-cycle and risk assessment techniques for sustainability, and design improvements to enhance environmental performance of engineered systems. This course will introduce basic methodologies for conducting environmental impact assessments, including physical, chemical, ecological, social and economic impacts. May not be held with the former BIOE 4480. Registration restricted to Biosystems Engineering students.

BIOE 2590 Biology for Engineers Cr. Hrs. 3
Provide theories and principles of Biology to engineering students and present applications of biological principles to engineering problems. Fundamental theories involved in cell structure and function, metabolism, genetics and heredity, bacteria and virus structure and function, plant and animal structure and function are covered. An introduction to animal and plant physiology is also provided. Laboratory sessions and term assignments focus on the engineering applications of these basic theories and principles to provide a good understanding of the role of Biology in Engineering. Prerequisite: CHEM 1300.

BIOE 2600 Plant and Animal Physiology for Engineers Cr. Hrs. 4
Plant and animal physiology as affected by environment for use in the design of agricultural machines, structures, and food processes for biological products; models of simulation of plant and animal growth. Prerequisite: BIOE 2590. May not be held with the former AGRI 2200.

BIOE 2790 Fluid Mechanics Cr. Hrs. 4
(Lab required) Definition of fluid; fluid properties; variation of pressure in a fluid; hydrostatic forces; buoyancy; kinematics of flow; control volumes; continuity; Bernoulli’s equation; energy equation; flow in closed conduits; open channel flow. Prerequisites: ENG 1440 (or ENG 1441) and (MATH 1710 or MATH 1700 or MATH 1701). Not to be held with CIVL 2790.

BIOE 2800 Solid Mechanics Cr. Hrs. 4
(Lab required) Analysis of deformable bodies; stress and strain in three dimensions; equilibrium equations and strain-displacement relations; constitutive relations and mechanical behaviour of materials; radially symmetric and plane problems in elasticity; relevant experimental demonstrations. Prerequisites: ENG 1440 (or ENG 1441) and (MATH 1710 or MATH 1700 or MATH 1701). Not to be held with CIVL 2800.

BIOE 2900 Biosystems Engineering Design 1 Cr. Hrs. 4
An introduction to the professional discipline of Biosystems Engineering and the philosophy of systems thinking that is used by the Biosystems engineer. Students will be introduced to several principles (i.e., safety engineering, human factors engineering and biomimicry) that should be considered during the design process, and will be given opportunity to apply these principles to design problems. The course will provide opportunity for students to develop technical communication, project management and teamwork skills. May not be held with BIOE 2580. Prerequisite: ENG 1430.

4.5.1 Biosystems Engineering Course Descriptions-3000 Level

BIOE 3270 Instrumentation and Measurement for Biosystems Cr. Hrs. 4
Basic instrumentation for measuring electrical and non-electrical quantities associated with biosystems engineering and industry; transducers for automatic control. Prerequisites: [MATH 2132 (or the former MATH 2110)] and ENG 1450.

BIOE 3320 Engineering Properties of Biological Materials Cr. Hrs. 4
(Lab required) Engineering properties of biological and interacting materials within the system. Relationship between composition, structure, and properties of plant, animal, and human tissues. Definition and measurement of mechanical, thermal, electromagnetic, chemical and biological properties and their variability. Use of these properties in engineering calculations. Prerequisites: [Math 2130 (or the former Math 2110)] and [BIOE 2800 or CIVL 2800 or MECH 2222 (or the former Mech 2220)].

BIOE 3400 Design of Structural Components in Machines Cr. Hrs. 4
(Lab required) Design of structural components in machines; designing for axial tension and compression, connections for axial loadings, pinned trusses, bending, torsion, and combined loads; designing for welded connections; use of fluid power to enable movement of structural components. Students will use the computer as a design tool. May not be held with the former BIOE 4530. Prerequisite: BIOE 2800 or CIVL 2800 or MECH 2222.

BIOE 3530 Engineering Fundamentals Cr. Hrs. 3
Principles of heat transfer, steam, psychrometrics, fluid mechanics, material balances, electricity and refrigeration. Cannot be held for credit in the Faculty of Engineering. Prerequisite: [MATH 1300 or equivalent] and [MATH 1500 or equivalent] or the former MATH 1680.
BIOE 3590 Mechanics of Materials in Biosystems  Cr. Hrs. 4
(Lab required) In this course students will be exposed to both the theory and physical behaviour of materials when subjected to loads. The course will be delivered using a combination of lectures and hands-on labs. The materials presented include a wide range of materials biosystems engineers may be involved with, including plastics, bone, wood, concrete, steel, other biological materials and composites. Prerequisite: BIOE 2800 or CIVL 2800, or MECH 2222.

BIOE 3900 Biosystems Engineering Design 2  Cr. Hrs. 4
An introduction to the use of reverse engineering to deduce design features from previously-designed products or systems. Considerations such as design for sustainability and design for disassembly will be discussed. Students will have opportunity to use reverse engineering principles i) to understand how components fit together to form functional systems, ii) to identify flaws and iii) to propose design improvements. Students will learn appropriate techniques for documenting the reverse engineering process. Theory of project management will also be taught and discussed. Prerequisites: [BIOE 2900 or the former BIOE 2580] and ENG 2022 or the former ENG 2020.

4.5.2 Biosystems Engineering Course Descriptions-4000 Level

BIOE 4240 Graduation Project  Cr. Hrs. 3
Either an independent or a directed study including at least one of: a comprehensive literature review, an experimental research project, or an engineering design problem. The project is to be concluded by a formal report or thesis. Prerequisites: BIOE 3270 or approval of department.

BIOE 4390 Unit Operations  Cr. Hrs. 4
(Lab required) Equipment and systems used in handling, mixing, size reduction, separation and size enlargement of value-added food products. Prerequisites: BIOE 2790 or CIVL 2790 or MECH 2262. Pre- or Corequisites: BIOE 3320 and BIOE 3270.

BIOE 4412 Design of Light-Frame Building Systems  Cr. Hrs. 4
(Lab required) Light-frame buildings as a structural and environmental system; structural loads in building systems; energy (heat), moisture and air contaminants in buildings; built-environment for building occupants. Hands-on labs of constructing small-scale structures for students to gain an understanding of building construction techniques. May not be held with CIVL 4024. Prerequisites: BIOE 2110. Pre- or Corequisite: BIOE 3590.

BIOE 4414 Imaging and Spectroscopy for Biosystems  Cr. Hrs. 4
The purpose of this course is to familiarize senior Biosystems Engineering students with the fundamentals of imaging and spectroscopy for biosystems. Techniques of image acquisition, storage, processing, and pattern recognition will be taught. Various spectroscopy techniques and their applicability to biological materials will be discussed. Analysis of data using statistical, artificial neural networks and chemometric methods will be covered. Offered in alternate years. Prerequisite: BIOE 3270.

BIOE 4416 Topics in Biosystems Engineering  Cr. Hrs. 3
This course will cover contemporary topics in Biosystems Engineering. The specific topics and a detailed outline will be available at the time of registration. Prerequisite: Permission of the department.

BIOE 4420 Crop Preservation  Cr. Hrs. 4
Biological and physical deterioration during storage. Methods of preserving and storing cereals, oilseeds, and other agricultural crops. Prerequisite: BIOE 2110.

BIOE 4440 Bioprocessing for Biorefining  Cr. Hrs. 4
This course will provide students with an understanding of the principles involved in the design of proper conditions for processing of biomaterials for production of high-quality biofuels and bioproducts. The content of this course is built on the principles of physics, transport phenomena, thermodynamics, reaction, kinetics, fermentation, and industrial unit operations. Prerequisite: BIOE 2110. Pre-or corequisite: BIOE 3320.

BIOE 4460 Air Pollution Assessment and Management  Cr. Hrs. 4
(Lab required) Air pollutant sources and characteristics, their impact on the environment, their behaviour in the atmosphere. Methods of sampling and measurement and the basic technological alternatives available for separation/removal and control. Particular problems of regional interest are discussed. Pre- or Corequisites: BIOE 2790 or CIVL 2790 or MECH 2262 or the former MECH 2260.

BIOE 4500 Water Management  Cr. Hrs. 3
Introduction to the design of irrigation and drainage systems. Topics in irrigation include sprinklers, laterals, mainline and pumps. Drainage topics cover both the surface and subsurface systems. Analysis of precipitation and runoff. Environmental impacts of water management. Offered alternate years.

BIOE 4520 Crop Preservation and Handling  Cr. Hrs. 3
Interaction of biological and physical factors related to methods of preserving, storing, and handling cereals, oilseeds, and other agricultural crops. Offered alternate years.

BIOE 4560 Structural Design in Wood  Cr. Hrs. 4
Design using wood as a structural material in light-frame buildings. Consideration of design constraints associated with sawn lumber as well as based composite materials. Emphasis on use of computer based design aids. Prerequisites: CIVL 3770 or BIOE 3590.

BIOE 4590 Management of By-Products from Animal Production  Cr. Hrs. 4
Prerequisites: CIVL 3770 or BIOE 4410, ZOOL 4420 or MECH 3260.

BIOE 4600 Design of Water Management Systems  Cr. Hrs. 4
To introduce the basic theoretical principles in the design of irrigation and drainage systems. Topics covered include the determination of irrigation depth and interval, evapotranspiration, measurement and analysis of precipitation, design of sprinkler and drip irrigation systems, selection of pumps, surface and subsurface drainage design, water quality issues, salinity management, and the environmental impact of water management practices. Corequisite: SOIL 4060 or CIVL 3730 or consent of instructor.

BIOE 4610 Design of Assistive Technology Devices  Cr. Hrs. 4
Application and design of technology for individuals with disabilities; emphasizing the development of the requisite knowledge, skills, and attitudes to evaluate, design, and implement client-centred assistive technology. A multi-disciplinary approach to learning and applying knowledge will be emphasized with engineering and medical rehabilitation students collaborating on a design project. Prerequisite: BIOL 1412 or ZOOL 1330.

BIOE 4620 Remediation Engineering  Cr. Hrs. 4
(Lab required) The theoretical basis for the engineering design of different remediation technologies to treat contaminated soil and groundwater will
be introduced. Methods for site characterization, monitoring of progress in remediation, and modeling of the remediation process will be presented. Different methods such as soil washing, air sparging, bioremediation, phyto remediation, constructed wetlands, electrokinetic remediation, reactive barriers will be discussed. Prerequisite: BIOE 2790 or CIVL 2790 or MECH 2262 or the former MECH 2260.

**BIOE 4640 Bioengineering Applications in Medicine**  
Cr. Hrs. 4

This course surveys bioengineering applications and medicine from a clinical engineering perspective. Topics include: clinical engineering practice; device development legislation; biomedical sensors; biosensors; biomaterials and biocompatibility; as well as the principles of and design for medical imaging equipment. Prerequisites: BIOL 1410 (or ZOOL 1320) and CIVL 1412 (or ZOOL 1330) and BIOE 3320.

**BIOE 4650 Textiles in Healthcare and Medical Applications**  
Cr. Hrs. 4

This course provides students with an introduction to medical textiles and healthcare products used in current practices, as well as fundamentals for designing textile products and devices that improve the health and quality of life of human beings. The course includes both basic topics related to healthcare and medical textiles (i.e., materials and structures, nanofibers for medical uses, comfort and health problems with textiles, biocompatibility and biostability issues) and applications of textile products for healthcare and medical end uses (i.e., protective and hygiene textiles, external devices, tissue engineering and intelligent/smart textiles). May not be held with TXSC 3500 or TXSC 4500. Prerequisite: BIOE 2590. Pre- or Corequisite: BIOE 3320.

**BIOE 4700 Alternative Building Design**  
Cr. Hrs. 4

(Lab required) This course will provide students with experience in the design of structures that utilize natural and green building materials and techniques. Students will get hands-on lab experience with various natural building materials such as straw, straw light clay, cob and stackwall. May not be held with CIVL 4024. Pre- or Corequisites: BIOE 3590 or CIVL 3770.

**BIOE 4900 Biosystems Engineering Design 3**  
Cr. Hrs. 4

An opportunity for the Biosystems Engineering student to practice fundamental engineering competencies (project management, technical communication) in the preparation of a preliminary design for the client. Students will be expected to demonstrate professionalism as a part of a design team. May not be held with BIOE 3580. Prerequisite: BIOE 3900.

**BIOE 4950 Biosystems Engineering Design 4**  
Cr. Hrs. 4

An opportunity for the Biosystems Engineering student to validate a conceptual solution to an engineering problem through fabrication and testing of a prototype. Students will be expected to employ project management skills to ensure completion of both prototype and an engineering report for a client by the end of the semester. May not be held with BIOE 4580. Prerequisite: BIOE 4900.

### 4.6 Civil Engineering

Head: Dr. Dagmar Svecova, P.Eng  
Associate Head: Dr. Shawn Clark, P.Eng.  
Campus Address/General Office: E1-368 EITC  
Email Address: civil_eng@umanitoba.ca  
Telephone: 204 474 9220  
Fax: 204 474 7513  
Website: [http://umanitoba.ca/faculties/engineering/departments/civil/](http://umanitoba.ca/faculties/engineering/departments/civil/)

The Department of Civil Engineering offers a fully accredited degree program in Civil Engineering. Graduates of the Civil Engineering program are academically qualified to register as Engineers-in-Training in engineering licensing bodies in Canada. The Civil Engineering program is designed to give students a broad knowledge of engineering principles and professional practice. The program has a strong core component that provides exposure to a range of areas in Civil Engineering, including – but not limited to – the design of buildings and bridges, the design of facilities and methods for treatment of water, waste water and solid waste, the design of foundations and earthworks such as dams and river bank protection, transportation planning, the design of roads and pavement, the design of hydraulic structures such as sewers, canals, and spillways, and the management of surface and ground water. In the last years of the program, there are some opportunities for specialization through selection of technical elective courses. A cooperative education option allows students to include practical work experience in their program.

**Civil Engineering Degree Program**

Students are to consult with the department for four and five-year program plans. Students are expected to follow the program plans when possible, as timetabling and course offerings are based on these plans.

**Environmental Engineering Option**

An option in Environmental Engineering provides an opportunity for students to focus on environmental engineering related courses.

**Student Support**

Summer employment of a limited number of undergraduate students may be offered by the Department of Civil Engineering. Typical duties include assisting academic staff members with research projects.

**Preliminary Engineering Program**

Common to all Engineering Programs (see Section 4.2 for details.)

**Civil Engineering Program and Environmental Engineering Option**

**Common Core Program**

Notes:

1) Students are required to take any course from the Faculty of Arts or
Faculty of Management, at the 1000 level or above, as a complementary studies elective. However, ARTS 1110 Introduction to University may not be used for credit in the Faculty of Engineering. Students pursuing the Environmental Option must take PHIL 2750 as their complementary studies elective.

2) Technical elective courses offered vary from year to year and may have limited enrollment. Courses offered in the current year are listed on the online timetables on the Department website.

3) Students are encouraged to discuss their program of courses with members of the instructional staff to obtain advice concerning the best choice of electives for their needs.

4) CIVL 4024 can not be held with BIOE 4412 or BIOE 4700.

5) Students may take one technical elective course with a significant engineering science and/or design component from another department subject to the approval by the department head (or designate) of Civil Engineering.

Co-operative Education Option in Civil Engineering

Please refer to SECTION 5: Co-operative Education and Industrial Internship Programs

4.7 Civil Engineering Course Descriptions-3000 Level

CIVL 3590 Numerical Methods in Engineering Analysis Cr. Hrs. 4 Variety of numerical techniques applicable to solutions of problems in civil engineering. Students may not hold credit for CIVL 3590 and MATH 2120. Prerequisite: COMP 1010 or COMP 1012 (C). Pre or Co-requisite: MATH 2132 or prerequisite MATH 2100.

CIVL 3690 Environmental Engineering Analysis Cr. Hrs. 4 Introduction to environmental engineering analysis concept; risk assessment; colloidal dispersions; mass balances, reaction kinetics and reactor design principles. Water pollution and water quality in rivers and lakes. Physical, chemical and biological unit operations and processes applied in water and/or wastewater treatment. Meteorology and air pollution; atmospheric dispersion. Solid waste management issues. Prerequisites: [CHEM 1310 or CHEM 2560], STAT 2220

CIVL 3700 Environmental Engineering Design Cr. Hrs. 4 Design principles are developed for water, solid/soil and air pollution control. Application of the principles in design projects which may include surface and groundwater remediation, solid waste management, landfilling, soil remediation and site assessment; municipal and industrial wastewater treatment; odour and air pollution abatement facilities. Prerequisite: CIVL 3690.

CIVL 3710 Finite Element Analysis Cr. Hrs. 4 One-dimensional analysis of fluid flow, seepage and heat transfer; truss, beam and frame elements; two-dimensional problems; isoparametric elements and Gauss quadrature; time-dependent problems, diffusion, consolidation, and time integration methods; introduction to commercial packages; solution of problems in civil engineering (seepage, dams, pavements). Prerequisites: [CIVL 2790, CIVL 2800], [CIVL 3590 or MATH 2120].

CIVL 3730 Geotechnical Materials and Analysis Cr. Hrs. 4 Soil and rock properties: laboratory and field techniques; in situ states of stress and consolidations; constitutive models; stress beneath loaded areas and around tunnels; analysis of simple retaining structures and slopes; stability and settlement of shallow and deep foundations in soil and rock. Prerequisites: [GEO 1340 or the former GEO 2250], CIVL 2770, CIVL 2800.

CIVL 3740 Hydraulics Cr. Hrs. 4 Hydraulics of uniform and gradually varied flow; backwater computation and classification of surface water profiles; hydraulics jumps, spillways, and stilling basins; flow over weirs; hydraulic models; theory of turbo-machinery. Prerequisite: CIVL 2790.

CIVL 3750 Hydrology Cr. Hrs. 4 Basic hydrological processes; precipitation; evapotranspiration; infiltration and runoff; analytical methods; hydrograph theory and application; application to reservoir design; project floods and flow forecasting; statistical analysis. Prerequisite or corequisite: STAT 2220 or (STAT 1000 and STAT 2000).

CIVL 3760 Structural Analysis Cr. Hrs. 4 Different structural forms and load distribution, analysis of cables; statically determinate curved, beams and frames; influence lines; energy methods and deflections of structures; flexibility and stiffness methods; computer-aided structural analysis; introduction to structural dynamics. Prerequisite: CIVL 2800.

CIVL 3770 Structural Design 1 Cr. Hrs. 4...
Introduction to design of steel structures; loading, structural configurations; design of simple members and connections; building code requirements. Prerequisites: CIVL 2770 (C), CIVL 3760 (C).

CIVL 3790 Transportation Engineering 1  Cr. Hrs. 4

4.7.2 Civil Engineering Course Descriptions-4000 Level

CIVL 4020 Masonry Design and Construction  Cr. Hrs. 4
Introduction to the building codes that govern masonry design. Advanced design procedures for masonry members and structures. Single-story and multi-story building design. Prerequisite: CIVL 3760.

CIVL 4022 Properties and Design of Concrete Mixtures  Cr. Hrs. 4
 Constituent materials (cement, admixtures, etc.) of concrete; performance-based design and control of concrete mixtures; fresh, hardened and durability properties of concrete. Prerequisite: CIVL 2770.

CIVL 4024 Sustainable Building Design: Principles of Best Practice  Cr. Hrs. 4
(Lab required) Best practices in sustainable design; current standards that govern building envelope components, cladding systems, membranes, interface details and indoor air quality. Industry challenges; presents fundamental principles of building science and demonstrates their application to the design, repair and maintenance of buildings; building systems; how environments affect material performance. May not be held with BIOE 4412 or BIOE 4700. Prerequisite: CIVL 3760, Pre or Corequisite: CIVL 3770.

CIVL 4030 Structural Design 3  Cr. Hrs. 4
 Prestressed concrete structures; fibre-reinforced concrete structures; bridge loading, analysis and design in steel and concrete; special topics in structural engineering. Prerequisites: CIVL 2770, CIVL 2800, CIVL 3760, CIVL 3770, CIVL 4390.

CIVL 4040 Structural Dynamics  Cr. Hrs. 4
 Dynamic loads in civil engineering; overview of structural dynamics; single-degree-of-freedom systems; free-vibration, harmonic, periodic and impulsive loads; multi-degree-of-freedom systems; distributed systems; beam vibrations; steady-state vibrations of foundations; introduction to earthquake engineering; elastic waves in soils, response and design spectrums; wind vibrations. Prerequisite: CIVL 3760.

CIVL 4050 Engineering Economics  Cr. Hrs. 3

CIVL 4100 Engineering Management and the Environment  Cr. Hrs. 4
 Teams of students apply environmental management techniques, such as: impact assessment, site assessment, and auditing to selected engineering construction projects and operations; several oral and written reports are required. Co- or prerequisite: CIVL 3700.

CIVL 4120 Water Treatment Plant Design  Cr. Hrs. 4
 Design of unit processes used in potable water treatment plants: solid/liquid separation, oxidation, coagulation, filtration, adsorption and disinfection. Determination of design parameters through laboratory studies. Water treatment plants design standards and guidelines. Prerequisite: CIVL 3690.

CIVL 4130 Solid Waste Management  Cr. Hrs. 4

CIVL 4180 Environmental Systems  Cr. Hrs. 4
 Development of a river water quality model; waste allocation modelling; modelling of the sites selection process; analysis of environmental impact using technical and non-technical (i.e. sociological, ethical, aesthetic) parameters. Prerequisites: CIVL 2780, CIVL 3690, CIVL 3750.

CIVL 4200 Groundwater Contamination  Cr. Hrs. 4
 Introduction to the principles of groundwater chemistry; chemical evolution of natural groundwater flow systems; sources of contamination; mass transport processes; hydrochemical behaviour of contaminants; nuclear waste disposal; non-aqueous phase organics; aquifer remediation. Prerequisites: CIVL 2790 and (GEOL 1340 or GEOL 2250). Pre or Co-requisite: CIVL 3690.

CIVL 4220 Geotechnical Design  Cr. Hrs. 4
 Site characterization; design and construction of surface footings, deep foundations, tunnels, earth and rock support systems; design and remediation of slopes; frozen soils and foundation design; geosynthetics and geofabrics in geotechnical construction; reinforced earth; geoenvironmental issues; tailing dams, clean-up, and remediation. Prerequisite: CIVL 3730.

CIVL 4230 Geotechnical Engineering  Cr. Hrs. 4
 Case-history approach to geotechnical engineering practice from civil and mining engineering; relationship between predicted and observed behaviour; surface and shallow footings; propped walls and bulkheads; rock and soft ground tunneling; deep foundations; rock and soil slopes; culverts; geoenvironmental problems. Prerequisite: CIVL 3730.

CIVL 4232 Geotechnical Earthquake Engineering  Cr. Hrs. 4
 (Lab required) Introduction to soil dynamics and geotechnical earthquake engineering. Behavior of soil subjected to various types of dynamic or cyclic loadings; liquefaction and lateral spreading of soil; design of shallow and deep foundations. retaining structures, slopes and pavements subject to seismic loading; design code provisions. Prerequisite: CIVL 3730.

CIVL 4250 Groundwater Hydrology  Cr. Hrs. 4
 Introduction to theory of groundwater flow; flow nets; regional groundwater flow; well hydraulics; role of groundwater in geologic and engineering processes; multiphase flow. Prerequisites: GEOL 2250, CIVL 2790, MATH 2130 (or MATH 2110), MATH 2132 (or MATH 2100).

CIVL 4300 Design of Urban Water Systems  Cr. Hrs. 4
 Water supply and the design of water distribution systems. Urban hydrology and design of wastewater and stormwater collection systems.
Manitoba specific applications will be discussed. Prerequisites: CIVL 2790.

**CIVL 4332 Civil Engineering Thesis Project**  
Cr. Hrs. 4  
The student will undertake an original study involving engineering design, procedure, or experimental investigation that emphasizes the student's initiative and judgement. The student must demonstrate an ability to plan, conduct and formally report on the study by written thesis and oral presentation. May not be held with CIVL 4330. Prerequisites: Completion of 120 credit hours, and (ENG 2030 or ENG 2040 (or the former ENG 2010)).

**CIVL 4350 Hazardous Waste Treatment**  
Cr. Hrs. 4  
Sources and classification of hazardous and industrial wastes. Overview of the waste management problem. Theory and applications of various physical, chemical, and thermal, waste treatment processes. Waste elimination options and strategies. Prerequisite: CIVL 3690.

**CIVL 4380 Infrastructure Engineering and Construction Management**  
Cr. Hrs. 4  
Infrastructure engineering; drainage systems, maintenance engineering and management. Construction and project management; workplace health and safety, construction site field trips, construction equipment, temporary facilities, project management. Elements of law for civil engineers. Prerequisite: ENG 3000 or CIVL 4050.

**CIVL 4390 Structural Design 2**  
Cr. Hrs. 4  
Design in reinforced concrete; properties of materials; ultimate strength design; analysis and design of sections in bending; shear and development considerations; short- and long-term deflection; sections subjected to bending and axial stresses; design of simple floor systems; column footings. Prerequisites: CIVL 2770, CIVL 2800, CIVL 3760, CIVL 3770.

**CIVL 4400 Transportation Engineering 2**  
Cr. Hrs. 4  

**CIVL 4410 Transportation Systems**  
Cr. Hs. 4  

**CIVL 4420 Highway Pavement Design**  
Cr. Hrs. 4  
Soil classification and properties; soil-moisture-density-strength relationships; earthworks operations and specifications; soil stabilization; granular bases; surface drainage; structural design of flexible and rigid pavements. Prerequisites: CIVL 2770, CIVL 3790.

**CIVL 4460 Technology, Society, and the Future**  
Cr. Hrs. 3  
Impact of technology and technological change on society - past, present, future; specific technologies, e.g. construction, machine power, computers, communications, medical, military: the process of technological change; invisible effects of technology; technology and resource use; sustainable development, limits to growth and the role of technology. Prerequisite: A grade of “C” or better in one of the courses from the list of Written English for Engineering Students, or the former ENGL 1310, or the former ENGL 1320.

**CIVL 4470 Watershed Processes**  
Cr. Hrs. 4  
Rainfall-runoff processes, flood routing: characteristics and mechanics of flow in (natural) channels; computer modelling of watershed hydrology and hydraulics; influence of man-made structures; river morphology, sediment transport prediction, design of a stable channel; river ice processes. Prerequisite: CIVL 3750, Pre or co-requisite: CIVL 3740.

**CIVL 4500 Contemporary Topics in Civil Engineering**  
Cr. Hrs. 4  
This course will cover contemporary topics in Civil Engineering. The specific topics and a detailed outline will be available at the time of registration prior to the start of the registration period for the session in which the course will be offered. Prerequisite: Permission of the department head.

**CIVL 4590 Design Project**  
Cr. Hrs. 6  
An interdisciplinary project-based course involving engineering design, teamwork and delivered in studio format. Students are expected to work in pre-assigned teams under the guidance of professional engineers on a pre-determined project. Lecture material will cover project management, construction, environmental and economic issues. Each team will be required to give an oral presentation of their design project. Prerequisite: (ENG 2030 or ENG 2040 (or the former ENG 2010)), CIVL 2840, CIVL 3690, CIVL 3730, CIVL 3740, CIVL 3750, CIVL 3770, and CIVL 3790.

**4.8 Electrical and Computer Engineering**

Head: Dr. J. LoVetri, P.Eng.  
Associate Head(s): Dr. Dean McNeill, P.Eng. (Computer Engineering); Dr. Derek Oliver, P.Eng. (Electrical Engineering)  
Campus Address/General Office: E2-390 EITC  
Email Address: ece-inquiries@lists.umanitoba.ca  
Telephone: 204 474 9603  
Fax: 204 261 4639  
Website: http://umanitoba.ca/faculties/engineering/departments/depts_ece.html

The Department of Electrical and Computer Engineering offers two fully accredited degree programs, one in Electrical Engineering and one in Computer Engineering. Both programs may include an industry internship. The programs are designed to give students knowledge of the basic principles of engineering and, in particular, an adequate training and education in the fundamentals and professional applications of Electrical and Computer Engineering. It is recommended that students entering Electrical or Computer Engineering acquire their own computer.

**Industry Internship Program (IIP)**

The Faculty of Engineering offers cooperative education or industry internship opportunities as part of all degree programs. For information on these programs, please refer to **SECTION 5: Co-operative Education and Industrial Internship Programs**.

**4.8.1 Computer Engineering Degree Program**

**Computer Engineering Degree Program**

The program in Computer Engineering has a core-plus-elective structure. The core includes fundamental professional courses focused on digital hardware, digital systems design, software engineering, algorithms, electronics, and communications, as well as developing a necessary foundation in mathematics, computer programming, electric circuits, the
The student’s program must include six credit hours of complementary studies electives. Courses in engineering economics, technical writing, and ecology, technology and society are compulsory.

Students are encouraged to consult with the department for model four-year and five-year programs. Students are strongly encouraged to follow the model programs when possible, as timetabling and course offerings are based on these.

**Preliminary Engineering Program**

All degree programs within the Faculty of Engineering consist of a common first-year known as the **Preliminary Engineering Program**. For information on the preliminary program, please refer to Section 4.2.

**Computer Engineering Departmental Program**

**Natural Science Electives for Computer Engineering**

The Computer Engineering program requires students to complete two (2) Natural Science Electives as part of their program selected from a Department approved list. These courses may be taken anytime during the student’s program. One course must be selected from Group A. The second may be selected from either Group A or Group B.

**Approved Natural Science Electives - Group A (1 required)**

2. The complementary studies elective can be any course at the 1000 level or above from either the faculties of Arts or Management. However, ARTS 1110 Introduction to University may not be used for credit in the Faculty of Engineering.

3. The Department of Electrical and Computer Engineering does not guarantee that all elective courses will be offered every session or that it will be possible to fit courses into all of the many possible timetable combinations of students taking the programs. The term in which an elective course is offered is specified each year in the online timetables on the Department website. There may be a maximum limit on the number of students allowed to take an elective in a particular session. Similarly, there may be a minimum limit and if registration is below the minimum, the elective will be cancelled for the session, and those registered will be required to transfer to another elective before the deadline date for course changes.

4. Students are urged to discuss their program of courses with members of the instructional staff before the end of their third year to obtain advice concerning the best choice of electives for their needs.

5. The natural science elective course is to be chosen from a list of courses approved by the Department and available on the Department website.

6. Requires permission of the Department.

**4.8.2 Electrical Engineering Degree Program**

The program in Electrical Engineering has a core-plus-elective structure. The core develops the necessary base in mathematics, the physical sciences, dynamics, thermodynamics, electric fields and circuits, and fundamental professional courses focused on energy conversion and transmission, electronics, materials and devices, communications, and control systems. At the conclusion of the program, a graduate will have acquired both the knowledge and experience necessary to design and engineer practical electrical and electronic systems to solve real-world problems. To support that outcome, the final year includes a significant, industrially relevant, capstone group design project, in addition to control systems, and communication systems as core requirements, with the remaining program based on electives. A certain level of specialization is possible through the selection of elective courses offered in the final year. In addition, the Department offers recognized Focus Areas in Power and Energy Systems, Communication Devices, Engineering Physics, and Biomedical, as described in Section 4.8.4.

The student’s program must include six credit hours of complementary studies electives. Courses in engineering economics, technical writing, and ecology, technology and society are compulsory.

Students are encouraged to consult with the department for model four-year and five-year programs. Students are strongly encouraged to follow the model programs when possible, as timetabling and course offerings are based on these.

**Preliminary Engineering Program**

All degree programs within the Faculty of Engineering consist of a common first-year known as the Preliminary Engineering Program. For information on the preliminary program, please refer to Section 4.2.

PHYS 2386 Introduction to Quantum Mechanics and Special Relativity 3

PHYS 2650 Classical Mechanics 1 3

PHYS 3220 Medical Physics and Physiological Measurements 3

NOTES:
1. Course continues through both terms with credit given upon completion.

2. The complementary studies electives can be any course at the 1000 level or above from either the faculties of Arts or Management. However, ARTS 1110 (formerly 099.111) Introduction to University may not be used for credit in the Faculty of Engineering.

3. A minimum of 3 electives are required from Group A; the other 4 electives may be taken from either Group A or B unless the student completes a Focus Area.

4. The Department of Electrical and Computer Engineering does not guarantee that all elective courses will be offered every session or that it will be possible to fit courses into all of the many possible timetable combinations of students taking the programs. The term in which an elective course is offered is specified each year in the online timetables on the Department website. There may be a maximum limit set on the number of students allowed to take a particular elective in a session. Similarly, there may be a minimum limit and if registration is below the minimum, the elective will be cancelled and those registered will be required to transfer to another elective before the deadline date for course changes.

5. Students are urged to discuss their program of courses with members of the instructional staff before the end of their third year to obtain advice concerning the best choice of electives for their needs.

6. The natural science elective course is to be chosen from a list of courses approved by the Department.

7. Requires permission of the Department.

8. Students who do not complete ECE 3730 are required to have taken both ECE 3710 and ECE 4240.

9. Students must complete one Qualified Engineering Design technical elective. Please see:
http://umanitoba.ca/ece/curr_students/undergraduate.html

4.8.3 Computer Engineering Focus Areas

Students wishing to pursue more focused studies in a Computer Engineering subject/research area have the choice of doing so through a recognized Focus Area. Courses taken towards a Focus Area take the place of some of the Technical Electives required in the Computer Engineering program.

Computer Networks and Communications Focus Area

ECE 4260 Communication Systems
CNC Elective
CNC Elective
CNC Elective
All of the above courses plus 2 technical electives required

Computer Networks and Communications (CNC) Electives (choose 3)

ECE 4250 Digital Communication
ECE 4520 Simulation and Modelling
ECE 4540 Wireless Networks
ECE 4870 Computer Communication Networks
COMP 3010 Distributed Computing
COMP 4140 Introduction to Cryptography and Cryptosystems
COMP 4580 Computer Security

Embedded Systems Focus Area

ECE 4150 Control Systems
ES Elective
ES Elective
ES Elective
All of the above courses plus 2 technical electives required

Embedded Systems (ES) Electives List (choose 3)

ECE 4180 Introduction to Robotics
ECE 4440 Computer Vision
ECE 4610 Biomedical Instrumentation and Signal Processing
ECE 4740 Digital System Implementation
ECE 4850 Modern Computing Systems
COMP 3020 Human-Computer Interaction 1
COMP 4140 Introduction to Cryptography and Cryptosystems
COMP 4580 Computer Security

Software Engineering Focus Area

ECE 4260 or ECE 4150
COMP 3350 Software Engineering 1
SE Elective
SE Elective
SE Elective
All of the above courses plus 1 technical elective required

Software Engineering (SE) Electives (choose 3)

ECE 3750 Systems Engineering Principles 2
ECE 4530 Parallel Processing
COMP 3010 Distributed Computing
COMP 3020 Human-Computer Interaction 1
COMP 3380 Databases: Concepts and Usage
COMP 4350 Software Engineering 2
4.8.4 Electrical Engineering Focus Areas

Electrical Engineering Focus Areas

Students wishing to pursue more focused studies in an Electrical Engineering subject/research area have the choice of doing so through a recognized Focus Area. Courses taken towards a Focus Area take the place of some or all of the Technical Electives required in the Electrical Engineering program. See http://umanitoba.ca/ece/curr_students/undergrad/ee-focus-areas.html for a detailed description of each area and the courses required.

Power and Energy Systems Focus Area

Requirements:
To complete the Power and Energy Systems Focus the four prescribed courses must be taken. One of the three Power and Energy Systems Technical Elective courses must also be taken. To complete the program requirements two additional courses must be selected from the elective courses listed in the Electrical Engineering Standard Program (Section 4.8.2).

Prescribed Power and Energy Systems Courses

- ECE 3650 Electric Machines
- ECE 4300 Electrical Energy Systems 1
- ECE 4370 Power Electronics

One additional course from the list of Group A Qualified Design Elective Courses found in the Electrical Engineering Standard Program (Section 4.8.2).

Power and Energy Systems Technical Electives

- ECE 4140 Power Transmission Lines
- ECE 4310 Electrical Energy Systems 2
- ECE 4360 High Voltage Engineering

Communication Devices Focus Area

Requirements:
To complete the Communication Devices Focus the three prescribed courses must be taken. Two of the five Communication Devices Technical Elective courses must also be taken. To complete the program requirements two additional courses must be selected from the elective courses listed in the Electrical Engineering Standard Program (Section 4.8.2).

Prescribed Communication Devices Courses

- ECE 4270 Antennas
- ECE 4290 Microwave Engineering
- ECE 4250 Digital Communications for ECE 4830 Signal Processing 2

Communication Devices Technical Electives

- ECE 4250 Digital Communications
- ECE 4280 Engineering Electromagnetics

Biomedical Focus Area

Requirements:
To complete the focus area, students are required to take a total of six courses as indicated below. Of these, four replace general technical electives and one is in place of the Natural Science Elective in the Electrical Engineering program (the 6th course is over and above the basic course requirements for the EE program). To complete the program requirements three additional courses must be selected from the technical electives listed in the Electrical Engineering Standard Program.

- ECE 4580 Optoelectronics
- ECE 4830 Signal Processing 2
- ECE 4860 Design of RF Devices and Wireless Systems

Biomedical Group A Elective Courses: (1 Required)

- ECE 4860 Biomedical Optics
- PHYS 3220 Medical Physics and Physiological Measurement
- PHYS 4300 Microfluidics for Biology
- CHEM 2370 Biochemistry 2: Catabolism, Synthesis, Information Pathways

Biomedical Group B Elective Courses: (Choose at most 1)

- BIOL 1412 Physiology of the Human Body
- Mbio 1220 Essentials of Microbiology
- BIOE 3320 Engineering Properties of Biological Materials
- BIOE 4610 Design of Assistive Technology Devices
- CHEM 1310 Introduction to Physical Chemistry
- CHEM 2210 Introduction to Organic Chemistry 1: Structure and Function
- CHEM 2360 Biochemistry 1: Biomolecules and Introduction to Metabolic Energy

Engineering Physics Focus Area

Requirements:
In the standard Electrical Engineering program, seven Technical Elective Courses and one Natural Science Elective are required. To complete Engineering Physics focus area, students are required to take a total of seven courses as indicated below, including the four prescribed Engineering Physics courses. Three further courses must be taken from the list of Engineering Physics Elective courses. To complete the program requirements a course must be selected from the technical electives listed in the Electrical Engineering Standard Program (Section 4.8.2).

Prescribed Engineering Physics Courses
Engineering Physics Technical Elective Courses (3 required)

ECE 2160 Electronics 2E Cr. Hrs. 5
Characteristics of integrated circuits and transistors; design of DC and AC amplifiers in the steady state. Prerequisite: ECE 2262.

ECE 2220 Digital Logic Systems Cr. Hrs. 5
Boolean algebra and logic primitives, net-work simplification techniques, physical realizations, number systems and codes; analysis and design of asynchronous and synchronous sequential circuits; applications to computation, measurements, and control. Prerequisite ENG 1450

ECE 2240 Numerical Methods for Electrical Engineers Cr. Hrs. 4
Numerical methods applied to Electrical Engineering problems; mathematical models of physical systems, solutions of linear and non-linear equations, numerical differentiation and integration methods and associated errors, introduction to solution analysis. May not be held with MATH 2120. Prerequisites ECE 2262, COMP 1012, MATH 2132

ECE 2262 Electric Circuits Cr. Hrs. 4
The application of circuit concepts; network theorems and formal methods, steady state analysis, frequency and transient response, application of the Laplace transform in the analysis of linear time-invariant networks. Prerequisite: [ENG 1450. Pre- or corequisite: MATH 2132 or [MATH 2100 and MATH 2110].

4.9.1 Electrical and Computer Engineering Course Descriptions-3000 Level

ECE 3010 Elements of Electric Machines and Digital Systems Cr. Hrs. 4
Introduction to elementary concepts in ac circuits, electric machines, and digital sub-systems. Topics include electrical impedance, capacitors, inductors, electric motors, logic gates, decoders, multiplexing, flip flops, registers, microprocessor structures, I/O and data acquisition. Not available to students in Electrical or Computer Engineering. Prerequisite ENG 1450, MATH 2132, and a year class designation of Year 3 or Year 4.

ECE 3540 Advanced Circuit Analysis and Design Cr. Hrs. 4
Application of the Laplace Transform in the analysis of linear time-invariant networks, poles, zeros and frequency response; natural frequencies; general network theorems; two ports; energy and passivity; transmission lines; time and frequency domain. Prerequisite: ECE 2262 (or ECE 2260) and MATH 3132 (or MATH 3100).

ECE 3580 Foundations of Electromagnetics Cr. Hrs. 4
(Formally ECE 2130) Fundamental laws of field theory; Maxwell's equations in integral and point form. Prerequisite: ECE 2240, PHYS 2152, and MATH 3132 (MATH 3100).

ECE 3590 Electromagnetic Theory Cr. Hrs. 4
Maxwell's equations; plane electromagnetic waves; transmission line theory; electromagnetic radiation and introduction to antennas. Prerequisite: ECE 3580 (or the former ECE 2130.)

ECE 3600 Physical Electronics Cr. Hrs. 4
Basic solid state theory; properties of semi-conductors; principles of metal-semiconductor junctions, p-n junctions and transistors; optoelectronic processes. Prerequisites: PHYS 2152 or (PHYS 1070) and MATH 3132 or (MATH 3100), and ECE 3670.

ECE 3610 Microprocessing Systems Cr. Hrs. 4
Fundamentals of microprocessors and microcomputers; data flow; machine programming; architectures and instructions sets; stacks, subroutines, I/O, and interrupts; interfacing fundamentals; designing with microprocessors. Prerequisite: ECE 2220.

ECE 3650 Electric Machines Cr. Hrs. 5
Continuation of ECE 3720, including steady state and transient performance and introductory power systems theory. Prerequisite: ECE 3720

ECE 3670 Electronics 3E Cr. Hrs. 4
Continuation of ECE 2160, including device models, feedback, regulators, frequency effects, oscillators, and bistability and gates. Prerequisite: ECE 2160.

ECE 3700 Telecommunication Network Engineering Cr. Hrs. 4
This course will introduce modern concepts in telecommunications, including LANs, WANs, telephone networks, wireless and mobile networks, and Internet networks. Focus will be on design engineering, and management of networks, and on network programming for client server architectures. Prerequisite: COMP 2140.

ECE 3720 Electric Power and Machines Cr. Hrs. 4
(Required) Principles and applications of electric power, energy conversion and machines. Prerequisite: ECE 2262.

ECE 3730 Principles of Embedded System Design Cr. Hrs. 4
This course will introduce students to the design and implementation of embedded systems. Topics include introduction to UML and data structures, A-to-D, D-to-A, serial bus architectures, embedded computing, bus-based computer systems, program design and analysis, networks, and hardware-software co-design. Prerequisites: ECE 2160, ECE 3610 and (COMP 1010 or COMP 1012).

ECE 3740 Systems Engineering Principles 1 Cr. Hrs. 4
