1. This report includes:
 - (a) all distance education credit hours, including Independent Study, on-line courses, and group-based study;
 - (b) all courses taught off-campus with stipend from other than faculty, college, or school resources;
 - (c) all courses taught through remote-learning.
 This report excludes:
 - (d) courses at or above the 6000 level, as these are associated with graduate programs;
 - (e) credit hours declared as "Challenge for Credit".
2. Due to rounding, some totals may not match the sum of the individual department, or faculty/college/school figures.
3. An asterisk (*) indicates that the number of credit hours were below 100 in either year. Changes in faculties/colleges/schools containing fewer than 100 credit hours can show abnormally large differences, therefore these are not reported.
4. As a result of the COVID-19 pandemic, comparisons to other years should be made with caution as figures may not be comparable.
5. Winter Term reports are based on data extracted as at March 1. Because Winter Term 2022 started three weeks later than usual, an adjusted date of March 21 was used for that term.
6. The Department of Native Studies changed its name to the Department of Indigenous Studies, effective January 1, 2022.
7. The Department of Geological Sciences changed its name to the Department of Earth Sciences, effective July 1, 2021.
8. Beginning in Fall Term 2021, credit hours include all University College of the North Cohort Nursing courses as the University of Manitoba becomes the primary institution of record.
9. Increase in credit hours in the College of Pharmacy due to the transition from B.Sc. Pharmacy to PharmD program, beginning in Fall Term 2019.
10. The Department of Chemistry has transitioned most courses with embedded laboratories to for-credit laboratory courses, effective Fall Term 2021.
