Outbreak Notification Process for Educational Institutions

Please note: Preceptors, Students and Educational Institutions should be checking the Shared Health COVID19 outbreak updates website before attending any ward/placement [https://sharedhealthmb.ca/covid19/providers/covid-19-outbreaks/](https://sharedhealthmb.ca/covid19/providers/covid-19-outbreaks/)

1. Outbreak occurs on a ward/unit at a Shared Health Facility.
2. Unit Manager contacts supervising Preceptor/CEF regarding outbreak. Preceptor/CEF contacts students who may have been exposed letting them know OESH will contact them and provide instructions on whether to self-monitor/self-isolate.
3. Preceptor/CEF notifies the main point contact at the educational institution their learners are from. Rady FHS key contact- Raman Dhaliwal (raman.dhaliwal@umanitoba.ca)
4. Main point contact at the educational institution (Raman Dhaliwal) fans the message out to all programs where learners may have been impacted and confirms students have been contacted and directed to OESH. Regular updates on outbreaks can be found at this link at any time. [https://sharedhealthmb.ca/covid19/providers/covid-19-outbreaks/](https://sharedhealthmb.ca/covid19/providers/covid-19-outbreaks/)
5. OESH contacts students for risk assessment to determine degree of exposure and provides guidance, including need to self-isolate and self-monitor.
