Student Responsibility and Academic Integrity

Disruptions due to excessive talking or early departures from the classroom are especially distracting in large classes. Please be considerate and respectful of the needs and rights of others in the class. Students should be aware that persistent disruption may result in debarment from the course. Any student who has a legitimate reason for leaving class early should inform the instructor at the beginning of class.

NOTE:

- You must notify me **before** the test if you must be absent.
- Please provide a note from a medical professional or counseling professional to confirm that you were unable to write a test at a particular time.
- For Test I, Make-up tests must be completed within one week of the original date. For Test II, make-up tests must be completed before classes end on December 3. Responsibility for initiating a make-up test lies with the student. Make-up tests will be scheduled at **one time only**, to be determined by the teaching assistant.
- Failure to complete any test or the class assignment will result in a mark of zero for that test or assignment.
- Students are not permitted to re-schedule tests regardless of scheduling “overload” with examinations or assignments in other courses.
- Any student who submits an assignment that the professor suspects is plagiarized must submit to an oral exam based on the material in the assignment. Should the professor find that the paper is plagiarized as a result of this examination, the student will face immediate disciplinary action (please see Academic Integrity)

Cheating is a serious offense with grave consequences. Students should acquaint themselves with the University’s policy on plagiarism, cheating, exam personation, (“Personation at Examinations” (Section 5.2.9) and “Plagiarism and cheating” (Section 8.1)) and duplicate submission by reading documentation provided at the Arts Student Resources web site at : <http://www.umanitoba.ca/faculties/arts/student/index.html>. Ignorance of the regulations and policies regarding academic integrity is not a valid excuse for violating them.

The Faculty of Arts also reserves the right to submit student work that is suspected of being plagiarized to Internet sites designed to detect plagiarism

Unclaimed term work disposal: Any term work that has not been claimed by students will be held for four (4) months from the end of the final examination period for the term in which the work was assigned. At the conclusion of this time, all unclaimed term work will become property of the Faculty of Arts and be destroyed according to FIPPA guidelines and using confidential measures for disposal.

November 12th, 2014 is the final date for Voluntary Withdrawal without academic penalty.
