

## Student Printing at the School of Art

All students shall pay a \$20 fee at the start of the fall term for MacLab desktop printing and photocopying. The \$20 will be applied as printing credits and these will expire at the end of the winter term on April 30 every year, unless you are taking courses in the Spring and Summer term, and you pay the fee for that term before April 30<sup>th</sup>.

Those needing to print during the Spring and Summer term will need to pay a \$10 fee which will be applied as printing credits, and these will expire on August 25 every year.
