**From Cultural Capital to Culture Capital: Understanding the impact of changes to our cultural climate** is a partnership conference between the University of Umea, Sweden, and the University of Manitoba to be held October 4 & 5 at the UofM. The conference offers an opportunity to explore 'cultural capital' from many different disciplinary perspectives. The definitions of 'culture' and 'capital' can be broadened to include research in topics that contribute to an understanding of how culture is shaped, changed and used in defining who we are physically, socially, economically, psychologically, etc. Please contact [huntk0@cc.umanitoba.ca](mailto:huntk0@cc.umanitoba.ca) to get an emailed copy of the complete CFP. **Deadline** to submit paper proposal is August 25.
