4. An essay test on Weber, written in class on Wednesday, December 5th, worth 20% of the final grade.

Students can expect to receive their assignment or test grades 10 days after the due date of the test or assignment.

## GRADING SCALE

Your work is being evaluated on a letter grade system, not on a point system that is converted to a letter grade. The main benchmarks for the grade ranges can be described as follows:

D/F= an answer which is factually weak, faulty analysis, and very poor organization.

C= an answer which is mostly complete in terms of facts but suffers from poor analysis, organization and integration. Knowing the facts is a good start, but only a beginning.

B= answer is factually accurate and mostly complete as well as organized and integrated.

A= answer factually complete, well organized, sophisticated analysis which demonstrates a good degree of comprehension.

Make-up tests or late assignments except for legitimate reasons (e.g., illness as attested by a medical certificate) will be reduced by one half grade.

Voluntary Withdrawal Date: November 19, 2018.

Note: Students should acquaint themselves with the University's policy on plagiarism, cheating, exam personation, ("**Personation at Examinations**" (**Section 5.2.9**) and "**Plagiarism and cheating**" (**Section 8.1**)) and duplicate submission by reading documentation provided at the Arts Student Resources web site at [http://umanitoba.ca/faculties/arts/student\\_rescources/student\\_responsibilites\\_integrity.html](http://umanitoba.ca/faculties/arts/student_resources/student_responsibilites_integrity.html) . Ignorance of the regulations and policies regarding academic integrity is not a valid excuse for violating them.

Any term work that has not been claimed by students will be held for four (4) months from the end of the final examination period for the term in which the work was assigned. At the conclusion of this time, all unclaimed term work will become property of the Faculty of Arts and be destroyed according to FIPPA guidelines and using confidential measures for disposal.
