

University of Manitoba Security Services Monthly

May 2024

UM SAFE APP

UM Safe is an essential tool that sends safety alerts and provides instant access to campus safety resources. The app includes features such as “Work Alone” and “FriendWalk”, as well as a Mobile BlueLight feature similar to the stationary blue lights on our campuses.

Some of the app features involve interaction with Security Services, and some will be optional — while other features have no interaction with Security Services.

Used by hundreds of higher education institutions and millions of people around the globe, the app was developed by App Armor and is custom branded for the U of M.

The free mobile safety app for students, staff, and faculty is available for iPhone (App Store) and Android (Play Store) devices.

The Mobile BlueLight button will only contact Security Services when the person is within the campus Safe Walk boundaries. If outside of the Safe Walk boundaries, the Mobile BlueLight notification will go to 911.

BIKE SECURITY

Security Services continues to receive reports of bike thefts and attempted thefts at both the Fort Garry and Bannatyne campus. In an ongoing effort to reduce bike thefts on campus, Security Services continues to patrol bike racks frequently and respond as quickly as possible to reports of suspicious individuals around bike racks.

If you ride your bike to the University of Manitoba there are steps that you can take to keep your bike safe. U-locks are the most effective devices for preventing bicycle theft. Its efficient design and solid construction makes it difficult to defeat by pry bars, hammers and bolt cutters. We suggest you buy the best U-lock that you can afford.

BE PROACTIVE

HOW TO LOCK YOUR BIKE

- » Park your bike at a designated bike rack on campus
- » Place the U-lock around the frame and attach it directly to the bike rack
- » For additional security use a cable to secure the front and rear wheels as well as the fork
- » Take anything easily removable like lights, cyclometers, seat and bags with you when you leave

In addition to the tips provided above, the University of Manitoba currently offers 18 secure bike lockers located across the Fort Garry Campus, providing a personal, weather protected and secure enclosure for storing your bicycle. Bike lockers are available to the University of Manitoba community in terms of up to one year. Lockers are available on a first come, first served basis.

More information on the bike locker program can be found on the Office of Sustainability web page, located at:

CAMPUS SECURITY STATISTICS APRIL 2024

Suspicious

It is essential that the university community is comfortable and feels safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.

Responded to 82 Suspicious Calls

Safe Walk/Safe Ride

Safe Walk and Safe Ride is a free service in which Security Services staff will meet and walk you or give you a ride to/from your car, class, residence room, or bus stop. If you do not feel comfortable walking on campus, Security Services would be happy to assist you.

61 Safe Walks Completed / 4 Safe Rides Completed

Medical Emergencies

Security Services responds to all medical emergencies on campus. Sometimes Security Services staff are the first to respond to an emergency. They also play a key role in guiding the emergency responders to the correct building and room. **13 Medical Emergencies**

Parking Services

Security Services works closely with Parking Services at the University of Manitoba. Security Services staff helped Parking Services in the following way:

1 Call for service

Access

Everyday Security Services helps students and staff who want access to buildings or rooms. Security Services staff must alter daily operations to assist with unscheduled door openings. **188 Unscheduled Access Requests**

Alarms

Security Services responds to all safety and security alarms on campus, for example, Fire, Code Blue, Elevator, Emergency Phones and Panic Alarms.

Response to 218 Alarms
