Discussion Group Assignments

In the second week of the course, the class will be divided into groups. The group to which you are assigned will remain the same for the remainder of the course. Every two or three weeks, you will be given a question or series of questions which your group will discuss and provide a written answer. The material to assist you in developing your answers will come from the required reading and the lectures. One person in the group will record the answer and submit it to the instructor at the end of class. The person responsible for recording the group’s answer will rotate every week. It will be the responsibility of the recording person to mark down which individuals are present for that week’s assignment.

For each assignment all students in the group will be given the same mark. Your total mark for this component of the course is worth 15% of your final mark and will be based on your best 3 marks out of the 4 assignments. If you miss a week, you will be given a zero for that week’s assignment. There will be no make-ups for group writing assignments. All members of the group are expected to participate in the development of the best answer for the assignment. Note that nobody’s mark will be **lowered** as a result of the discussion group results.

The dates of the discussion groups will be: January 25, February 13, March 1, April 1
